Purpose

The purpose of the University’s Seed Grant/Venture Capital Fund Program is to provide support for the development of projects and programs that have the potential to attract substantial external grant support to the University. The University’s Seed Grant/Venture Capital Fund Program will provide financial support for projects and programs which further any one or more of the University’s basic missions—education, research and/or public service. Interdisciplinary and collaborative efforts are especially encouraged. Recipients of support from this internal grant competition will be required to submit an external grant application within six months following the period for which support is received. All full-time faculty and administrators are eligible to apply for Seed Grant/Venture Capital Fund support. Faculty who receive University Summer Stipends Grant Awards remain eligible to receive support from the Seed Grant/Venture Capital Fund Program.

Amount of Awards

Individual awards will generally not exceed $5,000 per twelve-month award period with a maximum of $10,000 to be awarded to any one recipient or project during the year. Salary support will generally not be provided for faculty or administrators. Salary support at an hourly wage may be requested for student employees; however, Graduate Fellowships and Assistantships will not be provided from this fund. Grant support may be used for supplies, small equipment purchases, consultant costs, travel directly relating to proposal development (e.g., to establish a collaboration or to meet with funding agency representatives) or other appropriate non-personnel costs.

How to Apply

Applicants are required to submit an application form, proposal narrative, and budget. A copy of the application cover form is provided with this announcement. An electronic version can be forwarded at your request. Please contact Adrianna Berlingerio at berlinga@stjohns.edu or extension 6276. Proposal narratives should be typed or word-processed and should not exceed 6 double-spaced pages. Proposals must contain the following:

1. a general discussion of what you intend to accomplish within the period of the Seed Grant/Venture Capital fund; and, specifically, how it contributes to the major external grant proposal that you plan to submit;
2. the importance of, or need for, the proposed program or project;
3. Identification of those agencies, foundations or other organizations to whom an external grant request will be made at the conclusion of the University grant.
4. A budget and budget justification. See last page of this application for a suggested budget outline.
