

# ST. JOHN'S UNIVERSITY

## **Cost Share Requests: IDC Recovery (Facilities & Administrative Costs: F&A)**

For all proposals requesting or mandating cost share inclusion, the university requires that the School/Unit indirect cost recovery (IDC) will first be used to cover such expenses. If the sponsor prohibits the use of IDC as a cost share, then the School/Unit can use their existing IDC/Overhead accounts to cover the request. If the cost share request exceeds the School/Unit's ability to match, the remaining expense will be covered by the PI/PD IDC/Overhead account. If the request exceeds both, the School/Unit and PI/PD recovery amount, or, there is not enough funding currently in those accounts, the university central administration will then review each request, and on a case by case basis will determine if the university shall cover any remaining cost share request.
