The St. John’s University Libraries engage in the teaching and learning processes by providing information resources, instructional services and other support in the most effective formats for University programs and student and faculty research. Major libraries on three campuses (Queens, Staten Island and Manhattan) support additional collections at the Rome and Oakdale Campuses. St. John’s University School of Law separately maintains the Rittenberg Law Library on the Queens campus. Together these libraries contain the equivalent of nearly 1 million volumes (books, periodicals, government publications, digital and other media materials) which support the undergraduate and graduate programs of the University. Cultural and recreational materials are also available.

The Main Library, renovated in 2008, is a selective depository for United States government documents, and houses Special Collections, the University Archives, Instructional Materials and Media Centers, and a teaching technology center. The Main Library also oversees the Chin Ying Asian Library located in the Sun Yat Sen Center building.

The Loretto Memorial Library on the Staten Island campus houses over 130,000 volumes, a digital teaching lab, and collaborative learning space.

The Davis Library on the Manhattan campus is internationally recognized as one of the finest collections of contemporary and historical insurance and risk management materials.

The Libraries provide onsite access to study space and to books and journals in traditional formats. Ever increasing numbers of digital resources, including e-books and mobile applications, are available locally and remotely to authenticated University users, including those at our global campuses and in our online learning programs. On campus and virtually, subject specialist librarians provide discipline specific research support and instruction appropriate to graduate study. Cooperative arrangements with other libraries guarantee regional, national and international access to materials.

Academic Service-Learning

As an added means of fulfilling its Mission The Office of Academic Service-Learning (AS-L) was founded in 1995. It is now a part of the Vincentian Institute for Social Action (VISA). VISA was launched by the University to more visibly embed St. John’s Catholic and Vincentian mission into the educational experience of its students. VISA provides an organizational focus for a variety of new and ongoing programs through which faculty and students can work together to explore the causes of and develop solutions for poverty and social injustice throughout the world.

Using Academic Service-Learning, faculty engage students in serving in the community to fulfill the learning goals and objectives of their courses. The service is used as a means for students to better understand course concepts. Reflection activities tie together what is learned in the classroom to the service performed in the community. While reflecting on their service experience, students are also able to gain insight into how their service in the community fulfills the St. John’s mission as a Catholic and Vincentian university.

Academic Service-Learning can be incorporated in both graduate and undergraduate courses across all disciplines and at all campuses, as well as in courses taught globally and online. For further information on Academic Service-Learning contact Lynn Stravino, Director, at (718) 990-7902 or stravinl@stjohns.edu.

Student Consumer Information

The following is a summary of the Student Consumer Information that is available to students. Please refer to stjohns.edu/policies for additional and the most up to date student consumer information.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They include the right to: (1) inspect and review educational records; (2) request an amendment to these records; (3) consent to disclosures of personally identifiable information in these records; (4) restrict disclosure of information designated as directory information that may be released without consent of the student; and (5) file a complaint with the U.S. Department of Education for alleged failure by St. John’s University to comply with FERPA requirements. Information regarding FERPA is located at stjohns.edu/about/administrative-offices/operations/division-student-affairs/student-handbook/chapter-6-policies-and-procedures.

FERPA provides that “Directory Information” may be released to any person without the written consent of the student, unless the student has requested that such information not be disclosed. For further information go to stjohns.edu/about/administrative-offices/operations/division-student-affairs/student-handbook/chapter-6-policies-and-procedures.

Guidelines Determining Eligibility for Students with Disabilities

- St. John’s University students requesting accommodations for a disability must present documentation of the disability to the Student Life Administrator on the appropriate campus for verification of eligibility.
- The evaluation must have been completed by a qualified, certified and/or licensed professional (physician, health care provider, psychologist/psychiatrist) who has experience with an adolescent and adult population. The professional’s credentials must appear on the documentation and the documentation must be dated within three years of the request for accommodation.
- The Evaluator must include in the test report evidence that instruments selected are reliable and valid for use with an adolescent or adult. Documentation of impairment alone may not be sufficient to require that the student be provided a reasonable accommodation. It must be demonstrated that the impairment rises to the level of a disability according to the Americans with Disabilities Act. For example, the impairment must substantially limit or restrict a major life activity as compared to the average person in the general population.
- The Student Life Administrator will review the documentation and the request for accommodation will be determined. When necessary, specific academic units will be consulted regarding the accommodation requested. If the presented documentation is sufficient the student will meet with the Student Life Administrator regarding appropriate accommodations at St. John’s University.
- A student having dissatisfaction with the decision for accommodation granted, has the right to appeal the decision in accordance with the University’s “Policy Against Discrimination and Sexual Harassment and Related Grievance Procedures.”
- The Student Life Administrator may be contacted regarding specific documentation required or for explanation of this policy.

All documentation will be kept confidential in accordance with legal requirements and should be submitted directly to:
