The Summer Rome Program manages housing through several residences in Rome for accommodation off-Campus.

Please be advised that the Summer Rome Program does not own any on or off-campus residences, but it has a special arrangement to offer to students affordable rates in nice, comfortable and well-equipped apartments quite close to our Rome Campus.

All the apartments provide most of the amenities to which U.S. students are accustomed.

Rates range from \$900 up to \$2500 per month, per person.
