Subject: Law School Student Emergency Fund
Importance: High

THE BELOW MESSAGE IS SENT ON BEHALF OF THE LAW SCHOOL STUDENT EMERGENCY FUND COMMITTEE

Dear Student,

I am writing on behalf of the St. John's Law School Student Emergency Fund Committee. We have reviewed your application and will be awarding you a grant in the amount of **\$1,000** to help you meet your urgent financial needs. *[If maximum award of \$1,000 has been granted; if less than \$1,000, remove the following sentence]* With this award, you have received the maximum per student amount for the 2021-2022 academic year.

If you are set up to receive direct deposit funds from the University, you can expect to receive this grant within 3-5 business days of this message. Note this grant may need to be reported when filing future state and federal tax returns; please retain all records for your tax preparer.

The Committee has received a number of applications and has made this decision assessing the immediate need demonstrated by applicants in light of the finite funds available. We know that this decision will likely not remedy all of your financial concerns, but we hope that it will provide some near-term relief from your most pressing ones.

Sincerely,

The Law School Student Emergency Fund Committee

Melissa Kubit Angelides
