

Enterprise is the largest car rental company in North America and arguably the world. We are a \$9 billion company with more than 878,000 vehicles in our rental and leasing fleet, more than 64,000 employees and over 6,900 locations in the U.S., Canada, Germany, the United Kingdom and Ireland.

Everyday at Enterprise isn't so much like a workday as it is an MBA crash course. At Enterprise, you'll gain valuable and highly marketable skills in every aspect of business management from sales and marketing and developing a staff to customer service and accounting. Yet, we're not all business all the time. Enterprise is also a tight knit culture, where great people really enjoy each other's company both in and outside of work.

### **Job Profile**

Our Internships play an integral role in the success of Enterprise and are a comprehensive introduction to our Management Training Program. For a college student, real-world professional business experience can put you above the rest when you enter the job market.

From day one as a paid intern with Enterprise, you'll learn what it takes to run a successful business and acquire highly marketable skills and experience pertaining to every aspect of operating a business. And it's learning by doing, not by getting coffee or filing all day. Our college interns take on the same challenges as our first and second year full-time professionals. It's a team-based environment where the Enterprise employees are supportive and fun to work with.

When you join our Management Internship Program, you'll acquire highly marketable skills and experience pertaining to every aspect of running a successful business. You'll soon discover that every day is different because it is filled with so many new, exciting, rewarding and often unexpected challenges. There is one consistent aspect, however - everyday, you'll learn more about sales/marketing, customer service, business management, and administrative skills than you ever thought possible.
