Intermediate Accounting I (ACC 2371)

Why not take this required course and develop your global business expertise at the same time!
Travel for 8 days to London and Brussels during the Spring 2015 intersession with Dr. Joseph Trainor. Site visits will include European businesses as well as organizations such as the International Accounting Standards Board (IASB), the European Commission, and the European Central Bank. Course topics focus on accounting principles and procedures, financial statement preparation and accounting control. This classroom course at the Queens campus in Spring 2015 will allow you to learn core concepts in class and apply them to real world businesses in Belgium and the United Kingdom.

Course Prerequisite: ACC 2338  
Credit Hours: 3 credit hrs.  
Travel Dates: May 18-28, 2015

Program Fee: This program is the Dean’s Fellowship program for 2014-15, so each participant will receive a $1,000 scholarship towards the cost of the program! The Program fee, which is subject to change and does NOT INCLUDE AIRFARE, will be approximately $2,650 (price is subject to change), making the net program fee $1,650. The fee includes lodging, some group meals, a full week of business site visits and cultural visits. This does not include tuition, flights, some meals, and personal expenses.
