

## SUCCESS AND SERVICE

When **LaQuan Martinez '16CPS**, a public relations major, transferred to St. John's University in Fall 2013, he was unsure whether it was the right decision for him. "My experience at St. John's has been more than positive," he said. "I transferred from my community college because I felt that I could receive more from a university and St. John's has proven that I could." After getting involved on campus with his fraternity, Sigma Pi, on the St. John's Dance Team, and as a

transfer student ambassador, LaQuan reflected, "I no longer have any doubts about the choice that I have made. St. John's is my home, and I wouldn't trade it for anything."

"The journey of a thousand miles begins with a single step," LaQuan said. "If not for St. John's, I wouldn't have received my summer internship at Target."

## SCHOLARSHIPS

St. John's strives to put a college degree within the financial reach of each student. During the 2013–2014 academic year, 96 percent of St. John's students received \$474 million in aid through scholarships, grants, work-study programs, and loans. All transfer students to St. John's are considered for **transfer scholarships**, which **range from \$5,100 to \$15,000 annually**. Phi Theta Kappa members are also eligible for an additional annual scholarship in the amount of \$2,000.

We offer a **transfer distinction award** for up to \$15,000 in tuition discount if the transfer admission criteria are met and the student has earned, or will earn, an associate degree from a community college before enrolling. As long as the student remains continuously enrolled as a full-time undergraduate student in good academic standing, the award will be renewed for the next two or three years. All transfer students are considered for an academic scholarship or the transfer distinction award.

## THE WORLD AT YOUR FINGERTIPS

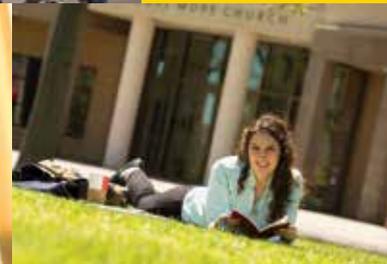

Transferring to St. John's University means opening the door to a world of opportunities. Our New York locations provide students with professional and cultural opportunities 24 hours a day, seven days a week, while our locations in Rome, Italy, and Paris, France, make studying abroad easy for transfer students. Those who are not sure they want to study abroad can get their feet wet with our Global Passport Program, which allows transfer students to spend two weeks living, learning, and serving in Rome or Paris while completing one of their St. John's courses.

Full-time transfer students also receive a laptop computer, which they can use to access the wireless network in our New York, Rome, or Paris locations. Students can e-mail professors, access our web resources and libraries, keep up with Red Storm athletics, or surf the St. John's YouTube channel.

## TRANSFER STUDENT ADVISING

At St. John's, we pride ourselves on recognizing the hard work of all our transfer students. Our transfer credit policy allows us to accept up to 90 credits toward your degree. The Transfer Student Services Office, available on our Queens campus, and the academic deans on the Staten Island campus, work to expedite your credit evaluation, admission decision, and financial aid award offer. In addition, we will contact you to discuss your credits and how they apply to your major. You will know right away how long it will take to complete your bachelor's degree at St. John's, all while taking advantage of state-of-the-art facilities, internships, and, of course, our study abroad programs in Rome and Paris!

You can do it all here at St. John's.

ST. JOHN'S ENROLLS MORE THAN 800 TRANSFER STUDENTS PER YEAR.
