This is your official guide to academic policies and regulations at St. John's University. Students are required to familiarize themselves with this bulletin. Primary responsibility for knowing and fulfilling all requirements rests on every individual student. The bulletin in effect at the time of admission or readmission governs degree requirements.

The University administration reserves the right, whenever advisable (1) to change or modify its schedule of tuition and fees and (2) to withdraw, cancel, reschedule or modify any course, program of study, or degree, or any requirement in connection with any of the foregoing.

Consistent with the University's mission as a Catholic, Vincentian and metropolitan institution of higher education, the University does not discriminate on the basis of race, religion, color, national or ethnic origin, age, sex (including sexual harassment and sexual violence), sexual orientation, gender identity and gender expression, marital status, citizenship status, disability, genetic predisposition or carrier status, status as a victim of domestic violence or status in the uniformed services of the United States (including veteran status) or any other protected category under applicable local, state or federal law in admission, treatment or access to its programs or activities, or in administering its educational policies, admissions policies, scholarship and loan programs, athletics and other institutionally administered programs or activities generally made available to students at the University and with respect to employment at the University. This statement of nondiscrimination is in compliance with Title IX of the Education Amendments of 1972, Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, the Age Discrimination Act and other applicable federal, state and local laws and regulations relating to nondiscrimination. In accordance with these laws, the University also prohibits retaliation against anyone who has complained about discrimination or otherwise exercised rights guaranteed under these laws. In addition, the University continually strives to fulfill its educational goals by maintaining a fair, humane, responsible and non-discriminatory environment for all students and employees. All University policies, practices and procedures are administered in a manner which preserves its rights and identity as a Catholic Vincentian institution of higher education.

The following person has been designated to handle student inquiries regarding the Americans with Disabilities Act and the Amendments Act, the Rehabilitation Act, and related statutes and regulations: Dorothy Schmitt, Associate Director of the Counseling Center, Marillac Hall, Room 130, 8000 Utopia Parkway, Queens, NY 11439, schmittd@stjohns.edu; 718-990-6867.

The following person has been designated to handle inquiries regarding the University’s policy against discrimination and harassment and to serve as the Title IX coordinator for purposes of overall campus compliance: Yael Wepman, Director of Diversity, Employee Relations and Compliance, Office of Human Resources, 8000 Utopia Parkway, Queens, NY 11439, wepmany@stjohns.edu; 718-990-2660.

The following person has been designated deputy Title IX coordinator for the Office of Student Affairs: Jackie Lochrie, Associate Dean for Student Services, Bent Hall, Garden Lvl-Judiciary Suite 17C, 8000 Utopia Parkway, Queens, NY 11439, lochriej@stjohns.edu; 718-990-6568.

Inquiries concerning the application of anti-discrimination laws may be referred to the Title IX coordinators or to the assistant secretary of the United States Department of Education, Office for Civil Rights. For additional information concerning the U.S. Department of Education, please call: 1-800-421-3481, or visit: http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm

USE OF THE NAME OF ST. JOHN'S UNIVERSITY
Students of St. John's University, either individually or collectively, shall not, without the written consent of the proper authorities, use the name of St. John's University or any of its units in any activity of whatsoever kind outside of the regular work of the school. Violation of this rule is regarded as sufficient cause for dismissal.
Please note: A complete version of the Undergraduate bBulletin can be found at our Web site: stjohns.edu/bulletins.

Included on the site are the University’s mission and vision statements, complete sections of all schools and colleges with full course descriptions, historic dates, study abroad programs, special and opportunity programs, financial aid, student support services, administration of the University, campus facilities and directions.
### 2017 Fall Semester

#### August
- **30**  **Wednesday**: Fall semester begins.

#### September
- **2**  **Saturday**: University Closed–No Classes.
- **4**  **Monday**: Labor Day–University Closed. No Classes.
- **6**  **Wednesday**: Monday Classes Meet
- **8**  **Monday**: Last day to submit a diploma application (via UIS) for September 2017 degree conferral.
- **15**  **Friday**: Last day to submit a diploma application (via UIS) for September 2017 degree conferral.
- **19**  **Tuesday**: Last day to drop a class (without transcript notation.)
- **20**  **Wednesday**: Withdrawal period begins.
- **29**  **Friday**: September 2017 degree conferral date.

#### October
- **9**  **Monday**: Columbus Day–University Closed. No Classes.

#### November
- **1**  **Wednesday**: All Saints’ Day–University Closed–No Classes.
- **7**  **Tuesday**: Last day to withdraw from classes or to apply for Pass/Fail option.
- **21**  **Tuesday**: Wednesday Classes Meet
- **22**  **Wednesday**: No Classes.
- **23-25**  **Thursday-Saturday**: Thanksgiving Recess University Closed–No Classes.

#### December
- **7**  **Thursday**: Study/Snow Day No Classes.
- **8**  **Friday**: Feast of the Immaculate Conception–University Closed. No Classes.
- **9**  **Saturday**: Saturday classes held.
- **11-16**  **Monday-Saturday**: Final Exam Week.

### 2018 Spring Semester

**January**

- **1**  **TBA**: Makeup examinations. Permission of the Dean is required.
- **8**  **Monday**: Last day to submit diploma application (via UIS) for January 2018 degree conferral.
- **15**  **Monday**: Martin Luther King Jr. Day–University Closed. No Classes.
- **17**  **Wednesday**: Spring semester begins.
- **23**  **Tuesday**: Last day to drop/add classes. All registration ceases.
- **31**  **Wednesday**: January 2018 degree conferral date.

**February**

- **6**  **Tuesday**: Last day to drop a class (without a transcript notation.)
- **7**  **Wednesday**: Withdrawal period begins.
- **19**  **Monday**: Presidents’ Day University Closed. No Classes.
- **20-26**  **Tuesday-Monday**: Spring Break-No Classes.
- **28**  **Wednesday**: Monday Classes Meet.

**March**

- **29-Apr. 2**  **Thursday-Monday**: Easter Recess–University Closed–No Classes.

**April**

- **4**  **Wednesday**: Last day to withdraw from classes or apply for Pass/Fail option.

**May**

- **1**  **Tuesday**: Study/Snow day–No Classes.
- **2**  **Wednesday**: Study/Snow day–No Classes.
- **3-9**  **Thursday-Wednesday**: Final Exam Week
- **11**  **Friday**: Last day to submit diploma application (via UIS) for May 2018 degree conferral.
- **19**  **Saturday**: Staten Island Commencement
- **20**  **Sunday**: Queens Commencement

### 2018 Spring Weekend College Session

Queens and Staten Island campuses. (Check Web at stjohns.edu for details.)

- **January**: 19, 20, 26, 27
- **February**: 2, 3, 9, 10
- **March**: 2, 3, 16, 17, 23, 24
- **April**: 6, 7, 13, 14, 27, 28
- **May**: 4, 5 (Final Exams)

### 2018 Fall Semester

#### September
- **3**  **Monday**: Labor Day University Closed–No Classes.
- **5**  **Wednesday**: Fall semester begins.
- **11**  **Tuesday**: Last day to drop/add classes. All registration ceases.
- **14**  **Friday**: Last day to submit diploma application (via UIS) for September 2018 degree conferral.
- **25**  **Tuesday**: Last day to drop classes. (without transcript notation)
- **26**  **Wednesday**: Withdrawal period begins.
- **28**  **Friday**: September 2018 degree conferral date.

#### October
- **8**  **Monday**: Columbus Day–University Closed. No Classes.
- **9**  **Tuesday**: Thursday Classes Meet.

#### November
- **1**  **Thursday**: All Saints’ Day–University Closed. No Classes.
- **12**  **Monday**: Last day to withdraw from classes or to apply for Pass/Fail option.
- **21**  **Wednesday**: No Classes.
- **22-24**  **Thursday-Saturday**: Thanksgiving recess. No Classes.

#### December
- **8**  **Saturday**: Feast of the Immaculate Conception–University Closed. No Classes.
- **12**  **Wednesday**: Study/Snow Day–No Classes
- **13-19**  **Thursday-Wednesday**: Final Exam Week.

### 2018 Fall Weekend College Session

Queens and Staten Island campuses. (Check Web at stjohns.edu for details.)

- **September**: 7, 8, 14, 15; 21, 22, 28, 29
- **October**: 12, 13, 19, 20; 26, 27
- **November**: 9, 10; 16, 17, 30
- **December**: 1, 14, 15 (Final Exams)
- **Friday night classes will be held on study day.**
New Freshman Admission

Admission is determined by the applicant’s previous academic performance, satisfactory achievement on standardized tests (where applicable), letters of recommendation and other factors that suggest academic potential and motivation. To apply for admission, students must provide the following documents:

- Completed application for undergraduate admission
- Official high school transcripts for all secondary schools attended
- Official standardized test scores, including SAT or ACT scores (where applicable)

Students applying to the Pharmacy program are also required to provide signed technical standards, an essay, and two letters of recommendation including one from a math or science teacher.

Applicants with high school equivalency diplomas (based on the General Education Development tests) are considered for admission. They must submit an official copy of the GED scores and diploma for admission consideration.

The Committee may require a student to have a personal interview as part of this admission process.

All applicants who have been out of school for more than one semester are required to include a statement of activity explaining their activities since their last attendance in school.

It is recommended that first-year applicants to the University complete the following course requirements upon graduation from high school:

- English 4 credits
- Social Studies/History 4 credits
- Mathematics 3 credits
- Science 3 credits

Students interested in The Peter J. Tobin College of Business are encouraged to complete four credits of mathematics.

New York State home-schooled students must submit a letter of substantial equivalency from the Superintendent of Schools. Home-schooled students must submit a final copy of their academic transcript from a State-recognized Home School Agency and a letter from the local school district verifying graduation upon enrolling at the University.

Alternatively, home-schooled students may provide official GED scores and transcript to satisfy enrollment requirements. Students home-schooled outside of the United States must submit a NACES member evaluation.

The Office of Admission reserves the right to request additional documentation and to waive certain requirements as part of the admission process.

Test Optional Admission

Qualified students applying for freshman admission can choose whether or not to submit ACT or SAT scores as part of their application for admission. Applicants who apply test-optional will be evaluated based on their overall academic record, including grades earned in academic course work, performance in honors and Advanced Placement courses. In addition, other factors will include letters of recommendation, co-curricular activities, community service, and other achievements.

International students, home-schooled students, US citizens who have attended an international secondary school, students applying to select majors, and prospective student athletes may not be eligible to apply test optional. The Office of Admission reserves the right to require standardized test scores of any applicant as part of the admission process.

Application Deadlines

The University operates on a rolling admission basis with the following early action deadlines for fall admission.

- Early Decision: November 1
- Early Action: December 1
- Applications received after February 1 will be reviewed on a rolling admission basis.

Applications for spring admission are accepted on a rolling admission basis.

Pharm.D. Major

- Early Decision: November 1 (first year students)
- Early Action: December 1 (first year students)
- Regular decision: February 1 (first year students)
- Regular decision: March 1 (transfer students)

All applications and supporting documentation must be postmarked by December 1 for the Early Action deadline, by February 1 for the regular decision deadline, and March 1 for a transfer student deadline for fall entry.

International students applying to the Pharm. D. program are required to submit official SAT or ACT scores for admission.

Bio-Optometry

*First-year students interested in Bio-Optometry are considered for admission into the Biology major at St. John’s University. Qualified applicants will be contacted by the Deans Office in St. John’s College of Liberal Arts & Sciences to complete the application for process for SUNY College of Optometry.
International Student Admission

Qualified international students are eligible for admission to all undergraduate programs of the University. Such candidates must have superior academic records, and show proof of English language proficiency if their native language is other than English.

The Office of Admission reserves the right to request additional documentation and to waive certain requirements as part of the admission process.

Upon acceptance into the University, all F1 and J1 students must provide documentation to the International Student and Scholar Services Office (ISSSO), so that an I-20 or DS-2019 can be issued for the student to apply for a visa.

Freshman Applicants: A formal application must be submitted along with the following credentials:
- Official academic records and/or official certificates from the Ministry of Education or secondary school
- Official examinations results, if taken, directly from the examining board
- Demonstrate English proficiency by submitting score reports for the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS) or SAT or ACT score reports
- SAT or ACT score reports are required for students wishing to compete at the NCAA level, and for students applying to the Pharmacy program (Pharm D), Actuarial Science, 3 year programs, Speech Pathology, Bio-Optometry. The University reserves the right to require SAT or ACT scores for additional programs as necessary
- SAT or ACT scores are required if the applicant’s entire high school education is completed in the U.S. and/or their native language is English.
- It is strongly encouraged that a letter of recommendation from an advisor and a personal statement or essay is submitted.
- Students who are home-schooled outside of the U.S. need to submit a NACES member evaluation.

International Transfer Applicants: A formal application must be submitted along with the following documents:
- Official university/post secondary school records
- Course-by-course evaluation from a National Association of Credential Evaluation Services (NACES) approved agency
- Official academic records or official certificates/results from the Minister of Education or secondary school
- Official examination results, if taken, directly from the examining board
- Letter explaining activities if the student has been out of school for one semester or more
- Score reports for the Test of English as a Foreign Language (TOEFL) or international English Language Testing System (IELTS)
- SAT or ACT score reports are required if wishing to compete at the NCAA level.
- Course-by-course evaluation from a National Association of Credential Evaluation Services (NACES.org) approved agency.
- Transfer students applying to programs offered by The Peter J. Tobin College of Business or College of Pharmacy and Health Sciences must submit a World Educational Services (wes.org) course-by-course evaluation.
- Freshman and Transfer applicants who are academically admissible, but have not demonstrated satisfactory English proficiency, may be conditionally admitted through The Language Connection (TLC). Upon successful completion of the full-time non-credit intensive English program, students will continue at the University and begin taking credit classes leading to a degree program.

Transfer Student Admission

A transfer student is considered a student that graduated from high school and enrolled at another college or university after high school graduation. If a student attended another college or university as a non-matriculated student they are still considered a transfer student.

External Transfer Students

Applicants must be in good academic standing at their current institution and present evidence of such during the admission process. Candidates are encouraged to submit their application by August 1 for the fall semester and December 1 for the spring semester.

The deadline to apply to the Pharmacy program as a transfer applicant is March 1 for the fall semester. Transfer applications are not accepted for the Pharmacy program for the spring semester.

Applicants admitted with transfer credit must satisfy the requirements of the University for residence and for graduation. (See “Residence” in the Academic Information and Regulations section.)

A student transferring from another college or university needs to present the following:
- A completed transfer application and official college transcripts.
- If an associate degree was not completed, the student must also provide a final high school transcript with graduation date.
- A letter explaining interim activities if the student has been out of school for one or more semesters.

It is the policy of the University to deny admission to an applicant who has been dismissed from another institution for academic or disciplinary reasons.

The Office of Admission reserves the right to request additional documentation and to waive certain requirements as part of the admission process.

Re-Admission Policy

St. John’s University students who have not been in attendance at St. John’s University for a semester or more, and have not attended another college or university in the interim may be considered as candidates for re-admission. Eligible students must submit the following information:
- Completed re-admission application
- Official final high school transcript with date of graduation.
- Students who have taken courses at another institution after leaving St. John’s are required to apply as a transfer applicant to be considered for admission to St. John’s.

Pre-College Opportunity Programs

College Advantage Program (Queens and Staten Island Campuses)

The University’s commitment to academic excellence is manifested through its College Advantage Program. It provides qualified students a concurrent enrollment in their high school and college credit-bearing courses from the University. This program is offered to qualified juniors and seniors during the academic year.

Specific courses are offered in the Social Sciences, English, Mathematics, Language, Fine Arts, and Science disciplines. The credentials of the teachers and the course outlines from the high school are approved by the St. John’s University chairs prior to student enrollment.

1. The program provides students with an opportunity to earn college credit while still in high school, benefiting the high achieving student to be further motivated and get a “head start” on college.

2. The program provides reduced tuition costs to students and parents, and serves as an assessment of a student’s ability to do college level work.

Students in this program are permitted to enroll in approved University courses but are not officially admitted to the University and therefore not considered for federal student and/or state aid purposes.

The office is located in St. John Hall, Room 216. For information contact the office at 718-990-6565.

Early Admission Program (Queens and Staten Island Campuses)

Early Admission is a collegiate program designed to provide an opportunity for qualified students to complete their freshman year of college at the University upon the successful completion of the high school curriculum through the 11th grade level. These students enter as fully matriculated freshmen who earn credits toward a college degree and also satisfy the high school requirements to receive a diploma. A separate application,
high school transcript noting six semesters, a letter of recommendation from the high school principal/guidance chair and a personal interview with an administrator from the Office of Admissions and Special and Opportunity Programs are required. Parents are encouraged to be involved in this process.

At the conclusion of the freshman year, results of the student’s performance are sent to the high school to become a part of the permanent record. Since the student will have fulfilled the requirements of the high school, the student will then receive the agreed upon high school diploma.

In addition to being monitored by a Special and Opportunity Programs Administrator, the student is assigned an advisor for the unit in which the student is enrolled. Students who enroll in the University through this program are not eligible for federal aid during their first year or until their high school diploma is conferred.

The office is located in St. John Hall, Room 216. For information contact 718–990-6565.

Scholars Program
(Queens and Staten Island Campuses)
The Scholars Program is designed for qualified high school students to pursue a limited program of collegiate studies by enrolling in courses on-campus. A special application process is conducted in the spring of the student’s junior year of high school. A high school transcript of the first six semesters, exceptional standardized test scores, a letter from the student’s principal and/or guidance counselor, and a signed form from the parent is required. Students are permitted to enroll in two St. John’s University courses in the summer session and one course in the fall and spring semesters. The student will receive full college credit for the course taken and receive a St. John’s University transcript. A copy of this transcript is also sent to the high school. If admitted to the program, a nominal tuition cost is required for each course enrolled.

For admission to the Scholars Program, the student must meet the following criteria:
• Demonstration of potential for college work as determined by the student’s high school transcript through junior year and a recommendation from the principal and/or guidance counselor
• Motivation and maturity as proven by an on-campus interview
• Approval by the Office of Admissions and Special and Opportunity Programs Administrator

Students enrolled in this program are permitted to take University courses while still in secondary school but are not officially admitted to the University and therefore not considered for federal and/or state aid purposes.

The office is located in St. John Hall, Room 216. For information contact 718–990-6565.

Enrollment Requirements

Freshmen requirements:
Applicants must submit:
• Official final high school transcript, including date of graduation
• Proof of Graduation
• Official copy of SAT / ACT
• GED scores and diploma (if applicable)
• Other documents as required by the University

Home-School and Online High School Requirements:
• Students must submit a final copy of their academic transcripts from a State Recognized Home School Agency
• New York State home-schooled students must submit a letter of substantial equivalency from the Superintendent of Schools or a GED diploma and transcript
• Students home-schooled outside of New York State must submit a letter from the local school district or state of residency verifying graduation or a GED diploma and transcript.
• Other documents as required by the University

Transfer Student Requirements:
• Final college transcript
• If an associate degree was not completed, the final high school transcript including graduation date.
• Other documents as required by the University

Application Fee and Deposit
All candidates who have been accepted by St. John’s University must confirm their intention to enroll by submitting a deposit of $300. Students residing on campus must also submit a non-refundable deposit of $400 to secure housing. The $300 and $400 deposit is non-refundable but is credited toward tuition and room and board upon registration. St. John’s University adheres to the National College Enrollment Deposit Day recognizing May 1 as the official deadline for submitting enrollment deposits for the fall semester. *All deposits are non-refundable.

Matriculation Status
A matriculated student is one who is permitted to pursue a specific college program leading to a degree.

A non-matriculated student is one who is not pursuing a degree program at St. John’s University.

Health requirements:
St. John’s University requires a recent physical examination (within one year of admission) including a diphtheria-tetanus booster and a tuberculin skin test.

In accordance with New York State Public Health Law 2165, in order to register at St. John’s, all students must provide the Health Center with proof of immunization to Measles, Mumps, and Rubella (MMR). Those born prior to January 1st 1957 are exempt from this requirement. Proof of immunity must be documented by having received two doses of Measles, and one dose each of mumps and rubella. All immunizations must have been received after 1967 and no sooner than 4 days prior to a child’s first birthday (the two doses of Measles must be a minimum of 28 days apart). We will accept any one of the following as proof of immunity to MMR:
• A copy of your immunization record including actual dates properly documented on an official government/school letterhead-the simplest place to obtain this may be from your most recently attended high school or college.
• A copy of your immunization record including actual dates on physician’s letterhead, which includes a signature, printed name, address, telephone number and license number.
• Have a blood test to confirm immunity. Please note a copy of the lab report must be attached to our immunization form.

In addition, St. John’s University is in compliance with New York State Public Health Law 2167, which mandates ALL students to be given information about meningitis disease and vaccine against meningococcal meningitis. The law requires you must respond to this notification within 30 days by returning the completed response form.

Students will not be able to register and attend classes unless the Office of Student Health Services is provided with adequate proof of immunization to MMR and a completed Meningitis response form.

*Notification to candidates begins on or about January 1.

Accident and Sickness Insurance
The University makes available health insurance to all students through University Health Plans. This insurance allows students to be covered for illness and accidents.

The University requires all international students holding F1 and J1 Visa and all resident students to have adequate health coverage.

F1 and J1 Students: All F1 and J1 students will be automatically provided with and charged for health insurance each semester. The mandatory charge for the insurance will be added to the semester invoices, which is due and payable with the tuition and fee charges.

Resident Students: Resident students who have not waived the University-provided insurance will be automatically provided and charged for this health insurance. The charge for this insurance will be added to the semester
Students are considered in attendance until they officially withdraw from school or are requested to do so by a Dean. Students who leave school voluntarily or drop a course must do so through the proper channels or otherwise risk assuming full tuition charges. Students who fail to formally withdraw may also be responsible for repaying all or part of the financial aid funds received in the term.

Please consult your Dean for additional details or questions regarding this withdrawal process.

Please also see p.10, “Officially Notifying the University of a Withdrawal from Class” and “Withdrawing from Class.”

* Tuition refund percentages will be announced in June for the Fall semester and in January for the Spring semester. Please refer to the University webpage under Tuition for up to date information.

Withdrawal from classes could affect your cost of attendance for financial aid purposes. Please contact the Office of Student Financial Services for details.

Complete Your Registration

Students must pay their tuition and fees in full before registration can be completed. Students can access their eBills via St. John’s University Information System (UIS).

For information on payment options, please visit stjohns.edu/admission-aid/tuition-and-financial-aid/payment-options or contact the Office of Student Financial Services.

Students having no payment due or a refund due must complete their registration process by confirming registration for the semester via UIS by going to the “View/Confirm Term Bill” section.

Withdrawal from Courses and Tuition Refunds

A student who wishes to withdraw from a course must complete a Change of Program Form and have it signed by the appropriate Academic Dean. The date of withdrawal shall be computed from the date the student completed and signed the Change of Program Form.

Withdrawal from courses may entitle the student to a credit of tuition. This policy refers only to tuition. Fees are not refundable.

A withdrawal from courses may also affect the student’s eligibility for financial assistance. Students who are recipients of federal Title IV funds and who withdraw prior to the 60% point in the term are subject to a recalculation of Title IV aid eligibility and will have to return or repay unearned Title IV funds. Eligibility for all other institutional, state and external awards will be determined on an individual basis.

Students should allow an appropriate length of time from the date of filing a Change of Program with the Dean for refund claims to be approved, processed and for checks to be mailed or direct deposits transferred.

Students will not be entitled to a refund until all federal Title IV programs are credited and all outstanding charges have been paid.

Expenses

All fees and the entire tuition for each semester are due and payable in full before registration can be completed. All payments must be made by check or money order payable to St. John’s University or by credit card. American Express, MasterCard, VISA and Discover are currently accepted by the Office of Student Financial Services, or the Office of Enrollment Services on the Staten Island campus.

For those students and parents of students who wish to make tuition payments on a monthly basis, St. John’s University makes available several payment plans. Information regarding these plans can be obtained from the Office of Student Financial Services or at the University webpage under Tuition Information. Please ensure that your student ID is written on all checks to the University. University staff will write student ID numbers on checks when a student has not done so already.

Students whose accounts are in arrears will not be permitted to register for a subsequent semester, issued a diploma or a transcript of record. All past-due balances are charged interest at the rate of 1% per month. Delinquent accounts may be referred to a third party for collection, which will result in the addition of collection costs to the account balance.

All outstanding tuition account balances are educational loans extended with the express understanding that future repayment shall be made to the University. Pursuant to federal bankruptcy law and regulations, such tuition expenses are educational loans that are not automatically discharged in bankruptcy.

Students holding full tuition scholarships are required to pay the General Fee and any other fees required for the courses they are taking.

The University reserves the right to change the schedule of tuition and fees when necessary, but every effort is made to maintain them at the lowest possible level.

* Tuition, fees, and room and board rates will be announced in April of each year. Please refer to the University webpage under Tuition for up to date information.

The University General Fee is charged per semester, which includes the use of athletic facilities, the Center for Counseling and Consultation, Student Health Services, Library, University Career Services, transcripts and registration, and any expenses related to the cost of registration.

The Student Activity Fee per semester supports student organizations in accordance with procedures set by the Student Government.

Individual courses may carry a laboratory or studio fee. Please refer to the course offerings section on the SJU website for specific fee information.
Major Area of Study

A major is a concentration in one area of study having as its objective the acquisition of knowledge in depth, and complementing the remainder of the curriculum so that the whole will fulfill the institutional objectives while meeting the specific needs of the student. When professional or graduate work is contemplated, some measure of attention is given to the prerequisites of professional and graduate programs.

For information regarding dual degree programs, please contact The Office of Admission.

Approved Programs of Study

Students may only enroll in programs of study officially registered with the New York State Education Department or otherwise officially approved. Enrollment in non-registered or unapproved programs may jeopardize eligibility for certain student aid awards.

Office of the Registrar

The Office of the Registrar is responsible for the accuracy and integrity of the University's official student records. Our chief responsibilities fall into six broad categories: registration; record-keeping; enrollment verifications and transcripts; course offerings; classroom scheduling; and graduation.

The Office of the Registrar facilitates the University course registration process. The office announces the exact dates for registration in advance of each registration period. Continuing students register in October/November for the spring semester and in March/April for the summer and/or fall semesters. Students are expected to see their advisors before registering. All students should bring a student advisement report to their advising appointments. Advisors will provide their students with Priority Registration Numbers, which are needed to register.

Once they have their Priority Registration Number, students may select and register for classes online through St. John's University Information System, UIS.

E-Bills are sent to students after each registration period. Financial services representatives are available year-round to assist students in satisfying their financial obligation to the University. Registration is not complete until payment is made, and the University reserves the right to drop a student from an individual class or from his or her entire program if payment is not made by the due date.

Students may change their registration with the approval of their Dean. While registration is in progress, students should make changes via UIS. Students are not permitted to enroll in a class after the late registration period is over.

Students who wish to withdraw from a class must obtain the approval of their Dean. Students who fail to withdraw officially remain academically liable for the class. The professor will submit whatever grade is deemed appropriate based on the student's attendance and participation.

In addition to allowing students to register and to view grades online, St. John's makes a wealth of information available to students online via UIS, accessible through the University's web portal. Forms related to processes such as adding and dropping classes, requesting permission to study outside the University, and transferring from one school to another are also available through UIS. Students are encouraged to consult the University web site and the Office of the Registrar site on a regular basis. For the University site, go to: stjohns.edu. For the Office of the Registrar site, go to: stjohns.edu/academics/office-registrar.

Registration and Liability

With the exception of first-semester freshmen and certain students in “block” programs of study, students at St. John’s select their own classes via the St. John’s University Information System (UIS).

Once you register for a course, St. John’s considers your registration as a clear indication of your intention to attend that class.

When you complete your registration, you are fully liable for your registration both academically and financially. You must notify us officially if you will not attend St. John’s after your registration is complete.

Complete Your Registration

Students must pay their tuition and fees in full before registration can be completed. Students can access their eBills via St. John’s University Information System (UIS). For information on payment options, please visit stjohns.edu/admission-aid/tuition-and-financial-aid/payment-options or contact the Office of Student Financial Services. Students having no payment due or a refund due must complete their registration process by confirming registration for the semester via UIS by going to the “View/Confirm Term Bill” section.
Students may not withdraw the application in writing to the Office of the Registrar. If you decide not to proceed with the transfer, you must officially request to withdraw the application in writing to the Office of the Registrar.

Internal Transfers
Matriculated undergraduate students may qualify for transfer to another undergraduate degree program in the University by meeting the general scholastic requirements of a particular college or school. Students wishing to transfer from one University college or school to another must complete the Internal Transfer Request Form via UIS. Students wishing to transfer from one degree program to another within the same college (change his/her major) must seek approval from the Dean's Office but do not need to complete the Internal Transfer Request Form.

If a student who applies for an internal transfer decides not to proceed with the transfer, s/he must officially request to withdraw the application in writing to the Office of the Registrar.

Credit Hour Guidelines
All St. John’s University degree and certificate programs are approved by the New York State Education Department (NYSED). Therefore, all courses and degree programs at the University must comply with Section 50.1 (o) of the New York State Commissioner of Education Regulations (highered.nysed.gov/ocue/lrp/rules.htm).

The University’s method for awarding credit for courses in degree and certificate programs follows NYSED guidelines, which are based on the U.S. Department of Education’s definition of credit hour. The U.S. Department of Education definition of a credit hour can be found at ifap.ed.gov/dpcletters/attachments/GEN1106.pdf.

Each School Dean is responsible for ensuring that his or her School establishes, maintains, and follows appropriate procedures and protocols for assigning credit hours. The procedures and protocols must meet these minimum guidelines:

- Each School must maintain procedures, written and web-accessible, pertaining to the assignment of credit hours for all courses offered, regardless of the format or modality of instruction. This includes but is not limited to traditional lectures, individual voice or music instruction, online courses, and any other offering that can result in earned credit.
- Each School must document that its procedures provide for the assignment of credit hours for each course the School offers based on the following criteria:
  - Stated objectives for student learning, including (but not limited to) acquisition of content knowledge, key competencies, (such as skill in oral or written communication), or analytic reasoning skills;
  - Hours of instruction proposed for the course; and
  - Hours of supplementary assignments and student effort that are anticipated to take place outside the classroom. Hours of anticipated student effort outside the classroom can include estimated time spent on reading, writing, laboratory or studio assignments, preparation for examinations, etc.

Grading System
A letter system is used in assigning grades for courses, and these quality points are given for each grade:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A–</td>
<td>3.7</td>
</tr>
<tr>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>B–</td>
<td>2.7</td>
</tr>
<tr>
<td>C+</td>
<td>2.3</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>C–</td>
<td>1.7</td>
</tr>
<tr>
<td>D+</td>
<td>1.3</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>0</td>
</tr>
<tr>
<td>ABF</td>
<td>0</td>
</tr>
<tr>
<td>ABX</td>
<td>0</td>
</tr>
<tr>
<td>AU Audit</td>
<td>0</td>
</tr>
<tr>
<td>P Passing</td>
<td>0</td>
</tr>
<tr>
<td>UW Unofficial Withdrawal</td>
<td>0</td>
</tr>
<tr>
<td>WD Withdraw</td>
<td>0</td>
</tr>
<tr>
<td>X Failure, No Penalty</td>
<td>0</td>
</tr>
</tbody>
</table>

Notes:
- The grade P is assigned to students whose application for the “Pass–Fail” option is approved and who do passing work. Undergraduates approved for the “Pass–Fail” option who do failing work are assigned the mark X. Undergraduates approved for the “Pass–Fail” option who miss their final examinations are assigned the mark of ABX.
• Undergraduates not exercising the “Pass–Fail” option who miss their final examinations are assigned the mark of **ABF**. This grade counts in the GPA as an F.
• The mark of **WD** (withdrawal) is assigned upon the completion of the official withdrawal process.
• The mark of **UW** (unofficial withdrawal) is intended for students who either never attended class or who stopped attending so early in the semester that there is insufficient or no basis for assigning an earned grade. Students who attended class throughout the semester cannot receive a UW. Students may not request this mark.
• The mark of **AU** (audit) is assigned to students whose application for the audit option is approved. Students auditing a class receive no credit for it. Courses taken on an audit basis may not be repeated for credit.

### Computing the Grade-Point Average (GPA)

**Grade Point Average Hours (GPA Hours):**
GPA hours are credit hours used to calculate student’s GPA. Only credits with standard letter grades are included in GPA hours, including F and ABF grades. P, X, ABX, UW, WD, AU grades are not included in GPA hours.

**Credits Earned** are credit hours awarded to the student for successful completion of academic course work.

**Credits Attempted** are the number of credit hours attempted by a student, except for audited courses and those from which the student has been officially dropped.

**Total Quality Points** are computed by multiplying the quality points of the grade in a class by the credit hours of the course. Example: A B in a three-credit undergraduate course would generate 9.0 quality points.

For each semester’s work, a semester’s grade-point average is computed as follows:

- **B** = 3.000 x 3 (credits) = 9.0 quality points
- **A** = 4.000 x 4 (credits) = 16.0 quality points
- **A** = 4.000 x 7 (credits) = 28.0 quality points

The sum of all quality points earned is divided by the total number of GPA hours. For example:

- **53 Quality Points = 3.785 GPA**
- **14 GPA hours**

Please note that graduate schools, law schools, medical schools, and others typically recalculate the GPAs of applicants according to their own criteria.

### Advanced placement credit and/or transfer credit are not computed in the cumulative grade-point average.

**Example:** If a student presents 120 credits for graduation, eight credits of which are for Advanced Placement or transfer credit, the cumulative grade-point average is computed on 112 credits. However, grades of all courses taken by students, including internal and external transfer students, will be calculated in the index for honors at graduation. In no case shall the honor conferred be higher than that which would have been earned solely on the computation of the St. John’s grades.

### Repeat Grade Replacement for Failing Grades

This one-time grade replacement policy applies only to undergraduate courses in which the student initially enrolled in, during or after the Fall 2015 semester. It is the student’s responsibility to register for a repeat course once they have received the appropriate Dean’s office or advisor’s permission.

A current undergraduate matriculated student may repeat an undergraduate course at St. John’s in which a grade of F was received. While both the failing grade and the repeat grade will appear on the student’s transcript, only the most recent grade will be used to compute the cumulative GPA. A discontinued course may not be repeated by substitution of a “comparable” course.

**A repeated course:**

- **Must be taken at St. John’s University and in the same grading mode (i.e. conventional letter grade) as the original course.**
- **A conventional course with a failing grade cannot be repeated as an independent study course.**
- **Must be taken within four academic years of the course failure.**
- **This one-time-repeat grade replacement policy will not allow students who have previously been dismissed from a particular program/major to be reinstated.**
- **Grades of all courses, including repeated F grades, will be calculated in the index for honors for graduation.**
- **Exception:** Any final course grade of F that was received as a result of a University disciplinary action due to academic dishonesty or any other infringement against the University’s Academic Honor Pledge will remain on the student’s transcript and will be calculated into the cumulative GPA regardless of a subsequent course repeat. In this case, the grade for the repeated course will also be factored into the cumulative GPA.

### Impact of Policy on Financial Aid

- **For Financial Aid Satisfactory Academic Progress (SAP) purposes repeat course credits will be added to the attempted/earned credit totals and both grades will be used in a calculation of the cumulative GPA.**
- **For Academic Scholarships the cumulative GPA measure for renewal purposes will be based on the cumulative GPA with only the most recent grade computed.**
- **It is important to note that renewability also requires students to be in good academic standing and meet SAP requirements.**

### Dean’s List

To qualify for the notation of Dean’s List on a student record, a student must have completed 24 credits within the academic year and achieved a quality point index of 3.4, including courses taken under the Pass-Fail option. The University Registrar is responsible for the notation of Dean’s List on undergraduate student records for all units of the University at their respective campuses.

### Academic Standing

Students are in good academic standing when they are enrolled as matriculated students in a program of study leading to a degree, diploma, or certificate and are making satisfactory progress toward the completion of the program of study.

### Academic Progress or Promotion:

**Credits Completed Class**

Associate in Arts  60
Associate in Science  60
A GPA of 2.0 for all those courses taken, and a GPA of 2.0 for all courses in the major and minor areas are required unless otherwise indicated by your school.

The University conducts one commencement annually. Only students who complete all degree requirements by the end of the spring semester will be eligible to participate in the May commencement exercises. Candidates who satisfy degree requirements during the summer sessions will have their degrees awarded on the last business day in September and will be invited to participate in the May commencement exercises of the following year. Students who complete requirements during the fall semester will have their degrees awarded on the last business day in January and will be eligible to participate in the May exercises.

For graduation with honors, a student must have fulfilled the obligation of conducting himself or herself in a manner compatible with the University’s function as a Catholic institution of higher education and must have obtained the following GPA for all courses:

- Summa Cum Laude  3.85
- Magna Cum Laude  3.70
- Cum Laude  3.50

Students who transfer to St. John’s University must complete at a minimum of 50% percent of the total number of credits required for their degree at St. John’s in order to be considered for honors at graduation.

Grades of all courses taken by students, including internal and external transfer students, will be calculated in the index for honors for graduation. Students enrolled in a Bachelor’s/LL.B. program will be considered for honors for September degree conferral because law school grades are unavailable in time for May commencement. Grades for senior-year courses (first-year law school) will be included in the calculation for honors for the September conferral of degrees. In no case shall the honor conferred be higher than that which would have been earned solely on the computation of the St. John’s grades.

Application for Diplomas
The University confers degrees three times a year: January, May, and September. It holds commencement exercises in May. Students awarded degrees in September and January are invited to attend the May ceremony.

To apply for a diploma, you can access the Application for Diploma through UIS. Please note that your diploma will not be ordered until you have submitted your diploma application online. Applications must be submitted online no later than two weeks prior to Graduation. Certain holds on a student’s account may prevent the ordering of a diploma. Students who have a hold can view their online account for details or contact 718-990-2000 to review.

Residence
Residence is necessary to assure adequate time for the faculty, on whom the responsibility to recommend candidates for degrees rests, to make a judgment concerning the student’s successful completion of degree requirements. This should not be seen merely in terms of degree credits or course requirements. It is a question of judging in view of graduation the breadth and maturity of the student’s development, particularly in its intellectual dimension. Such a judgment is readily made after the student has completed the advanced courses that typically form the academic program of the senior year.

The residence requirement for an undergraduate program at St. John’s University shall be the successful completion of the academic program (approximately 30 credits) of the student’s final two semesters in attendance. The student’s program shall include sufficient evidence of competency in the area of concentration.

Veterans and Their Dependents
Veterans and their dependents should contact the Department of Veterans Affairs regional office in Buffalo, New York for information about educational benefits. The telephone number is (888) 442-4551. The Department of Veterans Affairs also maintains a very useful Web site at the following URL: va.gov.

The Office of Student Financial Services certifies the enrollment of veterans and their dependents for educational benefits.

Regulations on Discipline
Specific regulations for which students are responsible, as well as procedures for processing violations of these regulations, are outlined in the Student Handbook. In all disciplinary situations, the right of students to due process is observed.

Global Studies Programs
Discover the World: Europe
This unique semester takes place in three of Europe’s greatest cities. Students have the opportunity to take 12-18 credits in three five-week modules, one each in Paris, France; Rome, Italy, and Seville, Spain. Focused on the University’s core curriculum, courses include offerings in Languages and Literatures, Philosophy, Theology, and Fine Arts. The program also includes special coursework for Pharmacy students.

Discover France: Paris Semester
The “Discover France” program offers a unique combination of courses intended to introduce students to modern France. Paris, with its storied position as a major center of European intellectual discourse, political power, and artistic expression, is the ideal place for you to begin (or continue) your study of government, literature, the University core, and French language. Advanced language students are encouraged to participate in homestays and internships.

Discover Italy: Rome Semester
Study in St. John’s own campus in heart of the “Eternal City,” centrally located near the Vatican and within easy reach of all the Italian capital’s remarkable monuments. While in Rome, students engage in an in-depth exploration of Italian history, language, and culture; they also integrate the distinctive academic resources of a city that retains visible proof of its millennia-long history, while continuing to be a modern center of art, politics, and commerce. Advanced language students are encouraged to participate in homestays and internships.

Discover Spain: Seville Semester
(Fall Only)
Situated in the capital of Spain’s southern province of Andalucía, the Seville semester program provides a chance to study Spain’s development at the crossroads of Moorish (Islamic) and European cultures. Coursework focuses on the University core and on Spanish language and culture, with offerings in Languages and Literatures, Philosophy. Advanced language students are encouraged to participate in internships.

Exchange Programs
Students interested in full cultural immersion (often within a foreign language context) should consider one of the University’s exchange programs, through which they enroll directly in universities throughout the world. St. John’s University has active agreements with universities in Australia (Australian Catholic University); Chile (PUC-Chile), England (the University of Leicester; Leeds Beckett University); France (Dauphine University); Jamaica, Barbados, and Trinidad and Tobago (the University of the West Indies); Japan (Sophia University); and Sweden (Uppsala University). Semester- and year-long programs are available. Tuition and fees are paid to St. John’s University, and all other costs are paid directly to the host institution.

Winter and Summer Programs for Undergraduate and Graduate Students
Our programs help students re-define their winter intersession or summer break. Through faculty-led, student-focused options, we offer opportunities to engage new cultures as an integrated part of major and/or elective coursework. These unique programs provide the benefits of international, experiential learning while accommodating students with specific academic- or time-related considerations. In addition, many programs
travel during the winter or summer break as part of a full-semester class. For example, Tobin’s Global Destination Courses (GDCs) would focus on content in one of the business disciplines, such as International Business, Marketing, or Accounting during the fall or spring in New York, then engage in related hands-on learning through site visits to top businesses in countries such as Brazil or Ireland, or Italy at the conclusion of the semester. Programs vary each year, so please check our website for the latest details: www.stjohns.edu/globalstudies. In prior years, however, undergraduate and graduate programs—including college-specific offerings from the Tobin College of Business and the School of Law—have studied in locations as diverse as Chile, China, Italy, France, the Galápagos Islands, Guatemala, Moldova, Scotland, South Africa, and Vietnam.

General Entrance Requirements
Currently enrolled and matriculated undergraduate St. John’s University students, as well as undergraduate students from accredited colleges and universities throughout the United States, may apply to St. John’s Global Studies Programs.

Undergraduate applicants are expected to:
1. Have completed at least one year of full-time study (for most programs).
2. Have a minimum 2.75 cumulative GPA for college studies completed.
3. Be in good academic and judicial standing with the university.

In addition, students from other institutions are generally expected to:
1. Submit a completed application form.
2. Provide an official copy of their transcript from their home institution(s).
3. Submit two letters of recommendation, at least one of which should be from a Professor, Advisor, or Dean.
4. Provide written approval from the dean of their home institution.

Graduate Programs
St. John’s offers the following opportunities for graduate study at its Rome Campus:
• Global M.B.A.: Tobin’s M.B.A. curriculum for International Business and Marketing Management may be pursued with study in New York City followed by a full semester in Rome. The global M.B.A. offers opportunities for international internships and GDCs, and provides an educational experience that incorporates research and experiential learning. Students emerge from the program equipped with the tools needed to better understand and grapple with current global business issues. The M.B.A. program with study in Rome is focused on the development of analytical and communication skills along with a global mindset, which is increasingly valued by business executives. The overall curriculum provides students with a well-rounded and broad knowledge base in the chosen functional area of business administration, while adding a layer of exposure to how business is conducted in other parts of the world.
• M.A., Government and Politics: Students interested in International Relations can earn an MA degree fully in Rome, or split between Rome and New York. Pursing the MA in Rome combines rigorous academic study with a global experience. The program prepares students by emphasizing the policy and analytical skills necessary to participate in an array of professional fields. Students learn in the classroom and experientially, participating in internships at UN agencies, non-governmental organizations (NGOs), and embassies;
• M.A., Global Development and Social Justice: This degree gives students a solid foundation in best practices, professional skills and leadership in global development. The program’s mission of social justice and human rights advocacy is grounded in Catholic Social Teaching. Our committed faculty teach and mentor students how to search out the causes of poverty and social injustice and encourage them to explore and identify solutions which are adaptable, effective, and concrete. Though the program is largely online, which offers students the flexibility to pursue in-depth global research in a broad variety of critical development areas, the two-year program begins and ends with residence-based sessions at SJU’s Rome Campus.

For more information on any of our programs—including details on current offerings, financial aid, courses, and admissions procedures—please contact:

Division of Academic Support Services
Honors Program
The University Honors program has the advantages of small classes, innovative teaching, and individualized faculty support for students. Though based in the Core Curriculum, it also offers a substantial number of courses outside the Core and across the schools and colleges of the University. This allows each student to be tailored to a program suitable to the individual major. It is also possible for Honors Program members to do independent supervised research under the guidance of a member of the faculty.

Honors Program students are among the most involved in campus leadership activities. Each semester, its members have the opportunity of attending many events, programs, concerts, and activities. These range from on-campus lectures to performances at the Metropolitan Opera, New York City Ballet, New York Philharmonic as well as, museum visits, parties, receptions, lunches, and the spring student-faculty softball game. The program actively encourages community service, and many faculty members teaching honors courses include Academic Service Learning as a component of the syllabus.

At the end of the academic year, at a special ceremony, the Honors Program awards an Honors Certificate to each student who has completed thirty credits in the program. A special “Honors Program” notation, separate from University honors, appears on the final transcript, as well as on the diploma.

For additional information, contact Dr. Robert Forman or Mr. Robert Pennacchio on the Queens campus 718–990–7554 or by email at honors@stjohns.edu, or Dr. Rachel Hollander on the Staten Island campus at 718–390–4071 or by email at hollanrl@stjohns.edu.

Student Development for Athletes
The Division of Academic Support Services, in collaboration with the Department of Athletics, has developed a comprehensive support and resource program to assist student-athletes in fulfilling their educational and athletic potential. The Student Development for Athletes program provides a wide range of services from the recruiting stage through graduation. Recognized by the National Academic Advising Association (NACADA) as an exemplary practice for its holistic approach to meeting the needs of the student-athlete population, the program focuses on five areas: Academic Support, Career Development, Leadership Development and Recognition, Personal Development and Community Service.

The office is located in Carnesecca Arena, Room 136. For information contact Dr. Nancy S. Kaplan, Associate Provost/Student Development for Athletes Program, at 718-990-1672.

Testing
Through the Testing Center, St. John’s and non-St. John’s students have the opportunity to take tests for academic credit or admission to Law School. A full range of CLEP exams are offered along with LSAT and MPRE exams.

The Testing Center is located in Carnesecca Arena. For information contact Dr. Nancy S. Kaplan, Associate Provost/Student Development for Athletes Program, at 718-990-1672.

Graduate Admission Assistance Program (GAAP)
This program provides assistance to students and recent graduates seeking admission to graduate programs and guidance for applications for prestigious scholarship and fellowship competitions. GAAP also oversees the campus nomination process for fellowships such as Rhodes, Marshall, Fulbright, Goldwater, Truman, and JK Watson.

GAAP sponsors an intensive summer enrichment program for student research with faculty mentoring. GAAP is a resource for students interested in enhancing their academic profiles for graduate programs. GAAP is located in St. John Hall, Room 244H.

For information contact gaap@stjohns.edu. To learn more, visit: http://www.stjohns.edu/about/administrative-offices/provost/graduate-admissions-assistance-program.

College Bound: Liberty Partnerships Program
(Queens Campus)
The College Bound: Liberty Partnerships Program is sponsored by the New York State Education Department and St. John’s University. It is designed to provide supportive services to high school students who are identified as having the potential to pursue a college education but need assistance to complete secondary school.

The program provides a broad range of services designed to increase academic skill development, motivation to succeed, and to foster the personal development of students in the program. These year-round services include: mentor/peer counseling, tutoring, developmental courses, social and enrichment activities, and financial literacy.

The office is located in St. John Hall, Room 132A. For information call 718-990-1374.

Early Admission Program
(Queens and Staten Island Campuses)
Early Admission is a collegiate program designed to provide an opportunity for qualified students to complete their freshman year of college at the University upon the successful completion of the high school curriculum through the 11th grade level. These students enter as fully matriculated freshmen who earn credits toward a college degree and also satisfy the high school requirements to receive a diploma. A separate application, high school transcript noting six semesters, a letter of recommendation from the high school principal/guidance chair and a personal interview with an administrator from the Office of Admissions and Special and Opportunity Programs are required. Parents are encouraged to be involved in this process.

At the conclusion of the freshman year, results of the student’s performance are sent to the high school to become a part of the permanent record. Since the student will have fulfilled the requirements of the high school, the student will then receive the agreed upon high school diploma.

In addition to being monitored by a Special and Opportunity Programs Administrator, the student is assigned an advisor for the unit in which the student is enrolled.

Students who enroll in the University through this program are not eligible for federal aid during their first year or until their high school diploma is conferred.

The office is located in St. John Hall, Room 216. For information contact 718-990-6565.

High School Scholars Program
(Queens and Staten Island Campuses)
The Scholars Program is designed for qualified high school students to pursue a limited program of collegiate studies by enrolling in courses on-campus. A special application process is conducted in the spring of the student’s junior year of high school. A high school transcript of the first six semesters, exceptional standardized test scores, a letter from the student’s principal and/or guidance counselor, and a signed form from the parent is required. Students are permitted to enroll in two St. John’s University courses in the summer session and one course in the fall and spring semesters. The student will receive full college credit for the course taken and receive a St. John’s University transcript. A copy of this transcript is also sent to the high school. If admitted to the program, a nominal tuition cost is required for each course enrolled.

For admission to the Scholars Program, the student must meet the following criteria:

- Demonstration of potential for college work as determined by the student’s high school transcript through junior year and recommendation from the principal and/or guidance counselor
• Motivation and maturity as proven by an on-campus interview
• Approval by the Office of Admissions and Special and Opportunity Programs Administrator

Students enrolled in this program are permitted to take University courses while still in secondary school but are not officially admitted to the University and therefore not considered for federal and/or state aid purposes.

The office is located in St. John Hall, Room 216. For information contact 718–990-6565.

Student Support Services Program (SSS) (Queens Campus)
The St. John’s University Student Support Services Program (SSS) is a federally funded TRIO Program, sponsored in part with the U.S. Department of Education. The primary goal of SSS is to support and encourage low-income, first generation students and those with disabilities to maximize their potential and guide them on a successful path to graduation.

SSS provides academic advising, tutoring, career exploration and financial aid guidance. The SSS program may provide grant in aid to current SSS Participants who are receiving the Federal Pell Grant award and who demonstrate a financial need. SSS also strives to prepare students for post baccalaureate degrees, certificates and/or career opportunities.

Participation in the SSS program is open to students who meet the federal eligibility requirements outlined by the Department of Education. To qualify for the program, students must be a U.S. citizen, a U.S. national, or meet the residency requirements for federal aid. They must also be enrolled or accepted to St. John’s University, have completed an SSS application and interview, and demonstrate a need for educational support.

The SSS program is located in St. John Hall, Room 133. For information, contact 718–990-1371.

Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP)
The St. John’s University Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) is a seven-year project for 650 low-income, predominantly Hispanic and African-American students from schools in northwestern Queens County, New York to address: (1) low student academic outcomes; (2) factors leading to inadequate knowledge of preparing for college for students of color, including lack of understanding about financing college; (3) low post-secondary enrollment, persistence, and completion for students of color; and (4) high instructional needs based on lack of teacher professional development and preparation to teach to common core state standards.

The following fifteen strategic partners join us in this effort: two local educational agencies (the New York City Department of Education at Joseph Pulitzer Intermediate School - I.S. 145 and William Cullen Bryant High School), seven community based organizations (HANAC Community Services Center, Goodwill Industries, the Variety Boys and Girls Club, the Louis August Jonas Foundation, the Center for Science Teaching and Learning, King of Kings Foundation, and the Queens Public Library), one State agency (New York State Higher Education Services Corporation), one college program in addition to St. John’s University (The Consultation Center at Yale University), and three businesses (Mindset Works, The College Board, and TD Bank).

The office is located in St. John’s Hall B13. For more information call 718-990-2532.

New York Gaining Early Awareness and Readiness for Undergraduate Programs (NYGEAR UP)
The St. John’s University New York Gaining Early Awareness and Readiness for Undergraduate Programs (NYGEAR UP) initiative is a six-year project for 400 low-income, predominantly Hispanic and African-American students from schools in northwestern Queens County, New York to address: (1) low student academic outcomes; (2) factors leading to inadequate knowledge of preparing for college for students of color, including lack of understanding about financing college; (3) low postsecondary enrollment, persistence, and completion for students of color; and (4) high instructional needs based on lack of teacher professional development and preparation to teach to common core state standards.

Students are provided with tutoring during and after school, homework help, mentoring, academic and social counseling, exposure to college activities (tours, fairs, summer camps), college awareness workshops, financial literacy workshops, standardized test preparation and dual enrollment programs. Services for parents help them understand that college is important, that it is a viable option for their children, and that there are responses available to financing postsecondary education. The project also provides staff development for the partnership middle and high school teachers and counselors to enhance their knowledge and skills in reaching and teaching all students.

The office is located in St. John’s Hall B13. For more information call 718-990-2532.

Out of School Time Middle School Expansion Program: School’s Out New York City (SONYC)
The St. John’s University OST Middle School Expansion Program serves 130 low-income, predominantly Hispanic and African-American students attending the Vista Academy in Brooklyn, New York. The program is designed to (1) foster academic, social and emotional competencies and physical well being in a safe and nurturing environment; (2) provide opportunities for youth to explore their interests and creativity; (3) build skills that support academic achievement and raise participant expectations and confidence; and (4) cultivate youth leadership and community engagement.

The office is located in St. John’s Hall B13. For more information call 718-990-2532.

Ronald E. McNair Scholars Program (Queens Campus)
The McNair Scholars Program is a federally funded TRIO Program, sponsored in part with the U.S. Department of Education. Named in honor of Dr. Ronald E. McNair, an African-American engineer, scientist and astronaut who met an untimely death in the 1986 space shuttle Challenger accident, it is designed to prepare first-generation, low income-eligible, historically underrepresented students to enroll in graduate study for post-baccalaureate study. Program participants may pursue any field of study leading to a doctorate degree. The ultimate goal of the program is to assist in diversifying college and university faculties. In order to be considered, a prospective scholar must have a minimum GPA of 3.0 and completion of 60–66 credits after the second semester of their sophomore year.

The office is located in St. Augustine Hall, Room 114. For information contact 718–990-5842.

Collegiate Science and Technology Entry Program (CSTEP)
CSTEP is sponsored by the New York State Education Department and St. John’s University. It provides undergraduate students and/or income eligible college students with the opportunity to explore scientific, technical, and health-related professions, CSTEP also provides its participants strong academic foundation necessary to enter the licensed professions. Prospective participants are selected in their freshman or sophomore year.

The office is located in St. Augustine Hall, Room 114. For information contact 718-990-5842.
Science and Technology Entry Program (STEP)
(Queens Campus)

STEP, sponsored by the New York State Education Department and St. John’s University, was established by the New York State legislature in 1986 to assist middle and high school students from racial and ethnic backgrounds historically underrepresented in careers in the scientific, technological, engineering, and mathematical fields and the licensed professions.

This partnership of encouraging students and their parents to strive to achieve a quality education is fostered by Saturday classes during the academic year, tutoring for math and science courses, career and financial literacy counseling for students and parents, as well as educational trips.

The office is located in St. John Hall, Room 216. For information call 718–990-6565 or stjohns.edu/academics/dsop or stepforleaders.org.

Options Program
(Staten Island Campus)

Options is a program administered in conjunction with the Division of Special Programs and the Office of Student Enrollment Services on the Staten Island campus. It provides financial assistance to eligible freshmen who live outside of New York State. It is funded by the Sr. Julia Heslin, Sisters of Charity Scholarship Fund.

For information call 718–390-4351.

St. John’s University consistently strives to place an outstanding higher education within the financial reach of all qualified applicants. During the 2015–16 academic year, the University awarded more than $596 million in federal, state, University and external financial aid funds. More than $244 million of this amount is provided from the University’s own funds in grants-in-aid, scholarships and tuition remissions.

The Office of Student Financial Services—in Bent Hall, on the Queens campus; in the Kelleher Center, Room 116, on the Staten Island campus—is responsible for the administration of all student assistance programs at the University. The professional financial aid staff is available to assist student aid applicants with financial aid advisement.

Financial aid is awarded on the basis of demonstrated financial need assessed by use of a standard financial aid application, currently the Free Application for Federal Student Aid (FAFSA). The FAFSA analysis is designed to assess the family’s financial strength and determine the student’s need for financial assistance by calculating an expected family contribution. The FAFSA’s expected family contribution is subtracted from the student’s total cost of education or budget at St. John’s University. This calculates a student’s financial need. All need-based financial aid is awarded according to a student’s calculated financial need.

All undergraduate students must file the FAFSA to be considered for all need-based aid, including University grants and all federal grants, loans and the work-study program. New York State residents should also apply for the Tuition Assistance Program (TAP) by filing the TAP application.

Continuing undergraduate students who filed a request for aid in the prior school year must file for financial aid via the Renewal FAFSA in order to be considered for all sources of financial aid. Continuing students who are New York State residents should also file a TAP application.

The cost of education or budget for a typical full-time dependent commuter student is the total of current tuition and fees, books and supplies, transportation, personal expenses and home maintenance. For self-supporting independent students and dependent students residing apart from their parents, the average budget is the total cost of current tuition and fees, books and supplies, transportation, personal expenses, off-campus room and board. The Office of Student Financial Services may change the amounts of the “other educational costs” included in the cost of education when deemed necessary. Students can review their cost of attendance online via their UIS account.

After reviewing a student’s FAFSA needs analysis report and subtracting the expected family contribution from the student’s cost of education budget, the University determines the student’s financial need. This is used to prepare a “financial aid package” outlining the state, federal and St. John’s University funds available for the student in the form of gift assistance (grants or scholarships), loan assistance and/or work-study opportunities.

The Office of Admission awards University academic scholarships to eligible students, provided eligibility criteria are met (see section entitled “University Scholarships”). A scholarship applicant may file the FAFSA and TAP application if he or she would like to be considered for need-based aid.

Students filing the FAFSA should be sure to designate St. John’s University, Federal School Code #002823, as a recipient of the needs analysis information.

The University’s annual financial aid application priority deadline date is December 15. Students should file the FAFSA form as soon as possible after October 1. New York State residents should file the TAP application as well as the FAFSA so that eligibility for New York State aid might be determined. The TAP application will be mailed to the student by New York State after the FAFSA is processed. Both forms must be filed on an annual basis.

Late financial aid applicants may not receive maximum aid consideration.

New York State Math and Science Teaching Incentive Program

The New York State Higher Education Services Corp. announces the New York State Math and Science Teaching Incentive Program. This is a competitive award program to increase the number of middle and secondary math and science teachers in New York State and help eligible students pay for college.

Eligible recipients may receive annual awards for not more than four academic years of undergraduate and one academic year of graduate full-time study while matriculated in an approved program leading to permanent certification as a secondary education teacher in mathematics or science.

The maximum amount of the award is equal to the annual tuition charged to New York State resident students attending an undergraduate program at the State University of New York (SUNY) or actual tuition, whichever is less.

Payment will be made directly to schools on behalf of students upon certification of their successful completion of 27 credits with a cumulative 2.5 GPA for the academic year, which the student seeks payment.

Students receiving a New York State Math and Science Teaching incentive award must agree to teach math or science for five years on a full-time basis at a secondary school located within New York State, regardless of the amount or number of award payments received. Recipients who do not fulfill their service obligation will be required to repay their scholarship awards plus interest.

A New York State Math and Science Teaching Incentive Program Supplement form must be completed and postmarked by a deadline to be set by HESC.

stjohns.edu/bulletins
Selected recipients must file the Free Application for Federal Student Aid (FAFSA) and the Tuition Assistance Program (TAP) application by May 1 of each academic year they seek payment under this program. Any questions can be directed to the HESC Scholarship Unit at 1-888-697-4372.

University Scholarships

St. John’s University scholarships are highly competitive and available to students whose academic achievement and personal commitment display the values, compassion and pursuit of excellence which embody the spirit of the University.

Freshman and transfer scholarship awards range from full to partial tuition. For select scholarships, a personal interview may be required.

High school seniors entering in the fall who seek scholarship consideration must be accepted by St. John’s University. For transfer students, the deadline is April 15. Both freshmen and transfer students who plan to enter in the spring term must be accepted for admission by October 1. Only full-time students (12–18 credits) are eligible for scholarship awards.

Scholarship parameters and amounts are based on the strength of the applicant pool for each given program as well as campus of enrollment and are subject to change without notice.

St. John’s University scholarships are not automatically renewed each year. Unless otherwise noted, a scholarship shall not be renewed for the following academic year unless its recipient has satisfied all of the following criteria:

- Students must be enrolled at St. John’s University for a minimum of 12 credits per semester (fall and spring).
- A minimum cumulative grade point average must be maintained at the end of each academic year in accordance with the scholarship awarded.
- Scholarships are renewed for up to four years of continuous undergraduate studies at St. John’s University.

In addition to the criteria set forth above, please also note:

- Scholarships are only available for fall and spring terms (scholarships are not available for summer, winter, mini or post sessions).
- Scholarships awarded to a student enrolled in a joint degree program are only eligible for renewal during the period of time such student is attending St. John’s University.
- A scholarship awarded to a student enrolled in a combined degree program is only eligible for a renewal during the period of time such student is enrolled in the undergraduate portion of the degree program.

University Presidential Scholarships

Provide a limited number of full-tuition scholarships (less any New York State Tuition Assistance Program (TAP) funds received).

Selected recipients must file the Free Application for Federal Student Aid (FAFSA) and the Tuition Assistance Program (TAP) application by May 1 of each academic year they seek payment under this program. Any questions can be directed to the HESC Scholarship Unit at 1-888-697-4372.

University Presidential Scholarships

Provide a limited number of full-tuition scholarships (less any New York State Tuition Assistance Program (TAP) funds received).
Special University Scholarships
The University has many scholarships funded through special endowments and donations. In most instances, academic merit and financial need are considered along with the particular requirements of the scholarship selection process. For further information, please contact the Office of Student Financial Services.

International Student Scholarships:
International students are considered for merit scholarships at the time of admission. First-year international applicants who only submit TOEFL/IELTS scores and/or SAT/ACT scores at the time of admission may be eligible to receive a minimum of $5,000 annually based on academic credentials and TOEFL/IELTS scores.

Academic Scholarship Recipients
Requirements to Maintain Eligibility
Academic scholarships range from $5,000 per year to full tuition and are based on the student's academic ability, program of study, and campus. Applicants are notified of any academic scholarships in their acceptance letter. To maintain and academic scholarship, recipients need to enroll in and complete a minimum of 12 credits per semester at St. John's with a cumulative grade point average of at least a 3.0 for most awards. Students who do not complete 12 credits in a semester or do not maintain the required minimum GPA, will be subjected to a re-evaluation of scholarship eligibility and amount. Academic scholarships are not applicable to intersession, winter session, post session, or summer sessions.

Undergraduate freshmen scholarships are intended for four years of continuous, full-time undergraduate study. Transfer student scholarships are for two or three years of continuous undergraduate study. Doctor of Pharmacy (Pharm.D.) Scholarship Recipients Please Note: Academic Scholarships for students entering the six-year Doctor of Pharmacy (Pharm.D.) program are offered for the first four years of the six year program.

The University reserves the right to adjust any University grant or scholarship due to receipt of non-University aid. In addition, the combination of external grants and scholarships (funded by state, federal and/or private sources) along with financial assistance from St. John’s may not exceed the cost of full tuition. The scholarship programs are subject to the policies and practices of the University’s Office of Student Financial Services and various regulatory agencies.

Grants-in-Aid
Grants-in-aid are awarded to needy students or students who have special abilities or who make significant contribution to the University. Grants are based on financial need, extracurricular activities and forensic and athletic ability. Interested students should file the FAFSA, and may obtain further specific information regarding eligibility requirements from the Office of Student Financial Services.

“Three-in-One Family” grants-in-aid provide one-half tuition to the third member of a family when there are three family members enrolled simultaneously at the University on a full-time basis. A letter requesting consideration for this special University grant and listing the three family members in attendance should be forwarded to the Office of Student Financial Services. Each enrolled family member must also file a FAFSA annually for the duration of the time that all three are in attendance and the grant is requested.

Student Success Grants are awarded to students that show academic promise to succeed at St. John’s University. Students are automatically reviewed for this grant upon admission. Academic renewal criteria: a student must maintain a cumulative 2.5 index at the end of each academic year.

Scholarships from Outside the University
Various associations, corporations, foundations and unions provide scholarships for recipients whom they select. Recipients may be selected based on financial need as attested to by the financial aid application. Interested candidates should seek information from available publications and directly from these groups. Additional information may be available from the Office of Student Financial Services. The University reserves the right to adjust institutional aid based on the receipt of external aid.

New York State Financial Aid
The programs of financial assistance in New York State are administered by the New York State Higher Education Services Corporation in Albany. Please visit hesc.ny.gov to view information on all New York State Grants and Scholarship programs.

The Tuition Assistance Program (TAP)
This program provides grants ranging up to $5,165 a year to full-time dependent undergraduates, and $100 to $3,025 yearly for full-time, single, independent undergraduates. Independent students with dependents are eligible for the same award ranges as dependent students.

TAP award amounts for all students (including new recipients) are subject to available New York State funding. All students should also note that the maximum award for juniors and seniors is reduced by $200 a year. Awards are based on family New York State net taxable income. General requirements: 1) be a resident of New York State and a U.S. citizen or permanent resident alien; 2) be enrolled full-time and matriculated at an approved New York State post-secondary institution; 3) meet income guidelines; 4) be charged a tuition of at least $200 a year; 5) have graduated from a U.S. high school, earned a GED or passed an Ability to Benefit Test; and 6) not in default on an State or Federal loan. Undergraduate students may generally receive TAP awards for four years of study. Students enrolled in a state-sponsored opportunity program may receive undergraduate awards for five years. Students may file for the TAP by means of the Electronic TAP Application, which will be forwarded by NYSHESC upon completion of the FAFSA. The St. John’s school code is 0751.

The Academic Excellence Scholarship Program
This program provides up to $1,500 to be awarded to the top graduating seniors in each high school in New York State. The awards are based on academic excellence as measured by the weighted average of a student’s scores on Regents Exams taken by the student prior to the senior year. Applications are available at high school guidance offices.

Aid for Part-Time Study (APTS)
This New York State program provides grants to undergraduate part-time students who are New York State residents attending college in New York. There are awards up to $2,000 per school year, based on family New York net taxable balance, financial need, total tuition cost and other assistance. APTS awards available to St. John’s students are based on fluctuating yearly allocation from New York State. The New York net taxable income cutoffs for APTS eligibility are currently $50,550 for dependent students and $34,250 for independent students. APTS applicants must be residents of New York State, U.S. citizens or permanent residents and normally at least half-time students (carrying 6–11 credits per term). Applications for APTS may be obtained at the Office of Student Financial Services and should be filed with this office at least 30 days prior to the start of each semester for which application is made. Award amounts for less than half-time students are available only when funding permits.

Visit hesc.ny.gov to view all eligibility requirements

Vietnam Veterans Tuition (VTA) Awards
These awards provide financial assistance to students who are New York State residents discharged under honorable conditions from the U.S. Armed forces and who are: Vietnam Veterans who served in Indochina between December 22, 1961 and May 7, 1975 or Persian Gulf Veterans who served in the Persian Gulf on or after August 2, 1990 or Afghanistan Veterans who served in Afghanistan during hostilities on or after September 11, 2001 or Veterans of the
army forces of the United States who served in hostileilities that occurred after February 28, 1961 as evidenced by receipt of an Armed Forces Expeditionary Medal, Navy Expeditionary Medal or a Marine Corps Expeditionary Medal.

For full-time study, a recipient shall receive an award of up to the full cost of undergraduate tuition for New York state residents at the State University of New York, or actual tuition charged, whichever is less. Full-time study is defined as twelve or more credits per semester (or the equivalent) in an approved program at a degree-granting institution, or twenty-four or more hours per week in a vocational training program.

For part-time study, awards will be prorated by credit hour. Part-time study is defined as at least three but fewer than twelve credits per semester (or the equivalent) in an approved program at a degree-granting institution, or six to twenty-three hours per week in a vocational training program.

For the 2015–16 academic year, awards will be set at $5,895 or tuition, whichever is less. If a Tuition Assistance Program (TAP) award is also received, the combined academic year award cannot exceed tuition. Thus, the TAP award may be reduced accordingly. NOTE: Tuition payments received by a veteran under the Chapter 33 Program and Yellow Ribbon component will be considered duplicative of any VTA award students may have received. However, payments received under the Montgomery GI bill do not duplicate the VTA award.

Combined tuition benefits available to a student cannot exceed the actual tuition. Students attending high tuition schools may be eligible to receive both the Federal and State benefits. Additionally, students whose “Percentage of Maximum Benefit Payable” under the Chapter 33 Program is less than 100% of tuition may also receive both Federal and State benefits.

World Trade Center Memorial Scholarships

These scholarships guarantee access to a college education for the children, spouses and financial dependents of innocent victims who died or were severely and permanently disabled as a result of the September 11, 2001, terrorist attacks on the U.S. and rescue and recovery efforts. This includes victims at the World Trade Center site, the Pentagon or on Flights 11, 77, 93 or 175. The award amount varies depending on financial need. Total aid received cannot exceed the student’s cost of attendance. Submit a copy of the New York State World Trade Center Memorial Scholarship application, with the necessary documentation, to: NYSHESC Scholarship Unit, 59 Washington Avenue, Albany, NY 12255. A description of the required documentation is included in the application instructions.

Undergraduate students who are full-time and matriculated in an approved program in New York State and meet requirements for the receipt are eligible. Recipients need not be New York State residents or U.S. citizens to receive the scholarship. Note: New York State resident family members who were enrolled in undergraduate colleges or universities located outside of the State on September 11, 2001, are also eligible for scholarship payment at that school. Please visit hesc.ny.gov for full eligibility guidelines.

New York State Post–Secondary Education Fund for Native American Students

This fund is for students who are New York State residents and listed on the official rolls of a New York State tribe or children of enrolled tribal members. Applicants must have graduated from an accredited high school, possess a high school equivalency (GED) or be enrolled in an approved 24-credit GED program. Students must be accepted at or attend an approved collegiate or non-collegiate program offered by a post-secondary institution located in NYS. Grant amounts range up to $1,550 per year to a total of $6,200 (to $7,750 for an approved five-year program). For information contact: New York State Education Department, Native American Education Unit, Room 543, Education Building, Albany, NY 12234.

Satisfactory Academic Progress Requirements for New York State Aid Recipients

St. John’s University must comply with the New York State Education Department regulations (Section 145-2.2) as they pertain to a student’s satisfactory academic progress and program pursuit for the purposes of determining student eligibility for state financial assistance. These regulations apply both to full-time and part-time state aid recipients. Part-time students are referred to the University’s “Satisfactory Progress” brochure for specific information for part-time state aid recipients. Students applying for full-time state financial assistance such as the Tuition Assistance Program (TAP) must meet the minimum standards for satisfactory academic progress and program pursuit as listed below in order to continue their eligibility for state financial assistance.

New York State Aid Program Pursuit Requirements for Full-Time Undergraduate Students

If you are a full-time undergraduate student receiving a TAP award or any other New York State grant or scholarship, you must meet the NYS Education Department’s requirements for both satisfactory academic progress and program pursuit. For purposes of continued state aid eligibility, students are reviewed at the end of every semester for eligibility for the following term.

Program pursuit means making a passing or failing grade in the following percentages of a full-time program (which is a minimum of 12 credits a semester):

First Year of TAP Payment: 50% of a minimum standard full-time program must be completed each semester (six credits per semester).

Second Year of TAP Payment: 75% of a minimum standard full-time program must be completed each semester (nine credits per semester).

Third and Fourth Year of TAP Payments: 100% of minimum standard full-time program must be completed each semester (12 credits per semester).

You must make program pursuit every semester in order to be eligible to receive your state aid for the following semester.

In addition to these program pursuit requirements you must also make satisfactory academic progress. This means that you must complete a certain number of credits each semester, with a certain cumulative index to be eligible for the next semester’s award.

Important: All students receiving state aid

### Standards of Satisfactory Academic Progress for the Purpose of Determining Eligibility for State Student Aid

#### UNDERGRADUATE

Before being certified for this payment, a student must have accrued the amount of credits indicated, with at least the corresponding grade point average.

*HEOP students only*
must maintain a 2.0 cumulative grade point average starting with the receipt of the fourth semester of state aid. For additional information regarding the academic progress requirements for financial aid eligibility, students should visit the Office of Student Financial Services.

New York State Aid Program Pursuit Requirements for Part-Time Undergraduate Students

Undergraduate students receiving New York State Aid for Part-Time Study (APTS) must also meet requirements for both satisfactory academic progress and program pursuit. These requirements closely follow the requirements for full-time undergraduate students receiving TAP awards.

Program pursuit entails making a passing or failing grade in the following percentages of a part-time program.

First Year of APTS Payment: 50% of a part-time program must be completed each semester.

Second Year of APTS Payment: 75% of part-time program must be completed each semester.

Third and All Subsequent Years: 100% of part-time program must be completed each semester.

In order to be eligible for state aid the following semester, you must make program pursuit every semester.

To make satisfactory academic progress, the student must successfully complete a minimum number of semester hours of credit with a minimum grade point average according to the same satisfactory progress chart that is printed in the previous section for full-time undergraduate TAP recipients. The difference here is that part-time APTS recipients are not reviewed every semester for satisfactory academic progress; instead, their academic progress is reviewed in 12-credit increments. Each accumulation of 12 credits attempted counts for one semester on the full-time chart; an APTS recipient must meet the academic progress requirements for number of credits completed and cumulative average step by step on this chart after each accumulation of 12 credits attempted.

A part-time recipient of New York State Aid who fails to meet the program pursuit or satisfactory academic progress requirements in a particular semester may wish to make up the necessary credits or achieve the required cumulative index by pursuing credits at his/her own expense in a given semester. By so doing, he or she will hopefully make up the deficiency and be eligible to receive his/her New York State Aid in the following semester.

Federal Financial Aid

Applicants for any type of federal financial aid must file the Free Application for Federal Student Aid (FAFSA). The output sent to the student who files this form is called a federal Student Aid Report (SAR). As long as St. John’s University is listed on the student’s SAR and no corrections have been made to the original information submitted, the student may keep the SAR for his/her records.

Recipients of federal financial aid (grants, work study or any federal loan) must make satisfactory academic progress to continue to be eligible to receive such aid. Standards for federal aid recipients differ from standards for state aid. Federal standards are outlined under the heading “Satisfactory Academic Progress Requirements for Federal and/or St. John’s–Funded Financial Aid Recipients.” For detailed information on federal aid eligibility guidelines, please visit studentaid.ed.gov.

Federal Pell Grant Program

This is a federal financial aid program providing financial assistance to needy post-secondary school students. The 2017–2018 maximum federal Pell award is $5,920 per year. When a student files FAFSA, his/her federal Pell Grant eligibility is determined. Funding is credited to the student’s tuition for each semester. The program is open to both full-time and part-time students. Students carrying at least 12 credits per semester are considered full-time. Students carrying 9–11 credits are three-quarter time; those carrying 6–8 credits are classified as half-time. When federal funding permits, awards may be made to less than half-time students. Funding and eligibility subject to federal legislative changes.

Federal Perkins Loan Program*

This program (formerly the National Direct Student Loan Program–NDSL) makes funds available for student loans on a low-interest, long-term basis. Applicants must be either formally accepted for admission or currently in attendance at the University as full or part-time students. Undergraduate students who meet the financial need factor may borrow up to $5,500 per year for a maximum of $27,500 over a four- or five-year period. Due to limited funding, St. John’s University may not be able to offer the allowable maximums permitted under the law. The current Perkins Loan interest rate is 5%. Repayment and interest does not begin until nine months after the student leaves school and may extend to 10 years.

Deferment benefits exist for active U.S. military service or service in the Peace Corps. A cancellation benefit exists for those graduates who teach in federally designated low-income areas. Some other deferment and cancellation benefits also exist. For further information on deferments and cancellations, please contact the Office of Student Financial Services.

*The Federal Perkins Loan Program has been slated by the federal government to end at the end of September 30, 2017. Eligible recipients will be advised if the federal government approves an extension of the program beyond the current published deadline date.

Federal Health Professions Loan Program

This is a federally sponsored loan program open to Pharmacy majors at St. John’s University. St. John’s awards federal Health Professions Loans only to full-time “dependent” students; eligibility is determined based on a review of the student’s FAFSA.

The present interest rate for federal Health Professions Loans is 5% with deferment of loan payments while the student remains in school on a full-time basis. A 12-month grace period, during which time no interest accrues, begins when the student leaves school or falls below full-time status. Information on deferments and cancellations may be obtained at the Office of Student Financial Services.

Federal Work–Study Program

This program offers qualified students part-time employment with the University (on-campus) and at various non-profit and for-profit agencies (off-campus). Interested students who meet federal guidelines are interviewed following their registration.

Federal Supplemental Educational Opportunity Grants

These grants are awarded to undergraduate Pell eligible students based on financial need.

Army ROTC Scholarships

These scholarships offer financial assistance for qualified students interested in the ROTC program. Four-year, three-year, and two-year scholarships are offered. The U.S. Army pays full or partial tuition, fees, textbook and other required expenses, except room and board. In addition, a $100 monthly stipend during the academic year is available to upper division students. Selection is based on academic excellence, extracurricular activities, physical standards, results of college entrance board examinations, and evaluation of motivation and leadership potential. Upon graduation and successful completion of the Army ROTC program, scholarship students are commissioned as Regular Army or Reserve Second Lieutenants and serve on active or reserve duty. For information, contact the ROTC Office on the Queens campus.

Higher Education Grant Program for American Indians/Alaskan Natives

This program is available to a person who is a member of a federally recognized Indian tribe eligible to receive services from the U.S. Department of the Interior. Award amounts are based on a student’s unmet financial needs; award amounts vary by region. Interested applicants must file a FAFSA on a yearly basis and seek conventional aid through the post-secondary institution. Application forms and additional information is available from the student’s local tribal office.
Federal Student Loan Programs

What is a Federal Direct Student Loan?
Federal Loans are a major form of self-help aid for students. As part of your award letter, you may be offered a federal loan. A loan must be repaid in full, including any interest and fees. Student loans have long repayment periods and generally repayment will not begin until you leave school. Interest rates vary, depending on the type of loan you borrow. The promissory note you sign will contain the exact terms of the loan you are borrowing. Keep your copy for reference. St. John’s University in accordance with federal regulation reports all loan borrowing, student enrollment status and changes in enrollment status to the National Student Loan Data System (NSLDS).

How Do I apply for a Federal Direct Student Loan?

Three Simple Steps:
Step 1: Accept: Go to your St. John’s University UIS account at https://apollo.stjohns.edu and enter your User ID, and PIN, click on “Login”. Select the financial aid tab. Click on My Award Information. Select award by Aid year (current aid year). Accept Award Offer.
Step 2: Complete: Go to studentloans.gov and sign in with your FAFSA ID. Select Entrance Counseling and complete.
Step 3: Sign-On: the same website, studentloans.gov select Sign Master Promissory Note and complete.

Important note for both Step 2 and Step3:
Select “New York” as the School State and “St. John’s University” as the school name.

What is the difference between a subsidized and unsubsidized loan?
Subsidized Loan: the federal government pays the interest on the loan until the student enters their grace period; the time they are no longer enrolled on at least a half-time basis. Repayment begins six months after you cease to be enrolled at least half-time (including leave of absence).

Unsubsidized Loan: the federal government does not pay the interest on the loan while a student is in school as it does for the subsidized loan. Interest accrues and must be paid or capitalized during periods of enrollment in school and/or deferment.

What is the Interest Rate of Federal Loans?
The interest rate for all federal student and federal PLUS loans disbursed on or after July 1, 2017 will be calculated annually by the federal government based on the 10 year Treasury note index.

|| Maximum Annual Loan Amount |
|--------------------------------|
| **Dependent Student** | **Independent Student Only** |
| Borrower's School Year | TOTAL subsidized and unsubsidized | BASE AMOUNT subsidized and unsubsidized | ADDITIONAL TOTAL unsubsidized |
| First-year undergraduate | $3,500 + 2,000 (unsub) | $3,500 | $6,000 = $9,500 |
| Second-year undergraduate | $4,500 + 2,000 (unsub) | $4,500 | $6,000 = $10,500 |
| Third-year and beyond undergraduate | $5,500 + 2,000 (unsub) | $5,500 | $7,000 = $12,500 |

Total outstanding debt:
Dependent undergraduate: $31,000
Independent undergraduate: $57,500

Are there any fees associated with these loans?
An origination fee of the total loan is assessed and deducted prior to loan disbursement. Origination fees are determined by the US Department of Education and are subject to change on an annual basis. Loans credited to the student’s account will be less that the loan amount borrowed due to these US Department of Education mandatory fees.

Is there a federal loan processing deadline?
In accordance with federal guidelines St. John’s University may not originate a loan for a period in the academic year in which a student is no longer enrolled. Therefore, students enrolled for the academic year who are interested in borrowing a loan must complete the loan process within the academic year. Students who enroll for one semester in an academic year must complete the process within the period of enrollment for the semester.

What is the 150% Rule?
For all new borrowers who receive a loan on or after July 1, 2013 a 150% limitation is in effect. This means a student who is eligible for a subsidized loan will reach their subsidized limit at 150% of a program’s length of study. If a student reached the 150% limitation, the interest subsidy will end on all outstanding loans disbursed after July 1, 2013 and interest will begin to accrue. Students are therefore encouraged to complete undergraduate study on a timely basis.

Loan Proration
Federal regulations requires St. John’s to prorate Federal Direct Loans for undergraduate students when the student is enrolled in a program that is one academic year or more in length, but the student is in a remaining period of study that is shorter than the full academic year. This will mostly affect students that will graduate from their program of study at the end of summer of fall semesters.

*Interest rates on federal loans are subject to change based upon changes of federal regulations.*
PLUS Process consists of four easy steps:

Step 1: Personal Information: Personal information of the parent borrower.

Step 2: Student & Loan Info:
- Select the Award year
- Parent PLUS borrowers must enter the information of the student for whom the loan is for
- Select “NEW YORK” as the school state and “SAINT JOHN’S UNIVERSITY” as the school name
- Enter a requested loan amount

The borrower enters a specific amount to borrow for the school year or may elect to borrow the maximum amount for which he/she is eligible. The maximum amount the PLUS borrower may request is included in the St. John’s Financial Aid award information.

If the borrower later determines that he/she does not need the entire amount applied for, he/she may cancel or reduce an un-disbursed loan at any time. A disbursed Federal Direct PLUS loan may be cancelled or reduced within thirty days of the date of disbursement. A St. John’s Loan Change Form is available online at stjohns.edu/services/financial. The amount the borrower chooses to apply for will not affect the result of the application. When choosing an amount, the borrower should only borrow what is really needed and remember that loans must be repaid.

Step 3: Review Application
Step 4: Credit Check & Submit: Authorize the review of credit history and submit the application.

When will the borrower be notified of the result of the application and credit check?

The borrower will be notified immediately of the result. If approved, the borrower will be directed to complete a Master Promissory Note (MPN) if a Federal Direct PLUS MPN has not been completed previously.

What are the options for the Parent PLUS borrower denied for a Federal Direct PLUS loan?
- Parent borrowers can opt for additional unsubsidized loan eligibility for the student.
- Parent borrowers can opt to provide documentation of extenuating circumstances and appeal the decision.
- Parent PLUS loan borrower can opt to obtain an endorser with a more favorable credit history to act as a co-signer. The endorser must complete a process, similar to the original application, either online or through the mail. The online process requires that the endorser have a Federal Student Aid ID. The borrower who has been denied will automatically be mailed a paper Endorser Package. Both processes require that the endorser know the Loan Reference ID which will be provided to the denied borrower via email or can be viewed by the denied borrower when signed onto StudentLoans.gov.
- Parent borrower if approved based on extenuating circumstances or who have an endorser will be required to complete a PLUS Counseling session.

How will the student receive the loan funds?

Once an application has been approved and a MPN has been properly completed, the student will be given credit by St. John’s for the amount approved for disbursement less all applicable fees. The approved amount will be split equally between the fall and spring semesters. Funds will be disbursed by the federal government to the student’s St. John’s account at the beginning of each semester according to the disbursement schedule set by St. John’s University.

What is the interest rate on federal PLUS loans?

The interest rate for all federal PLUS loans disbursed on or after July 1st will be calculated annually by the federal government based on the 10-year Treasury note index.

What fees, if any are associated with these loans?

An origination fee is assessed and deducted prior to loan disbursement. Origination fees are determined by the U.S. Department of Education. Since the origination fee is deducted before the federal government disburses the loan to St. John’s, the amount credited to the student’s account will be less than the loan amount borrowed.

Satisfactory Academic Progress Requirements

Federal and/or St. John’s University Funded Financial Aid Satisfactory Academic Progress Requirements (SAP)

All recipients of federal and/or St. John’s University financial aid are expected to maintain satisfactory academic progress toward their degree as part of the eligibility requirements for federal and/or St. John’s University institutional aid. The University’s satisfactory academic progress policy is developed in accordance with federal regulations. Any student not making satisfactory academic progress is considered ineligible for federal aid and institutional grant aid.

Please note that SAP requirements for state aid recipients and St. John’s University Academic scholarship recipients are different and are addressed separately.

Federal Qualitative Measure

Federal regulation requires schools to have a qualitative component as part of their Satisfactory Academic Progress policy. This measure seeks to ensure that students successfully complete coursework and maintain an appropriate and timely pace toward the completion of their degree program within the federally allowable time frames. Pace is measured at the end of the school year for all students.

Undergraduate Degree Maximum Time Frame Requirements

According to federal regulations for an undergraduate program, the maximum time frame cannot exceed 150% of the published length of the program measured in credit hours attempted.

Pace for Undergraduate Degree Completion

For an undergraduate student in a bachelor’s degree program to be considered as progressing, the student’s ratio of earned hours to attempted hours (or pace towards degree completion) must be no less than shown on the following table:

<table>
<thead>
<tr>
<th>When total attempted Credit hours are:</th>
<th>Earned Credit Hours must be at least:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than 25 credit hours</td>
<td>50% of scheduled credit hours</td>
</tr>
<tr>
<td>25 through 55 credit hours</td>
<td>50% of scheduled credit hours</td>
</tr>
<tr>
<td>56 through 90 hours</td>
<td>60% of scheduled credit hours</td>
</tr>
<tr>
<td>91 credit hours and above</td>
<td>70% of scheduled credit hours</td>
</tr>
</tbody>
</table>

Note: Students enrolled in the Pharm.D Program will follow the above chart for the first four years. Once they begin the graduate portion of their program they will be held to the Graduate degree pace requirements.

stjohns.edu/bulletins 23
Other Degree Maximum Time Frame Requirements

Students must complete their degree program within the following maximum time frame:

- Certificate: 3 semesters (48 credit hours)
- Associate’s: 6 semesters (96 credit hours)
- Master’s: 10 semesters (120 credit hours)
- Doctoral: 14 semesters (168 credit hours)
- Law (full-time): 9 semesters (129 credit hours)
- Law (part-time): 12 semesters (129 credit hours)

Pace for Degree Completion for All Other Programs

Students must pass at least 70% of the cumulative credit hours attempted.

Annual Academic Progress Review

We review academic progress each academic year by dividing the cumulative total number of credit hours the student passed by the total number attempted. The review process begins at the end of spring semester for all students to determine that the student is meeting the standards described above. This review is based on a students entire enrollment history at St. John’s University and any transfer credit hours accepted. We also check to make sure students have not exceeded the maximum term limit described above.

Federal regulations require that these standards apply to all students

Please note:

The following will be considered as credits completed:
1) “A” through “D” grades
2) Accepted Transfer credits
3) “P” passing with credit
4) Accepted Advanced Placement (AP) credits

The following will NOT be considered as credits completed but will be considered as credits attempted:
1) F – Failure
2) ABF – Absent/Failure *
3) UW – Unofficial Withdrawal
4) AU – Audit

Students who are readmitted are subject to the standards defined in this policy for federal and/or St. John’s University financial aid eligibility. Academic progress will be reviewed upon re-admission. All previous coursework at St. John’s University must be included in each review of academic progress for federal and/or St. John’s University financial aid.

Financial Aid Termination

Students, who fail to complete their degree within the maximum time frame, will have their federal and/or St. John’s University grant aid terminated. The Office of Student Financial Services will send the student a written notification of the termination of their aid eligibility. This is a non-appealable status. Students can continue in their program at their own expense provided they are otherwise academically eligible.

Financial Aid Suspension

Recipients of federal aid and/or St. John’s University grant aid whose progress is unsatisfactory will be ineligible for aid and will have their aid suspended. The Office of Student Financial Services will send the student written notification of the suspension.

Appeal Process

Students who have not exhausted the maximum time frame have the right to appeal.

Appeals must be filed within 30 days of notification that aid eligibility has been lost. An Appeal must be made in writing to the Student Financial Services Appeal Committee. The appeal may not be based upon a students need for the Financial Aid assistance OR their lack of knowledge that their Financial Aid assistance was in jeopardy. An appeal would normally be based upon mitigating circumstances which prevented a student from passing more of their courses, or which made them withdraw from classes.

Examples of mitigating circumstances include:
- Serious personal illness or injury that required extended recovery time
- Death or serious illness of an immediate family member
- Significant trauma that impaired the students emotional and/or physical health
- Other documented circumstances

To appeal, a student must complete a Satisfactory Academic Progress Appeal Form and return it with all required documentation to the Office of Student Financial Services. The student will be notified of the decision approximately three weeks after we receive the student’s appeal.

Appeals are made through the Office of Student Financial Services, on the official form and will require the following: an explanation and documentation regarding why the student failed to make Satisfactory Academic Progress (SAP), demonstrate an understanding of what SAP measures were failed and documentation as to what has changed in the student’s situation that would allow the student to meet SAP in future terms. Please note that merely filing a Satisfactory Academic Progress Appeal Form does NOT guarantee continued eligibility for Federal/university aid, as an appeal may be denied.

Appeal Approval Conditions

Appeals can only be approved if the Student Financial Services Appeal Committee determines:
- that the student will be able to meet the university’s satisfactory academic progress after the next payment period; or
- that the student has agreed to follow an academic plan that, if followed, will ensure that the student can meet the university’s satisfactory academic progress guidelines by a specific point in time.

If an Appeal is Granted

Students whose appeals are granted will receive aid on a conditional (probationary) basis for one semester. The conditions will be outlined in the appeal approval letter sent to the student. The Student Financial Services Appeal Committee will review the student’s record at the end of the semester to determine his/her status for the following semester.

Once a probationary semester has concluded, the student may re-establish eligibility to be considered for federal and/or university aid for their next semester of enrollment ONLY by either 1) taking action that brings him or her into compliance with the qualitative and quantitative components of SAP standard OR 2) demonstrating the progression of the specific academic plan and standards for a Probationary Semester as established by the Appeals Committee.

After the Probationary Period or if Appeal is Denied

If the student does not have grounds for an appeal, or if the appeal is denied, the student may still be able to regain eligibility for future semesters. This is done by the student enrolling at St. John’s University at their own expense/without financial assistance. The student may also, complete coursework at another institution, provided the credits can be transferred to St. John’s University and he/she did not receive federal financial aid at the other institution while taking those courses. Any credits earned and transferred to St. John’s University must have been earned after the term(s) in which federal and/or St. John’s financial aid was denied. If a student pays for and successfully completes courses at another institution, they must be prepared to provide appropriate documentation (i.e., university account statement and transcripts) confirming that the student did not receive federal financial aid at the other institution. If the student chooses to take one of these options they must contact the Office of Student Financial Services to arrange a new reevaluation.
Alumni Relations

The Office of Alumni Relations is dedicated to keeping our more than 178,000 graduates connected to each other and to St. John’s University. It strives to continually enhance services and develop new programs to engage St. John’s alumni. Realizing that today’s students are tomorrow’s alumni, it encourages alumni to mentor our current students by offering them opportunities to share their personal expertise and experiences. Graduates and supporters of the University can enjoy a wealth of year-round discounts, services and resources as provided through its wide selection of corporate partners. Find out more about these benefits and stay connected with St. John’s University and fellow classmates by visiting www.stjohns.edu/alumni.

Office of Alumni Relations:

- Coordinates social and educational functions throughout the year
- Sponsors professional networking and career development opportunities
- Hosts alumni receptions and athletic events both at home and away
- Collaborates with University Career Services on numerous programs.
- Provides exclusive programming and special event pricing for G.O.L.D. (Graduates of the Last Decade)
- Executes school-specific or career-related Alumni Insider’s View (AIV) programs to foster interaction between current students and alumni. These include AIV...U.S. Capital, AIV...New York State Capital and Day on Wall Street.

For more information about the Office of Alumni Relations, please visit www.stjohns.edu/alumni. Contact by email at alumni@stjohns.edu or by phone at the following campus locations:

- Queens campus 718-990-6232
- Staten Island campus 718-390-4094

Athletics

St. John’s University offers 17 sports programs which compete at the highest level of intercollegiate athletics. The University participates at the Division I level of the National Collegiate Athletic Association (NCAA) and is a founding member of the BIG EAST Conference. Red Storm teams are also affiliated with the Eastern College Athletic Association (ECAC), the Intercollegiate Association of Amateur Athletics of America (IC4A), the Metropolitan Track and Field Association (MTFA), the Intercollegiate Fencing Association (IFA) and the National Intercollegiate Fencing Association (NIFA).

The University has 10 intercollegiate offerings for women, including basketball (10 NCAA Tournament appearances), cross country, fencing (2001 NCAA National Champions), golf (2011 BIG EAST individual champion), indoor and outdoor track and field (28 NCAA Championship appearances), soccer (three NCAA Tournament appearances), volleyball (two NCAA Tournament berths), tennis and softball (2016 BIG EAST Champions).

The seven men’s intercollegiate team offerings consist of baseball (ninth all-time with 35 NCAA Tournament appearances, six College World Series appearances), basketball (28 NCAA Tournament appearances, ninth-most wins in NCAA history), fencing (2001 NCAA National Champions), golf (five NCAA Regional appearances), lacrosse, tennis (five BIG EAST Championships) and soccer (1996 NCAA National Champions, four College Cups, 20 NCAA Tournament berths).

Campus Ministry

Campus Ministry is people, programs, and, most importantly, a presence within our community. Since St. John’s is such a large university, you may think it could be difficult to find a home here. Campus Ministry is your home. College is a time when you face many choices, both academic, personal and spiritual. You don’t have to face them alone. There are campus ministers present and available for you on all of our campuses.

Campus Ministry encourages our Catholic students to strengthen their Catholic identity and to become more active in their faith. At the same time, we welcome students of all religious traditions and encourage students of other faiths to deepen their own personal relationship with God. Campus Ministry takes seriously its unique role in living out the Catholic and Vincentian mission of St. John’s University for students of all faiths.

We are a community of faith, service, leadership, justice and friendship.
Vincentian Service
- Bread and Life Fridays in the Soup Kitchen
- Bread and Life Mobile Soup Kitchen
- Breakfast Runs
- Children and Youth After-School Programs
- Midnight Runs
- Nursing Home/Senior Center
- Red Storm Athletic Community Service
- Wednesdays
- Ronald McDonald House Dinner Program
- Saturday Service Opportunities
- Social Justice Programming
- St. Nicholas’ Men’s Shelter

Long-Term Service Opportunities
- Plunge Service Immersion Experience
- Postgraduate Service Opportunities

Student Groups
- Catholic Student Community
- CRS Social Justice Ambassadors
- Sina'i’s Radiant Praise Dance Ministry
- SJU Habitat for Humanity Chapter
- St. Vincent de Paul Society
- Students for Life

Spirituality
- Bereavement Program—when facing death or loss of a loved one
- R.C.I.A.—Rite of Christian Initiation of Adults
- Retreats
- Holy Hour and Adoration of the Blessed Sacrament
- Liturgical Ministry
- Miraculous Medal Novena
- Music Ministry
- Praying the Rosary
- Sacrament of Reconciliation
- Taize Prayer

Leadership
- Campus Ministry Student Assistants
- Catholic Scholars
- Discernment Group
- Graduate Assistants for Vincentian Service, Plunges and Faith Formation and Catholic Scholars.
- V.I.T.A.L.

Special Programming
- Beautiful Me/EAK Project
- Bread and Life – Sponsor A Family
- JFK Lourdes Hospitality
- St. Baldricks/Children with Hair Loss

On the Queens campus, the Daily Mass is celebrated at 8am and 12:15pm in St. Thomas More Church. There is a Sunday celebration at 11am followed by a coffee hour.
A special mass for students is held on Sunday evenings at 5:30pm. It is the largest weekly gathering of students. The opportunity for reconciliation is also available each day.

Staten Island, Campus Ministry programs mirror the programs of the Queens Campus.
Mass is offered in the St. Vincent de Paul Chapel Sunday evenings at 6:00 pm as well as during the week on Monday, Wednesday and Friday at 12:15pm. The sacrament of Reconciliation is offered before Mass, by appointment and during special Advent and Lent programs. Holy Hour and Taize prayer are offered several times during each semester. Students are involved in Mass as lector, extraordinary ministers of Holy Communion, altar servers and as music ministers.

For more information on all of our programs, visit stjohns.edu/campusministry.

Division of Student Affairs
The Division of Student Affairs provides social, educational, recreational, community service opportunities, health and wellness programs and services to support students’ full academic experiences. Our mission is to encourage students to become a part of the University community by participating in events and joining organizations that foster learning outside of the classroom, allowing students to create their own unique and engaging college experiences.

The following areas are part of the Division and provide various student services on all three of our New York campuses: Residence Life, University Career Services, Center for Counseling and Consultation, Student Health Services, Student Engagement, Student Conduct, Student Development, Fraternities and Sororities, Multicultural Affairs, Wellness Education and Prevention Services, New Student Orientation, Campus Activities, Campus Recreation, Performing Arts, Office of Sexual Violence Outreach, Awareness and Response, Community Development, and Disability Services.

Queens Campus: Senior Student Affairs
Administrative offices are housed in Bent Hall as are the Departments of Student Conduct and Student Wellness. The Center for Counseling and Consultation is located in Marillac Hall, and Student Health Services is located on the first floor of DaSilva Hall in the Residence Village.
The D’Angelo Center (DAC) houses the Departments of Student Engagement, Operations and Student Development. Students have access to the many student facilities in the DAC including the Sodano Coffeehouse, student lounges and game rooms, cafeterias, conference facilities for student-faculty engagement opportunities, a Starbucks Café, a student “living room” with a fireplace and piano, a student-run cooperative printing center and a Campus Concierge which provides information and tickets for upcoming programs and events.

Staten Island Campus: Student Affairs
Administrators are located in the lower level of the Campus Center, the Campus Center Gymnasium and the second floor of the Kelleher Center. Staten Island also houses a Center for Counseling and Consultation, located in Flynn Hall, and a Student Health Services office, located in the Spellman Hall, Room 101.

Campus Activities
Campus Activities provides students with a variety of programming and leadership opportunities throughout the year. With well over 100 student organizations on campus, there are endless ways to get involved in campus life. By participating in a number of social, cultural, political, spiritual and academic organizations, students will ultimately achieve an enhanced university experience.

Campus Recreation
Campus recreation provides opportunities to participate in a variety of formal and informal activities. These activities encompass team sports, individual and dual sports, as well as competitive and non-competitive activities.
In addition to the benefits of physical fitness, participants can obtain new and improved life-long skills, along with social and ethical qualities.

Taffner Field House
The Field House includes two multi-purpose courts for basketball and volleyball. It also includes locker rooms, a lounge and the Campus Recreation office. Your personal valid St. John’s Stormcard is required for entry.

Fitness Center
The Fitness Center is located on the east side of Carnescucca Arena. You may enter the Fitness Center from the lower level in Carnescucca Arena. Your personal valid St. John’s Stormcard is required for entry.

Fitness Classes
We offer various fitness classes such as Yoga, Pilates, Spinning, Hip-Hop, Body Conditioning, Kickboxing and many more.

Personal Training
The Personal Training Program is open to all students, administrators, faculty and staff. The Personal Training Program offers one-on-one sessions with a qualified personal trainer who designs a fitness program specifically to meet your needs and interests.

Intramurals
We offer a variety of Intramural Sports, such as Basketball, Dodgeball, Flag Football, Soccer, Softball, Dodgeball Tennis, Arena Flag Football, Kanjam, and Wiffleball.

Club Sports
We currently have the following Club Sports: Bowling, Tennis, Ultimate Frisbee, and Men’s Basketball.
Students interested in starting a new club can do so by visiting the Campus Recreation Office to obtain a proposal form.
Services for Students with Disabilities
The Office of Disability Services coordinates equal opportunities for students with disabilities. These services are designed to ensure, for all students, full participation in programs and activities offered throughout the University. The aim of these services is to improve the quality of the academic, social and personal lives of the disabled members of our community. All documentation will be kept confidential in accordance with legal requirements.

- St. John’s University students requesting accommodations for a disability must present documentation of the disability to the Office of Student Disabilities on the appropriate campus for verification of eligibility.
- All documentation will be kept confidential in accordance with legal requirements and should be submitted directly to:

Queens Campus
St. John’s University
Office of Student Disabilities
Marillac Hall 134, Queens, NY 11439
Tel 718-990-6867
Fax 718-990-2609

Staten Island Campus
Staten Island Campus: Spellman Hall Room 101

Hours: Monday to Thursday: 8:30 a.m.–4:30 p.m.
Friday: 8:30 a.m.–3 p.m.

The Sexual Violence Outreach, Awareness and Response Office

The SOAR Office works to prevent and reduce the traumatic impact of sexual assault, dating and relationship violence, and stalking at St. John’s University. This is done through outreach with community stakeholders, raising awareness among our student population and by supporting victims. The SOAR Office hosts campus wide trainings on Bystander Intervention and Affirmative Consent, and programs to raise awareness of sexual violence. In addition, the office supports student survivors and their healing by providing Campus Support Advisors. Campus Support Advisors offer a confidential place to discuss reporting options, interim remedies and by providing referrals to resources both on and off campus. It’s on us, all of us, to be a part of the solution to sexual violence. The SOAR Office can be reached by calling 718-990-6550. The Campus Support Advisor (confidential) may be reached by calling 718-990-8484.

Student Health Services
The Office of Student Health Services provides treatment for minor illnesses or injuries, information about local health care, information about local health care providers, as well as information regarding health issues, physical examinations, and immunization requirements. Queens Campus: Dasilva Hall, Room B17, 718-390-4447.
Staten Island Campus: Campus Center, First floor, 718-990-2660.

Title IX – Reporting and Responding to Sex Discrimination
St. John’s University is committed to providing an environment that is free from all forms of discrimination on the basis of sex including, sexual harassment, sexual violence, and sexual misconduct and offers many resources to students to address concerns related to discrimination on the basis of sex or gender identity. Any student, faculty, administrator, staff member, or applicant for admission who has concerns about sex discrimination is encouraged to seek the assistance of a Title IX Coordinator.

For example, we encourage you to contact a Title IX Coordinator if you:
- Wish to understand your options if you think you may have encountered sex discrimination or sexual misconduct
- Learn of a situation that you feel may warrant a University investigation
- Need help on how to handle a situation by which you are indirectly affected
- Seek guidance on possible methods of de-escalating or alleviating a difficult situation
- Have questions on St. John’s policies and procedures

If you would like to contact a Title IX Coordinator, please e-mail titleix@stjohns.edu or call (718) 990-2660 or (718) 990-6568 to contact the Deputy Title IX Coordinator.

Residence Halls and Off-Campus Housing
St. John’s University provides housing to undergraduate, graduate, and law students in residence halls and apartments on the Queens and Staten Island campuses. On the Queens campus, these housing options include single, double, triple, and quad-style rooms in suites, rooms sharing a connecting bathroom, and apartment configurations on- and off-campus. The Staten Island campus offers apartment-style housing at the edge of the campus property. The Office of Residence Life on the Queens campus is located in the Residence Life Office, Donovan Hall C-16, and on the Staten Island campus at 35 Arlo Road Apt. 1A.
University Career Services

University Career Services serves as a resource to internal and external constituents offering career advising, job-readiness skill training, internships, and employment services. Career Services offers students a wide range of career-related education and development, which includes, but is not limited to:

Personalized Advisement
A Career Advisor will assist you in developing your career path; including choosing your major, resume writing/cover letters, internship/job search strategies, networking and evaluating job offers/salary negotiations. University Career Services offers you one-on-one support from freshman year through graduation.

Handshake
Your gateway to University Career Services, is Handshake an innovative, intuitive, and mobile platform through St. John’s University – University Career Services. Handshake allows current and alumni students access to job, internship and campus recruiting listings; registration for Career Services programs; workshops, information sessions, career fairs and other event information; and additional career development and employment resources. To access Handshake, log in to MySJU—Click on Career Services tab and click on the Handshake icon on your screen.

C3: Creating Career Connections
The C3: Creating Career Connections program includes three opportunities for students to explore careers with intent to equip them with the knowledge to make informed major/career choices. From Career Conversations (informational interviews) to Job Shadowing and Career Immersion, which match students for 1–3 days on-site, the program focuses on first and second year students. While the purpose of C3 Programs is to gather career related information and expand your networking contacts, it also allows you to build interviewing skills, become aware of trends in the field and often leads to internship opportunities.

Aspire Mentor Program
The Aspire Mentor Program matches motivated upper classmen with alumni mentors for a year long program focused on developing career competencies and industry knowledge. Participants connect with their mentor for support and guidance once or twice a month throughout the academic year as they strive to achieve their goals.

Internships and Employment

Are you looking for internships or job opportunities?
If your answer is yes, visit the University Career Services to access resources and listings to assist you with identifying, researching and obtaining meaningful internships, part- and full-time employment.

Recruit RED - On Campus Recruiting (OCR)
Each year employers representing various fields visit St. John’s University with hopes of meeting qualified candidates to fill their full-time and internship hiring needs. University Career Services facilitates one-on-one meetings between candidates and employers through on-campus interviews. Interested students may meet with a career advisor to discuss the requirements for participation.

Career and Internship Fairs
Employers from various fields come to campus several times each year offering advice about careers in their organizations and seeking to meet qualified candidates to fill internships, part-time and full-time positions.

Polished and Professional
The goal of this series is to provide you with the professional tools necessary to succeed in your career. Not only will you have the knowledge needed, but by the end of the series you will know what it takes to stand out among your peers. And in today’s competitive job market being polished and professional is essential! Programs include business networking strategies; dining etiquette; creating a personal brand; mock interviewing; and more.

Leadership and Professional Development
University Career Services helps students acquire the leadership skills that are essential components to the educational experience; these experiences can lead to greater personal enrichment, career readiness, and academic success. The benefits of leadership are in the development and practice of the competencies that will enable students to be successful upon graduation, no matter the profession or career path they choose.

Communications Facilities

Courses in the area of communications and TV/Film studies are supported by the Television, Film and Radio Center is a broadcast-quality production and post-production facility that can accommodate both in-studio and on-location productions. The TV Studio features three high-quality 1080i HD cameras, a computerized lighting system, a 48-channel audio board with digital effects, digital video effects, dedicated studio green screen, electronic character generator with animated graphics capability, HD video switcher, teleprompter and a professional announce booth for voice-over recordings. The facility can accommodate the recording of talk shows and interview or instructional programs to digital formats. Dedicated laboratories allow for digital editing, computer graphics and animation, as well as desktop publishing.

The Radio studio is equipped to record and edit music, news, interviews and commercial programs. The Center’s atmosphere and equipment afford an exposure to a broadcast-quality facility that prepares students for entry into the communications industry. At the Staten Island campus, the radio facilities, located in DaSilva Hall, are used in the production of a wide range of program formats from news to dramatic performances. Production equipment in the radio control booth include SD card recorders, and editing and announcing facilities.

The University maintains state-of-the-art facilities for the layout, design and production of a modern newspaper. The facilities include word processors, computer software and equipment for professional quality art, design layout and photography.
Dining Facilities

St. John’s University’s Dining Services offers a variety of options to meet your hectic schedule. With new facilities and exciting culinary additions at each location, we offer you the ultimate dining experience. For more information regarding campus dining, including all of our great venues and hours of operations, please visit new.stjohns.edu/services/dining or call our office at 718-990-1536.

Queens Campus

Montgoris Dining Hall
All-you-care-to-eat dining open 7 days per week when classes are in session with late-night hours. Open to all students, Montgoris serves a large breakfast menu, made to order Mongolian grill, a variety of international entrees, pizza and pasta, burgers and grilled items, an omelet bar, make your own salad bar, deli, sandwich and wrap selections, fruit and yogurt parfait bar, a variety of vegan and vegetarian options, an allergy zone and full-fledged dessert station.

The Marketplace C-Store (Montgoris Side Entrance)
Open 7 days per week when classes are in session with extended late-night hours, this Montgoris convenience store provides Grab and Go salads and sandwiches, sushi, prepared entrees, beverages, ice cream, snacks, canned foods, groceries, convenience items and necessities for your home or dorm.

Marillac Hall Food Court (Terrace Level)
The Marillac Food Court features Burger King, Subway, Freshens Fresh Food Studio, 2Mato Pizza and Pasta, Sono, Empanadas and Zatar.

Outtakes Grab and Go (adjacent to Marillac Food Court)
The Outtakes Grab and Go store offers an assortment of fresh hot and cold packaged meals including sushi, snacks, Au Bon Pain soups, coffee and bottled beverages.

Dunkin’ Donuts (Marillac Terrace)
Full-service store with all that Dunkin’ Donuts is famous for including donuts, muffins, coffee, bagels, flatbread sandwiches for breakfast and lunch, Coolatta’s frozen drinks in assorted flavors, iced latte, espresso and hot cappuccino.

Seattle’s Best Café at the Library
Full range of hot and cold specialty offers, Grab and Go salads and sandwiches, Au Bon Pain soups, sushi, freshly baked goods, bubble tea, coffee and bottled beverages.

Red Mango at the Library
Delicious all-natural frozen yogurt that changes daily with a large variety of toppings and fruit smoothies.

D’Angelo Center Food Court (Level 1)
The DAC Food Court features Mondo Subs, Salty’s Pretzel Place, Tong classic Asian cuisine, Grab and Go salads and sandwiches, The One Sushi and Taco Bell.

Starbucks (D’Angelo Center Level 3)
This full-service Starbucks offers all that Starbucks is known for including specialty coffees, sandwiches, salads, muffins, desserts, prepackaged goods and made-to-order beverages.

Red Storm Diner at St. Vincent Hall (Patio Level)
Late-night 50’s diner serving breakfast, burgers, sandwiches, salads, ice cream and shakes.

Law School Café
The Law School Café features a Boar’s Head Deli, Mulberry Street Pizza, Culinary Table, Red Storm Burger Company, Pan Asia, Hale and Hearty Soups, Salad Bar and Kosher options.

Sidebar (adjacent to the Law School Café)
Starbucks We-Proudly-Serve featuring coffees, sandwiches, salads, muffins, desserts, prepackaged goods and made-to-order beverages.

Staten Island Campus

Campus Center Food Court
The food court offers hot and cold entrees, a grill, homemade soups, Grab and Go sandwiches, and a variety of convenience items for residents including frozen dinners, snacks, beverages, toiletries, convenience items and necessities

International Student and Scholar Services
The International Student and Scholar Services Office, located on the Queens campus in St. Vincent Hall, Room B19, assists international students and scholars in all matters related to their life at St. John’s University and in the community, including: immigration assistance; orientation to life in the University, New York City and the American culture; counseling for financial, adjustment, personal, legal and other matters; advisement concerning taxes, medical insurance, Social Security, campus and community services; coordinating programs (social, travel, cultural, family visitation); documentation for foreign exchange, military waivers, enrollment certification; liaison with foreign consular offices, U.S. government agencies/departments and University offices.

Check the St. John’s Dining Services website (new.stjohns.edu/services/dining) for the most up to date information, complete menus for all venues, promotions, and hours of operation.
StormCard (ID cards)

Your StormCard must be carried and used as your PRIMARY means of identification while on St. John’s University properties.

It must be presented or surrendered to all St. John’s personnel who request it when acting within the scope of their official University duties.

Failure to comply with this type of request is a violation of the Student Code of Conduct and subjects the cardholder to disciplinary action.

Your StormCard is the property of the issuer and is non-transferable. The access allowed by your StormCard is for your personal use only.

If you find a StormCard, please return it to any one of the Public Safety Officers or office.

If you lose your StormCard, please report it via UIS immediately, and then proceed to the Public Safety office upon your return to campus to obtain your replacement card. If stolen, provide your police report and contact numbers, and a new card in these instances is issued for free. If you are unable to come to campus, you may suspend your card through the UIS system; but will be required to come to a Public Safety Office listed below upon your return.

Queens Campus: (6281) in the R.O.T.C. outside of Gate 6.

Manhattan Campus: 212- 277-5155 on the first floor by the security desk.

L.I. Grad Center: 718-374-1435 (if there is no Public Safety Officer available on-site; please call 718-990-6281 AFTER you suspend it on UIS to create a report. You will be contacted regarding replacement.

Staten Island: 718-290-4487 on the first floor inside Spellman Hall.

In Staten Island and Queens, you may receive a replacement StormCard 24 hours a day.

On the L.I. Grad Center and Manhattan campus, 24 hour carding is not available at this time.

For the replacement of a lost StormCard, there is an escalating fee which starts at $25 initially and graduates to a maximum of $35 for each occurrence thereafter.

The Global Language and Culture Center

The Global Language and Culture Center, located in St John Hall 104–106 and part of the Department of Languages and Literatures, is a resource center where students, enrolled or not in a language class, can come to practice one of the 15 languages currently offered at St John’s University. Through immersion and interaction, with the help of trained language assistants, they can build on the language skills acquired in the classroom in a convivial and relaxed atmosphere.

The Center offers large seating and study areas equipped with computers, large screen TVs and reference material. Individual language pods lend privacy to small study groups.

Students can receive individual tutoring to improve their grades, or engage in group activities under the guidance of a language assistant: grammar, pronunciation and writing workshops, round table conversations in the selected language, or workshops to prepare for an internship abroad in France, Italy or Spain. Lectures and cultural events are held regularly at the Center. Language placement tests are also administered for students interested in majoring or minoring in a Romance language and advisement given on language courses within St. John’s College.

For all beginning (levels 1 and 2) and intermediate (levels 3 and 4) language courses 10 sessions at the GLCC are a department requirement per course per semester. A GLCC fee is required.

Student Computing Facilities

St. John’s University is committed to preparing its students with the technological skills necessary to meet the challenges of the 21st century marketplace. Under the leadership of the Information Technology Division, the University is equipped to meet the instructional needs of students and faculty through state-of-the-art academic computing facilities. Students have access to facilities that consist of seven computer laboratories, over 250 technology equipped classrooms, computer classrooms, and Library patron computers. Deployment of desktop computers to these facilities now totals over 1000 Windows computers and over 125 Apple computers.

The University’s state-of-the-art computer network enables each computer to access a wide range of software, as well as email and the Internet. A variety of educational, business, statistical and other electronic information resources are accessible through the campus’s high-speed Gigabit backbone with 1 Gb Ethernet available for desktop computers. Internet connectivity is provided through a redundant 10 Gb link. Wireless connectivity is available at all seven locations (Queens, Staten Island, Manhattan, Hauppauge, Rome Italy, Paris France, and Seville Spain).

Computer Laboratories

The computer laboratories now contain more than 3300 Windows computers and 30 Apple computers. Two of these labs are located on the Queens campus. Additionally, each of the following locations has one lab: Staten Island, Manhattan, Rome Italy and Paris France.

Many of the laboratory computers are Intel 7 platforms, with 8GB of RAM, large LCD monitors, Windows 7 (OS), the MS Office 2013 suite as well as many other Windows-based applications.

Classroom Apple Classroom computing resources consist of primarily Mac Pro’s running Intel Xeon Quad core with 8 GB of RAM, and running MAC OS 10.x. Wired and wireless printing facilities for both platforms consist of monochrome as well as color laser printers.

Technology Enhanced Classrooms

Of the 250 technology enhanced, computer and seminar style classrooms, 167 are located on the Queens campus, 39 are located on the Staten Island campus and 18 are located on the Manhattan Campus. Each technology enhanced classroom is equipped with a podium, faculty computer, a sound system and a bright projected image that can be viewed by all the students. Faculty has the option of connecting and projecting the image from their laptop computers in all technology enhanced classrooms as well. In the Manhattan campus classrooms, many on the Queens campus, and some on the Staten Island campus, technology includes wireless presentation, a confidence monitor for the faculty member, a document camera, and lecture capture capabilities. Rooms 137 and 137A in Marillac Hall on the Queens campus contain multiple wireless displays, which are wall mounted above corresponding group discussion tables for teaching in an active learning format.

Although students do not have individual workstations, each technology enhanced presentation environment allows faculty to incorporate technology as a teaching tool to enhance the learning experience for their students. The Queens campus has 6 technology equipped large capacity facilities. (D’Angelo Center Tiered Lecture Hall, D’Angelo Center Multipurpose Room, Marillac Hall Auditorium, the St. Albert Hall Amphitheaters, and the Little Theatre).
**Computer Classrooms (Intel and Macintosh)**

Further, the Queens campus has 13 computer classrooms and there are 4 in Staten Island. The Manhattan campus has a combination computer lab/classroom with the latest Intel-based hardware, and the Rome and Paris campus each has one of the same. The computer classrooms, at all five locations, provide students with individual computers through which they are able to participate in hands-on training, and a faculty station which enables demonstration of software. Individual instruction on how to use the equipment in both Technology enhanced and Computer classrooms can be obtained through Information Technology.

**Academic Computing Initiative**

The Academic Computing Initiative has three primary components: The laptop program, the campus wireless network, and the student portal (MySJU).

All new incoming full-time undergraduate freshman and transfer students who have satisfied their financial obligations to the University have the option to participate in the Academic Computing Initiative. Students that participate in the ACI Program are charged a Laptop Usage Fee each semester until they graduate. For 2017, the University is offering the students who participate in the ACI Program a choice between two Lenovos or an Apple laptop. The Lenovo laptops run Microsoft Windows 10 with Office 2016, while the Apple runs Sierra with Office 2016. All laptops are covered by a 4-year warranty supported by repair centers between two Lenovos or an Apple laptop. The University is offering the students who have satisfied their financial obligations to the University the option to participate in the Academic Computing Initiative. Students that participate in the ACI Program are charged a Laptop Usage Fee each semester until they graduate. For 2017, the University is offering the students who participate in the ACI Program a choice between two Lenovos or an Apple laptop. The Lenovo laptops run Microsoft Windows 10 with Office 2016, while the Apple runs Sierra with Office 2016. All laptops are covered by a 4-year warranty supported by repair centers on the Queens and Staten Island campuses.

**Other Highlights of Technology at SJU**

MySJU is a one-stop web portal that makes University resources available to students from the Internet. It includes student productivity tools such as email and calendaring, communication tools like chats and discussion groups, and educational tools like course home pages, syllabi, library access, and course calendars.

The architecturally attractive, striking and intimate D’Angelo Center features state-of-the-art technology, including the latest version of the technology podium, video conferencing capabilities, 14 technology enhanced classrooms and 6 technology enhanced seminar rooms. The building has been constructed according to LEED (Leadership in Energy and Environmental Design) standards and includes many energy-saving mechanical and electrical systems. The Center is a wireless facility, allowing students to use their laptops wherever they choose. Every seminar room features a 80-inch high definition Video LCD display or a projector both with a DirecTV feed. There is also a large Multi-Function Room that can be subdivided into 3 full size fully equipped classrooms or used as one massive banquet hall. Finally, the Tiered Lecture Hall, which seats 145, boasts two DirecTV ready 65 inch LCD displays besides a video projector and motorized projection screen. Both the Tiered Lecture Hall and Multi-Function Room are equipped with wireless microphones, allowing the speaker to freely move anywhere in the room.

Academic technology was designed and installed in the Peter J. Tobin College of Business’ new classrooms. Some highlights are:

- Eight general use classrooms each equipped with a laser phosphor projector, wireless connectivity to mobile devices, document camera, web camera, stereo sound, lecture capture, touch panel controls, rear wall display, and a large podium with laptop connections and touch enabled display.
- One active learning classroom containing five team work areas, each provisioned with a large display and wireless connectivity, controlled from a centrally located podium.
- A Business Analytics Lab with 40 desktops, 27” desktop monitors, 2 large interactive touch displays, large video wall, color LED stock ticker and Bloomberg technology. This space is an evolution of the Financial Information Lab in Marillac Hall.
- Multi-function space which can be configured for classes or events.

**Computer Lab Hours**

(Queens campus)

**SULLIVAN HALL COMPUTER LAB HOURS**

Sullivan Hall, First Floor
718-990-6672

Monday– Friday: 7 a.m.–11 p.m.
Saturday and Sunday: Please check posted hours for availability

**MARILLAC HALL COMPUTER LAB HOURS**

Marillac Hall, Second Floor
718-990-6748

Monday–Thursday: 7 a.m.–9 p.m.
Friday: 7 a.m.–6 p.m.
Saturday: Closed
Sunday: Closed

*Please note: Lab hours are subject to change during intersession. For Staten Island Microcomputer Lab hours, please call 718-390-4498.

**Speech and Hearing Center**

The Speech and Hearing Center, under the direction of Anne-marie Maher, MA, CCC- SLp, has offered diagnostic and therapeutic services for communication disorders since 1976. Located off the Queens campus on Union Turnpike, the Center serves Queens, Long Island and the metropolitan New York community. The population served ranges from infants to adults. The Center’s staff consists of ASHA certified and New York State licensed professionals who work with each client to completely evaluate and assess the communication disorder as well as design intervention strategies for a therapy program. Therapy sessions are scheduled on a semester basis according to the Academic Calendar. When indicated, referrals are made to other appropriate agencies.

The Center serves as a training site for St. John’s University graduate students enrolled in the Speech–Language Pathology and Audiology Program. Therapy is provided by professionals and by students under direct supervision. The Center is a fully equipped, modern facility, housing the latest diagnostic, therapeutic materials and instrumentation. Two complete audiometric suites are on site to provide audiological evaluation and hearing aid fitting.

The Center provides comprehensive evaluation services and treatment for impairments in articulation, fluency, voice, expressive and receptive language, motor–speech skills and language-based-learning disabilities. In addition, highly experienced Speech-Language Pathologists provide intervention for adults with aphasia, accent modification services, aural rehabilitation services, social skills groups, aphasia groups and cognitive-language stimulation groups. The Speech and Hearing Center also provides community based services such as: speech–language screenings, hearing screenings, as well as intervention in nursing homes, schools, churches and community centers.

The Audiology Services include audiological evaluations, such as pure tone and speech audiometry, impedance and site of lesion testing; brainstem-evoked response testing; hearing aid evaluation and orientation; early childhood testing; central auditory processing testing and ototoxic emission testing. The Center provides free screenings on and off-site as well as free hearing-aid help on designated days. Complete evaluations and treatment services are offered for nominal fees. Call for information: 718-990-6480.
University Libraries

The St. John’s University Libraries enhance teaching and learning in the University by providing information resources, instructional services, research assistance and other information services for University programs, students and faculty. The University Libraries are comprised of two campus libraries, Queens and Staten Island, and an additional collection on the Rome Campus. St. John’s University School of Law separately maintains the Rittenberg Law Library on the Queens Campus. The Davis Library on the Manhattan Campus houses one of the finest collections of contemporary and historical insurance materials in the country.

The University Libraries provide onsite access to all resources and to study space, as well as a growing collection of resources and services available remotely to all authenticated members of the University community and in support of our global campuses and online learning programs. Cooperative arrangements with other libraries provide regional, national and international access to materials.

The Main Library on the Queens Campus is a selective depository for United States government documents, and houses Special Collections and the University Archives. The Main Library also oversees the Chin Ying Asian Library located in Sun Yat-Sen Hall.

The Loretto Memorial Library, with over 100,000 volumes including periodicals and microform collections, is a focal point of the Staten Island Campus.

Research guidance and a variety of instructional programs provide a strong foundation for all undergraduate and graduate students and support lifelong learning.

University Freshman Center

The University Freshman Center’s purpose is to fulfill the commitment made by St. John’s University to mentor and guide first-year students and their families through the student’s transition from high school to college. Our goal is to welcome each and every student into the St. John’s community, and assist them with their overall transition, acclimation and integration into the University setting. We accomplish this by helping first-year students achieve a connection and a feeling of belonging to the University.

The University Freshman Center provides first-year students with their own personal professional advisor. The advisor will focus on providing the student with the knowledge and support needed to make informed decisions concerning their academic program and career goals, as well as assisting with personal and financial concerns. The University Freshman Center will act in conjunction with, and on the behalf of, each new student from the time they make their initial entry into the institution to the time they reach their sophomore year.

The University Freshman Center takes pride in “going the extra mile” for the newest members of our University community. Our Center is committed to ensuring that every first-year student receives the necessary tools to become responsible and is prepared to take charge of their own academic career. For any additional information regarding the University Freshman Center, please call 718-990-5858 or email the office at freshmancenter@stjohns.edu. You may also visit our website at stjohns.edu/ufc.

As a Catholic university, St. John’s is challenged to embody academic excellence. According to Pope John Paul II in the apostolic constitution Ex Corde Ecclesiae and the U.S. bishops in their document Catholic Higher Education and the Pastoral Mission of the Church, Catholic universities must give their students the highest quality liberal education. For undergraduates, we believe this is best achieved through a unified Core Curriculum. The University Core Curriculum serves as a platform for excellence in the liberal arts and sciences, professional programs of study, and lifelong learning.
Rationale for a University–Wide Core Curriculum

The rationale for a University–wide Core Curriculum flows from several key elements of the Mission Statement, which declares that St. John’s University is (1) Catholic, (2) Vincentian, and (3) metropolitan.

Specifically, the University Core Curriculum reflects the Catholic, Vincentian and metropolitan nature of the institution in the following ways:
1. The courses of the Core Curriculum at St. John’s, in the best of Catholic tradition, enrich the study of the arts and sciences with the perspectives and traditions of the Catholic faith and encourage students of all faiths to seek truth in a universal spirit of openness.
2. The courses of the Core Curriculum at St. John’s reflect the Vincentian tradition of a values–oriented worldview. This means that in its design and execution, the Core Curriculum makes conscious efforts to promote global harmony and human development and in the spirit of St. Vincent de Paul, reflects sensitivity to and concern for those who lack advantages.
3. St. John’s University is proud of its role as an institution of higher education in New York City, a global center of ideas and cultures. The courses of the Core Curriculum draw on the rich resources that the city and its surrounding area have to offer.

Purpose of the Core

The purpose of the Core Curriculum is to provide a unified educational experience that characterizes St. John’s students and provides them with the knowledge and skills necessary to become educated members of society. The Core consists of 27 common credits that are taken by every St. John’s student, regardless of college or major field of study, and a minimum of 21 Distributed Core requirements that vary by college or program of study.

The Core is divided into two groups: Common Core and Distributed Core. The distinction does not imply difference in importance, but reflects the diversity of programs of study.

Courses of the Common Core

Discover New York (3 credits)
DNY is an introduction to New York City through the lens of a particular academic discipline. The course focuses on the themes of immigration, race/ethnicity, religion, wealth and poverty and the environment. Students are required to take field trips as a part of their study.

First Year Writing (3 credits)
In this writing–intensive course, students read a variety of essays, analyzing them for content, structure and language. Analysis and synthesis in both reading and writing about a variety of subjects are required. Research techniques are studied, and a research paper is required.

English: Literature in a Global Context
(3 credits)
This writing–intensive course examines literature from a global perspective. While familiarizing students with literary genres and text, the course introduces students to writing and critical thinking about culture, cultural difference and social values.

History: The Emergence of Global Society
(3 credits)
The global dissemination of the scientific, technological and industrial revolutions and the spread of world religions, democracy and internationalism lead to the emergence of modern society. The impact of Western cultural, economic, and technical domination and globalization as a historical force are examined.

Philosophy: Philosophy of the Human Person
(3 credits)
What does it mean to be a human person? This course places special emphasis on the nature of human freedom, consciousness and cognition, and the origin and significance of life. Central to the course is a discussion of the spirituality, immortality and dignity of the human person. The course begins with an introduction to philosophy and critical thinking.

Philosophy: Metaphysics
(3 credits)
Metaphysics addresses the ultimate principles of knowing and being. Central questions are considered: Is there evidence of God’s existence, and correspondingly, is there a solution to the problem of evil? This course also considers traditional metaphysical aspirations in the context of contemporary challenges from the physical and social sciences.

Scientific Inquiry
(3 credits)
This course introduces students to the fundamental processes of science through the exploration of specific topics in modern science. Students can choose from a number of different investigations (historical and logical sequences in the development of a major idea) including those into atomic theory, energy, environmental science, evolution, geoscience and quantum mechanics.

Speech: Fundamentals of Public Speaking
(3 credits)
Students learn to apply the basic principles of purposive speaking with primary emphasis on extemporaneous public speaking.

Theology: Catholic Perspectives on Christianity
(3 credits)
This course introduces Christianity, highlighting belief statements, practices, scripture, rites, theological writings, artistic expressions and other discourses manifesting and expressing the Catholic perspective of the Christian faith.

Courses of the Distributed Core

1. EITHER two courses in a second language
   OR Creativity in the Fine Arts AND Language and Culture (6 credits)
2. Mathematics (3 credits)
3. Philosophy (Ethics) (3 credits)
4. Theology (6 credits) (including one course in Moral Theology)
5. Social Sciences (3 credits)

Individual colleges may require additional Distributed Core courses. All requirements are listed on the Core Curriculum Website. Students should see their Academic Advisors for assistance in choosing courses of the Distributed Core.
Programs of Study

St. John’s College of Liberal Arts and Sciences offers programs leading to the degrees of Bachelor of Arts, Bachelor of Science, and Bachelor of Fine Arts.

Degrees and Majors Available

Curricula for these degrees and the major sequences required for each academic discipline appear on the following pages.

Bachelor of Arts

Anthropology++
Asian Studies++
Economics
English*
Environmental Studies++
French++
Government and Politics*
History*
Italian++
Mathematics
Philosophy
Psychology*
Public Administration and Public Service++
Rhetoric and Public Address++
Social Studies+
Sociology*
Spanish++
Speech-Language Pathology and Audiology
Theology*

Bachelor of Science

Biology++
Chemistry++
Computer Science+
Environmental Studies++
Mathematical Physics++
Mathematics
Physical Science++
Physics++

Bachelor of Fine Arts++

Fine Arts
Graphic Design
Illustration
Photography

Minors Available

To be awarded a St. John’s College minor, at least 50% of the coursework must be completed by way of St. John’s College courses. Minors are not required for graduation but are chosen by students who wish to focus their core requirements and general electives in particular directions. The following guidelines for minors were determined by the Liberal Arts Faculty Council:
1. Students may choose any available minor program that is clearly differentiated from their major area of concentration.
2. Students may elect a minor after the completion of one semester of college.
3. Only one three-credit course may be used for both a major and a minor, provided that the minor sequence has at least 18 credits. For minors with fewer than 18 credits, no overlap is possible.
4. The Pass-Fail Option is not available in the fulfillment of minor requirements.
5. Students should schedule an interview at least once a year with their minor advisor.
6. The successful completion of a minor (with a minimum index of 2.0) will be noted on students’ transcripts.
7. To be awarded a St. John’s College minor, at least 50% of the coursework must be completed by way of St. John’s College courses. Previously completed courses may be applied but may not make up more than 50% of the total credit.

Notes: *Combined B.A./M.A. or B.S./M.S. programs available.
+Available on Staten Island campus only.
++Available on Queens campus only.
Interdisciplinary Minors

Africana Studies
15 semester hours including: HIS 3400 and twelve semester hours, representing at least three different disciplines, selected from the following: ANT 2440, 2450; ART 1755, 1830; ENG 3300, 3330, 3470, 3475, 3480, 3560; FRE 3820; GOV 2480, 2750, 3680; HIS 2300, 2301, 2302, 2450, 3410, 3711, 3712, 3850; MUS 1300; PSY 2230; SOC 1190, 2450.

Note: Independent study courses, special topics courses and graduate level courses with significant Africana content can be counted for Africana minor credit with authorization of professor and director of Africana Studies.

American Studies
18 semester hours including: three semester hours in the Capstone ASP Seminar and fifteen semester hours from three different areas, selected from the following:

Humanities Group (six semester hours from different disciplines): ENG 2060, 3300, 3310, 3320, 3330, 3340, 3350, 3360, 3390, 3470, 3480, 3560; HIS 2700, 2710, 2711, 2712, 2720, 2730, 2740, 2750, 3100/ASC 2540, 3150, 3180, 3375, 3701, 3702, 3705, 3711, 3712, 3720, 3725, 3731, 3732, 3735, 3740, 3750, 3760, 3780, 3790, 3795; PHI 3450; RCT 2040; THE 3510.

Social Sciences Group (six semester hours from different disciplines): GOV 2160, 2240, 2430, 2510, 3641, 3330, 3590, 3800; SOC 1170, 1190, 2410, 2420, 2440, 2450, SOC/ ANT 2750.

Arts, Media, and Technology Group (three semester hours): ART 1830, 1840, 2790; MUS 1230, 1260, 1300.

Capstone ASP Seminar (3 semester hours) Seminar in American Studies: Engaging American Culture

The seminar introduces students to recent developments in American Studies focusing on social justice, community-based research projects, fieldwork, and problem-solving methodologies.

Catholic Studies
18 semester hours including: THE 1000C, 2000, 3000, and nine semester hours approved by the minor program director; up to six semester hours may be taken outside of the department of Theology and Religious Studies with the permission of the director.

Women’s and Gender Studies
18 semester hours chosen from the following (maximum of six semester hours may be taken in the same discipline): ART 1840, 2770; ANT 1110; CLS 1240; ENG 3350, 3475; GOV 1280; HIS 3140, 3300, 3460, 3560, 3562, 3731, 3732, 3735; PHI 2330, 3580; PSY 2240; SOC 1150, 1170, 1570, 2220, 2330, 2430, 2440, 4990; THE 3240. Internships may also receive course credit with the approval of the director.

Multicultural and Multiethnic Studies
18 semester hours including: ANT 1010, 1040, 1155/RCT 1155 and nine semester hours from courses relating to culture/civilization, each course from a different region of the world: Africa, Asia, Europe, Latin America and the Caribbean, and Middle East.

Courses applicable to the minor:

Africa: ANT 2450; ENG 3330; FRE 3820; GOV 3680; HIS 2302.

Asia: ANT 2760; ASC 1230, 1250, 1300, 1310, 1480, 1490, 1790/THE 2830, 1800/THE 2840, 2210, 2220, 2500/HIS 2310, 2510/HIS 2312, 2710/GOV 3710, 2720/GOV 3720, 3460, 3470; PHI 3590.

Europe: ENG 3540; FRE 3090, 3100, 3300, 3550, 3560, 3600, 3630, 3650, 3670, 3690; GOV 2650, 2660; HIS 3511, 3512, 3612, 3652; ITA 3090, 3100, 3550, 3560; LAT 1040; SPA 3090, 3550, 3610, 3770, 3780.

Latin America and the Caribbean: ANT 2440; FRE 3820; GOV 2690, 2750, 2760; HIS 2331, 2332; SPA 3100, 3560, 3700, 3730, 3740.

Middle East: GOV 3820; THE 2850, 3850.

New York Studies
18 semester hours including: DNY 1000C and fifteen semester hours chosen from the following: ANT 4820; ART 1020; BLW 1040; ECO 1019; ESP 1050; GOV 2470, 2480; HIS 3760, 3770; RCT 2090; SOC 1011, 1021, 1080, 1190, 1220, 2460, 2630; THE 3320; TVF 1740.

Note: No more than six semester hours can be from mini-session courses. No more than six semester hours can be from any one discipline.

Social Justice: Theory and Practice in the Vincentian Tradition
18 semester hours including: THE 2320, 4995, three semester hours chosen from: PHI 2200C, 2240C; THE 2300, three semester hours chosen from: SOC 1190; ECO 1320, and six semester hours chosen from the following: ART 1830; BIO 1360; CRJ 3005; ECO 1024; ESP/GOV 2160; ESP/GOV 2170; GEO 2001; GOV 2850; HIS 3110, 3120, 3740, 3780; LES 1018, 1023, 1024; PHI 3720; PSY 1019; SOC 1070, 1170, 1590, 2100, 2460; RCT 2060, 3150; THE 3310, 3320.

In addition, students must complete a minimum of 40 hours of service-learning in the courses in the minor.

Specific Entrance Requirements
15 high school units (or appropriate score on GED):

English 4
Mathematics 2
History 1
Science 1
Foreign Language 1
Electives 6

At least three electives must be from the academic grouping.

In addition to these basic admission requirements for all St. John’s College degree programs, the following should also be noted:

1. Students seeking admission to the B.F.A. degree program must submit a portfolio of original artwork. Upon submission of a completed application admission, students will be asked to contact the Department of Art and Design to schedule a portfolio review.

2. Students seeking to matriculate for a B.S. degree, a B.A. degree in Mathematics, or who are looking toward careers in Medicine, Dentistry, Osteopathy, or Optometry should include the following courses in their high school programs: Intermediate Algebra and Trigonometry (or 11th year Mathematics), advanced Algebra and Calculus, Physics and Chemistry.

3. Students seeking admission to the B.A. degree in Speech-Language Pathology and Audiology must have a high school average of at least 82 and a combined SAT score of 1100.

Transfers

The general University policy for students requesting transfer from other colleges or universities is stipulated in the Admission section of this bulletin. Students accepted by the College will receive an evaluation of their transfer record listing the courses applicable to their program of study at St. John’s College of Liberal Arts and Sciences. Only courses with grades of C or better will be considered for transfer. See the Graduation Requirements section of this bulletin to see how transfer credits impact graduation honors eligibility.

Transfer students must contact Transfer Student Services at 718-990-3372 to schedule an interview to plan their academic program.

All external transfer applicants to St. John’s College who have been awarded an A.A. or A.S. degree will fulfill the requirements for their baccalaureate in St. John’s College after successfully completing a minimum of an additional 64 semester hours including, a) six semester hours in Philosophy and six semester hours in Theology, and b) the requirements for the selected major concentration. The remainder of the student’s program is
determined under the guidance of an assigned advisor. All external transfer students seeking admission to the B.A. degree in Speech-Language Pathology and Audiology must have a GPA of at least 3.0.

Credits may be accepted for transfer if it was earned at a college/university that is accredited by a regional accrediting organization (e.g., Middle States Commission on Higher Education) or if it was earned at a college/university-level institution of a type traditionally accredited by some other type of agency (e.g., in New York State, the Board of Regents). Students with credits from other countries will be asked to provide a World Education Service evaluation before transfer credits are awarded.

**Internal**

The general University policy for students requesting transfer from other colleges within the University is stipulated in the Admissions section of this bulletin. All applications are subject to the review and approval of the College Admissions Committee.

Upon entry to a St. John’s College program of study, students must take all their remaining major courses within their major department. All internal transfer students seeking admission to the B.A. degree in Speech-Language Pathology and Audiology must have a GPA of at least 3.0.

**Advanced Placement/International Baccalaureate**

St. John’s College awards Advanced Placement to those entering freshmen who earn a requisite score on the Advanced Placement tests. Advanced placement credits will be awarded at the discretion of the dean’s office.

With respect to credit for students who have earned an International Baccalaureate (IB) Programme Diploma, the following policies are in effect:

1. The College will consider only IB higher level (HL) courses. No credit will be awarded for standard level (SL) exams.
2. The College will evaluate IB higher level courses on a course-by-course basis.
3. Credit will be considered for higher level exam results with a grade of 5 or higher.
4. Students must submit official transcripts of exam results.

**Fresh Start Rule**

An undergraduate student accepted for readmission to St. John’s College after an absence of five or more years from the University may petition the Dean to recalculate the cumulative index of his/her previous residency. If the petition is approved, all courses taken remain on the permanent record with their original grades. Only grades of A, A-, B+, B, B-, C+, and C are counted for credit. The student resumes his/her academic program with no cumulative or major index and thereafter is subject to the conditions of warning, probation, and dismissal which govern all students. The student must fulfill all degree requirements in effect at the time of readmission.

Under the provisions of this rule, astudent must complete a minimum of 30 credit hours, which shall include advanced major field courses typically taken in the senior year. All courses taken on the college level are used in the calculation of the index required for graduation with honors.

This rule applies to St. John’s College only. A student who is re-admitted to the college under this rule and subsequently transfers to another undergraduate unit of St. John’s University becomes subject to the regulations of that college. Other undergraduate units may not permit index recalculation.

**Academic Standing**

A full-time student’s program may range from a minimum of 12 to a maximum of 18 hours (credits) per semester. Freshman programs are usually 15 semester hours (credits). A student who receives a grade of F for a required course must take the course again. Please refer to the Office of the Registrar section of this bulletin for more information.

To remain in good academic standing, a student must maintain a minimum grade point average of 2.0 both cumulatively and in their major area. A student who fails to meet these standards is placed on academic probation and limited to a program of 15 credits (five courses) maximum until he/she attains satisfactory academic standing.

The minimum acceptable performance for continued study at St. John’s College is a cumulative index of 1.5 at the end of the first year, 1.75 at the end of the second year and 1.9 at the end of the third year. A cumulative and major grade point average of 2.0 is required for graduation.

**Attendance Policy**

Regular and prompt attendance is expected of all students and is an individual student’s responsibility. Absence from class does not excuse a student from any work missed.

Students are responsible for all announced exams and for submitting all assignments on time. Ignorance of such exams and assignments is not an acceptable excuse for failure to complete them. Individual faculty members determine participation requirements and if a makeup exam will be given as stated within their course outlines and requirements.

Several types of courses such as writing courses, science laboratories, global language and culture courses, art studios and speech performance courses are not covered under this general requirement and may have specific attendance requirements. Students are responsible for the published attendance requirements in any course for which they are registered.

**Pass-Fail Option**

The Pass-Fail Option has been instituted to encourage students to enroll in more challenging courses outside their major area without affecting their grade point average.

The option is available to students with sophomore status who have completed a minimum of 25 credits, and whose current grade point average is at least 2.0. The option is limited to one course per semester and/or term (e.g., Pre-session, Summer Session I, Summer Session II, and Post-Session are considered one term) with the total during the three years, not to exceed six courses.

The Pass-Fail Option may not be used in connection with the students’ major/minor requirements (including ancillary courses required for the students’ degree). The Pass-Fail Option may not be used toward major/minor courses taken as free electives either. This option does not affect the student’s grade point index, although a “Pass” is credited toward the degree.

Application for the Pass-Fail Option must be submitted on-line through UIS. In any given semester, a student may elect the Pass-Fail Option up to and including the last date designated for withdrawal from class without academic penalty. The Pass-Fail Option is also reversible during the same time period.

**Make-up Examinations**

St. John’s College adheres to the general University policies regarding examinations as stated in the Academic Information and Regulations section of this bulletin.

Tests, term papers and assignments are given at the discretion of the instructor. Credit is not given for a course unless all assignments have been satisfactorily completed. All work must be submitted no later than the last meeting of the course.
St. John’s College does not give “Incomplete” grades to undergraduate students. At their discretion, faculty may issue a special grade of UW (Unofficial Withdrawal) to a student who has stopped attending and has not completed a substantial amount of the assigned work. Faculty may also issue a final grade of F to any student who, in their judgment, has not satisfactorily completed the stated course requirements in an acceptable manner.

A special grade of ABF (Absent from Final) may be given to any student who has completed all course requirements with the exception of the final exam or assignment because of circumstances that are typically beyond the control of the student. Any student receiving an ABF must submit a written explanation, along with substantiating evidence, to his/her dean’s office immediately. The academic dean of the college in which the student is enrolled determines if the student is permitted to complete a make-up final exam (for courses with a final exam) or assignment (for courses with a final assignment). If a student’s missed final assignment cannot be made up in exactly the same manner as when administered in class, the instructor may substitute another activity or assignment in order to assess the missed final work. If permission is granted, a make-up will be scheduled and a fee of $80 must be paid to the Bursar prior to the scheduled make-up date. Make-ups must be completed in the most immediate time frame that is reasonable for the circumstances of the case. In no case shall the scheduled make-up be extended past the end of the following term.

Academic Awards, Distinctions and Prizes

Students may be awarded academic distinction for outstanding scholastic performance by being named to the Dean’s Honor List. To qualify, a student must average 3.4 (minimum of 12 credits per semester) for consecutive fall and spring semesters in any academic year.

Annually, a Gold Key for academic excellence is awarded to a qualifying senior in each department of St. John’s College. The recipient of each award is selected by the chair of the department in consultation with the dean’s office on the basis of the student’s outstanding scholastic achievement in his/her major field, the student’s overall academic performance and the recommendations of their department’s faculty. Silver Keys are also awarded to outstanding juniors in each major department, based on similar criteria.

The Carlton Boxhill Award is presented to a graduating senior who has demonstrated excellence in academic achievement and University and community activities.

The Dr. Gerald E. Fitzgerald Award is presented to outstanding seniors from the government and politics major and public administration and public service major.

The Charles Lacailade Award is presented to biological science majors with strong academic credentials and research experience.

The Edward J. Miranda Award is awarded to an outstanding mathematics major who has demonstrated interest and dedication to the study of mathematics.

The Reverend John B. Murray Award is presented to a graduating psychology major who has demonstrated academic excellence, research activity and/or service to the University or greater community.

Special Programs

Combined Degree Programs

B.A./M.A. in Asian Studies
B.S./M.S. in Biology
B.S./M.S. in Chemistry
B.A./M.A. in English
B.A./M.A. in Government and Politics
B.A./M.A. in History
B.A./M.A. in Psychology/Criminology and Justice
B.A./M.A. in Sociology
B.A./M.A. in Sociology/Criminology and Justice
B.A./M.A. in Spanish
B.A./M.A. in Theology

These integrated programs permit qualified students to earn a bachelor’s degree in four years and master’s degree in five years instead of the usual five-and-a-half or six years required to obtain the two degrees. Each program is designed to enable students to complete their undergraduate degree requirements in four years. This ensures receipt of the bachelor’s degree if the student
decides not to continue for the fifth year. Should the student decide not to continue with the combined degree program after the fourth year, he/she can reapply to a master’s program at a later date.

To be considered for a combined degree program, applicants must have completed the sophomore year with at least a 3.0 overall index and a 3.5 index in 12 credits applicable to the major. Students should consult the St. John’s College Dean’s Office for additional qualification/application information.

Collaborative Programs

**B.A./J.D. and B.S./J.D.**

This program permits exceptionally qualified students with well-defined professional goals to complete their academic training in six years, earning an undergraduate degree from St. John’s College and a Juris Doctorate degree from St. John’s School of Law. Interested students must contact the Pre-Law Advisor in the St. John’s College Dean’s Office before the start of their junior year.

**B.S./O.D.**

This highly competitive accelerated program permits qualified students to earn a B.S. in Biology from St. John’s University and an O.D. from SUNY College of Optometry in seven years. This program is open to incoming freshmen with superior academic credentials.

*Admission interviews are required. All science courses for these combined degree programs are conducted on the Queens campus.*

**B.A./M.B.A. and B.S./M.B.A.**

**B.A./M.B.A. in Anthropology/Business Administration**

**B.A./M.B.A. in Asian Studies/Business Administration**

**B.A./M.S. in Asian Studies/Accounting**

**B.A./M.B.A. in English/Business Administration**

**B.A./M.B.A. in French/Business Administration**

**B.A./M.B.A. in History/Business Administration**

**B.A./M.B.A. in Italian/Business Administration**

**B.S./M.B.A. in Mathematical Physics/Business Administration**

**B.S./M.B.A. in Physics/Business Administration**

**B.A./M.B.A. in Psychology/Business Administration**

**B.A./M.B.A. in Sociology/Business Administration**

**B.A./M.B.A. in Spanish/Business Administration**

These programs permit highly qualified students to complete a bachelor’s degree from St. John’s College and a master’s degree from Tobin College of Business in five years. Students should consult the St. John’s College Dean’s Office for additional qualification/application information.

Bachelor Degrees leading to Adolescent Education Certification

Students in selected major fields can opt to include 42 credits in Adolescent Education courses in conjunction with their major requirements. Students graduate with a bachelor’s degree in the major field and may be certified by New York State to teach if they fulfill all certification requirements. For information about NYS certification exams and requirements, students should consult with the School of Education. Admission into any of these programs requires a minimum of 3.0 GPA which must be maintained throughout the academic program. Students may pursue Adolescent Education in the following major fields: Biology, Chemistry, English, French, Italian, Mathematics, Physical Sciences, Social Studies, and Spanish. All fields are offered on the Queens campus; English, Mathematics, Social Studies are also offered on the Staten Island campus. Students must complete the following 42 credits in professional education courses:

- **EDU 1000** 3 credits
- **EDU 1002** 3 credits
- **EDU 1008** 3 credits
- **EDU 1011** 3 credits
- **EDU 1012** 3 credits
- **EDU 1015** 3 credits
- **EDU 1022** 9 credits
- **EDU 1028** 3 credits
- **EDU 1053** 3 credits
- **EDU 1055** 3 credits
- **EDU 1091, 1092, 1093, 1094, or 1096** 3 credits
- **EDU 1097** 3 credits

Independent Study and Readings Guidelines

Student must submit to the Department Chair a contract signed by a faculty member from the student’s major department. Contract must include: a brief description of the course of study, a representative and tentative bibliography, the requirements established by the faculty member and the approval of the contract by the Department Chair.

Restrictions: Student must have completed a minimum of 12 credits in the major; achieved a minimum 3.0 GPA in the major; the topic of the assigned readings course must be distinct from the department’s course listings in the Bulletin; the course may not be substituted for a major requirement.

Exception: In those departments with a limited number of student majors, the course may be substituted for a requirement in the major with the approval of the Chair.

A student may not take more than two courses of independent research and/or study without the express approval of the Department Chair.

Internships

St. John’s College offers supervised practical training through fieldwork and/or placement in public and private agencies/institutions. In some cases, these credit-bearing internships may be taken by qualified non-majors as well as majors. Program qualifications and application procedures vary. Interested students should consult their campus Dean’s Office for additional information.

Online Courses

Online courses offer flexibility in work and study schedules and reduce the need for traveling. This can be liberating for working students, parents of young children, and commuters. Online courses are open to all St. John’s University students. For additional information regarding online courses, consult with the Chair of the department.

Pre-Professional Advisory Programs

**Pre-Law**

Most law schools do not require specific subjects for admission, therefore pre-law students may choose any undergraduate major. While students assume responsibility for their choice of academic programs, the Pre-Law Advisory Program provides students with information and advice on courses that are most beneficial in preparing for the Law School Admission Test and eventual entrance into law school. Interested students should contact their Dean’s Office.

**Pre-Health**

Pre-Health Studies are designed to provide background for entry to medical or health professional schools. Basic curriculum requirements for acceptance to the Pre-Health Studies program include:

- Biology (one year)
- Chemistry (two years)
- English (one year)
- Mathematics (one year)
- Physics (one year)

The B.S. degree provides a more thorough training in science, but the above courses in conjunction with any program permit liberal arts students not only to meet minimum requirements for admission to most health profession schools but also to develop broad cultural backgrounds.

Students interested in the medical or health sciences are urged to register with the Pre-Health Advisory Committee, which informs students of requirements for admission to health professional schools, and helps them develop the personal qualities necessary for these health professions. The committee prepares students for entrance into professional schools by assisting with interview skills, holding on-campus interviews, and inviting guest speakers from the various graduate
health professional schools. The committee also recommends qualified students to medical, dental, optometry, osteopathic, pediatric, and veterinary colleges to which they apply.

Note: All Science courses requiring laboratory corequisites are held on the Queens campus. There is a $5 charge to send out any Pre-Health recommendation packages after the twelfth package.

Preparation for Theological Studies

Students who intend to become candidates for the priesthood are encouraged to pursue a sound liberal arts program which has a special value as a preparation for the study of theology. They may choose to pursue a B.A. or B.S. degree, although Philosophy is considered the most appropriate major. The choice of another major is to be evaluated according to individual circumstances and needs.

Certain active on-campus organizations can be of assistance in providing pastoral experience with the poor and the alienated, and in studying questions of peace and justice. Spiritual advisors are available for discernment and direction.

Course offerings note:

All course offerings vary per semester and are subject to change.

Graduation total: 132 credits minimum

The Institute for Core Studies (ICS)

The Institute for Core Studies (ICS) was created to help first-year students in their academic transition to University Life. As a unit, the three courses comprising the ICS, First Year Writing, Scientific Inquiry, and Discover New York assist first-year students in becoming their own intellectual “gatekeepers” of the large amounts of information from a wide variety of sources.

The ICS has five basic educational goals: (1) helping students to develop critical thinking and information literacy skills; (2) familiarizing students with the evidentiary bases of scientific knowledge, the use of quantitative and qualitative research skills, and the distinctions between correlation and causation in the transmission of knowledge; (3) assisting students in developing the writing capabilities and oral communication skills necessary to express their own thoughts and feelings and questions about the world around them; (4) encouraging student understanding of and an appreciation for the uniquely multi-cultural nature of the New York City Metropolitan area; (5) actively engaging students in the University’s Vincentian mission of service to the community by emphasizing Academic Service Learning.

Each of the three classes comprising the ICS plays a distinct but ultimately interrelated part in achieving these goals.

Discover New York (DNY 1000C) encourages students to engage intellectually and personally with the remarkable city that not only houses St. John’s University but also serves as home to people from literally all over the world.
Faculty members develop DNY courses around the application of their own academic disciplines, and employ these disciplines as the conceptual lenses to address the general framework defining DNY’s educational goals. As a result, students have the opportunity to “see” New York City through a particular academic perspective including those focused on the arts, business, socio-political relationships, literature, and media in the city. With a continual emphasis on critical thinking and information literacy skills as the primary pedagogy of learning, the city becomes the laboratory for the students’ application of the course focus. Moreover, with the emphasis on Academic Service Learning, the city is experienced by students as a place populated with “real people,” many of whom live in difficult situations and need assistance.

First Year Writing (FYW 1000C) focuses on literacy education, challenging students to see writing as a multifaceted activity, and immersing them in multiple and far-ranging experiences with writing. Professors help students gain comfort in writing, through a repertory of practices: pre-writing and generating techniques, multiple approaches for developing and organizing their own message, a variety of strategies for revising and editing their own original texts, and ways of preparing products for public audiences and for deadlines. The faculty focuses on developing students’ reflective abilities and meta-awareness about writing by encouraging students to embrace writing, not simply as a set of strategies for the production of essays, but an exercise in thinking. Students are helped to grow as writers through opportunities to discuss what they are writing about with their peers as well as by attending writing conferences with their professors. The faculty creates spaces for student-writers to experience a web of relationships and craft their own unique identities with texts, writing, and multiple literacies.

Scientific Inquiry (SCI 1000C) introduces students to the way scientists think about and view the world. Through a specific theme, such as evolution, atomic theory, energy, or plate tectonics, students will develop their critical thinking and quantitative reasoning skills. The historical development of the specific theme is explored to learn how scientific theories change and develop over time as new discoveries occur. Science is empirical in nature. To understand the process of science, students investigate how experiments are designed and the results interpreted. Students learn the logic of the scientific method and how it may be used to solve problems in their everyday lives. They also learn how data may be biased and misinterpreted using historical examples. Finally, because science is not conducted in a vacuum, and it impacts the world around us, the students analyze societal issues that deal with science in terms of values, ethics and responsibilities.

Art and Design (ART)

Major Sequences

Fine Arts
84 semester hours including: ART 1110, 1130, 1200, 1210, 1510, 1710, 1720, 2120, 2220, 2310, 2320, 2520, 2750, 2970, 3115, 3240, 3350, 3560, 4110, 1135 or 1105; 3200 or 3720; 4909 (nine-credit internship) or 4125 (nine-credit Creative Thesis); plus twelve semester hours from the approved ART electives list as recommended by the department.

Graphic Design
84 semester hours including: ART 1105, 1110, 1115, 1150, 1170, 1710, 1720, 2115, 2125, 2130, 2145, 2750, 3110, 3120, 3125, 3130, 3135, 3350, 4120; nine semester hours chosen from: ART 1120, 1200, 1280, 1510, 1630, 1640, 2120, 3015, 3115; 4909 (nine-credit internship) or 4125 (nine-credit Creative Thesis); plus twelve semester hours from the approved ART electives list as recommended by the department.

Illustration
84 semester hours including: ART 1105, 1130, 1200, 1210, 1270, 1280, 1710, 1720, 2145, 2220, 2230, 2240, 2265, 2280; 2310 or 2320 or 3340; 2750, 3110, 3570, 4115; 4909 (nine-credit internship), or 4125 (nine-credit Creative Thesis), plus fifteen semester hours from the approved ART electives list as recommended by the department.

Photography
84 semester hours including: ART 1105, 1110, 1130, 1200, 1260, 1630, 1650, 1660, 2650; six semester hours in Art History electives; 30 semester hours in Photography at the International Center of Photography (ICP) (one academic year); 4909 (nine-credit internship), or 4125 (nine-credit Creative Thesis); plus fifteen semester hours from the approved ART electives list as recommended by the department.

Minor Sequences

Art
18 semester hours including: ART 1110, 1130, 1200, and nine semester hours from approved ART electives list in consultation with the department.

Art History
18 semester hours including: ART 1710, 1720, 2750, six semester hours of ART History elective courses from approved ART History electives list in consultation with the department, and three semester hours of a studio course selected from ART 1110, 1200, 1270, 1290, 1510, 1610, 1640, 2265, 2310, 2520, 3010, 3115, 3550, 3565, or approved courses abroad.

Graphic Design
18 semester hours including: ART 1105, 1115, 2125, and nine semester hours specific to a digital media concentration or a print media concentration from approved ART electives in consultation with the department.

Photography
18 semester hours including: ART 1610 or 1085; 1620 or 1086; 1630, 1660, and six semester hours chosen from ART 1000C, 1095, 1510, 1640, 1650, 1670, 1775, 1790, 1810, 1820, 2530, 2650, 2929, 3010, 3115, 3550, 3565, 3710, 3720.

Music
18 semester hours including: MUS 1010; 1020 or 2020; nine semester hours from approved MUS electives, and three semester hours in applied music courses from approved list.
Musical Theatre
18 semester hours including: MUS 1260, RCT 1510 or 1530, and 1540, three semester hours in Voice (MUS 1620*, MUS 2620), and six semester hours chosen from: MUS 1070, 1230, 1240, RCT 1520, 1580, 1590, 2540.
* MUS 1620 may be repeated twice.

Art and Design
Course Offerings (ART)

Non-Major Art Courses

1000C The Creative Process
A study of creativity as it is manifested in the fine arts: the visual arts, music, theatre and dance. Museum, theatre, concert visits required. Credit: 3 semester hours. Studio fee, $50.

1010 Craft as Visual Art
An introduction to basic craft skills for the general student. Projects may include simple printmaking and book construction, puppet making, fiber techniques and sculpture. Classroom application of these skills is emphasized. Credit: 3 semester hours. Studio fee, $50.

1020 Art in New York (Mini-Course)
An on-site survey of New York City’s galleries and museums. Students visit major New York art institutions and view their collections. Credit: 3 semester hours. Museum fee, $50.

1030 The Visual Arts
An overview of art appreciation and history for the general student. Students study selected periods of art while learning the language of vision. Museum visits required. Credit: 3 semester hours.

1040 Creative Experiments
Explorations in creativity in the visual arts for the non-major. Drawing, collage, simple printmaking, clay and other two-and three-dimensional materials are used, at the discretion of the instructor, to develop the student’s creative potential. Credit: 3 semester hours. Studio fee, $50.

1050 Drawing Experiments
A course in creativity and the language of drawing for the non-major. Line, volume, perspective, space composition, proportion, value and movement are explored, as students confront the outer and inner worlds through the materials of drawing. Credit: 3 semester hours. Studio fee, $50.

1060 Watercolor Workshop (Mini-Course)
An intensive course in the watercolor medium. Projects are structured to teach students visual sensitivity and creativity. Applicable to major/minor sequences with written permission of the chair. Credit: 3 semester hours. Studio fee, $50.

1070 Printmaking Workshop (Mini-Course)
An introduction to woodcut and etching. Projects are structured to teach students visual sensitivity and creativity. Applicable to major/minor sequences with written permission of the chair. Credit: 3 semester hours. Studio fee, $50.

1080 Photography Workshop (Mini-Course)
A workshop course designed to develop a student’s ability with the use of the camera as a tool for self expression. Applicable to major/minor sequences with written permission of the chair. Digital camera required. Credit: 3 semester hours. Studio fee, $50.

1085 Introduction to Photography
An introduction to the tools, techniques and creative aspects of the photographic medium. For non-majors only. Digital camera required. Credit: 3 semester hours. Studio fee, $50.

1086 Intermediate Photography
Prerequisite: ART 1080 or 1085. An exploration of intermediate, techniques, aesthetics, criticism and processes of photography. Digital camera required. Credit: 3 semester hours. Studio fee, $50.

1090 Jewelry Design
Principles of two-and three-dimensional design applied to jewelry. Students design ornaments in a variety of materials with emphasis given to cutting, hammering, soldering, braising and wax-casting of copper and brass. Gallery and museum visit required. Credit: 3 semester hours. Studio fee, $50.

1095C Monuments of World Architecture
This course investigates sacred and secular architecture from around the globe, dating from the beginning of civilization to the present. Credit: 3 semester hours.

Major Art Courses

1105 Introduction to Graphic Design I
A studio introduction to the fundamentals of visual communication. Course includes formal application of design principles as well as exposure to tools, computer technology, methodology and visual analysis involved in the nature of message design. Credit: 3 semester hours. Studio fee, $50.

1110 Foundation Design
A basic course in the elements of design and the principles of composition, pictorial space and structure as they relate to image making. Credit: 3 semester hours. Studio fee, $50.

1115 Introduction to Graphic Design II
Prerequisite: ART 1105. Continued exploration and exposure to visual communication problems and principles. Experimental opportunities with symbol design, form and progression problems, typography and analysis of the visual language of representation and interpretation. Credit: 3 semester hours. Studio fee, $50.

1120 Social Media for the Arts
Prerequisite: ART 1105 or permission of chair. Students will use social media to develop and disseminate creative projects working with a variety of platforms. Credit: 3 semester hours.

1130 Color: Theory and Application
An exploration of the properties and perception of color and its function in the effective manipulation of visual communication. Credit: 3 semester hours. Studio fee, $50.

1135 Digital Media I
Introductory course exploring the use of computers as a tool in the visual arts. Students will use computers to solve visual problems, and create digital images. Credit: 3 semester hours. Studio fee, $50.

1200 Introduction to Drawing I
Black and white drawing materials, such as pencil, pen, brush and ink, conte, charcoal, pastel and chalks, are explored. Students are guided by problems in direct observation, linear and elliptical perspective, space, composition, modeling, and line quality. Credit: 3 semester hours. Studio fee, $50.

1210 Introduction to Drawing II
Prerequisite: ART 1200. New drawing materials are introduced as students work toward exploring the visual world with increasing technical facility, emotional expressiveness and imagination. Credit: 3 semester hours. Studio fee, $50.

1250 Italian Sketchbook (Abroad)
A studio course in drawing and watercolor techniques, using the architecture, landscape and people of Italy as subject. Credit: 3 semester hours.

1255 The French Sketchbook (Abroad)
A studio course in drawing and watercolor techniques, using landscape, architecture, and people of France as subject. Credit: 3 semester hours.

1270 Illustration I
An introductory illustration course that provides students with a basic overview of visual perception; using materials, techniques and the creative application of the principles of art to illustrative problem solving. Credit: 3 semester hours. Studio fee, $50.

1280 Digital Illustration
An introduction to working on illustration in a software-driven, media environment. Students will make narrative art developed initially using traditional methods and then take comprehensive drawings through to finish using the Adobe software environment. Credit: 3 semester hours. Studio fee, $50.

1290 Introduction to Cartooning
A studio course in cartoon and caricature. Students receive experience in the use of materials and techniques in their creative application. Credit: 3 semester hours. Studio fee, $50.
1510 Printmaking I: Relief and Intaglio
This course introduces the methodologies and concepts of relief and intaglio printmaking processes. These processes include linoleum and woodcut, found objects, dry point etching and variations of intaglio. Credit: 3 semester hours. Studio fee, $50.

1610 Photography I
An introduction to the tools, techniques and creative aspects of the photographic medium. DSLR camera recommended. Credit: 3 semester hours. Studio fee, $50.

1620 Photography II
Prerequisite: ART 1610 or 1085 with permission of chair. This course will emphasize the critical analysis and development of the student’s personal photographic work, and the refinement of basic techniques. DSLR camera recommended. Credit: 3 semester hours. Studio fee, $50.

1630 Advanced Digital Photography and Imaging
Prerequisite: ART 1105, or 1610, or 1085 with permission of chair. An in-depth look at the central features and functions of Adobe Photoshop and Lightroom. Credit: 3 semester hours. Studio fee, $50.

1640 Introduction to Video Art
Introduction to video as a fine art medium addressing historical and conceptual background as well as the techniques and tools for developing works. Credit: 3 semester hours. Studio fee, $50.

1650 Analog Photography and Experimentation
An introduction to film and photographic darkroom printing and image-making processes. Credit: 3 semester hours. Studio fee, $50.

1660 History of Photography
An historical survey of the evolution of photography from its beginnings to the present time. Credit: 3 semester hours.

1670 Photography in Paris (Abroad)
An intimate photographic journey through Paris as seen through the viewfinder focusing on techniques of photography as applied to an aesthetic visual study of people, culture, and landscape while visiting Parisian museums and galleries. Digital camera required. Credit: 3 semester hours.

1710; 1720 The History of Art I; II
This course surveys the history of painting, sculpture, and architecture from the prehistoric era to the twentieth century. Credit: 3 semester hours per semester.

1740 Modern Architecture
The history of modern architecture and urban planning predominantly in the United States and Europe from the mid-19th century to the present is studied in relation to political, economic, and social history. Credit: 3 semester hours.

1745 Discover The World Integrative Seminar on the Arts, Architecture & Culture in Paris, Salamanca and Rome
Contemporary art and architecture focusing on three European-Union cities, Paris, Salamanca and Rome. Credit: 3 semester hours.

1775 Art and Architecture in France (Abroad)
An overview of painting, sculpture, and architecture in rural France and the city of Paris from Roman Gaul through the 19th century. Credit: 3 semester hours.

1785 Italian Renaissance Art and Literature
This course is an investigation of classical humanism in Italian literature and art covering the period that spans roughly 1350–1550 (primarily abroad). Credit: 3 semester hours.

1790 Survey of Art and Architecture in Italy (Abroad)
A comprehensive survey course in the history of the visual arts and architecture on the Italian peninsula from ancient times to the modern era. Credit: 3 semester hours.

1795A The City of Rome (Abroad)
A study of the city of Rome through its art, historical periods, literary and cultural movements, and physical structure. Credit: 3 semester hours.

1810 The Art of Film I
This course introduces the student to the study of film as an academic discipline by defining the basic components of film practice, their historical developments and their specific applications in conveying meaning and ideological premises. Credit: 3 semester hours.

1820 The Art of Film II
This comparative study of the classical Hollywood cinema and modes of cinematic representation in other national cinemas and the avant-garde analyzes the cinema’s relationship to culture’s dominant ideological formations. Credit: 3 semester hours.

1830 Racism in Film
Examines some of the causes and effects of racism within culture and analyzes how films organize their formal properties into strategies that promote and/or reinforce racist values and belief systems. Credit: 3 semester hours.

1840 Sexism in Cinema and Television
This course analyzes the manner in which sexism functions as an ideological institution within American culture in and through cinema and television. Credit: 3 semester hours.

2025 Renaissance Art and Baroque Art in Europe
After briefly considering the Byzantine and Gothic legacy, the course will examine painting, sculpture, architecture, and to a lesser extent, crafts of Italy during the fourteenth, fifteenth, and sixteenth century. Credit: 3 semester hours.

2115 Graphic Production
Prerequisite: ART 1115. This course is designed to prepare the student for professional work as a graphic designer by giving the student a thorough understanding of packaging design and print production. Students will be confronted with a variety of design problems that will facilitate the understanding of the design process and the environmental and social ramifications of producing design outputs. Credit: 3 semester hours. Studio fee, $50.

2120 Three-Dimensional Design
The principles of design as applied to three-dimensional structural form. Additive, subtractive, constructive and kinesthetic processes are explored. Credit: 3 semester hours. Studio fee, $50.

2125 Typography
Prerequisite: ART 1115. In this course, students will explore the history, evolution, and use of type in design, through projects and class lectures. Emphasis will be placed on the use of typography in design studio projects. Credit: 3 semester hours. Studio fee, $50.

2130 Motion Graphics
Prerequisite: ART 1105 or 1115. The fundamentals of design in motion. Using video, still imagery and sound, students will study techniques of dubbing, assembling and inserting visuals to create graphics for television, the Web and cinema title design. Credit: 3 semester hours. Studio fee, $50.

2135 Advanced Digital Media
Prerequisite: ART 1115 or 1135. An advanced course in computer graphics provides the opportunity to produce portfolio quality computer-generated graphics as it applies to print and screen-based media. For the non-major. Credit: 3 semester hours. Studio fee, $50.

2145 History of Visual Communications
A comprehensive overview of the history of humanity’s effort to give visual form to ideas and concepts, to store knowledge and give order and clarity to information through design and illustration. Credit: 3 semester hours.

2205 Medieval Art and Architecture
Medieval art and architecture across nearly one thousand years, from 400 to 1300 CE. Credit: 3 semester hours.

2220 Anatomy and Figure Drawing I
The human skeleton and musculature are studied while drawing from the model. Basic proportions and movement of the figure in space are emphasized. Credit: 3 semester hours. Studio fee, $50.

2230 Anatomy and Figure Drawing II
Prerequisite: ART 2220. The figure is studied in detail and used as the basis for experiments in space composition. Students work for emotional expressiveness as well as fluent accuracy and technical facility. Credit: 3 semester hours. Studio fee, $50.
2240 Drawing for Illustration
Prerequisite: ART 1200. A course designed for the development and application of drawing skills relative to creative illustration problems. Credit: 3 semester hours. Studio fee, $50.

2250 Drawing and Design in Rome (Abroad)
An exploration of the rich artistic stimulus of Rome as the basis for understanding the fundamental structures of visual organization. On-site drawing and studio-based projects. Side trips to Pompeii, Paestum, Siena, Assisi and Florence. Credit: 3 semester hours.

2265 Global Sketchbook
Prerequisite: ART 1050 or ART 1200. An online drawing course that uses as its subject the local sites particular to each student regardless of global location. Credit: 3 semester hours.

2280 Illustration II
Prerequisite: ART 1270. A course in advanced illustration that expands upon concepts and techniques acquired in ART 1270. Emphasis on specialized application of illustrative skills: medical, technical, product, anthropological, natural science illustration and illustration as journalism. Credit: 3 semester hours. Studio fee, $50.

2310 Painting I
An introduction to painting composition emphasizing the development of various technical skills. Projects are observation-based and employ perspective, color theory, and process. Credit: 3 semester hours. Studio fee, $50.

2320 Painting II
Prerequisite: ART 1200, 2310. This course builds on the principles of Painting I encouraging investigation into painting’s conceptual, material, and expressive possibilities. Credit: 3 semester hours. Studio fee, $50.

2430 Figurative Sculpture
An introduction to the principles and practices of figure sculpture. Credit: 3 semester hours. Studio fee, $50.

2520 Printmaking II
This course introduces the methodologies and concepts of planographic methods of printmaking processes. These processes include stencils, screen-printing, transfer methods, monoprints and variety of newer adaptations, such as polyester plate lithography. Credit: 3 semester hours. Studio fee, $50.

2530 Printmaking III
Prerequisite: ART 1510, 2520. This course examines advanced concepts of printmaking processes extending expertise from introductory printmaking. Students will adapt a wider and more complex variety of printing techniques while understanding the changing role of the medium. Credit: 3 semester hours. Studio fee, $50.

2650 Photography and Social Justice
Prerequisite: ART 1610, 1080 or 1085 can also serve as prerequisite with permission of chair. Documentary approaches to photographic images that articulate issues of social justice and interpersonal issues. The student must have access to a camera. DSLR camera recommended. Credit: 3 semester hours. Studio fee, $50.

2705 Ancient Egyptian and Mesopotamian Art
This course explores ancient Egyptian and Mesopotamian art and archaeology from approximately 3000 BCE to the Classical era. Credit: 3 semester hours.

2715 Classical Archaeology
The history of archaeology and its contribution to our knowledge about the ancient world, its history, and civilization. Credit: 3 semester hours.

2730 Pre-Columbian Art
A survey of the art and culture of selected civilizations of the ancient Americas, including the Aztec, Inca, Maya, and Taino. Credit: 3 semester hours.

2735 Art of Asia and the Pacific
A general survey of the art and architecture of Asia and the Pacific Islands from ancient prehistory to the industrial age. Credit: 3 semester hours.

2740 Rococo to Revolution
This course surveys developments in European painting, sculpture, and architecture from 1789 through the close of the 19th century. Credit: 3 semester hours.

2745 Art of Africa
A general introduction to the art and architecture of the African continent from ancient prehistory to present. Credit: 3 semester hours.

2750 Historical Modernism: 1848-1945
This survey course introduces students to methods of visual, critical, and art historical analysis, focusing on art works, artists and art movements, critical writing and art institutions of the twentieth century, treated in light of socio-political and cultural developments of this period. Credit: 3 semester hours.

2755 Art Since 1945
Focusing on international art of the postwar period, this course examines works, artists, art movements, exhibitions, and institutions in relation to critical and theoretical texts and through interdisciplinary methods, locates developments in global contemporary art in socio-political and cultural contexts. Credit: 3 semester hours.

2760 Latin American Art
A study of the art history of Latin America from Pre-Columbian times to the colonial and the modern periods, all of which were characterized by widespread and intensive encounters between people of radically different cultural values. Credit: 3 semester hours.

2765 Islamic Art
This course explores Islamic art and architecture from around the globe, dating from the era of the seventh-century CE foundation of Islam to the present. Credit: 3 semester hours.

2929 Culture of Southern Italy, A Visual Journey (Abroad/Mini-Session)
A workshop photography course concentrating on the documentation of people, places, culture and history. Digital camera required. Credit: 3 semester hours.

3010 Special Topics in Studio Art
Prerequisite: For junior or senior BFA majors. This course provides opportunities for students to engage in supervised projects that bring variable discipline-specific knowledge and methodological inquiry to bear on the practice of creating visual art. Credit: 3 semester hours. Studio fee, $50.

3015 Special Topics in Design
Prerequisite: ART 2125. This course provides opportunities for students to engage in supervised projects that bring variable discipline-specific knowledge and methodological inquiry to bear on issues in the field of design. Credit: 3 semester hours. Studio fee, $50.

3020 Art of Africa
A general survey of the art and architecture of the African continent from ancient prehistory to present. Credit: 3 semester hours.

3025 Art of the Pacific
A survey of the art and architecture of Asia and the Pacific Islands from ancient prehistory to the industrial age. Credit: 3 semester hours.

3030 Historical Modernism: 1848-1945
This survey course introduces students to methods of visual, critical, and art historical analysis, focusing on art works, artists and art movements, critical writing and art institutions of the twentieth century, treated in light of socio-political and cultural developments of this period. Credit: 3 semester hours.

3040 Art Since 1945
Focusing on international art of the postwar period, this course examines works, artists, art movements, exhibitions, and institutions in relation to critical and theoretical texts and through interdisciplinary methods, locates developments in global contemporary art in socio-political and cultural contexts. Credit: 3 semester hours.

3110 Professional Portfolio
A pre-professional course in which students build on the principles of Painting I encouraging investigation into painting’s conceptual, material, and expressive possibilities. Credit: 3 semester hours. Studio fee, $50.

3115 Book Arts
Prerequisite: ART 1105, 1510. This course examines advanced concepts of printmaking processes extending expertise from introductory printmaking. Students will adapt a wider and more complex variety of printing techniques while understanding the changing role of the medium. Credit: 3 semester hours. Studio fee, $50.

3120 Web Design
Prerequisite: ART 1105. This course is characterized by widespread and intensive encounters between people of radically different cultural values. Credit: 3 semester hours.

3125 Book Arts
Prerequisite: ART 1105, 1510. This course will introduce students to the book as an art form. Emphasis is on visual and conceptual structuring of the book that investigates the interplay between idea and form. Various methods of book construction will be taught along with basic printing techniques encompassing traditional and digital methods that focus on the sequencing of images. Credit: 3 semester hours. Studio fee, $50.

3260 Latin American Art
A study of the art history of Latin America from Pre-Columbian times to the colonial and the modern periods, all of which were characterized by widespread and intensive encounters between people of radically different cultural values. Credit: 3 semester hours.
3125 Advanced Typography
Prerequisite: ART 2125. Complex typographical concerns exploring the use of type in a variety of medias, with emphasis on the development of a personal typographical problem solving. Credit: 3 semester hours. Studio fee, $50.

3130 Advanced Web Design
Prerequisite: ART 3120. This course is structured to introduce art majors to media rich Web design via coding and the integration of a variety of web tools. This design course allows students to add animation and interactivity to their web design projects. Credit: 3 semester hours. Studio fee, $50.

3135 Junior Design
Prerequisite: ART 3125. This course will emphasize the formal visual and theoretical competencies and skills needed in design problem solving through advanced level studio projects. Credit: 3 semester hours. Studio fee, $50.

3200 Criticism Theory and Practice Seminar
A survey of theoretical texts informing contemporary art making over the last three decades and the application of new vocabulary, concepts, and analytical tools in creative studio work. Credit: 3 semester hours.

3240 Drawing III
Prerequisite: ART 1200, 1210. This course focuses on the activity of drawing through the exploration of a variety of mediums and contemporary processes. While working from the basis of their own thematic and formal concerns, students will be directed through a series of experimental projects that investigate the fabrication of line and its relationship to other media. Credit: 3 semester hours. Studio fee, $50.

3330 Acrylic Painting
Developing a focus in stylistic and content concerns, this investigation pursues a refinement of the student's directions in painting. Credit: 3 semester hours. Studio fee, $50.

3340 Figurative Painting (Painting III)
Prerequisite: ART 2220. Developing a focus in figurative concerns, this investigation pursues a refinement of the student's directions in painting. Credit: 3 semester hours. Studio fee, $50.

3350 Mixed Media Concerns
An advanced level of research pursuing high standards of studio creativity and application. Credit: 3 semester hours. Studio fee, $50.

3550 Experimental Printmaking
Prerequisite: ART 2530. This course encourages further exploration of various printmaking media including digital printmaking. For advanced printmakers. Credit: 3 semester hours. Studio fee, $50.

3560 Studio Seminar I
This studio course introduces students to methods for independent creative inquiry and artistic production. The course encourages thematically unified projects that are inventive and topical. Credit: 3 semester hours.

3565 The Visual Narrative
Prerequisite: Foundation courses within BFA major must be completed. This course will provide a creative and critical forum in which junior and senior level artists of diverse media can work on their own unique narrative projects simultaneously. Credit: 3 semester hours.

3570 Junior Sequential Art
Prerequisite: ART 2220, 2280. This course explores the planning, composition, and methods of narrative art and image creation, focusing on the development of image layout and methods that bring ideas from roughs to finished forms. Credit: 3 semester hours.

3710 Contemporary Photography
Survey of contemporary photography examining the major changes and movements since 1960. Students will study images that span across genres of photography, meet professional photographers, editors and curators. Credit: 3 semester hours.

3720 Global Contemporary Art
This course introduces students to the conceptual, theoretical, and aesthetic themes/ debate driving the current production of and discussion about contemporary art in a global context. Credit: 3 semester hours.

4000 Special Topics in Art History
A study of special themes and topics in art history from the twentieth century to the present. The course is intended to supplement regular course offerings in the Department of Art and Design. Credit: 3 semester hours.

4110 Studio Seminar II
In this advanced level studio course students will create a body of creative work that responds to evolving issues within society and Contemporary Art. Credit: 3 semester hours.

4115 Senior Sequential Art
Prerequisite: ART 3570. This course concentrates on the development, design, and execution of narrative art for publication across media. Credit: 3 semester hours.

4120 Senior Design
Prerequisite: ART 3125. The development of theories and practices for communication design exploring social responsibility, sustainability, ethics, client relations, originality and compensation are covered. Credit: 3 semester hours. Studio fee, $50.

4125 Creative Thesis
Restricted registration. Open to senior B.F.A. degree candidates only, upon recommendation of the Chair and Faculty Review Committee. Prerequisite: Completion of 78 ART credits. A written statement of intention by each individual, followed by the creation of a major or related body of work in the area of concentration. Credit: 9 semester hours. Studio fee, $50.

4909 Internship
Restricted registration. Open to senior B.F.A. degree candidates only, upon recommendation of the Chair and Faculty Review Committee. Prerequisite: Completion of all required studio art courses. Students are placed in design studios, advertising agencies, galleries, museums or other institutions concomitant with their career aspirations, where they gain practical experience in real situations under the supervision of working professionals. Credit: 9 semester hours.

4953 Independent Study
A semester of independent work in the student’s major field of concentration. Open to B.F.A candidates only. Permission of the department chair required. Credit: 3 semester hours.

Music Course Offerings (MUS)

1010 Introduction to Music
An introduction to the art of listening to music through a discussion of the basic musical elements and musical structures. Credit: 3 semester hours.

1070 The Opera
Development of the opera from its antecedents prior to the 17th century through to the present, with particular emphasis on the distinct nature of opera as an independent art form. Credit: 3 semester hours.

1080 World Music
A survey of the history and development of music as a worldwide phenomenon, utilizing ethnomusicological methodology and cultural analysis as process. Credit: 3 semester hours.

1085 Popular Music of the Non-Western World
The course introduces students to ethnomusicology and the cross-cultural study of popular music and culture. It explores music, performance and ideas from around the world. The course explores the role of music in human life. No musical background is required. Credit: 3 semester hours.

1210 Twentieth Century Music
An in-depth study of the major musical trends of the 20th century. Credit: 3 semester hours.

1230 History of American Popular Music
A survey of popular music in America from colonial times to the present; a study of how popular music reflects the times and trends of American society. Credit: 3 semester hours.

1240 History of Music in Film
A survey of the history and development of music in films from its earliest use to present inclusion in motion pictures. Credit: 3 semester hours.
1250 Sacred Music
An intensive study of the literature of sacred music of the Western world from ancient times to the present. Credit: 3 semester hours.

1260 The American Musical Theatre
The history of the American musical; its early influences, its continued stylistic changes and its current trends. Credit: 3 semester hours.

1300 History of Jazz
A survey of the history and development of jazz as a unique American art form; the sociological, folk and primitive backgrounds of jazz, as well as its development as an improvisatory art; the contributions of jazz to concert music. Credit: 3 semester hours.

Theory and Composition

1020 Theory I
Scales, intervals, sight-singing, ear training, melodic dictation, elementary keyboard work, and the explanation of musical terminology. Credit: 3 semester hours.

1030 Introduction to Music Composition
An introduction to composition through a series of class projects and exercises that aim to develop a working knowledge of music theory and gain important hands-on experience in the creation of music. Credit: 3 semester hours.

1035 Songwriting
An introduction to songwriting in which students will create musical notation, use production software, and write lyrics to create musical compositions. Credit: 3 semester hours.

2010 Digital Music Production
An introduction to digital technology in music production and composition. Credit: 3 semester hours.

2020 Theory II
Prerequisite: MUS 1020. A study of triads, sevenths, ninth, chords and elementary modulations; further practice in ear training, harmonic analysis of compositions with emphasis on the Bach chorales. Credit: 3 semester hours.

Applied Music

1265 Workshop in Musical Theatre
Introduction to solid singing, acting and performance techniques used in musical theatre. Credit: 3 semester hours.

1600; 2600 Piano I; II
Private lessons in piano. Access to a piano is required. Credit: 1 semester hour per semester. Special fee, $500 per semester.

1610; 2610 Guitar I; II
Private instruction in guitar. Credit: 1 semester hour per semester. Special fee, $500 per semester.

1620; 2620 Voice I; II
Private lessons in voice. Instructor's studio or on campus. Credit: 1 semester hour per semester. Special fee, $500 per semester.

1630; 2630 Flute I; II
Private instruction in flute or wind instruments. Credit: 1 semester hour per semester. Special fee, $500 per semester.

1640; 2640 Strings I; II
Private instruction in string instruments: violin, viola, or cello. Credit: 1 semester hour per semester. Special fee, $500 per semester.

2501 The Gospel Choir
A select ensemble of singers who explore, learn, and perform an exciting repertoire in the gospel music genre and several sub-genres as participants in Voices of Victory gospel choir. Audition required. Credit: 1.5 semester hours per semester.

2502 Jazz Ensemble
A select ensemble of instrumental musicians who will explore, learn, and perform an exciting repertoire in the jazz genre and various contemporary music genres as participants in the Jazz Ensemble. Audition required. Credit: 1.5 semester hours per semester.

2503 Chamber Ensemble
Prerequisite: Ability to read music. Chamber Music is a course that focuses on musical collaboration. Small ensembles of instrumentalists/singers explore chamber music repertory. Includes performance opportunities and master classes. Audition required. Credit: 1.5 semester hours per semester.

2504 Mixed Chorus
A select ensemble of singers who learn and perform an exciting repertoire in the classical, sacred, pop, and Broadway choral music genres as participants in the Mixed Chorus. Audition required. Credit: 1.5 semester hours per semester.

Asian Studies (ASC)

Major Sequence
36 semester hours including: 12 semester hours of language courses from Chinese (CHI), Japanese (JPN), or Korean (KOR); 1010, 1020, 1030, 2030, 2040, 3090, 3100 (Students may combine different languages, but must complete at least one course above level three); 24 semester hours of non-language courses chosen from any undergraduate Asian Studies course including ASC 1300 and 2610. Eligible juniors and seniors may also choose graduate-level Asian Studies or Chinese Studies courses with approval of the Director of the Institute of Asian Studies.

B.A./M.A.
Students accepted into the five-year B.A./M.A. program in Asian Studies matriculate for a total of 57 semester hours in ASC and CHI courses. On the undergraduate level, requirements include ASC 1300 and 2610. Students must also complete the following two required graduate-level courses: ASC 102 and 300. For specific M.A. degree program requirements, consult the St. John's University Graduate Bulletin.

Other Accelerated Degree Programs
The Institute of Asian Studies offers a number of undergraduate/graduate accelerated degrees with the Tobin College of Business: BA/MBA program and BA/MS in Accounting program. All students interested in the combined degree program must fulfill the eligibility requirements stated above for the BA/MA.

Minor Sequence
18 semester hours including: six semester hours of ASC 1300 and 2610; six semester hours of Asian languages courses (CHI, JPN, or KOR); and six semester hours chosen under the advisement of the Director of the Institute of Asian Studies.

Asian Studies Course Offerings (ASC)

1230 Contemporary China
An introduction to modern China from World War II to the present, with special emphasis on the problems of political, social and economic development. Credit: 3 semester hours.

1250 Contemporary Japan
The political, economic, social and religious development of Japan from the end of World War II to the present. Credit: 3 semester hours.

1300; 1310 Introduction to the Civilizations of Asia I and II
An introduction to the historical, political, economic and social forces that have shaped and continue to influence the modern civilization of Asia. Credit: 3 semester hours.

1330 Contemporary Korea
An introduction to modern Korea from WWII to the present, with special emphasis on the political, social and economic problems facing the divided Korean nation. Credit: 3 semester hours.

1480 Introduction to Chinese Thought
The basic ideas and concepts of Chinese civilization as expressed in its philosophy and writings from ancient to modern times. Credit: 3 semester hours.

1490 Introduction to Japanese Thought
The basic concepts of Japanese civilization as expressed in its philosophy and literature fromancient to modern times. Credit: 3 semester hours.

1650 Sports in China
The impact of sports in China, domestically and internationally. Credit: 3 semester hours.
1800 Introduction to Buddhism
The origin of Buddhism in India: its metaphysics, ethics, monastic order and scriptures. Credit: 3 semester hours.

2210 Chinese Literature in Translation
An introduction to important Chinese works in translation from ancient to modern times, with special emphasis on major trends and genres in the historical development of literature in China. Credit: 3 semester hours.

2380 American Investment in China
An introduction to American businesses' rewards and risks in China: foreign direct investment and capital market investment. Credit: 3 semester hours.

2480 Doing Business in China
Challenges confronting American businesses seeking opportunities afforded by China's massive economic reform, including issues such as strategic alliances, investments vehicles, marketing and distribution. Credit: 3 semester hours.

2510 History of Modern East Asia
The forces and events that have shaped 20th century China, Japan and Korea including modernization, the emergence of nationalism, imperialism, Communism and the problems of the contemporary period. Credit: 3 semester hours.

2530 History of Modern China
The tragedies and triumphs of China in the modern world: the fall of the Manchu Empire, warlordism, WWII, civil war, the Communist Revolution, Maoism, the recent economic miracle and strategic choices for the future. Credit: 3 semester hours.

2540 America Meets China
A historical look at the encounter between the U.S. and China from 1785 to the present, as a prologue to the uniquely American forms of globalism and multiculturalism. Credit: 3 semester hours.

2610 Discovering China
Introduction to Chinese culture: institutions, philosophical trends, religion, art, literature, family/marriage, science and technology. Credit: 3 semester hours.

2710 Governments and Politics of the Far East
The political and institutional developments in the Far East, with major emphasis on China, Japan and Korea, their political backgrounds and present foreign relations. Credit: 3 semester hours.

2720 Governments and Politics of South and Southeast Asia
The political and institutional developments of South Asia, emphasizing India, Pakistan, Bangladesh, Sri Lanka and those of Southeast Asia, emphasizing Vietnam, Indonesia and the Philippines. Credit: 3 semester hours.

3710 Banking in East Asia
Banking in East Asia: core banking functions, types of banks, diversification of banking activities, risk management issues, bank failure and financial crises, and competitive issues. Credit: 3 semester hours.

4953 Reading and Research
Restricted Registration. Open to ASC majors only. With permission of the Director, a student conducts research under the guidance of a faculty advisor. Credit: 3 semester hours.

Chinese Course Offerings (CHI)

1010; 1020 Elementary Chinese
Prerequisite: CHI 1010 is a prerequisite for CHI 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester. The development of audio-lingual and reading skills through a study of the essentials of grammar, pronunciation and vocabulary. Credit: 3 semester hours per semester. GLCC fee, $50 per semester.

2030; 2040 Intermediate Chinese
Prerequisite: CHI 1020 or placement exam. CHI 2030 is a prerequisite for CHI 2040. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester. A review of the essentials of grammar, extensive vocabulary building and development of writing skills. Credit: 3 semester hours per semester. GLCC fee, $50 per semester.

3090; 3100 Readings in Selected Chinese Essays
Prerequisite: CHI 2040 or placement exam. Readings of selected works of representative writers of Chinese literature. Credit: 3 semester hours per semester.

Japanese Course Offerings (JPN)

1010; 1030 Elementary Japanese
Prerequisite: JPN 1010 is a prerequisite for JPN 1030. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester. Reading, writing and conversation through a study of all major types of Japanese sentences. Study of the essentials of grammar, pronunciation, accent, intonation and vocabulary is emphasized. Credit: 3 semester hours per semester. GLCC fee, $50 per semester.

2030; 2040 Intermediate Japanese
Prerequisite: JPN 1030 or placement exam. JPN 2030 is a prerequisite for JPN 2040. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester. This course increases the student's ability in comprehending, reading and writing Japanese. Credit: 3 semester hours per semester. GLCC fee, $50 per semester.

3090; 3100 Readings in Selected Japanese Essays
Prerequisite: JPN 2040 or placement exam. Intensive reading of selected essays compiled in Standard Japanese Readers, Book Two. 350 new Kanji are introduced. Credit: 3 semester hours per semester.

Korean Course Offerings (KOR)

1010; 1020 Elementary Korean
Prerequisite: KOR 1010 is a prerequisite for KOR 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester. The students study the fundamentals of the Korean language with emphasis on the Korean alphabet, spelling, pronunciation and basic grammar. Credit: 3 semester hours per semester. GLCC fee, $50 per semester.

2030; 2040 Intermediate Korean
Prerequisite: KOR 1020 or placement exam. KOR 2030 is a prerequisite for KOR 2040. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester. This course provides a systematic expansion of vocabulary and grammatical forms of standard Korean. Chinese characters, as used in Korean mixed script, are also introduced. Credit: 3 semester hours per semester. GLCC fee, $50 per semester.

3090; 3100 Readings in Selected Korean Essays
Prerequisite: KOR 2040 or placement exam. Completion of the introduction to Korean writing in mixed script and intensive reading in contemporary Korean essays. Credit: 3 semester hours per semester.

Biology (BIO)

Major Sequence
29 semester hours including: BIO 1000, 1001L, 2000, 2001L, 3000, 3001L and five BIO elective courses that account for at least seventeen semester hours. Two of these five BIO elective courses must be 4-credit courses. In addition, biology majors are required to take CHE 1210, 1220, 1230, 1240, 1930, 1940. BIO 1050, 1060, 1070, 1360, and 1600 are not applicable to the major sequence. Students are encouraged to take advantage of possibilities for research: BIO 4953 and 4954. Non-biology majors seeking to take one year of Biology should register for BIO 2000, 2001L, 3000, and 3001L.

Pre-MD Track
The Department of Biological Sciences offers Premedical Track in Molecular Biosciences for BIO Majors (PMD Track). The successful completion of the PMD Track requires 3.5 cumulative index overall and at least grades of B+ or better in each science course (math,
Biology Course Offerings (BIO)

1000 Fundamentals of Biology, I: Introduction to Population Biology
Corequisite: BIO 1001L. Evolution, classification and taxonomy, population biology and ecology. Lecture, 3 hours. Credit: 4 semester hours.

1001L Fundamentals of Biology I Laboratory
Corequisite: BIO 1000. Principles of evolution, population biology and ecology from a laboratory perspective. Laboratory, 3 hours. Laboratory fee, $100.

1050 Human Biology
Aspects of human anatomy and physiology. Included are anatomy, physiology, cell biology, genetics, histology, embryology, growth and development. Not open to BIO majors. Credit: 3 semester hours.

1060 Biology and Health
The body in health and disease and a knowledge of the contemporary advances in medicine and allied health fields. Not open to BIO majors. Credit: 3 semester hours.

1070 Environmental Biology
Human ecology and evolution; interrelations between humans and environment at the individual, population and ecosystem levels. Not open to BIO majors. Credit: 3 semester hours.

1300 Principles of Evolution
Evolution, the biology of plants: their morphology, evolution and classification. Field trips required. Lecture, 3 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

1301 Plant Morphology
Basic principles governing plant development and morphology. Lecture, 3 hours. Credit: 3 semester hours.

1360 Biology and Society
Environmental science and its relation to the human condition, changes in population, resources of the earth, chemicals in the environment and human health. Not open to BIO majors. Credit: 3 semester hours. (S)

1600 Field Biology (Mini-Course)
General principles of ecology and field sampling techniques to measure parameters that influence the distribution of organisms in various ecosystems. Field trips required. Not applicable in major or minor sequences. Not open to students who have previously taken BIO 3370. Credit: 3 semester hours.

1859 Tropical Ecology and Evolution
Study Abroad Winter Intersession field course to the Ecuadorean Highlands and Galapagos Islands. Not open to BIO majors. Credit: 3 semester hours.

2000 Fundamentals of Biology, III: Introduction to Cell and Molecular Biology
Prerequisite: CHE 1100 or 1110 or 1210 or 1310 or HON 1310. Basic principles governing the activities of living organisms at the molecular and cellular levels. Lecture, 3 hours. Credit: 3 semester hours.

2001L Fundamentals of Biology II: Laboratory
Corequisite: BIO 2000. The principles and concepts of molecular and cell biology from a laboratory perspective. Laboratory, 3 hours. Credit: 1 semester hour. Laboratory fee, $100.

2250 Introduction to Neurobiology
Prerequisite: BIO 2000, 3000. The nervous systems from invertebrate to mammals focusing primarily on the mechanisms by which the brain functions. Credit: 3 semester hours.

2260 Cellular Biology of Human Tissues
Prerequisite: BIO 3000, 3001L. Corequisite: BIO 2261L. Human tissues, with emphasis on the cellular and molecular bases of their organization and function. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

2270 Introduction to Virology
Prerequisite: BIO 2280. Introduction to the biology of viruses including structure, replication, disease causation, and host response to infection. Lecture, 3 hours. Credit: 3 semester hours.

2280 General Microbiology
Prerequisite: BIO 2000 or HON 1070. Corequisite: BIO 2281L. Form and function in prokaryotic and eukaryotic microorganisms; microbial growth, metabolism, genetics, biochemistry and host defenses against microbial infection. Lecture, 3 hours. Laboratory, 3 hours. Credit: 4 semester hours. Laboratory fee, $100.

2290 Immune System in Human Disease
Prerequisite: BIO 2000 or consent of instructor. Introduction into the role of immune system in human diseases. Lecture, 3 hours. Credit: 3 semester hours.

2300 Biochemistry of Beermaking and Winemaking
Prerequisite: BIO 2000 or consent of instructor. An introduction into basic biochemical concepts of beer making, winemaking, and industrial ethanol production. Lecture, 3 hours. Credit: 3 semester hours.

2310 Botany
Prerequisite: BIO 1000, 1001L. Corequisite: BIO 2311L. The biology of plants: their morphology, evolution and classification. Field trips required. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

2510 Aquatic Ecology
Prerequisite: BIO 1000 or consent of instructor. Corequisite: BIO 2511L. Introduction to major ecological principles of freshwater and marine habitats. Field trips required. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

2859 Island Biogeography
Prerequisite: BIO 1000, 2000. Principles of biogeography illustrated and explored during a winter intersession trip to Ecuador, including the Galapagos. Credit: 3 semester hours.

3000 Fundamentals of Biology, III: Introduction to Organismic Biology
Prerequisite: BIO 2000. Corequisite: BIO 3001L. Basic principles of physiological function and developmental processes. Lecture, 3 hours. Credit: 3 semester hours.

3001L Fundamentals of Biology III: Laboratory
Corequisite: BIO 3000. The principles and concepts of molecular and cell biology from a laboratory perspective. Laboratory, 3 hours. Credit: 1 semester hour. Laboratory fee, $100.

3100 Human Anatomy
Prerequisite: BIO 3000, 3001L. Structure of the skeletal, muscular, central and peripheral nervous systems. Anatomy of the endocrine, cardiovascular, respiratory, digestive, lymphatic, reproductive, and urinary systems. Lecture, 3 hours. Credit: 3 semester hours.
3270 Developmental Biology  
Prerequisite: BIO 3000, 3001L. Corequisite: BIO 3271L. How the fertilized egg develops into a complex organism. Both descriptive embryology and experimental analysis of development are studied. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

3300 General Physiology  
Prerequisite: BIO 3000, 3001L, CHE 2230. Corequisite: BIO 3301L; PHY 1620 or 1940. Cell functions and intercellular relationships necessary for an understanding of the whole (multicellular) organism. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

3320 Genetics  
Prerequisite: BIO 3000, 3001L. Corequisite: BIO 3321L, CHE 2240. The principles of genetics including the consideration of the nature of genetic material, its mode of transmission, modes of expression and mechanisms of gene action. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

3360 Foundations of Physical Chemistry for Life Sciences  
Prerequisite: CHE 1220; MTH 1220 or 1740; PHY 1620 or 1940. Review of thermodynamics, kinetics, quantum mechanics, and spectroscopy for students in the life sciences. Credit: 3 semester hours.

3370 Ecology  
Prerequisite: BIO 1000 or consent of instructor. Corequisite: BIO 3371L. Ecological principles concerning animals and plants, with emphasis on group phenomena, especially the dynamics and evolution of ecosystems, communities and populations. Field trips required. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

3390 Biochemistry  
Prerequisite: BIO 3000 or HON 1080 and CHE 2230 or CHE 2630 or HON 2630. Corequisite: BIO 3391L. An introduction to the chemistry of biological compounds, the principles of enzymology, the metabolism of carbohydrates, lipids, proteins and nucleic acids and the control of metabolism. Lecture, 3 hours. Laboratory, 3 hours. Credit: 4 semester hours. Laboratory fee, $100.

3450 Biological Inorganic Chemistry  
Prerequisite: CHE 2240 or 2640. Applications of inorganic chemistry to biological systems with a focus on bonding, structure, and reactivity. Lecture, 3 hours. Credit: 3 semester hours.

3460 Concepts of Immunology  
Prerequisite: BIO 3000, 3001L. Corequisite: BIO 3461L. Useful background: inorganic and organic chemistry, microbiology. An introduction to the organization and functions of the immune system along with basic experimental methodologies. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

3470 Molecular and Cell Biology  
Prerequisite: BIO 3000, 3001L, 3390. Corequisite: BIO 3471L. Molecular basis of gene expression in prokaryotic and eukaryotic cells, molecular principles of cell architecture and the cell cycle. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

3480 Scientific Literacy/Integrity  
Prerequisite: BIO 1000, 3000, and one BIO elective course. Critical evaluation of diverse forms of biology-related literature and interpretation of biological literature relevant to specific research questions. Lecture, 3 hours. Credit: 3 semester hours.

3490 Dental Preceptorship  
Prerequisite: BIO 3000. Clinical observation in general dental practice and selected dental specialties. Credit: 1 semester hour.

3830 Bioinformatics  
Prerequisite: BIO 2000, and 3320 or 3470, or consent of instructor. Corequisite: BIO 3831L. Integration of genetics, molecular biology and computational biology into the modern informational perspective of biology. Lecture, 3 hours. Laboratory, 3 hours. Credit: 4 semester hours. Laboratory fee, $100.

4420 Inquiry-based Genetics  
Prerequisite: BIO 2000, and 3001L, and consent of instructor. Corequisite: BIO 4421L. Genetics with Project Lab in Development, emphasizing team-based participation in a developmental genetics research project. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

4951; 4952 Field Research in Biology  
Prerequisite: 3.0 GPA, approval of the Undergraduate Educational Policy Committee and acceptance from a member of the department faculty for a field research project. Registration in both 4951 and 4952 simultaneously requires explicit approval of the UEPC. Qualified juniors and seniors majoring in biology may undertake directed field research. Field research work, 4 hours. Credit: 2 semester hours per semester.

4953; 4954 Research in Biology  
Prerequisite: 3.0 GPA, approval of the Undergraduate Educational Policy Committee and acceptance from a member of the department faculty for a research project. Registration in both 4953 and 4954 simultaneously requires explicit approval of the UEPC. Qualified juniors and seniors majoring in biology may undertake directed research in a chosen field of biology. Laboratory and Seminars, 4 hours. Credit: 2 semester hours per semester. Laboratory fee, $100.

Eligibility requires a 3.0 overall index and acceptance from a member of the department faculty for an off-campus research project. Registration for both BIO 4953 and BIO 4954 simultaneously requires explicit approval of the UEPC. Directed off-campus research project in biology for qualified juniors and seniors majoring in biology. Off-campus research work, 4 hours. Credit: 2 semester hours per semester.

Business (BUS)  
Minor Sequence  
18 semester hours including: ACC 2320; ECO 1301, 1302; FIN 2310 or RMI 2301; MGT 2301; MKT 2301.  
Note: Business courses are taught by the Peter J. Tobin College of Business faculty. Students interested in pursuing the Business minor should consult the Peter J. Tobin College of Business section of this bulletin for a list of course offerings.

Chemistry (CHE)  
Major Sequences  
46 to 51 semester hours including: CHE 1310, 1313L, 1320, 1323L, 2630, 2633L, 2640, 2643L, 3000, 3210 or 3280, 3220 or 3270; 3250, 3300, 3320, 3340, 3440.

Option I: B.S. in Chemistry (46-47 credits)  
One of the following: CHE 3260, 3290, 3330, 3360, 3390, 3420, 3431, 3450, 4351, 4361, 4903, or a 100 level graduate CHE course.

Option II: B.S. in Chemistry with American Chemical Society Certification (50-51 credits)  
CHE 3390 and one of the following: CHE 3260, 3290, 3330, 3360, 3420, 3431, 3450, 4351, 4361, 4903, or a 100 level graduate CHE course.

Option III: B.S. in Chemistry with a Concentration in Biochemistry (51 credits)  
CHE 3390 and BIO 3470. CHE 3290, 3330, 3360, 3450 and BIO 3320 are also highly recommended electives.

B.S./M.S.  
Students admitted to the accelerated B.S./M.S. program in Chemistry take as their major sequence in Chemistry for their baccalaureate the following 41–42 semester hours: CHE 1310, 1313L, 1320, 1323L, 2630, 2633L, 2640, 2643L, 3000, 3210 or 3280, 3220 or 3270; 3250, 3300, 3320, 3340, 3440, 101, 111. Students must consult with the department for the scheduling of courses. In addition, students in the B.S./M.S. program in Chemistry must elect the thesis option for the M.S. degree and complete CHE 4351, 121, and 141 during their senior year. Students completing the baccalaureate will receive ACS Certification.

Eligibility requires a 3.0 overall index with a 3.5 index in the major. For additional requirements for the master’s degree, students should consult the St. John’s University Graduate Bulletin.
Minor Sequence
22–26 semester hours including: two courses in general chemistry, two courses of organic chemistry and six semester hours of CHE electives above 2640 that are a minimum of 3 credits each.

Chemistry Course Offerings (CHE)

1100 College Chemistry
A study of some of the basic concepts of chemistry, with an emphasis on chemical stoichiometry and the relationship between the periodic table and the chemical and physical properties of elements and their compounds. A preparatory course for General Chemistry (CHE 1210) for students whose background in science is weak and for those who have had no prior CHE course. Lecture, 2 hours. Recitation, 1 hour. Credit: 3 semester hours.

1110; 1120; 1130 Introduction to General and Organic Chemistry
Prerequisite: CHE 1100 (or another prior CHE course) is a prerequisite for CHE 1110. CHE 1110 is a prerequisite for CHE 1120. CHE 1120 and CHE 1130 are prerequisites for CHE 1131L and 1132R. Corequisite: CHE 1111L and 1112R are corequisites for CHE 1110. CHE 1112L and 1112R are corequisites for CHE 1120. CHE 1131L and 1132R are corequisites for CHE 1130. An introduction to the principles and concepts of general and organic chemistry for students planning to pursue the Pharm.D. or P.A. degree in Pharmacy. Course sequence does not satisfy the CHE requirements for BIO or CHE majors or Pre-Med students. Not applicable to the CHE minor sequence. Lecture, 3 hours. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 4 semester hours per semester. Laboratory fee, $100 per semester.

1210 General Chemistry I
Prerequisite: CHE 1100 (or another prior CHE course). Corequisite: CHE 1211L, 1212R. Principles and concepts of chemistry with emphasis placed on stoichiometry, atomic and molecular structure and inorganic chemical reactions. In the laboratory, emphasis is placed on quantitative measurements. Lecture, 3 hours. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 5 semester hours. Laboratory fee, $100.

1220 General Chemistry II
Prerequisite: CHE 1110, or 1210, or 1310. Corequisite: CHE 1221L, 1222R. Introductory physical chemistry focusing on equilibrium, kinetics, electro-chemistry and properties of matter, including acids and bases. Lecture, 3 hours. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 5 semester hours. Laboratory fee, $100.

1310 Advanced General Chemistry I
Prerequisite: At least one year of chemistry and one year of pre-calculus in high school. Corequisite: CHE 1313L, MTH 1730. Principles and concepts of chemistry emphasizing quantum mechanics, thermodynamics, physical properties of solids, liquids and gases, equilibria, acids and bases. Lecture, 3 hours. Credit: 3 semester hours.

1313L Advanced General Chemistry I: Laboratory and Recitation
Prerequisite: At least one year of chemistry in high school. Corequisite: CHE 1310, MTH 1730. A course whose primary focus is on the procedures and techniques used in the modern chemical laboratory and recitation for the lecture CHE 1310. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 2 semester hours. Laboratory fee, $100.

1320 Advanced General Chemistry II
Prerequisite: CHE 1310 or 1110 with consent of instructor or 1210 with consent of instructor Corequisite: CHE 1323L. Principles and concepts of chemistry with a study of the elements and their compounds, including acid base chemistry, electrochemistry, transition metals, main group elements and nuclear chemistry. Lecture, 3 hours. Credit: 3 semester hours.

1322L Advanced General Chemistry II: Laboratory and Recitation
Corequisite: CHE 1320. A continuation of 1313L in which the primary focus is on the procedures and techniques used in the modern chemical laboratory and recitation for the lecture, CHE 1320. Recitation, 1.5 hours. Laboratory, 3.3 hours. Credit: 2 semester hours. Laboratory fee, $100.

2230; 2240 Organic Chemistry I; II
Prerequisite: CHE 1220 or 1320. CHE 2230 or CHE 2620 is a prerequisite for CHE 2240. Corequisite: CHE 2231L is a corequisite for CHE 2230. CHE 2241L is a corequisite for CHE 2240. An introduction to the fundamental principles of organic chemistry in which the synthesis, structure, and mechanisms of reactions of organic compounds are emphasized. Lecture, 3 hours. Laboratory, 4 hours. Credit: 5 semester hours per semester. Laboratory fee, $100 per semester.

2630; 2640 Advanced Organic Chemistry I; II
Prerequisite: CHE 1320 or 1220 with consent of instructor. CHE 2630 or 2230 with consent of instructor is a prerequisite for CHE 2640. Corequisite: CHE 2633L is a corequisite for CHE 2630. CHE 2643L is a corequisite for CHE 2640. A comprehensive treatment of the structure, bonding, and reactivity of organic molecules integrating an aggressive approach towards problem solving and pattern recognition. Credit: 3 semester hours per semester.

2633L; 2643L Advanced Organic Chemistry Laboratory and Recitation I; II
Corequisite: CHE 2630 is a corequisite for CHE 2633L. CHE 2640 is a corequisite for CHE 2643L. Students learn techniques and mindset of a safe, practicing organic chemist. The experiments are data-driven investigations wherein students demonstrate observational, problem-solving, and critical thinking skills. Recitation, 1.5 hours. Laboratory, 4 hours. Credit: 2 semester hours per semester. Laboratory fee, $100 per semester.

3000 Chemistry Seminar
Prerequisite: CHE 2230 or 2630. Examination of ethical reasoning, responsible conduct in research, safety in the chemical laboratory, and the dissemination of scientific results. Credit: 1 semester hour.

3210 Microscopic Physical Chemistry
Prerequisite: CHE 2240 or 2640, and MTH 1740, and PHY 1620 or 1940. Introduction to quantum mechanics: application to atomic structure, theories of chemical bonding, atomic and molecular spectroscopy, and computational quantum chemistry. Introduction to statistical thermodynamics. Credit: 3 semester hours.

3220 Macroscopic Physical Chemistry
Prerequisite: CHE 2240 or 2640, and 3210 or consent of instructor, and MTH 1740, and PHY 1620 or 1940. Corequisite: CHE 3320. Thermodynamics of pure substances, mixtures and chemical reactions, with emphasis on processes under non-standard state conditions; chemical kinetics; connecting macro- and macroscopic perspectives via statistical mechanics. Credit: 3 semester hours.

3250 Quantitative Analysis
Prerequisite: CHE 1220 or 1320. Corequisite: CHE 3251L. Quantitative analytical methods in chemistry. Buffer systems; important polybasic acids; an introduction to spectrophotometric and electrochemical methods. Lecture, 2 hours. Laboratory, 6 hours. Credit: 4 semester hours. Laboratory fee, $100.

3260 Advanced Organic Chemistry III
Prerequisite: CHE 2240 or 2640. Advanced topics in organic chemistry covering various aspects of structure and bonding theory, synthesis, mechanisms, and spectroscopy. Credit: 3 semester hours.

3270 Physical Chemistry I
Prerequisite: CHE 2240 or 2640, and MTH 1220 or 1740, and PHY 1940. Kinetic theory of gases, thermodynamics of pure substances, mixtures and chemical reactions, chemical kinetics. Particular emphasis will be placed on processes under non-standard state conditions. Credit: 3 semester hours.
3280 Physical Chemistry II  
Prerequisite: CHE 3270, MTH 1740.  
Corequisite: CHE 3320. Introduction to quantum mechanics and approximate methods, introduction to atomic and molecular spectroscopy and introduction to statistical thermodynamics. Credit: 3 semester hours.

3290 Supramolecular Chemistry  
Prerequisite: CHE 2240 or CHE 2640.  
Organomolecular interactions; non-covalent forces, synthetic systems/analytical techniques for probing same. Includes materials science, biomimetic chemistry, nanoscience. Assessed by mandatory research presentations. Credit: 3 semester hours.

3300 Instrumental Methods of Chemical Analysis  
Prerequisite: CHE 3250, and 3220 or 3280.  
Corequisite: CHE 3301L. Basic electronics, principles of instrumentation, transducers for chemical systems, applications of instrumental measurements and techniques, including infrared, fluorescence, ultraviolet and nuclear magnetic resonance spectroscopy, gas chromatography, liquid chromatography, differential scanning calorimetry, electrochemical methods. Lecture, 2 hours. Laboratory, 6 hours. Credit: 4 semester hours. Laboratory fee, $100.

3320 Experimental Physical Chemistry  
Prerequisite: CHE 3321L, and 3220 or 3280.  
A laboratory course designed to correlate the abstract principles and equations of physical chemistry with the experimental observations upon which they are based. Lecture, 1 hour. Laboratory, 6 hours. Credit: 3 semester hours. Laboratory fee, $100.

3330 Bioorganic Chemistry  
Prerequisite: CHE 2240 or 2640.  
The application of the principles and tools of organic chemistry to the understanding of biological processes involving proteins, nucleic acids and carbohydrates. Lecture, 3 hours. Credit: 3 semester hours.

3340 Introduction to Inorganic Synthesis  
Prerequisite: CHE 3340. Corequisite: CHE 3441L. An introduction to the techniques and methods utilized in the synthesis and characterization of inorganic compounds. Lecture, 1 hour. Laboratory, 4 hours. Credit: 2 semester hours. Laboratory fee, $100.

3341 Methods in Environmental Chemistry  
Prerequisite: CHE 3420. Laboratory work providing hands-on experience with the techniques and instruments used in modern environmental investigations. Credit: 3 semester hours. Laboratory fee, $100.

3350 Biological Inorganic Chemistry  
Prerequisite: CHE 2240 or 2640. Applications of inorganic chemistry to biological systems with a focus on bonding, structure, and reactivity. Lecture, 3 hours. Credit: 3 semester hours.

4351; 4361 Research Participation I; II  
Prerequisite: CHE 2240 or 2640 and permission of the professor. Active participation in an ongoing research project of one of the faculty members. Affords first-hand experience in the scientific process of discovering and correlating new knowledge. Students taking these courses for either a major or a minor in chemistry must submit a written research report at the end. Research experience is highly recommended by the American Chemical Society. Laboratory hours arranged. Credit: 3 semester hours per semester. Laboratory fee, $100 per semester.

4903 Chemistry Internship  
Prerequisite: CHE 2240 or 2640, and consent of instructor. This course provides credit for a well-designed program of summer research or industrial participation in the chemical sciences. Students enrolled must spend at least 300 hours in academic research or in another activity associated directly with the chemical industry. Students are required to write a comprehensive, scholarly report covering all aspects of their work. Credit: 3 semester hours.

Communication Sciences and Disorders (CSD)

Major Sequence

Speech-Language Pathology and Audiology  
39 semester hours including: CSD 1710, 1720, 1730, 1740, 2710, 2750, 2760, 2770, 2810, 4990, and nine semester hours chosen from: CSD 1750, 1820, 2775, 2780, 4810, 4953, LIN 1810, RCT 1155.

For certification, the American Speech-Language-Hearing Association requires 3 credits in a biological science specific to humans, 3 credits in Physics or Chemistry, 3 credits in statistics, and 6 credits in a social and behavioral science. Speech-Language Pathology and Audiology majors are urged to work with departmental advisors to meet these requirements at the undergraduate level.

Minor Sequence

Speech-Language Pathology and Audiology  
21 semester hours including: CSD 1710, 1720, 1730, 1740, 2750, 2760, and 2770.

Speech-Language Pathology and Audiology Course Offerings (CSD)

1710 Phonetics  
A study of articulatory phonetics, broad and narrow transcription of American English (using the International Phonetic Alphabet); elements of dialects and accents. Credit: 3 semester hours.

1720 Anatomy and Physiology of the Speech System  
The anatomy and physiology of breathing, phonatory, and articulatory systems as they are used in speech. Introduction to the nervous system, particularly as the controller of the speech mechanism. Credit: 3 semester hours.

1730 Language Acquisition  
Prerequisite: CSD 1710 or permission of the department. Phonological, morphological, syntactic, semantic, pragmatic and cognitive aspects of language acquisition in the normally developing child are analyzed. Credit: 3 semester hours.

1740 Introduction to Hearing Science  
Anatomy, physiology and neurophysiology of the hearing mechanism; theories of hearing, acoustical characteristics to sound and their measurement. Credit: 3 semester hours.
1750 Speech Science  
Prerequisite: CSD 1710, 1720, 1740, or permission of the department. The acoustic characteristics of speech and their relation to articulatory and perceptual events; introduction to speech perception. Credit: 3 semester hours.

1760 Introduction to Sign Language I  
Introduction to the basic manual communication skills of the deaf, development of receptive and expressive skill necessary for proficiency in American Sign Language. Not applicable to the speech pathology audiology major. Credit: 3 semester hours.

1820 Neurological Bases of Normal Human Communication and Balance  
Prerequisite: CSD 1710, 1720, or permission of the department. Basic anatomy and physiology of the human neurological system as it pertains to normal communication processes and balance. Credit: 3 semester hours.

2710 Writing for Research and Clinical Practice  
Writing research, clinical and professional documents in communication sciences and disorders. Credit: 3 semester hours.

2750 Introduction to Audiology  
Prerequisite: CSD 1740 or permission of the department. Measurement of hearing, including pure tone and speech audiometry, immittance testing, and special tests. Interpretation of audiograms and screening procedures and pathologies of the auditory system. Credit: 3 semester hours.

2760 Language Disorders across the Lifespan  
Prerequisite: CSD 1710, 1720, 1730, or permission of the department. Disorders of language in pediatric, adolescent, and geriatric populations. Supervised interaction with clinical populations required. Credit: 3 semester hours.

2770 Speech Disorders across the Lifespan  
Prerequisite: CSD 1710, 1720, 1730, or permission of the department. Disorders of speech in pediatric, adolescent, and geriatric populations. Supervised interaction with clinical populations required. Credit: 3 semester hours.

2775 Language-Based Learning Disabilities  
Prerequisite: CSD 2760 or permission of the department. Language development, disorders, and their relation to learning and reading disabilities. Assessment and intervention strategies for young and older children, and for adolescents with language-based learning disabilities. Credit: 3 semester hours.

2780 Aural Rehabilitation for the Hearing Impaired Child  
Prerequisite: CSD 1740, 2750, or permission of the department. The effect of hearing loss on the communication skills of hearing impaired children. Theoretical considerations in education, (re)habilitation, speech reading, language therapy, auditory training, and amplification systems. Credit: 3 semester hours.

2790 Introduction to Sign Language II  
Prerequisite: CSD 1760, or permission of the department. The second level of American Sign Language (ASL II), providing increased knowledge of the gestural language used by deaf persons in the U.S. and Canada, except in Province of Quebec. Not applicable to the speech pathology audiology major. Credit: 3 semester hours.

2810 Observation Skills in Speech-Language Pathology and Audiology  
Prerequisite: CSD 2760 or 2770, or permission of the department. Objective identification and written evaluation of assessment and treatment processes in speech-language pathology and audiology; factors affecting service delivery; social implications of the therapeutic process. Credit: 3 semester hours.

4810 Clinical Practicum in Audiology  
Prerequisite: CSD 1740, 2750, or permission of the department. Measurement of pure tone and speech thresholds, screening procedures, interpretation of audiograms, and special tests for audiological assessment of hearing loss. Credit: 3 semester hours.

4953 Independent Study  
Study of specific topics in communication sciences and disorders. Credit: 3 semester hours.

Economics (ECO)  
Students interested in pursuing the ECO major/minor should consult The Peter J. Tobin College of Business section of this bulletin for a list of course offerings.

Major Sequence  
36 semester hours including: ECO 1301, 1302, 2309, and nine semester hours in ECO selected in consultation with a departmental advisor. ECO 1326 and ECO 2327 are not applicable to the minor sequence.

Students must complete MTH 1310, 1320, and CIS 1332 or DS 2333, and be in junior standing (having 56+ credits) to enroll in junior or senior level business courses (courses numbered 3000 or above).

Note: ECO courses are taught by The Peter J. Tobin College of Business faculty.

English (ENG)  
Major Sequence  
36 semester hours including: ENG 1100C, 2200, 2300, and one course in each of the four divisions (I-IV) of literary studies, a senior seminar, and twelve semester hours in ENG electives offered by the department.

B.A./M.A.  
The students accepted in the five-year B.A./M.A. program matriculate for 24 undergraduate credits, including the three required English courses (ENG 1100C, 2200 and 2300), and as senior seminar. They matriculate for a total of twelve graduate credits as an underclassmen, counting these credits toward their undergraduate major either as divisional requirements or electives. They matriculate in two graduate courses in the junior year and two graduate courses in their senior year and continue with upper level courses in the fifth year of study. Eligibility for this program requires a 3.0 overall index with a 3.5 index in English. For additional requirements for the master’s degree, consult the St. John’s University Graduate Bulletin.

Minor Sequences  
English  
18 semester hours including: ENG 1100C, 2200, a senior seminar, and nine semester hours in ENG electives offered by the department.

Writing  
18 semester hours including: ENG 1100C, 3710, nine semester hours of creative writing courses, and three semester hours of literature electives from the 3000 level.

Note: It is possible to major in English and minor in Creative Writing. Students interested in this option should see the chair.
English Course Offerings (ENG)

1040 Writing for Business
An exploration of common business-related writing problems, as well as critical responses to business-oriented readings.
Credit: 3 semester hours.

2060 Introduction to American Literature
An intensive study of a limited number of texts drawn from the various periods of American literature.
Credit: 3 semester hours.

2100 Introduction to Literature and Culture
This course is devoted to the study of the relationship between literature and culture focusing on literary texts connected by common aesthetic, generic, or historical themes.
Credit: 3 semester hours.

2210 Introduction to British Literature
An intensive study of a limited number of texts drawn from the various periods of British literature.
Credit: 3 semester hours.

Required Courses for the English Major

1100C Literature in a Global Context
This writing-intensive course examines literature from a global perspective. While familiarizing students with literary genres and texts, the course introduces students to writing and critical thinking about culture, cultural difference and social values.
Credit: 3 semester hours.

2200 Reading and Writing for the English Major
A foundation course introducing English majors and minors to the disciplinary practices of the English major. Restricted to English majors and minors. Strongly suggested as first course in major or minor, not including the University core course, ENG 1100C.
Credit: 3 semester hours.

2300 Introduction to Literary Criticism and Theory
An introduction to the history of critical theory, with emphasis on contemporary literary theory, and its practical application.
Credit: 3 semester hours.

Major Divisions of Literary Studies
Students are required to take at least one course from each of the following four major divisions of literary studies.

Division I: Medieval and Renaissance English Literature

3000 Medieval Romance
An introduction to the genre of medieval romance, one of the most important narrative forms in later medieval literature.
Credit: 3 semester hours.

3100 Medieval English Literature
Major literary works from Beowulf to the mid-15th century.
Credit: 3 semester hours.

3110 Chaucer
A study of the poetry of Chaucer, with an emphasis on The Canterbury Tales.
Credit: 3 semester hours.

3120 Renaissance Literature
Major non-dramatic writers of the late 15th and 16th centuries.
Credit: 3 semester hours.

3130 Shakespeare: The Elizabethan Plays
A close study of approximately seven plays representative of the genres of history, comedy and tragedy and expressive of Shakespeare’s early idealism.
Credit: 3 semester hours.

3140 Shakespeare: The Jacobean Plays
A close study of approximately seven plays representative of the genres of tragedy, problem comedy and romance, and expressive of Shakespeare’s mature vision.
Credit: 3 semester hours.

3150 Elizabethan and Jacobean Plays
A study of representative playwrights other than Shakespeare.
Credit: 3 semester hours.

3160 Seventeenth Century English Literature
A study of the schools of Jonson and Donne, and other important poetry of the 17th century.
Credit: 3 semester hours.

3170 Milton
A study of Milton’s complete poetry and selected prose.
Credit: 3 semester hours.

3190 Special Topics in Medieval and Renaissance English Literature
A study in special themes and topics in literature and cultural studies, from the beginning of the Middle Ages through Milton and the Puritan revolution. The course material is intended to supplement the regular course offerings in Division I.
Credit: 3 semester hours.

Division II: Eighteenth-and Nineteenth-Century English Literature

3200 Eighteenth-Century English Literature
A study of major 18th-century writers, including Dryden, Pope, Swift and Johnson.
Credit: 3 semester hours.

3210 The Drama: 1660–1870
English drama from the Restoration to the beginning of the modern period.
Credit: 3 semester hours.

3220 Eighteenth-Century Novel
A study of the beginnings of the English novel through to the works of Jane Austen.
Credit: 3 semester hours.

3230 Nineteenth-Century Novel
A study of the distinctive genres of Romantic and Victorian prose fiction, including the Gothic, detective fiction, stories of adventure and exploration, and the realistic novel.
Credit: 3 semester hours.

3240 Romantic Literature
A study of the major figures of the first and second Romantic generations—Blake, Godwin, Wollstonecraft, Wordsworth, Coleridge, Austen, Byron, the Shelleys, Keats—with readings in poetry, prose fiction, journalism, correspondence and literary criticism.
Credit: 3 semester hours.

3250 Victorian Literature
A study of the genres and functions of literature of Victorian Britain, with emphasis on the emergence of the professional writer as revolutionary, sage and social critic.
Credit: 3 semester hours.

3260 Women Writers of the Nineteenth Century
A study of the political and cultural contexts of writing by women in the 19th century, including prose fiction and social criticism by figures such as Jane Austen, Mary Shelley, Margaret Fuller, the Brontes and George Eliot.
Credit: 3 semester hours.

3270 Eighteenth-Century British Poetry
Study of the diverse poetic traditions and literary cultures of Britain in the long eighteenth century.
Credit: 3 semester hours.

3290 Special Topics in 18th- and 19th-Century English Literature
A study of special themes and topics in literature and cultural studies, from the early modern period to the threshold of the 20th century (1660–1900). The course material is intended to supplement the regular course offerings in Division II.
Credit: 3 semester hours.

Division III: American Literature

Until 1900

3300 Colonial American Literature
A study of the literary movements of the colonial period in America from the Puritans through the Federalists, writers, including the oral traditions of Native Americans.
Credit: 3 semester hours.

3310 Antebellum American Literature
A study of 19th-century literature, with an emphasis on the writers of the American Romantic tradition.
Credit: 3 semester hours.

3320 Nineteenth-Century American Fiction
A study of the novelists and fiction writers of the 19th century in America, including Hawthorne, Melville, Poe and Stowe.
Credit: 3 semester hours.
3330 African-American Literature to 1900
A study of African-American literature to 1900, using texts such as slave and travel narratives, fiction, drama and poetry, as well as texts drawn from other disciplines.
Credit: 3 semester hours.

3340 American Realism and Naturalism
A study of the realist and naturalist traditions of American prose, including Howells, James, Crane, Twain, Dreiser and other writers of the late 19th and early 20th centuries.
Credit: 3 semester hours.

3350 American Women Writers to 1900
A study of the writing by women in colonial and 19th-century America.
Credit: 3 semester hours.

3360 Early National American Literature
A study of U.S. literature between the Revolution and the presidency of Andrew Jackson. Authors may include Susannah Rowson, Royall Tyler, Washington Irving, Catherine Sedgwick, James Fenimore Cooper and Lydia Maria Child. Credit: 3 semester hours.

3370 International Context for Early American Literature
Early American literature in context with other literatures from around the globe.
Credit: 3 semester hours.

3375 Environmental Literature
Examines early American writing about nature and the environment.
Credit: 3 semester hours.

3390 Special Topics in American Literature to 1900
A study of special themes and topics in literature and cultural studies, from the colonial period of American literature up to 1900. The course is intended to supplement the regular course offerings in Division III.
Credit: 3 semester hours.

Division IV: 20th-Century American and British Literature

3400 Modernist Literature
A study of the emergence of modernism in the literature and culture of the early 20th century, with an emphasis on the perception of the “modern” as new and distinct from the past and its insistence on experimentation.
Credit: 3 semester hours.

3410 Modern Fiction
A study of the development of the novel and prose fiction in early 20th-century British and American literature, including such figures as Conrad, Joyce, Woolf, Hemingway, Fitzgerald and Faulkner.
Credit: 3 semester hours.

3420 Contemporary Fiction
A study of the development of the novel and prose fiction since World War II in America and Great Britain, with an emphasis on the emergence of postmodernism in fiction.
Credit: 3 semester hours.

3430 Modern Poetry
A study of the great modernist poets of the early 20th century in America and Great Britain, including the works of Yeats, Eliot, Pound, Stevens, Williams and Auden.
Credit: 3 semester hours.

3440 Contemporary Poetry
A study of the poetry of important British and American poets since World War II, with an emphasis on the emergence of postmodernism in poetry.
Credit: 3 semester hours.

3450 Modern Drama
Readings and criticism of several important playwrights (Ibsen, Chekhov, Strindberg, Shaw, O’Neill and others).
Credit: 3 semester hours.

3460 Contemporary Drama
Readings of important post-war playwrights like Albee, Ionesco, Beckett and Pinter.
Credit: 3 semester hours.

3470 20-Century African-American Literature
Writers, movements and issues of 20th-century African-American literature, with an emphasis on the relation of literary to oral traditions.
Credit: 3 semester hours.

3475 African American Women’s Rhetorics
This course examines multiple persuasive discourses—written, oral, and visual—of black women in the United States.
Credit: 3 semester hours.

3480 The Harlem Renaissance
A study of the literature of the Harlem Renaissance, the African American cultural movement that followed World War I and lasted in the 1930s.
Credit: 3 semester hours.

3490 Special Topics in 20th-Century British and American Literature
A study of special themes and topics in literature and cultural studies, from the turn of the century to the present in both America and Great Britain. The course is intended to supplement the regular course offerings in Division IV.
Credit: 3 semester hours.

Additional Courses
Note: Courses below marked with an asterisk may count as Division IV requirement.

3500 Classical Literature
A study of Western writers from Homer and the Greek tragedians through the Roman period, ending with St. Augustine.
Credit: 3 semester hours.

3510 Medieval and Renaissance European Literature
A study of Western writers from Dante and the High Middle Ages through the Renaissance.
Credit: 3 semester hours.

3520 Modern World Literature
A study of some major texts of European literature from the 17th century to the present.
Credit: 3 semester hours.

3530 The Gothic
An introduction to the history and cultural significance of Gothic genres, forms, styles, and recurrent horrors from the Romantic origins of the Gothic through its modernist and postmodernist representations.
Credit: 3 semester hours.

3540 Irish Literature
A study of Irish literature as a distinct and important body of work including a study of Irish folklore, important Anglo-Irish writers of the 18th and 19th centuries, the Irish Renaissance of the early 20th century, and the development of Irish literature after independence.
Credit: 3 semester hours.

3550 Short Fiction
A study of the major developments of this genre through an analysis of representative texts of Chekhov, Joyce, Lawrence, Kafka, Borges and others.
Credit: 3 semester hours.

3560 American Ethnic Literatures *
A study of works by culturally diverse American writers such as Toni Morrison, Maxine Hong Kingston, James Baldwin, Jamaica Kincaid, Derek Walcott, Sandra Cisneros, Louise Erdrich, Leslie Marmon Silko, Bharati Mukherjee, and August Wilson.
Credit: 3 semester hours.

3570 Women and Literature
This course explores writing by women. Texts may represent different historical periods, or ethnic allegiances, including poetry, fiction, drama, and autobiography.
Credit: 3 semester hours.

3580 Postcolonial Literature *
A critical introduction to the study of postcolonial literature through selected readings from contemporary writers from Africa, the Caribbean, South Asia, and other formerly colonized regions.
Credit: 3 semester hours.

3590 Literature and the Other Arts
A study of selected English and/or American literary texts are evaluated in relation to important works of music, painting, sculpture, dance, theater, and/or film.
Credit: 3 semester hours.

3600 Classical Epic in Translation
An examination of Greek and Roman epics from its oral origins in Homer, through its Alexandrian incarnation in Apollonius of Rhodes, to its use as political instrument in Virgil. No knowledge of Greek or Latin required.
Credit: 3 semester hours.

3605 Ancient Comedy in Translation
Selected plays of the ancient Greek and Roman playwrights: Menander, Aristophanes, Plautus, and Terence.
Credit: 3 semester hours.

3610 Classical Drama in Translation
Readings and discussions of the representative plays of the classical Greek and Roman theatre. No knowledge of Greek or Latin required.
Credit: 3 semester hours.
3620 Classical Mythology in Translation
A study through literary texts of mythology from Greek and Roman culture. No knowledge of Greek or Latin required. 
Credit: 3 semester hours.

3630 Utopian Fiction *
This course introduces intermediate and advanced undergraduates to a wide range of utopian fiction. Credit: 3 semester hours.

3640 Vernacular Literature *
Fiction, poetry, and drama written in various forms of non-standard English. 
Credit: 3 semester hours.

3645 Comparative Migration Literature
Fiction, poetry, and drama depicting the process of relocating permanently to a new country. Credit: 3 semester hours.

3650 Caribbean Literature *
Study of the fiction, poetry, essays, and drama of the Caribbean and the Caribbean Diaspora. 
Credit: 3 semester hours.

3660 South Asian Literature *
Study of the fiction, poetry, essays and drama of South Asia and the South Asian Diaspora. 
Credit: 3 semester hours.

3670 Ethnic Autobiography
We will be reading a selection of “ethnic” American autobiographies, paying careful attention to how the genre, and “ethnic” autobiography in particular, deploys certain literary forms, strategies and devices to construct the self and the nation. 
Credit: 3 semester hours.

3680 Reading the Body: Race, Gender, Text
Poststructuralist theories of gender, race, the text and the body. Credit: 3 semester hours.

3690 Special Topics in Literary and Cultural Studies
A study of special themes and topics in cultural studies, transnational and trans-historical in focus and the ways in which the study of literature can become the basis for a study in culture in the broadest sense. 
Credit: 3 semester hours.

Writing Courses

3700 The Teaching of Writing
An introduction to composition theory and pedagogy, with special emphasis on one-on-one peer tutoring. Designed especially for education majors, minors and students interested in working in the Writing Center. 
Lecture, 2 hours. Laboratory (in Writing Center), 4 hours. Credit: 4 semester hours.

3710 Introduction to Creative Writing
A course designed to help develop creative writing skills, with emphasis on traditional and contemporary forms of poetry, fiction, drama. 
Credit: 3 semester hours.

3720 Creative Writing: Nonfiction Prose
An introduction to writing various forms of nonfiction. Credit: 3 semester hours.

3730 Creative Writing: Poetry
Intensive writing workshop on poetry and poetics. Credit: 3 semester hours.

3740 Creative Writing: Fiction
Intensive writing workshop on fiction and fiction theory. Credit: 3 semester hours.

3750 Advanced Writing Workshop
An advanced composition course focusing on the writing of personal narratives, analyses, essays, arguments and research articles. 
Credit: 3 semester hours.

3760 Writing as Social Action
Rhetorical analysis of social movements. Students develop portfolios that demonstrate awareness of landmark activism and insight on self-selected organizations working for social justice or change. Credit: 3 semester hours.

3770 Advanced Fiction Writing Workshop
Prerequisite: Permission of instructor. Advanced workshop in fiction and fiction theory. Credit: 3 semester hours.

3780 Advanced Poetry Writing Workshop
Prerequisite: Permission of instructor. Advanced workshop in poetry and poetics. Credit: 3 semester hours.

3800 Working-Class Theory, Literature, and Culture
A survey of British and American cultural studies theories and an exploration of contemporary twentieth century literary and cultural representations of the working class. 
Credit: 3 semester hours.

3810 The History of Silent Film *
An advanced introduction to the history of silent film, studying major historical innovations, schools, and styles of filmmaking. 
Credit: 3 semester hours.

3820 The History of Sound Film to 1975 *
An introduction to the major national schools and styles of filmmaking from the period of sound’s innovation to the New Hollywood of the mid-70s. 
Credit: 3 semester hours.

3830 Topics in Film Authors *
A study of films of a single director, and the intersection of those films with the director’s historical, cultural, and industrial conditions. 
Credit: 3 semester hours.

3880 English Studies in the Digital Age
This course investigates how digital technologies impact the way we read literary texts and it introduces students to debates and practices in the digital humanities. 
Credit: 3 semester hours.

3890 Topics in Film Genre *
A study of the formal similarities, stylistic and narrative patterns, and mythic values of a particular generic category of film production. 
Credit: 3 semester hours.

3900 Modern Rhetorical Theory
Examination of the development of rhetorical theory from the beginning of the twentieth century to the present including discussion of important thinkers, movements, and issues. 
Credit: 3 semester hours.

Seminars and Independent Study

4903 Internship in English and Related Fields
Restricted registration. Field work (8 hours per week) in selected organizations that utilize the English major’s writing and research skills under coordinated faculty and professional supervision. Credit: 3 semester hours.

4906 Internship in English and Related Fields
Restricted registration. Field work (16 hours per week) in selected organizations that utilize the English major’s writing and research skills under coordinated faculty and professional supervision. Credit: 6 semester hours.

4953 Independent Study
Restricted registration. Independent research in an area of the student’s own selection under the general advisement of a faculty member. 
Credit: 3 semester hours.

4991 Seminar in British Literature
Prerequisite: ENG 2200, 2300. Research problems in literature and criticism. Students may take more than one seminar. Limited to seniors. Credit: 3 semester hours.

4992 Seminar in American Literature
Prerequisite: ENG 2200, 2300. Research problems in literature and criticism. Students may take more than one seminar. Limited to seniors. Credit: 3 semester hours.

4993 Seminar in Special Authors
Prerequisite: ENG 2200, 2300. Research problems in literature and criticism. Students may take more than one seminar. Limited to seniors. Credit: 3 semester hours.

4994 Seminar in Themes/Genres
Prerequisite: ENG 2200, 2300. Research problems in literature and criticism. Students may take more than one seminar. Limited to seniors. Credit: 3 semester hours.

4999 Seminar in Themes/Genres
Prerequisite: ENG 2200, 2300. Research problems in literature and criticism. Students may take more than one seminar. Limited to seniors. Credit: 3 semester hours.

Environmental Studies Program (ESP)

Major Sequences

B.A. in Environmental Sustainability and Decision-Making
45–46 semester hours including: ANT 1120; ESP 1010, 1020, 2410, 4990; ESP 2500 or GOV 2500; GEO 2001; GOV 1030, 2160; one course in applied statistics; and fifteen semester hours of major elective courses in consultation with the Director of the Environmental Studies Program.
B.S. in Environmental Studies
50 semester hours including: BIO 1000, 1001L, 2000, 2001L, 3000, 30001L; CHE 1210, 1220; ESP 1010, 4990; GEO 2001; and nineteen semester hours of major elective courses in consultation with the Director of the Environmental Studies Program.

The B.S. degree in Environmental Studies requires the completion of MTH 1210, 1220 or 1730, 1740.

Special Note for Double Majors
Students with multiple majors, one of which is Environmental Studies, may not satisfy the elective portion of the environmental studies major sequence with courses also required in or being applied to the other major(s).

Minor Sequences
Environmental Studies
15 semester hours including: ESP 1010, GEO 2001, and nine semester hours of environmental electives in consultation with the Director of the Environmental Studies Program.

Environmental Education
15 semester hours including: ESP 1010, ESP 2150, GEO 2001, and six semester hours of environmental electives in consultation with the Director of the Environmental Studies Program.

Note: All 15 credits of the environmental studies minor courses must be outside of the student’s major courses. No overlap between major and minor courses are permitted.

Environmental Studies Program Course Offerings (ESP)

1010 Introduction to Ecological Principles
Principles governing the relationships between organisms and their environment. Spatial and temporal organization of ecosystems and distribution of biotic communities are emphasized. Credit: 3 semester hours.

1020 Methods of Environmental Analysis-Practicum
Prerequisite: ESP 1010. An analytical study of the current methods of environmental analysis focusing on interdisciplinary ecological, geophysical and technological measures. Campus-based field work required. Credit: 3 semester hours.

1050 Natural History of Metropolitan New York (Mini-Course)
Field trips to different natural areas in and around New York City to illustrate various principles of natural history study. Travel expense shared by all students. Not open to students with advanced biology training. Not applicable to major or minor sequences. Credit: 3 semester hours.

1060 Discover Bermuda: Adaptive Ecosystem Management, Sustainability and Socioeconomic Issues
This Bermuda based multidisciplinary course covers issues involved in environmental decision making such as sustainability, economic, ecological, sociological, ethical and educational. Includes both classroom lectures and field trips. Students should be able to swim and engage in fairly rigorous walking and hiking activities. Credit: 3 semester hours.

1120 Human Ecology
A study of the interrelationships between humanity, social and cultural evolution and the Earth. The nature and impacts of population growth, industry and technological progress are emphasized. Field trips may be included. Credit: 3 semester hours.

2020 Geographic Information Systems: An Introduction to GIS and Remote Sensing
An interdisciplinary exploration of GIS with exposure to various aspects of analysis including: data structure, spatial analysis, data management, data visualization, data retrieval, and GPS. Credit: 3 semester hours.

2110 The Coastal Environment
A systematic and regional analysis of the environmental problems caused by use and misuse of the coastal zone: estuaries, wetlands, saltmarshes, beaches, and alteration and pollution of these environments. Credit: 3 semester hours.

2160 American Environmental Politics and Policies
An analysis of the evolution of United States environmental policy and the influence of politics on those policies with particular emphasis on the late 20th century. Credit: 3 semester hours.

2170 Global Environmental Politics and Policies
An analysis of international concern for and policies dealing with global environmental issues. International treaties and accords as well as political differences between nations and groups of nations are emphasized. Credit: 3 semester hours.

2210 Science Technology Engineering Mathematics Seminar I
Prerequisite: One BIO, CHE, MTH, PHY, or SCI 1000C course. An interdisciplinary seminar to address a major global issue and develop a solution to one aspect of the issue. Permission of the ESP Director is required. Credit: 1 semester hour.

2220 Science Technology Engineering Mathematics Seminar II
Prerequisite: ESP 2210. An interdisciplinary seminar to address a major global issue and develop a solution to one aspect of the issue. Permission of the ESP Director is required. Credit: 2 semester hours.

2410 Principles and Practices of Sustainable Development
An analysis of the theoretical underpinnings and practical applications of sustainable development on a global, local and individual level; sustainable practices in areas such as building, waste management, industrial production and energy are included. Campus-based field work required. Credit: 3 semester hours.

2500 Environmental Management, Regulation and Decision-Making
Prerequisite: GOV 1030. Analysis of the major federal environmental statutes, their historical development and amendments, and their practical application in today’s regulated community. Credit: 3 semester hours.

2510 Aquatic Ecology
Corequisite: ESP 2511L. Introduction to major ecological principles of freshwater and marine habitats; interrelationships among organisms; role of physical and chemical parameters at the population community and ecosystem level. Field trips required. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

3320 Resource Management
Corequisite: ESP 3321L. An analysis of the goals, principles, methods and ecological measures currently employed by natural resource managers. Lab and field work required. Field trips required. Lecture, 2 hours. Laboratory, 4 hours. Credit: 4 semester hours. Laboratory fee, $100.

3480 Environmental Geology
Prerequisite: Sophomore standing or permission of the instructor. An analysis of the relationships between human beings and the Earth. Geological hazards, evolutionary Earth changes and the power of modern civilization to alter the Earth. Credit: 3 semester hours.

3481L Environmental Geology Laboratory
An analysis of the theoretical underpinnings and practical applications of sustainable development on a global, local and individual level; sustainable practices in areas such as building, waste management, industrial production and energy are included. Campus-based field work required. Credit: 3 semester hours.

3480 Environmental Geology
Prerequisite: Sophomore standing or permission of the instructor. An analysis of the relationships between human beings and the Earth. Geological hazards, evolutionary Earth changes and the power of modern civilization to alter the Earth. Credit: 3 semester hours.

3481L Environmental Geology Laboratory
An interdisciplinary seminar to address a major global issue and develop a solution to one aspect of the issue. Permission of the ESP Director is required. Credit: 1 semester hour. Laboratory fee, $100.

4903; 4906 Environmental Studies Internship
Prerequisite: Permission of the Director. An internship program with a variety of environmentally concerned public and private agencies; designed to present the practical side of environmental management. Open to ESP majors only. Credit: 3 to 6 semester hours.
4953; 4954 Research in Environmental Studies

Restricted registration. Selected environmental studies majors undertake guided research in the application of environmental principles and techniques in participating areas (anthropology, biology, chemistry, geography, government and mathematics). Open to seniors with a 3.0 GPA and approval of the Director of the Environmental Studies program and area Department Chair. Credit: 3 semester hours.

4990 Environmental Analysis Senior Seminar

Prerequisite: Junior or senior standing. An interdisciplinary, capstone seminar exploring the methods and current practices of analysis and problem solving in selected environmental fields and professions. Credit: 3 semester hours.

Government and Politics (GOV)

Major Sequences

Government and Politics

36 semester hours including: GOV 1030, 1530; one elective in each of the following areas:

International Relations: GOV 1610, 2170, 2640, 2810, 3620, 3630, 3670.

Comparative Government: GOV 1700, 2650, 2660, 2690, 2730, 2750, 3310, 3680, 3710, 3720, 3820, 3850, 3851.

Political Theory: GOV 1250, 1260, 1270, 1280.

Senior Seminar. GOV 4991, 4992, 4993, 4994, 4995.

In addition, majors must complete eighteen semester hours in GOV courses. Students are permitted a maximum of six hours in fieldwork courses. Eligible seniors may choose six elective hours from 100-level graduate courses.

Public Administration and Public Service

36 semester hours including: GOV 1030, 1530, 3540, 4995; one elective in each of the following areas:

International Relations: GOV 1610, 2170, 2640, 2810, 3340, 3620, 3630, 3670;

Comparative Government: GOV 1700, 2650, 2660, 2690, 2730, 2750, 3680, 3710, 3720, 3820, 3850, 3851;

Political Theory: GOV 1250, 1260, 1270, 1280.

In addition, majors must complete fifteen semester hours in GOV courses. Students are permitted a maximum of six hours in public administration fieldwork courses. Eligible seniors may also choose six elective hours from 100-level graduate courses.

Special Note for Double Majors

Students may major in both government and politics and public administration and public service. A maximum of six semester hours may be used to satisfy requirements in both majors. Thus, a double major has to complete a minimum of 66 semester hours. A double major is required to complete two courses in International Relations, Comparative Government, and Political Theory. A double major also must complete GOV 4995 and another seminar.

B.A./M.A.

Undergraduate students accepted into the accelerated B.A./M.A. program in Government and Politics will complete a total of 36 credits of combined Government and Politics undergraduate and graduate courses.

Eligibility requires an overall 3.0 cumulative index and 3.5 index in major courses. In their fifth year, students pursue full-time graduate work completing the balance of credits necessary to meet the 33 credit M.A. degree requirement. Please see the department chair for further details.

Other Combined Degree Programs

The Department of Government and Politics offers a number of undergraduate/graduate combined degrees with the College of Professional Studies: BS/MA programs in Communication Arts, Criminal Justice, Health Care Administration, Journalism, and Paralegal Studies. All students interested in the combined degree program must fulfill the eligibility requirements stated above for the BA/MA.

Minor Sequences

Government and Politics

A. For all students, except Public Administration and Public Service majors: Any 18 semester hours in GOV.

B. For Public Administration and Public Service majors: Any 18 semester hours in GOV not utilized for the major.

C. For the Peter J. Tobin College of Business students: 18 semester hours including:

1. GOV 1030; ECO 1326 or MGT 3301;
2. One course in American Government chosen from: GOV 2400, 2470, 2480, 2500, 2580, 2600, 3450, 3460, 3570, 3620; HIS 3725; PHI 3420, 3650; RCT 2020, 3180; SOC 2360.

D. For Government and Politics majors: See department chairperson for advisement.

Public Administration and Public Service

A. For all students except Government and Politics majors: 21 semester hours including: GOV 1010, 1030 and any five of the following: GOV 2400, 2490, 2500, 2580, 2600, 3450, 3460, 3570, 3620; HIS 3725; PHI 3420, 3650; RCT 2020, 3180; SOC 2360.

B. For Government and Politics majors: 15 semester hours including: GOV 1530, 3540, and three of the following: GOV 2400, 2470, 2480, 2500, 2955, 3450, 3460, 3540, 4913.

Law and Government

A. For all students except Government and Politics majors: 21 semester hours including: GOV 1010, 1030 and any five of the following: GOV 2400, 2490, 2500, 2580, 2600, 3450, 3460, 3570, 3620; HIS 3725; PHI 3420, 3650; RCT 2020, 3180; SOC 2360.

B. For Government and Politics majors: See department chairperson for advisement.

Government and Politics Course Offerings (GOV)

1010 Contemporary Government and Politics

Introduction to the nature and scope of politics. Approaches to the analysis of political behavior and thinking. Major issues and conflicts in the contemporary world. Credit: 3 semester hours.

1030 American National Government

The nature of United States federalism; the structure and work of the national government; the executive branch; the Congress and executive-legislative relationship; the federal judiciary with reference to appropriate constitutional cases and the departments and administrative establishment. Credit: 3 semester hours.
1050 Research Methods for Government and Politics
Prerequisite: GOV 1030. As a foundation for Government and Politics majors, this course provides introductions to research methods and scholarly writing. All GOV majors must take 1050 as one of their first four courses in the major. Credit: 3 semester hours.

1250 Western Political Thought I: Classical and Medieval
A survey of great thinkers and movements from the classical period to St. Thomas. Credit: 3 semester hours.

1260 Western Political Thought II: Early Modern
A survey of key works from the Renaissance to the late 19th century. Credit: 3 semester hours.

1270 Western Political Thought III: Recent and Contemporary
Major topics include Hegel, Marxism-Leninism, Fascism, Socialism, democracy, nationalism and Elitism. Credit: 3 semester hours.

1280 Feminism and Politics
Designed for students with experience and interest in political theory. This course surveys recent feminist contributions to political theory, emphasizing both the range of feminist views and the basis for commonality. Credit: 3 semester hours.

1350 Politics and Religion: The American Experience
Explores the complex relationship between politics and religion in liberal democracy, with a focus on the United States. Credit: 3 semester hours.

1530 Introduction to Public Administration
Prerequisite: GOV 1030. The process of government organization, administration, and management; current problems and trends; administrative-political relationships. Credit: 3 semester hours.

1610 International Relations
The legal and political principles underlying the modern state system; foreign policies of the major powers; fundamental factors and problems in international politics; development of international organizations and cooperation. Credit: 3 semester hours.

1700 Comparative Political Systems
The study of the methodology of comparative political analysis and research. Topics include political institutions; ethnicity and ethnic conflict; regimes and regime change; parties and party systems; and democracy and democratization. Credit: 3 semester hours.

2000 Introduction to International Conflict Resolution and Reconciliation
An introduction to theories of conflict analysis, management, and resolution, with emphasis on the application of these theories to address political violence. Credit: 3 semester hours.

2160 American Environmental Politics and Policies
An analysis of the evolution of the United States environmental policy and the influence of politics on those policies with particular emphasis on the late 20th century. Credit: 3 semester hours.

2170 Global Environmental Politics and Policies
Analysis of politics and policies with regard to global environmental issues within a larger discussion of development—sustainable and unsustainable. Credit: 3 semester hours.

2240 The Federalist Papers
Prerequisite: GOV 1030. This course examines the series of pamphlets, commonly known as the Federalist Papers, written by Alexander Hamilton, James Madison, and John Jay. Credit: 3 semester hours.

2300 Roots of Modern Ideologies
Prerequisite for non-majors: Consent of instructor. An examination of the interrelationship of certain social, theological and philosophic concepts and their effect on past and present political orders. Credit: 3 semester hours.

2400 Introduction of the Study of Law
A critical survey and analysis of materials dealing with legal methodology relevant to the study of law. Readings and discussion of leading legal essays and opinions. Credit: 3 semester hours.

2420 Congress: Politics and Policy
Examines the organization of the House and Senate; the evolution of the relationship of Congress with the executive; party politics in the legislative process; contemporary legislative problems. Credit: 3 semester hours.

2430 The American Presidency
Explores the evolution of the American Presidency; the roles played by the chief executive; the various concepts of the office; the president’s position in the Congress; the president’s relationship with Congress. Credit: 3 semester hours.

2470 State and Local Government and Administration
Prerequisite: GOV 1030. Socioeconomic and intergovernmental influences on state politics; party and interest-group politics; legislatures, governors, and state agencies; budgeting and economic development issues. Credit: 3 semester hours.

2480 Municipal Government and Administration
Prerequisite: GOV 1030. Socioeconomic influences on urban politics; machine, reform and post-reform political organization; systems of urban governance; budgeting and land-use issues. Credit: 3 semester hours.

2490 Law Politics and the Individual
Evolution of the laws as a result of the historical, social, political, and economic processes; special emphasis on contemporary American law affecting everyday life. Credit: 3 semester hours.

2500 Environmental and Public Law
Prerequisite: GOV 1030. The political issues surrounding environmental regulation, with an emphasis on bureaucratic and judicial administration of federal legislation governing air, water and land-use. Credit: 3 semester hours.

2510 American Political Parties and Interest Groups
The nature and operation of the political process in the United States; organization and function of the political parties; nominations and elections; voting behavior, the nature of the two-party system; effects of social, economic and cultural forces upon party government; the dynamics of political power. Credit: 3 semester hours.

2520 Politics of Environment and Development
An examination of the political dimensions of environmental issues and development issues in selected countries and regions around the world. Credit: 3 semester hours.

2580 Judicial Process and Behavior
Evolution of the operation of the American legal system at the national and state levels. Credit: 3 semester hours.

2600 Roman Law and Society
A study of the society and institutions of ancient Rome as revealed in Roman law. No knowledge of classical languages is required. Credit: 3 semester hours.

2640 Foreign Policy of the United States
The origin, development and application of the major principles controlling American foreign relations. Credit: 3 semester hours.

2650 Government and Politics of Western Europe
Introduction to contemporary Western European political systems, institutions of those systems, and six major countries: Great Britain, France, Germany, Italy, Netherlands, and Spain. Credit: 3 semester hours.

2660 Government and Politics of Eastern Europe
Introduction to contemporary political systems in Central/Eastern Europe, institutions of those systems, and their transition from socialist to market economies, and transformation to democratic institutions. Credit: 3 semester hours.

2670 European Union Politics
Creation of the European Union and the politics of European integration; examines European Union activities and its role in policy development, common market and currency, and foreign affairs. Credit: 3 semester hours.
2690 Government and Politics of Latin America
The origin, structures and functions of Latin American governments. Credit: 3 semester hours.

2730 Russia and the CIS Republics
Russian transformation to post-communist political and economic system; democratic and non-democratic systems of the post-Soviet Republics in Central Asia, Ukraine, Belarus and the Baltic States. Credit: 3 semester hours.

2750 Politics of the Caribbean Area
A study of the political development of the Caribbean area, emphasizing the nations of Cuba, Haiti, the Dominican Republic, and Jamaica. Special attention is also given to the patterns of colonial control, the unique position of Puerto Rico and attempted alliance and confederation. Credit: 3 semester hours.

2760 The Politics of Puerto Rico
An analysis of the government and politics of the Commonwealth of Puerto Rico; political traditions, the issue of political status and Puerto Rico's relationship with the United States and current political conditions and problems. Credit: 3 semester hours.

2810 The Politics of War
The causes of war, with emphasis on the twentieth century; legal and cultural aspects of war; prediction and control of war. Credit: 3 semester hours.

2950 Workshop on Political Campaigning (Mini-Course)
The application of principles of campaigning during a simulated election campaign; roles of citizen and party candidate selection, campaign organization, funding, election day and postselective activities. Credit: 3 semester hours.

2955 Management Tools in Public Administration Decision Making and Leadership (Mini-Course)
Students use case studies, engage in interpersonal communication skill building and participate in small decision-making groups. Credit: 3 semester hours.

3200 Political Image Through Literature
Relationship of politics, literature, and especially film through the topics of domestic electoral politics, Vietnam War, political violence, gender and love, social rebellion. Credit: 3 semester hours.

3280 The Politics of Migration
The politics, policy, and patterns of national and transnational migration, especially the causes and the effects on the economy, security, social harmony, assimilation, and integration. Credit: 3 semester hours.

3290 The Politics of Revolution
Empirical theories of revolution through the reading and analysis of major theoretic attempts to delineate the causes, development, and effects of revolution, with examples of revolutions in world history from the classical period to the present. Credit: 3 semester hours.

3310 Comparative Diversity, Identity and Governance
Examines the politics of highly diverse societies, analyzing the quality and level of cultural, ethnic, national, religious and linguistic diversity as variables in effective governance. Credit: 3 semester hours.

3320 Current Terrorist Movements
An analysis and evaluation of the ideologies, strategies and tactics of the leading revolutionary movements in the world today. An analysis and evaluation of the counterrevolutionary measures commonly used by governments. Credit: 3 semester hours.

3330 American Political Thought in the 19th and 20th Centuries
The nature and purpose of the state as expressed by selected writers from colonial times to the Populist Era. Credit: 3 semester hours.

3340 Arms Races and Arms Control
This course investigates the origins and implications of arms races in the context of international relations theory and evaluates the successes and failures of arms control initiatives throughout history. Credit: 3 semester hours.

3450; 3460 Constitutional Law
Prerequisite: GOV 1030. A study of the United States Constitution, by the case method, through examination of leading decisions of the U.S. Supreme Court. Credit: 3 semester hours.

3520 Public Opinion and American Politics
The process of opinion formation; role of public opinion in politics; propaganda and public relations; measurement of public opinion; role of pressure groups; public opinion and current political issues. Credit: 3 semester hours.

3540 Research Methods in Political Science and Public Administration
Prerequisite: GOV 1530. An examination of problem definition, developing concepts and variables, hypothesis testing and the use of quantitative techniques in public administration and political science. Credit: 3 semester hours.

3570 Comparative Law
A critical inquiry into the origins, sources and formation of the three major legal traditions: common law, civil law and socialist law. Analysis of selected substantive topics in a comparative setting. Credit: 3 semester hours.

3590 The American Government and Business Relationship
The relationship of government and business emphasizing industries with seller concentration and their market conduct. Consideration of selected activities and industries: agriculture, inventions and patents, banking and finance, public utilities, and the shaping of public policy. Credit: 3 semester hours.

3620 International Law
The nature and scope of international law; the organization of the community of nations; selected substantive roles of international law. Credit: 3 semester hours.

3630 Foreign Policy of the Major Powers
Fundamental factors influencing the international political behavior of the major powers in world affairs. Credit: 3 semester hours.

3670 International Political Economy
Theoretical and empirical relationships between politics and economics at the international level. Regional economic cooperation, trade issues, international monetary policies and North-South difference. Credit: 3 semester hours.

3680 Politics of Africa
The dynamics of the societies in transition in the developing nations of Africa; analysis of their evolution from colonial dependency and traditional tribal units into modern nation-state systems. Credit: 3 semester hours.

3710 Governments and Politics of the Far East
The political and institutional developments in the states of the Far East, with major emphasis on China, Japan and Korea; their political backgrounds and present foreign relations. Credit: 3 semester hours.

3720 Governments and Politics of South and Southeast Asia
The political and institutional developments of South Asia, emphasizing India, Pakistan, Bangladesh, Sri Lanka, and those of Southeast Asia, emphasizing Vietnam, Indonesia, and the Philippines. Credit: 3 semester hours.

3800 American Econopolitics
The role of economics in domestic and foreign politics, with special attention to recent developments; political consequences of economic growth; public and government policy in prosperity and recession. Credit: 3 semester hours.

3820 Politics of the Middle East
Historical development of the Middle East in politics, economics and political thought. Political institutions in the Maghrib; Zionism; the Palestinian question; the politics of oil. Credit: 3 semester hours.

3850 Politics of Developing Countries
The politics of developing countries with a focus on the political economy of development to issues of globalization, national integration, social conflict, the role of the state, civil society, and democratization. Credit: 3 semester hours.

3851 Politics of Genocide
Prerequisite: GOV 1010. The political issues surrounding genocide and collective violence. The course will help students to better understand one of the most complex and troubling issues in historical and contemporary political life. Credit: 3 semester hours.
Senior Seminars
Limited to Government majors in their senior year. Juniors with permission of the Chair.
Readings, reports and discussions on topics of student interest, under supervision of the faculty member. Enrollment is in one of six sections below, but majors may take more than one seminar. Credit: 3 semester hours.

4991 Seminar in American Government
Prerequisite: At least six credits from among: GOV 1030, 1530, 2400, 2420, 2430, 2470, 2480, 2490, 2500, 2510, 2640, 2950, 3450, 3460, 4933, 4936, 2580, 3590, 2760, 3800. Credit: 3 semester hours.

4992 Seminar in International Relations
Prerequisite: GOV 1610 and at least three credits from among: 2640, 2650, 2660, 2690, 2750, 2810, 3620, 3630, 3710, 3720, 3820. Credit: 3 semester hours.

4993 Seminar in Comparative Government
Prerequisite: At least six credits from among: 1700, 2650, 2660, 2690, 2750, 2680, 3710, 3720. Credit: 3 semester hours.

4994 Seminar in Political Theory
At least six credits from among: 1250, 1260, 1270, 2300, 3330. Credit: 3 semester hours.

4995 Seminar in Public Administration
Prerequisite: At least six credits from among: GOV 2400, 2420, 2430, 2470, 2480, 2500, 2580, 2955, 3450, 3460, 3570, 3590. Credit: 3 semester hours.

History (HIS)/Geography (GEO)

Major Sequence
History
36 semester hours including: HIS 1000C, 1010, 2990 (in sophomore year), six semester hours in U.S. history, six semester hours in European history, six semester hours in non-Western history, a three-credit seminar in junior or senior year, and six semester hours in courses offered by the Department.

Social Studies
36 semester hours including: HIS 1000C, 1010, six semester hours in U.S. history, six semester hours in European history, six semester hours in non-Western history and one course each from economics, geography, government, and sociology. Available on Staten Island Campus only.

B.A./M.A.
Students admitted to the accelerated B.A./M.A. program in History take as their major sequence for their baccalaureate 36–39 semester hours including HIS 1000C, 1010, 2990, six semester hours in U.S. history, six semester hours in European history, one seminar or colloquium, one undergraduate elective in history, plus a minimum of four, up to a maximum of five, graduate-level history courses (one of which must be HIS 401 taken during the senior year). Eligibility requires a 3.0 overall cumulative index and a 3.5 index in history. For additional requirements for the master’s degree, students should consult the St. John’s University Graduate Bulletin.

Minor Sequence
18 semester hours including: HIS 1000C, 1010, 2990, and one colloquium or seminar, and six semester hours of HIS electives in consultation with the department, excluding HIS 1301, 1302.

History Course Offerings (HIS)

1000-Level: Surveys
1000C Emergence of a Global Society
A survey of the historical foundations of contemporary societies: global dissemination of scientific, technological, and industrial revolutions; the spread of world religions, democracy, and internationalism; accommodation and resistance to Western hegemony; globalization as a historical force. Required for all majors and minors. Credit: 3 semester hours.

1010 World History I
A topical approach to forces and events that shaped the modern world, including ancient empires, Western civilization and Christianity, the impact of Islam, African and pre-Columbian civilizations, and the new learning of the Renaissance and Age of Exploration. Required for all majors and minors. Credit: 3 semester hours.

1301 U.S. from Colonial Times to the Civil War
A survey of the main political, economic, social, and religious developments from the Peace of Paris to the Civil War. Counts as a history elective but not as part of the U.S. History requirement for the major. Credit: 3 semester hours.

1302 U.S. from Civil War to the Present
A survey of the main political, economic, social, and religious developments from the Civil War to the present. Counts as a history elective but not as part of the U.S. History requirement for the major. Credit: 3 semester hours.

Required Course for the History Major and Minor
2990 Sophomore Seminar: Introduction to History
Restricted registration. Foundation of historical thought and practice: basic tools of historical analysis and research, overview of the development of historical studies, how to read and write history. Required of all majors and minors, and should be taken in their sophomore year unless extenuating circumstances have been approved by the department chair. Credit: 3 semester hours.
2000-Level: Major courses, Surveys and Chronological Courses

Ancient History

2001 Early Ancient Civilizations
Human society at the dawn of civilization; formation and development of ancient Mesopotamian, Egyptian, Hebraic, and other pre-Hellenic civilizations. Credit: 3 semester hours.

2002 Ancient Greek and Roman Civilizations
A course on the growth and development of ancient Greece, the Hellenic culture, and the Roman Republic and Empire. Credit: 3 semester hours.

2005 After Rome: Later Christendom, Byzantium and Islam to 800
Comparisons of the three great medieval societies that arose from the Roman Empire: the Byzantine Empire, the Latin Christian Frankish Kingdom, and the Abbasid Caliphate. Credit: 3 semester hours.

2007 Food and History from Ancient to Early Modern Times
The course examines themes in the history of food and drink from early hunting and gathering to the early modern period, including production, procurement, consumption, and cultural representations. Credit: 3 semester hours.

2009 Food and History from Early Modern Times to the Present
The course examines themes in the history of food and drink from the early modern period to the present, including production, procurement, consumption and cultural representations. Credit: 3 semester hours.

Non-Western Surveys

2301 Africa in the Colonial Period
The impact of Islamic and European cultures in the colonial period. The Industrial Revolution, and the expansion of Europe into Africa. Detailed analyses of Belgian, British, French, German, and Italian imperialism. Credit: 3 semester hours. Credit: 3 semester hours.

2302 Contemporary Africa
The African reaction to slavery, colonialism, the birth of nationalism, and the dismemberment of the colonial empires. Problems of nation-building and development in the newly independent states of Africa. Credit: 3 semester hours.

2311 History of East Asia
The political, intellectual, cultural, social and economic developments of China and Japan from ancient times to 1900. Credit: 3 semester hours.

2312 History of Modern East Asia
The forces and events that have shaped 20th-century China, Japan and Korea, such as efforts at modernization, the emergence of nationalism, imperialism, Communism and the problems of the contemporary period. Credit: 3 semester hours.

2313 History of Colonial South Asia
The social, cultural, and economic history of nineteenth and twentieth century colonial South Asia. Credit: 3 semester hours.

2314 History of Contemporary South Asia
This course examines the social, cultural, and economic history of South Asia from 1947 to the present day, with a focus on economic development, gender, and popular culture. Credit: 3 semester hours.

2320 History of Modern Middle East
Environmental, economic, social and cultural forces that shaped the modern Middle East with emphasis on impact of Ottoman and Western imperialism, Arab-Israeli conflict and the Islamic Revolution. Credit: 3 semester hours.

2321 History of Islamic Society
Survey of how the rise of Islam in Arabia affected Arab and Iranian lands from the seventh to thirteenth century A.D. Credit: 3 semester hours.

2331 Latin America in the Colonial Period
Pre-Columbian background; European discovery and colonization, plantation life, the role of the Church, and the independence movements. Credit: 3 semester hours.

2332 History of Contemporary Latin America
Independence from Spain; economic, cultural, religious and political struggles; the caudillos; the relationship with U.S.; Castro era. Credit: 3 semester hours.

2340 History of Ancient Americas
Survey of pre-Columbian societies emphasizing political, cultural, social, technological, and economic accomplishments of the Maya, Aztec, and Inca civilizations. Credit: 3 semester hours.

2450 History of the Modern Caribbean
A survey of Caribbean history spanning from the pre-Columbian era to the turn of the twenty-first history. Credit: 3 semester hours.

European Surveys

2501 Early Medieval History
The emergence of medieval European civilization out of Judeo-Christian, Greco-Roman and Germanic institutions and ideas from the decline of the Roman Empire to the 11th-century. Credit: 3 semester hours.

2502 Late Medieval Europe
The economic, political, intellectual and religious developments in Europe from the 12th to the 15th centuries. Credit: 3 semester hours.

2511 Renaissance and Exploration
The transition from medieval to modern Europe; the new spirit of humanism; the expansion of Europe; the new monarchies and dynastic diplomacy; the dissolution of Christendom. Credit: 3 semester hours.

2512 Reformation and Counter-Reformation
A course which focuses on the Protestant revolt, the Catholic response; the hegemony of Spain, the expansion of England and the revival of France, and the Thirty Years' War. Credit: 3 semester hours.

2520 The Age of Absolutism
Louis XIV and Divine Right monarchy; the rise of Prussia and Russia; colonial rivalries; the exaltation of science and reason; the nature of the Old Regime; enlightened despotism. Credit: 3 semester hours.

2531 Europe in the Age of Revolution
The collapse of the Old Regime; France, from Revolution to Empire; the European Revolution; Napoleon and the reconstruction of Europe. Credit: 3 semester hours.

2532 Europe in an Age of Nationalism, 1815–70
The Restoration era and the Concert of Europe; liberalism and conservatism in conflict; the emergence of nationalism, the revolutions of 1848; the Crimean War; the triumph of nationalism in Italy and Germany. Credit: 3 semester hours.

2533 Europe at its Zenith, 1870–1914
Institutions, ideologies and developments in the German Empire, the Third French Republic, the Italian Kingdom, and the Habsburg Monarchy; development of the new imperialism and imperial rivalries; the coming of WWI. Credit: 3 semester hours.

2540 Twentieth Century Europe in a Global Perspective
International relations, 1900 to 1914; WWII; the Russian Revolutions; Post-WWI Europe; the rise of Fascist dictatorship; WWII; the Cold War and international power blocs. Students may not take HIS 2540 in conjunction with or after completion of HIS 2541 or 2542. Credit: 3 semester hours.

2541 Europe: World War I, Hitler and Stalin
WWII and the disintegration of the German, Habsburg, Russian and Ottoman empires; the Russian Revolution; the Paris peace process and the European state system; Italian Fascism; the Great Depression, Nazi Germany, Stalinist Russia, and economic and political instability in the 1930s. Students may not take HIS 2541 in conjunction with or after completion of HIS 2540. Credit: 3 semester hours.

2542 Europe from World War II to the Present
WWII, defeat of the Axis and the destruction of European primacy; Cold War and the division of Europe; economic reconstruction; the fall
of Communism; growth of the European Community; and issues in contemporary Europe. Students may not take HIS 2542 in conjunction with or after completion of HIS 2540. Credit: 3 semester hours.

**Credit: 3 semester hours.**
communities in an increasingly globalized and multi-racial American society. Credit: 3 semester hours.

3380 History of Iran
A history of Iran focusing on dynastic formation, political consolidation, cultural production, and religious movements. Credit: 3 semester hours.

3400 African Civilizations and the African Diaspora
Explores major African civilizations before the 19th century, including ancient Egypt, the Mali Empire, and Great Zimbabwe. Includes the African Diaspora to the new world. Credit: 3 semester hours.

3410 African Nationalism
Development of nationalism in colonial territories. The emergence of nationalist movements, the ideology of African nationalism; Pan-Africanism; African socialism; the struggle for independence. Credit: 3 semester hours.

3460 Gender in Islamic History
The course examines gender in Islamic history by focusing on male and female social expectations, marriage and divorce, and participation in public space. Credit: 3 semester hours.

European History: Topics and Countries

3501 Diplomatic History of Europe: Vienna to Versailles
Reconstruction of Europe; Congress of Vienna; Metternich; German and Italian unifications; diplomacy of World War I and Versailles. Credit: 3 semester hours.

3502 Diplomatic History of Europe: Versailles to Brexit
Peacemaking in 1919 and its consequences; League of Nations; diplomacy of World War II and peace; superpowers and the Cold War. Credit: 3 semester hours.

3511 History of the British Isles: Celt to Tudors
A survey of English history from the Roman invasion to the early Stuarts, with emphasis on constitutional developments, and on changing political, economic, social and religious conditions. Credit: 3 semester hours.

3512 History of the British Isles: Empire and Industry
A survey of English history from the late Stuarts to the 20th century. Emphasis is placed on the development of party politics, the Industrial Revolution, imperial expansion, foreign policy, and the twentieth-century welfare state. Credit: 3 semester hours.

3521 The Rise of Modern Germany
Germany and the French Revolution, Austria and the Metternichian System, the unification struggle; the Second Reich. Credit: 3 semester hours.

3522 Germany in the 20th Century
The First World War and its consequences; the Weimar Republic, the Third Reich; defeat and recovery. Credit: 3 semester hours.

3540 Modern Italian History
Intellectual, religious, economic and political developments in the Italian peninsula from the Risorgimento to the post-World War II era. Credit: 3 semester hours.

3560 Women in Medieval Europe
Thematic survey of women's experiences in medieval Europe, both noble and peasant, religious and secular, with a particular emphasis on women writers. Credit: 3 semester hours.

3562 Women in Modern Europe
Changes since 1800 in women's work, role in the family, sexuality, education, political rights. Feminist and anti-feminist ideologies. Women in war, revolution, fascism and Communism. Credit: 3 semester hours.

3580 Wars of Empire (Mini-Course)
Examines the rise and fall of modern imperialism, 1870–1970, focusing on the conflict between Western colonialism and non-Western nationalism. Credit: 3 semester hours.

Russian and Soviet History: Topics and Countries

3650 Russia: A Cultural and Intellectual History
A history of the peoples of the former Soviet Union from the time of Kievan Russia through the rise of Muscovy and Imperial Russia to the Communist Revolution and post-Cold War present. Students may not take HIS 3650 in conjunction with or after completion of HIS 3651, 3652 or 3653. Credit: 3 semester hours.

3651 Muscovite Russia: From the Mongols to the Time of Troubles, 1240-1613
Early Russian history to the reign of Peter the Great: links with Byzantium and the Christian Orthodox world, the Mongol conquest, the rise of Muscovy territorial expansion, the Time of Troubles, the Church Schism, and relations with Western Europe. Students may not take HIS 3651 in conjunction with or after completion of HIS 3650. Credit: 3 semester hours.

3652 Romanov Russia: Reforms, Rebellions, and Revolution, 1613-1917
The rise of national consciousness in Russia in the 18th and 19th centuries; Eastern and Western intellectual influences; serfdom, emancipation, and industrialization; Manism, war, and revolution. Students may not take HIS 3652 in conjunction with or after completion of HIS 3650. Credit: 3 semester hours.

3653 Twentieth Century Russia: Rise and Fall of the Soviet Union
The evolution of the Soviet Union from 1917 to 1991: development of the one-party Communist state, the Great Terror, WWII, de-Stalinization, stagnation and reform, nationalism and the dissolution of the Soviet Union. Post-Soviet trends in former Soviet nations. Students may not take HIS 3653 in conjunction with or after completion of HIS 3650. Credit: 3 semester hours.

3660 Russia as a Multinational Empire
Russian territorial expansion; Russification and Russian colonialism; Caucasus and the East as themes in Russian culture; Bolshevism, Communism and nationalism, resurgence of nationalism and collapse of the Soviet Union. Credit: 3 semester hours.

American History: Topics

3701 U.S. Foreign Relations, 1890–1945
U.S. imperialism and the rise to world power; WWI and the League of Nations; interwar diplomacy; U.S. foreign policy in WWII. Credit: 3 semester hours.

3702 U.S. Foreign Relations, 1945 to the Present
Origins of the Cold War in Europe and Asia; the Korean War; the German question; the Berlin crises and Germany; the Vietnam War; détente; the second Cold War; U.S. diplomacy in the 1980s. Credit: 3 semester hours.

3705 Race Relations in American Foreign Policy
The history of the relationship between American foreign policy and domestic race relations in the nineteenth and twentieth centuries. Credit: 3 semester hours.

3711 African-American History to 1900
This course provides a survey of the factors which shaped the work, culture, and political struggles of African-Americans before World War I. Credit: 3 semester hours.

3712 African-American History since 1900
This course studies the social history of African-Americans from 1900 to the present which include political, social, economic, and cultural topics. Credit: 3 semester hours.

3715 History of Race and Ethnicity in the United States
The history of race and ethnicity in the United States through the history of American institutions and the interactions among its peoples. Credit: 3 semester hours.

3718 African Slavery: History, Fiction, and Film
Slavery in the Americas as experienced by slaves and masters and as depicted in fiction and film. Credit: 3 semester hours.
3720 Indians and Europeans in Early America
Introduces the major topics and themes in the ethnohistory of early America from first contact through about 1815. Credit: 3 semester hours.

3725 Law in American History
Major trends in American legal history, including imperial and provincial origins of American legal culture, politics of constitutional reform, effects of territorial and commercial expansion, majority and minority interests, legal construction of power and legal activism. Credit: 3 semester hours.

3731 Women and Gender in Early America: from Settlement to the Civil War
A survey course which analyzes the socioeconomic, cultural, and political factors that influenced the evolution of American women’s history from the period of colonial settlement to the Civil War. Credit: 3 semester hours.

3732 Women and Gender in Modern America: Civil War to the Present
A survey course which analyzes the socioeconomic, cultural, and political factors that influenced the evolution of American women’s history from the Civil War to the present. Credit: 3 semester hours.

3735 Women and Social Movements in U.S. History
Women’s participation in American social movements, from boycotts of British goods in the 1770s, through the development of feminism two hundred years later. Credit: 3 semester hours.

3740 The History of the American City
Growth and urbanization and their effects upon modern American life and institutions. Credit: 3 semester hours.

3750 The American South from Reconstruction to the Present
The social, material, cultural, and political factors that influenced the transformation of the Southern society, economy, and politics from the Reconstruction era to the contemporary period. Credit: 3 semester hours.

3760 History of New York City and Long Island
The history of New York City and Long Island as a significant episode in the history of the U.S. Emphasis is placed on social, economic, cultural, and religious developments. Credit: 3 semester hours.

3770 New York City: From Wall Street to Main Street
The historical and economic factors that have contributed to making the metropolitan area a cultural capital and the hub of education, social life and business activity. Credit: 3 semester hours.

3795 Technology and Science in 20th-century America
From the age of inventions to the rise of the Internet, the ways in which science and technology shape, and are shaped by, human action and decisions. Credit: 3 semester hours.

3800 FDR: President and Statesman (Mini-Course)
The domestic policies of Franklin D. Roosevelt as president and his role and policies as a world leader during WWII. Credit: 3 semester hours.

3850 Africa and the Atlantic (Mini-Course)
Africa’s involvement in the Atlantic world from the 15th through the 19th centuries, focusing on the slave trade and transformations of African economies and societies. Requires travel to West Africa. Credit: 3 semester hours.

3900 History of Canada
A survey of the political, intellectual, cultural, social and economic developments which have shaped the history of Canada from the earliest European discoveries of the North American continent to its current state of domestic and foreign affairs in the 20th century. Credit: 3 semester hours.

3990 Historical Research Methods in NYC
An introduction to historical research methodology in New York City. The course will be held at the Manhattan Campus and the New York Public Library: Stephen A. Schwarzman Building. Credit: 3 semester hours.

4000-Level: Internships, Independent Study, Colloquia and Seminars

4903 Internship in History
Restricted registration. Fieldwork (eight hours per week) in selected museums, libraries, historical sites, or other like organizations under coordinated faculty and professional supervision. Credit: 3 semester hours.

4906 Internship in History
Restricted registration. Fieldwork (sixteen hours per week) in selected museums, libraries, historical sites, or other like organizations under coordinated faculty and professional supervision. Credit: 6 semester hours.

4953 Independent Study
Restricted registration. Independent research in an area of the student’s selection under the general advisement of a faculty member. Credit: 3 semester hours.

4990 Seminar
Prerequisite: HIS 2990 except in extenuating circumstance of a senior approved by department chair. Restricted Registration. Readings and discussions in the techniques and problems of historical research on a selected topic. Required of majors in the junior or senior year. Credit: 3 semester hours.

4991 Colloquium in European History
Reading and discussion of selected topics in European history. Credit: 3 semester hours.

4992 Seminar in European History
Restricted registration. Research and writing on selected topics in European history. Credit: 3 semester hours.

4993 Colloquium in U.S. History
Reading and discussion of selected topics in U.S. history. Credit: 3 semester hours.

4994 Seminar in U.S. History
Restricted registration. Research and writing on selected topics in U.S. history. Credit: 3 semester hours.

Geography Course Offerings (GEO)

1001 World Geography
A regional analysis of the principal patterns of the physical, economic and cultural geography of the world’s nations and continents. Credit: 3 semester hours.

1002 North American Geography
A regional analysis of the principal patterns of the physical, economic and cultural geography of the United States and Canada, with emphasis on the natural resource base of those countries, their problems and developments. Credit: 3 semester hours.

2001 Natural Resources and World Development
An analysis of the most pressing natural resource issues of the late 20th century and how human use of the resource base affects both environmental quality and global development. Credit: 3 semester hours.

2002 Issues in Environmental Conservation
Environmental issues are analyzed in a spatial framework; energy policy, population, land use, materials and waste management; history of environmental degradation by human activity and possible alternatives to that degradation. Credit: 3 semester hours.
Languages and Literatures (LLT)

Major Sequences

French
33 semester hours including: FRE 3090, 3100, 3550, 3560, 3870, 3880, and fifteen semester hours in advanced FRE courses. French majors are urged to study a second foreign language and to take courses in classical civilization among their general electives. A French major who, in the judgment of the department, shows a deficiency in French grammar shall be required to take FRE 3150 in preparation for FRE 3870, 3880. A French major who, in the judgment of the department, shows a deficiency in speaking French shall be required to take one or both terms of FRE 3110, 3120.

Italian
33 semester hours including: ITA 3090, 3100, 3550, 3560, 3870, 3880, and fifteen semester hours in advanced ITA courses. Italian majors are urged to study a second foreign language and to take courses in classical civilization among their general electives. An Italian major who, in the judgment of the department, shows a deficiency in Italian grammar shall be required to take ITA 3150 in preparation for ITA 3870, 3880. An Italian major who, in the judgment of the department, shows a deficiency in speaking Italian shall be required to take one or both terms of ITA 3110, 3120.

Spanish
33 semester hours including: SPA 3090, 3100, 3550, 3560, 3870, 3880, and fifteen semester hours in advanced SPA courses. Spanish majors are urged to study a second foreign language and to take courses in classical civilization among their general electives. A Spanish major who, in the judgment of the department, shows a deficiency in speaking Spanish shall be required to take one or both terms of SPA 3110, 3120.

B.A./M.A.

Spanish
The Department of Languages and Literatures offers an intensive, accelerated combined degree program leading to both the B.A. and M.A. degrees for Spanish in five years of full-time study. Qualified undergraduate students who have completed their sophomore year with a 3.0 cumulative index and a 3.5 for 12 semester hours in Spanish are encouraged to apply. The students in the B.A./M.A. program take 39 semester hours distributed as follows: SPA 3090, 3100, 3550, 3560, 3870, 3880, six semester hours selected among other advanced Spanish undergraduate courses, and fifteen semester hours in 100 and 200 level Spanish graduate courses. These 15 credits, taken during the junior and senior years, will count towards the M.A. degree.

Special Note regarding ALL beginning (1010 and 1020) and intermediate (2030 and 2040) language courses
The department requires a standard corequisite of ten mandatory sessions at the Global Language and Culture Center per course per semester. A GLCC fee is required.

Special Note regarding major electives
Major electives are selected in conjunction with departmental advisors. Advanced language courses that are conducted in English are not applicable to the major sequence. Consult with your departmental advisor for elective choices within the major.

Minor Sequences

Ancient Studies
18 semester hours chosen under departmental advisement from courses dealing with Greek and Roman antiquity. No knowledge of Greek or Latin is required.

Arabic
18 semester hours chosen under departmental advisement in the language.

Classics
18 semester hours including: six semester hours of Latin above LAT 1020, six semester hours of Ancient Greek, and six semester hours in related courses chosen under departmental advisement.

Francophone Studies
18 semester hours including: six semester hours in French and twelve semester hours from FRE 3901, 3902, 3905, 3920, 3921, 3923, 3930, LAC 1000C (French Language and Culture).

French
18 semester hours chosen under departmental advisement in the language.

German
18 semester hours chosen under departmental advisement in the language.

Greek Modern
18 semester hours chosen under departmental advisement in the language.

Italian
18 semester hours chosen under departmental advisement in the language.

Italian Studies
18 semester hours including: a maximum of six semester hours in ITA language courses; ART 1250, 1780, 1795; CLS 2600, ENG 1076; HIS 2002, 3540; ITA 3540; SOC 1230, 2410.

Linguistics
18 semester hours including: LIN 1010, 1020, and twelve semester hours of Linguistics courses chosen under departmental advisement.

Russian
18 semester hours chosen under departmental advisement in the language.

Spanish
18 semester hours chosen under departmental advisement in the language.

International Business Concentration for Language Majors
21 semester hours including: ECO 1301, 1302, IB 3341, and twelve semester hours chosen from: ECO 3306; FIN 3318; MGT 3339, 3341, 4310, 4334, 4338; MKT 3317, 4318. No other prerequisites are necessary. Students must first consult with the Language Program Coordinator.

English as a Second Language Program (ESL)
The English as a Second Language Program is designed to assist international students and any other students whose first language is not English, in improving their English language skills. The program aims to help these students meet the academic demands of college-level course work. Credit courses are offered at the intermediate and advanced levels. ESL writing courses emphasize writing/reading skills. ESL speech courses emphasize speaking/listening skills. Support services/workshops are also available. Intermediate, advanced, and special non-credit writing workshops are offered. The use of the Global Language and Culture Center is an integral part of the program. Advisement, testing, and placement services are available through the ESL office in the Department of Languages and Literatures, St. John Hall, Room 434E.

Global Language and Culture Center
The Global Language and Culture Center, located in St. John Hall 104-106, is an academic support center serving students registered for courses in the Department of Languages and Literatures, the Institute of Asian Studies, the Department of Communication Sciences and Disorders and the Language Connection. It is a resource center where students can come to practice one of the fourteen languages currently offered at St. John’s University. Through immersion and interaction, with the help of trained language assistants, they can build on the language skills acquired in the classroom in a convivial and relaxed atmosphere.

The Center offers large seating and study areas equipped with computers, large screen TVs, and reference material. Individual language pods lend privacy to small study groups.
Arabic Course Offerings (ARA)

1010 Arabic, Level I
Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course develops basic communication skills in Arabic. Through a progressive use of the four skills, listening, speaking, reading, and writing, students develop oral and written proficiency at a limited level within the context of Arabic culture. Credit: 3 semester hours. GLCC fee, $50.

1020 Arabic, Level II
Prerequisite: ARA 1010. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course continues to develop basic communication skills in Arabic. Through a progressive use of the four skills, listening, speaking, reading, and writing, students develop oral and written proficiency at a limited level within the context of Arabic culture. Credit: 3 semester hours. GLCC fee, $50.

1030 Arabic, Level III
Prerequisite: ARA 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course continues to develop basic communication skills in Arabic. Through a progressive use of the four skills, listening, speaking, reading, and writing, students develop oral and written proficiency at a limited level within the context of Arabic culture. Credit: 3 semester hours. GLCC fee, $50.

2050 Arabic, Level V
Prerequisite: ARA 2040 or permission of chair. Readings taken from a wide range of literary texts. Credit: 3 semester hours.

3110; 3120 Advanced Arabic Conversation
Prerequisite: ARA 2050 or permission of chair. Drill and practice in conversational Arabic. Topics are selected to meet the requirements of daily life. Not open to native or fluent speakers. Credit: 3 semester hours per semester.

Classics (CLS)

1210 Classical Mythology
The study of myth, its nature and uses as manifested in the Greek and Western traditions. No knowledge of classical language is required. Credit: 3 semester hours.

1240 Women in the Ancient World
A study of the social, economic and political position of women in ancient Greece and Rome; readings of major literary works with women as their subjects; the view of women as expressed in other contemporary literature; readings from works composed by women. No knowledge of Greek or Latin required. Credit: 3 semester hours.

1260 Ancient Greek and Roman Historians
Readings in selected works of Herodotus, Thucydides, Livy, Sallust, and Tacitus; studies in the philosophy of ancient history and the historical method. No knowledge of classical language is required. Credit: 3 semester hours.

1320 Greek and Latin Roots of English
An introduction to the Greek and Latin sources of English words, the principles of word formation and the appropriate usage of vocabulary. No knowledge of Greek or Latin is required. Credit: 3 semester hours.

1420 Ancient Stories in Modern Dress (Mini-Course)
Selected myths and legends of the ancient Greeks and Romans as presented by classical writers and dramatists, and as adapted by modern writers, playwrights, choreographers, and composers; in-class viewing of the film versions of the modern adaptations. No knowledge of classical language is required. Credit: 3 semester hours.

ESL Course Offerings

ESLW 1100 Low Intermediate Level Reading/Writing
Prerequisite: Low intermediate level on-site placement test scores and TOEFL/IELTS scores. Corequisite: ESLW 1100 Workshop. Language instruction in reading and writing, focusing on rhetoric and grammar. Open to select non-native English speakers requiring more intensive instruction. Grading on pass-fail basis only. Credit: 3 semester hours.

ESLW 1200 English as a Second Language: Intermediate Level Reading/Writing
Prerequisite: Intermediate level on-site test scores. This course provides language instruction through reading and writing paragraphs and short essays focusing on development, vocabulary and grammatical skills. Open to non-native speakers of English only. Grading on pass-fail basis only. Credit: 3 semester hours.

ESLS 1200 Oral/Aural Communication: Intermediate Level Listening/Speaking
Prerequisite: Intermediate level on-site test scores. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course provides instruction in listening comprehension and speaking through training in the sounds of English, intonation patterns and techniques of spontaneous conversation. Grading on pass-fail basis only. Credit: 3 semester hours. GLCC fee, $50.

ESLW 1300 English as a Second Language: Advanced Level Reading/Writing
Prerequisite: ESLW 1200 or advanced level on-site test scores. This course provides language instruction through a study of complex grammatical structures, writing essays in a variety of rhetorical formats, readings and vocabulary materials through culturally relevant materials. Credit: 3 semester hours.
ESLS 1300 Oral/Aural Communication: Advanced Level Listening/Speaking  
Prerequisite: ESLS 1200 or advanced level on-site test scores. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course provides instruction in listening comprehension and speaking through training in conversational fluency, presentations and error reduction. Credit: 3 semester hours. GLCC fee, $50.

Non-Credit Workshops  
ESLW 0400 Special Writing  
Prerequisite: Permission of the coordinator. Language instruction tailored to the needs of the participants. No credit.

EBS 6200 English for Business Studies  
This course provides language instruction in terminology and discourse features of business texts for students to whom English is a second language. Undergraduate-level course for graduate students at The Peter J. Tobin College of Business only. Credit: 3 semester hours toward full-time student status only.

French Course Offerings (FRE)  
1000 Intensive French I/II  
Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course aims to develop basic communication skills in French. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a beginner’s level within the context of French culture. Credit: 3 semester hours. GLCC fee, $50.

1010 French, Level I  
Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course aims to develop basic communication skills in French. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a beginner’s level within the context of French culture. Credit: 3 semester hours. GLCC fee, $50.

1020 French, Level II  
Prerequisite: FRE 1010. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course continues to develop basic communication skills in French. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a beginner’s level within the context of French culture. Credit: 3 semester hours. GLCC fee, $50.

2000 Intensive French III/IV  
Prerequisite: FRE 1000 or 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course aims to develop intermediate to advanced communication skills in French. Through a progressive use of the four skills, listening, and speaking, but also reading and writing, students will develop oral and written proficiency within the context of French and Francophone culture. Credit: 6 semester hours. GLCC fee, $50.

2030 French, Level III  
Prerequisite: FRE 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course reviews the basic skills learned in French I and II and continues building oral and written proficiency with more intensive reading and conversation within the context of French culture. Credit: 3 semester hours. GLCC fee, $50.

2040 Intermediate French Conversation  
Prerequisite: FRE 2030 or permission of chair. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course reviews the basic skills learned in French I and II and continues building oral and written proficiency with more intensive reading and conversation within the context of French culture. Credit: 3 semester hours. GLCC fee, $50.

2050 Readings in Modern French  
Prerequisite: FRE 2030 and permission of Chair. This course is structured to meet the needs and abilities of non-language majors. Readings taken from a wide range of literary texts. Discussions in the foreign language. Credit: 3 semester hours.

3090; 3100 Masterpieces of French Literature I; II

4903 Internship
Prerequisite: 3110 or 3120, or permission of chair. Total immersion experience in a field of interest chosen by the student in New York where the target language is spoken. Credit: 3 or 6 semester hours.

4953 Independent Study
Prerequisite: FRE 2040 or 2050, or permission of chair. Guided undergraduate student research arranged on an individual basis. Permission of the chair and the language area coordinator required. Credit: 3 semester hours.

4980A International Internship (France)
Prerequisite: FRE 3110 or 3120, or permission of chair. Total immersion experience in the field of interest chosen by the student. Credit: 3 or 6 semester hours.

German Course Offerings (GER)

1010 German, Level I
Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course aims to develop basic communication skills in German. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a limited level within the context of German culture. Credit: 3 semester hours. GLCC fee, $50.

2010 German, Level II
Corequisite: GER 1010. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course continues to develop basic communication skills in German. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a limited level within the context of German culture. Credit: 3 semester hours. GLCC fee, $50.

2030 German, Level III
Corequisite: GER 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course reviews the basic skills learned in German I and II and continues building oral and written proficiency with more intensive reading and conversation within the context of German culture. Credit: 3 semester hours. GLCC fee, $50.
Ancient Greek Classical Course Offerings (GRA)

1010; 1020 Elementary Ancient Greek I & II
Prerequisite: GRA 1010 is a prerequisite for GRA 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center per semester. An introduction to classical Greek (Attic); a study of Greek grammar, acquisition of a basic vocabulary and practice in translation. Credit: 3 semester hours. GLCC fee, $50 per semester.

2030 Intermediate Ancient Greek I
Prerequisite: GRA 1020. A review and continuation of the grammatical structures presented at the elementary level with illustrative readings taken from ancient authors. Credit: 3 semester hours.

2040 Intermediate Ancient Greek II
Prerequisite: GRA 2030. A continued introduction of the grammatical structures introduced in the elementary and intermediate levels with illustrative readings taken from ancient authors. Credit: 3 semester hours.

4953; 4954 Independent Study
Prerequisite: Permission of chair. Individual guided instruction in either Classical Greek grammar or literature. Credit: 3 semester hours.

Greek Modern Course Offerings (GRM)

1010 Modern Greek, Level I
Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course develops basic communication skills in modern Greek. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a limited level within the context of Greek culture. Credit: 3 semester hours. GLCC fee, $50.

1020 Modern Greek, Level II
Prerequisite: GRM 1010. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course continues to develop basic communication skills in modern Greek. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a limited level within the context of Greek culture. Credit: 3 semester hours. GLCC fee, $50.

2030 Modern Greek, Level III
Prerequisite: GRM 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course reviews the basic skills learned in Greek I and II and continues building oral and written proficiency with more intensive reading and conversation within the context of Greek culture. Credit: 3 semester hours. GLCC fee, $50.

Hebrew Course Offerings (HBB)

1010 Biblical Hebrew, Level I
An introduction to Hebrew script, basic grammatical concepts, and biblical vocabulary with examples drawn from the Hebrew Scriptures. Credit: 3 semester hours.

1020 Biblical Hebrew, Level II
Prerequisite: HBB 1010. A continued introduction to the basic grammatical concepts and vocabulary of biblical Hebrew, with examples drawn from the Hebrew Scriptures. Credit: 3 semester hours.

2030 Biblical Hebrew, Level III
Prerequisite: HBB 1020. A continuation of the presentation of grammatical concepts and vocabulary with examples drawn from the Hebrew Scriptures and other texts. Credit: 3 semester hours.

2040 Biblical Hebrew, Level IV
Prerequisite: HBB 2030. A continuation of the presentation of grammatical concepts and vocabulary with examples drawn from the Hebrew Scriptures and other texts. Credit: 3 semester hours.

Hindi Course Offerings (HIN)

1010 Hindi, Level I
Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course reviews the basic skills learned in Hindi I and II and continues building oral and written proficiency within the context of Hindi culture. Credit: 3 semester hours. GLCC fee, $50.

1020 Hindi, Level II
Prerequisite: HIN 1010. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course continues to develop basic communication skills in Hindi. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency a beginning level within the context of Hindi culture. Credit: 3 semester hours. GLCC fee, $50.

2030 Hindi, Level III
Prerequisite: HIN 2010 or permission of chair. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course continues to develop basic communication skills in Hindi. Through a progressive use of the four skills, listening, speaking, reading, and writing, students develop oral and written proficiency at a limited level within the context of Hindi culture. Credit: 3 semester hours. GLCC fee, $50.

2040 Intermediate Italian Conversation
Prerequisite: ITA 2030 or permission of chair. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course reviews the basic skills learned in Italian I, II and III and continues building oral and written proficiency with more intensive reading and conversation within the context of Italian culture. Credit: 3 semester hours. GLCC fee, $50.

Italian Course Offerings (ITA)

1000 Intensive Italian I/II
Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course aims to develop basic communication skills in Italian. Through a progressive use of the four skills, listening, speaking, reading, and writing, students develop oral and written proficiency at a limited level within the context of Italian culture. Credit: 6 semester hours. GLCC fee, $50.

1010 Italian, Level I
Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course aims to develop basic communication skills in Italian. Through a progressive use of the four skills, listening, speaking, reading and writing, students develop oral and written proficiency at a limited level within the context of Italian culture. Credit: 3 semester hours. GLCC fee, $50.

1020 Italian, Level II
Prerequisite: ITA 1010 or permission of chair. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. This course aims to develop basic communication skills in Italian. Through a progressive use of the four skills, listening, speaking, reading, and writing, students develop oral and written proficiency at a limited level within the context of Italian culture. Credit: 3 semester hours. GLCC fee, $50.

2000 Intensive Italian III/IV
Prerequisite: ITA 1000 or 1020. Corequisite: 10 mandatory sessions at the Global Language and Culture Center. The course aims to develop intermediate to advanced communication skills in Italian. Through a progressive use mainly of listening, and speaking, but also reading and writing, students will develop oral and written proficiency within the context of Italian culture. Credit: 6 semester hours. GLCC fee, $50.

Prerequisite: SPA 2040 or 2050, or permission of chair. The history, geography, art, science, music, literature, folklore, politics, habits, and customs that have contributed to the shaping of Spanish civilization and culture. Credit: 3 semester hours.

3580 Works of Cervantes I
Prerequisite: SPA 2040 or 2050, or permission of chair. An in-depth study of Don Quijote. Credit: 3 semester hours.

3590 Works of Cervantes II
Prerequisite: SPA 2040 or 2050, or permission of chair. An in-depth study of the life and works of this author, including some chapters of Don Quijote, stressing the literary, religious, and social ideas of Miguel de Cervantes. Credit: 3 semester hours.
3600 Contemporary Spain
Prerequisite: SPA 2040 or 2050, or permission of chair. A study of all aspects of contemporary Spanish life. Credit: 3 semester hours.

3610; 3620 Spanish Golden Age Literature I; II
Prerequisite: SPA 2040 or 2050, or permission of chair. A study of the major literary genres and the principal writers and works of the period. Credit: 3 semester hours per semester.

3611 The U.S. Latino Immigrant Experience Through Literature and Culture
Prerequisite: SPA 2040 or 2050, or permission of chair. The study of literary and artistic production of Latino immigrants in the U.S. Credit: 3 semester hours.

3612 Migration, Expulsion, and Exile in Spanish Culture
Prerequisite: SPA 2040 or 2050, or permission of chair. A study of the effects of migration, expulsion, and exile on Spanish arts and letters. Credit: 3 semester hours.

3640 Romanticism and Realism in Spanish Literature
Prerequisite: SPA 2040 or 2050, or permission of chair. Survey of 19th-century Spanish literature in its cultural and historical context. Credit: 3 semester hours.

3690 Contemporary Spanish America
Prerequisite: SPA 2040 or 2050, or permission of chair. Study of all aspects of contemporary Spanish American society and culture. Credit: 3 semester hours.

3700 The Spanish-American Novel
Prerequisite: SPA 2040 or 2050, or permission of chair. An analysis of the development and significance of the Spanish-American novel with emphasis on contemporary novelists. Credit: 3 semester hours.

3710 The Essay in Spanish-American Literature
Prerequisite: SPA 2040 or 2050, or permission of chair. A study of the origin and development of the essay in Spanish-American literature. Credit: 3 semester hours.

3730 Spanish American Short Story
Prerequisite: SPA 2040 or 2050, or permission of chair. A study of the development of the short story in Spanish America from the colonial period to the twentieth century. Credit: 3 semester hours.

3740 Contemporary Spanish American Poetry
Prerequisite: SPA 2040 or 2050, or permission of chair. The principal developments of the genre in Spanish America with a study of representative authors. Credit: 3 semester hours.

3770 Early Twentieth Century Spanish Literature
Prerequisite: SPA 2040 or 2050, or permission of chair. Prominent writers of the Silver Age of Spanish literature. Credit: 3 semester hours.

3775 Spanish Short Story
Prerequisite: SPA 2040 or 2050, or permission of chair. A study of the development of the modern short story in Peninsular Spanish literature. Credit: 3 semester hours.

3780 Post Civil War Spanish Literature
Prerequisite: SPA 2040 or 2050, or permission of chair. Themetic and stylistic changes in Spanish fiction in the context of the Civil War and its aftermath. Credit: 3 semester hours.

3781 Modern Spanish Poetry
Prerequisite: SPA 2040 or 2050, or permission of chair. An analysis of the trajectory of Spanish poetry from the Romantics to the Novisimos. Credit: 3 semester hours.

3840 Contemporary Hispanic Theatre
Prerequisite: SPA 2040 or 2050, or permission of chair. A study of the most representative plays of the contemporary Spanish theatre. Credit: 3 semester hours.

3870; 3880 Advanced Spanish Grammar and Composition I; II
Prerequisite: SPA 2040 or permission of chair. Difficult points of Spanish grammar and syntax with translation of selected passages into idiomatic Spanish. Credit: 3 semester hours per semester.

3900 Art and Skills of Translation
Prerequisite: SPA 3870 or 3880, or permission of chair. Theoretical and practical aspects of translation. Students are expected to translate a wide range of texts from Spanish to English. Credit: 3 semester hours.

3910 Mystery Novel in Spain (ENG)
Survey of the contemporary mystery novel in Spain as a reflection of historical and cultural circumstances. Course conducted in English and is not applicable to the Spanish major or minor. Credit: 3 semester hours.

3912 The Spanish Short Story (ENG)
The modern short story in Peninsular Spanish literature. Course conducted in English and is not applicable to the Spanish major or minor. Credit: 3 semester hours.

3914 Contemporary Spain (ENG)
The evolution of Spanish culture from 1898 to the present. Course conducted in English and is not applicable to the Spanish major or minor. Credit: 3 semester hours.

3915 The U.S. Latino Immigrant Experience through Literature and Culture (ENG)
The study of literary and artistic projection of Latino immigrants in the U.S. Course conducted in English and is not applicable to the Spanish major or minor. Credit: 3 semester hours.

3916 Migration, Expulsion, and Exile in Spanish Culture (ENG)
A study of the effects of migration, expulsion, and exile on Spanish arts and letters. Course conducted in English and is not applicable to the Spanish major or minor. Credit: 3 semester hours.

3920 Feminist Themes in Spanish Literature (ENG)
How Spanish women writers of the nineteenth and twentieth centuries articulate culturally imposed limitations and use fiction as a tool for social change. Course conducted in English and is not applicable to the Spanish major or minor. Credit: 3 semester hours.

4903 Internship
Prerequisite: 3110 or 3120, or permission of chair. Total immersion experience in a field of interest chosen by the student in New York where the target language is spoken. Credit: 3 or 6 semester hours.

4953 Independent Study
Prerequisite: SPA 3090 or 3100, or permission of chair. Guided undergraduate student research arranged on an individual basis. Permission of the chair and the language area coordinator required. Credit: 3 semester hours.

4980A International Internship (Spain)
Prerequisite: SPA 3110 or 3120, or permission of chair. Total immersion experience in the field of interest chosen by the student. Credit: 3 or 6 semester hours.
Mathematics (MTH)/
Computer Science (CSC)

Major Sequences

B.A.
40 semester hours including: CSC 1390; MTH 1730, 1740, 2700, 2750, 2760, 2790, 3770, 3771R, 3780, 3781R, 3840, 4830, 4990. In addition, MTH majors on the Queens campus must take PHY 1930, 1940. MTH majors on the Staten Island Campus must take PHY 1440, 1450.

B.S.
55 semester hours including: CSC 1390, MTH 1730, 1740, 2700, 2750, 2760, 2790, 2800, 3770, 3771R, 3780, 3781R, 3810, 3840, 4830, 4990 and nine semester hours of upper level MTH courses. In addition, MTH majors on the Queens campus must take PHY 1930, 1940. MTH majors on the Staten Island Campus must take PHY 1440, 1450.

Computer Science
30 semester hours including: CSC 1400, 1410, 2420, 2450, 2470, 2480, 4990, MTH 1050, 1730, 1740, 2540, PHY 1440, and nine semester hours in upper level CSC courses. Available on Staten Island Campus only.

Minor Sequences

Mathematics
25 semester hours including: CSC 1390, MTH 1730, 1740, 2700, 2750, 2760, and 2790.

Computer Science
30 semester hours including: CSC 1400, 1410, 2420, 2450, 2470, 2480, 4990, MTH 1050, 1730, 1740, 2540, PHY 1440, and nine semester hours in upper level CSC courses. Available on Staten Island Campus only.

Information Science
18 semester hours including: CSC 1020; 1350 or 1400; 2490, and nine semester hours chosen from: CSC 1410, 1470, 2450, 2480, 2640. Available on Staten Island Campus only.

Mathematics Course Offerings (MTH)

0290 Introduction to College Mathematics
Emphasis is placed on reinforcing basic arithmetic skills and the essential elements of algebra necessary to undertake any college level mathematics courses. Course does not satisfy St. John’s University Core Curriculum requirement. Course does not apply to major or minor sequences. Credit: 3 semester hours.

1000C Mathematics for Liberal Arts
This course provides a qualitative approach to an understanding and interpretation of mathematics in the contemporary liberal arts. Topics to be discussed are selected from among those which have relevant application in the liberal arts. Credit: 3 semester hours.

1020 Applied Statistics I
Prerequisite: High school algebra. An introduction to general statistical methods for all disciplines. Credit: 4 semester hours.

1040 Mathematical Models for Decision Making
Prerequisite: Three years of high school mathematics. This course is intended to provide a foundation for practical decision making. Topics selected from finite mathematics, graph theory, probability, Markov chains, theory of voting, game theory. Particularly useful for students in the social sciences. Credit: 3 semester hours.

1050 College Algebra and Trigonometry
Corequisite: MTH 1051R. Review of elementary algebra; functions and graphs; sets of linear equations, introduction to exponential and logarithmic functions; trigonometry. For chemistry, mathematics, and physics majors who have not attained satisfactory grades in advanced algebra and trigonometry in high school. Credit: 3 semester hours.

1125 Applied Statistics II: Multivariate Analysis
Prerequisite: MTH 1020. A continuation of the study of general statistical methods including factor analysis, multiple and curvilinear regression and analysis of covariance. Credit: 4 semester hours.

1210 Bio-Statistics
Probability and statistics with applications to the natural sciences. Open to biology, environmental studies majors and pre-med students only. Credit: 4 semester hours.

1220 Calculus with Biological Applications
Elementary calculus with applications whenever possible to the natural sciences. Open to biology, environmental studies majors and pre-med students only. Credit: 4 semester hours.

1250 Statistical Applications for Pharmacy and Allied Health
An introduction to the applications of probability and statistics to the pharmaceutical and allied health professions. Open to College of Pharmacy and Allied Health Professions students only. Credit: 3 semester hours.

1260 Calculus Applications for Pharmacy and Allied Health
An introduction to differential and integral calculus for the pharmaceutical and allied health professions. Open to College of Pharmacy and Allied Health Professions students only. Credit: 3 semester hours.

1300 College Algebra
A review of the real number system, methods of factoring, methods of solving polynomial equations, and an introduction to functions of a single variable. Course does not satisfy St. John’s University Core Curriculum requirements. Not applicable to major or minor sequences. Credit: 3 semester hours.

1310 Pre-Calculus with Business Applications
Review of algebra, linear, quadratic and other functions with applications to economics and business. Open to The Peter J. Tobin College of Business and St. John’s College of Liberal Arts and Sciences students only. Credit: 3 semester hours.

1320 Calculus with Business Applications
Prerequisite: MTH 1310. Introduction to calculus. Differentiation and integration of algebraic, exponential, and logarithmic functions of a single variable; introduction to functions of several variables; business and economics applications are stressed throughout. Open to The Peter J. Tobin College of Business and St. John’s College of Liberal Arts and Sciences students only. Credit: 3 semester hours.

1530; 1540 Fundamentals of Mathematics I; II
Prerequisite: MTH 1530 is a prerequisite for MTH 1540. The real number system and its subsystems; modular arithmetic; basic algebraic structures; experimental and informal geometry; measurement; logic, elementary probabilistic and statistical ideas and methods. Open to education majors only. Credit: 3 semester hours per semester.

1570; 1580 Survey of Mathematics I; II
Prerequisite: MTH 1570 is a prerequisite for MTH 1580. A general survey of elementary and modern mathematics. Topics are chosen with a view towards a variety of applications, logical paradoxes and mathematical games. The purpose is to provide a varied, useful and interesting background in mathematics. For adolescent education majors only. Not applicable to major or minor sequences. Credit: 3 semester hours per semester.
1600 Sports Analytics
An introduction to elementary probability and statistics, as applied to sports. Open to St. John’s College of Liberal Arts and Sciences students and College of Professional Studies students majoring in Sports Management. Not applicable to major or minor sequences. Credit: 3 semester hours.

1730 University Calculus I
Prerequisite: Satisfactory grades in trigonometry and advanced algebra or MTH 1050. Functions; limits; differentiation of algebraic and transcendental functions; antiderivatives. For mathematics, chemistry, and physics majors only. Credit: 4 semester hours.

1740 University Calculus II

2110 Applied Probability for Actuarial Science
The use of probability in a risk management setting. The fundamental axioms of probability and the standard probability distributions, as they are used in the applied field of risk management. Open to mathematics and actuarial science majors. Credit: 4 semester hours.

2390 Introduction to Operations Research
Scientific approaches to decision making involving the operations of organizational systems. Topics include integer programming, probability, stochastic processes, game theory, networks. Credit: 3 semester hours.

2540 Computer Mathematics
Mathematical concepts used in designing and analyzing algorithms. Topics may include permutations and combinations, mathematical induction, discrete probability, propositional logic and applications to number systems, summation, limits, vectors and matrices. Credit: 3 semester hours.

2560 Topics in Mathematics
Elementary number theory; real number system and sub-system; transformations and functions, isometries and symmetry groups. Open to education majors only. Credit: 3 semester hours.

2700 Introduction to Mathematical Thinking
Prerequisite: MTH 1740. An introduction to the tools of mathematics. How to read and write mathematics; construct examples and counterexamples; elementary mathematical logic; methods of proof. Students will be required to give presentations. Credit: 3 semester hours.

2750 University Calculus III
Prerequisite: MTH 1740. Matrices and vectors; vector functions and their derivatives; partial differentiation; multiple integrals. Credit: 4 semester hours.

2760 University Calculus IV
Prerequisite: MTH 2750. Multiple integrals and their applications: Green’s Theorem, Stokes’ Theorem, sequences and series. Credit: 4 semester hours.

2790 Introduction to Linear Algebra
Prerequisite: MTH 1740, 2700. Vectors and vector spaces; linear transformations and matrices; characteristic values and characteristic vectors of linear transformations; similarity of matrices. Credit: 3 semester hours.

2800 Introduction to Modern Algebra
Prerequisite: MTH 2700, 2750. Elementary theory of groups, rings, integral domains and fields. Credit: 3 semester hours.

3380 Discrete Mathematics
The application of mathematics to discrete rather than continuous models. Credit: 3 semester hours.

3770 Advanced Calculus I
Prerequisite: MTH 2700, 2750. Corequisite: MTH 3771R. Topology of the real line. Limits, continuity, differentiation of functions of one variable. Integration theory. All from a theoretical point of view. Credit: 3 semester hours.

3780 Advanced Calculus II
Prerequisite: MTH 3770. Corequisite: MTH 3781R. Limits, continuity, differentiability for functions of several variables. Implicit Function Theorem. Series of functions. All from a theoretical point of view. Credit: 3 semester hours.

3810 Mathematical Theory of Probability and Statistics I
Prerequisite: MTH 2750. Introduction to probability; sample spaces, random variables, Probability Distributions. Credit: 3 semester hours.

3820 Mathematical Theory of Probability and Statistics II
Prerequisite: MTH 3810. Sampling distributions, parametric estimation and hypothesis testing; correlation and regression; special topics. Credit: 3 semester hours.

3840 Ordinary Differential Equations
Prerequisite: MTH 2750. First order equations, existence and uniqueness, Picard iteration, numerical methods. Linear algebra of linear systems and their solutions. Models, phase plane, nonlinear systems, stability. Credit: 3 semester hours.

3850 Partial Differential Equations
Prerequisite: MTH 3840. Discussion of first order equations; derivation and classification of second order equations; solution techniques of boundary value and initial value problems; applications. Credit: 3 semester hours.

3860 Numerical Analysis I
Prerequisite: MTH 2750. Errors, methods of interpolation, numerical solution of algebraic, transcendental and differential equations. Credit: 3 semester hours.

3870 Numerical Analysis II
Prerequisite: MTH 3860. Least Squares approximations, smoothing formulas, numerical solutions. Methods of solutions via computer software packages. Credit: 3 semester hours.

3970 Topics in Applied Mathematics
Prerequisite: Consent of instructor. Topics selected from areas such as mathematical physics, integral equations, Fourier analysis. Credit: 3 semester hours.

4830 Complex Variables
Prerequisite: MTH 3780 or approval of department. Analytic functions, power series, complex integration and Cauchy’s Theorem, application of Cauchy’s Theorem; Laurent Series and the Residue Theorem, evaluation of real integrals. Credit: 3 semester hours.

4903 Internship in Mathematics
Restricted registration. Fieldwork (eight hours per week) where students are afforded the opportunity of working in the professional field of mathematics, practice under the supervision and counseling of a faculty member. Credit: 3 semester hours.

4906 Internship in Mathematics
Restricted registration. Fieldwork (sixteen hours per week) where students are afforded the opportunity of working in the professional field of mathematics, practice under the supervision and counseling of a faculty member. Credit: 6 semester hours.

4910 Introduction to Set-Theoretic Topology
Prerequisite: MTH 3780. Basic topological concepts; continuous mappings; connectedness and compactness; metric spaces. Credit: 3 semester hours.

4920 Elementary Number Theory
Prerequisite: MTH 3780. Theory of Congruences; Diophantine equations; quadratic residues; properties of number theoretic functions. Credit: 3 semester hours.

4930 Functions of a Real Variable
Prerequisite: MTH 3780. Measure theory, integration, and selected topics in real analysis. Credit: 3 semester hours.
Computer Science Course Offerings (CSC)

1000 Introduction to Computing for the Liberal Arts
Computers for the non-specialist with an emphasis on microcomputers. Hardware and software principles; elementary programming in a current language; computer applications involving word processing, spreadsheets, database; personal and social impact of computers. Not applicable to the CSC major sequence. Credit: 3 semester hours. 3200

1010; 1015 Computer Programming with Applications I; II
Prerequisite: CSC 1010 is a prerequisite for CSC 1015. Basic computer concepts. Programming of numeric and nonnumeric problems, computer application in various disciplines. Credit: 3 semester hours per semester. 3200

1020 Principles of Computer Science
Prerequisite: CSC 1000 or permission of instructor. The study of selected software packages to explore the capabilities of computer systems. Advanced Windows programs, database management systems, network and Internet software and elementary programming. Credit: 3 semester hours. 3200

1350 Commercial Computing
Prerequisite: CSC 1020. Applications of computer techniques to problems from business. The COBOL programming language; sorting, credit card billing, information retrieval, linear programming, inventory control, and queueing, sequential files, sorting and merging, table processing. Credit: 3 semester hours. 3200

2430 Computer Organization
Prerequisite: CSC 1410. Machine and assembly languages; discussion of systems programs, including compilers, assemblers, loaders, editors and interpreters. Credit: 3 semester hours. 3200

2440 Compiler Design
Prerequisite: CSC 2430. Compiler construction; symbol tables, lexical scanning, syntax analysis, memory allocation, object code generation, optimization techniques and interpreters. Credit: 3 semester hours. 3200

2450 Programming Languages
Prerequisite: CSC 1410. Formal concepts and structures of programming languages with practice in different types of languages. Credit: 3 semester hours. 3200

2460 Simulation
Prerequisite: CSC 1410. Generation of random numbers and variates; deterministic and probabilistic models; computer modeling and simulation systems with applications in selected areas. Credit: 3 semester hours. 3200

2470 Operating Systems
Prerequisite: CSC 1410. Aspects of operating systems; memory management and resource allocation, virtual memory, paging and segmentation, multiprogramming, scheduling, interrupt handling, thrashing, deadlock detection and prevention, and cache memory. Credit: 3 semester hours. 3200

2480 Algorithms and Data Structures
Prerequisite: CSC 1410. Data and its representation; advanced treatment of the properties, applications and implementation of linear and non-linear linked lists, strings, arrays, stacks, queues, trees, graphs and networks; algorithms for sorting, searching and hashing. Applications. Credit: 3 semester hours. 3200

2490 Databases
Prerequisite: CSC 2480. Relational, hierarchical and network database systems; file organization and access techniques; query and update languages; data security and integrity. Credit: 3 semester hours. 3200

2500 Data Security and Cryptography
Prerequisite: CSC 1400. Methods for maintaining security and integrity of computer data; mathematical treatment of contemporary topics in cryptography; overview and selected topics in data security. Credit: 3 semester hours. 3200

2580 Design and Analysis of Algorithms
Prerequisite: MTH 2540, CSC 2480. CSC 2580 may be taken concurrently with CSC 2580. The study of algorithms, their running time and complexity, and the study of some of the most important general approaches to algorithm design, and the efficiency of algorithms for a variety of general purposes. Credit: 3 semester hours. 3200

1390 Computer Programming with Calculus Application
Prerequisite: MTH 1730. Corequisite: MTH 1740. Development of basic programming skills with an emphasis on calculus-related algorithms. Introduction to numerical analysis. Credit: 3 semester hours. 3200

1400 Computer Science I
Prerequisite: CSC 1010 or 1390; MTH 1740. Fundamentals of computing: Von Neumann architecture; program design, testing, correctness; object-oriented programming using the C++ programming language; program efficiency. Laboratory, 1 hour. Credit: 3 semester hours. 3200

1410 Computer Science II
Prerequisite: CSC 1400. Object-oriented programming, program correctness, algorithm analysis developed further; introduction to data structures-linked lists, stacks, queues, trees and graphs; overview of operating systems, distributed computing and databases. Laboratory, 1 hour. Credit: 3 semester hours. 3200

1470 Advanced Programming
Prerequisite: CSC 1410. Design and implementation of large-scale systems. Documentation, testing and debugging techniques. Top-down structured programming and object-oriented programming and design. Credit: 3 semester hours. 3200

2370 Data Communications
Prerequisite: MTH 1740. Overview of data communications, networking, communications architecture and standards, data transmission, data encoding, digital data communications techniques; data link control, networking techniques; packet switching, protocols and architecture; and selected topics. Credit: 3 semester hours. 3200

2420 Logical Design and Computer Architecture
Prerequisite: CSC 1410. Number systems and codes; number representation and arithmetic. Basic logic design, combinational and sequential circuits; Boolean algebra; minimization techniques for completely and incompletely specified problems; introduction to computer architecture. Credit: 3 semester hours. 3200

2450 Programming Languages
Prerequisite: CSC 1410. Formal concepts and structures of programming languages with practice in different types of languages. Credit: 3 semester hours. 3200

2460 Simulation
Prerequisite: CSC 1410. Generation of random numbers and variates; deterministic and probabilistic models; computer modeling and simulation systems with applications in selected areas. Credit: 3 semester hours. 3200

2470 Operating Systems
Prerequisite: CSC 1410. Aspects of operating systems; memory management and resource allocation, virtual memory, paging and segmentation, multiprogramming, scheduling, interrupt handling, thrashing, deadlock detection and prevention, and cache memory. Credit: 3 semester hours. 3200

2480 Algorithms and Data Structures
Prerequisite: CSC 1410. Data and its representation; advanced treatment of the properties, applications and implementation of linear and non-linear linked lists, strings, arrays, stacks, queues, trees, graphs, algorithms for sorting, searching and hashing. Applications. Credit: 3 semester hours. 3200

2490 Databases
Prerequisite: CSC 2480. Relational, hierarchical and network database systems; file organization and access techniques; query and update languages; data security and integrity. Credit: 3 semester hours. 3200

2500 Data Security and Cryptography
Prerequisite: CSC 1400. Methods for maintaining security and integrity of computer data; mathematical treatment of contemporary topics in cryptography; overview and selected topics in data security. Credit: 3 semester hours. 3200

2580 Design and Analysis of Algorithms
Prerequisite: MTH 2540, CSC 2480. CSC 2580 may be taken concurrently with CSC 2580. The study of algorithms, their running time and complexity, and the study of some of the most important general approaches to algorithm design, and the efficiency of algorithms for a variety of general purposes. Credit: 3 semester hours. 3200
Philosophy Course Offerings (PHI)

Core Philosophy Courses

1000C Philosophy of the Human Person
An investigation of the general question “What does it mean to be a human person?” Special emphasis on the nature of human freedom, consciousness and cognition, and the origin and significance of life. Central to the course will be a discussion of the spirituality, immortality and dignity of the human person. The course begins with an introduction to philosophy and to critical thinking. Credit: 3 semester hours.

2200C Ethics
Prerequisite: PHI 1000C. Human happiness and the essential means of achieving it; universal and objective morality vs. relativism and subjectivism; principles used in formulating a rational moral judgment; the functions of law and the conscience; prudence and the moral virtues as the heart of the moral life. Credit: 3 semester hours.

2220C Ethics and Business
Prerequisite: PHI 1000C. The development of the general principles of the moral life in regard to happiness and the means to attain happiness. The objective moral principles which impact on one’s life in its various dimensions personal, familial, social and political. Special emphasis is placed on the application of ethical principles to accounting, economics, finance, management, and marketing. Open to The Peter J. Tobin College of Business students only. Credit: 3 semester hours.

2240C Ethics and Health Care
Prerequisite: PHI 1000C. A discussion of the nature of human happiness and the development of moral principles and their impact on one’s life in its various dimensions: personal, familial, social, political and professional. The application of these principles to ethical issues as they arise in medical practice and the practice of pharmacy. Credit: 3 semester hours.

3000C Metaphysics
Prerequisite: PHI 1000C. An introductory course which attempts to articulate ultimate principles of knowing and being. Central questions to be considered are: Is there evidence of God’s existence and corresponding, is there a solution to the problem of evil? Does human cognition permit of ultimate foundations? Is nature teleological and if so can it serve as an objective standard of value? The course also considers traditional metaphysical aspirations in the context of contemporary challenges from the physical and social sciences. Credit: 3 semester hours.

3320 Science and Religion: A Philosophical Analysis
Prerequisite: PHI 1000C and three semester hours in the physical/biological sciences. A study of the relation between science and religion through an examination of the criteria for determining the optimal interrelation, their historical interactions and current debates concerning their interconnection. Credit: 3 semester hours.

3330 Introduction to Feminist Philosophy
Prerequisite: PHI 1000C. A general introduction to both the past history as well as current concerns of feminist theory. The readings for the course will cover classic feminist texts (Wollstonecraft, Mill, Engels) as well as contemporary feminist thinkers, covering questions about the experiences of women in the treatment of methodology, metaphysics, theory of knowledge, philosophy of science, and philosophy of mind. Credit: 3 semester hours.

3400 Introduction to Logic
A study of the elementary and advanced forms of deductive argumentation in both traditional logic and the modern logic of propositions. Credit: 3 semester hours.

3420 Informal Logic
Application of principles of logic to law, politics, arts, science, advertising, ethics and media. Special emphasis on developing skill of detecting informal fallacy. Credit: 3 semester hours.

3500 History of Ancient Philosophy
A survey of ancient Greek philosophy from its origin up to the 4th century A.D. Emphasis is on pre-Socratic period, Plato, Aristotle, Scepticism, Epicureanism, Stoicism and neo-Platonism. Credit: 3 semester hours.

3510 History of Medieval Philosophy
A survey of the development of medieval philosophy with special emphasis on the principal philosophers: St. Augustine, St. Anselm, St. Bonaventure, St. Thomas Aquinas, John Duns Scotus and William of Ockham. Credit: 3 semester hours.

3520 History of Modern Philosophy
Prerequisite: PHI 3000C or permission of instructor. An examination of the central epistemological and metaphysical issues of modern philosophy. Credit: 3 semester hours.

3530 History of Contemporary Philosophy
Prerequisite: PHI 3000C or permission of instructor. The development of modern contemporary philosophical thought from Hegel to the present. The fundamental views of such 20th century thinkers as Heidegger, Sartre, Husserl, Russell, Moore, Ayer, Popper, Gilson, Maritain, Wittgenstein and Rorty are introduced. Various philosophic methods and models are analyzed. Credit: 3 semester hours.
3540 American Philosophy
Prerequisite: PHI 3000C. The classic expressions of the American Pragmatic movement in the writings of C. S. Peirce, William James, and John Dewey are presented with reference to cultural context and subsequent developments. (e.g. Founding Fathers, Emerson, Thoreau, Henry James, Martin Luther King, Jr., Richard Rorty). Credit: 3 semester hours.

3550 Existentialism
Prerequisite: PHI 3000C. A general survey of the history and the main themes of the Existentialist movement; an analysis of relevant texts by major existentialist philosophers and an attempt at constructing an existentialist philosophy of person. Credit: 3 semester hours.

3570 Personalism
Prerequisite: PHI 2200C. This course explores some of the leading personalist philosophers of the past one hundred years such as Martin Buber, John MacMurray, Emmanuel Mounier, and Gabriel Marcel. Jacques Maritain’s view of person is also discussed. There is an in depth discussion of love, fidelity, promises, vows and the possibility of a life commitment. Credit: 3 semester hours.

3600 Problem of God
Prerequisite: PHI 3000C. The background, beginning with the 17th century, of present day opinion concerning the existence of God; the nature of a realistic philosophy of God; the examination of proofs of God’s existence; a study of influential atheists and a presentation of a contemporary philosophy of God. Credit: 3 semester hours.

3610 Philosophy of Religion
Prerequisite: PHI 3000C. This course compares and contrasts the metaphysical foundations of religion as they are found in perennial, modern, and contemporary philosophies. Credit: 3 semester hours.

3630 Epistemology
Prerequisite: PHI 1000C. An examination of the fundamental nature of human knowledge—its mode of existence, sources and validity. Classical, modern and contemporary approaches to knowledge are addressed. Credit: 3 semester hours.

3640 Aesthetics
Prerequisite: PHI 1000C. A philosophical investigation into the meaning of the transcendent beauty. The nature, principles and end of artistic work as it relates to society, as well as the role of artist and aesthete. Credit: 3 semester hours.

3650 Philosophy of Law
Prerequisite: PHI 2200C. A critical examination of the central issues in contemporary legal philosophy. Major themes include: the nature of legal reasoning; the relationship of law and morality; the recent development of legal hermeneutics, and the justification of punishment. A central concern of the course is to understand how legal institutions evolve, an evolution which is both faithful and yet progressively responsive to Constitutional ideals. Credit: 3 semester hours.

3660 Political Philosophy
Prerequisite: PHI 2200C. An investigation of the standards and procedures for political legitimation, including an analysis of the following: the common good of the political community, the greatest good for the greatest number, the promotion of virtue, and agreement resulting from a social contract or ideal discourse. Special attention is given to an examination of the nature, function, and justification of “rights.” Credit: 3 semester hours.

3670 Modernity in Crisis
Prerequisite: PHI 2200C. In a world described as postmodern, a world increasingly marked by violence and irrationality, the traditional philosophical search for meaning and ethical value, and the ideas of truth and rationality have been called into question. This course examines the response to this crisis by recent Continental thought. Credit: 3 semester hours.

3680 Philosophical Issues Concerning Religion in the State
Prerequisite: PHI 2200C. This course examines the basic problematic of religion in the a liberal state. To what extent can religious conviction ground political justifications? The course traces the issue in its historical development, and examines its contemporary controversies. The ideal of public reason—the principles and arguments that form the basis of authentic dialogue in a diverse community—will be critically explored. Credit: 3 semester hours.

3700 Contemporary Moral Problems
Prerequisite: PHI 2200C. The response to authentic moral values in man’s inter-personal existential encounter with modern life and its moral problems. Among the topics treated are: the dignity of the human being, sex, abortion, birth control, sterilization, lying, racial discrimination, free speech, labor unions, Socialism, Communism, war and peace. Credit: 3 semester hours.

3720 Environmental Ethics
Prerequisite: PHI 2200C. A philosophical investigation of the environment and its relationship to the human person. Special emphasis is placed on the moral issues that arise from that relationship such as the moral standing of non-humans and the responsibility of the present generation to future generations. Credit: 3 semester hours.

3740 Social Justice
Prerequisite: PHI 2200C. An investigation of social justice issues in the contemporary postmodern world. The course discusses how various philosophical theories and historical perspectives can aid or distort our understanding of social justice and its concretization. Credit: 3 semester hours.

3800 Philosophy of Science
Prerequisite: PHI 3000C and three semester hours in the physical/biological sciences. The logic and methodology of science with special emphasis on the theory ladness of observation, the nature and structure of scientific theories and the verification/falsification of laws and theories. Credit: 3 semester hours.

3810 Philosophy of Physical Sciences
Prerequisite: PHI 3000C and three semester hours in the physical/biological sciences. A study of the fundamental philosophical issues that have arisen in the history of physics, astronomy and cosmology. Credit: 3 semester hours.

3820 Philosophical Issues in Biology
Prerequisite: PHI 3000C and three semester hours in the physical/biological sciences. An issues-oriented investigation of the methods and results of the science of biology. Among the issues discussed are the fact of evolution, theories of evolution, teleological explanations, reductionism and organism, taxonomy and the uniqueness of method in biology. Credit: 3 semester hours.

3900 Philosophy of Literature: Meaning, Mystery and Metaphysics in the Catholic Novel
Prerequisite: PHI 1000C. A philosophical probe into the nature of meaning, mystery and metaphysics in relation to the truth contained in literature, more specifically stories and most specifically the Catholic novel. The course explores the philosophical outlook of novelists such as Graham Greene, Evelyn Waugh, François Mauriac, George Bernanos, Walker Percy, Morris West and Flannery O’Connor. Credit: 3 semester hours.

3910 Philosophy of Language
Prerequisite: PHI 3000C. An introductory course covering such topics as the ideational, referential and behavioral theories of linguistic meanings; translation and indeterminancy; realism and anti-realism. Special concerns of this course are the relationship between language and mind; the relationship between semantics and pragmatics. Credit: 3 semester hours.

3920 Philosophy and Film
Prerequisite: PHI 1000C. An exploration of the philosophy of person and the philosophy of God through the medium of film classics. Credit: 3 semester hours.

4953 Reading and Research
Restricted registration. Guided research and reading for the special needs of an individual student which cannot be met by regular scheduled course offerings of the department. Prior to registration, the student must submit to the department chair a written outline of the area(s) to be researched or read, together with the written acceptance of the project by a faculty member of the department.
Open only to juniors and seniors. Approval of the department chair is required. Credit: 3 semester hours.

4990 Seminar in Philosophy
Prerequisite: PHI 3000C. An intense reading, writing, and critical discussion course, based on a central theme in contemporary philosophy, in a seminar format. This course is for philosophy majors who have completed all other requirements of the major. Offered spring semester only. Credit: 3 semester hours.

Physics (PHY)

Major Sequences

Physics
51 semester hours including: PHY 1930, 1940, 1950, 1970, 2010, 2150, 2460, 3210, 3240, 3330, 3370, and sixteen semester hours from upper level PHY courses. PHY 1950 is waived for students having a prior calculus course with permission of the chair. PHY 1610, 1620 may be substituted for PHY 1930, 1940 with permission from the department chair. In addition, physics majors are required to take MTH 1730, 1740, 2750, 3840.

Mathematical Physics
23-26 semester hours including: PHY 1930, 1940, 1950, 1970, 2460, 3210, 3310, 3330. PHY 1950 is waived for students having a prior calculus course. PHY 1610, 1620 maybe be substituted for PHY 1930, 1940 with permission from the department chair. In addition, mathematical physics majors are required to take CSC 1390, MTH 1730, 1740, 2750, 2760, and one upper level PHY or MTH course.

Physical Science
37 semester hours including: PHY 1930, 1940, 1950, 1970, and twenty-three semester hours from upper level PHY courses. PHY 1950 is waived for students having a prior calculus course. PHY 1610, 1620 may be substituted for PHY 1930, 1940 with permission from the department chair. In addition, physical science majors are required to take MTH 1730, 1740.

Minor Sequence
16 semester hours including: PHY 1610, 1620, or 1930, 1940, and eight semester hours of PHY courses in consultation with the department.

B.S./M.B.A.
The five-year B.S. Physics/M.B.A. and B.S. Mathematical Physics/M.B.A. are offered jointly by St. John’s College of Liberal Arts and Sciences and Tobin College of Business at St. John’s University.

For the B.S. Physics/M.B.A. program, the required physics courses are: PHY 1930, 1940, 1970, 2460, 3210, 3221, and 3330. In addition, 3220 and 3310 can be taken as elective courses.

For the B.S. Mathematical Physics/M.B.A. program, the required physics courses are PHY 1930, 1940, 1970, 2460, 3210, 3310, and 3330. In addition, 3220 and 3221 can be taken as elective courses.

Determination on student’s progression into the program will be made in the junior year, using GMAT scores and GPA criteria commensurate with the requirement for admission to M.B.A. programs.

Physics Course Offerings (PHY)

1020 Physics in Words and Pictures
A survey of modern physics without math. Words and pictures illustrate our current concepts of the laws of nature. These are used to explain various everyday phenomena, the scientific view of the cosmos, and elements of modern technology. No prior study of physics required. Credit: 3 semester hours.

1030 Principles of Contemporary Science
A non-mathematical treatment of the fundamental scientific principles of the physical world, the nature of matter and energy, atoms and nuclei; fundamentals of our knowledge of the earth and the universe; influence of natural sciences on human thought and society. No prior study of physics required. Credit: 3 semester hours.

1040 Introduction to Astronomy
A non-mathematical perspective of astronomy: solar system, stars and their evolution, nebulae and supernovae, galaxies and the universe. No prior study of physics is required. Credit: 3 semester hours.

1050 The Science of Sound and Music
The physics of sound and music, including simple harmonic motion, waves and sound, standing waves and overtones, pressure and ideal gas law, room acoustics and musical temperament and pitch. Credit: 3 semester hours.

1060 Introduction to Astronomy
A non-mathematical perspective of astronomy: solar system, stars and their evolution, nebulae and supernovae, galaxies and the universe. No prior study of physics is required. Credit: 3 semester hours.

1070 Universe: Introduction to Scientific Cosmology
Relativity theory and the description of gravity as a space-time warp; Big Bang cosmology and the expanding universe; the formation of galaxies and stars; gravitational collapse and black holes. No prior study of physics required. Credit: 3 semester hours.

1120 Energy and Environment

1140 Introduction to Space Science

1170 Planet Earth-Form and Structure
Earth’s continents, oceans and abundant surface features are interpreted in terms of the planet’s turbulent but orderly interior. Earth is treated as a dynamic system. Credit: 3 semester hours.

1220 Planet Earth-Historical Geology
Evolution of the earth through time as revealed in fossils, rocks, radioactive materials and other evidence. The planet’s history is reconstructed from these clues. Credit: 3 semester hours.

1310 Physics of Sound and Music
The physics of sound and music, including simple harmonic motion, waves and sound, standing waves and overtones, pressure and ideal gas law, room acoustics and musical temperament and pitch. Credit: 3 semester hours.

1320 Physics of Light and Color
This course is designed for undergraduate non-science students. It will discuss the properties of light and color, the interaction of light with matter, human eye, the color vision and the formation of visual images. It also covers reflection, refraction, lenses, and applications to photography and lasers and holography. Credit: 3 semester hours.
1340 Renewable Energy and Applications
This course is designed for undergraduate science and non-science students. It will provide an introduction to energy systems and renewable energy resources, with a scientific examination of different types of energy, alternate energy sources and their technology and application. The class will also discuss the society's present energy needs and future demands, examine conventional energy sources, and then focus on alternate, renewable energy sources such as solar, biomass (conversions), wind power, geothermal, and hydro. Credit: 3 semester hours.

1360 Physics for Radiologic Sciences
Prerequisite: MTH 1050 or equivalent. Introductory physics course topics in Biology, Physiology, and Medicine. Basic physical principles from the perspective of life sciences with applications. For students majoring in Radiologic Sciences. Credit: 3 semester hours.

1410 Introduction to General Physics
The course is designed to help students with weak background in physics or those who have no prior physics courses. Topics include: Introduction to algebra, calculus, vectors, and selective topics such as mechanics, waves, optics, heat, electricity, and magnetism. Credit: 3 semester hours.

1430 Introduction to Physics
A survey of mechanics, including falling body and collision problems; an introduction to gases, fluid flow, heat, sound and light. Problem-solving is limited to simple algebra. Applications to biology and medicine. Credit: 3 semester hours.

1440 Physics Theory I
Prerequisite: MTH 1730. An introductory course in the study of the basic theories in classical mechanics, work and energy, heat, sound and wave mechanics. Basic principles and concepts are stressed over applications. Open to non-science majors only. Credit: 4 semester hours.

1450 Physics Theory II
Prerequisite: PHY 1440. A continuation of Physics Theory I, introducing the basic theories of light, optics, electricity, magnetism and atomic and nuclear physics. Basic principles and concepts of classical and modern physics are stressed throughout. Open to non-science majors only. Credit: 4 semester hours.

1520 Earth Science
An integrated study of the basics of astronomy, physical geography, cartography, meteorology and oceanography. Credit: 3 semester hours.

1530 Time Traveling (Mini-Course)
A survey of time including: the dawn of time; laws linking past, present and future; aging and time's arrow; stargazing into the past; freezing time; the quantum cat and time travel in the many-worlds interpretation; slowing time with speed and gravity; time reversal and antimatter. No prior study of physics is required. Not applicable to major sequence. Credit: 3 semester hours.

1610; 1620 College Physics I; II
Prerequisite: PHY 1610 is a prerequisite for PHY 1620. Corequisite: PHY 1611L and PHY 1612R are corequisites for PHY 1610. PHY 1621L and PHY 1622R are corequisites for PHY 1620. First Semester: An introduction to mechanics, heat, waves and sound. Second Semester: An introduction to optics, electricity and magnetism, atomic and nuclear physics. Appropriate for biology majors. Not open to chemistry, physics or mathematics majors in St. John's College. Lecture, 3 hours. Laboratory, 2 hours. Recitation, 1 hour. Credit: 4 semester hours per semester. Laboratory fee, $25 per semester.

1930; 1940 University Physics I; II
Prerequisite: PHY 1930 is a prerequisite for PHY 1940. Corequisite: MTH 1730 or 1950. PHY 1931L and PHY 1932R are corequisites for PHY 1930. PHY 1941L and PHY 1942R are corequisites for PHY 1940. First Semester: Fundamentals of mechanics, heat, fluids, wave-motion and sound, utilizing calculus. Second Semester: Fundamentals of optics, electricity and magnetism, atomic and nuclear physics, utilizing calculus. Lecture, 3 hours. Laboratory, 2 hours. Recitation, 1 hour. Credit: 4 semester hours per semester. Laboratory fee, $25 per semester.

1950 Mathematics for Physical Science
Corequisite: PHY 1952R. Analytic geometry, differential and integral calculus applied to physics and engineering. Lecture, 3 hours. Recitation, 1 hour. Credit: 3 semester hours.

2110 Engineering Mechanics
Prerequisite: PHY 1620 or 1940. Corequisite: PHY 2111L. Basic kinematics and dynamics of particles, systems of particles, and rigid bodies; work and energy; impulse and momentum; conservation laws. Emphasis on engineering applications. Lecture, 3 hours. Recitation, 1 hour. Credit: 3 semester hours.

2150 Thermodynamics
Prerequisite: PHY 1620 or 1940. The study of heat, work, and the various forms and transformations of energy. The First and Second Laws of Thermodynamics applied to engines, phase transformations, chemical reactions, and radiation. An introduction to statistical mechanics. Credit: 3 semester hours.

2460 Analytical Mechanics
Prerequisite: MTH 1730, and PHY 1620 or 1940. The fundamentals of classical mechanics. Topics include motion of a particle, conservation of energy, momentum and angular momentum, Lagrange and Hamilton equations, configuration and phase space, orbital mechanics. Credit: 3 semester hours.

3100 Biological Physics
Prerequisite: MTH 1730, and PHY 1620 or 1940. The physical laws most relevant to life. Energy and its transformation in organisms; Information and the programming of life processes; Entropy and the creation of order by living systems; Quantum mechanics and its role in chemistry and in the mutability and permanence of life. Credit: 3 semester hours.

3210; 3220 Electricity and Magnetism I; II
Prerequisite: PHY 1620 or 1940. PHY 3210 is a prerequisite for PHY 3220. Corequisite: MTH 2760. First semester: The study of electrostatics, conductors and dielectrics, using vector algebra and calculus; direct currents and circuit analysis. Second semester: Magnetism, electromagnetic induction, alternating currents; Maxwell's equations, electromagnetic waves. Credit: 3 semester hours per semester.

3221 Electricity and Magnetism Laboratory
Prerequisite: PHY 3210. Selected experiments demonstrating the principles and applications of electricity and magnetism. Laboratory, 4 hours. Credit: 2 semester hours. Laboratory fee, $25.

3240 Electronics
Prerequisite: PHY 1450, or 1620, or 1940. Corequisite: PHY 3241. Introduction to electronic devices including diodes, transistors, amplifiers, filters, oscillators, LEDs and other electronic systems. Principles of electronic circuit design and analysis. Lecture, 3 hours. Laboratory, 2 hours. Credit: 4 semester hours. Laboratory fee, $25.
3250 Optics
Prerequisite: MTH 1730 or PHY 1950, and PHY 1620 or 1940. The optics of lenses and mirrors, cameras, corrective lenses, telescopes, magnifiers, microscopes. Wave theory of light, with applications: interferometry, diffraction patterns, polarization, spectroscopy, dispersion, fiber optics, holography. Credit: 3 semester hours.

3251 Optics Laboratory
Corequisite: PHY 3250. Selected experiments in Optics. Laboratory, 4 hours. Credit: 2 semester hours. Laboratory fee, $25.

3270; 3280 Atomic and Nuclear Physics I; II
Prerequisite: PHY 3270 is a prerequisite for PHY 3280. Corequisite: PHY 3210 and 3220, or consent of instructor. Structure and properties of atoms, molecules, and nuclei; foundations of Quantum Theory and the Theory of Relativity; emission and absorption of radiation; foundations of Solid State Theory; radioactivity, fission, fusion, Elementary Particle Theory. Credit: 3 semester hours per semester.

3291 Atomic and Nuclear Physics Laboratory
Corequisite: PHY 3270. Selected experiments in atomic and nuclear physics. Laboratory, 4 hours. Credit: 2 semester hours. Laboratory fee, $25.

3310 Methods of Theoretical Physics
Prerequisite: MTH 1730, PHY 1940. Corequisite: PHY 3210, 3220, and 3291. Selected mathematical methods used in theoretical physics. Complex variables; Fourier Series; Laplace Transformation; vectors, matrices and eigenvalue problems. Applications to ordinary and partial differential equations. Credit: 3 semester hours.

3330 Quantum Theory
Prerequisite: PHY 3270. Corequisite: MTH 2760. Description of atomic systems by state vectors; probability amplitudes, superposition and interference; matrices and operators. Topics include: the wave and matrix formulations of quantum physics, commutation relations, symmetries and conservation laws; angular momentum and spin, perturbation theory, and applications. Credit: 3 semester hours.

3370 Statistical Physics
Prerequisite: PHY 1940, PHY 1970. Science of determining the aggregate behavior of systems from their molecular components. Topics include statistical ensembles with applications to gases, radiation, magnetism, and solids. Credit: 3 semester hours.

3510 Electrical Systems
Prerequisite: MTH 1740, and PHY 1620 or 1940. This is the foundation course for analyses of electrical circuits. Topics include mesh analysis, node analysis, Thévenin’s theorem, Norton’s theorem, and superposition. Applications are made to direct current circuits. Transient dynamics and alternating current circuits are introduced and analyzed. Credit: 3 semester hours.

3520 Networks
Prerequisite: PHY 3510. This is the basis for most advanced courses in electrical engineering. It is divided into two parts: Part 1 deals with ac circuits, impedance, phasors, sinusoidal steady-state analysis, ac power, rms values, three phase systems, and frequency response. Part 2 is devoted to advanced techniques for network analysis. It provides an introduction to the Laplace transform, Fourier series, the Fourier transform, and two-part network analysis. Credit: 3 semester hours.

3820 Fluid Mechanics
Prerequisite: MTH 3840 and PHY 2460 or 2110. Fundamentals of fluid statics and dynamics, including: properties and energy relationships of fluids, and flow in closed conduits, and flow measurement. Credit: 3 semester hours.

3850 Introduction to Solid State Physics
Prerequisite: MTH 3840, PHY 1940. Properties of static (crystal structure) and dynamic (lattice vibrations) arrangements of atoms, and electronic properties of metals, insulators and semiconductors. Credit: 3 semester hours.

3890 Numerical Methods
Prerequisite: MTH 3840, PHY 1940. Numerical techniques to solve physics problems such as roots of linear and nonlinear equations; solution of ordinary differential equations; curve fitting and interpolation. Credit: 3 semester hours.

3900 Special Topics
Advanced or contemporary topics announced each semester. Topics may include: Lagrange and Hamiltonian Dynamics, Information Theory and Statistical Physics, Methods of Quantum Physics, Fundamental Particle Physics and Solid State Physics. These and other special topics require department approval. Credit: 3 semester hours.

4100 Undergraduate Research
Prerequisite: MTH 1740, PHY 1940. Students can conduct research under supervision of approved faculty by the department. It is open to all students majoring in physics. Credit: 2 to 4 semester hours.

4350 Seminar
Credit: 2 or 3 semester hours.

4953 Independent Study
Restricted registration. Guided reading and investigation of an area of science of special interest to a student and faculty member. Before registering for this course a student must obtain assurance of a faculty member’s supervision. Credit: 2 to 4 semester hours.

Psychology (PSY)
Major Sequence
41 semester hours including: PSY 1000C, 2030, 2030L, 2040, 2040P, 2150, 2990, 3260, 3800. In addition, majors must choose one course from each of the following groups below:

Group 1
Abnormal/Personality/Social Psychology: PSY 2200, 2210, 3320;

Group 2
Developmental Psychology: PSY 2070C, 2080C;

Group 3
Experimental Psychology: PSY 3270, 3280, 3290;

Group 4
Emerging Areas of Psychology: PSY 2220, 2240, 2250, 2260, 2270. Also, majors must choose six semester hours of PSY elective courses from the department’s course offerings (including those not selected from the four groups mentioned above).

Students are required to take all courses in the major in the Psychology Department of St. John’s College once they declare the major.

Students wishing to pursue graduate training in psychology should take PSY 3040 (Experimental Psychology Laboratory) as one of their electives. Psychology majors are required to take PSY 1000C as their first course. They are encouraged to take PSY 2030 as soon as possible. PSY majors are urged to take BIO 1050 and 1060, as well as PHI 3800 and elective credits in related social sciences, ANT 1010C or 1020C or SOC 1000C, for example.

It is advantageous for the student wishing to pursue graduate work in psychology to have completed or be in the process of completing all the required courses by the fall semester of the senior year when the GRE is usually taken. In addition, it is advisable for students wishing to pursue graduate work in psychology to accelerate the major sequence and elect more than the minimum number of credits in the major, but not to exceed 12 credits above the minimum credits required.
Minor Sequence
18 semester hours including: PSY 1000C, at least six semester hours from: PSY 2030, 2040, 2150, 2200, 2220, 3260, 3270, 3290, 3800, six semester hours from: PSY 2070, 2080, 2100, 2210, 2220, 2230, 2240, 2250, 2260, 2270, 3280, 3320, and three semester hours from among the PSY courses offered by the department.

Psychology Course Offerings (PSY)

Introductory
1000C Introductory Psychology
An introduction to scientific psychology and its methods. The course presents a survey of the major areas within the discipline of psychology, including the psychology of personality, abnormal behavior, learning, sensation and perception, social processes, states of consciousness, individual differences, thinking, language, and human development. Credit: 3 semester hours.

2990 Sophomore Seminar
Prerequisite: PSY 1000C. Introduction to the psychology major, the subfields of psychology, the methods of discovery, library, and writing skills in the field and understanding career opportunities. This course should be taken in the sophomore year. Credit: 3 semester hours.

Research Methods
2030 Statistical Methods for the Social Sciences
Corequisite: PSY 2030L. Methods for describing and evaluating research data including measures of central tendency, dispersion, relationships and hypothesis testing by means of t-tests, Chi Square tests, analysis of variance and some non-parametric tests. A laboratory will accompany this course giving students experience using statistical software. This course should be taken in the sophomore year. Credit: 4 semester hours.

2040 Research Methods in Psychology
Prerequisite: PSY 1000C, 2030. Corequisite: PSY 2040P. An overview of the methods and procedures of psychological science. Students learn to read empirical literature, understand key theories about behavior and psychopathology, develop testable hypotheses, and evaluate appropriate methods for testing these hypotheses. The course teaches methods for assessing the role of observational, survey, correlational, experimental, and quasi-experimental approaches to research. There is a strong emphasis on the development of critical thinking and writing skills essential to understanding research and deploying scientific knowledge in a broad range of situations. Practicum work focuses on studies of human behavior and the writing of research reports using the style manual of the American Psychological Association. This course should be taken in the semester following the completion of PSY 2030. Credit: 4 semester hours.

3260 Introduction to Psychological Measurement
Prerequisite: PSY 1000C, 2030. An overview of basic principles of measurement theory with emphasis on psychological testing. Credit: 3 semester hours.

Developmental Psychology
2050 Educational Psychology
A study of intellectual functioning, individual differences, problems of learning and motivation. Credit: 3 semester hours.

2070C Child Psychology
A study of the physical, intellectual, emotional, and social aspects of development through childhood, with emphasis on major developmental constructs and theories. Credit: 3 semester hours.

2080C Adolescent Psychology
Physical, intellectual, emotional, and social aspects in the development of the individual in the transitional period between childhood and maturity. Credit: 3 semester hours.

Abnormal, Personality and Social Psychology
2010 Cross-Cultural Psychology
An introduction to understanding human behavior in its socio-cultural context. The course takes a global perspective and views New York City’s cultural diversity as an important resource. Credit: 3 semester hours.

2200 Abnormal Psychology
Prerequisite: PSY 1000C. An introduction to the features, causes, and treatments of abnormal patterns of behavior or psychological disorders. Credit: 3 semester hours.

2210 Theories of Personality
An introduction to significant theories of personality and a critical evaluation of these theories. Credit: 3 semester hours.

2230 Psychology of the African American Experience
This course explores the contexts that shape the psyche of African Americans. This course examines the effect of the history of psychology and its cultural underpinnings on the psychological study and evaluation of African Americans as a distinct cultural group. The psychological residuals of involuntary immigration, slavery, segregation and discrimination and social trauma will be explored. Credit: 3 semester hours.

3320 Social Psychology
Prerequisite: PSY 1000C. Examines the scientific study of how real, imagined or anticipated actions or evaluations by others influence our thoughts, feelings or behavior. Topics include the psychology of research participation, attitudes, attitude change, persuasion, conformity, compliance, stereotypes and prejudice, liking and attraction, intimate relationships, group processes, social perception and cognition, the social self, helping others, hurting others and conflict resolution. Credit: 3 semester hours.

Experimental Psychology
2150 Physiological Psychology
Prerequisite: PSY 1000C. An introduction to the anatomy and physiology of the nervous system, sensory and motor systems and endocrine system in relation to normal and abnormal behavior. Credit: 3 semester hours.

3270 Experimental Psychology of Learning
Prerequisite: PSY 1000C. An exposition of contemporary learning theory from the viewpoint of classical and operant conditioning, including interpretation of the role of drives and motives and concepts of generalization, discrimination, emotions, and higher forms of learning. Credit: 3 semester hours.

3280 Cognitive Psychology
Prerequisite: PSY 1000C, 2030. Examines the scientific study of the acquisition, processing, storage, retrieval, and use of information. Topics include perception, attention, forms of memory, memory effectiveness, imagery, spatial knowledge, language, concepts, reasoning, problem solving, judging, and deciding, expertise, creativity, aging and cognition and unconscious cognitive functioning. Credit: 3 semester hours.

3290 Sensation and Perception
Prerequisite: PSY 1000C, 2030. PSY 2150 may be taken prior or in conjunction with PSY 3290. Introduction to the concepts, methods, and findings of classical and modern psychophysics as they relate to providing an understanding of the sensory systems and processing of sensory information. Credit: 3 semester hours.

Emerging Areas of Psychology
2220 Child and Adolescent Psychopathology
Developmental, clinical-diagnostic, and experimental approaches to child and adolescent psychopathology will be addressed. The developmental course of each disorder and the role of biological, psychological, and sociocultural factors and how they interact with a child’s environment will be addressed. Specifically, the course will examine disorders related to anxiety, stress & trauma, mood, schizophrenia, eating and substance abuse,
memory and organic dysfunctions, ADHD, and personality in childhood and adolescence. Credit: 3 semester hours.

2240 Psychology of Women
Reviews the relevant psychological theories and empirical research on women and gender throughout the lifespan. The major goals of the course are to understand the biological, cognitive, and psychosocial influences that affect the realities of women’s lives in modern society. Credit: 3 semester hours.

2250 Forensic Psychology
Prerequisite: PSY 1000C. The relationship between psychology, psychopathology, and mental health issues that interact with our legal system. Credit: 3 semester hours.

2260 Positive Psychology
Positive psychology studies how human beings prosper in the face of adversity. It attempts to identify and enhance the human strengths and virtues that make life worth living and allow individuals and communities to thrive. Credit: 3 semester hours.

2270 Health Psychology
Health psychology focuses on the behavioral, personality, social, cultural, and lifestyle variables that influence the prevention and treatment of physical health, disease onset, stress/coping and intervention strategies, disparities in seeking and having access to health care, and compliance with medical treatments. Credit: 3 semester hours.

Specialized and Advanced Courses

2100 Altered States of Consciousness and Parapsychological Events
A selective examination of research and theory concerning altered states (such as meditative and drug-induced states, dreaming, hypnosis, various kinds of “trances” and “peak experiences”), extrasensory perception, psychokinesis and possible interrelationships of these areas. Credit: 3 semester hours.

2180 International Psychology
A basic understanding of the history, current status, and future directions of scientific and professional psychology applied to contemporary global issues. Credit: 3 semester hours.

2190 Psychology of Humor
What makes you laugh? Reviews the psychological research behind mirth, humor, and laughter. Credit: 3 semester hours.

2280 Introduction to Sport Psychology
Psychological factors affecting sports participation and their role in sports performance. Credit: 3 semester hours.

2380 Psychology of Anger, Aggression, Hatred, and Violence
Psychological factors that affect anger, aggression, hate, and violence and the implications for assessment, prevention, and interventions in society and the individual will be explored. Credit: 3 semester hours.

3220 Introduction to Clinical Psychology
Prerequisite: PSY 1000C, 2220. An introduction to clinical psychology including history, development of models and their application, assessment and treatment. Credit: 3 semester hours.

3330 Industrial and Personnel Psychology
Psychological aspects of individual differences, efficiency, working conditions, accident prevention, human engineering, industrial mental health, and counseling. Credit: 3 semester hours.

3410 Autism and Intellectual Disability
Study of concepts, procedures, and research related to autism, intellectual disabilities, and other developmental disabilities from bio-medical, psychological, and educational perspectives. Credit: 3 semester hours.

3420 Applied Behavioral Analysis and Positive Support
The study of concepts and procedures related to applied behavior analysis (ABA) and positive behavioral support (PBS). Learn how ABA/PBS is used to change important behaviors. Credit: 3 semester hours.

3800 History and Systems of Psychology
Prerequisite: PSY 1000C and at least nine additional semester hours in PSY. The evolution of psychology from its philosophical and physiological roots to its current status as science and profession. Review of major schools and theories, contributions of noted investigators and significant advances. Credit: 3 semester hours.

Independent Study, Research, and Internships

Students can take only one of the internship courses. Students can only take up to six semester hours of PSY 3040, 3041, 4951, 4952, 4953, and 4954.

3040 Experimental Psychology Laboratory
Prerequisite: PSY 2030. Corequisite: PSY 2040 and approval and acceptance from the instructor. Qualified students undertake directed research in a chosen field in psychology with a research team. Students learn to conceptualize problems, design, conduct, and write up a study. Credit: 3 semester hours.

4903 Internship in Clinical, Counseling, or School Psychology
Prerequisite: At least twelve semester hours in PSY. Placement in a social service agency for six to eight hours per week of volunteer work. Individual and group meetings with the instructor. Social service agency includes, but is not limited to, psychiatric hospitals, institutions for exceptional children and adults, homes for the elderly, halfway houses, and crisis intervention centers. Credit: 3 semester hours.

4904 Internship in Industrial/Organizational Psychology
Prerequisite: At least twelve semester hours in PSY. Placement in an agency or corporation for eight to ten hours per week of work in psychology related businesses, plus meetings with the instructor. Credit: 3 semester hours.

4951 Independent-Guided Study in Psychology I
Prerequisite: PSY major with 3.0 overall GPA PSY 1000C, 2990, and nine additional semester hours in PSY. Prior to registration, the student must prepare a written contract with a department faculty member of the student’s choice. This contract shall specify the topic to be studied, the goals of the course, the reading list, the activities to be done, and the final product of the course expected by the faculty member. The department chair must also provide written approval of the agreement before the student can register. Qualified psychology majors undertake directed study on topics of their choice. Student cannot take this course and PSY 3040, 3041, 4952, 4953, or 4954 in the same semester.

4952 Independent-Guided Study in Psychology II
Prerequisite: PSY major with 3.0 overall GPA, PSY 1000C, 2990, 4951, and nine additional semester hours in PSY. Prior to registration, the student must prepare a written contract with a department faculty member of the student’s choice. This contract shall specify the topic to be studied, the goals of the course, the reading list, the activities to be done, and the final product of the course expected by the faculty member. The department chair must also provide written approval of the agreement before the student can register. Qualified psychology majors undertake directed study on topics of their choice. Student cannot take this course and PSY 3040, 3041, 4951, 4953, or 4954 in the same semester.
Rhetoric, Communication, and Theatre (RCT)

Major Sequences

Rhetoric and Public Address
39 semester hours including: SPE 1000C or HON 1020C, RCT 4990, nine semester hours in Rhetorical Performance chosen from: RCT 1010, 1050, 2000, 2050, 2060, 2110, 3180, six semester hours in Rhetorical History chosen from: RCT 2040, 3120, 3150, 3170, 3190, six semester hours in Rhetorical Criticism chosen from: RCT 2030, 2090, 3140, six semester hours in Rhetorical Theory chosen from: RCT 2020, 3130, 3160, and six semester hours in communication, internship, and/or independent study chosen from: RCT 1015, 1155, 2015, 2025, 4903, 4906, 4953.

Minor Sequences

Rhetoric and Public Address
18 semester hours including: SPE 1000C or HON 1020C, RCT 3130, and twelve semester hours in RCT elective courses.

Business Communication
15 semester hours including: SPE 1000C or HON 1020C, RCT 2020, 2025, and RCT 2050 or HON 2090, and three semester hours in RCT.

Communication
15 semester hours including: SPE 1000C or HON 1020C or RCT 1005C or HON 1025C, RCT 2020, and nine semester hours chosen from: RCT 1155, 2000, 2015, 2025, 2070, 2080.

Religious Communication
18 semester hours including: SPE 1000C or HON 1020C, RCT 3190, nine semester hours chosen from: RCT 1015, 1050, 2020, 2060, 2110, 3130, and three semester hours in RCT.

Theatre
18 semester hours including: SPE 1000C or HON 1020C, RCT 1540, 2110, 2540, and six semester hours from RCT 1050, 1520, 1560, 1575, 1580, 1585, 1590.

Musical Theatre
18 semester hours including: MUS 1260, RCT 1510 or 1530, and 1540, three semester hours in Voice (MUS 1620, MUS 2620), and six semester hours chosen from: MUS 1070, 1230, 1240, RCT 1520, 1580, 1590, 2540. * MUS 1620 may be repeated twice.

Communication
15 semester hours including: SPE 1000C or HON 1020C, RCT 1015, 2020, and six semester hours chosen from: RCT 1050, 1155, 1510, 1540, 2000, 2015, 2025, 2110, 4953. Available on Staten Island Campus only.

1005C Interpersonal Communication for the Pharmacist
The process of interpersonal communication and the skills necessary to communicate effectively with others in all facets of everyday life, i.e., within family, social, educational and business situations. Credit: 3 semester hours.

1050 Fundamentals of Speech Production
Improvement of voice and diction through study of breathing technique, resonance, pitch, vocal range, diction, IPA and oral interpretation of literature. Credit: 3 semester hours.

1155 Language and Intercultural Communication
Communication as it affects and is affected by culture. Barriers to effectiveness. Competent intercultural communication in ethnic, intergenerational, gender, deaf subcultures and international settings. Credit: 3 semester hours.

2000 Advanced Public Speaking
Advanced theoretical and practical principles of purposive speaking. Students apply these principles to various speaking occasions, audiences, and methods. Credit: 3 semester hours.

2015 Nonverbal Communication
How nonverbal messages function to communicate culture, race, gender, and personality. Links nonverbal messages to impression formation and management, as well as relational and expressive communication. Credit: 3 semester hours.

2020 Persuasion
Prerequisite: SPE 1000C or HON 1020C. Theory and practice of persuasive communication, including the preparation and delivery of persuasive speeches. Credit: 3 semester hours.

2025 Organizational Communication
Research and theories of communication in corporate, service and non-profit organizations. Skills in interviewing, message design, leadership and committee work. Credit: 3 semester hours.

2030 Rhetoric of Popular Culture
In this course we will study the intersections between popular culture and rhetoric. Credit: 3 semester hours.

2040 American Public Address
Analysis and evaluation of representative speakers and speeches in the history of American public address. Credit: 3 semester hours.

2050 Decision-Making Discussion
Theory of and practice in using discussion as a method of decision making. Discussion organization and leadership. Credit: 3 semester hours.
3170 Prosecution and Defense: The Rhetoric of Cicero and the Law of Rome (Mini-Course)
Critical study of the forensic oratory of Cicero, based on Roman legal and rhetorical practices. No knowledge of classical languages is required. Credit: 3 semester hours.

3180 Legal Argumentation
Prerequisite: SPE 1000C or HON 1020C. This course is designed to study argumentation that occurs within the law. Students receive training in both the theory and practice of persuasive legal argumentation. Credit: 3 semester hours.

3190 Rhetoric of Religion
The role of religious discourse in relation to the rhetorical tradition and contemporary society. The study of the intersection of religious rhetoric and socio-political issues. Credit: 3 semester hours.

4000 Special Topics Seminar
Restricted registration. Research and discussion on select topics and problems. Credit: 3 semester hours.

4903 Internship in Speech Communication
Restricted registration. Fieldwork (eight hours per week) with practical application in communication or theatre under faculty and professional supervision. Credit: 3 semester hours.

4906 Internship in Speech Communication
Restricted registration. Fieldwork (sixteen hours per week) with practical application in communication or theatre under faculty and professional supervision. Credit: 6 semester hours.

4953 Independent Study
Restricted registration. Independent research in an area of the student’s own selection under the general advisement of a faculty member. Credit: 3 semester hours.

4990 Senior Seminar
Survey of contemporary communication research methods from a variety of theoretical perspectives. Recommended for juniors and seniors. Credit: 3 semester hours.

Theatre Course Offerings (RCT)

1500 Theatre In Education
Introduction to theatre techniques for educators. Emphasis on staging the play, puppetry, improvisation, storytelling and creative dramatics. Credit: 3 semester hours.

1510 Introduction to Theatre
A survey of theatre from ancient Greece through the 19th century; stage practices; the art of the actor and the theatre as an educational device and cultural experience. Credit: 3 semester hours.

1520 Creating Theatre
An overview of theatre and its craft which examines the actor, the playwright, the designers, the technicians, the director and their collaboration. Emphasis on creating and developing original work. Credit: 3 semester hours.

1530 Modern Theatre
Principles and practices in theatre since the beginning of the 20th century; current offerings on the New York stage and problems they involve; new movement and theories and their sources in theatre of the past. Credit: 3 semester hours.

1540 Introduction to Acting I
Basic techniques in analyzing and creating a role. Improvisations, scene practice, script analysis. Credit: 3 semester hours.

1550 On-Camera Acting: Commercials, Movies and Sitcoms
An introduction to acting and to the special techniques of on-camera performance. Emphasis on career building, and on the styles of commercials, movies and sitcoms. Credit: 3 semester hours.

1560 Playwriting: Writing for Stage Performance
Prerequisite: SPE 1000C or HON 1020C. Craft skills of writing for stage performance. Analysis of the basic play architecture, problems of character development, dialogue, and plot. Studentscripts and exercises are read and analyzed in class. Credit: 3 semester hours.

1570 Stagecraft I
Prerequisite: Consent of instructor. Introduction to theatre architecture and staging. Theory and practice of scene design, set construction, and lighting design. Credit: 3 semester hours.
1575 Theatre Laboratory: Stagecraft
Prerequisite: Consent of instructor.
Supervised laboratory experience in technical theatre production. Students further skills and knowledge of technical theatre throughout practical application in departmentally approved productions. 1 semester hour requires 45 hours of laboratory work. Repeatable to maximum of 3 credits. Credit: 1 to 3 semester hours per semester.

1580 Theatre Laboratory: Acting
Prerequisite: Consent of instructor.
Supervised laboratory experience in acting. Students further their skills, and knowledge of acting in a departmentally approved production or project. 1 semester hour requires 45 hours of laboratory work. Repeatable to maximum of 3 credits. Credit: 1 to 3 semester hours per semester.

1585 Theatre Laboratory: Directing
Prerequisite: Consent of instructor.
Supervised laboratory experience in directing. Students further their skills and knowledge of directing in a departmentally approved project. 1 semester hour requires 45 hours of laboratory work. Repeatable to maximum of 3 credits. Credit: 1 to 3 semester hours per semester.

1590 Theatre Workshop (Mini-Course)
Experience in the production and performance of a play. Each student performs a role and supervises a production responsibility. Performance is presented during last class session. Credit: 3 semester hours. Laboratory fee, $10.

2540 Introduction to Acting II
Presentation of scenes. Rehearsal, study and performance techniques. Problems of auditioning. Credit: 3 semester hours.

2570 Stagecraft II
Technical production practices, sets and prop construction, special effects, advanced lighting, and complex set design. Introduction to stage makeup and costume. Credit: 3 semester hours.

Social Studies
(Staten Island campus)
Students interested in pursuing this program should consult the History section of this bulletin and/or contact the Staten Island Dean’s Office for details.

Sociology (SOC)/Anthropology (ANT)

Major Sequences
Sociology
33 semester hours including: SOC 1000C, 1170, 2610, 3240, 4270, 4990, and fifteen semester hours in SOC.

Anthropology
30 semester hours including: ANT 1000, 1010, 1020, 4990, SOC 2610, 4270, and 12 semester hours in ANT.

B.A./M.A.
Qualified students admitted to the 5-year B.A./M.A. program in Sociology or the B.A./M.A. program in Sociology and Criminology and Justice are required to complete SOC 1000C, 1170, 2610, 3240, 4270, 4990, and at least three semester hours in SOC. The remaining eighteen semester hours in SOC must include a minimum of 12 semester hours of graduate courses by the of senior year. Eligibility requires a 3.0 overall index with a 3.5 in the major. For specific master’s degree program requirements, consult the St. John’s University Graduate Bulletin.

Special Note for Double Majors
A student may major in both SOC and ANT. SOC 2610, 4270 may be used to satisfy both major sequences. A double major must complete a total of 60 semester hours in SOC and ANT. A minimum of 12 elective credits in each discipline is required.

Special Note for Sociology Majors
Students majoring in Sociology on the Staten Island campus may have to take upper level required courses in the major on the Queens campus.

Minor Sequences
Sociology
18 semester hours including: SOC 1000C, and fifteen semester hours in SOC. All social science majors may satisfy the requirements for this minor with 15 semester hours including: SOC 1000C, and twelve semester hours in SOC.

Anthropology
18 semester hours including: ANT 1010, 1020, and twelve semester hours in ANT.

Social Work
18 semester hours including: SOC 1030, 1090, 4530, and nine semester hours in SOC. Under advisement, HSC courses may apply to the minor. However, all HSC students must take SOC 1030. All social and behavioral science majors may satisfy the requirements for this minor with 15 semester hours in addition to their major requirements.

Sociology Course Offerings (SOC)
1000C Introduction to Sociology
The study of human interaction. The influence of groups, organizations, and culture on ways of thinking, acting, feeling and on values and lifestyles. Theories and methods for analyzing social issues and predicting social trends. Credit: 3 semester hours.

1030 The Social Welfare System
Functions and consequences of the American social welfare system (e.g., housing, public assistance, health care, criminal justice), formulation, and evaluation of social policies. Credit: 3 semester hours.

1040C Social Change
Examination of the social and cultural movements that are transforming society. Current debates on feminism, postmodernism, postindustrialism, identity politics and technoscience are central to this course. Credit: 3 semester hours.

1055 Sociology of War
Analysis of the economic, political and social causes and consequences of war and its effects on combatants. Credit: 3 semester hours.

1070 Social Problems
Current social issues and policies; race relations, crime, deviance, aging, economic and political trends and their influence on social structures. Alternative strategies to confront current problems are considered. Credit: 3 semester hours.

1080 Neighborhoods
This course focuses on neighborhood processes of cohesion, conflict and change. Race, ethnic, religious and gender relations are also discussed. Power at local and city-wide levels and strategies of community organizations are explored. Credit: 3 semester hours.

1090 Introduction to Social Work
A survey of social work methods and clinical techniques for problem-solving, rational interviewing and casework, group dynamics, and community intervention. Credit: 3 semester hours.
1100 Sociology of Prisons
Prisons are presented within the larger social context of punishment. A comparative approach is emphasized to understand the various patterns of correctional strategies and their implications to policy and management. Credit: 3 semester hours.

1110 Criminology
Crime, the criminal, the criminal law and cost of crime. Criminal behavior systems. Explanations for criminal behavior; the police, the courts, probation, sentencing, punishment and parole. Credit: 3 semester hours.

1120 Social Psychology
Social experience and its effects on thought, feeling and behavior. Credit: 3 semester hours.

1130 White Collar Crime
Basic analytical concepts in the study of white-collar crime, the major forms of white-collar crime and legal responses to this form of crime. Credit: 3 semester hours.

1140 Sociology of Work
The organization of work in industrial society, including the shape of the work force; human/technology interaction; satisfactions and dissatisfactions that result from the social structuring of experience of work. Credit: 3 semester hours.

1150 Sociology of the Family
This course examines the institution of marriage and the family. Credit: 3 semester hours.

1160 Deviant Behavior
Study of the causes of deviance, its diverse forms and patterns, reactions to deviant behavior by social controllers and others as well as consequences of deviance for victims and society. Credit: 3 semester hours.

1170 Inequality; Race, Class and Gender
Analysis of the social factors determining class, power and prestige in American society; poverty and the effectiveness of welfare policies; interclass conflicts; the impact of changes in the labor market and in sex roles. Credit: 3 semester hours.

1190 Sociology of Poverty in America
An examination of the everyday life of poor people in the U.S. Critical analysis of the development of social policy, social movements and the conditions that would have to be changed if poverty is to be ended. Credit: 3 semester hours.

1200 Correctional Supervision and the Community
Critical trends and issues in the development, philosophy, and praxis of community-based correctional programs as alternatives to incarceration and as a function of community reentry. Credit: 3 semester hours.

1230 Italian American Identity in the Cinema
Examination of Italian American identity in American cinema. Credit: 3 semester hours.

1570 Gender, Violence and the Movies (Mini-Course)
Exploration of the relationship between violence and gender in the cinema. The effect images of violence have on gendered spectators and consciousness formation are examined. Credit: 3 semester hours.

2000 Global Crime
This course introduces students to a theoretical understanding of transnational organized crime (global crime), describes the major forms it takes, and addresses relevant policy issues. Credit: 3 semester hours.

2010 The Inside-Out Prison Exchange: Issues of Crime and Justice Behind the Walls
Experientially-based seminar at Rikers Island jail examining function and social consequences of justice policies, particularly mass incarceration; intersection of race, ethnicity, class, and gender. Credit: 3 semester hours.

2020 Gender and Development
A sociological study of development with a specific focus on gender, gender-based violence, gendered migration, politics and social movements for gender justice domestically and internationally. Credit: 3 semester hours.

2030 Economic Sociology
Sociological analysis of how markets, networks and hierarchies coordinate economic behavior; the economy’s relationship to the state, inequality, technology, culture and globalization. Credit: 3 semester hours.

2100 Global Poverty
Failures of global policies to substantially change the conditions of the world’s poor and conditions that would have to be changed if poverty is to be ended. Credit: 3 semester hours.

2110 Women and Crime
The relationship between women and crime: women as offenders, including the nature and seriousness of offenses and women as victims of crime. Credit: 3 semester hours.

2120 Juvenile Delinquency
Delinquency theories and their effect on prevention, intervention and control strategies. Development of the American juvenile justice system and the influence of race, gender, family, peers and schools. Credit: 3 semester hours.

2200 Substance Abuse and Addiction in Society
This course focuses on causes and rates of alcoholism, drug abuse and addiction, compulsive gambling, obesity and other habitual behaviors. Impact of addiction on the family, education, occupations and crime. Credit: 3 semester hours.

2220 Domestic Violence
An examination of the social causes of domestic violence, the impact on victims and approaches to their recovery and institutional responses to the problem. Credit: 3 semester hours.

2230 The Sociology of Latino/as in the U.S.
Impact of migration, immigration policies, politics and social movements on Latino/as, their families, gender, cultural identity, race/ethnic relations and experience in social institutions. Credit: 3 semester hours.

2320 Sociology of U.S. News Media
This course examines the social processes involved in the production of news; including attention to the political economy of media, textual analysis, and audience studies Credit: 3 semester hours.

2330 Human Trafficking
This course studies the historical, economic, political, institutional, legal and social characteristics of human trafficking. Credit: 3 semester hours.

2340 Social Construction of Race in the United States
This course examines the historical and contemporary social processes that have been significant in the development of racial formations in the United States. Credit: 3 semester hours.

2360 Law and Society
An examination of the social forces surrounding the law. Effects of social systems, social movements and culture on the law. Different models of the legal system are analyzed. Credit: 3 semester hours.

2380 Sociology of Sport
The role and function of sport, games and play as socializing agents, leisure pursuits and business enterprises; historical, economic and organizational influences on sport and leisure development. Credit: 3 semester hours.

2410 Race and Ethnicity in America
American ethnicity in comparative cultural context. Majorities and minorities in terms of stereotyping, prejudice, unequal distribution of goods and services, discrimination and conflict. Major contributions of ethnic groups to American life. Credit: 3 semester hours.

2420 Immigration and Inequality in the U.S.
Sociological analysis of immigration focusing on the relationship between birthright, naturalization, immigration laws, citizenship and patterns of racial, ethnic, class and gender inequality. Credit: 3 semester hours.

2430 Sociology of Gender
This course focuses on issues related to gender roles in modern society. Inequality between women and men in society, male-female interactions, women’s and men’s movements and social change are discussed. Credit: 3 semester hours.
2440 Gender Identity in Popular Culture
Exploration of the social construction of gender in popular culture and the interaction between the individual and these images in the formation of the self. Special attention is given to the construction of gender identity in films, television and music. Credit: 3 semester hours.

2450 Sociology of the Black Experience
This course examines the content and nature of African-American experience and how it has changed over time. Economic, cultural, religious, political and sociological aspects of the black and African-American experience will be examined. The struggle for equal rights, social justice and empowerment will be central. Credit: 3 semester hours.

2460 Social Justice and the City
This course will examine various forms of deprivation, inequality and intolerance in urban areas and will address these issues through sociological discourse, social action and urban policy. Credit: 3 semester hours.

2470 Gender in a Global Context
The sociology of gender from a global perspective; focusing on gender issues throughout the world; bringing regional and cultural differences into the analysis. Credit: 3 semester hours.

2610 Statistical Methods for the Social Sciences
Introduction to statistical concepts and procedures for social science students. Students are taught basic computer literacy and have access to the Internet. Descriptive and inferential statistics are the focus of this course. Credit: 3 semester hours.

2630 Urban Sociology
The city and its environs; the complexity of its population residential movements and industrial migration; contrasting values of the city and suburbs, including the transition from modern to the postmodern city. Credit: 3 semester hours.

2670 Sociology of Religion
The study of the social aspects of religion, with particular focus on contemporary America. This includes major societal functions, social organization, interrelationships with other institutions and secular activities; and the nature of religious consciousness. Credit: 3 semester hours.

3240 Sociological Theory
Prerequisite: SOC 1000C. Classical sociological theories that influence the analysis of contemporary society. Emphasis on the works of Durkheim, Marx, Weber, Simmel, Mead and other social thinkers. Credit: 3 semester hours.

3660 Political Sociology
Analysis of the social bases and contexts of political power; political conflict, participation, and nation building; political thought and movements; various forms of political rule. The course deals with power in a broad context from the meta state to everyday life. Credit: 3 semester hours.

4270 Measurement, Evaluation, and Research Methods
Prerequisite: SOC 2610. Survey of data gathering procedures including the interview, questionnaires, sampling, scales, aptitude and personality measures, formal and informal observation, content analysis, case study and data analysis. Credit: 3 semester hours.

4280 Internship in Social Research
Prerequisite: SOC 4270. Selected research problems are carried out as field projects incorporating the various methods covered in SOC 4270. Open to sociology majors only. Credit: 3 semester hours.

4530 Social Work Internship
Prerequisite: SOC 1090 with a grade of B or better, and consultation with instructor prior to registration. Supervised learning experiences in social service agencies dealing with individuals, families and/or groups. Students are required to put in 100 hours for 3 credits. Credit: 3 or 6 semester hours.

4953; 4954 Individual Guided Research
Guided theoretical or empirical research on an individual basis. The Chair must give written approval. Open only to sociology majors and minors. Credit: 3 semester hours.

4990 Sociology Seminar
Prerequisite: SOC 3240 and 4270. Major concepts of sociology discussed. Student interaction represents major contribution to class sessions. Service learning component. Required for all senior sociology majors. All others by permission of Chair. Credit: 3 semester hours.

Anthropology Course Offerings (ANT)

1000 Language and Culture
Communication as it affects and is affected by culture. Barriers to effectiveness. Competent intercultural communication in ethnic, gender, intergenerational, international settings and deaf subcultures. Credit: 3 semester hours.

1010 Introduction to Anthropology: Cultural
Anthropology as a comparative cultural approach. Learning about American and world cultures through examination of the whole life experience in cross-cultural perspective. Credit: 3 semester hours.

1020 Introduction to Anthropology: Physical
Biological and social aspects of human existence. African fossil evidence and the evolution of the first humans in ecological contexts. Population genetics, and social behavior of primates as clues to ourselves. Credit: 3 semester hours.

1030 Introduction to Archaeology
Basic goals, concepts and methods of archaeological excavation and analysis. Study of local sites such as American Indian, colonial cemeteries and black-American communities. Includes local field trips. Credit: 3 semester hours.

1040C Culture and Global Change
An examination of the diverse social and cultural movements that have and are currently transforming the world. Credit: 3 semester hours.

1100 Food and Culture
An exploration of how culture shapes what, when, and where we eat; the evolution and global diversity of food habits; issues of world hunger. Credit: 3 semester hours.

1110 Kinship, Family and Gender
A detailed overview of the anthropological approach to the study of kinship, family and gender cross-culturally through classical and contemporary texts. Credit: 3 semester hours.

1120 Human Ecology
A study of the interrelationships between humanity—social and cultural—and the Earth. The nature and impacts of population growth, industry and technological progress are emphasized. Field trips may be included. Credit: 3 semester hours.

1140 Ancient Civilizations
The archaeology of ancient civilizations with a focus on Mesopotamia, Egypt, the Indus Valley, China, Mesoamerica, and Peru. Examines their government, religion, food production, environment, sedentism, urbanism, architecture, art, gender, trade, and warfare in the past. Credit: 3 semester hours.
1155 Language and Intercultural Communication
Communications as it affects and is affected by culture. Barriers to effectiveness. Competent intercultural communication in ethnic, intergenerational, gender, deaf subcultures and international settings. Credit 3 semester hours.

2010 Introduction to Linguistics
An introduction to the fundamental principles of phonetics, phonology, morphology, syntax and semantics, with examples drawn from classical and modern languages. Credit: 3 semester hours.

2020 Survey of Linguistics
An introduction to the various fields of interest that comprise the modern study of linguistics. Credit: 3 semester hours.

2100 Medical Anthropology

2300 The Anthropology of Music
Comparison of anthropological approaches to the study of music. Emphasis on theories of musical style in relation to local and global social and cultural processes. Credit: 3 semester hours.

2400 Anthropology of Development
Survey of anthropological approaches to development. Focus on competing cultural ideas about living standards and economic progress in relation to globalization and development strategies. Credit: 3 semester hours.

2440 Caribbean Cultures and Identities
Anthropological introduction to the history and culture of the Caribbean. Emphasis on colonial history and legacy and the cultural diversity of the region. Credit: 3 semester hours.

2450 African Cultures
Anthropological overview of the cultures and traditions of Africa. Emphasis on the colonial legacy and cultural diversity of the African continent. Credit: 3 semester hours.

2740 Anthropology of Religion
Religions and rituals of societies with primitive and transitional technologies. Study of the forms, functions, and meanings of belief systems and ritual practices. Credit: 3 semester hours.

2750 The North American Indian
The history and nature of American-Indian cultures: pre-history and archaeology; contemporary problems of the American Indian as a subculture in modern USA; world industrial expansion and the plight of the American Indian. Credit: 3 semester hours.

4870 The Bible and Archaeology
An introduction to the modern science of “Biblical Archaeology” and questions on the historicity of ancient Israel. Credit: 3 semester hours.

4953; 4954 Individual Guided Research
Guided theoretical or empirical research on an individual basis. Chair must give written approval. Open only to anthropology majors and minors. Credit: 3 semester hours.

4990 Anthropology Seminar
Prerequisite: ANT 1010, 1020. An integrated analysis of the field of anthropology and a survey of contemporary developments in research and theory. Open only to students who have completed 15 credits in anthropology or are senior anthropology majors. Credit: 3 semester hours.

Theology and Religious Studies (THE)

Major Sequence
36 semester hours including: THE 1000C, 2110, 2120, 2205, 2210 or 2215, 2300 or 2320, 2501, 2502, 2810, 4990, and six semester hours in the 3000 series.

B.A./M.A.
B.A./M.A. students take a total of 42 credits including 30 semester hours from THE 1000C, 2110, 2120, 2205, 2210 or 2215, 2300 or 2310; 2501, 2502, 2810, and 4990 on the undergraduate level. Students must also complete two graduate courses in junior year and two graduate courses in senior year, for a total of twelve semester hours in graduate courses. Eligibility requires a 3.0 overall index and a 3.5 in theology. For additional program details, consult the St. John’s University Graduate Bulletin.

Minor Sequences

Theology and Religious Studies
18 semester hours including: nine semester hours in the core and nine semester hours from any full-semester course offered by the department.

Interfaith Studies
18 semester hours including: nine semester hours in the core and nine semester hours chosen from: THE 2700, 2710, 2810, 2820, 2830, 2840, 2850.

Special Note
Mini-courses are not applicable toward the major, B.A./M.A., or the minor sequences.

Core Curriculum Note
All students are required to take THE 1000C and two other courses, one from the 2000 series and one from the 3000 series. Mini-courses may not be used to satisfy Core requirements.

Theology and Religious Studies Course Offerings (THE)

1000C Perspectives on Christianity: A Catholic Approach
An introduction to Christianity highlighting belief statements, practices, scripture, rites, theological writings, artistic expressions, and other discourses manifesting and expressing the Christian faith in its various traditions through its development. All students regardless of religious affiliation must take 1000C. Credit: 3 semester hours.

2000 The Catholic Imagination
Prerequisite: THE 1000C. Examines the role of Catholic imagination vis-à-vis culture with particular attention to ways it has been manifested in cultural productions such as art, literature, music, and film. Credit: 3 semester hours.

2110 Reading the Old Testament
Prerequisite: THE 1000C. A survey of the Old Testament/Hebrew Bible, with attention to the history and religion of Israel in the context of the ancient Near East. Credit: 3 semester hours.

2120 Reading the New Testament
Prerequisite: THE 1000C. A survey of the New Testament, with attention to its historical and literary context, and its theological significance. Credit: 3 semester hours.

2200 The Mystery of Triune God
Prerequisite: THE 1000C. The Christian theology of the triune God, with its implications for issues such as faith and reason, theological language, Christian praxis, and dialogue with other religious traditions. Credit: 3 semester hours.

2205 Jesus in Christian Faith
Prerequisite: THE 1000C. A study of statements of faith interpreting Jesus’ work and nature in the gospels, ancient creeds, later theology, and praxis of faith. Credit: 3 semester hours.

2210 Perspectives on the Church
Prerequisite: THE 1000C. The theology of the Christian community: its Scriptural warrants and history, issues such as: the role of the Church in salvation, the relation between the local and universal Church, Vatican II, ecumenism, authority. Credit: 3 semester hours.

2215 Christian Worship and Sacraments
Prerequisite: THE 1000C. This course explores worship, and sacraments especially in the American context. It examines “cultures” and its influence on the understanding and experience of the “holy” and “mystery” in Christian rite, time, and place in light of recent developments in sacramental theology and practice. Credit: 3 semester hours.
2300 Introduction to Christian Ethics
Prerequisite: THE 1000C. An overview of Christian ethics, including introductory moral foundations and selected ethical issues in individual and social morality on the basis of Christian revelation. Credit: 3 semester hours.

2320 Introduction to Catholic Social Teaching
Prerequisite: THE 1000C. An exploration of Christian social teaching, particularly to Roman Catholic social teaching, and its relationship to economic, political, and cultural structures. The concept of the common good and the virtue of distributive justice will be emphasized. Credit: 3 semester hours.

2400 Christian Spirituality and Mysticism
Prerequisite: THE 1000C. A study of the spiritual dimensions of humanity based on the religious nature of human beings, the Christian tradition, and modern interdisciplinary insights regarding human nature. Credit: 3 semester hours.

2501 History of Christian Theology I: Origins Through the Middle Ages
Prerequisite: THE 1000C. Theology and history of the Catholic Church and its relation to other religious and cultural traditions up until 1500 AD. Credit: 3 semester hours.

2502 History of Christian Theology II: Reformations to the Present
Prerequisite: THE 1000C. Theology and history of the Catholic Church and its relation to other religious and cultural traditions from 1500 AD to the present. Credit: 3 semester hours.

2700 Introduction to Eastern Orthodoxy
Prerequisite: THE 1000C. A survey of the churches of the Christian East, their doctrine and spiritual disciplines, and their differences from the churches of the Christian West. Credit: 3 semester hours.

2710 Introduction to Protestantism
Prerequisite: THE 1000C. A survey of the Protestant Christian movement and Protestant thought from the Reformation in Europe in the 16th century to the present-day spread of Protestant Christianity throughout the world. Credit: 3 semester hours.

2810 Introduction to World Religions
Prerequisite: THE 1000C. A critical introduction to the study of world religions, exploring the beliefs, rituals and ethical ideals of representative religious manifestations of the past and present. Credit: 3 semester hours.

2820 Introduction to Judaism
Prerequisite: THE 1000C. Survey of the history of Judaism, with emphasis on its concepts and practices; relationship of Judaism to Christianity; the major theological schools in Judaism. Credit: 3 semester hours.

2830 Introduction to Hinduism
Prerequisite: THE 1000C. Hindu religion: Its scriptures, theology, philosophy and creeds—Vaisnavism and Saivism, eastern mysticism and yoga, and modern Hindu religious consciousness. Credit: 3 semester hours.

2840 Introduction to Buddhism
Prerequisite: THE 1000C. The origin of Buddhism in India: its metaphysics, ethics, monastic order, and scriptures. Discussion of the teachings of two schools of Buddhism: the Theravada in Southeast Asia, and the Mahayana and Zen Buddhism in North and Northeast Asia. Credit: 3 semester hours.

2850 Introduction to Islam
Prerequisite: THE 1000C. A survey of the religion of Islam on the basis of the Qu’ran and Sunnah and its role in the contemporary world. Credit: 3 semester hours.

3000 Global Catholicism
Prerequisite: THE 1000C. A broad historical and theological perspective on contemporary trends shaping global Catholicism and how the Catholic Church could shape the world in the Third Millennium. Credit: 3 semester hours.

3050 The Challenge of Identity, Spirituality, and Living in a Global World
Prerequisite: THE 1000C, and the 2000 series core course. Theological investigation of challenges of identity, spirituality, and living in a global world. Integration of Vincentian values, religious tradition and practices in a global context. Open to seniors only. Credit: 3 semester hours.

3100 The Gospels of Matthew, Mark, and Luke
Prerequisite: THE 1000C. This course explores the message of and about Jesus of Nazareth found in the oldest written Christian narratives concerning him, the so-called “synoptic gospels.” Credit: 3 semester hours.

3105 The Writings of John
Prerequisite: THE 1000C. A study of the Gospel of John, its origins, structure and theology, and of the three Letters of John, with a consideration of their relationship to the Fourth Gospel and the Apocalypse. Credit: 3 semester hours.

3110 The Letters of Paul
Prerequisite: THE 1000C. A study of the New Testament letters attributed to Paul, with attention to the literary, social, and theological issues in the study of these documents and the early Christian communities to which they were addressed. Credit: 3 semester hours.

3120 The Prophets
Prerequisite: THE 1000C. A survey of the Old Testament Prophetic Books and a discussion of the nature and significance of prophecy in the Bible and in its context in the ancient Near East. Credit: 3 semester hours.

3130 The Bible and Archaeology
Prerequisite: THE 1000C. An introduction to the methods and outcomes of archaeological investigation of the lands of the Bible, and a discussion of related issues concerning the history of ancient Israel. Credit: 3 semester hours.

3140 Theological Anthropology
Prerequisite: THE 1000C. An introduction to theological anthropology; the human person as an historical reality. Various conceptions of humanity in the light of the Judeo-Christian revelation. The problem of nature and grace; human evolution and the hope for eternal life. Credit: 3 semester hours.

3250 Death and Resurrection in Modern Christian Thought
Prerequisite: THE 1000C. An examination of America’s interest in death, contributions of the behavioral sciences; biblical and theological perspectives on death and resurrection; contemporary reflections on how to live with death. Credit: 3 semester hours.

3260 Christian Marriage
Prerequisite: THE 1000C. An exploration of the theological, psychological and sociological dimensions of marriage and family life. The course places particular emphasis on marriage as a sacrament, on the sacredness of family, and on the challenges related to contemporary family life. Credit: 3 semester hours.

3270 Ministry, Orders, Religious Life
Prerequisite: THE 1000C. Examination of ministry in the life of Jesus as well as manner in which this ministry is manifested in lay and ordained ministry, and the various forms of canonical religious life in the Roman Catholic Church. Credit: 3 semester hours.

3280 Women and Theology
Prerequisite: THE 1000C. The emergence of a theology of women, stressing personhood; Scripture and Christian traditions concerning women are joined with a study of present Church and world needs. Credit: 3 semester hours.
3245 Liberation Theologies
Prerequisite: THE 1000C. Examines the ways in which marginalized, oppressed, and poor communities reflect on God in light of their experiences as a method of doing theology. Credit: 3 semester hours.

3250 Dialogue Among the Churches and Religions
Prerequisite: THE 1000C. A study of the self-image of the Catholic Church and its relations with other Christian Churches and world religions; current dialogues taking place on the local, national and international levels. Credit: 3 semester hours.

3260 Religion and the Arts
Prerequisite: THE 1000C. Restricted registration for fine arts majors only. Others may enroll with permission of instructor. An exploration of the relationship that exists among the “fine” arts, spirituality, and religion. More particularly, we focus on the ways that the arts have been and are used in the religious traditions, and more particularly the Christian tradition. Credit: 3 semester hours.

3265 Theology and Film
Prerequisite: THE 1000C. How film functions vis-à-vis theology and religion; film as a theological and religious text as well as film as it embodies religious stories. Credit: 3 semester hours.

3270 Theology in Literature
Prerequisite: THE 1000C. Theological interpretations of religious themes, metaphors, and symbols in classic works of imaginative literature, undertaken with the aid of critical literary theory and historical contextualization. Credit: 3 semester hours.

3300 Moral Theology of Health Care
Prerequisite: THE 1000C. An exploration of moral decision-making as it relates to the health care professions, with attention to specific issues, including: the right to health care, social justice and health, conscience, abortion, euthanasia, prolongation of life, genetics, contraception, sterilization, drug use, chemical addiction, and human experimentation. Credit: 3 semester hours.

3305 Moral Theology of the Marketplace
Prerequisite: THE 1000C. Restricted Registration. An exploration and analysis of moral decision-making as it applies to the world of business. Open to Tobin College of Business juniors and seniors only, or with permission of the chairperson. Credit: 3 semester hours.

3310 The Theology of Peace
Prerequisite: THE 1000C. An examination of peace and the Christian response to war and violence, in dialogue with other religious perspectives, Judaism, and Islam. Credit: 3 semester hours.

3320 God and Religion in the City
Prerequisite: THE 1000C. A survey of selected basic issues (housing, education, welfare, pollution) which affect the quality of life in a large city. A comparison of these realities with the Christian vision of social justice and equality in human dignity. Credit: 3 semester hours.

3330 Ecology and Environmental Ethics
Prerequisite: THE 1000C. An examination of theologies of creation and moral responsibility for the environment, drawing on Christian and other religious traditions. Credit: 3 semester hours.

3400 Spirituality of the Educator
Prerequisite: THE 1000C. An introduction for future educators to the spiritual dimensions of the art of teaching focusing on the development of the teacher’s personal spirituality as well as the formative role of teachers in the spiritual development of students. Credit: 3 semester hours.

3410 Helping the Neighbor: Vincent de Paul and the Meaning of Christian Service
Prerequisite: THE 1000C. An examination of the meaning of Gospel service through the spirituality of St. Vincent de Paul, the 17th-century French saint regarded by both Christians and others as a forerunner of modern social service. Credit: 3 semester hours.

3450 Contemporary Judaism
Prerequisite: THE 1000C. A survey of the theological and philosophical foundations of Judaism, and its development as a framework for contemporary Jewish life and practice. Religious, ethical, and educational attitudes found among Jews today; an examination of Judaism as a religious experience and a way of life in modern times. Credit: 3 semester hours.

3510 Religion in the United States
Prerequisite: THE 1000C. A historical and thematical study of religion in the United States from the Age of Discovery/colonial period to the present time. This course explores the diversity of religious belief and practice as well as how religion interacts with U.S. culture and society, especially in the contemporary period. Credit: 3 semester hours.

3530 Religion During and After Modernity
Prerequisite: THE 1000C. The role of religion in the rise of European culture and its influence on Western civilization. Credit: 3 semester hours.

3550 Theology in the Middle Ages
Prerequisite: THE 1000C. An introduction to the theology and history of the Catholic Church during the Middle Ages (600–1500 A.D.) by means of an interdisciplinary study of theology, philosophy, history and literature using primary and secondary sources. Credit: 3 semester hours.

3610 Youth Ministry: Theory and Practice
Prerequisite: THE 1000C. The theory and practice of ministry to youth as it is currently developing, especially in the United States. Credit: 3 semester hours.

3810 Anthropology of Religion
Prerequisite: THE 1000C. Religions of societies with primitive technologies examined to see various forms religion takes, the functions it serves and the meanings it has for the people believing and practicing it. Consideration of the cultural contexts of religion and its relation to change. Credit: 3 semester hours.

3820 Israel and the Ancient Near East
Prerequisite: THE 1000C. The history of Israel as recovered through the tools of contemporary scholarship, in order to understand its religious roots and influence on contemporary life. Credit: 3 semester hours.

3830 Modern Moral Issues in Judaism
Prerequisite: THE 1000C. The application of Jewish theological and ethical teachings in working out solutions to moral and religious problems. Credit: 3 semester hours.

3840 Contemporary Judaism
Prerequisite: THE 1000C. A survey of the theological and philosophical foundations of Judaism, and its development as a framework for contemporary Jewish life and practice. Religious, ethical, and educational attitudes found among Jews today; an examination of Judaism as a religious experience and a way of life in modern times. Credit: 3 semester hours.

3850 The Holocaust and Its Aftermath
Prerequisite: THE 1000C. The reaction of Jews and Christians to the destruction of Eastern European Judaism and the Jewish response in prayer, literature and religious thought. Credit: 3 semester hours.

3855 A Jewish View of Marriage and the Family

3860 The Family in Islamic Life and Theology
Prerequisite: THE 1000C. A survey of the Islamic teachings on family life and of family life in Muslim life and thought. Credit: 3 semester hours.

3910 Faith and Reason in Theology
Prerequisite: THE 1000C. A study of selected texts in the philosophy of religion, illustrating the classical philosophical interpretation of ancient Greco-Roman religion, medieval Christian philosophy in the service of the Christian religion, and the analysis and critique of religion by modern, religiously autonomous philosophies. Credit: 3 semester hours.
3920 Science and Religion
Prerequisite: THE 1000C. A comparative study of methods in science with methods in theology, with a view to understanding the relationship between scientific and theological truth. Traditional Church doctrines such as creation, divine providence, original sin, biblical miracles, virginal conception, resurrection, and eternal life are re-examined with light from contemporary scientific knowledge. Credit: 3 semester hours.

3930 Psychology and Religion
Prerequisite: THE 1000C. A survey of the interpretation of religion in major psychological schools and the application of psychological insights by the Christian churches to their ideals of personality and the Christian way of life. Credit: 3 semester hours.

4020 Biblical Issues (Mini-Course)
Prerequisite: THE 1000C. Course does not satisfy St. John’s University Core requirements. An examination of the critical biblical issues for today’s living. Issues such as archaeology, suffering and evil, fundamentalism, biblical interpretation, Christian-Jewish dialogue are examined, evaluated, and discussed. Credit: 3 semester hours.

4200 Christian Leadership
Prerequisite: THE 1000C and consent of instructor. Course does not satisfy St. John’s University Core requirements. An experience-based exploration into the purpose, dynamics and problems encountered in Christian leadership and service to the community; field experiences in actual service programs are the focus and material for case presentations and discussion. Lectures are geared to further illuminating issues that arise in the context of case discussions. Credit: 3 semester hours.

4250 Race and Religion in the U.S.
Prerequisite: THE 1000C, and any 2000 or 3000 series course. An examination of the critical and mutually interrelated realities of race and religion in the U.S., in particular, the shifting and varied ways in which racial categories have been used to shape and understand religion in the U.S. Does not fulfill Distributed Core Requirement. Credit: 3 semester hours.

4920 Selected Theological Questions
Prerequisite: THE 1000C. Course does not satisfy St. John’s University Core requirements. Open to students who desire to pursue an in-depth study of particular theological subjects of interest to them under the guidance of a member of the Theology faculty. Credit: 3 semester hours.

4930 Reading and Research
Prerequisite: THE 1000C and nine semester hours in THE. Course does not satisfy St. John’s University Core requirements. Restricted registration. Guided research and reading on an individual basis. Students must submit to the department Chair, in writing and prior to registration, an outline of the subject areas to be researched or read together with written acceptance of the project by a faculty member of their choice. Open to juniors and seniors only. Prior departmental approval required. Credit: 3 semester hours.

4950; 4955 New Testament Greek I; II
Prerequisite: THE 1000C. Course does not satisfy St. John’s University Core requirements. The basic elements of Greek grammar and syntax. Basic vocabulary of New Testament writings. Selected readings from New Testament writings. Credit: 3 semester hours.

4990 Seminar
Prerequisite: THE 1000C. Course does not satisfy St. John’s University Core requirements. An in-depth study of particular theological subjects under the guidance of a member of the Theology faculty. Required for Theology majors, and open to Theology minors. Credit: 3 semester hours.
Art and Design

Joseph Adolphe, Professor of Art, B.F.A., Alberta College of Art; M.F.A., School of Visual Arts.

Elizabeth Albert, Associate Professor of Art, B.F.A., Boston University School for the Arts; M.F.A., CUNY, Queens College.

Ross W. Barbera, Associate Professor of Art, B.F.A., St. John’s University; M.F.A., Pratt Institute.

Elizabeth DeLuna, Associate Professor of Art, B.F.A., San Francisco Art Institute; M.F.A., Yale School of Art.

Louis DiGena, Associate Professor of Art, B.A., Upsala College; M.F.A., School of Visual Arts.

Paul Fabozzi, Professor of Art, B.F.A., Alfred University; M.F.A., University of Pennsylvania.

Amy Rebecca Gansell, Assistant Professor of Art History, B.A., Barnard College of Columbia University; M.A., Ph.D., Harvard University.

Max Hergenrother, Adjunct Associate Professor of Art, B.F.A., St. John’s University; M.F.A., School of Visual Arts.

Tyreek Jackson, Assistant Professor of Music, B.M., Berklee College of Music; M.A., Ed.D., Columbia University.

Brian James, Assistant Professor of Art, B.A., M.A., Brigham Young University; M.F.A., Rhode Island School of Design.

Thomas Kerr, Associate Professor of Art, B.F.A., Alberta College of Art; M.F.A., School of Visual Arts.

Belenna M. Lauto, Professor of Art, B.F.A., St. John’s University; M.A., New York University.

William A. Morel, Associate Professor of Art, B.F.A., St. John’s University; M.F.A. Rutgers University.

Susan Rosenberg, Associate Professor of Art History, B.A., Brown University; Ph.D., New York University.

Claudia Sbrissa, Professor of Art, B.F.A., The School of the Art Institute of Chicago; M.F.A., Rochester Institute of Technology.

Aaris Sherin, Professor of Art, B.F.A., York University, Toronto; B.E., Queens University, Kingston; M.F.A., Cornell University.

Asian Studies

Bernadette Li, Director and Professor, B.A., National Taiwan University; M.A., University of Washington; Ph.D., Columbia University.

Mei-Yi Chou, Adjunct Instructor, B.A., Tamkang University; M.A., St. John’s University.

Mei-Chin Tu Hsiau, Adjunct Instructor, B.A., Chinese Cultural University; B.A., Queens College, CUNY; M.A., St. John’s University.

Chao-Chih Huang, Adjunct Assistant Professor, B.A., Chinese Culture University; M.A., St. John’s University.

Heesun Kim, Adjunct Instructor, B.A., The Catholic University of Korea; B.F.A., School of Art Institute of Chicago; M.S.S.W., Hunter College, CUNY.

Diana H. Kung, Adjunct Instructor, B.A., National Taiwan College of Art; M.A., Montclair State University.

Jacob C. Lin, Adjunct Instructor, B.A., University of California at Berkeley; M.A., St. John’s University; Ph.D. candidate, CUNY.

Yuxin Lu, Adjunct Assistant Professor, B.A., Harbin Normal University; M.A., D.A., St. John’s University.

John J. Metzler, Assistant Professor, B.A., M.A., St. John’s University.

Hung-Yi Shen, Associate Director, LL.B., Soochow University; M.L.I., University of Wisconsin; LL.M., University of Washington.

Tokumitsu Shibata, Adjunct Instructor, B.A., M.A., Kokushikan University; M.A., St. John’s University.

Wenshan Shih, Adjunct Assistant Professor, B.A., Nat’l Taiwan University; M.A., University of Minnesota; Ph.D., University of Toronto.

Winnie C. Tsai, Adjunct Instructor, B.A., Providence College; M.A., St. John’s University.

Johnson L. Tseng, Adjunct Associate Professor, B.A., M.B.A., Nat’l Chengchi University; M.A., Ph.D., SUNY, Albany.

Yoshiko Watanabe, Adjunct Instructor, B.A., Musashi University, Japan; M.A., Ed.M., Columbia University.

Biology

Christopher Bazinet, Associate Professor, B.A., University of Wisconsin-Madison; Ph.D., Massachusetts Institute of Technology.

Jai Dwivedi, Assistant Professor, B.A., M.S., Adelphi University; Ph.D., St. John’s University.

Irvin N. Hirshfield, Associate Professor, B.S., University of Delaware; Ph.D., University of Pittsburgh.

Dianella G. Howarth, Professor, Director, Environmental Studies Program, B.A., University of Pennsylvania; Ph.D., Harvard University.

Jiyun Kim, Associate Professor, B.S., Ph.D., M.D., SUNY, Stonybrook.

Simon Geir Moller, Professor and EMBO Young Investigator, B.S., University of Leeds, UK; M.S., The University of London; Ph.D., University of Leeds, U.K.

Matteo Ruggiu, Assistant Professor, B.S., University of Pavia, Italy; Ph.D., Medical Research Council, Edinburgh, U.K.

Juan C. Santos, Assistant Professor, B.S., Pontificia Universidad Católica del Ecuador; M.S., Ph.D., University of Texas at Austin.

Laura Schramm, Professor, Associate Dean, B.S., SUNY, Stonybrook; M.S., St. John’s University; Ph.D., SUNY, Stonybrook.

Richard Stalter, Professor, B.S., Rutgers University; M.S., University of Rhode Island; Ph.D., University of South Carolina.

Louis Trombetta, Professor, B.S., M.S., Ph.D, Fordham University.

Ales Vancura, Professor, M.S., Ph.D., The Prague Institute of Chemical Technology.

Ivana Vancurova, Professor, M.S., Ph.D., The Prague Institute of Chemical Technology; Ph.D., Czech Academy of Sciences.

Wan S. Yang, Assistant Professor, B.S., Ph.D., KAIST, South Korea.

Yong Yu, Assistant Professor, B.S., Ocean University of Qingdao, China; Ph.D., Chinese Academy of Sciences.

Yan Zhu, Assistant Professor, B.S., M.S., Wuhan University, China; Ph.D., Robert Wood Johnson Medical School.

Jay A. Zimmerman, Adjunct Professor, B.A., Franklin and Marshall College; Ph.D., Rutgers University.

Rachel Zufferey, Associate Professor, B.S., M.S., Ph.D., The Swiss Federal Institute of Technology, Zurich, Switzerland.
Chemistry

Ernest Birnbaum, Professor Emeritus, B.A., University of California; M.S., University of South California; Ph.D., University of Florida.

James E. Brady, Professor Emeritus, B.S., Hofstra University; Ph.D., Pennsylvania State University.

David Brown, Associate Professor, B.S., University of the West Indies; Ph.D., Pennsylvania College; Ph.D., CUNY, City College.

Victor Cesare, Professor, B.S., M.A., New York University.

Gina M. Florio, Associate Professor, B.S., M.S., Ph.D., St. John’s University.

Steven Graham, Associate Professor, B.S., Ph.D., SUNY, Stony Brook.

Alison G. Hyslop, Ph.D., SUNY, Albany; Ph.D., University of Pennsylvania.

Neil D. Jespersen, Professor, B.S., Washington and Lee University; Ph.D., Pennsylvania State University.

Eugene J. Kupchick, Professor Emeritus, B.S., Ph.D., Rutgers University.

Philip S. Lukeman, Associate Professor, B.Sc. Leicester University/Colorado State University; Ph.D., Cambridge University.

Elise G. Megehee, Associate Professor, B.S., University of Rochester; M.S., Ph.D., University of North Carolina.

Richard Rosso, Associate Professor, B.S., SUNY, Albany; Ph.D., SUNY, Buffalo.

Joseph Serafin, Associate Professor, B.S., Garnon University; Ph.D., Columbia University.

Ralph Stephani, Professor Emeritus, B.S., College of the Holy Cross; Ph.D., SUNY, Buffalo.

Siao F. Sun, Professor Emeritus, LL.B., National Chengchi University; M.A., University of Utah; M.S., Loyola University; Ph.D., University of Illinois; Ph.D., University of Chicago.

Anthony C. Testa, Professor Emeritus, B.S., CUNY; Ph.D., Columbia University.

Enju Wang, Professor, B.S., Shandong Normal University; M.Sc., Nanjing Soil Institute Academia Sinica; Ph.D., Laboratorium für Organische Chemie; Post-Doctoral Fellow, University of Michigan.

Communication Sciences and Disorders

Fredericka Bell-Berti, Professor Emeritus, B.S., City College of New York; Ph.D., CUNY.

Jose G. Centeno, Associate Professor, B.S., University of Guelph; M.A., Hofstra University; Ph.D., CUNY.

Nancy Colodny, Associate Professor, B.S., Emerson College; M.S., Ed.D., Teachers College, Columbia University.

Shruti Deshpande, Assistant Professor, B.S., M.S., Maharastria University of Health Sciences, India; Ph.D., University of Cincinnati.

Peggy F. Jacobson, Associate Professor, B.A., University of New Mexico; M.A., New Mexico State University; Ph.D., CUNY.

Karee Lopez, Assistant Professor, B.A., M.A., St. John’s University; Ph.D., CUNY.

Anne-Marie Maher, Clinical Director, B.A., M.A., Queens College.

Gary E. Martin, Assistant Professor, B.A., M.A., University of Pittsburgh; Ph.D., University of North Carolina at Chapel Hill.

Suzanne Miller, Assistant Professor, B.A., Boston College; M.A., St. John’s University; Ph.D., CUNY.

Patricia N. Schwartz, Clinical Educator, B.A., M.A., St. John’s University.

Anthea Vivona, Clinical Educator, B.A., M.A., St. John’s University; Ph.D., CUNY, Graduate Center.

Monica Wagner, Associate Professor, B.A., SUNY Cortland; M.A., Ph.D., CUNY.

Patrick R. Walden, Associate Professor, B.A., Florida State University; M.A., New Mexico State University; Ed.S., Ph.D., Florida Atlantic University.

Rebecca Wiseheart, Assistant Professor, B.A., M.A., Ph.D., University of Florida.

Yan H. Yu, Assistant Professor, B.A., Hubei Institute of Technology; M.A., St. John’s University; Ph.D., CUNY.

English

Dohra Ahmad, Professor, B.A., Yale University; M.A., Ph.D., Columbia University.

Steven Alvarez, Assistant Professor, B.A., University of Arizona; M.Phil., Ph.D., CUNY.

Angela Belli, Professor, B.A., CUNY, Brooklyn College; M.A., University of Connecticut; Ph.D., New York University.

Lee Ann Brown, Professor, M.F.A., Brown University.

Gabriel Brownstein, Associate Professor, B.A., Oberlin College; M.F.A, Columbia University.

Raj Chetty, Assistant Professor, B.A., University of California; M.A., Brigham Young University; Ph.D., University of Washington.

Scott Combs, Associate Professor, B.A., University of Chicago; M.A., Ph.D., University of California, Berkeley.

Robert Fanuzzi, Associate Professor, B.A., College of William and Mary; M.A., Ph.D., Northwestern University.

Robert Forman, Professor, B.A., St. John’s College; M.A., Ph.D., New York University.

Granville Ganter, Associate Professor, Boston University; M.A., University of Vermont; Ph.D., CUNY.

Anne Geller, Professor, B.A., Mount Holyoke; M.A., N.Y.U., Ph.D., Steinhardt School of Education.

Rachel Hollander, Associate Professor, B.A., Swarthmore College; M.A., Ph.D., Rutgers University.

Amy King, Associate Professor, B.A., Bates College; M.A., Ph.D., Harvard University.

Brian Lockey, Professor, B.A., Swarthmore College; M.A., University of Sussex; Ph.D., Rutgers University.

John Lowney, Professor, B.A., M.A., University of Massachusetts; Ph.D., Brown University.

Kathleen Lubev, Associate Professor, B.A., Ithaca College; M.A., SUNY, Buffalo; Ph.D., Rutgers University.

Gregory Maertz, Professor, B.A., Northwestern University; A.M., Ph.D., Harvard University.

Steven Mentz, Professor, B.A., Princeton University; M.A., Ph.D., Yale University.

Stephen Miller, Professor, B.A., M.A., SUNY; Ph.D., New York University.

Melissa Mowry, Professor, B.A., Boston University; M.A., Ph.D., University of Delaware.

Derek Owens, Professor, B.A., SUNY, Geneseo; M.A., D.A., SUNY, Albany.

Nicole Rice, Professor, B.A., Yale University; M. Phil., Cambridge University; Ph.D., Columbia University.
Government and Politics

William Byrne, Associate Professor, B.A., University of Pennsylvania; M.A., Ph.D., The Catholic University of America.

Raymond L. Carol, Professor Emeritus, B.A., Johns Hopkins University; M.A., Ph.D., Syracuse University.

Vincent Chen, Professor Emeritus, LL.B., Chung Cheng University, Nanchang, China; M.A., University of Chicago; Ph.D., Yale University.

Fred Coccozelli, Associate Professor, B.A., The Catholic University of America; M.A., Columbia University; Ph.D., New School University.

William Gangi, Professor, B.A., St. John’s University; Ph.D., University of Notre Dame.

Diane Heith, Associate Professor, B.A., Cornell University; M.A., Brown University; Ph.D., Brown University.

David W. Kearn, Assistant Professor, B.A., Amherst College; M.A., Harvard University, John F. Kennedy School Of Government; Ph.D., University of Virginia.

Barbara Koziaik, Associate Professor, B.A., University of Texas at Austin; M.A., M.Phil., Ph.D., Yale University.

Azedine Layachi, Professor, B.A., Algiers University; M.A., Ph.D., New York University.

Frank Paul LeVeness, Professor, B.Sc., M.A., Ph.D., St. John’s University.

William R. Nester, Professor, B.A., Miami University of Ohio; M.A., Ph.D., University of California at Santa Barbara.

Robert F. Pecorella, Associate Professor, B.A., St. John’s University; M.A., CUNY, Brooklyn College; Ph.D., Pennsylvania State University.

Raymond Polin, Professor Emeritus, B.A., M.A., Ph.D., New York University.

Luba Racanska, Associate Professor, B.A., Yale University; M.A., Ph.D., University of North Carolina, Chapel Hill.

Uma Tripathi, Associate Professor, B.A., M.A., University of Bombay; Ph.D., University of Notre Dame.

History/Geography

Dolores L. Augustine, Professor, B.S.F.S., Georgetown University; M.A., Ph.D., Freie University of Berlin, Germany.

Robert D. Bland, Assistant Professor, B.A., Williams College; M.A., University of Mississippi; Ph.D., University of Maryland.

Joseph A. Bongiorno, Associate Professor, B.A., St. Francis College; M.A., St. John’s University; Ph.D., University of Connecticut; J.D. New York University Law School.

Mauricio Borrero, Associate Professor, B.A., Georgetown University; M.A., Ph.D., Indiana University.

Tracey-Anne Cooper, Associate Professor, B.A., Lancaster University; M.A., Ph.D., Boston College.

Shahla Hussain, Assistant Professor, B.A., M.A., Jamia Millia University; Ph.D., Tufts University.

Timothy A. Milford, Associate Professor, B.A., Duke University; Ph.D., Harvard University.

Ian Matthew Miller, Assistant Professor, B.A., Swarthmore College; M.A., Ph.D., Harvard University.

Philip Misevich, Assistant Professor, B.A., St. John’s University; Ph.D., Emory University.

Susie J. Pak, Associate Professor, B.A., Dartmouth College; M.A., Ph.D., Cornell University.

Alejandro Quintana, Assistant Professor, B.A., Autonomous University of the State of Puebla, Mexico; M.A., Hunter College, CUNY; Ph.D., The Graduate Center, CUNY.

John C. Rao, Associate Professor, B.A., Drew University; Ph.D, Oxford University.

Nerina Rustomji, Associate Professor, B.A., University of Texas at Austin; M.A., Ph.D., Columbia University.

Susan Schmidt Horning, Associate Professor, B.A., M.A., University of Akron; Ph.D., Case Western Reserve University.

Kristin Syzlyvian, Associate Professor, B.A., University of Lowell; M.A., Duquesne University; Ph.D., Carnegie Mellon University.

Konrad T. Tuchschener, Associate Professor, B.A., University of Wisconsin; Ph.D., University of London.

Lara Vapnek, Associate Professor, B.A., Barnard College; M.A., Ph.D., Columbia University.

Languages and Literatures

Jennifer Aguilera, Adjunct Instructor of ESL, B.A., M.A., St. John’s University.

Andrea Babsky, Adjunct Instructor of Spanish, B.A., St. John’s University; M.A., Hunter College, CUNY.

Erez Bar-Levy, Adjunct Instructor of Spanish, B.A., Binghamton University; M.A., St. John’s University.

Nina Beliavsky, Associate Professor of ESL, B.A., University of Wisconsin; M.A., Ph.D., Northwestern University.

Athanasia Biska, Adjunct Instructor of Greek, B.A., University of Athens; M.A., City University England.

Christopher Caccavo, Adjunct Instructor of ESL, B.A., Moliy College; M.A. Temple University, Japan.

Alina Camacho-Gingerich, Professor of Spanish, B.A., SUNY, Buffalo; M.A., Ph.D., University of Pittsburgh.

Fernando Garcia Catalan, Adjunct Instructor of Spanish, B.A., Pontifical University of Salamanca, Spain.

Zora Cerar, Adjunct Associate Professor of German, B.A., Belgrade University; M.A., Ph.D., State University of New York at Stony Brook.

Gaetano Cipolla, Professor of Italian, B.A., New York University; M.A., Hunter College, CUNY; Ph.D., New York University.

William Cipolla, Adjunct Professor of French, A.B., University of Pennsylvania; M.A., Ph.D. John Hopkins University.

Marina Colajanni, Adjunct Instructor of Italian, B.A., M.A., CUNY, Queens College.

Elsa B. Conenna, Adjunct Assistant Professor of Spanish, B.A., Padre Elizalde College; M.A., St. John’s University.

Jolie Cuminal, Adjunct Instructor, M.A., University of Perugia, Italy.

Wafa Daoud, Adjunct Assistant Professor of Arabic, B.S., SUNY, Farmingdale; M.B.A., New York Institute of Technology.

Larissa Dalin, Adjunct Instructor of ESL, B.S., M.S., State Pedagogical Institute of Foreign Languages; M.A., CUNY, Queens College.

Lucy Delogu, Adjunct Instructor of Italian, M.A., Ohio State University; Ph.D. Rutgers University.

Pasquale De Serio, Adjunct Instructor of Italian, B.A., Pontificia Università Gregoriana; M.A., Università San Tommaso D’Aquino.

Catherine DiGiovanni, Adjunct Instructor of ESL, B.A., M.A., St. John’s University.

Myriam Dumon, Adjunct Associate Instructor of French, B.A., M.A., Ph.D., University of Paris III, France.
Glavol Ekbati, Associate Professor of ESL, B.A., Tehran University; M.A., Ph.D., University of Illinois.

Essam El-Badry, Associate Professor of ESL, B.S., Ein Shams University, Egypt; M.A., New York University.

Domifer M. Francisco, Adjunct Instructor of Spanish, B.A., M.A., St. John’s University.

Myrna L. Fuentes, Adjunct Assistant Professor of Spanish, B.A., M.A., St. John’s University.

Marie-Lise Gazarian, Professor of Spanish, B.S., Adelphi University; M.A., Ph.D., Columbia University.

Ilene Goldman, Adjunct Instructor of ESL, B.A., M.A., CUNY.

Sarah Hanaburgh, Assistant Professor, M.A., Ph.D., CUNY Graduate Center.

Mary Jane Highfield, Adjunct Associate Professor of French, B.A., SUNY, Cortland; Ph.D., Cornell University of New York.

Michele H. Jones, Adjunct Associate Professor of French, Director of Global Language and Culture Center, B.A., M.A., C.A.P.E.S., University of Nantes, France; Ph.D., City University of New York.

Carmen F. Klohe, Associate Professor of Spanish, B.A., Montclair State University; M.A., CUNY, Queens College; Ph.D., CUNY, Graduate Center.

Bruno Montefusco, Adjunct Instructor of Italian, M.A., University of Siena, Italy.

Eduardo Mitre, Associate Professor of Spanish, B.A., Universidad Mayor de San Simon; M.A., Ph.D., University of Pittsburgh.

Janna Moukasatova, Adjunct Assistant Professor of Russian, B.S., M.S. Ukraine University.

Mark Murphy, Adjunct Instructor, B.A., Pharmacy University of Haiti; M.A., CUNY Graduate Center.

Maria Helena Palau, Adjunct Assistant Professor of Spanish, B.A., CUNY, Queens College; M.A., St. John’s University.

Zoe Petropoulou, Associate Professor of French, B.A., University of Athens, Greece; M.A., University of Paris IV, France; Ph.D., University of Paris III, France.

Walter Petrovitz, Associate Professor, B.A., CUNY, Queens College; M.A., Columbia University; Ph.D., CUNY.

Herbert Pierson, Professor of ESL, B.A., M.A., Maryknoll; M.S., Ed.D., SUNY, Albany.

Steve Puig, Assistant Professor of French, M.A., University of North Carolina, Chapel Hill; Ph.D., CUNY Graduate Center.

Frank Rakas, Adjunct Instructor of Italian, B.S., M.A., University of Pittsburgh.

Irma Romero, Adjunct Assistant Professor of Spanish, M.A., St. John’s University.

Marleen Rothstein, Adjunct Instructor of ESL, B.A., M.A., CUNY, City College of New York; M.A., College of New Rochelle.

Florence Russo-Cipolla, Associate Professor of Italian, B.A., St. John’s University; M.A., CUNY, Queens College; Ph.D., New York University.

Annalisa Saccà, Professor of Italian, B.A., M.A., CUNY, Queens College; Ph.D., New York University.

Melinda E. Sanchez, Adjunct Assistant Professor of Spanish, B.A., Universidad del Atlantico, Columbia; M.A., University of Arkansas.

Maria Yrene Santos, Adjunct Assistant Professor of Spanish, B.A., Universidad Autonomo de Santo Domingo; M.A., CUNY, City College of New York.

Leonid A. Serafin, Adjunct Instructor of Spanish, B.A., Universidad Nacional Federico Villareal, Peru; M.A., St. John’s University.

Nicholas Stufano, Adjunct Instructor of Latin, B.A., M.A., Fordham University.

Maria Tardugno, Adjunct Instructor of Italian, B.A., M.A., Queens College, CUNY.

Nicholas J. Toscano, Professor of Spanish, B.A., University of Granada, Spain; LL.D., University of Madrid, Spain; Ph.D., University of Massachusetts, Amherst.

Olga Villacis, Adjunct Assistant Professor of Spanish, B.A. Universidad de Guayaquil, Ecuador; M.A., St. John’s University.

Rafael Wagner, Adjunct Instructor of Spanish, B.A., M.A., University of Seville, Spain.

Robert Walsh, Adjunct Instructor of French, B.A., Binghamton University; M.A., Syracuse University.

Ann C. Wintergerst, Professor of ESL, B.A., St. John’s University; M.A., Ed.M., Ed.D., Columbia University Teacher’s College.

Nita Yajnik, Adjunct Instructor of Hindi, B.Ed., M.A., Gujarat University India.

Mathematics/Computer Science

Theresa Barz, Professor Emeritus, B.S., M.A., St. John’s University; M.S., New York Institute of Technology; Ed.D., Columbia University.

Edward Beckenstein, Professor, B.S.E.E., M.S.E.E., Ph.D., Brooklyn Polytechnic Institute.

Florin Catrina, Associate Professor, B.S., M.S. University of Bucharest; Ph.D., Utah State University.

Leon E. Gerber, Associate Professor, B.S., CUNY, Brooklyn College; M.A., Ph.D., Yeshiva University.

Genady Grabarnik, Associate Professor, M.A., Tashkent State University; Ph.D., Uzbek Academy of Science.

Alexander Katz, Professor, B.S., M.S., Tashkent State University; Ph.D., University of South Africa.

Vincent J. Mancuso, Professor Emeritus, B.S., Fordham University; M.S., Ph.D., Rutgers University.

Luke F. Mannion, Associate Professor, B.Sc., M.Sc., University College, Galway, Ireland; Ph.D., Brown University.

Lawrence Narici, Professor Emeritus, B.S., M.S., Ph.D., Polytechnic Institute of Brooklyn.

Mikhail I. Ostrovskii, Professor, M.S., Kharkov State University; Ph.D., Institute of Applied Mathematics and Mechanics.

David Patterson, Professor Emeritus, A.B., Grinnell College; M.A., Ph.D., Columbia University.

David Rosenthal, Professor, B.S., M.A., Ph.D., SUNY, Binghamton.

Robert O. Stanton, Associate Professor, B.S., St. John’s University; M.S., Tulane University; Ph.D., New Mexico State University.

Charles R. Traina, Professor, B.S., St. Francis College; M.A., St. John’s University; Ph.D., Polytechnic Institute of New York.

Vladimir Tulovsky, Associate Professor, M.S., Ph.D., Moscow University.
Philosophy

Rev. Peter J. Albano, Distinguished Professor, A.A.; St. Joseph’s College; B.A.; M.Div., Mary Immaculate Seminary; S.T.M., Union Theological Seminary; Ph.D., The Philosophy of Religion and Theology, Claremont.

Luke Amentas, Adjunct Instructor, B.A., Bard College; M.A., University College Dublin; M.A., Marquette University.

Thomas M. Avery, Adjunct Assistant Professor, B.A., CUNY, Herbert H. Lehman College; Ph.D., CUNY Graduate School.

Rev. Robert Badillo, Adjunct Associate Professor, B.A., M.A., Catholic University of America; M. Div., Oblate College; Ph.D., American University.

Vadim Batitsky, Associate Professor, B.A., California State University, Los Angeles; M.S., Ph.D., University of Pennsylvania.

Zachary D. Davis, Associate Professor, B.A., University of New Hampshire; M.A., Ph.D., Southern Illinois University.

Robert Delfino, Associate Professor, B.A., St. John’s University; Ph.D., SUNY, Buffalo.

Edgar A. Devina, Adjunct Assistant Professor, B.A., Adamson University, Philippines; M.A., St. Vincent School of Theology, Philippines; Ph.L., Gregorian University; Ph.D., Fordham University.

Francis Fallon, Assistant Professor, B.A., Trinity College, Ireland; M.A., Cambridge University; Ph.D. Lancaster University.

Harrison Fluss, Adjunct Instructor, B.A., Florida Atlantic University; M.A., Stony Brook University, SUNY.

Kenneth S. Foldes, Adjunct Professor, B.A., M.A., CUNY, Queens College; Ph.D., Duquesne University.

Paul Gaffney, Associate Professor, B.A., Niagara University; M.A., Ph.D., Catholic University of America.

Andrew Garnett, Adjunct Instructor, B.Ph., The Catholic University of America; M.A., Stony Brook University, SUNY.

Marie George, Professor, B.A., Thomas Aquinas College; M.A., Ph.D., Laval University, Quebec, Canada.

Arthur F. Gianelli, Associate Professor, B.S., Georgetown University; Ph.D., St. John’s University.

Robert Grimwade, Adjunct Assistant Professor, B.A. Pace University; M.A., The New School For Social Research.

Paul Gyllenhammer, Associate Professor, B.A., SUNY, Plattsburgh; M.A., Villanova University; Ph.D., Marquette University.

Bryan W. Hall, Professor, Associate Dean, B.A., University of Denver; Ph.D., University of Colorado, Boulder.

Trent Hamann, Assistant Professor, B.A., CUNY, Queens College; M.A., Ph.D., SUNY, Binghamton.

Michael Henry, Professor, B.A., Catholic University of America; M.A., Fordham University; M.Phil., University of Notre Dame.

Alexandra Honigsberg, Adjunct Instructor, B.M., Manhattan School of Music; M.A., Union Theological Seminary.

Richard Ingardia, Professor, B.A., St. John’s University; M.A., M.Phil., University of Toronto; Ph.D., University of Colorado.

David Kaspar, Assistant Professor, B.A., William Patterson College; M.A. University of Rhode Island; Ph.D, University at Buffalo.

David Kaye, Adjunct Assistant Professor, B.A., Towson University; M.A., The New School for Social Research.

Kevin E. Kennedy, Associate Professor, B.A., LeMoyne College; M.A., Ph.D., Catholic University of America.

Johnemery Konesci, Adjunct Professor, B.A., St. John’s University; Ph.D., New York University.

Rev. Robert E. Lauder, Professor, B.A., Immaculate Conception Seminary; M.A., Catholic University of America; Ph.D., Marquette University.

Mark Lekarew, Adjunct Assistant Professor, B.A., University of Michigan; M.A., Free University of Berlin.

Rafael Rustico Macarana, Adjunct Associate Professor, B.A., San Pablo College; M.A., University of St. Tomas; J.C.D, St. Paul University; Ph.D., University of Ottawa.

Scott Malowitz, Adjunct Assistant Professor, B.A., M.A., CUNY, Queens College; Ph.D., University of Iowa.

Joseph McMahon, Adjunct Associate Professor, B.A., Marist College; M.A., Catholic University of America; Ph.D., St. John’s University.

Gabriel Muteru, Adjunct Assistant Professor, B.A., St. Thomas Aquinas Seminary, Kenya; M.A., University of Navarre, Spain; M.A., Fordham University; Ph.D., New School for Social Research.

Christian Perrin, Adjunct Professor, B.A., Oxford University; M.Sc., King’s College; Ph.D., Princeton University.

Henry Piper, Adjunct Associate Professor, B.A., Haverford College; J.D., Temple University; Ph.D., Penn State University.

Alice M. Ramos, Professor, B.A., Marymount Manhattan College; M.A., Ph.D., New York University; Ph.D., University of Navarre.

Douglas B. Rasmussen, Professor, B.A., University of Iowa; Ph.D., Marquette University.

Daniel Restrepo, Assistant Professor, B.A., Florida Atlantic University; M.A., Ph.D., New School for Social Research.

Adam Ring, Adjunct Assistant Professor, B.A., Oberlin College; Ph.D., Northwestern University.

Perry Rizopoulos, Adjunct Instructor, B.A., Manhattan College; M.A., Columbia University.

Santiago Rubio, Adjunct Assistant Professor, M.Phil., Pontifical University Gregoriana; Ph.D., Pontifical University of Mexico.

John Ryan, Adjunct Instructor, M.A. Francisican University of Steubenville.

Christine Salboudis, Adjunct Instructor, M.A., Ed.D., Columbia University.

Michael A. Schryнемakers, Adjunct Associate Professor, B.A., St. John’s University; M.A., University of Notre Dame; Ph.D., CUNY.

George Seli, Adjunct Associate Professor, B.A., Florida Atlantic University; M.Phil., Ph.D., CUNY.

Glenn N. Sklarin, Administrator, Adjunct Assistant Professor, B.A., Fordham University; M.A., New York University.

Laura J. Snyder, Professor, B.A., Brandeis University; M.A., Ph.D., Johns Hopkins University.

Glenn N. Statille, Associate Professor, B.A., Fordham University; M. Phil., Ph.D.; CUNY.

Denis F. Sullivan, Professor, B.A., St. John’s University; M.A., Ph.D., Fordham University.

Cory Styranko, Adjunct Assistant Professor, B.A., University of Saskatchewan; M.A., Pennsylvania State University.

Seth Joshua Thomas, Associate Professor, B.A., Pennsylvania State University; M.T.S., Theology, Harvard Divinity School; M.A., Ph.D., Fordham University.

Alan Wachtel, Adjunct Instructor, B.A., Clark University; M.A., Marquette University.
Physics

Md Regwan Ali, Assistant Professor, M.S., Wichita State University; Ph.D., Texas Tech University.

Robin Appel, Adjunct Professor, B.S., University of South Florida; M.S., Ph.D., New York University.

Elizabeth Badolato, Adjunct Instructor, B.S., University of Evansville; M.S., Rensselaer Polytechnic Institute.

Eugene Butkov, Professor Emeritus, B.A., M.A., University of British Columbia; Ph.D., McGill University.

Richard Chang, Adjunct Assistant Professor, Laboratory Supervisor, B.S., Chung-Yuan University; M.S., Ph.D., New York University.

Julius Cordero, Adjunct Instructor, B.A., M.A., Queens College, CUNY.

Thomas DeCanio, Adjunct Assistant Professor, B.S., Polytechnic University; M.A., Columbia University; M.S., Sloan School - M.I.T.; Ph.D., New York University.

Murali Devi, Adjunct Instructor, B.S., M.S., Long Island University; M.Phil., CUNY Graduate Center.

Robert W. Finkel, Professor Emeritus, B.A., M.S., Ph.D., New York University.

Gina Florio, Associate Professor, A.B., Vassar College; Ph.D., Purdue University.

Charles Fortmann, Associate Professor, B.S., University of Maryland; M.S., Ph.D., Stanford University.

Emily Lavelle, Adjunct Assistant Professor, B.S., J.D., St. John’s University.

Gen Long, Assistant Professor, B.S., Shandong University; Ph.D., University of Buffalo.

Francesco Marino, Adjunct Instructor, A.A., Kingsborough Community College; B.S., Wagner College; M.S., Steven Institute of Technology.

Jasper Ojongtambia, Adjunct Instructor, B.S., SUNY, Old Westbury; M.S., M.B.A., M.F.E., Polytechnic Institute of New York University.

Anne Okafor, Adjunct Assistant Professor, B.S., University of Nigeria; M.S., University of Lagos; Ph.D., University of Rhode Island.

Andrew Parkes, Adjunct Instructor, B.S., St. John’s University.

Mostofa Sadoqi, Professor, Chair, B.S., École Nationale de Superier des Mécanique; M.S., Ph.D., Polytechnic University.

Dimitrios Strombaktis, Adjunct Assistant Professor, B.S., New York Polytechnic School of Engineering; M.S., Columbia University.

Danijela Vesovic, Adjunct Instructor, B.S., University of Belgrade, Serbia; M.S., City College of New York, CUNY.

Psychology

Andrea Jill Bergman, Associate Professor, Assistant Chair, B.A., Cornell University; M.A., Ph.D., Emory University.

Nathan R. Bernstein, Adjunct Assistant Professor, B.A., CUNY, City College of New York; M.A., CUNY, Graduate Center.

Sarah Braken, Adjunct Associate Professor, B.A., University of Virginia; M.S., Ph.D., St. John’s University.

Elizabeth N. Brondolo, Professor, B.S., SUNY, Purchase; M.S., Ph.D., Rutgers University.

Elissa Jill Brown, Professor, B.A., University of Pennsylvania; M.S., Ph.D., SUNY, Albany.

William F. Chaplin, Professor, Chair, Coordinator of Research for Psychological Services Center, A.B., Stanford University; M.A., Ph.D., University of Oregon.

Dana L. Chesney, Assistant Professor, B.A., Carnegie Mellon University; M.S., Ph.D., Fairleigh Dickinson University.

Victoria Chun, Adjunct Associate Professor, B.A., Adelphi University; M.Div., St. Vincent’s College; Ph.D., St. John’s University.

James F. Curley, Associate Professor, B.A., Adelphi University; M.Div., St. Vincent’s College; Ph.D., St. John’s University.

Tamara Del Vecchio, Associate Professor, B.A., SUNY, Albany; M.A., Ph.D., SUNY, Stony Brook.

Raymond DiGiuseppe, Professor, B.A., Villanova University; M.A., SUNY, Brockport; Ph.D., Hofstra University.

Kristene Doyle, Adjunct Professor, B.A., McGill University; M.A., Ph.D., Hofstra University.

Philip M. Drucker, Associate Professor, B.A., College of Staten Island; M.A., Ph.D., Brooklyn College, CUNY.

Agnieszka Dynda, Adjunct Associate Professor, B.A., M.S., Psy.D., St. John’s University.

Jeffrey W. Fagen, Professor, Dean, B.A., CUNY, City College; M.S., Ph.D., Rutgers University.

Jack M. Filut, Adjunct Associate Professor, B.S., New York Institute of Technology; M.S., Eastern Kentucky University; Ph.D., Marquette University.

Dawn P. Flanagan, Professor, B.S., University of Massachusetts, Amherst; M.S., Ph.D., Ohio State University.

Thomas Forte, Adjunct Associate Professor, B.S., SUNY Albany; M.S., Psy.D., St. John’s University.

Susan Gaylord, Adjunct Associate Professor, B.A., Long Island University; C.W. Post; M.A., Adelphi University; Ph.D., Hofstra University.

Carolyn Greco-Vigorito, Associate Professor, Associate Dean, Staten Island Campus, B.S., CUNY, Brooklyn College; M.S., Ph.D., University of Massachusetts.

Beverly A. Greene, Professor, B.A., New York University, M.A., Ph.D., Derner Institute of Adelphi University.

Brian Harris, Adjunct Associate Professor, B.A., SUNY Oswego; M.S., Psy. D., St. John’s University.

Jill Henrikson, Adjunct Associate Professor, B.A., University of New Hampshire; M.S., Psy.D., St. John’s University.

Emma-Leah Hettrich, Adjunct Associate Professor, B.A., Stony Brook University; M.S., Psy.D., St. John’s University.

Michael Hickey, Adjunct Associate Professor, B.A., Western New England College; M.A., Hofstra University; Ph.D., Hofstra University.

Ernest V.E. Hodges, Professor, B.A., Florida State University; M.A., Ph.D., Florida Atlantic University.

John D. Hogan, Professor, B.S., St. John’s University; M.S., Iowa State University; Ph.D., Ohio State University.

John Janes, Adjunct Professor, B.A., New York University, Psy.D., St. John’s University.

Rafael A. Javier, Professor, B.A., CUNY, Herbert H. Lehman College; Ph.D., New York University.

Kim Kelly-Miller, Adjunct Associate Professor, B.A., Hofstra University; M.A., Marist College; Ph.D., St. John’s University.

Denise Knapp Rossilli, Adjunct Instructor, B.S., St. John’s University; M.A., Fairleigh Dickinson University.

Colleen Lang, Adjunct Associate Professor, B.A., Colgate University; M.A., Ph.D., St. John’s University.

Rosalinda Macaluso, Adjunct Assistant Professor, B.A., Hofstra University; M.A., Adelphi University; Psy.D., St. John’s University.

Veronica Maggi, Adjunct Instructor, B.A., A.M. Hunter College; M.A., Fordham University.

Carl L. Malinowski, Adjunct Professor, B.A., SUNY, Brooklyn College; Ph.D., CUNY.

Wilson H. McDermut, Associate Professor, B.A., Wesleyan University; M.A., Ph.D., American University.

Erlin McDonough, Adjunct Associate Professor, Coordinator of Field Placements, B.A., Emory University; Ph.D., University of North Carolina at Chapel Hill.

Robert S. Meyers, Adjunct Associate Professor, B.A., State University of New York; M.A., Psy.D., Yeshiva University; J.D., Brooklyn Law School.
Lauren Moskowitz, Assistant Professor, B.S., Cornell University; M.A., Ph.D., State University of New York at Stony Brook.

Jennifer A. Musico, Adjunct Instructor, B.A., Hofstra University; M.A., LaSalle University.

Jeffrey S. Nevid, Professor, Director of Clinical Psychology Program, B.A., SUNY, Binghamton; Ph.D., SUNY, Albany.

Alexander Nussbaum, Adjunct Professor, B.A., M.A., CUNY, Queens College; M.Phil., Ph.D., CUNY, Brooklyn College.

Samuel O. Ortiz, Professor, B.A., M.A., Ph.D., University of Southern California.

Richard J. O'zehosky, Associate Professor, B.A., Niagara University; M.S. Ed., Ph.D., St. John's University.

Celine Paillot, Adjunct Associate Professor, M.H.S., Ph.D., Paris X Nanterre University, France.

Mary H. Pelkowski, Adjunct Instructor, B.A., M.S., St. John’s University.

Mini Pothen, Adjunct Associate Professor, B.A., Temple University; M.A., Psy.D., Widener University.

Alice Wild Pope, Associate Professor, B.A., M.A., Ph.D., Pennsylvania State University.

Robert Ranaldi, Adjunct Professor, B.A., Concordia University; M.A., Ph.D., Queens University.

Vanessa Rodriguez, Adjunct Associate Professor, B.A., University of Chicago; M.A., New York University; Ph.D., St. John’s University.

Miguel Roig, Professor, B.A., The New Jersey City University; M.A., St. John’s University; Ph.D., Rutgers University.

Patricio Romero, Adjunct Associate Professor, B.A., M.S., Psy., St. John’s University.

Tara Rooney, Adjunct Assistant Professor, B.A., Boston University; M.A., Ph.D., St. John’s University.

Glenna Rubin, Adjunct Professor, B.A., SUNY, Albany; J.D., Suffolk University Law School; Ph.D., St. John’s University.

Cynthia Scheuer, Adjunct Assistant Professor, B.A., Adelphi University; Ed.M., Boston University; M.A., Ph.D., Southern Illinois University.

Komel Sharma-Patel, Adjunct Associate Professor, B.A., George Mason University; M.A., New York University; Ph.D., St. John’s University.

Marlene Sotelo-Dynege, Associate Professor, B.S., M.A., Psy.D., St. John’s University.

William Sperduto, Adjunct Associate Professor, B.A., St. John’s University; M.A., Ph.D., Hofstra University.

Helen Stevens, Adjunct Professor, B.A., CUNY Baruch; M.A., Ph.D, Hofstra University.

Mark D. Terjesen, Associate Professor, Director of M.S. and Psy.D. Programs in School Psychology, B.A., Boston University; Ph.D., Hofstra University.

Margaret Torrellas, Adjunct Instructor, B.A., M.A., CUNY John Jay College.

Robert Tringone, Adjunct Associate Professor, B.A., Hofstra University; Ph.D., University of Miami.

Faith Unger, Adjunct Assistant Professor, B.A., Allentown College of St. Francis de Sales; M.A., Ph.D., Hofstra University.

Scyatta Wallace, Associate Professor, B.A. Yale University; M.A., Ph.D., Fordham University.

Kate E. Walton, Associate Professor, B.A., Millersville University of Pennsylvania; M.A., Ph.D., University of Illinois.

Robin L. Wellington, Associate Professor, B.S., University of Maryland; M.S., Ph.D., University of Pittsburgh.

Zheng Zhou, Professor, B.A., Suzhou University, China; M.S., Tulane University; Ph.D., Columbia University.

Jared Zucker, Adjunct Associate Professor, B.A., Boston University; M.A., Psy.D., St. John’s University.

Rhetoric, Communication and Theatre

Gina Castle Bell, Assistant Professor, B.A., M.A., University of Central Florida; Ph.D., George Mason University.

Nancy DiTunnariello, Assistant Professor, B.A. Penn State University; M.A., Kean University; Ph.D. North Dakota State University.

Sanae Elmooudden, Associate Professor, B.A., Rutgers; M.A., Ph.D., University of Colorado.

John B. Greg, Associate Professor, B.A., St. John’s University; M.A., Ph.D., Wayne State University.

Jeremiah Hickey, Associate Professor, B.A., St. John Fisher College; M.A., State University of New York, College at Brockport; Ph.D., Texas A&M University.

Flora Keshishian, Associate Professor, B.A., CUNY, Queens College; M.A., Ph.D., New York University.

Stephen M. Llano, Assistant Professor, Director of St. John’s University Debate Society, B.A., Texas A&M University; M.A., Syracuse University; Ph.D., University of Pittsburgh.

Kelly Rocca-DelGaizo, Professor, B.A., Slippery Rock University; M.A., Ed.D., West Virginia University.

Jaime Wright, Associate Professor, B.A., University of Alabama; M.A., Wake Forest University; Ph.D., University of Texas at Austin.

Sociology/Anthropology

Barrett P. Brenton, Professor, B.A., University of Nebraska, Lincoln; M.A., Ph.D., University of Massachusetts, Amherst.

Natalie Byfield, Associate Professor, B.A., Princeton University; Ph.D., Fordham University.

Irene J. Dabrowski, Associate Professor, B.A., College of New Rochelle; M.A., Ph.D., Washington University.

Judith N. DeSena, Professor, B.A., CUNY, Brooklyn College; Ph.D., CUNY.

William DiFazio, Professor, B.A., CUNY, Richmond College; M.A., Ph.D., CUNY.

Dawn Esposito, Associate Professor, B.A., CUNY, Queens College; Ph.D., CUNY Graduate Center.

Anne Galvin, Associate Professor, B.A., M.A., Wheaton College; Ph.D. New School for Social Research.

Michael Ingergaard, Professor, B.A., St. John’s University of Minnesota; M.A., Ph.D., Michigan State University.

Pelagia Papazahriou, Adjunct Assistant Professor, B.A., CUNY, Hunter College; M.A., CUNY, Queens College; Ph.D. CUNY.

Alice Psirakis, Adjunct Instructor, B.S., M.S.W., Adelphi University.

Judith Ryder, Associate Professor, B.A., University of Michigan; M.A., University of California; Ph.D., CUNY.

Robert H. Tillman, Professor, B.A., M.A., University of Oklahoma; Ph.D., University of California at Davis.

Dejan Trkovic, Adjunct Instructor, B.A., University of Belgrade; M.A., A.B.D., New School for Social Research.

Joseph Trumino, Associate Professor, B.A., Fordham University; M.A. CUNY Hunter College; Ph.D., CUNY Graduate Center.

Roberta Villalon, Associate Professor, M.A., University of Texas, Austin; Ph.D., University of Texas, Austin.

Yue Zhuo, Assistant Professor, B.A. Tianian University, China; M.A Nankai University, China; Ph.D. SUNY, Albany.
Theology and Religious Studies

Rev. Robert Adamo, Adjunct Instructor, B.S., St. John’s University; M.Div., Seminary of the Immaculate Conception.

Rev. Reynolds Basilious, Adjunct Assistant Professor, B.S., Kerala University, India; M.A., Ph.D., Fordham University.

Douglas Blaine, Adjunct Instructor, B.A., Catholic University of America; M.A., St. John’s University.

Elizabeth Brim, Adjunct Instructor, B.A., Fordham University; M.A., St. Joseph’s Seminary.

Rev. Msgr. Thomas Caserta, Adjunct Assistant Professor, B.A., Cathedral College; M.Div., Immaculate Conception Seminary; M.A., Fordham University; D.Min., Graduate Theological Foundation, IN.

Cynthia Chambers, Adjunct Associate Professor, B.A., Capital University; M.L.S., Kent State University; M.T.S., Trinity Lutheran Seminary.

Meghan Clark, Associate Professor, B.A., Fordham University; M.A., Ph.D., Boston College.

Francis Connolly-Weint, Associate Professor, B.S., St. Joseph’s University; M.A., Maryknoll School of Theology; Ph.D., Fordham University.

Jeremy Cruz, Assistant Professor, B.A., University of California at Riverside; M.Div., Ph.D., Boston College.

Clarice S. Curry, Adjunct Assistant Professor, B.S., St. John’s University; M.A., Seminary of Immaculate Conception; M.S.W., Fordham University.

Stephen DeBlasio, Adjunct Instructor, B.A., Stonehill College; M.A., Fordham University.

Christopher Denny, Associate Professor, B.A., St. John’s College, MD; M.A., Ph.D., Catholic University of America.

Eileen Fagan, S.C., Adjunct Assistant Professor, B.A., College of Mount St. Vincent; M.A., Ph.D., Fordham University.

Peggy Fanning, C.S.J., Adjunct Professor, B.A., St. Joseph’s College; M.A., Seminary of the Immaculate Conception; Ph.D., Fordham University.

John Fitzgerald, Assistant Professor, B.A., Princeton University; J.D., University of Notre Dame Law School; Ph. D., The Catholic University of America.

Patrick Flanagan, C.M., Associate Professor, B.S., Niagara University; M.Div, Mary Immaculate Seminary; Ph.D., Loyola University.

Andrea Florendo, Adjunct Instructor, B.A., M.A., St. John’s University.

Philip Franco, Adjunct Assistant Professor, B.A., St. John’s University; M.A., St. Joseph’s Seminary; Ph.D., Fordham University.

Dennis Gallagher, Adjunct Instructor, B.S., C.W. Post College; M.S., Fordham University; M.A., St. Michael’s College.

Rev. Joseph Gibino, Adjunct Associate Professor, B.A., M.A., Gonzaga University; M.Div., M.C., Jesuit School of Theology; M.A., Ph.D., University of Rochester.

John Gonzalez, Adjunct Assistant Professor, B.A., Siena College; M.A., Catholic Theological Union; D.Min., Fordham University.

Colleen Greaney, Adjunct Instructor, B.S., Rensselaer Polytechnic Institute; M.A., St. John’s University; Ph.D, Rutgers University.

David W. Haddorff, Associate Professor, B.A., University of Northern Colorado; M.A., Wheaton College Graduate School, IL; Ph.D., Marquette University.

James Hannan, Adjunct Instructor, B.A., Cathedral College; S.T.B., M.A., Fordham University; M.A., City University of New York.

Nicholas M. Healy, Professor, G.G.S.M. (Lond.), Guildhall School of Music and Drama, London, England; M.A., University of St. Michael’s College, Toronto, Ontario, Canada; M.A., M.Phil., Ph.D., Yale University.

JoAnn Heaney-Hunter, Associate Professor, B.A., M.A., St. John’s University; Ph.D., Fordham University.

Fred Herron, Adjunct Assistant Professor, B.A., St. Joseph’s College; M.A., Catholic University of America; M.S., St. John’s University.

Dawn Hewitt, Adjunct Instructor, B.A., M.A., St. John’s University.

Mary Jane Kelly, O.P., Adjunct Instructor, B.S., St. Joseph’s College; M.Div., Immaculate Conception Seminary; Cand. D Min., Graduate Theological Foundation, IN.

Erin Kidd, Assistant Professor, B.A., Gordon College; M.A., University of Notre Dame; Ph.D, Marquette University.

Mark Kiley, Rev. Reynolds Basilious, Adjunct Assistant Professor, B.S., Kerala University, India; M.A., Ph.D., Fordham University B.A., Boston College; Ph.D., Harvard University.

Rev. James W. King, Adjunct Assistant Professor, B.S., University of Maryland; M.Div., Seminary of the Immaculate Conception; M.A., Boston College.

Barbara Kosakowski, Adjunct Instructor, B.S., Fordham University; M.A., Seminary of the Immaculate Conception.

Robert Lewis, Adjunct Assistant Professor, B.A., Asbury College; M.Div., Asbury Theological Seminary; Th.M., Princeton Theological Seminary; Ph.D., Fordham University.

Rev. John T. Maher, C.M., Adjunct Assistant Professor, B.A., Niagara University; M.Div, M.Th., Mary Immaculate Seminary; D.Min., The Catholic University of America.

Marian Maskulak, CPS Associate Professor, B.S., Lock Haven University; M.S., Fordham University; S.T.L., Regis College; Ph.D., University of St. Michael’s College.

Susan Mauer, Adjunct Assistant Professor, B.A., State University of New York; M.A., D.A., Ph.D., St. John’s University.

Annmarie McLaughlin, Adjunct Instructor, A.B., College of the Holy Cross; M.A., Fordham University.

Paul Molnar, Professor, B.A., Cathedral College of the Immaculate Conception; M.A., St. John’s University; M.Div., Immaculate Conception Seminary; Ph.D., Fordham University.

Mary Anne Muller, Adjunct Instructor, B.A., M.A., St. John’s University.

Carole Pacula, Adjunct Assistant Professor, B.A., Adelphi University; M.A., Seminary of the Immaculate Conception.

Rev. Robert Pagliari, Adjunct Associate Professor, B.A., M.Div., M.R.E., Mount St. Alphonsus College; Ph.D., University of Denver.

Rabbi Mayer Perelmutter, Adjunct Associate Professor, B.A., University of Chicago; M.S.W., University of Illinois; M.H.L., D. Min., Hebrew Union College.

Andrea Pinnavaia, Adjunct Instructor, B.A., M.A., St. John’s University.

Barbara Pinnola, Adjunct Instructor, B.S., St. John’s University; M.A., Seminary of the Immaculate Conception.

Edward Prager, Adjunct Instructor, B.A., St. John’s University; M.S., Fordham University.

Christian Rada, Adjunct Instructor, B.A., M.A., St. John’s University.
Habibeh Rahim, Associate Professor, B.A.,
University of Toronto; M.T.S., Harvard Divinity
School; A.M., Ph.D., Harvard University.

Robert Rivera, Assistant Professor, B.A., New
York University; M.T.S., Harvard Divinity School;
Ph.D., Boston College.

Joseph Roach, Adjunct Instructor, B.S.,
Fordham University; M.A., CUNY, Brooklyn
College; M.S., Fordham University.

Rev. Jean-Pierre Ruiz, Associate Professor,
B.A., Cathedral College of the Immaculate
Conception; S.T.B., S.T.L., S.T.D., Pontifical
Gregorian University.

Rev. Gerard Sauer, Adjunct Instructor, B.A.,
St. John’s University; M.A., M.Div. Seminary of
the Immaculate Conception.

Claire Schirtzer, Adjunct Assistant Professor,
B.A., College of New Rochelle; M.A., St. John’s
University; D.Min., Seminary of the Immaculate
Conception.

Debora Semar, Adjunct Instructor, M.A.,
St. John’s University.

Rabbi Hirsch Simckes, Adjunct Assistant
Professor, B.A., Harvard University; M.H.L.,
The Jewish Theological Seminary; M.A., Ph.D.,
Andover Newton Theological Seminary.

Mariann Smith, Adjunct Instructor, B.A., M.A.
St. John’s University.

Denis Sugrue, Assistant Professor, B.A., M.A.,
St. John’s University; M.Stud., University of
Oxford.

Matthew Sutton, Associate Professor,
B.A., M.A., University of St. Thomas; Ph.D.,
Marquette University.

Peter Taras, Adjunct Associate Professor, B.A.,
City College of New York; M.A., St. John’s
University.

Tenny Thomas, Adjunct Instructor, M.
Phil. University of Oxford; S.T.M., Union
Theological Seminary; Th.M., St. Vladimir’s
Theological Seminary.

Julia A. Upton, R.S.M., Distinguished
Professor of Theology, B.A., Ohio Dominican
College; M.A., St. John’s University; Ph.D.,
Fordham University.

Roberta K. Van Buskirk, Adjunct Assistant
Professor, B.A., Queens College; M.A., St.
John’s University.

Christopher P. Vogt, Associate Professor,
B.A., College of the Holy Cross; M.T.S., Harvard
Divinity School, Harvard University; Ph.D.,
Boston College.

Monserrat Washburn, Adjunct Assistant
Professor, B.S., University of Santo Thomas,
Philippines; M.S., University of the Philippines;
M.A., St. John’s University.

Rev. Michael Whalen, C.M., Associate
Professor, B.A., Niagara University; M.Div.,
Th.M., Mary Immaculate Seminary; M.A.,
St. Charles Seminary; M.A., La Salle University;
S.T.L., S.T.D., Catholic University of America.
The School of Education

Michael R. Sampson, Ph.D., Dean
Autumn T. Cypres, Ph.D., Associate Dean for Research and Graduate Studies
Daniel K. Kelso, Ph.D., Associate Dean for Administration and Student Success
Regina M. Mistretta, Ed.D., Associate Dean for Staten Island
Rosette Allegretti, Ed.D., Assistant Dean and Director of Certification
Edwin Tjoe, Ed.D., Assistant Dean for Data Management and E-Learning
Mirella Avalos-Louie, Ed.D., Assistant Dean of Clinical Experiences and Partnerships
Patrick J. Dunphy, B.S., M.B.A., Assistant Dean for Planning and Fiscal Affairs
Steven M. Neier, B.A., M.A., M.S., Assistant Dean for Mission, Media, and Outreach
Nancy A. Garaufis, B.S., Coordinator of Certification, Accreditation and Program Registration
Jerrold Ross, Ph.D., D., Hum. (Hon.), Dean Emeritus

The University administration reserves the right, whenever advisable, to withdraw, cancel, reschedule or modify any course, program of study, curriculum, degree or any requirement in order to meet institutional requirements or those mandated by the New York State Teacher Certification.

Accreditation

The School of Education’s teacher education program is accredited by TEAC, the Teacher Education Accreditation Council, and includes the undergraduate degree and license in Childhood Education (1–6), Childhood Education/Special Education (1–6), Adolescent Education (7–12) B.S.Ed./M.S.Ed Childhood Education/Special Education (1–6); B.S.Ed./M.S.Ed Childhood Education and Literacy (8–12), and the B.S.Ed./M.S.Ed Adolescent Education and Literacy (5–12).

About The School of Education

The School of Education offers a variety of programs and degrees. These programs express the University’s Catholic atmosphere, which welcomes diversity of religious beliefs and emphasizes respect and dignity of the human person, regardless of race, color or creed and prepares you for a career in service of your fellow men and women. For students committed to a vision of life and the world, preparation for these professional careers is seen in the context of the Vincentian tradition to care for those in our society.

Degrees and Programs Available

(Queens and Staten Island)

- B.S.Ed. in Childhood Education for students wishing to prepare as teachers for grades 1–6.
- B.S.Ed. in Adolescent Education for students wishing to teach in middle school and high school settings in grades 7–12.
- B.S.Ed. Childhood Education/Special Education (1–6) for students wishing to prepare as teachers of grades 1–6 and teachers of childhood special education, grades 1–6.
- B.S.Ed./M.S.Ed. Childhood/Special Education 1–6 for students wishing to prepare as teachers of grades 1–6 and prepares students for the challenges of inclusion.
- B.S.Ed./M.S.Ed. Childhood/Literacy B–6 enables prospective teachers to become effective classroom instructors and literacy specialists who can diagnose the needs of their students and diversify their instruction in general education and inclusion settings.
- B.S.Ed./M.S.Ed. Adolescent Literacy 5–12 enables prospective teachers to become effective classroom instructors and literacy specialists who can diagnose the needs of their students and diversify their instruction in general education and inclusion settings.
- Academic content areas: English, Mathematics, Social Studies, Language, Sociology (for Adolescent majors), Psychology (for childhood majors), Science: Biology/Physics.
- Middle School Extension—6 credit program for (Adolescent Majors extension grades 5–6) and (Childhood Majors extension grades 7–9).

Goals and Objectives

Graduates from baccalaureate programs in The School of Education at St. John’s University are competent, caring and qualified professionals who have acquired expertise in communication, professional knowledge and skills, and the conceptual frameworks of their chosen academic areas, and who prize and practice the values of committed service. Students enjoy abundant opportunities to nourish and develop the ability to create a productive and effective learning environment, plan and implement instructional activities, monitor and assess student learning and interact effectively with peers, pupils or clients and other personnel in educational institutions or service organizations.

The School of Education has three major goals consistent with the mission and distinctive purposes of the University:

1. To prepare graduates who are competent in the subject matter they plan to teach;
2. To provide the pedagogical knowledge, understanding and skills necessary for competent, caring and qualified professionals; and
3. To have acquired a caring teaching skill as well as a basic professional knowledge of rights and responsibilities of teachers and the implications for productive relationships with other professional staff, students, parents and community members.

The School of Education’s objectives are:

1. To provide a vibrant learning environment for the intellectual, professional and moral development of students.
2. To provide programs for student and societal needs; and enable students to function effectively as professionals in a dynamic multicultural society.
3. To encourage students to develop a personal philosophy of education consistent with the University’s mission.
4. To foster basic and applied research in education and human services involving students and faculty.
5. To serve as a resource center to the educational community by: providing leadership and supportive services for local, state and national associations; sponsoring professional meetings and seminars; and offering consultative services for schools and community agencies.

Student Responsibilities

In addition to the general policies of the University set forth in this bulletin, students are responsible for becoming knowledgeable about New York State Certification requirements and regulations, for adhering to the academic calendar and for meeting all of the requirements of their respective academic programs. We ask that all students conform to the policies stated in the Student Handbook which may be found online.

Students are also asked to maintain professional dispositions that reflect the mission and goals of The School of Education. Failure to maintain these professional dispositions can result in dismissal from The School of Education.
Assessment of Professional Qualities

New York State and national accreditation standards require us to monitor non-academic behaviors in the areas of Collaboration, Honesty and Integrity, Respect, Professional Behavior and Responsibility, and Commitment to Learning in accordance with New York State Standards for Teaching, Pedagogical Core Requirements for Programs Leading to Certification in Teacher Education, and the Council for Accreditation of Educator Preparation (CAEP).

CAEP Standard 3 (Candidate Quality, Recruitment, and Selectivity) requires that provider institutions maintain highly selective criteria for both admission and certification of teacher education candidates. CAEP Standard 3.3 reads as follows: “Educator preparation providers establish and monitor attributes and dispositions beyond academic ability that candidates must demonstrate at admissions and during the program.” CAEP Standard 3.6 reads as follows: “Before the provider recommends any completing candidate for licensure or certification, it documents that the candidate understands the expectations of the profession, including codes of ethics, professional standards of practice, and relevant laws and policies” (CAEP, 2014).

In the Professional Responsibilities and Collaboration (Standard VI), the NYS Teacher Certification Standards also require assessment of dispositions. Standard IV.1.a relates to professional behaviors. It requires that “teachers demonstrate a high standard of honesty, integrity, ethical conduct, and confidentiality.” Standard IV.1.c relates to the integration of outside feedback and the ability to adjust and monitor one’s own behavior. It requires that “teachers use self-reflection and stakeholders’ feedback to inform and adjust their professional behavior” (NYS Standards, 2012). New York State regulations for elementary and secondary certification require proficiency in “human relations.” Section VIII of the state regulations for certification in all specialty areas requires that students understand “the importance of productive relationships and interactions among the school, home, and community for enhancing student learning and maintain skill in fostering effective relationships and interactions to support student growth and learning, including skill in resolving conflicts” (New York State Regulations, 2010).

A statement of concern will be written for any student who fails to succeed in any one or more of the five areas of Collaboration, Honesty and Integrity, Respect, Professional Behavior and Responsibility, and Commitment to Learning. This student will be required to meet initially with her/his advisor and a second faculty member. If the issue is still not resolved after the initial meeting, a second statement of concern may be written. At this point, the student will be required to meet with the Dispositions Review Board to determine continuation or dismissal from the program.

Transfer Students

External Students accepted by The School of Education will receive an evaluation of their transfer record listing the courses applicable to their program of study at St. John’s University. Only courses with grades of C or better will be considered for transfer. Accepted students to the School will be notified of their acceptance by the Office of Transfer Student Services in order to schedule an advisement appointment to review their approved transfer credits and academic program per the dean.

Credit may be accepted for transfer if it was earned at a college/university that is accredited by a regional accrediting organization (e.g., Middle States Association of Colleges and Schools), or if it was earned at a college/university level institution traditionally accredited by some other type of agency (e.g., in New York State, the Board of Regents). International students or students with credits from another country will need to provide a foreign credential evaluation. An official course-by-course evaluation may be requested through these two approved agencies: Word Evaluation Services (wes.org) or the National Association of Credential Evaluation Services (naces.org).

All external transfer applicants to the School who have been awarded an A.A. or A.S. degree will fulfill the requirements for their baccalaureate in the School after successfully completing all the requirements for their major including a) six semester hours in Philosophy and six semester hours in Theology; and b) the requirements for their selected concentration. The remainder of the student’s program is determined under the guidance of an assigned advisor.

All external transfer students seeking admission to the School must have a minimum 3.0 GPA.

All internal transfer students seeking admission to the School of Education must have a minimum 3.0 GPA. It is required that internal transfer students make an appointment to meet with an Academic Advisor in The School of Education Undergraduate Studies Office.

Advanced Placement and CLEP/credit-by-test

The School of Education awards advanced placement (AP) credits to those entering freshmen who earn a requisite score on the College Entrance Examination Board’s Advanced Placement and/or CLEP exams.

Placement and the number of college credits appropriate to the academic development of the qualified student are determined by the Undergraduate Studies Office. Credits for AP scores lower than a 5 will not be granted.

Upperclassmen who wish to take CLEP or other credit-by-test exams are required to receive prior written approval from The School of Education Undergraduate Studies Office if such credit is to be applied to their degree. CLEP and other credit-by-test scores will not be counted if approval is not given.

CLEP or other credit-by-test may only be done for a total of 9 credits over the course of the 4- or 5-year program. CLEP exams may not be used in Education courses or in the student’s concentration area.

Seniors may not take any CLEP or credit-by-test examination.

Honors Program

Our Honors Program offers outstanding students the opportunity to maximize intellectual growth and experience personal enrichment. Students meet regularly with the program’s directors and faculty, creating a stimulating environment of thought, research and scholarly discourse.

The University Honors Program features small classes, careful faculty mentoring, and an impressive number of academic and cultural opportunities. These range from performances at the Metropolitan Opera, New York City Ballet and the New York Philharmonic to museum visits and Manhattan walking tours.

In the St. John’s Honors Program, you will be a part of:

• Upper-level seminar-style classes
• Thought-provoking, in-depth discussions
• Special lectures and research projects
• Close collaborations with top professors for research
• Friendships with students who share the same interests and passion for learning

Teacher Certification

Successful completion of all academic requirements, including student teaching, in an undergraduate program in The School of Education or a minor in Adolescent Education through St. John’s College of Liberal Arts and Sciences, entitles a student to request and receive a university recommendation to the New York State Education Department for initial teacher certification.
**Academic Requirements**

In addition to the university recommendation which is provided by a School of Education certification officer through TEACH online, students seeking certification must register for, pay appropriate fees, and complete the following requirements:

- Attend Mandatory Workshops
  - Child Abuse Prevention
  - Violence Prevention
  - Dignity for all Students (DASA)
  - NYS Safety Education
- Obtain Fingerprint Clearance
- Submit and pass the edTPA
- Pass all required NYS Teacher Certification Exams (www.nystce.nesinc.com)
- Students seeking initial certification must be fully aware of the current requirements and regulations of the NYSED

The School of Education offers guidelines, contact information and important updates and we encourage you to visit the following website: stjohns.edu/academics/schools-and-colleges/school-education/certification-information

Requirements for teacher certification vary from state to state, therefore, students who seek teacher certification outside of New York State should contact the appropriate State Education Department for information about their latest certification regulations.

The State of New York mandates that those who complete requirements for graduation pass several New York State Certification examinations. The latest passing rates of St. John’s graduates for initial certification can be found on the following website: http://data.nysed.gov/higheredcert.php?instid=800000081568

**Programs of Study**

**B.S.Ed. Childhood Education (1–6)**
135–136 credits

This program requires the completion of coursework in liberal arts (57 credits), professional education (54–55 credits) and an academic content area (24 credits). All students are required to complete a program of studies which includes:

<table>
<thead>
<tr>
<th>Academic Content Area (24 credits)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student selects one content area:</td>
</tr>
<tr>
<td>• English</td>
</tr>
<tr>
<td>• Mathematics</td>
</tr>
<tr>
<td>• Psychology</td>
</tr>
<tr>
<td>• Social Studies</td>
</tr>
<tr>
<td>• Sociology</td>
</tr>
<tr>
<td>• Language (Queens Only)</td>
</tr>
<tr>
<td>• Science: Biology or Physics (Queens Only)</td>
</tr>
</tbody>
</table>

Specific courses for the academic content area are selected in consultation with the student's academic advisor.

**B.S.Ed. Adolescent Education (7–12)**
129–130 credits

This program requires the completion of coursework in liberal arts (57 credits), professional education (42–43 credits) and an academic content area (30 credits):

- English
- Mathematics
- Social Studies
- Biology
- Language (Queens Only)
- Science: Biology or Physics (Queens Only)

All students are required to complete a program of studies which includes:

<table>
<thead>
<tr>

**Graduate Courses:** 33 credits of graduate coursework is required to complete the five year degree. (This is including the 9 graduate credits taken during your senior year.)

**Middle School Extension**

Students currently enrolled at St. John’s University as undergraduate seniors or graduate students should meet with their advisor to determine how to qualify for the Middle School Extension.

**Required Courses in Both Certification Programs**

- EDU 7106 Understanding Socio-Emotional, Cultural and Cognitive Aspects of Middle School Learners in General and Inclusive Settings (3 credits)
- EDU 7107 Methods and Strategies of Teaching Middle School Learners in General and Inclusive Settings (3 credits)

**Eligibility for the Programs**

Applicants to each program should possess an undergraduate grade point average of 3.0 or better.

State regulations require that students must possess New York State initial or professional teacher certification in either Adolescent or Childhood Education, or be in the process of attaining that credential. The Middle School Extension can only be granted to individuals who attain certification.

**Academic Information**

**Advisement**

Advisement involves a close relationship between student and advisor. A student who has questions about the advisement process should consult the Undergraduate Studies Office. The student is scheduled by the University Freshman Center (Queens Campus) for classes during the first and second semester of their first year. Freshmen students on the Staten Island Campus are advised by the Dean’s Office. For the remaining semesters, the student should plan a course of studies with the assigned advisor/dean. All students are advised to declare a content area by their first year.

**Academic Service-Learning**

Academic Service-Learning students should consult with the professor and the Academic Service-Learning Office in Lourdes Hall. Academic Service-Learning is encouraged for all undergraduate majors.

**Pass-Fail Option**

The Pass-Fail Option is open only to sophomores, juniors, and seniors, or to a student who has completed a minimum of 25 credits, and whose current quality point index is at least 3.0. It is limited to three-credits per semester and to six credits per academic year. The total over three years, including summer sessions, may not exceed nine credits.

The Pass-Fail is not available for EDU courses; this includes student teaching. Students may only apply for the Pass-Fail option for 2 core courses and 1 content course whose current quality point index is 3.0.

Application for the Pass-Fail Option should be completed online (UIS) by the last day designated for withdrawal for class without receiving academic penalty. See the Academic Calendar for specific withdrawal dates.

**Honors**

Summa Cum Laude 3.85
Magna Cum Laude 3.70
Cum Laude 3.50

**Academic Standing**

A student is in good standing if enrolled as a matriculated student in a program of study leading to a degree and is making satisfactory progress toward the completion of the program of study.

All students are to maintain a 3.0 cumulative quality point index. *Failure to maintain a 3.0 may result in not being able to Student Teach and/or dismissal from The School of Education.*

**RISE**

The School of Education offers a unique model of extended clinical practice called RISE, Residency Internship for St. John’s Educators. This program places undergraduates in schools for a full year of student teaching as they near completion of their program.
RISE Residents complete two days of student teaching each week in their first semester of RISE, and they complete five days of student teaching each week in their second semester of RISE.

Our RISE Residents have the unique benefit of having School of Education Faculty and adjuncts embedded in their school placements with them. The Faculty teach courses to the Residents on-site in the field placement school. RISE Student Teachers generally take 1–2 courses while enrolled in the RISE program. These courses range from methods to theory.

1. Education course work is embedded in the field placement. Students will be advised to reserve 6 to 12 credits of Education courses for RISE.

2. Student Teaching can only be completed at the end of program, with exception for those in a 5-year, dual, or career change program that will also require additional coursework or a practicum.

3. Observations and participation for teaching must be done in an approved school under University supervision. The school site will be selected by the director of RISE. Faculty and adjuncts in The School of Education will be embedded in the schools.

4. As noted in RISE application, requirements must be fulfilled prior to the first day of student teaching. This includes completing NYS, mandated workshops and registering for certification exams and fingerprinting. Note: Virtus Training is only required for Catholic school placements.

5. A cleared medical form by the University Health Office is required. A physical examination completed within 12 months prior to beginning student teaching is required.

6. Student is required to be present at their school assignment for two days per week in the first semester and five days per week in the second semester.

7. During RISE, Residents will work with a faculty member or adjunct who is embedded in their school. Faculty teach courses, conduct seminars, and provide feedback on teaching. Seminar dates and times are established at the orientation meeting.

8. It is strongly recommended that students not be employed during the second semester of RISE. If it is necessary, the hours should not interfere with the school site schedule. The University is not responsible for changes to certification requirements by NYS. Students should become familiar with the NYSED website and the SOE’s webpage for announcements. highered.nyssed.gov/stjohns.edu/academics/schools-and-colleges/education

Placement Applications for RISE should be submitted to the Undergraduate Departments located on the fourth floor in Sullivan Hall on the Queens Campus and second floor in DaSilva Academic Center on the Staten Island campus. It is important and recommended that students use their St. John’s e-mail, as this will be the source of all communication. Students should feel free to call/visit the Undergraduate department at anytime for information regarding the RISE program.

The university cannot guarantee placement in a specific school that a student may choose.

Make-Up Exams
The School of Education recommends that any student needing a make up date please contact The Undergraduate Studies Office for information.

Instructional Materials Center
The Instructional Materials Center (IMC) is a unique part of the University libraries support systems and enriches the programs of The School of Education. The IMC collects and disseminates specialized information for the students with the nationwide assemblage of curriculum guides, textbooks and accompanying materials, audio-visual teaching aids and hardware, three-dimensional learning tools, publisher and distributor catalogues. The IMC should enable pre-service and in-service teachers to examine the latest curriculum materials available in order to develop competency and familiarity. It is located on the fourth floor of the Main Library in Queens and DaSilva Hall, Room 109 on the Staten Island campus.

Academic Fairness
To dispute grades please see the Undergraduate Studies Office on the necessary process.

Graduate Level Courses
Seniors who are student teaching are eligible to take one graduate course with approval by an Academic Advisor.

Honor Societies

Dean’s Scholars
Dean’s Scholars was founded in 1996 and is comprised of the School’s top students. It is one of the most prestigious organizations in School of Education. The Dean’s Scholars represent those students who combine scholarship, integrity and maturity. Members act as ambassadors, leaders and role models to the School of Education and the University. See the Undergraduate Studies Office for more information on becoming a Dean’s Scholar.

Kappa Delta Pi
Kappa Delta Pi is an international Honor Society in Education, which aims to sustain an honored community of diverse educators by promoting excellence and advancing scholarship, leadership, and service. Kappa Delta Pi at St. John’s University inducts both undergraduate and graduate students who have achieved academic excellence and who are committed to service and professional development.

The vision of Kappa Delta Pi is to help committed educators be leaders in improving education for global citizenship individually and collectively, strive for a high degree of professional fellowship, leadership, and growth in the field of education, and serve their students and the educational community at large. For more information on the Staten Island and Queens chapters, please view the St. John’s webpage.

Professional Association
Phi Delta Kappa International Chapter 0161. PDK International is a professional association for educators that brings together the top leaders, thinkers, and doers to collaborate and inspire one another. By providing professional learning opportunities targeted networking, and relevant research, PDK helps researchers and practitioners deepen their expertise, elevate their careers, and ultimately experience better results in their work.

Mission:
The PDK International family of education associations connect members in vibrant learning communities, Shares proven research, innovations, and best practices; and Empowers members to advocate for their students and their profession.

Member Benefits
Phi Delta Kappan, a professional education magazine
Career advancement webinars
International study tours
Scholarships, grants, and fellowships. http://pdkintl.org/

Special Programs

America Reads*America Serves
America Reads*America Serves is a community service initiative program. In order to become a part of the America Reads*America Serves program, a student may be enrolled in any college within the University but are required to maintain a GPA of 2.0. This program offers an excellent opportunity for students wishing to take advantage of the college work/study program, as well as those interested in volunteering and becoming a part of the greater St. John’s University community.

Jumpstart (Q)
Jumpstart is a national early literacy organization that works towards the day when every child in America enters school prepared to succeed. Jumpstart accomplishes this mission through supporting corps members to work individually with young children in preschool settings.

During Jumpstart’s program, preschool children are paired with Jumpstart corps members for focused attention to build
language and literacy, initiative, and social relations skills. All children in Jumpstart are given teacher evaluations at the start and the end of the Jumpstart Program.

Children participate in groups of 4–5, with their assigned corps members, in a two-hour Jumpstart session weekly. During the session, members implement a curriculum focused on Jumpstart’s five language and literacy domains and skills. These include vocabulary, comprehension, alphabet knowledge, meaning and use of print, and awareness.

Community Partnership Project

Fieldwork experiences are arranged with non-profit agencies and cultural institutions whose work centers around issues and experiences confronting school children today. Among the placements offered are those exemplary organizations whose involvement in children’s health, welfare, psychological development, creativity, academic development and the disciplines found in schools such as History, Mathematics, Science and the Arts, are well known and respected on Staten Island and surrounding areas.

Course Offerings

101 Introduction to Education (1–12)
Students will learn how to interact with pupils, peers and teaching personnel. Major emphasis is paid on developing systematic skills in observation and analysis of teaching. Credit: 1 semester hour. (Freshmen only)

1000 Foundations of Education (1–12)
Designed for pre-service teachers, this course is a comprehensive overview of the social foundations of education in the United States, including historical philosophical, sociological/anthropological legal, comparative and policy debates within education. This course will help students develop critical thinking skills in order to clarify the context of the profession, develop a philosophical orientation, and facilitate informed decision making about today’s complex educational environments. The primary focus is to prepare reflective teachers who embrace and apply theoretical scholarship in social foundations to improve and enhance the learning environment for all students. Credit: 3 semester hours.

1001 Learning and Development Childhood (1–6)
Interdisciplinary study of human learning, growth and development, and growth sequences as impacted by cultural, sociological, psychological and environmental factors through childhood; principles of motivation, communication, classroom management and learning processes; implications for and application to educational practice for the optimization of students’ growth and learning. Credit: 3 semester hours.

1002 Learning and Development Adolescent (7–12)
Interdisciplinary study of human learning, growth and development focusing on the adolescent years. Study in dynamics of cultural, sociological, psychological and environmental influences; implications for assessments and for selection of appropriate strategies to address pupil characteristics and content-area standards. Appropriate field experiences to integrate educational theory and practice are required. Credit: 3 semester hours.

1003 Organizational Strategies and Classroom Environment (1–6)
This course examines theories and methodology of effective classroom management principles and the psychosocial development of children, especially students from diverse cultures in urban settings, and students with special needs. This course provides opportunities for students to observe and analyze effective instructional and organizational strategies that prevent management problems, encourage intrinsic motivation to learn, enhance academic achievement, and foster the social competence of all children in the elementary classroom. Credit: 3 semester hours. Fieldwork required.

1006 Methods of Teaching Mathematics (1–6)
Study of curriculum development, instructional planning, instructional strategies and materials used in the teaching of mathematics for students within the full range of abilities. Special emphasis on differentiating instruction to address pupils’ needs, assessing pupils’ progress and utilizing instructional technology. Credit: 3 semester hours. Fieldwork required.

1007 Methods of Teaching Science (1–6)
Study of curriculum development, instructional planning, instructional strategies and materials used in the teaching of science for students within the full range of abilities. Special emphasis on developing thinking strategies through the scientific method, assessing pupils’ progress, differentiating instruction in response to assessments and utilizing instructional technology. Credit: 3 semester hours. Fieldwork required.

1008 Special Education Foundations and Accommodating Student Needs (1–12)
An overview of students within the full range of abilities encompassing their physical, cognitive, social and psychological needs. Focus is on characteristics of learners with disabilities; the historical, social and legal foundations of special education; assessment strategies and intervention techniques; individualizing instruction and working as a team member with special student populations; use of assistive and instructional technology and vocational considerations in programming for exceptional children. Credit: 3 semester hours. Fieldwork required.

1010 Planning, Teaching, and Assessing Social Studies (1–6)
This is a methods course of current practices and trends in the teaching of social studies in the elementary grades. It is designed to help students develop historical, theoretical, and practical understandings of the teaching of social studies in today’s classrooms. Course experiences will help students develop interdisciplinary, inquiry-based explorations and authentic assessments that meet Common Core state standards. Students will experience models of best practice, apply their learning in elementary and after-school settings. Students will learn and use reflective praxis to plan, implement, and assess their own instruction, and monitor student learning. Credit: 3 semester hours. Fieldwork required.

1011 Human Relations and Multiculturalism (1–12)
Working with students with the full range of abilities as individuals and as members of groups, with emphasis on personal awareness and interpersonal communication. Parent and community involvement as well as focus on appreciation of the values and cultures of English language learners. Cooperative learning projects, seminars and individual projects will be carried out as models for classroom practice utilizing human relations skills and group dynamics. Credit: 3 semester hours.

1012 Language Acquisition and Literacy-Adolescent (7–12)
This course focuses on language acquisition and literacy development in students from grades 7–12 and English Language Learners. The sociological, linguistic, and developmental contexts of language and learning emphasized. Reading and language arts are approached as:
1. Cognitive-developmental processes;
2. Integrated and interrelated;
3. Occurring within social and cultural contexts and;
4. Vital for success in school and life. Students are exposed to curriculum development and instructional planning using various teacher communication modes, as well as a variety of cross-disciplinary teaching methods that promote skills in listening, speaking, reading, and writing. Appropriate field experiences are provided to integrate educational theory and practice. Credit: 3 semester hours. Fieldwork Required.

1015 Technology and Society: School, Community, Workplace (1–12)
This course focuses on technology, in both instructional and assistive capacities, community and the workplace, in order that students may develop skill in technology to acquire information, communicate and enhance learning across the seven areas of knowledge described in the State Learning Standards. Credit: 3 semester hours.
1016 The Arts in Inclusive Settings (1–6)
This course examines the process of integrating the studio arts into the curriculum for students with the full range of abilities and considers various developmental influences from childhood through adolescence. Credit: 3 semester hours.

1021 Student Teaching and Seminar/Childhood Education (grades 1–6)
• Completion of pedagogical coursework and approval by the Office of Field Experience.
• Observation and participation in teaching in an approved elementary school under University supervision.
• Student teaching experiences at the 1–3 and 4–6 grade levels.
• Mandatory weekly seminars as well as workshops are held on campus.
• Reflection on one’s own teaching.
• Attendance is required at the school 4 ½ days a week.
See section for Supervised Student Teaching for prerequisites. Credit: 9 semester hours

1022 Student Teaching and Seminar/Adolescence (7–12)
• Completion of pedagogical coursework and approval by the Office of Field Experience.
• Observation and participation in teaching in an approved school under University supervision.
• Student teaching experiences at the 7–12 grade levels.
• Mandatory weekly seminars as well as workshops are held on campus.
• Reflection on one’s own teaching.
• Attendance is required at the school 4 ½ days a week.
See section for Supervised Student Teaching for prerequisites. Credit: 9 semester hours

1023 Student Teaching and Seminar/Childhood Special Education (1–6)
This course entails two extended periods of observation and participation in Special Education situations under University supervision. One student teaching will be with special-needs children of the first-, second-, or third-grade level, and one experience will be with comparable children at the fourth-, fifth-, or sixth-grade level. Particular attention is paid to issues of assessment, diagnosis and evaluation of students with disabilities. Weekly seminars are included. Credit: 6 semester hours.

1027 Educational Theory to Practice-Childhood (1–6)
A course grounded in educational theory and research that informs instructional practices in today’s elementary school classrooms. Focused on planning for instruction and assessment, engaging students in classroom learning environments, and analyzing teaching effectiveness and learning outcomes concerning Common Core State Standards in English Language Arts and Mathematics. This course builds upon previous teacher preparation coursework, and serves as final preparation for the culminating student teaching experience and its related teacher performance assessment tasks. Credits: 3 semester hours. Fieldwork required.

1028 Educational Theory to Practice-Adolescent (7–12)
A course grounded in educational theory and research that informs instructional practices in today’s secondary school classrooms. Focused on planning for instruction and assessment, engaging students in classroom learning environments, and analyzing teaching effectiveness and learning outcomes concerning Common Core State Standards in English Language Arts and Mathematics. This course builds upon previous teacher preparation coursework, and serves as final preparation for the culminating student teaching experience and its related teacher performance assessment tasks. Credits: 3 semester hours. Fieldwork required.

1041 First and Second Language Acquisition and Literacy Development (1–6)
This course provides students with an operational perspective on language acquisition and literacy development of native English language learners and those for whom English is a second language. The sociological, linguistic, and developmental context of language arts learning is emphasized. Reading and language arts are approached: a) as cognitive developmental process; b) as integrated and interrelated; c) as occurring within a social context and; d) as vital for success in school and life. Students are exposed to curriculum development and instructional planning using various teacher communication modes as well as a variety of teaching methods that promote skills in listening, speaking, reading, and writing. In addition, appropriate field experiences are required to integrate educational theory and practice. Credits: 3 semester hours. Fieldwork required.

1042 Literacy Development for Content Area Reading and Assessment (Prerequisite EDU 1041)
This course provides students with an operational perspective on literacy development in the content areas of language arts, Social Studies, Mathematics, Science, and Health. Students are exposed to curriculum development and instructional planning using a variety of teaching methods and teacher communication modes that promote skill in content area reading and assessment techniques. In addition, appropriate field experiences are required to integrate educational theory and practice. Credits: 3 semester hours. Fieldwork required.

1053 Organizational Strategies and Classroom Environment (7–12)
This course examines theories and methodology of effective classroom management principles and the psychosocial development of adolescents, especially students from diverse cultures in urban settings, and students with special needs. This course provides opportunities for students to observe and analyze effective instructional and organizational strategies that prevent management problems, encourage intrinsic motivation to learn, enhance academic achievement, and foster the social competence of adolescents in the secondary classroom. Credits: 3 semester hours. Fieldwork required.

1055 The Art of Writing for Educators (1–12)
This course focuses on improving writing and critical thinking educational contexts. Students will experience writing as a recursive process, producing and reproducing various forms of texts, with specific focus placed on persuasive writing. Thereby understanding writing not only as a process, but also as a situated practice. Given that genres can shift across disciplines and literacy, speaking, and reading interact with writing, this course helps students analyze nuanced conventions and think about writing as a cross-curricular pedagogical tool. Approaches to writing will include: reading and discussing trends in writing instruction across the curriculum; practicing techniques for writing with precision, clarity, and rhetorical effect; revising and editing; writing for different purposes; writing for different content areas; and writing for the educational profession. Course will also promote writing across educational contexts for native English speakers and students who are English language learners. Course experiences will provide students with models for teaching writing in their own classroom. Appropriate field experiences are provided to integrate educational theory and practice. Credit: 3 course hours. Fieldwork required.

1056 Math Content for Elementary Teachers: Digging Deeper
An in-depth study of the following topics in mathematics: number and numeration; operations and algorithms involving whole numbers, integers, and rational numbers; algebra; geometry; measurement; statistics; and probability. Connections to curriculum, instruction, and assessment related to mathematics content area are emphasized. Practices that nurture, develop, and sustain parental engagement and professional learning communities within schools are included. Credit: 3 semester hours. Fieldwork required.

1089 Curriculum Adaptation for Exceptional Students (1–6)
This course prepares teacher education candidates with the knowledge, skills, and dispositions necessary to provide instruction that will promote the participation and progress of students with disabilities in the general education curriculum and prepares candidates with competencies to work collaboratively with colleagues. Teacher education candidates across certification areas and age-ranges are exposed to research-validated professional practice that result in the creation effective instructional environments for all students, with specific focus on those students who are classified for special education services and supports with mild, moderate, and severe disabilities. The
historical and sociological treatment of people with disabilities, special education law, adapting curriculum and instruction, understanding Individualized Education Programs (IEPs), participating in IEP meetings, and advocacy and collaboration are also addressed. Candidates are provided with multiple opportunities to engage in reflective practice regarding the implications of course content to their specific educational disciplines in terms of personalizing instruction and building classroom communities that support the full diversity of learners. Credit: 3 semester hours. Fieldwork required.

1090 Behavior Management for Exceptional Students (1–6) (Prerequisite EDU 1089)

This course is concerned with the application of the principles of operant learning, focusing on the relationship between behaviors and environmental events (e.g., antecedents, and consequences), which influence behavior. The course also focuses on functional behavior assessment and positive behavior supports that lead to meaningful changes in environments and quality of life will be emphasized. The course participants will learn to follow evidence-based protocols to create and implement ethical and effective behavior interventions. Credit: 3 semester hours. Fieldwork required.

1091, 1092, 1093, 1094, 1096 Innovative Strategies in Secondary Settings (Content specific)

This course examines issues, perspectives, and strategies related to developing a critical pedagogy of reflective practice in secondary education, and is designed around four interrelated themes: 1) exploring models and theories related to methods of teaching and learning the content (i.e., math); 2) reviewing current literature related to teaching and learning the content at the adolescent level; 3) examining instruction and assessment through reflective evaluation; and 4) developing pedagogical practices responsive to the context of urban school settings and inclusive of the multifaceted identities of metropolitan adolescents and their families. Credit: 3 semester hours. Fieldwork required. Course number is dependent on content area.

1097 Research to Practice: Applications for Secondary Teaching and Learning

This corequisite course supports students’ understanding of the research and practice of content-area teaching methods learned in their graduate-level course. Students will engage in the practical application of theories; they will implement, document, study, and analyze instructional activities created in Methods courses in relation to educational theories and best practices. Students will work across disciplines to facilitate teaching and learning opportunities, and build a strong teaching portfolio that includes reflections on lessons, practice, and assessments. Credit: 3 semester hours. Fieldwork required.
Robert Eschenauner, Associate Professor, B.A., St. Francis College; M.S., St. John’s University; Ph.D., St. John’s University; Adv. Certificate School Psychology, City College, Counselor Education; Assessment, Individual Counseling, Outcome Research, Therapeutic Communication, Clinical Hypnosis, Reflective Practice.

Mary Ellen Freeley, Associate Professor, B.A., St. Joseph’s College; M.S. Queens College; Ed.D., St. John’s University; Instruction, Administration, Supervision and Leadership.

Andrew D. Ferdinandl, Associate Professor, B.S., M.S., P.D., Ed.D., St. John’s University, Counselor Education; Working with Mental Illness and Dual Diagnosis Individuals; Assisting Troubled Teens with Substance Abuse and Trauancy.

Lina Gilic, Assistant Professor, B.S., St. John’s University, M.S., Adelphi University; Ph.D., Teachers College, Columbia University. Autism and developmental disabilities, multiple exemplar instruction, self-management, and verbal behavior. Board Certified Behavior Analyst.

E. Francine Guastello, Associate Professor, B.S., M.S., Ed.D., St. John’s University. Literacy; Exploring multi-sensory techniques for teaching dyslexic children and adults; Effective practices in literacy leadership; Parental involvement in student academic success; Improving teacher effectiveness in writing instruction.

Smita Guha, Associate Professor, B.A., M.A., University of Calcutta; M.Ed., Ph.D., State University of NY at Buffalo. Literacy, Reading, Effectiveness in writing instruction.

Aliya E. Holmes, Associate Professor, B.S., M.S., Ph.D., University of Albany. Teacher mentoring related to technology integration in the classroom, online learning, professional development.

Samuel E. Jackson, Assistant Professor, B.S., York College; M.A., Brooklyn College Graduate School of Education; Ph.D., The Graduate School and University Center, City University of New York. Urban Education.

Bonnie J. Johnson, Professor, B.S., University of Wisconsin-Oshkosh; M.S., University of Wisconsin-Madison; Ph.D., University of Wisconsin-Madison.

Ishita Khemka, Assistant Professor, B.A., Delhi University; M.A., Teachers College, Columbia University; Ph.D., Columbia University, NY Research in special education, intellectual and developmental disabilities and autism; interpersonal decision-making theory, peer-victimization, bullying, and abuse prevention training; arts and literacy.

Allan Ormstein, Professor, B.A., City College of New York; M.A., Brooklyn College, CUNY; M.A., Ed.D., New York University.

Eva Ortlieb, Professor, Education Specialties Ph.D., Curriculum and Instruction, Louisiana State University M.Ed., Elementary Education, Louisiana State University B.S., Elementary Education, Louisiana State University.

Rene S. Parmar, Professor, B.A., University of Jabalpur, India; M.S.Ed., Vanderbilt University; Ph.D., University of Texas, Dallas.

Barbara R. Peltzman, Associate Professor, B.S., Mills College of Education; M.S., St. John’s University; Ed.D., Curriculum and Instructional Practices, Teachers College, Columbia University; Ed.D., Reading, Hofstra University.

Yvonne Pratt-Johnson, Professor, B.A., State University of New York at Stony Brook, M.S., Georgetown University; M.A., Ed.D., Teachers College at Columbia University.

Heather Robertson, Associate Professor, B.A., Syracuse University, M.S., Texas A&M University; Ph.D., Virginia Tech.

Mary Beth Schaefer, Assistant Professor, B.A., Queens College; M.A., Queens College, Ed.D., University of Pennsylvania.

John Spiridakis, Professor, B.A., State University of New York at Stony Brook; M.S., Ph.D., Florida State University.

Stephanie Tatum, Associate Professor, B.A., Texas Southern University; M.A., University of Illinois at Urbana-Champaign; Ph.D., University of Illinois at Urbana-Champaign.

Autumn Tooms-Cypres, Professor of Research, Administrative and Instructional Leadership, Ed.D., Arizona State University; M.Ed., Northern Arizona University; B.A., Arizona State University.
Norean R. Sharpe, B.A., M.S., Ph.D., Dean, Joseph H. and Maria C. Schwartz Chair and Professor of Business Analytics and Information Systems.

Michele Dell’Anno, B.A., Assistant Dean
Adrian P. Fitzsimons, B.S., M.B.A., Ph.D., CPA, CISA, CMA, CFA, Associate Dean of Academic Programs and Professor of Accountancy.

Renee Hughes, B.S., M.B.A., Assistant Dean and Internship Coordinator
Douglas F. Leary, B.S., M.B.A., Assistant Dean and Director of Undergraduate Programs, Queens Campus.

Kristine A. McGovern, B.B.A., M.B.A., Assistant Dean for Planning and Compliance
Donna M. Narducci, B.S., M.S., Ed.D. Associate Dean and Director of TCB Programs, Staten Island Campus.

John J. Neumann, B.S.E., D.B.A., Associate Dean of Faculty and Associate Professor of Economics and Finance.
Alma Rivera, B.A., Advisement Coordinator, Manhattan Campus.

Sheila M. Russell, B.A., M.A., Assistant Dean
Linda M. Sama, B.A., M.B.A., Ph.D., Associate Dean for Global Initiatives, Executive Director, Center for Global Business Stewardship, John F. Adams, and Professor of Management.

Carol J. Swanberg, B.S., M.B.A. Academic Advisor, Staten Island Campus.

Laura Vega-Konefal, B.S., M.S.Ed., Assistant Dean and Associate Director of Advisement, Manhattan Campus.

Objectives

The Peter J. Tobin College of Business prepares graduates for rewarding managerial and professional careers. Its educational programs combined with progressive technology provide the practical experience, solid knowledge base, strong ethical foundation and global perspective graduates need to make immediate and valuable contributions as business professionals.

The Tobin College of Business faculty carries out its responsibility for this preparation through excellence in teaching, supported by a commitment to applied business research.

Programs of Study

The Peter J. Tobin College of Business offers the Bachelor of Science degree with majors in Accounting, Actuarial Science, Business, Economics, Finance, International Management, Management, Marketing, and Risk Management and Insurance.

The School of Risk Management, Insurance and Actuarial Science, a division of

The Peter J. Tobin College of Business offers the B.S. degree in Actuarial Science and Risk Management and Insurance. The first two years of study for these programs are done at the Queens or Staten Island campus, with the major field coursework being completed in the last two years at the Manhattan campus. Actuarial Science students are strongly encouraged to take and pass the first two examinations (1/P and 2/FM) prescribed by the Society of Actuaries and the Casualty Actuarial Society. They can continue to pass more examinations while working to become an Associate or Fellow in this professional field.

The Tobin College of Business offers many combined B.S./M.S. and B.S./M.B.A programs. The combined degrees in accounting, economics, finance, management, and marketing provide a unique opportunity to complete both B.S./M.S. or B.S./M.B.A. degrees typically within five years of full-time study. Interested students, who have maintained strong grades, should apply to the program in the second semester of the junior year (75 credits completed) of undergraduate study. The GMAT may be required.

Please note: Both the combined Bachelor and Master of Science or Master of Business Administration degrees in accounting or taxation are registered 150 credit hour licensure qualifying programs for Certified Public Accountants. Please consult the accountancy requirements.

Credit may be considered for transfer if it was earned at a college/university that is accredited by a regional accrediting organization (e.g. Middle States Association of Colleges and Schools). Students with credit from other countries will be asked to provide a World Education Service evaluation before credits are reviewed. Only courses with grades of C or better will be considered for transfer.

Specific Entrance Requirements

16 high school units (or appropriate score on the GED):

- English: 4
- History: 1
- Science: 1
- Mathematics: 3
- Academic Electives: 7

Advanced Placement

Applicants to the College are encouraged to take the examinations of the Advanced Placement (AP) program. Those who score sufficiently high may receive credit toward the Bachelor’s degree. Test results should be sent to the Office of Admissions.

Transfer Student Policy

Undergraduate programs in business administration in an AACSB-accredited school concentrate the professional courses in the last two years of a four-year program. The objective is to permit the student to acquire a foundation of work in the basic arts and sciences, and foundational business courses, as a prerequisite for professional courses in business.

Students planning to take their first two years of work at a community college are advised to take a majority of their work in the arts and sciences, including macro- and
micro-economics and a strong background in mathematics. Students who have not completed pre-calculus or calculus prior to enrollment may be required to take a math placement test to determine their level of mathematical proficiency; additional math courses may be needed. Transfer students should take only those business courses that are offered freshman- and sophomore-level courses in the Tobin College of Business. These lower division courses are numbered 1301 through 2399.

A limited number of courses that are offered as upper-division work in the Tobin College of Business may be considered for transfer credit from another four-year, AACSB accredited school.

No remedial work will be accepted for transfer.

Degree Requirements

A minimum of 124 semester hours of credit for non-actuarial science majors; a minimum of 127 semester hours for Accounting majors with a dual business major in Economics, Finance, Management, Marketing or Risk Management and Insurance; a minimum of 129 semester hours for Actuarial Science majors, and a minimum of 126 semester hours for the Quantitative Risk and Insurance track are required to graduate from their respective programs. A minimum of 2.0 cumulative quality point index and a 2.0 major field index are required for the Bachelor of Science degree in the Tobin College of Business.

Actuarial Science majors must maintain an average GPA of 3.0, or higher, in MTH 1730, 1740, ACT 2322, 2333, and 2334 in order to progress in the Actuarial Science program, (or in order to register for ACT courses of 3000-level or higher.)

Please refer to the Core Curriculum section in the front of the bulletin and consult the Dean’s Office of The Peter J. Tobin College of Business for most current degree requirements.

We reserve the right to make program changes, as necessary.

RMI 3335, 3350, 3360, 3388, 4311, 4364, 4399, 4400

TOTAL 21

*Courses may be offered in Queens and Staten Island.
Quantitative Risk and Insurance Track:

ACT 2322, 2333, 2334 9
RMI 3388, 3335 6

Professional Electives:
6 credits from the following:
RMI 3333, 3350, 4311, 4334, 4364 6

Certificate in Risk and Insurance*:
The Certificate in Risk and Insurance is a two semester 24-credit certificate program, based at the Manhattan campus, and admits students in the Fall semester. Students take four courses in each of the Fall and Spring semesters. While an undergraduate degree is not a prerequisite for admission, most people who enroll in this certificate program possess a minimum of an Associate degree, significant college level study and/or industry experience. For additional consumer information, the applicant may refer to the website at stjohns.edu/academics/undergraduate/tobin/risk.

TOTAL 21

Courses
Fall Semester
RMI 2301 Principles of Risk Management and Insurance
RMI 3355 Risk Control
RMI 4364 Reinsurance
RMI 4390 Insurance Industry Operations

Spring Semester
RMI 3333 Commercial Property Risk Management and Insurance
RMI 3361 Insurance and Alternative Risk Transfer
RMI 3335 Life-Health, Pension and Social Insurance
RMI 4343 Commercial Liability Risk Management and Insurance

Elective
(may be used instead of any asterisked* course if available) RMI 3335, 3350, 3360, 4364, 4399 (spring).

Minors
In addition to The Peter J. Tobin College of Business minors offered below, TCB students may choose a minor from another college within St. John’s University. All minors must be chosen in consultation with a Tobin College of Business Advising Dean. Most minors cannot be completed within the normal credit hour requirements of the baccalaureate degree. Students may declare a minor upon completion of 24 credit hours at St. John’s University.

Accountancy Minors
Accounting
(For students who change majors from accounting after third year must have a 2.0 ACC GPA)
15 credits
ACC 2371, 3372, 3373, 3354; TAX 3361.

Accounting for the Liberal Arts Student
15 credits
ACC 2320, 3352, 3354, 4345; TAX 3361.

Accounting Information Systems
15 credits
ACC 3354, 3355, 3356, 3357, plus one (1) ACC/ERM Elective.

Advisory and Assurance services
15 credits
ACC 3356, 3357, 3358, 4347, 4348.

Audit Analytics
15 credits
ACC 3354, 3355, 3359; DS 2333, 2334.

Financial Reporting and Analysis
15 credits
ACC 2370, 2371, 3352, 3372, 3373.

Government and Not-for-Profit
15 credits
ACC 2320, 3354, 3357, 4344, 4345.
Student Responsibility
It is the responsibility of students to make certain that their academic records are in proper order at the time they make application for the bachelor’s degree. Should students be unable for any reason to take a prescribed course in the regular semester, it is their responsibility to take the course later. They should not expect a waiver for the course at a subsequent date, nor should they expect that the course be offered at an unusual time to meet their personal circumstances.

Special Programs

Executive in Residence Program
The College introduced the Executive-in-Residence Program in the Fall of 1967 to promote the talents of outstanding students in business and develop more effective professionals. The program provides an opportunity for selected undergraduate students to enter seminars that enrich classroom experiences.

The Executive-in-Residence Program is designed to provide a forum for interaction between practicing executives and the business student. Students are helped in developing greater awareness of the numerous implications of upper-level management decisions. Theoretical course work is complemented with practical insights. The program enables students to broaden their perspectives of the management of organizations in various fields. Upper-level executives from private, quasi-public and public organizations meet with students to discuss how they make decisions.

The program was developed through the cooperation of Borden, Inc. It has included the participation of executives from the following for-profit and not-for-profit organizations: Broadridge Financial Solutions, Inc., Catholic Medical Mission Board, Cushman and Wakefield, Inc., Goodwill Industries of Greater New York, and Northern New Jersey, Inc., Grant Thornton, Henry Schein, Inc., KPMG, Leerink Swann, National Grid, New York Stock Exchange, Ridgewood Savings Bank, RR Donnelley, Standard and Poor’s, STV Group, United Cerebral Palsy—Suffolk and Weiser LLP.

Invitations to join the program are extended to students entering senior year with 90 credits. Selection is based upon the student’s index (3.4 minimum) and faculty recommendations. Participants are required to attend a two-semester, six-credit seminar during which they develop skills in problem solving and analysis and heightened awareness of upper-level management concerns and problems.

The program affords students the opportunity to build their industry knowledge, develop workplace competencies, explore careers, increase their marketability and make a valuable contribution to an organization through consecutive semesters of meaningful work assignments. The program incorporates collaboration among SRM, the student and the employer. Each assumes distinct responsibilities for the purpose of enhancing the student’s learning experience. Learning objectives are employed and periodic reviews are conducted, providing important assessment and feedback to the participating student.

The SRM Apprenticeship Program is selective, competitive program open to undergraduate junior or senior year students majoring in Actuarial Science or Risk Management with a minimum cumulative index of 3.0. Participants are required to attend a pre-placement seminar prior to employer referrals. Students complete work periods of not less than two consecutive academic semesters which may begin during fall, spring or summer. Work schedules may include full-time (35 hours/week) employment during summer and part-time (15-20 hours/week) during spring and fall semesters. Upon successful conclusion of the Apprenticeship Program, participation is noted on the student’s academic transcript.

GLOBE
GLOBE, a student-managed academic program and microfinance fund at St. John’s University, the Peter J. Tobin College of Business, provides loans to entrepreneurs in the developing world. Through GLOBE, students are educated about the world of microfinance while applying their business skills to help the poorest of the poor lift themselves and their families out of poverty. Students with a minimum of a 3.0 cumulative index may apply for this course for their junior or senior year, and may earn 3 credits toward their major or a business elective.

Global Destination Courses
For-credit Global Destination Courses offer students short-term international travel in conjunction with an on-campus business course. During a period of one-to-two weeks’ travel to a global destination, students participate in business site visits, guest lectures and cultural excursions. Courses and travel locations change each semester. Visit stjohns.edu/gdc for further information.

SRM Apprenticeship Program
The School of Risk Management, Insurance and Actuarial Science (SRM) administers the SRM Apprenticeship Program, providing a structured experience that allows students to apply their classroom knowledge to paid professional work with major employers in the insurance and financial services industry.

The program affords students the opportunity to build their industry knowledge, develop workplace competencies, explore careers, increase their marketability and make a valuable contribution to an organization through consecutive semesters of meaningful work assignments. The program incorporates collaboration among SRM, the student and the employer. Each assumes distinct responsibilities for the purpose of enhancing the student’s learning experience. Learning objectives are employed and periodic reviews are conducted, providing important assessment and feedback to the participating student.

The SRM Apprenticeship Program is selective, competitive program open to undergraduate junior or senior year students majoring in Actuarial Science or Risk Management with a minimum cumulative index of 3.0. Participants are required to attend a pre-placement seminar prior to employer referrals. Students complete work periods of not less than two consecutive academic semesters which may begin during fall, spring or summer. Work schedules may include full-time (35 hours/week) employment during summer and part-time (15-20 hours/week) during spring and fall semesters. Upon successful conclusion of the Apprenticeship Program, participation is noted on the student’s academic transcript.
Co-Curricular Activities
To encourage professional development outside formal coursework, the Tobin College of Business offers its students professional societies in each major field of study. These societies are run by the student members with the guidance of a faculty moderator. Though each society emphasizes a particular business discipline, membership is generally open to all students.

Among the co-curricular activities in the Tobin College of Business are:
• Accounting Society
• Actuarial Club
• APICS, The Educational Society for Resource Management
• Advertising Club
• Ascend–Pan Asian Student Organization
• Economics and Finance Society
• Gamma Iota Sigma (Risk Management and Insurance)
• Marketing Club
• National Association of Black Accountants

Academic Information
Pass-Fail Option
This option is available to a student whose current cumulative grade point average is at least 2.0 and has completed at least 24 semester hours. Students may pass/fail courses in the Liberal Art Core (except DS 2333-Modern Statistics I) or a General Elective, ONLY. Additionally, courses in the Business Core, major field or minor sequence may NOT be pass/failed.

A maximum of 12 credits may be taken pass/fail, with no more than one course in a given semester. In no case will the quality point index be affected; a Pass will be credited toward the degree. However, courses in the student’s major or minor which are to be used for general elective credit are not eligible for the Pass-Fail Option.

Application for this option may be made online through UIS approximately two weeks prior to the withdrawal date. A student may also change the status from the Pass-Fail Option to a regular grade up until the withdrawal date.

Honor Societies
Alpha Delta Sigma
This is the national advertising honor society sponsored by the American Advertising Federation.

Alpha Mu Alpha
Alpha Mu Alpha is a national marketing honor society sponsored by the American Marketing Association to recognize and reward scholarship among students of marketing.

Beta Alpha Psi
Beta Alpha Psi is the national scholastic honor society in accounting. Its objective is to encourage and recognize scholastic excellence in that field.

Beta Gamma Sigma
Iota Chapter of Beta Gamma Sigma, the national scholastic honor society for colleges of business administration, was established at St. John’s University in 1968, following the accreditation of the College by the American Assembly of Collegiate Schools of Business.

Omicron Delta Epsilon
Theta Chapter of Omicron Delta Epsilon, the national honor society in economics, was established at St. John’s University in 1958.

Sigma Iota Epsilon
Sigma Iota Epsilon is the national scholastic honor society in management. Its general purpose is two-fold: to encourage and recognize scholarly excellence and to promote cooperation between the academic and practical aspects of management.

Course Offerings
All course credits are listed in semester hours. For descriptions of courses other than those listed here, consult the index for location of other departments.

Each course number has four digits. The first of these digits shows the class level of the course. These are designated as follows:
1 designates freshman level
2 designates sophomore level
3 designates junior level
4 designates senior level

The second digit shows the number of credit hours for the course. The last two digits reflect the course number. For example, Management 4329 would be interpreted as follows: The first digit (4) indicates that this is a senior level course. The second digit (3) indicates that this is a 3-credit course. The last two digits indicate that this course is Management 29, i.e., Managerial Strategy and Policy.

No student is permitted to enroll in any junior or senior-level business course without the designated prerequisite(s). Additionally, no student is permitted to enroll in any junior-level business course until Math 1320 and CIS 1332 or DS 2333 have been completed.

Department of Accountancy
Nina T. Dorata, Ph.D., C.P.A., Chair

ACC 2370 Financial Accounting and Reporting
This introduction to financial accounting includes such topics as the basic accounting framework and concepts; cash flows, income reporting and financial position; the accounting process; and financial statement elements. Credit: 3 semester hours.

ACC 2371 Intermediate Accounting I
Prerequisite: ACC 2370, or an equivalent course. The use of accounting in the control and reporting of business transactions and events are examined using U.S. and international financial reporting standards as a means of communicating necessary information to interested parties. Topics affecting income determination and conformity with GAAP, such as, accounting for current assets, long-term assets, and intangible assets are examined. Credit: 3 semester hours.

ACC 3372 Intermediate Accounting II
Prerequisite: ACC 2371, or an equivalent course. Financial statements, account balances, and business transactions and events are analyzed using U.S. and international financial reporting standards as the means of communicating necessary information to interested parties. Topics affecting income determination and conformity with GAAP, such as, accounting for current liabilities and contingencies, long-term liabilities, stockholders’ equity, dilutive securities and earnings per share, investments, revenue recognition, as well as accounting and the time value of money, are examined. Credit: 3 semester hours.

ACC 3373 Intermediate Accounting III
Prerequisite: ACC 3372. Financial statements, account balances, and business transactions and events are analyzed using U.S. and international financial reporting standards as a means of communicating necessary information to interested parties. Topics affecting income determination and conformity with GAAP, such as, accounting for income taxes; pensions and post-retirement benefits; leases; accounting changes and error analysis; statement of cash flows; full disclosure in financial reporting; partnership: formation, operation, termination, and liquidation; as well as, SEC financial reporting requirements are examined. Credit: 3 semester hours.

ACC 3354 Accounting Information Systems I (Formerly Accounting Information Systems)
Prerequisite: ACC 2370. Various accounting information and communication systems controls used by an entity with complex systems to monitor and to assess system risks are examined. Potential weaknesses in systems are identified to enable students to recognize appropriate mitigation controls. Credit: 3 semester hours.
ACC 4343 Advanced Accounting I
Prerequisite: ACC 3373, or an equivalent course.
Accounting theory and problems are applied to the formation, acquisition and liquidation of corporations. International and U.S. accounting principles that are applicable to consolidated financial statements of parents and subsidiaries are reviewed. Credit: 2 semester hours.

ACC 4344 Advanced Accounting II
Prerequisite: ACC 3373, or an equivalent course. Special accounting principles, procedures and problems are applied to such entities as partnerships, estates, trusts, governmental, not for profit, and foreign business entities and their subsidiaries.
Credit: 2 semester hours.

ACC 4345 Cost Accounting
Prerequisite: ACC 2370 or an equivalent course. Techniques and methods associated with cost accounting, including product costing, planning and control in both functional-based and activity-based costing systems; as well as, key elements of cost accounting approaches, such as activity-based customer and supplier costing, strategic cost management, activity-based budgeting, process value analysis, and quality costing are examined. Credit: 3 semester hours.

ACC 4346 Advanced Cost Accounting
Prerequisites: ACC 4345 or an equivalent course. Advanced topics in strategic, quality, and environmental cost accounting are discussed. Topics include responsibility accounting, performance evaluation, transfer pricing, lean accounting, productivity measurement, balanced scorecard, activity resource usage model and tactical decision making. Credit: 3 semester hours.

ACC 4347 Principles of Auditing
Prerequisite: ACC 3373 or an equivalent course. Auditing theory and techniques are introduced and applied to audits of financial statements and internal controls over financial reporting. Auditing standards promulgated by the AICPA, PCAOB, and IAASB are discussed. Credit: 3 semester hours.

ACC 4348 Advanced Auditing
Prerequisite: ACC 4347 or an equivalent course. The selection and application of auditing procedures to specific assertion objectives, risks, and internal controls relating to balance sheet and income statement accounts, business transactions and events, and overall financial statement presentation and disclosure are examined. Various reports rendered and other services provided by Certified Public Accountants are examined. Credit: 3 semester hours.

ACC 4351 Seminar in Accounting Theory
Prerequisite: ACC 3373, or an equivalent course. The difficulties of preparing generally accepted accounting principles are explored, and current international and domestic promulgated standards, professional literature, selected proposals, and research, are examined Credit: 3 semester hours.

ACC 4352 Financial Statement Analysis
Prerequisite: ACC 2320 or 2370, or an equivalent course. The fundamental skills necessary to obtain an adequate understanding of the financial position, results of operations and cash-generating ability of business entities are examined. Credit: 2 semester hours.

ACC 4353 International Accounting
Prerequisite: ACC 2370, or an equivalent course. The financial reporting issues and standards faced by multinational corporations operating in countries with different economic, social, cultural, political and legal systems are examined. Credit: 3 semester hours.

ACC 4355 Accounting Information Systems II (Formerly Information Technology Auditing)
Prerequisite: ACC 3354, or an equivalent course. The various audit procedures used to obtain assurance about the systems of a complex information technology user are reviewed, and the appropriateness of information and communication systems controls are studied. Credit: 3 semester hours.

ACC 4356 Principles of Internal Audit
Prerequisite: ACC 2320 or 2370 or an equivalent course. The objectives, concepts, principles, and techniques of internal auditing are covered, including the role of the internal auditor; types of audits; enterprise risk management; and the planning, performance, communication, and follow-up of audit. Credit: 3 semester hours.

ACC 4357 Financial Operations Auditing
Prerequisite: ACC 2320 or 2370 and FIN 2310, or an equivalent course. The specialized accounting for brokers and dealers in securities and for hedge funds are introduced: Internal inspections of brokers and dealers, including regulatory compliance, are examined. Credit: 3 semester hours.

ACC 4358 Sustainability Accounting and Reporting
Prerequisite: ACC 2320 or ACC 2370 or an equivalent course. This course introduces students to (a) the fundamental concepts of corporate sustain ability and how sustainable development issues influence company accounting and reporting practices, (b) the systems and procedures that help ensure sustainability issues are considered in decision making and reporting, (c) the accounting tools to help assess and manage the social and environmental impact of business operations, as well as, (d) contemporary approaches and techniques to account for a company’s social, economic, and environmental impacts.

ACC/TAX 4399 Accounting/Tax Internship
The internship provides students with the opportunity to develop accounting or tax skills in an actual work setting outside the classroom. This internship is a one term, part-time, credit-bearing position within a supervised work environment. This course is open to junior accounting majors with 60 credits completed and a 2.75 cumulative index and at least one semester of academic credit completed at St. John’s University. Coursework appropriate to the internship and permission of the instructor is required. Credit: 3 semester hours.

ACC/TAX 4400 Accounting/Tax Internship
A second internship, or continuation of ACC/TAX 4399, which may be used as a General Elective, and the earned grade is included in the major field index.

TAX 3361 Federal Income Taxation: Individuals
Prerequisite: None. Federal income tax laws with respect to how individuals and property transactions are taxed are examined from both tax compliance and tax planning perspective. Tax laws governing the rules for income inclusion, income exclusion, and allowed deductions, exemptions and credits are studied. Students will be introduced to tax filing requirements, the Internal Revenue Code, applicable regulations, and court decisions. The AICPA’s Statements on Standards for Tax Services as it applies to a code of professional conduct for tax practitioners is incorporated into the course. Credit: 3 semester hours.

TAX 4362 Federal Income Taxation: Businesses
Prerequisite: TAX 3361, or an equivalent course. Federal income tax law as it applies to the allowance for cost recovery, the alternative minimum tax, tax accounting principles and regular C corporations. The tax rules applicable to corporations are examined with regard to organization, operation, distributions, redemption, liquidations and reorganizations. Credit: 3 semester hours.

TAX 4363 Federal Income Taxation: Special Topics
Prerequisite: TAX 4362, or an equivalent course. Federal tax law as it applies to partnerships, S corporations, exempt entities, tax administration and practice, federal gift and estate taxes, and income taxation of trusts and estates. Emphasis is also placed on tax research and communicating research results. Credit: 3 semester hours.

TAX 4364 Federal Income Taxation: Selected Topics II
Prerequisite: TAX 3361, or an equivalent course. Federal and multi-state income tax law, state sales and use taxes, deferred compensation, taxation of estates and trusts, tax accounting principles, corporate organization and reorganization and special classes of corporations is studied. Emphasis is also placed on tax research and communicating research results. Credit: 3 semester hours.

TAX 4365 Practice and Procedure
Prerequisite: TAX 3361 and TAX 3362, or equivalent courses. This course focuses on the procedures to resolve disagreements—both pre-and post-audit—with the Internal Revenue Service as it applies to a code of professional conduct for tax practitioners is incorporated into the course. Credit: 3 semester hours.
Service. The course considers the organization of the Internal Revenue Service; audit and conference procedure; preparation by accountant, attorney and corporate for audits, hearings and conferences; government’s investigatory powers, with special emphasis on the rights and responsibilities of accountants; restrictions on assessments; statute of limitations. The course also considers filing requirements, interest and penalties, tax abatement and the issue of privilege. Credit: 3 semester hours.

Tax 4366 State and Local Income Tax
Prerequisite: TAX 3361, or its equivalent. This is a course that was designed establish the student’s fundamental understanding of state and local tax compliance as it relates to their professional responsibility and their effectiveness as tax and accounting professionals and as corporate executives functioning in any aspect of the controller’s accounting/tax function. This course focuses on broad array State taxation compliance models using the New York State tax code which one of the most comprehensive state and local government tax law models to prepare students for general compliance tasks for most state. In this course students will be exposed to state and local level corporate and individual income taxes, sales and use taxes and unincorporated local business taxes. The course will concentrate on taxation compliance and only the essential parts of the taxation models used by most states. Credit: 3 semester hours.

Department of Business Analytics and Information Systems (CIS/DS)

Ahmad Vakil, Ph.D., Chair

CIS 1332 Computer Systems and Software for Business Applications
Prerequisite: None. The course gives a survey on the fundamentals and emerging trends of computer systems including hardware, software, networks and their business applications. The software suite Microsoft Office 2007 (or later) is utilized throughout the course to illustrate the integrated application of productivity tools to solve business problems. Credit: 3 semester hours.

CIS 3339 Business Applications Software
Prerequisite: CIS1332. The course is designed to enhance student's critical-thinking and problem-solving ability through the intensive applications of software tools to solve real-world projects. Selected software tools include, but not limited to, MS Excel, MS Access, MS Project, MS Visual basic and XML applications. The course is taught using a hands-on approach with project-based tutorials. Credit: 3 semester hours.

CIS 3345 Web Design and Development
Prerequisite: CIS1332. This course is designed to help students learn the Web design principles and techniques. In this course, students will learn how to identify topics, develop content, organize presentations, and design interfaces. Upon completion of the course, students will be able to apply the design principles and use a variety of commercially available Web design software packages to create an industrial-grade websites or online learning courses. Credit: 3 semester hours.

CIS 3347 Business Data Communications and Network
Prerequisite: CIS1332. This course covers the fundamental concepts, business application aspects and emerging trends of data communications and networking. Selected topics include communications hardware, software, and protocols; network basics; network design and topology; local area networks (LAN); wide area networks (WAN); and TCP/IP architecture and extranet; wireless networks, virtual private networks (VPN); networks security, ethical issues, and management; and web technology. Credit: 3 semester hours.

CIS 3348 Computer and Network Security
Prerequisite: CIS 3347. This is the second course in communications network with the emphasis on network security and computer forensics. The course covers topics including security policies and standards, network vulnerabilities, firewall planning, design, configuration and administration, Virtual Private Network, contingency planning, intrusion detection and prevention systems, digital forensics, ethical issues, and management. Hands-on case application will be used to enhance the various topics of networks security discussed in the course. Credit: 3 semester hours.

CIS 3352 Database Management
Prerequisite: CIS1332. This course gives an intensive treatment on database processing. Emphasis is centered on the Data Base Management System’s (DBMS) underlying concepts, theories, designs, implementations as well as future trends. Lab exercises and projects on the implementation of the designed data models, utilizing major DBMS packages (Oracle, MS SQL Server, MySQL, MS Access, Visual Basic), will be discussed and assigned throughout the course. Credit: 3 semester hours.

DS 2333 Modern Statistics II
Prerequisite: DS2333. The course discusses the intermediate statistical techniques and emphasizes exploring and estimating relationships among variables. Topics include: analysis of variance, regression and correlation, time series analysis, index numbers, nonparametric statistics and quality management. Application of the aforementioned techniques to solve real-world economic problems using popular statistics packages such as EXCEL, MINITAB, and SPSS will be emphasized. Credit: 3 semester hours.

DS 3330 Introduction to Business Analytics
Prerequisite: DS 2333 or equivalent. This course is designed as an introduction to Business Analytics. Business Analytics is an area of business that concentrates on the extensive use of data, methods, and fact-based decision making. Furthermore, business analytics uses data and models to explain the performance of a business and how it can be improved. This course discusses the benefits of utilizing business analytics and its structured approach to problem-solving in different business disciplines. Major business analytics software would be utilized throughout this course. Credit: 3 semester hours.

DS 3336 Big Data and Data Mining for Business
Prerequisite: DS 2333 or equivalent. This course serves as an introduction to Data Mining for students who are interested in Business Analytics. Students will learn about many commonly used methods of data mining techniques. These techniques help students to acquire knowledge from large data sets. Specifically, this course introduces methods such as association, clustering, classification, regression trees, visualization, etc. Students utilize a hands-on approach by using different specialized data mining software programs such as XLMiner. Credit: 3 semester hours.

DS 3337 Predictive Analytics and Business Forecasting
Prerequisite: DS 2334 or equivalent. This course provides an extensive coverage of major topics used in developing predictive modeling and statistical forecasting models that are extremely important to business analytics. These topics assist business professional in utilizing historical data and patterns to develop quantitative models for predicting the future events in business. Modern forecasting techniques are extensively covered in this course. Major business analytics software would be utilized throughout this course. Credit: 3 semester hours.
Survey of the main prices charged and the wages paid in a free business firms determine what goods to produce, and monetary policy. The introduction of optimization models and algorithms provide a framework for decision making under different restrictions. Different simulation methods are examined and implemented in this course. Applications of optimization and applications of simulation and advanced business analytics are emphasized in this course. Credit: 3 semester hours.

DS 3350 Business Research Methods
Prerequisite: DS2333 and CIS1332. The course is offered to honors students as a substitute for DS2334. This is a research-oriented course with an emphasis on quantitative and statistical methods. Topics include: business research and decision making; information, research and knowledge management; research design; sampling methods and data collections; analytical procedures; research reporting and evaluation; and ethical considerations in business research. Case studies of quantitative methods applications are discussed and assigned. Credit: 3 semester hours.

Courses to Be Offered Upon Demand

CIS 3349 Advanced Computing and Methodology
CIS 3351 Object-Oriented Programming
CIS 4340 Business Simulation and Model Building
CIS 4342 Business Software Design and Development
CIS 4399; 4400 Computer Information Systems Internship
DS 3346 Linear Programming for Business Decision-Making

Department of Economics and Finance (ECO/FIN)

Vipul Bansal, CFA, Ph.D., Chair

Economics

ECO 1301 Principles of Economics I
General introduction to economic analysis: cause of economic growth, inflation, depression and recession. Impact of government on the national economy via fiscal and monetary policy. Credit: 3 semester hours.

ECO 1302 Principles of Economics II
General introduction to the theory of how business firms determine what goods to produce, prices charged and the wages paid in a free economy. The effects of government regulations and controls. Credit: 3 semester hours.

ECO 1320 Economics of Poverty and Income Inequality (Global Studies course only)
This course provides an overview of the economic issues of poverty and income inequality as they exist in developed countries (USA, Europe). The course will examine the economic, social and political causes of poverty and income inequality, how they are measured, and the role of public policy. The course also examines the cost to individuals and society of persistently high levels of poverty and rising levels of income inequality. Credit: 3 semester hours.

ECO 1326 Economic History of the Western Community
A survey of socio-economic formations and changes in the organization of economies over time. Special focus on the Industrial Revolution and the diffusion of technological knowledge in newly industrializing countries. Credit: 3 semester hours.

ECO 2309 Money and Banking
Prerequisite: ECO 1301. Survey of principles of money and credit, the role of banks, the Federal Reserve and financial institutions. Credit: 3 semester hours.

ECO 2327 Development of American Business Enterprise
Prerequisite: ECO 1302. An analysis of American industrial framework with emphasis on the diverse forms of market structure and behavior, life cycle of industry and the degree of competition. Credit: 3 semester hours.

ECO 3303 History of Economic Thought
Prerequisite: ECO 1302. Survey of the main currents of economic thought. Analysis of classical and neoclassical schools of economics and their major critics. Credit: 3 semester hours.

ECO 3313 Public Finance
Prerequisite: ECO 1302. Overview of the role of the national government plays in the economy, with emphasis on spending, taxation, public goods and market failures. Credit: 3 semester hours.

ECO 3323 Economics of State and Local Governments
Prerequisite: ECO 1301 and 1302. Comparative analysis of the efficiency of state and local governments. Emphasis on an empirical study of decision-making in New York State and New York City. Credit: 3 semester hours.

ECO 3341 Macroeconomic Theory
Prerequisite: ECO 1301, 1302. National income accounting as a tool of economic analysis. Presentation of the pure theory of income, with emphasis on the expenditures approach, analysis of consumer and business spending decisions and saving. Credit: 3 semester hours.

ECO 3343 Microeconomic Theory
Prerequisite: ECO 1301, 1302. Presentation of pure theory of prices, with stress on comparison of the utility and indifference curve approaches to value and distribution. Credit: 3 semester hours.

ECO 3344 International Economics
Prerequisite: ECO 2309. International trade, flow of commodities and capital across national boundaries, impact of international organizations on flow of trade. Analysis of foreign investment and balance of payments. Credit: 3 semester hours.

ECO 3346 Economic Growth and Development
Prerequisite: ECO 1302. An empirical and analytical study of the difference in economic growth and performance among various countries, both developed and less developed. Major theories of economic development are examined. Credit: 3 semester hours.

ECO 3349 Business Economics
Prerequisite: ECO 1301 and 1302. This course helps students to develop analytically robust and structurally sound methods of producing an economic report, which encompasses understanding and evaluation of variables and data sets. The student will be required to prepare written analysis that facilitate the creation of state, regional or national reports, including special purpose reports. While the focus is on the U.S. economy, the methodology used is also relevant in cross-country analysis highlighted throughout the course. Credit: 3 semester hours.

ECO 3360: Marxian Economics
Prerequisite: ECO 1301 and 1302. The course presents the survey of Marxian economics with a focus on how Marx’s work can shed light on problems with which modern economists continue to grapple. This course will introduce students to analytical traditions that receive scant attention in the standard economics curriculum. Credit: 3 semester hours.

ECO 4340 Managerial Economics
Prerequisite: ECO 1302 and MTH 1320. Explores potential contribution and economic theory to formulation of business policy decisions. Concentrates on those economic concepts which can be applied to management problems. Credit: 3 semester hours.

ECO 4345 Introduction to Econometrics
Prerequisites: DS 2333, ECO 1301, 1302. Review of random variables, probability distributions and hypothesis testing. Introduction of regression analysis and application to time series and cross section data. Credit: 3 semester hours.

ECO 4350 Seminar in Economics
Prerequisites: ECO 3341 or permission of the instructor. A research-oriented course focusing on selected topics in theoretical and applied economics, in which emphasis is given to a more advanced treatment of economic issues. Credit: 3 semester hours.
ECO 4399 Economics Internship
The internship provides students with the opportunity to develop applied economic skills in an actual work setting outside the classroom. This internship is a one term, part-time, credit-bearing position within a supervised work environment. This course is open to junior economic majors with 60 credits completed and a 2.75 cumulative index, and at least one semester of academic credit completed at St. John’s University. Coursework appropriate to the internship and permission of the instructor is required. Credit: 3 semester hours.

ECON 4400 Economics Internship
A second internship or continuation of ECON 4399, which may be used as a business elective, and the earned grade is included in the major field index. Credit: 3 semester hours.

ECO courses to be offered upon demand
ECO 3306 Comparative Economics
ECO 3307 Labor Economics
ECO 3335 Mathematical Economics
ECO 3348 Environmental Economics

Finance
FIN 2310 Foundations in Finance
Prerequisite: ECO 1302 and corequisite ACC 2320. Introduces financial markets and institutions, financial risk, time value of money, stock and bond valuation. Credit: 3 semester hours.

FIN 3311 Corporate Financial Analysis
Prerequisite: FIN 2310. Examines problems involved in managing the assets and liabilities of a business. Emphasis is given to capital budgeting, cost of capital, financial structure and dividend policy. Special attention is given to analytical approaches and financial theory. Credit: 3 semester hours.

FIN 3312 Investments
Prerequisite: FIN 2310. The basic theories and techniques of investment are covered within an ethical framework. Emphasis is on valuation models for equity, fixed income and derivatives securities. Credit: 3 semester hours.

FIN 3315 Commercial Banking
Prerequisite: ECO 2309 or FIN 2310. This course covers both theoretical and practical aspects of bank decision-making. Analysis of the operations and management of commercial banks is emphasized. Credit: 3 semester hours.

FIN 3316 Capital and Money Markets
Prerequisite: ECO 2309 or FIN 2310. Study of financial market structures and instruments along with the nature of the financial system. Additional focus on trading, regulation and market crisis. Credit: 3 semester hours.

FIN 3318 International Banking and Finance
Prerequisite: ECO 2309 or FIN 2310. Examines global finance and economic environments, with emphasis on foreign exchange markets. Focus on corporate finance concerns, including currency forecasting and hedging. Credit: 3 semester hours.

FIN 3388: Derivative Markets
Prerequisite: FIN 2310. Students develop an understanding of financial derivative instruments, their markets, and their applications to investment strategy and risk management to create value. We cover forwards, futures, options, and swap contracts, hedging, arbitrage, and derivative-pricing models. The course focuses on risk management decisions from a corporate finance perspective and investors’ perspective. Credits: 3 semester hours.

FIN 4314: Real Estate Finance and Investments
Prerequisite: FIN 2310. Provides an overview of real estate and real estate markets. Focus is on understanding the theory and application of evaluating, valuing and investing in commercial real estate. Credit: 3 semester hours.

FIN 4317 Securities Analysis and Portfolio Management
Prerequisite: FIN 3312. Analysis of the various types of corporate securities and a discussion of the techniques of portfolio management in light of differing investment objectives. Theoretical and applied approaches are examined. Credit: 3 semester hours.

FIN 4327; 4328 Managing Investment Funds
Prerequisite: FIN 3312 or 2310, and permission of instructor. Admission is by application. These courses enable students to manage a “real” investment fund. Students perform functions of a Wall Street securities analyst or mutual fund analyst. Credit: 3 semester hours.

FIN 4350 Seminar in Finance
Prerequisite: FIN 2310. Various topics in finance are covered from semester to semester. A research-oriented course focusing upon selected topics in theoretical and applied finance, where there is more advanced treatment of the issues in finance. Credit: 3 semester hours.

FIN 4399 Finance Internship
The internship provides students with the opportunity to develop applied financial skills in an actual work setting. This internship is a one term, part-time, credit-bearing position within a supervised work environment. This course is open to junior finance majors with 60 credits completed and a 2.75 cumulative index, and at least one semester of academic credit completed at St. John’s University. Coursework appropriate to the internship and permission of the instructor is required. Credit: 3 semester hours.

FIN 4400 Finance Internship
A second internship or continuation of FIN 4399, which may be used as a business elective, and the earned grade is included in the major field index. Credit: 3 semester hours.

Department of Law (LAW)

John P. Clarke, J.D., Chair

LAW 1310 Law in a Business Environment
Examination of the role of law in society, the international legal environment, ethical issues, and the application of the U.S. Constitution. Torts, contracts, business entities, bankruptcy and environmental protection are studied. Credit: 3 semester hours.

LAW 3313 Uniform Commercial Code
Prerequisite: LAW 1310. Study of the legal system relative to commercial transactions, specifically covered by the Uniform Commercial Code including sales, negotiable instruments, and secured transactions. Credit: 3 semester hours.

LAW 3314 Government and Business
Prerequisite: LAW 1310. Regulation of business under federal and state administrative agencies. Examination of issues relative to antitrust, securities regulations, and advertising and the work of the S.E.C. and F.T.C. Credit: 3 semester hours.

LAW 3315 Employment Law and Legislation
Prerequisite: LAW 1310. A study of the laws enacted to protect the individual rights of employees focusing on potential discrimination in the workplace based on race, gender, age, and sexual orientation. Emphasis on the civil rights inherent in the hiring, promotion, and retention of employees in the private sector. Credit: 3 semester hours.

LAW 3316 Law of Small and Family-Run Business
Prerequisite: LAW 1310. Examination of the legal challenges and opportunities inherent in starting and managing a small business, including family run and new entrepreneurial start-up businesses. Review of the laws applicable, including use of corporations, limited liability companies and limited liability partnerships. Credit: 3 semester hours.
Department of Management (MGT)

John Angelidis, Ph.D., Chair

BUS 1100 Introduction to Business
This course is a general survey of the entire field of business administration, where students will acquire an understanding of and appreciation for business functions and career opportunities. All major aspects of business activity are covered. Credit: 1 semester hour.

IB 3341 Principles of International Business
Prerequisite: MGT 2301 and MKT 3301. This course provides an introduction to the field of international business. It examines the international environment and provides insights of the world of global corporations. Credit: 3 semester hours.

IB 4312 GLOBE-International Social Entrepreneurship
Prerequisite: Permission of the instructor. GLOBE, a student-managed academic program and microfinance fund provides loans to entrepreneurs in the developing world. Through GLOBE, students are educated about the world of microfinance while applying their business skills to help the poorest of the poor lift themselves and their families out of poverty. Students with a minimum of a 3.0 cumulative index may apply for this course for their second semester junior year or senior year may earn credit toward their major or a business elective. For more information see Special Programs. Credit: 3 semester hours.

MGT 2301 Administrative and Organizational Behavior
This course is designed to provide an overview of managerial and leadership behaviors relevant to the effective utilization of administrative and human resources in organizational settings. Credit: 3 semester hours.

MGT 3323 Organizational Decision Making
Prerequisite: MGT 2301, DS 2234. Focuses on the integration and application of both the quantitative and the qualitative concepts, and tools necessary to the evaluation and selection of alternatives in the administrative decision making process. Credit: 3 semester hours.

MGT 3325 Management of Operations
Prerequisite: MGT 2301. Introduction to the fundamentals of operations management. Areas of study include aggregate planning, scheduling, inventory control, quality control, production control, productivity. Credit: 3 semester hours.

MGT 3330 PROJECT MANAGEMENT
Prerequisite: MGT 2301. This course is an introduction to modern project management. It provides a detailed overview of concepts and techniques applied to the management of projects. The ability to plan, implement, and manage activities to accomplish specific organizational objectives is a part of the project management. Specialized functions unique to the project management environment including time management, cost management, human resources management, risk management and others are introduced and explained. Credits: 3 semester hours.

MGT 3331 Strategic Leadership in a Global Environment
Prerequisite: MGT 2301. This course is designed to provide an overview of the fundamental concepts of basic leadership models and theories, as well as an in-depth understanding of contemporary issues and perspectives on leadership in a global environment. Credit: 3 semester hours.

MGT 3332 Personnel Administration
Prerequisite: MGT 2301. This course examines the problems and processes of the management of human resources, emphasizing the principles and practices of personnel management and the functions of the executive as applied within the context of personnel administration. Credit: 3 semester hours.

MGT 3337 Corporate Social Responsibility
Prerequisite: MGT 2301. A conceptual review of the interaction between management and the environment in which it functions is provided. The relationship of the organization with the outside public, community, and society is explored. Credit: 3 semester hours.

MGT 3339 Global Organizational Behavior
Prerequisite: MGT 2301. This course is designed to provide a comprehensive and up-to-date introduction to the field of international organizational behavior and managerial requirements in the global context. Credit: 3 semester hours.

MGT 3340 Managing the IT Function
Prerequisite: MGT 2301. While maintaining a focus on information technology resources, this course explores alternative approaches for managing IT resources, coordinating business and IT strategies, purchasing IT resources, and what the user-manager and the systems professional need to know to make effective use of IT technologies. Credit: 3 semester hours.

MGT 3342 Systems Analysis and Design
Prerequisite: MGT 2301. Students are introduced to the use of tools and techniques typically applied by systems analysts during the development of new business-related information systems. Credit: 3 semester hours.

MGT 3344 Decision Support Systems
Prerequisite: MGT 2301. Students learn to make and support managerial decisions by providing a thorough understanding of the support aspect of Decision Support Systems (DSS). Credit: 3 semester hours.

MGT 3346 Electronic Commerce
Prerequisite: MGT 2301. This course explores the process of buying and selling goods, services, and information electronically through telecommunications networks, and primarily the internet. Credit: 3 semester hours.

MGT 3391 Global Business Strategy
Prerequisite: MGT 2301. This is a course in the development and implementation of global business strategies. It utilizes cases to study strengths and weaknesses of multinational organizations, preparing students to evaluate global strategies that multinational organizations use to position themselves in the global business marketplace. Credit: 3 semester hours.

MGT 4310 Entrepreneurship
Prerequisite: MGT 2301. The course teaches students to use the entrepreneurial perspective in business decision making. Students enhance their capacity to envision, anticipate, and orchestrate events in new business ventures. Credit: 3 semester hours.

MGT 4311 Small Business Management.
Prerequisite: MGT 2301. This course is designed to introduce students to current theory and practice related to managing small firms. It covers basic principles of organization and management appropriate for a small business environment. Skills and activities needed for the successful management of small firms, whether traditional family businesses, franchises or new entrepreneurial ventures are taught. Credit: 3 semester hours.

MGT 4320 Management of Service Operations
Prerequisite: MGT 2301 and MGT 3325. This course focuses on the management of service operations within the pure service sector (banking, transportation, travel and the hospitality industry, government, etc.) and within the service functions of manufacturing (after-sales support, financing, etc.). Credit: 3 semester hours.

MGT 4322 Management Information Systems
Prerequisite: MGT 2301. The course provides an investigation of principles governing the design, testing, and implementation of business procedures and information systems within the framework of computerized environment. Credit: 3 semester hours.

MGT 4324 Advanced Operations Management
Prerequisite: MGT 2301, MGT 3325. Selected production processes are surveyed and production problems considered in depth. Emphasis is given on the analytical methods used in the design, implementation and control of production systems. Credit: 3 semester hours.

MGT 4326 Global Supply Chains
Prerequisite: MGT 2301 and 3325. The principles and practices of supply management are surveyed with emphasis on procurement-its organization and its analytical methods and techniques. Credit: 3 semester hours.
MGT 4329 Managerial Strategy and Policy
Prerequisite: Taken in last 12 credits, may take in summer only if graduating. The course concerns enterprise-wide strategic management. In this course students learn how to develop and implement business strategies. Credit: 3 semester hours.

MGT 4333 Industrial and Personnel Psychology
Prerequisite: MGT 2301. (Cf. PSY 33) The course studies the psychological aspects of individual differences, efficiency working conditions, accident prevention, human engineering, industrial mental health and counseling. Credit: 3 semester hours.

MGT 4334 Managing a Culturally Diverse Workforce
Prerequisite: MGT 2301. This course provides a study of the formal social structures and organizational environments, organizational environments and the factors facilitating and impeding the harmonious integration of culturally diverse workforce personnel. Credit: 3 semester hours.

MGT 4335 Management of Compensation
Prerequisite: MGT 2301. This course covers principles underlying management’s application of monetary incentives. Generally, wage theory, principles and practices are investigated. Credit: 3 semester hours.

MGT 4336 Development of Human Resources
Prerequisite: MGT 2301. Students learn applications of management and teaching-learning principles of job training, supervisory development, executive growth and the role of business in meeting urban personnel needs, organization and administration of programs, methods of instruction, evaluation and research. Credit: 3 semester hours.

MGT 4338 International Management and Operations
Prerequisite: MGT 2301. The course provides a survey of managerial actions and practices within the global setting. The impact of economic, political, and social-cultural differences on international business management is explored. Credit: 3 semester hours.

MGT 4347 Managing Through Social Media
Prerequisite: MGT 2301. The course is an overview of the emerging opportunities for managers to utilize social media as management tools. In this course students will learn to deploy social media as platforms for collaboration, communication, creative problem solving and project management. Credit: 3 Semester hours.

MGT 4348 Emerging Trends in MIS
Prerequisite: MGT 2301. Current issues and trends in the MIS field are explored through lectures, discussions, and case analyses. Credit: 3 semester hours.

MGT 4399 Management Internship
The internship provides students with the opportunity to develop management skills in an actual work setting outside the classroom. This internship is a term, part-time, credit-bearing position within a supervised work environment. This course is open to junior management majors with 75 credits completed and a 2.75 cumulative index, and at least one semester of academic credit completed at St. John’s University. Coursework appropriate to the internship and permission of the instructor is required. Credit: 3 semester hours.

MGT 4400 Management Internship
A second internship or continuation of MGT 4399, which may be used as a business elective, and the earned grade is included in the major field index. Credit: 3 semester hours.

Department of Marketing (MKT)

Iris Mohr, Ph.D., Chair

MKT 2301 Principles of Marketing
This course is designed to develop knowledge and understanding about the basic principles of marketing and its role in directing and blending all activities of an organization. Credit: 3 semester hours.

MKT 2301 Principles of Marketing Honors
This course is designed to develop knowledge and understanding about the basic principles of marketing. A service learning project will need to be completed by each honor student. Credit: 3 semester hours.

MKT 3305 Advertising
Prerequisite: MGT 2301. Advertising is surveyed as a major part of a brand’s integrated marketing communications process which presents brand information and spurs consumer behavior. Credit: 3 semester hours.

MKT 3306 Integrated Marketing Communication
Prerequisite: MGT 2301. The course introduces the students to the fundamental principles and theories of sale promotion and integrated marketing communication (IMC). Credit: 3 semester hours.

MKT 3307 Principles of Retailing
Prerequisite: MGT 2301. The student examines the planning, organization, management and operations of the retail (e-tail) firm. Strategic and tactical factors leading to growth in retail (e-tail) sales and earnings are emphasized. Credit: 3 semester hours.

MKT 3309 Event Marketing
Prerequisite: MGT 2301. Marketing is an essential element in the commercial success of entertainment products. This course considers the various mixes of entertainment media and how business uses this media to be successful. Credit: 3 semester hours.

MKT 3311 Consumer Behavior
Prerequisite: MGT 2301. This course addresses issues related to consumer behavior from a number of different viewpoints. It examines the influences of psychological, sociological, and cultural variables on buying behavior and marketing strategy development. Credit: 3 semester hours.

MKT 3312 Marketing Research
Prerequisite: DS 2333, MGT 2301. Marketing Research is a scientific approach commonly used to identify problems and their causes, collect relevant information, analyze and present this information within the management decision making process. Credit: 3 semester hours.

MKT 3317 International Marketing
Prerequisite: MGT 2301. This course is designed to expand the students’ perspective of marketing from a domestic to global orientation. Credit: 3 semester hours.

MKT 3320 Service Marketing
Prerequisite: MGT 2301. The course focuses on the unique challenges of managing services and delivering quality service to customers. Credit: 3 semester hours.

MKT 3321 Financial Services
Prerequisite: MGT 2301. In this course we will look to apply marketing principles—especially those related to services marketing—to the financial services industry. Credit: 3 semester hours.

MKT 3322: Creativity and Innovation for Business and Society
Prerequisite: MKT 2301. Taking a broad, service-oriented view of the marketplace, this course examines the relationship between creativity/innovation and positive change with an emphasis on what it takes to conceive, nurture and birth sustainable ideas that create value for firms, customers and other marketplace actors. Individual, community and organizational aspects of creative problem solving are explored through hands-on exercises and community-based projects designed to provide students with the tools and skills they need to approach complex challenges in new ways. Credits: 3 semester hours.

MKT 4305 Advertising/ Marketing Research Project
Prerequisite: MKT 2301, and permission of the instructor. This is an advanced, multi-disciplinary course that uses a real-world challenge of a prominent company to teach students how to think through a complex marketing problem. Credit: 3 semester hours.

MKT 4331 Consumer Behavior
Prerequisite: MGT 2301. This course addresses issues related to consumer behavior from a number of different viewpoints. It examines the influences of psychological, sociological, and cultural variables on buying behavior and marketing strategy development. Credit: 3 semester hours.
MKT 4306 Advertising Project  
Prerequisite: MKT 4305 and permission of the instructor. This is an advanced course that involves students in hands-on execution of a marketing/advertising campaign, performing all the functions of a contemporary marketing communications agency. Credit: 3 semester hours.

MKT 4316 Marketing Management and Policies  
Prerequisite: MGT 2301, MKT 2301. A capstone, case-oriented course, emphasizing the development of marketing management skills. Credit: 3 semester hours.

MKT 4350 Marketing Seminar  
A senior-level course focusing on the current and critical marketing issues being addressed by today’s firms. Credit: 3 semester hours.

MKT 4399 Marketing Internship  
The internship provides students with the opportunity to develop marketing skills in an actual work setting outside the classroom. This internship is a one term, part-time, credit-bearing position within a supervised work environment. This course is open to junior marketing majors with 60 credits completed and a 2.75 cumulative index, and at least one semester of academic credit completed at St. John’s University. Coursework appropriate to the internship and permission of the instructor is required. Credit: 3 semester hours.

MKT 4400 Marketing Internship  
A second internship or continuation of MKT 4399, which may be used as a business elective, and the earned grade is included in the major field index. Credit: 3 semester hours.

MKT courses to be offered upon demand

MKT 3308 Principles of Direct Marketing  
MKT 3310 Sales Management  
MKT 3315 Product Management  
MKT 4318 Export-Import Marketing

Department of Military Science (MSC)  
(Queens campus)

Objectives  
To prepare students to serve as Second Lieutenants in the United States Army on either Active Duty or with the Reserves Components.

Basic Courses

MSC 11 Introduction to ROTC  
Learn basic military concepts. Increase self-confidence and knowledge through team study and activities in basic drill, physical fitness, rappelling, leadership reaction course, first aid, and map reading. Credit: 1 semester hour.

MSC 12 Organization of the U.S. Army and Introduction to Leadership  
Learn and apply principles of effective leadership and Army ethics. Develop communications skills to improve individual performance and group interaction. Learn rifle marksmanship. Credit: 1 semester hour.

MSC 21 Military Leadership  
Continue to develop individual abilities and contribute to the building of effective teams. Prepare, present and analyze a military battle using the Principles of War. Credit: 1 semester hour.

MSC 22 Military Skills and Team Development  
Introduction to individual and team aspects of small unit operations using Troop Leading Procedures (TLP) and the Military Decision-Making Process. Examine staff functions. Credit: 1 semester hour.

Advanced Courses.

MSC 31 Small Unit Tactics and Procedures 1  
A detailed study into leader responsibilities, TLPs, operations orders and small-unit tactics. Students complete physical fitness training in preparation for the National Advanced Leaders Camp. Credit: 3 semester hours.

MSC 41 Leadership Challenges and Goal Setting  
Assess organizational cohesion and develop strategies to improve it. Emphasis is placed on the Officer Evaluation System, the Army legal system, and training management doctrine. Credit: 3 semester hours.

MSC 42 Transition to Lieutenant  
An advanced study of military leadership involving the U.S. Constitution and civilian control of the military. Emphasis on understanding Army doctrine and tactics. Credit: 3 semester hours.  
Note: Students must also register for the leadership lab for each class listed above. The leadership lab provides hands-on training in skills taught in the classroom.

MSC 41 Leadership Challenges and Goal Setting  
Prerequisite: MSC 31, 32 and departmental approval. Plan, conduct and evaluate activities of the ROTC cadet organization. Articulate goals, put plans into action to attain them. Assess organizational cohesion and develop strategies to improve it. Develop confidence in skills to lead people and manage resources. Emphasis is placed on the officer evaluation system; advanced discussions of the challenges of platoon-level leadership; detailed study of the Army’s legal system; an introduction to the Army’s training management and logistics systems. Field trips, a written after-action report and battle analysis are required. Two hours and a required leadership lab (MSC LL), plus required participation in three one-hour sessions for physical fitness. Credit: 2 semester hours.

MSC 42 Transition to Lieutenant  
Prerequisite: MSC 41 and departmental approval. An advanced study of military leadership designed to transition the student from cadre to Lieutenant. Emphasis is placed on understanding Army doctrine and tactics at the squad level and higher; introduction to military operations other than war; study of the Battle of Gettysburg including a field trip to the site; debates on the role of the U.S. Constitution and civilian control of the military. Field trips, a battle analysis and a military letter to the students’ first assignment are required. Two hours and a required leadership lab (MSC LL), plus required participation in three one-hour sessions for physical fitness. Credit: 2 semester hours.

MSC LL Leadership Laboratory  
Practical exercise on topics discussed in class to aid in developing leadership skills. The advanced students are offered the opportunity to plan, prepare and execute the laboratories. Basic course students participate in the training and are given opportunity to learn new skills and develop team cohesion. Students develop, practice and refine leadership skills by serving and being evaluated in a variety of responsible positions. Laboratory is conducted once weekly, usually on Thursdays.
Department of Risk Management, Insurance and Actuarial Science (RMI and ACT)

Mark J. Browne Ph.D., Chair

RMI 2301: Principles of Risk Management
Prerequisites: None. Surveys fundamental principles of risk and risk management, examines how insurance offers protection for individuals and society and how the insurance market is structured and regulated, and discusses theories in risk management and insurance. Credit: 3 semester hours.

RMI 3333: Commercial Property Risk Management and Insurance
Prerequisite: RMI 2301. Identifies property loss exposures that corporations commonly face and examines how they manage these exposures, discusses the theories and principles governing insurance contracts, and analyzes the commercial property insurance industry. Credit: 3 semester hours.

RMI 3335: Life, Health, Pension and Social Insurance
Prerequisite: RMI 2301. Surveys market-based and government-based insurance tools designed to manage risks of premature death, disability and loss of health. Examines social security and retirement funding issues. Credit: 3 semester hours.

RMI 3350: Insurance Leadership in Markets and Society
Prerequisite: RMI 2301. Presents an opportunity to develop familiarity with the global insurance industry and practice in the critical-thinking and communication skills essential for success in that industry, and covers experiential learning, including study abroad possibility. Credit: 2 semester hours.

RMI 3355: Risk Control
Prerequisite: RMI 2301. Overviews the risk assessment and treatment processes. Examines techniques used in identifying, assessing and treating risks, and covers handling the consequences of risk that corporations face. Credit: 3 semester hour.

RMI 3360: Corporate Risk Management
Prerequisite: RMI 2301. Through case examples, help students gain experience with the process of managing operational, financial and strategic risks of private and public organizations. Credit: 3 semester hours.

RMI 3361: Insurance and Alternative Risk Transfer
Prerequisite: RMI 2301 and FIN 3310. Presents advanced methods of combining insurance and other financial tools into solutions for funding a firm’s exposure to risk in ways that create and/or improve economic value of the firm. Credit: 3 semester hours.

RMI 3388: Computer Applications in Insurance
Prerequisite: None. Provides students with hands-on experience in different computer software to perform various data analysis tasks that are commonly required of entry-level jobs in insurance industry. Basic and intermediate statistics concepts are reviewed in the context of insurance applications. Credit: 3 semester hours.

RMI 4311 Cases in Insurance Research
Prerequisite: RMI/2301, and Permission of the instructor. Students obtain familiarity with a set of current financial service sector issues and hone their ability to think creatively about risk issues. The course is conducted as a hybrid course, namely a combination of face-to-face meetings of the entire class, student-led research paper discussions and feedback forums, research presentations by the most recognized scholars and significant on-line activities, plus individual or small group synchronous tutorials.

RMI 4334: Commercial Liability Risk Management and Insurance
Prerequisite: RMI 2301. Identifies liability loss exposures that corporations commonly face and examines how they manage these exposures, discusses the theories and principles governing insurance contracts, and analyzes the commercial liability insurance industry. Credit: 3 semester hours.

RMI 4364: Reinsurance
Prerequisite: RMI 2301. Surveys reinsurance products and programs as well as the supply and demand for reinsurance in insurance markets. Credit: 3 semester hours.

RMI 4390: Insurance Industry Operations
Prerequisite: RMI 2301. Provides an overview of the industrial organization of the insurance markets, including the competitive and regulatory impacts on both consumers and firms, and examines the interaction between the firm’s actuarial, underwriting, claims, investment, marketing functions. Credit: 3 semester hours.

RMI 4399: Internship
Prerequisite: RMI 2301. Provides students with the opportunity to develop applied skills in a supervised, actual work environment. This internship is a one term, part-time, credit-bearing position within a supervised work environment. This course is open to junior RMI majors with 60 credits completed and a 2.75 cumulative index, and at least one semester of academic credit completed at St. John’s University. Credit: 3 semester hours.

ACT 2322 Actuarial Science 2 (Advanced Calculus and Statistics)
Provides a thorough review of key calculus topics and mathematical statistics to prepare students for the first actuarial examination (1/P). Credit: 3 semester hours.

ACT 2333 Actuarial Science 3 (Probability Theory)
Provides a review and extension of probability theory to prepare students for the first actuarial examination (1/P). Credit: 3 semester hours.

ACT 2334 Actuarial Science 4 (Theory of Interest)
Develops the concepts of financial mathematics to prepare students for the second actuarial examination (2/FM). Credit: 3 semester hours.

ACT 3335 Actuarial Science 5 (Life Contingencies I)
First of a two-course sequence, promotes students to develop knowledge of actuarial models and apply them. Prepare students for advanced actuarial examination (MLC). Credit: 3 semester hours.

ACT 3336 Actuarial Science 6 (Life Contingencies II)
Second of a two-course sequence, promotes students to develop knowledge of actuarial models and apply them. Prepare students for advanced actuarial examination (MLC). Credit: 3 semester hours.

ACT 3349 Actuarial Science 9 (Applied Statistics) Is a course approved for actuarial society credit under the Validation by Educational Experience (VEE) Program. Credit: 3 semester hours.

ACT 4347 Actuarial Science 7 (Construction and Evaluation of Actuarial Models I)
First of a two-course sequence, develops the student’s knowledge of modeling and actuarial methods with business applications; Prepare students for advanced actuarial examination (4/C). Credit: 3 semester hours.

ACT 4348 Actuarial Science 8 (Construction and Evaluation of Actuarial Models II)
Second of a two-course sequence, develops the student’s knowledge of modeling and actuarial methods with business applications; Prepare students for advanced actuarial examination (4/C). Credit: 3 semester hours.
Norean R. Sharpe, Dean, Joseph H. and Maria C. Schwartz Chair and Professor of Business Analytics and Information Systems, B.A., Mount Holyoke College; M.S., University of North Carolina; Ph.D., University of Virginia.

Ivan Abel, Associate Professor of Marketing, B.E.E., The City College, City University of New York; M.B.A., Baruch College; Ph.D., City University of New York.

John Angelidis, Chair and Professor of Management, B.S., Georgia Institute of Technology, MS., Ph.D., Georgia State University.

Mark Aquilio, CPA, Professor of Accountancy, B.S., J.D., Fordham University; LL.M., New York University.

Joan Ball, Associate Professor of Marketing, B.A., University of New York, Albany; M.S., Nyack College; Ph.D., International School of Management.

Vipul K. Bansal, CFA, Chair and Professor of Finance, B.A., Jiwaji University; M.B.A., University of Delhi; Ph.D., University of Mississippi.

James Barrese, Professor of Risk Management and insurance, Robert F. Caroan Academic Chair, B.S., Ph.D., Rutgers University.

Albert J. Beer, F.C.A. S., M.A.A.A, Assistant Professor of Risk Management and Insurance, B.S., Manhattan College, M.A. University of Colorado.

Mikael Bergbrant, Associate Professor of Finance, B.S., M.S., M.B.A., Ph.D., University of South Florida.

Jason Berkowitz, Assistant Professor of Economics and Finance, B.B.A., M.S., George Washington University, Ph.D., University of North Carolina at Charlotte.

Mark Browne, Chair and Professor of Risk Management and Insurance, B.S.E., M.A., Ph.D., University of Pennsylvania.

M. Northrup Buechner, Associate Professor of Economics, A.B., Lawrence University, Ph.D., University of Virginia.

Fabienne T. Cadet, Assistant Professor of Marketing, B.S., M.B.A., St. John’s University; Ph.D., Hampton University.

Turany Caner, Assistant Professor of Management, B.S., METU Turkey, M.B.A., Providence College, Ph.D., University of Pittsburgh.

William Ryall Carroll, Associate Professor of Marketing, B.A., University of Rochester, M.Sc. University of Texas, Ph.D., Baruch College.

Patrick A. Casabona, Professor of Accountancy, B.A., Iona College; M.B.A., Ph.D., Baruch College of the City University of New York.

David Y. Chan, Associate Professor of Accountancy, B.S., M.S., St. John’s University.

Chiang-Nan Chao, Professor of Management, B.A., Jilin University, China; M.B.A., Lamar University; Ph.D., Arizona State University.

Thomas P. Chen, Professor of Economics and Finance, B.A., Tunghai University; M.A., State University of New York at Buffalo; Ph.D., City University of New York.

Yeong C. Choi, CPA, Associate Professor of Accountancy, B.A., M.A., M.S., YeungNam University, Korea; M.S., University of Delaware; Ph.D., Drexel University.

Young Back Choi, Professor of Economics, B.A., SUNY Old Westbury; M.A., Ph.D., University of Michigan.

Charles M. Clark, Professor of Economics, B.A. Fordham University; M.Ph.D., New School for Social Research, Senior Fellow, Vincentian Center for Church and Society.

Sylvia Clark, Associate Professor of Marketing, B.B.A., Baruch College, M.B.A., New York University; Ph.D., Baruch College.

John P. Clarke, Chair and Associate Professor Law, B.B.A., St. John’s University, J.D., St. John’s University Law School.

Patrick R. Colabella, CPA, Associate Professor of Accountancy, B.S., St. John’s University; M.B.A., Pace University, Ed.D., St. John’s University.

Timothy Coville, CPA, Associate Professor of Accountancy, B.S., SUNY Albany; M.B.A., New York University; Ph.D., Rutgers University.

Gerald P. Cusack, Associate Professor of Management, B.A., M.B.A., St. John’s University; M.A., New School for Social Research; Ph.D., New York University.

Andre de Souza, Assistant Professor of Economics and Finance, B.A., M.B.A., Goa University, India; Ph.D., New York University.

Nina T. Dorata, CPA, Chair, and Professor of Accountancy, B.S., M.B.A., St. John’s University, Ph.D., Rutgers University.

Reza Eftekharzadeh, Associate Professor of Business Analytics and Information Systems, B.A., Tehran, Iran; M.B.A., St. John’s University; M.B.A., M.Phil., Ph.D., Baruch College.

I. Hlmi Elifoglu, CISA, CISM, Associate Professor of Accountancy, B.S., Ankara University; M.B.A., University of Minnesota; M.S., Ph.D., New School for Social Research.

Robert B. Fireworker, Professor of Business Analytics and Information Systems, B.S., Brooklyn College; M.S., New York University.

Adrian P. Fitzsimons, CPA, CISA, CMA, CFA, Associate Dean of Academic Programs and Professor of Accountancy, B.S., M.B.A., St. John’s University; Ph.D., New School for Social Research.

Ingrid Fray, Assistant Professor of Management, B.A., Fairleigh Dickinson University; M.B.A., University of Phoenix.

Arlene J. Furfaro, Associate Professor of Economics and Finance, B.A., M.A., Pace College; JD., Pace University; Ph.D., Rutgers University.

Leonora Fuxman, Professor of Management, B.S., Kiev State University, Ukraine; MA., Ph.D., Wharton School, University of Pennsylvania.

Joseph A. Giacalone, Professor of Economics and Finance, Henry George Chair, B.A., Ph.D., Columbia University; M.B.A., St. John’s University.

Aleksandr V. Gevorkyan, Assistant Professor of Economics and Finance, B.S., M.S., Louisiana State University; M.Phil., Ph.D., The New School.

Sylwia Gornik-Tomaszewski, CMA, CFM, Professor of Accountancy, M.S., Academy of Economics, Katowice, Poland; M.S., Kent State University; D.B.A., Cleveland State University.

Niall Hegarty, Associate Professor of Management, B.S., M.B.A., Ed.D, St. John’s University.

Annette Hofmann, Assistant Professor of Risk Management and Actuarial Science, B.S., Ph.D., University of Hamburg.

Sven Horak, Assistant Professor of Management, B.A. (hons) eq., Stralsund University of Applied Sciences Timothy Keinginning, J. Donald Kennedy Endowed Chair in E-Commerce and Associate Professor of Marketing, B.A., Kentucky Wesleyan College; M.B.A., Vanderbilt University; Ph.D., Staffordshire University.

Chaman Lai Jain, Professor of Economics, B.A., MA., Punjab University, India; M.A., Vanderbilt University, Ph.D., American University.

Shreekant G. Joag, Associate Professor of Marketing, B. Tech. Mech., Indian Institute of Technology, B.A., Indian Institute of Management; Ph.D., Oklahoma State University.

Timothy Keinginning, J. Donald Kennedy Endowed Chair in E-Commerce and Associate Professor of Marketing, B.A., Kentucky Wesleyan College; M.B.A., Vanderbilt University; Ph.D., Staffordshire University.

Deborah Kleiner, Associate Professor of Law, B.A., Brooklyn College; J.D., New York University School of Law.

Craig Latshaw, CPA, Associate Professor of Accountancy, B.S., Gettysburg College; M.B.A., Kutztown University, Ph.D., Drexel University.

K. Thomas Liaw, Professor of Economics and Finance, B.A., National Chenci University, Taiwan; Ph.D., Northwestern University.

Xiao Joyce Lin, Assistant Professor of Risk Management and Insurance, B.A., B.S., Peking University, Beijing; Ph.D., University of Wisconsin—Madison.

Chris P. Long, Associate Professor of Management, B.A., University of Connecticut; M.P.P., Harvard University; Ph.D., Duke University.

F. Victor Lu, Professor of Business Analytics and Information Systems, B.S., Cheng Kung University, Taiwan; M.S., Georgia Institute of Technology; Ph.D., Syracuse University.

John J. Lynch, Assistant Professor of Accountancy, B.B.A., St. Francis College; M.B.A., Pace University.

Laura Lee Mannino, Associate Professor of Accountancy, B.S., Fairfield University; J.D., Hofstra University; LL.M., New York University.

Anna Martin, Alois J. Theis Professor in Global Finance, B.S., Purdue University; M.B.A., University of Miami, Ph.D., Florida Atlantic University.

Brenda L. Massetti, Associate Professor of Management, B.A., University of South Florida; M.B.A., University of Alabama in Birmingham; Ph.D., Florida State University.

Irene N. McCarthy, CPA, Professor of Accountancy, B.B.A., Baruch College; M.S., City College of New York; Ph.D., New York University.

Stephen J. Mildenhall, FCAS, ASA, Director of Insurance Data Analytics, Assistant Professor of Risk Management and Insurance, B.S., University of Warwick; S.M., Ph.D., University of Chicago.

Iris Mohr, Associate Professor of Marketing, B.S., SUNY at Albany; M.A., Hebrew University; M.B.A., Ph.D., Baruch College.

Gary Mongiovi, Professor of Economics and Finance, B.S., St. John's University; M.A., New York University; Ph.D., New School for Social Research.

Ronald L. Moy, Associate Professor of Economics and Finance, B.A., M.A., Ph.D., Rutgers University.

Kirstin Munro, Assistant Professor of Economics, B.A., Reed College; M.A., University of Illinois at Chicago; Ph.D., Portland State University.

Harry L. Nagel, Professor of Business Analytics and Information Systems, B.S., CUNY Brooklyn College; M.S., Ph.D., New York University.

Jay Nathan, CFPIM, APP, CPM, Professor of Management, M.E., University of Florida; M.B.A., Ph.D., University of Cincinnati.

John J. Neumann, Associate Dean of Faculty and Associate Professor of Economics and Finance, B.B.S., University of Pennsylvania; Ph.D., Boston University.

Theresa Pactwa, Associate Professor of Finance and Economics, B.B.A., University of Iowa, M.S., Drexel University; Ph.D., Florida International University.

Anthony Pappas, Associate Professor of Economics and Finance, B.S., Massachusetts Institute of Technology; M.A., Ph.D., Yale University.

Cynthia R. Phillips, Associate Professor of Accountancy, B.B.A., Hofstra University, M.B.A., Ed.D., St. John’s University.

Biagio Pilato, Assistant Professor of Accountancy, B.S., J.D., St. John’s University, LL.M., New York School of Law.

Maria Pirrone, Associate Professor of Accountancy, B.S., M.B.A., J.D., St. John’s University; LL.M., New York Law School.

Simcha Pollack, Professor of Business Analytics and Information Systems, B.S., CUNY Brooklyn College; M.S., Ph.D., New York University.

David M. Pooser, Assistant Professor of Risk Management and Insurance, B.S., Ph.D., Florida State University.

Ronnie Rong Qi, Associate Professor of Economics and Finance, B.S., Renmin University, China; M.A., Columbia University, Ph.D., Columbia University.

Jack Raisner, Professor of Law, Boston University; J.D. Cardozo School of Law, Yeshiva University.

Ralph Rogalla, Assistant Professor of Risk Management, Insurance, and Actuarial Science, M.S., Technical University Berlin; Ph.D., Habil., Goethe University Frankfurt.

Manuel G. Russon, Associate Professor of Business Analytics and Information Systems, B.A., University of Pittsburgh; M.A., Ph.D., University of Mississippi.

Anthony Sabino, Professor of Law, B.S., J.D., St. John’s University.

Linda M. Sama, Associate Dean for Global Initiatives and Executive Director, Center for Global Business Stewardship, John F. Adams, and Professor of Management, Ph.D. Baruch College, M.Phil., Baruch College, M.B.A., McGill University, Montreal, Canada, B.A., State University of New York at Albany.

Nicos A. Scordis, Ph.D., Professor of Risk Management and Insurance, John R. Cox/ACE Ltd. Chair of Risk and Insurance, Ph.D., University of South Carolina, M.B.A., University of Georgia; B.S., Florida State University.

Vincent Shea, Associate Professor of Accountancy, B.B.A., M.B.A., University of North Florida; Ph.D., Kent State University.

Victoria Shoaf, CPA, Professor of Accountancy, B.A., California State College; M.B.A., Pace University; Ph.D., Baruch College, City University of New York.

Abraham Stefanidis, Associate Professor of Management, B.A., M.B.A., Ph.D., Athens University.

Petra Steinworth, Associate Professor of Risk Management and Insurance, B.A., University of Hamburg, M.A., Ph.D., LMU.

Kevin Jailin Sun, Associate Professor of Accountancy, B.A., Shanghai University, Ph.D., University of Colorado at Boulder.

Ralph A. Terregrossa, Associate Professor of Economics, B.A., SUNY Cortland; M.A., Ph.D., SUNY Binghamton.

Igor Tomic, Professor of Economics and Finance, B.S., M.A., CUNY Queens College; Ph.D., City University of New York.

Joseph Trainor, CPA, Associate Professor of Accountancy, B.S., Southern New Hampshire University, M.B.A., Ph.D., Florida Atlantic University.

Ahmad Vakil, Chair and Associate Professor of Business Analytics and Information Systems, B.S., National University, Tehran, Iran; M.B.A., LaSalle University; M.S., Ph.D., Temple University.

Athanasios Vasilopoulos, Professor of Business Analytics and Information Systems, B.E.E., M.E.E., Ph.D., New York University.

Raja Vatti, Associate Professor of Business Analytics and Information Systems, B.A. Andhra University, India; M.S., Emory University; M.B.A., Iona College, Ph.D., New York University.
Ping Wang, Professor of Risk Management and insurance, B.S., M.S. and Ph.D., Nankai University (China); Ph.D., University of Wisconsin - Madison.

Paul L. Walker, CPA, Professor of Accountancy, James J. Schiro Zurich Chair in Enterprise Risk Management, B.B.A., University of Texas at Arlington, Ph. D., University of Colorado at Boulder.

Charles Wankel, Professor of Management, B.B.A., Iona College; M.B.A., Ph.D., New York University.

Kwok-Fai Matthew Wong, CFA, Professor of Economics and Finance, B.A., Acadia University, Canada; M.B.A., University of Manitoba, Canada; J.D., Fordham University; Ph.D., University of Mississippi.

Yun Zhu, Assistant Professor of Economics and Finance, B.A., Fudan University, China, M.S., South Dakota State University; Ph.D., Rensselaer Polytechnic Institute.

Emeritus Faculty

Christine Rider, Professor Emeritus, B.S., London School of Economics; M.A., CUNY, Queens College; Ph.D., New School for Social Research.

Eberhard E. Scheuing, Professor Emeritus, 4/9/2002, M.B.A., Ph.D., University of Munich, Germany; C.P.M., A.P.P., N.A.P.M.
College of Pharmacy and Health Sciences

Russell J. DiGate, Dean, Ph.D.
Joseph M. Brocavich, Senior Associate Dean, B.S. Phm., Pharm.D.
S. William Zito, Senior Associate Dean, B.S. Phm., Ph.D.
Joseph V. Etzel, Associate Dean, B.S. Phm., Pharm.D.
Marc E. Gillespie, Associate Dean, B.A., Ph.D.
Sawannee Khongsawatwaja, Associate Dean, B.A., M.S.
Cathleen Murphy, Associate Dean, D.C., M.S.
Manouchkathe Cassagnol, Assistant Dean, Pharm.D.
Tina Kanmaz, Assistant Dean, B.S. Phm., Pharm.D.
Janet E. Carl, Assistant to the Dean, B.A., M.S., P.D., Ed.D.
Michael Fahid, Assistant to the Dean, B.S., M.A.
Patricia Haas, Assistant to the Dean, B.A., M.S.
William Malone, Director, B.S., M.S.
Jaclyn Vialet, Director, B.A., M.L.S.
Anthony Marziliano, Associate Director, B.A., M.S.
Diana J. Patino, Assistant Director, B.S., M.S.

Objectives
The College of Pharmacy and Health Sciences seeks to prepare students to meet the present and future demand for pharmacists, physician assistants, clinical laboratory scientists, radiologic scientists and toxicologists to qualify them for their responsibility in matters of public health, to make them conscious of the opportunity to serve their fellow man, to emphasize the highly specialized professional service rendered to and for members of the other professions as well as to the public, to instill in the students appreciation of the ever-changing character of the health professions, to provide an opportunity for broad general education and to inspire students to pursue graduate study in specialized fields of interest.

The College of Pharmacy and Health Sciences has adopted the following Vision Statement: The College of Pharmacy and Health Sciences will be a nationally recognized model of distinctiveness for the preparation of exemplary health care providers dedicated to meeting the needs of all patients particularly the medically underserved in urban areas, distinguished scholars and leading researchers in the pharmaceutical and biomedical sciences. The following areas are emphasized in our various programs:

Pharmacy (Pharm.D) Program:
Goal 1: Demonstrate core competencies as they relate to the field of pharmacy
• Demonstrate the ability to think logically, analyze information, problem solve and make decisions
• Discuss scientific methods in a competent manner
• Demonstrate effective written and oral communication skills
• Demonstrate the application of information systems and integrated computer technologies in the practice of pharmacy

Goal 2: Demonstrate Practice Competencies
• Demonstrate patient-centered care in cooperation with patients and other members of the health care team
• Evaluate the legal, ethical, social, cultural, economic, and professional issues as related to patient specific care
• Participate actively in the drug use decision making process
• Manage and use resources of the health care system to promote health and provide, assess, and coordinate safe, accurate and time-sensitive medication distribution
• Demonstrate knowledge of informatics
• Collect, interpret, and analyze professional, lay, and scientific literature to disseminate accurate drug information and counseling to patients, their families or care givers, and other health care providers
• Design a patient-specific medication regimen including the selection of appropriate agent, dosage form, formulation, route of administration and/or delivery systems to improve therapeutic outcomes of medication use
• Determine, recommend, and monitor dose and dosing schedules by applying the principles of pharmacokinetics and pharmacodynamics
• Counsel patients effectively about their medication regimens in terms of efficacy and toxicity
• Monitor patients’ progress effectively with regard to drug therapy
• Demonstrate the ability to successfully manage a patient-centered practice
• Demonstrate the ability to promote health improvement, wellness, and disease prevention in the community

Goal 3: Address issues of ethical behavior and social responsibility in pharmacy, critically and reflectively in accordance with the Vincentian Mission
• Identify the nature, range and scope of ethical considerations in pharmacy and relate the discussion to the principles of the “Oath of the Pharmacist”
• Describe situations that are ethically ambiguous and the actions you would take and relate the discussion to the principles of the “Oath of the Pharmacist”
• Demonstrate awareness and sensitivity to cultural diversity
• Explain continuing professional development.

Biomedical Sciences Program:
Development of critical thinkers with proficiency in scientific methods who are capable of meeting the evolving needs of the biomedical field;
Preparation of students for entry into medical and/or dental schools, other healthcare-related professional degree programs, as well as graduate programs (M.S. and/or Ph.D.) in biomedical/pharmaceutical sciences;
 Provision of analytical skills and laboratory techniques routinely applied in biomedical and pharmaceutical research;
Development of students’ written and verbal communication skills, which will enable them to formulate concise and accurate reports and to communicate with the scientific community;
Development of biomedical professionals who practice within a legal and ethical framework.

Statement
The College of Pharmacy and Health Sciences commits to academic excellence, scholarship and service to humanity through the discovery and application of biomedical knowledge.

We facilitate and advance scholarship by offering innovative programs of study utilizing active learning approaches that are student-centered, outcomes-oriented and that inspire lifelong learning.

As compassionate health care professionals and scientists, we serve humanity through our dedication to excellence in health care and biomedical research. Building on a commitment to cultural diversity and benefiting from our metropolitan location and strategic alliances with the leading health care institutions, we strive to serve as effective leaders, good citizens and moral and ethical individuals.

We commit ourselves to the discovery, communication and application of biomedical knowledge as a critical component for the development of health care professionals and scientists. Through innovative basic, social and clinical research initiatives, we contribute to scientific knowledge, address contemporary health care issues and seek solutions to health care problems.

Our mission embodies the principles of the University’s mission statement: to provide a quality education in an environment that is Catholic, Vincentian, and metropolitan.
Clinical Laboratory Sciences (CLS) Program:
Goal 1: Demonstrate basic knowledge of clinical laboratory sciences
Goal 2: Demonstrate competency in the biomedical sciences
Goal 3: Illustrate and apply the ethical principles of a laboratory professional
Goal 4: Demonstrate effective oral and written skills
Goal 5: Satisfy the objectives of the professional/clinical year
Goal 6: Demonstrate accuracy and precision in the performance of laboratory analyses

Radiologic Sciences (RAD) Program
Goal 1: Demonstrate clinical competency by mastering both the didactic and clinical portions of the program.
Goal 2: Exhibit professionalism and ethical conduct.
Goal 3: Effectively communicate in a professional manner.
Goal 4: Demonstrate critical thinking skills to obtain quality diagnostic images while ensuring patient safety and comfort.

Toxicology (TOX) Program
Goal 1: Demonstrate competency in science and math
Goal 2: Demonstrate the application of fundamental competencies in toxicology
Goal 3: Demonstrate skills in the practice of toxicology
Goal 4: Apply knowledge and skills to the public understanding of toxicology

Physician Assistant (PA) Program
Goal 1: Demonstrate basic competency in the field
Goal 2: Demonstrate knowledge of the biomedical sciences
Goal 3: Illustrate and apply the ethical principles of a health care practitioner
Goal 4: Demonstrate an understanding of medical knowledge
Goal 5: Demonstrate effective oral and writing skills
Goal 6: Demonstrate competencies and integration of clinical skills

Electives 5
At least three electives must be from the academic grouping.

*While the above are basic admission requirements, it is required that students who intend to matriculate for the Pharm.D., C.L.S., P.A., and TOX degree include Chemistry and Biology in their high school programs. High school Physics is also recommended.

Admission Requirements
No student who, because of academic or disciplinary reasons, has been dismissed from or has been placed on probation in another school is eligible for admission to the College of Pharmacy and Health Sciences.

Admission to the Pharm.D. program is highly competitive and admission and scholarship criteria are determined each year on the strength of the applicant pool. All students must submit two letters of recommendation (one must be from a science or math teacher), complete an essay of 250 words, submit an extracurricular activities report, and a signed copy of the program’s Technical Standards. Standardized tests (SAT/ACT) are optional for all programs.

Candidates for admission to the pharmacy program must be at least 16 years of age and must be graduates of a four-year accredited secondary school.

Admission of Transfer Students to Advanced Standing
Transfer applicants are admitted to the Pharm.D. on a space-available basis only. Because of the extremely competitive entrance requirements and high retention rate, this program rarely admits transfer applicants (internal or external). Selected Transfer applicants must complete an in-person interview.

A student transferring from another college or university must present the following:
1. A statement of honorable withdrawal.
2. An official transcript of high school and college records.
3. A marked copy of the catalog of the college or university attending showing courses for which credits are sought.

Transfer students must meet University requirements in the areas of Philosophy and Theology.

Candidates for the Clinical Laboratory Sciences Program, Physician Assistant Program, Radiologic Sciences Program, and Toxicology Program must meet the University requirements for Admission to Advanced Standing. Credit for comparable courses in the pre-professional sequence will be granted. No credit is allowed for professional courses taken in other than an affiliated institution.

Degrees, Majors, and Minors Available

Doctor of Pharmacy Program
The entry-level Doctor of Pharmacy (Pharm.D.) degree is designed to develop students into competent pharmacists who possess the knowledge and skills needed to provide the highest quality of patient-centered medication therapy management. This curriculum provides students with a strong foundation in the liberal arts and sciences that is consistent with a strong academic program of study. The program is configured as a six-year course of study that admits students directly into the major and incorporates the pre-pharmacy curriculum. Professional pharmacy coursework is introduced early in the program to increase the students’ awareness of their chosen profession. The final four years concentrate on integrating basic and applied pharmaceutical, administrative and clinical sciences in the classroom, lab and practice settings. The curriculum employs an integrated approach to learning, and stresses the application of knowledge that is patient specific and focused.

Graduates of this program are prepared to meet the challenges associated with becoming an effective practicing pharmacist and serve as experts in drug therapy to improve the use of medication for diverse populations.

Technical standards, as distinguished from academic standards, refer to the minimum cognitive, professional and behavioral abilities required for a student to satisfactorily complete all essential aspects of the curriculum. To successfully progress in and ultimately complete the didactic, laboratory and experiential components of the Doctor of Pharmacy program, students must understand these qualifications. All students will be required to read and sign the technical standards document to indicate they understand these qualifications. The signed document will be kept as a permanent part of the student’s record. (http://www.stjohns.edu/academics/schools-and-colleges/college-pharmacy-and-health-sciences/student-resources/dothorate/doctor-pharmacy-specific-policies-procedures-and-#technical%20standards)

Physician Assistant Program
The four-year program leading to a Bachelor of Science degree with a major in Physician Assistant consists of two academic years of collegiate instruction on the Queens campus, followed by two academic years at the Dr. Andrew J. Bartilucci Center. This accredited program provides the Physician Assistant Professional Credential.
concurrently with the conferral of the B.S. degree from St. John’s University.

Technical standards, as distinguished from academic standards, refer to the minimum cognitive, professional and behavioral abilities required for a student to satisfactorily complete all of essential aspects of the curriculum. Please visit the following website for full details: http://www.stjohns.edu/academics/schools-and-colleges/college-pharmacy-and-health-sciences/programs-and-majors/physician-assistant-bachelor-science.

**Clinical Laboratory Sciences Program**

This four-year program leading to a Bachelor of Science with a major in Clinical Laboratory Sciences degree consists of three years of pre-professional instruction. The senior (professional) year of the program, accredited by NAACLS (National Accrediting Agency for Clinical Laboratory Sciences), provides didactic instruction in all areas of laboratory medicine concurrently with clinical rotations at the University’s hospital affiliates.

Technical standards, as distinguished from academic standards, refer to the minimum cognitive, professional and behavioral abilities required for a student to satisfactorily complete all the essential aspects of the curriculum.

**Radiologic Sciences Program**

The Bachelor of Science in Radiologic Sciences is designed to prepare students for a career as a radiologic technologist. The curriculum is designed to develop and enhance effective communication skills, technical skills, and professionalism while inspiring excellence in practice. The junior and senior years of the program provides a balanced clinical education complimented with a didactic atmosphere conducive to fostering teamwork and self-development to provide a foundation for academic and career advancement.

This four-year program consists of two years of pre-professional courses and two years of instruction at the Dr. Andrew J. Bartlucci Center and affiliate clinical sites.

Technical standards, as distinguished from academic standards, refer to the minimum cognitive, professional and behavioral abilities required for a student to satisfactorily complete all essential aspects of the curriculum.

**Toxicology Program**

Toxicologists work to protect human health and the environment from the adverse effects of harmful materials. Toxicology students take courses in chemistry, biology, physiology, and pharmacology in addition to diverse courses in toxicology. Students can participate in on-campus activities such as undergraduate research in faculty laboratories or become involved in the Toxicology Club.

The Toxicology Program is a four-year program providing a minor in chemistry.

This major provides all of the requirements for admission to medical school. After graduation, students are qualified for jobs in biomedical or analytical laboratories as well as admission to medical and dental school and graduate programs.

**Biomedical Sciences**

The Bachelor of Science degree in Biomedical Sciences is a four-year program which will provide an interdisciplinary academic program of study that will foster competencies in areas related to biomedical sciences as well as core competencies in the liberal arts and sciences. The program will offer two tracks of study: administrative science and basic science. Since the healthcare industry contains a wide range of professions, the administrative track will prepare graduates to identify and address administrative, management, and policy issues within the healthcare industry. The basic science track will prepare graduates for further education and training in clinical practices and advanced scientific research within the health sciences.

**Minors Approved for Pharmacy Students**

- Biology
- Business
- Chemistry
- Health and Human Services
- Philosophy
- Psychology
- Public Administration and Public Service
- Sociology
- Theology and Religious Studies

**Minors Available for Health Sciences**

(Clinical Laboratory Sciences, Physician Assistant, Toxicology, and Radiologic Sciences)

- Business
- Chemistry
- Computer Science
- English
- Government and Politics
- Health and Human Services
- History
- Philosophy
- Psychology
- Sociology
- Theology

**Certificate Program**

**Physician Assistant Certificate**

Students who possess a bachelor’s degree may apply to the two-year, certificate portion of the program. Applications for the Certificate Program must be submitted online through the Central Application Service for Physician Assistant All Certificate students must possess a baccalaureate degree. Candidates also are encouraged to have a strong science background with completed coursework in pathology, biochemistry, pharmacology, ethics, and biostatistics. Minimum requirements for all applicants include 16 credits in the basic sciences taken within five years of entry into this program. Courses include: Microbiology with lab, Anatomy and Physiology I and II with labs, and Chemistry with lab. Application materials can be obtained by contacting Gertrude Simone, Physician Assistant Education Program, Dr. Andrew J. Bartlucci Center, 175-05 Horace Harding Expressway, Fresh Meadows, NY 11369, Phone: 718-990-8417, Fax: 718-357-4588, email: simoneg@stjohns.edu

**Accreditation**

**The Doctor of Pharmacy degree program** is accredited by the Accreditation Council for Pharmacy Education (www.acpe.accredit.org).

**The Clinical Laboratory Science degree program** is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (naacls.org).

**The Physician Assistant degree program** is accredited by the Accreditation Review Commission on Education for the Physician Assistant (arc-pa.org).

**The Radiologic Sciences degree program** is accredited by the Joint Review Committee on Education in Radiologic Technology (jrcert.org).

**Pass-Fail Option**

This option is open only to health sciences students who have completed the freshman year and who have a current quality point index of at least 2.0. It is limited to one course per semester for a four-year degree program, the total during the three years, including summer sessions, may not exceed six courses. It may not be exercised in connection with major requirements or with courses being applied to a minor, including math, science, and professional courses. The quality point index will not be affected; however, a “Pass” will be credited toward the degree.

Application for the Pass-Fail Option must be made through UIS. A student may elect the Pass-Fail Option at any time during the semester up to and including the last date designated for withdrawal from class without academic penalty. Pharm.D. students do not have the Pass-Fail Option except in courses already designated as Pass-Fail.

**Advanced Placement/ CLEP**

Upperclass students who wish to take CLEP or other credit-by-test exams must receive prior approval from the Office of the Dean if such credit is to be applied to the St. John’s degree. For information concerning the College Policy on AP credit, please contact the Office of the Dean.
Academic Standing

Academic standing for consideration of progression within each program, progression on probation, or dismissal for poor scholarship is based on review of students’ progress. Additional standards for progression in each program must be met. Please contact the Office of the Dean for information concerning these requirements.

Pharmacy

Doctor of Pharmacy students must achieve a math/science/professional GPA of 3.0 or better to interview for progression into the first professional year (3rd year) of the program. All other students will be evaluated for eligibility on a case by case basis. Once progressed into the first professional year (3rd year) of the pharmacy program, students may receive no more than three (3) letter grades below a C in the professional phase of the pharmacy program (years 3–6). If a student receives two letter grades less than C, the student will be placed on an academic success plan. If a student receives a fourth grade less than C, the student will be referred to the Doctor of Pharmacy Progression Committee and be subject to dismissal from the Pharmacy Program.

In addition, all professional courses with a letter grade less than C will be considered an inadequate grade and will be treated as if the student failed the course (except for GPA calculation). Students will be required to repeat the course and will not be permitted to take courses for which the course with the inadequate grade is a prerequisite. Students who fail to receive an adequate grade (letter grade greater than C) after two attempts will be subject to dismissal.

Students are required to maintain an overall grade point average of 2.0 to remain in good academic standing and to graduate from the program.

All students must meet the program’s progression criteria in order to enter the professional years (years 3–6) of the Doctor of Pharmacy program. To be considered for progression, all students must attain a cumulative math/science/professional courses grade point average of 3.0 (letter grade of B) by the end of the second year. Additionally, all students must demonstrate satisfactory written and oral communication skills prior to entering the third year. The latter two criteria are mandated by the program’s accreditation agency, the Accreditation Council for Pharmacy Education (ACPE). In order to meet this mandate, all pharmacy students will complete an in-person interview with two faculty members prior to the third year of the program. Students are also required to clear an annual criminal background check during their professional years in order to participate in the program’s experiential learning requirements. In the event that an evaluation reports a positive finding, the student will be reviewed by the Dean. If the offense prohibits the student from qualifying for a Pharmacy intern permit, he/she may be dismissed from the program.

A pharmacy major will be required to successfully complete a competency examination before beginning the advanced pharmacy experiential portion of the program.

Clinical Laboratory Sciences

Students are required to maintain a 2.30 overall GPA and a 2.30 math and science GPA for promotion within the major. For promotion into the clinical year, students are required to have a 2.30 GPA overall as well as in math and science. Students will be interviewed prior to progression into the clinical year. Students must repeat a course when it is next offered if the letter grade of C+ is not achieved. If a student unsuccessfully completes the repeated course or is unsuccessful in achieving a C+ in more than one course, the student will be recommended for program dismissal.

Students are required to maintain a C+ or greater in each course of the professional program in order to graduate.

Physician Assistant

Students are reviewed each semester for the purpose of evaluating academic performance and ascertaining eligibility for promotion in their major. Advancement within the freshman and sophomore years requires a 2.70 math and science GPA and a 2.70 overall GPA each semester to be in good academic standing. Advancement into the junior year require a 2.70 math and science GPA and a 2.70 GPA overall, including a letter grade of C or better in the following: General Chemistry (CHE 1110/1/2 or CHE 1210/1/2), Anatomy and Physiology I and II including any labs (PHS 3103, PHS 3104, PHS 3105 or PHS 3504, 3507), Microbiology (BIO 2280/1), and Introduction to Health Care (ALH 1201). These courses must be completed within five years of entry into the junior year. Students must fulfill and pass all components of the progression application, including the GPA and letter grade requirements, and pass the required interview in order to be considered for progression to the junior year. The number of students advancing to the junior year is dependent upon the enrollment permitted by the Accreditation Review Commission on Education for the Physician Assistant (ARC-PA).

Students enrolled in this major must earn a GPA of 2.3 or higher in each semester of the junior and senior years. A minimum grade of C in all didactic courses and C+ in all clinical rotations must also be earned. Students who earn more than one grade less than C may be considered for academic dismissal. If a student receives a letter grade less than C in a didactic course, it may be repeated once. Failure to meet the aforementioned requirements will lead to a recommendation for program dismissal. Student progression into the clinical rotations is contingent upon meeting all academic criteria and successfully passing a comprehensive competency exam.

Toxicology

Students are required to maintain a 2.30 overall GPA as well as in their math and science courses for promotion within their major each year.

Radiologic Sciences

Students must maintain a 2.30 overall GPA in the pre-professional courses each year to progress within their major. The 2.30 overall GPA is required for students to progress into the junior and senior years of the Radiologic Sciences program. Students must pass the interview and pass an interview prior to entering the professional year as part of their progression process. Within the junior and senior years, students must maintain an overall GPA of 2.30, earn a letter grade of C+ or greater in each didactic and clinical course, and adhere to the attendance policy to progress from semester to semester.

Regulations on Discipline

New York State law provides for suspension or revocation of a license to practice the healing arts if, among other things, an individual is convicted of a crime or is a habitual drinker or has been addicted to, dependent on, or a habitual user of narcotics, barbiturates, amphetamines, hallucinogens, or other drugs having similar effects. In light of this statute, any student who, after appropriate procedures, is found to have violated University regulations and policies relating to drugs/alcohol may be subject to dismissal from the College or be required to undergo rehabilitation before continuing progress toward a degree.

Special Requirements for Experiential Programs

Students in the Pharmacy, Clinical Laboratory Sciences, Physician Assistant, and Radiologic Sciences programs must complete annual criminal background checks and must be HIPAA certified.

Pharmacy students participating in experiential programs are required to have a medical examination, an immunization series, health, accident and sickness insurance. Some experiential sites may require other tests or documentation (e.g., urine drug testing). Experiential education requires attendance at off-campus sites. Travel and housing, if needed, are the responsibility of the student.
Additionally, these students must purchase malpractice and/or pharmacy insurance through the University, and must complete PHR 5000.* Pharmacy students may not take an elective or didactic course concurrently with the advanced experiential courses. Clinical Laboratory Sciences, Physician Assistant and Radiologic Sciences students may take an elective or didactic course in concurrently with the clinical rotation courses.

In the Clinical Laboratory Sciences, Physician Assistant and Radiologic Sciences programs, students entering the clinical sites for the professional year(s) are required by the hospital to have a medical examination and to carry adequate personal health insurance for the duration of their professional studies. Additional requirements may be stipulated by the clinical sites. Some may require urine drug screens. Clinical rotation requires attendance at off-campus sites. Travel, meals and housing, if needed, are the responsibility of the student.

Pharmacy, Clinical Laboratory Sciences, Physician Assistant and Radiologic Sciences program students must register at the University for each semester that they are at the clinical site and pay full tuition.

**Pharmacy Intern Permit**

Students who complete the third year and who participate in experiential rotations are required to obtain a New York Pharmacy Intern Permit. Completed applications that have been signed by a College administrator must be forwarded by the student to the New York State Board of Pharmacy after completion of the third year of the program.

All Pharmacy students must meet the State requirements for the intern permit. Failure to obtain a Pharmacy Intern Permit will exclude the student from participating in both introductory and advanced experiential components of the program.

**Licensure**

**Admission to the Practice of Pharmacy**

The Pharmacy program offered by the College of Pharmacy and Health Sciences meets the educational requirements for admission to state licensing examinations. Each state may require, in addition to academic work, a period of internship. When these and other requirements which have been established by the State and/or Federal Government have been met, the applicant is admitted to the state licensing examination. Successful candidates are granted a license to practice.

For information concerning the admission to the practice of pharmacy in New York State, write: New York State Board of Pharmacy in New York, 89 Washington Avenue, 2nd Floor, Albany, NY 12234.

**Clinical Laboratory Sciences**

The Clinical Laboratory Sciences program offered by the College of Pharmacy and Health Sciences meets the educational requirements of the Department of Education and has been deemed licensure-qualifying. Successful completion of the professional component of the Clinical Laboratory Sciences program allows the student to apply for admission to the American Society for Clinical Pathology (ASCP) MLS certifying exam.

Successful completion of courses leading to the BS degree and passing the ASCP certifying exam allow graduates to obtain a New York State Department of Education license to practice as a Clinical Laboratory Technologist.

**Physician Assistant Certification**

Successful completion of the Physician Assistant didactic and clinical years makes the graduate eligible for admission to the Physician Assistant National Certifying Examination as administered by the National Commission on Certification of Physician Assistants.

**Radiologic Sciences Certification**

Students that have completed the professional component of Radiologic Sciences education with the B.S. program are eligible to apply for admission to the American Registry of Radiologic Technologists certification exam in Radiography for licensure from the New York State Department of Health.

**Continuing Professional Education**

**William Malone,** B.S., M.S. Director

The Office of Continuing Professional Education’s core activities which are ACPE approved programs directed toward providing pharmacists and allied health professionals with the opportunities to increase their knowledge and skills with value-based programs that contribute to their professional achievement. Seminars cover a wide variety of topics including therapeutics, managed care, administration and industrial development, and address topical concerns of the current practitioner. Where appropriate, these programs are submitted for approval to the various states requiring continuing education credits for relicensure. For more information regarding programs, the office may be reached by phone at (718) 990-5796 or e-mail at pharmacyce@stjohns.edu

**The Health Education Resource Center (HERC)**

**Jaclyn Viallet,** M.L.S., Director

(HERC) is open weekdays in the Sister Jane M. Durgin Pharmacy Education Center of St. Augustine Hall, Room B40. This instructional resource center provides educational and technical services to support the course curricular objectives of the College of Pharmacy and Health Sciences. The center features a specialized collection consisting of books, periodicals, media, and electronic resources in the primary subject specialties of pharmacy and health sciences. The students, faculty, alumni, and practitioners of the college are also provided with a number of services at the center, which include: reference and research support, document delivery, public work stations, and quiet study areas. The center also sponsors educational programs, led by leaders from the fields of pharmacy and health sciences, which focus on contemporary healthcare issues.

**The Academic Success Center (ASC)**

**Joseph V. Etzel,** Pharm.D.

Associate Dean for Student Affairs

The Academic Success Center (ASC) was developed to provide academic support to enhance student success in the various programs offered on the undergraduate level of the College of Pharmacy and Health Sciences. Tutoring services are provided for discipline specific courses that may not be available through the services provided by University Learning Commons. Additionally, the ASC provides workshops and presentations on various topics pertinent to student success including time management, study skills, and test taking. These services are made available in the College’s Health Education Resource Center (HERC, St. Augustine Hall, Room B40) in an inviting and collaborative environment that encourages, promotes, and fosters independent learning skills.

Endowed Scholarships, Awards and Honors
Through the generosity of our alumni, friends and benefactors, the College is fortunate to offer a number of endowed scholarships. Some of these endowments include the following:
L.W. Frohlich Scholarship
E. Burke Giblin Scholarship
Charles Mollo Scholarship
Sandy Irene and Family Scholarship
Vincenzo James Mantia Scholarship
Andrew Bartilucci Clinical Laboratory Sciences Award
Michael W. Seul Scholarship
Charles and Winifred Jarowski Research Endowment
Phillip Eta Sigma Scholarship
Scheer Family Scholarship
Mary-Beth Konecni Scholarship
Peter J. Aterno Memorial Scholarship
David R. Wilkes Scholarship
Herbert J. and Patricia Marie Kett Scholarship
Marion and Michael Mangione Memorial Scholarship
Duane Reade Scholars Endowed Scholarship
Mitchell S. Krauss Memorial Scholarship
Mary Jane Fay Pharmacy Scholarship

The following awards may be available to students:
American Pharmaceutical Association Award
American Pharmaceutical Association Certificate of Recognition
ASHP Student Leadership Award
Auxiliary of the Pharmacists’ Society of the State of New York Scholarship
Aventis Scholarship
Andrew J. Bartilucci Clinical Laboratory Sciences Award
Andrew J. Bartilucci Scholarship Award
Clinical Excellence Award CVS Pharmacy Scholarship
Ralph DePalma Jr. Memorial Scholarship Award

Academic Student Organizations

Pharmacy Honor Society
The Beta Delta Chapter of the Rho Chi Society, the national pharmaceutical honor society seeking the advancement of the pharmaceutical sciences through encouragement and recognition of high scholarship and research, was established at St. John’s University in 1954. Pharmacy students who have achieved fourth-, fifth-, and sixth-year status, who have a cumulative quality point index of 3.5 or better and are in the top 20% of the class are eligible for nomination to membership.

Pharmacy Leadership Society
The Xi Chapter of Phi Lambda Sigma, a pharmacy leadership society, seeks to promote the development of leadership qualities in pharmacy students. With the fundamental assumption that leaders are made not born, the society encourages participation in all pharmacy activities, provides opportunities for leadership development, and aids in selecting those who may wish to identify and demonstrate their leadership abilities. Pharmacy students who have achieved fourth- or fifth-year status, who have a cumulative quality point index of 2.5 or better and who have been nominated on the basis of their demonstration of dedication, service and leadership in the advancement of pharmacy are eligible for membership.

Physician Assistant Honor Society
The Pi Alpha Honor Society is the national physician assistant honor society established in 2003 by the Physician Assistant Education Association (PAEA) to promote and recognize PA students for academic excellence and leadership skills, professionalism, research and service to the profession and the medical community. Student membership is awarded on a competitive basis to graduating seniors with a GPA of 3.5 or higher and documentation of service or research qualifications.

Clinical Laboratory Sciences Honor Society
The Sigma Upsilon Chapter of the Lambda Tau, the national clinical laboratory sciences honor society, was established to recognize outstanding academic achievement among students, to develop a spirit of cooperation and unity among the students entering this profession, to encourage research and to help develop the professional character of the profession itself and to interest other students in this profession. Juniors and seniors with a GPA of 3.0 or higher are eligible for induction into this honor society.

Radiologic Sciences Honor Society
The Epsilon Chapter of Lambda Nu, the national radiologic sciences honor society seeks to foster academic scholarship at the highest academic levels, promote research and investigation in the radiologic and imaging sciences, and recognize exemplary scholarship. Third and Fourth year students in the professional phase of the program with a professional GPA of 3.0 and higher and are nominated on a basis of their service and leadership are eligible for induction into this society.

Program Requirements

Entry Level Pharm.D.
(Minimum of 201 semester hours)
The faculty expressly reserves the right to make alterations in the curriculum consistent with the needs of the profession.

Note: + Course required for APPE’s.
### Sixth Year

#### Fall Semester
- **APPE Rotations**: 12
- **CPP 5203**: 5
- **TOTAL**: 17

#### Spring Semester
- **APPE Rotations**: 15

There are a total of nine Advance Pharmacy Practice Experience (APPE) rotations in the entry-level Doctor of Pharmacy Program. The rotations are divided in four-week blocks at three credits each. The rotations are as follows:

**Required APPE Rotations**
1. CPP 5412 Key Concepts in the Provision of Pharmacist-Delivered Care
2. CPP 5413 Advanced Community Pharmacy
3. CPP 5414 General Inpatient Care
4. CPP 5407 Ambulatory Care Clerkship
5. CPP 5415 Specialty Inpatient Care

**Elective APPE Rotations**
1. CPP 5404 Elective Clerkship I
2. CPP 5408 Elective Clerkship II
3. CPP 5409 Elective Clerkship III
4. CPP 5410 Elective Clerkship IV

#### Clinical Laboratory Sciences
(Minimum of 138 semester hours)

The faculty expressly reserves the right to make alterations in the curriculum consistent with the needs of the profession.

Pharmacy Course Offerings (PHR)

1000 Introductory Seminar for Pharmacy Students
This mandatory seminar course will introduce all new students to the activities, responsibilities and requirements for students enrolled in Doctor of Pharmacy Program. During this course, areas such as an overview of the curriculum, advisement, experiential and academic service learning, professionalism and legal and technical standards required for degree completion will be presented. Completion of this seminar is required for enrollment in CPP 1101 in the Spring semester. Lecture. Credit: 0 semester hour.

4107 Drugs and Diseases of the Respiratory Systems
Prerequisites: ALL courses of the first three years. This course is designed to instruct the student in the area of cardiovascular disease. Teaching emphasis will be sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self-care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

4109 Drugs and Diseases: Skin, Connective Tissue, and Miscellaneous Diseases
Prerequisites: ALL courses of the first three years. This course is designed to instruct students in the area of diseases of the skin and connective tissue, with additional focus on miscellaneous disease states including anemias, some coagulation disorders and glaucoma. Teaching emphasis will be sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

4110 Drugs and Diseases of the Cardiovascular/Renal Systems I
Prerequisites: ALL courses of the first three years. This course is designed to instruct the student in the areas of cardiovascular and kidney disease and electrolyte imbalances. Teaching emphasis will be sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

4111 Drugs and Diseases of the Cardiovascular/Renal Systems II
Prerequisites: ALL courses of the first three years; PHR 4110. This course is designed to instruct the student in the area of cardiovascular and kidney disease. Teaching emphasis will be instructional relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self-care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.
4112 Drugs and Diseases of the Nervous System
Prerequisites: ALL courses of the first three years. This course is designed to instruct the student in the area of neurological and psychiatric disorders. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 4 semester hours.

4201 Pharmacy Practice Laboratory III
Prerequisites: ALL required third-year course work. Corequisites: PHR 4105; PHR 4109; PFR 4110; PHS 4601. This laboratory will integrate the didactic coursework of the Drugs and Diseases courses and Extemporaneous Compounding and provide the student the opportunity to apply data in a simulated pharmacy setting. The student will assess patient findings, evaluate new prescription orders, and consider how these new orders will impact on current therapy, prepare the new order, and address any and all potential problems that are identified, and dispense the preparation to the patient. Additionally, students will learn to triage patients and assess the role of over-the-counter medications in light of other patient factors. Laboratory: 3 hours. Credit: 1 semester hour.

4202 Pharmacy Practice Laboratory IV
Prerequisites: ALL required third-year course work; PHS 4601. PHR 4201 Corequisites: PHR 4107; PHR 4111; PHR 4112. This laboratory will integrate the didactic course work of the Drugs and Diseases courses and Extemporaneous Compounding and provide the student the opportunity apply data in a simulated pharmacy setting. The student will assess patient findings, evaluate new prescription orders, and consider how these new orders will impact on current therapy, prepare the new order, and address any and all potential problems that are identified, and dispense the preparation to the patient. Additionally, students will learn to triage patients and assess the role of over-the-counter medications in light of other patient factors. Laboratory: 3 hours. Credit: 1 semester hour.

5000 Cardiopulmonary Resuscitation Techniques and First Aid
This Standard First Aid course provides the student with the basic principles of cardiopulmonary resuscitation (CPR) and leads to CPR and first aid certifications. Certification must be obtained prior to the advanced experiential rotations. Lecture: one 5-1/2 hour course. Credit: 0 semester hour.

5012 Drugs and Diseases of the Endocrine System
Prerequisites: ALL courses of the first four years. This course is designed to instruct the student in the area of endocrine and reproductive disorders. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 4 semester hours.

5013 Drugs and Diseases of the Gastrointestinal Tract
Prerequisites: ALL courses of the first four years. This course is designed to instruct the student in the area of diseases of the gastrointestinal tract. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

5014 Drugs and Diseases of the Respiratory System
Prerequisites: ALL courses of the first four years. This course is designed to instruct the student in the area of diseases of the respiratory system. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

5015 Drugs and Diseases of the Musculoskeletal System
Prerequisites: ALL courses of the first four years. This course is designed to instruct the student in the area of diseases of the musculoskeletal system. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

5016 Drugs and Diseases of the Cardiovascular System
Prerequisites: ALL courses of the first four years. This course is designed to instruct the student in the area of diseases of the cardiovascular system. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

5017 Drugs and Diseases of the Skin
Prerequisites: ALL courses of the first four years. This course is designed to instruct the student in the area of diseases of the skin. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

5018 Drugs and Diseases of the Renal System
Prerequisites: ALL courses of the first four years. This course is designed to instruct the student in the area of diseases of the renal system. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

5019 Drugs and Diseases of the Neurological System
Prerequisites: ALL courses of the first four years. This course is designed to instruct the student in the area of diseases of the neurological system. Teaching emphasis will be a sequential method of instruction relevant to specific disease states to incorporate the areas of pathophysiology, pharmacology, medicinal chemistry, therapeutics, and self care therapies. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Credit: 3 semester hours.

5020 Clinical Health Professions Course Offerings (CHP)
John Conry, Pharm.D., Chair and Clinical Professor

Objectives
The department seeks to provide students with the opportunity to acquire the knowledge, develop the attitudes and master the skills required for contemporary clinical pharmacy practice.

Lectures, utilization of the multimedia programs in the Resource Center, and individual and group conferences with faculty and preceptors give the student the opportunity to acquire the knowledge base required to be a drug advisor on the health care team.

By participation in health care settings throughout the curriculum and through interactions with patients, physicians, nurses, paraprofessionals and pharmacists, assistance is given to the student to develop the professional attitudes and acquire the communication techniques and skills that are prerequisites for health practitioners who wish to apply academic knowledge to practical situations.

Utilization of the Pharmacy Practice and Patient Assessment Laboratories and primary health care settings, including community pharmacies, allows the student to become familiar with the legal, administrative and clinical aspects of successful pharmacy practice. In addition, other clinical training sites are utilized as resources for student instruction in therapeutic drug monitoring, provision of
drug information and patient interviewing and education. These include major metropolitan area medical centers, community hospitals and clinics, and institutions emphasizing the care of specific patient populations (e.g., pediatric, psychiatric, geriatric care).

**Health Sciences Course Offerings (ALH)**

**Objectives**
To provide a strong foundation in the basic allied health and the necessary tools to work in selected health sciences.

**The following courses are ALH courses:**

**1201 Introduction to Health Care**
Problems in the development of competency health services in the United States; characteristics of a profession; development of modern medical practice; medical terminology; consideration of the many health professions that form the health team. Lecture, 2 hours. Credit: 2 semester hours.

**2101 Introduction to Clinical Laboratory Sciences**
Historical development of the clinical laboratory sciences profession. Introduction to the types of tests performed in a clinical laboratory. Lecture, 2 hours. Credit: 2 semester hours.

**3201 Professional and Behavioral Medicine**
Prerequisite: All prerequisite courses to the junior and senior years of the PA program. This course is designed to introduce the PA student to ethical principles of the medical profession and the role of the Physician Assistant as a member of the health care team. The course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Teaching emphasis will be sequential methods of instruction relevant to the history of the PA profession, role development, medical-legal-ethical issues and cultural diversity. Emphasis is placed on case-based ethical dilemmas, contemporary ethical-legal issues, ethical debates and the development of qualities, behaviors, attitudes and values essential to providing ethical and compassionate patient care. Lecture, Credit: 1 semester hour.

**3202 Medical Assessment**
Prerequisite: All prerequisite courses to the junior and senior years of the PA program. This course is designed to introduce the PA student to various diagnostic imaging studies, clinical chemistry theory and laboratory assessment. Emphasis is placed on indications for diagnostic testing, characteristics of specific procedures, interpretation of laboratory or imaging results and the techniques, advantages, disadvantages, benefits and risks of various procedures. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on case-based clinical assessment, association of abnormal laboratory and imaging results with specific diseases, and the correlation of enzymes to body systems and organ dysfunction. Lecture, Credit: 2 semester hours.

**3203 Clinical Medicine 1**
Prerequisite: All prerequisite courses to the junior and senior years of the PA program. This course is designed to instruct the PA student in the areas of human health and disease in immunology, dermatology, ophthalmology, otolaryngology, and pulmonology. Teaching emphasis will be a sequential method of instruction relevant to the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, clinical pharmacological applications, complications and prognoses of selected disease states. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on case-based clinical therapeutics and patient education regarding drug administration, potential adverse effects and drug interactions. Lecture, Credit: 4 semester hours.

**3204 Clinical Medicine 2**
Prerequisite: All prerequisite courses to the junior and senior years of the PA program. This course is designed to instruct the PA student in the areas of human health and disease in cardiology, gastroenterology, endocrinology, hematology, oncology, nephrology and urology. Teaching emphasis will be a sequential method of instruction relevant to the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, clinical pharmacological applications, complications, and prognoses of selected disease states. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on case-based clinical therapeutics and patient education regarding drug administration, potential adverse effects, and drug interactions. Lecture, Credit: 4 semester hours.

**3205 Competency Health History and Physical Diagnosis**
This course is designed to develop the cognitive, psychomotor, and affective attributes in the PA student for identifying and describing normal human anatomy, recognizing normal vs. pathological clinical manifestations, obtaining a medical history, performing a screening physical examination, and recording findings as medical-legal documents. Teaching emphasis will be a sequential method of instruction relevant to the structure and function of body systems, common pathophysiology and clinical manifestations and physical examination demonstration. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on communication skills, cultural competency, professionalism and standardization of medical record documentation. Students will demonstrate acquisition of skills during supervised hospital visits and practical examinations, and will begin to incorporate assessment and management plans into patient care. Lecture, 4 hours. Credit: 4 semester hours.

**3206 Clinical Medicine 3**
Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program. This course is designed to instruct the PA student in the areas of human health and disease in neurology, cardiology, infectious disease, obstetrics and gynecology. Teaching emphasis will be a sequential method of instruction relevant to the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, clinical pharmacological applications, complications and prognoses of selected disease states. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on electrocardiogram interpretation, case-based clinical therapeutics and patient education regarding drug administration, potential adverse effects and drug interactions. Lecture, Credit: 4 semester hours.

**3207 Clinical Medicine 4**
Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program. This course is designed to instruct the PA student in the areas of human health and disease in rheumatology, orthopedics, psychiatry and community medicine. Teaching emphasis will be a sequential method of instruction relevant to the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, clinical pharmacological applications, complications, and prognoses of selected disease states. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on special procedures in diagnostic imaging, as well as promotion, prevention, maintenance, and protection of health and wellness of individuals and communities to include social and economic determinants of health and common medical problems that are frequently encountered in urban settings. Teaching will also utilize case-based clinical therapeutics and patient education regarding drug administration, potential adverse effects and drug interactions. Lecture, Credit: 4 semester hours.

**3208 Case-Enhanced Focused Health History and Physical Diagnosis**
Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program. This course is designed to build on the knowledge gained in HHPD 1 to facilitate the PA student in refining their skills in performing focused, problem-based histories and physical examinations. Teaching emphasis will be a sequential method of instruction integrated with concurrent medical lecture in having students form accurate,
logical and relevant differential diagnoses, performing proper diagnostic assessment and developing therapeutic plans for specific patient complaints. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Students will demonstrate acquisition of skills during supervised hospital visits and practical examinations. Lecture, Credit: 1 semester hour.

3209 Emergency Medicine
Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program. This course is designed to instruct the PA student in the emergency department approach to medical care, including triage techniques, prioritization and consultation relevant to a variety of patient conditions. The student will incorporate knowledge of the epidemiology, etiology, pathophysiology, clinical manifestations, diagnostics, and management of disease states to treat focused emergency problems. Emphasis will be placed on recognizing and treating conditions that are potentially life-threatening requiring urgent or emergent intervention inclusive of emergency techniques. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Lecture, Credit: 2 semester hours.

3210 Geriatric and Pediatric Medicine
Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program. This course is designed to introduce the PA student to the variable structures and functions of organ systems throughout the human lifespan, and medical and behavioral problems unique to pediatric and geriatric populations. Emphasis is placed on the behavioral and infectious conditions encountered in pediatric and geriatric clinical practice, and on patient, parental and caregiver education in regards to vaccinations, health care maintenance, safety and anticipatory guidance, long-term care facilities and home care. Specifically, it will provide an overview of the epidemiology, etiology, pathophysiology, clinical manifestations, diagnosis, treatment, complications and prognoses of selected pediatric and geriatric conditions. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Lecture, Credit: 2 semester hours.

3211 General Surgery
Prerequisite: All prerequisite courses and fall courses in the junior and senior years of the PA program. This course is designed to introduce students to the concepts of surgical diagnosis and treatment, building on the student’s integrated foundation of clinical medicine, laboratory medicine, diagnostic imaging, and pharmacological applications. The student will learn to recognize diseases that require surgical intervention, formulate surgical diagnoses and identify relevant surgical treatments. Emphasis will be placed on the role of the Physician Assistant in the pre-operative, operative and post-operative management of surgical patients. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. The student will also become competent in performing various medical-surgical procedures. Lecture, Credit: 2 semester hours.

3215 Health History and Physical Diagnosis 1
Prerequisite: All prerequisite courses to the junior and senior years of the PA program. This course is designed to run concurrently and sequentially with Clinical Medicine 1 & 2 and Medical Assessment to provide the physician assistant student with certain cognitive, psychomotor, and affective attributes necessary to identify normal and abnormal anatomy, physiology and clinical manifestations; to ascertain an appropriate medical history and perform the physical exam for a particular complaint and to record findings as professional medical-legal documents. Teaching emphasis will be a sequential method of instruction relevant to the structure and function of body systems, with emphasis on common systems-based pathophysiology and clinical abnormalities. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on communication skills, cultural sensitivity, professionalism, and standardization of medical record documentation. Students will demonstrate acquisition of skills during practical examinations, and will begin to incorporate assessment and management plans into patient care. The course is intended to facilitate the process of developing students’ clinical skills and decision-making toward the goal of transition to clinical year and ultimately clinical practice. Lecture, Credit: 2 semester hours.

3218 Health History and Physical Diagnosis 2
Prerequisite: All prerequisite courses to the junior and senior years of the PA program. This course is designed to run concurrently and sequentially with Clinical Medicine 3 & 4 to provide the physician assistant student with certain cognitive, psychomotor and affective attributes necessary to identify normal and abnormal anatomy, physiology and clinical manifestations; to ascertain an appropriate medical history and perform the physical exam for a particular complaint and to record findings as professional medical-legal documents. Teaching emphasis will be a sequential method of instruction relevant to the structure and function of body systems, with emphasis on common systems-based pathophysiology and clinical abnormalities. This course will incorporate interdisciplinary instruction utilizing faculty from varied areas of expertise and experience. Emphasis is placed on communication skills, cultural sensitivity, professionalism and standardization of medical record documentation. Students will demonstrate acquisition of skills during practical examinations, and will begin to incorporate assessment and management plans into patient care. The course is intended to facilitate the process of developing students’ clinical skills and decision-making toward the goal of transition to clinical year and ultimately clinical practice. Lecture, Credit: 2 semester hours.

4201 Emergency Medicine
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in a hospital or urgent care ambulatory setting. The student will be introduced to the triage system to learn and develop the skills necessary to perform the primary survey and stabilization of patients in the acute setting. The student will perform focused history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for adult and pediatric patients with urgent or emergent conditions, as well as provide ambulatory or “fast-track” care. This includes diagnostic testing, medications and non-pharmacological treatment interventions. The student will also demonstrate and perform practical medical-surgical procedures including CPR and BCLS skills. The student will recognize the need for consultation and referral in provision of cost-effective urgent and emergent care, including acute and chronic disease management, health promotion, disease prevention and routine healthcare maintenance, with an emphasis on health literacy issues. Rotation, 200 hours. Credit: 3 semester hours.

4202 Clinical Obstetrics and Gynecology Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in a hospital inpatient or ambulatory setting, which may include outpatient, emergency room, or office-based clinical duties of gynecological or obstetrical patients. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for patients with gynecological and obstetrical conditions. This will include diagnostic testing, medications and non-pharmacological treatment interventions, including recognizing the need for consultation and referral. Experiential learning will include provision of cost-effective adult medical care, including acute and chronic disease management, health promotion, disease prevention and routine healthcare maintenance. The student will provide patient education with an emphasis on health literacy issues. The student may have the opportunity to participate in surgical gynecological or obstetrical procedures. Rotation, 200 hours. Credit: 3 semester hours.
4203 Clinical Orthopedic Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in a hospital, ambulatory or office-based orthopedic setting. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for acute and chronic problems in orthopedic patients across all age groups. This rotation may include surgical management including pre-operative, intra-operative, and post-operative orthopedic care. Students will order diagnostic tests and medications and recommend non-pharmacological treatment interventions for the orthopedic patient. The student will demonstrate and perform practical splinting, casting, and surgical procedures and skills. The student will recognize the need for consultation and referral in provision of cost-effective orthopedic care, including acute and chronic disease management, health promotion and safety, disease prevention and routine healthcare maintenance. The student will provide patient education with an emphasis on cast/imobilization techniques, safety and health literacy issues. Rotation, 200 hours. Credit: 3 semester hours.

4204 Clinical Pediatrics Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in a hospital or office-based pediatric setting. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for pediatric patients with acute and chronic pediatric problems and well child visits and school/camp exams. This will include diagnostic testing, medications and non-pharmacological treatment interventions. The student will recognize the need for consultation and referral in provision of cost-effective infant, pediatric, and adolescent medical care, including acute and chronic disease management, health promotion, disease prevention and routine healthcare maintenance. The student will provide patient education with an emphasis on growth and development and health literacy issues. Rotation, 200 hours. Credit: 3 semester hours.

4205 Clinical Primary Care 1 Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in an ambulatory or outpatient hospital or office-based primary care medical setting. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for patients with acute and chronic medical problems, including diagnostic tests, medications and non-pharmacological treatment interventions. The student will recognize the need for consultation and referral, transfer to an emergency or acute care setting in provision of cost-effective medical care, including acute and chronic disease management, health promotion, and patient education. The student will provide patient education, disease prevention and routine healthcare maintenance across all age groups with an emphasis on health literacy issues. Rotation, 200 hours. Credit: 3 semester hours.

4206 Elective Clinical Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in a specialty of the student’s choice that may take place in a hospital or office-based setting. Elective rotations include but are not limited to the following: cardiology, gastroenterology, infectious disease, psychiatry, pulmonology, hematology, critical care, dermatology, occupational medicine, gay and lesbian health, and the physically and mentally challenged. The student will perform competency or focused history and physical exams, generate differential diagnoses and develop treatment plans for patients with acute and chronic problems. This will include diagnostic tests, medications and non-pharmacological treatment interventions. The student will become familiar with the need and role of consultation and referral of patients, transfer to an emergency or acute care setting in the clinical setting through provision of cost-effective care, including acute and chronic disease management, health promotion, disease prevention and routine healthcare maintenance. The student will provide patient education with an emphasis on health literacy issues across all age groups as applicable to clinical site. Rotation, 200 hours. Credit: 3 semester hours.

4207 Clinical Surgical Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in a hospital inpatient setting, which may include outpatient or office-based clinical duties. Student responsibilities include: performance of history and physical exams, formulation of differential diagnoses, therapeutic treatment plans across all age groups for patients with surgical problems, including pre-operative, intra-operative, and post-operative care. The clinical experience will also include ordering of diagnostic tests, medications and non-pharmacological treatment interventions and performance of diagnostic laboratory tests, and participation in surgical procedures (operating room). Rotation, 200 hours/lton call required. Credit: 3 semester hours.

4208 Clinical Geriatrics/Long Term Care Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in a hospital or office-based geriatric setting. The student will perform competency and focused history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for adult and geriatric patients with medical or surgical conditions. This includes diagnostic tests, medications and non-pharmacological treatment interventions, while under the supervision of the preceptor. The student will recognize the need for consultation and referral, in provision of cost-effective geriatric care, including acute and chronic disease management, health promotion, health maintenance and disease prevention. The student will provide patient education with an emphasis on health literacy issues. Rotation, 200 hours. Credit: 3 semester hours.

4209 Clinical Primary Care 2 Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation that continues the educational and experiential learning of the Primary Care 1 course in an ambulatory or outpatient hospital or office-based primary care medical setting for an additional five-week rotation. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for patients with acute and chronic medical problems. This will include diagnostic tests, medications and non-pharmacological treatment interventions. The student will recognize the need for consultation and referral, transfer to an emergency or acute care setting in provision of cost-effective medical care, including acute and chronic disease management, health promotion, disease prevention, and routine healthcare maintenance. The student will provide patient education, disease prevention, and routine healthcare maintenance across all age groups with an emphasis on health literacy issues. Rotation, 200 hours. Credit: 3 semester hours.

4210 Clinical Internal Medicine Rotation
Prerequisites: All required didactic year classes and successful completion of competency examinations. This course is a five-week rotation in a hospital or office-based internal medicine setting. The student will perform competency history and physical exams, generate differential diagnoses and develop therapeutic treatment plans for patients with acute and chronic medical problems. The clinical experience will include diagnostic testing, medications, and non-pharmacological treatment interventions including patient education with an emphasis on health literacy issues across all age groups. The student will learn to recognize the need for consultation
and referral in provision of cost-effective adult medical care, including acute and chronic disease management, health promotion, disease prevention, and routine healthcare maintenance. Rotation, 200 hours. Credit: 3 semester hours.

4211 Senior Competencies Component
Prerequisites: All required didactic year classes and successful completion of competency examinations. This is a course is designed to supplement the clinical experience of the Physician Assistant student with appropriate learning sessions on callback days. While on clinical rotations, students will be performing competency or focused history and physical examinations, generating differential diagnoses, ordering, and interpreting laboratory and imaging studies and developing treatment plans for patients with acute and chronic problems under the supervision of the preceptor. Emphasis is placed on cost-effective care, disease management and health promotion, disease prevention and routine healthcare maintenance. The student will gain and apply knowledge regarding epidemiology, risk factors, etiology, pathophysiology, clinical manifestations, and the clinical assessment of medical and surgical diseases. Learning sessions on call back days are designed to augment student’s knowledge and further develop and perfect their history taking, physical examination and procedural skills. Lecture. Credit: 0.

4140 Transition to the Clinical Laboratory (CLS)
This course will introduce the student to the standards, functions, and procedures of clinical laboratory practice. The course will include the history of medical technology at this university, a history of the profession, HIPAA and safety regulations, spectrophotometry, quality control (including standards, controls, etc), universal precautions, the professional code of ethics, phlebotomy, and an introduction to hematology, microbiology, mycology, urinalysis, and immunohematology. Lecture, 2 hours. Credit: 2 semester hours.

4151 Clinical Bacteriology I (CLS)
The various classes of antibiotics are introduced to the student. Different types of susceptibility testing using manual and automated methodologies are presented. Discussion of bacteria implicated in human infections is begun. Gram positive organisms such as Staphylococcus, Streptococcus, Corynebacterium and Bacillus are discussed both in diseases caused and identification methods used in the clinical microbiology laboratory. Discussion of Gram negative bacteria such as Haemophillus and Neisseria are also included. Discussion of the biochemical tests involved in the identification of the Enterobacteriaceae is begun. The application of these tests a means to identify these organisms is presented. The diseases caused by these organisms is also included and discussed. Includes Clinical Practicum. Lecture, 3 hours. Credit: 3 semester hours.

4152 Clinical Immunohematology I (CLS)
This course is composed of the study of cellular and antigen-antibody reaction. Also covered are the types of immunity and factors associated with immunologic disease. Antibody synthesis and function are introduced. Functions of the various cellular components are also discussed including T and B lymphocytes and plasma cells. Discussion will also include a description of various other types of nonspecific mediators of the immune system. An overview of molecular diagnostics is presented (each course covers its own molecular diagnostics theory) and the latest laboratory testing methods are presented to the student. Includes Clinical Practicum. Lecture, 1 hour. Credit: 1 semester hour.

4153 Clinical Immunohematology II (CLS)
This course will begin with a review of the immunology as applied to Immunohematology such as antigens, immunoglobulins and blood antibodies. Also discussed are ABO and Rh typing and antiglobulin testing. Other major blood group antigens (Kell, Lewis, etc.) and rare blood groups (Colton, Diego, etc.) are introduced. Other topics include compatibility testing, crossmatching and antibody identification. Laboratory methodologies used in Immunohematology are also covered. Includes Clinical Practicum. Lecture, 2 hours. Credit: 2 semester hours.

4154 Clinical Hematology I (CLS)
This course is designed to present the students with the theory of blood and bone marrow formation and diseases related to these cells. The erythrocytic and leukocytic cell series are explored in relation to their development, maturation, function, and identification. Through the use of audiovisuals and microscope work, identification of each cell type is discussed and abnormal cells reviewed as to composition and related diseases. The course covers iron metabolism, absorption, transport, and storage. The synthesis of hemoglobin for both normal and abnormal varieties as well as electrophoresis and other identifying methodologies are explained and the various instruments used in the study of hematology are taught. Students are exposed to all the various procedures the laboratories perform including the maintenance and troubleshooting of instrumentation. The mechanisms of hemostasis including blood vessels, platelets, and fibrinolysis are discussed. The structure of blood vessels and their relationship to hemostasis is covered. Platelet formation, maturation, and function will be discussed as well as qualitative and quantitative disorders. The course will include factors involved in the coagulation cascade and include tests used in the laboratory to diagnose disorders of hemostasis. The students will perform these procedures in the hospital laboratory. Includes Clinical Practicum. Lecture, 3 hours. Credit: 3 semester hour.

4155 Application, Analysis and Lab Practice in Clinical Chemistry I (CLS)
The course is designed to introduce the students to clinical chemistry theory and laboratory practice. It is the study of serum and other body fluids by biochemical analysis using the latest instrumentation for the test procedures. The course discusses laboratory calculations, principles of photometry; nephelometry, chemiluminescence, fluorometry and “tagged assays,” electrolytes, trace elements and mineral metabolism. Principles of EIA, instrumentation concepts and discussion commonly used analyzers in the clinical lab are also presented. Classification of enzymes in relation to body organs, clinical significance of the test used and factors affecting the testing will be covered. Structure and function of lipids and lipoproteins, methods used to analyze these products will be examined. Cholesterol utilization and formation including HDL and LDL and triglycerides will be covered along with laboratory analysis. This course requires the students to perform all analysis on the instruments and analysis listed above. Includes Clinical Practicum. Lecture, 4 hours. Credit: 4 semester hours.

4156 Urinalysis and Body Fluids I (CLS)
This course will address the structure and function of the kidney in its role in the formulation of urine. Routine urinalysis tests will be discussed for each analyte found in the urine specimen utilizing both manual and automated testing procedures. Metabolic disorders requiring special tests will also be covered. Kodachrome slides and CD Rom will be used for the microscopic analysis of casts, cells, crystals and other miscellaneous particles seen in sediment. Includes Clinical Practicum. Lecture, 2 hours. Credit: 2 semester hours.

4157 Mycology and Parasitology I (CLS)
The course will introduce the student to the classification of those parasites that infect man. Preparation and examination of specimens will be discussed. Lectures will cover important parasites including the hemoflagellates such as Leishmania and Trypanosoma, trematodes infecting the intestine, liver-lung, and blood and cestodes. The student will also be introduced to the glossary of terms used in the examination of specimens for fungal agents. Specimen collection, media for the isolation of these agents, staining used for microscopic examination and special procedures will be discussed. Lectures will cover those fungal agents that affect man including dermatophytes, superficial mycoses, and subcutaneous mycoses. Includes Clinical Practicum. Lecture, 2 hours. Credit: 2 semester hours.

4161 Clinical Bacteriology II (CLS)
This course covers in depth the biochemical identification of other Gram negative organisms such as nonfermenting Gram negative rods and Vibrio. Anaerobic organism's role in disease as well as identification is also covered. Less frequently seen organisms such as the spirochetes and Chlamydia are also
and analytical aspects of liver enzymes and other liver disorders, bilirubin metabolism function tests for hepatitis, cirrhosis and renal control of acid-base balance and liver

4165 Application, Analysis and Lab Practice in Clinical Chemistry II (CLS)

This course discusses the assessment of renal function, creatinine metabolism and renal control of acid-base balance and liver function tests for hepatitis, cirrhosis and other liver disorders, bilirubin metabolism and analytical aspects of liver enzymes and their relation to specific organs of the body.

The chemistry and metabolism of proteins along with various testing methodologies are analyzed. Carbohydrate metabolic disorders; analysis and diagnosis are discussed. The testing and analysis of toxic and therapeutic drugs including investigation of toxic agents, antidepressants, heavy metals, drugs of abuse and related testing methodologies are presented. Clinical aspects of hormones and receptors are discussed along with the testing methods. Molecular diagnostics will be covered where applicable. Includes Clinical Practicum. Lecture, 4 hours. Credit: 4 semester hours.

4166 Urinalysis and Body Fluids II (CLS)

This course includes the study of the diseases of the kidney to include: Acute and Chronic Renal Failure, Nephrotic Syndrome, Glomerulonephritis, and Pyelonephritis etc. The various fluids of the body will be discussed such as Cerebral Spinal Fluid, Pleural, Peritoneal etc. All tests used to diagnose conditions related to these diseases will be covered. Includes Clinical Practicum. Lecture, 2 hours. Credit: 2 semester hours.

4167 Mycology and Parasitology II (CLS)

This course will continue the introduction of the student various parasites that infect man. Emphasis will be on protozoa including amoeba, flagellates, ciliates, and coccidia. Staining of clinical material and important characteristics for diagnosis will be discussed. Diagnosis of malaria and microfilaria found in the blood will also be examined. Intestinal and tissue nematodes will be included in this course. Continuation of important fungal agents will also be included. These include the systemic fungi, yeast and yeast-like organisms and the Actinomycetes. Lastly, contaminants will be discussed as possible causes of opportunistic infections and their identification in the laboratory. Includes Clinical Practicum. Lecture, 2 hours. Credit: 2 semester hours.

4168 Clinical Education, Management and Research (CLS)

This course will introduce the student to educational methodologies used in clinical laboratory science program. Topics covered include in-service education, continuing education and laboratory interdepartmental rotation. Teaching mechanisms, objectives and testing methodologies will be discussed. Students are exposed to the management including various agencies accrediting the laboratory, financial management and reimbursement, staffing, job analysis and the role of human resources in laboratory management. The basics of research as applied to the clinical laboratory will also be discussed. Topics will include research protocols, adherence to the protocols, data collection methods and analyzing of results of data obtained. Lecture, 1 hour. Credit: 1 semester hour.

Clinical Pharmacy Practice (CPP)

1101 Introduction to Pharmacy Practice

Prerequisites: PHR 1000. This course is designed to provide the student with an overview of the pharmacy profession and contemporary practice issue. Focus is drawn to analysis of the attributes of the pharmacy profession, expectations and realities of a pharmacy student and pharmacist, and the concept of pharmaceutical care. Also, emerging and unique roles of the pharmacist on the health care team is discussed. Given on a Pass/Fail basis. Lecture. Credit: 1 semester hour.

3153 Introduction to Alternative Medicine

Prerequisites: CPP 1101, PAS 2301. This course is intended to provide an introduction to the origin, basic principles, indications and philosophy of selected alternative medicine modalities. Elective. Credit: 2 semester hours.

3201 Introduction to Pharmaceutical Care

Prerequisites: PHS 2101. This course is designed to introduce the student to the concept of pharmaceutical care. Pharmaceutical care embraces the concept of pharmacist-managed/patient-oriented pharmacy services directed at providing effective, safe, and cost effective drug therapy via outcomes monitoring and assessment. Selected disease states will be discussed with emphasis on pathophysiology and rational therapy and the development of an appropriate pharmacy care plan. Credit: 2 semester hours.

3203 Experiential Pharmacy I

This course is designed to transition the student from didactic training to experiential training; to allow the student to apply the skills and knowledge acquired thus far to the process of prescription preparation and the practice of patient care. The major goal of this course is to foster professionalism within the student, towards their patients, other healthcare professionals, and the profession and to apply didactic knowledge. The student will work under the supervision of pharmacy preceptors from affiliated practice sites who will assist them in the growth of their patient care skills and to guide them through the experiential process. This course will introduce the student to the medication dispensing process, including patient medication profiles, to drug use reviews/evaluations, and to patient counseling in accordance to state and federal regulations guiding pharmacy practice. The student will also be exposed to the administrative, financial, and clinical activities that pharmacists routinely perform during the practice of the profession. Experiential Hours: Total 52 hours and one credit experiential hours (one four-hour day per week for 13 weeks) Credit: 1 semester hours.
3951 Research in Clinical Pharmacy I*

Students participate in clinical research studies under the direction of clinical faculty. Permission for student participation must be obtained from a clinical faculty member prior to course registration. Credit: 3 semester hours.

3154 Community Health Advocacy and Outreach

Prerequisites: All courses through the second year of study. This course explores the important role of pharmacists in community health. It provides a competency understanding of key concepts related to pharmacy initiatives for, and contributions to, patient advocacy, education and outreach. Students will work together on assignments and engage in various community outreach programs, emphasizing the value of pharmacists participation in community health interventions. Credit: 3 semester hours.

3952 Research in Clinical Pharmacy II

(See 3951) Prerequisite: CPP 3951. Opportunity for students to continue clinical research activities or undertake additional projects. Same requirements as stated in CPP 3951 description. Credit: 3 semester hours.

4301 Drug Information and Laboratory

Prerequisites: CPP 3201; PHS 3508; PHS 3509. The philosophy and fundamentals of drug information practice and the application of drug information skills in the delivery of pharmaceutical care will be discussed. The student will acquire the basic skills necessary for the provision of drug information through lectures, homework, and laboratory project assignments in the areas of drug information retrieval, drug literature evaluation, and quality assurance. Laboratory: 1 hour. Credit: 2 semester hours.

4402 Literature Evaluation and Research Design

Prerequisite: CPP 4301. Literature evaluation and research design will provide the student with a basic understanding of appropriate research design and methodology, biostatistics, and reporting of results. The objective of this course is to provide the student with the skills and knowledge base to critically evaluate the primary literature and understand the practical implications of such literature. Credit: 2 semester hours.

5203 Experiential Pharmacy II

Prerequisites: CPP 3203. This course will build upon Experiential Pharmacy I, transitioning and developing the skills of the student to become a more active participant in the healthcare delivery system for both the institutional and community settings. The goals of this course include continuing to develop professionalism within the student and applying the knowledge and skills gained thus far to the provision of patient care. The student, under the supervision of pharmacy preceptors from affiliated practice sites, will actively become involved in preparing prescriptions for the patient, utilizing and evaluating the patient medication profile, participating in quality assurance activities, and actively develop patient counseling skills. They will be exposed to all aspects of medication therapy management, including administrative, financial and clinical activities. Experiential Hours: 208* hours experiential off-campus hours. Credit: 5 semester hours. *This is a longitudinal pharmacy practice learning experience. It will begin in fall of fourth year and must be completed by fall of fifth year. Scheduling of hours will be at the discretion of the pharmacy preceptor from the affiliated pharmacy practice sites and the student. A formalized schedule will be prepared by the College to assist with student scheduling.

5301 Clinical Applications of Pharmacokinetics and Pharmacodynamics

Prerequisite: PHS 4602. This course is designed to explore prevailing topics in the areas of applied clinical pharmacokinetics, pharmacodynamics, toxicokinetics and include some aspects of special drug delivery systems. Application of advanced pharmacokinetic principles will be covered including examples of drugs and exhibit linear and non-linear pharmacokinetics. Clinically relevant pharmacodynamic principles will be covered. Principles and physio-chemical properties of drugs removed by extracorporeal systems will be discussed. Credit: 3 semester hours.

5404 Elective I Clerkship

Prerequisites: ALL required courses through fifth year and successful completion of the competency examination. This rotation will introduce the student to a specialized area of pharmacy practice. This area may be selected according to the student’s interest or an area of medicine in need of further emphasis. This rotation may involve managerial aspects of pharmacy practice or research pertaining to pharmacy practice. Credit: 3 semester hours.

5405 Elective II Clerkship

Prerequisites: ALL required courses through fifth year and successful completion of the competency examination. This rotation introduces the student to a specialized area of pharmacy practice. This area may be selected according to the student’s interest or an area of medicine in need of further emphasis. This rotation may involve managerial aspects of pharmacy practice or research pertaining to pharmacy practice. Credit: 3 semester hours.

5412 APPE Key Concepts of Pharmacist-Delivered Care

Prerequisites: ALL required courses through fifth year and successful completion of the competency examination. During this advanced pharmacy practice experience (APPE), the student will transition from Introductory Pharmacy Practice Experiences (IPPE’s) to APPEs. Students will build upon the knowledge and skills acquired during their IPPE training, to provide patient-centered care in any direct patient care setting. Students are expected to provide this care in collaboration with the patient, their preceptor and healthcare providers. Students will utilize resources of the health care system to maximize therapeutic outcomes and medication use. Emphasis will be placed on further refining the student’s care planning process, drug information skills and medication safety concepts in a direct patient care setting. Credit: 3 semester hours.

5413 Advanced Community Pharmacy

Prerequisites: ALL required courses through fifth year and successful completion of the competency examination. During this advanced practice experience (APPE), the student will continue to demonstrate the skills to provide pharmacist-delivered patient-centered care in the community pharmacy setting. Students are expected to be active members of the healthcare team by participating in medication therapy management services, patient...
education, health screening/monitoring, and other advanced clinical services offered at the site. Emphasis will be placed on communication skills, patient education, and the pharmacist’s role in maximizing population-based therapeutic outcomes including disease prevention and wellness. Credit: 3 semester hours.

5414 General Inpatient Care
Prerequisites: ALL required courses through fifth year and successful completion of the competency examination. During this advanced pharmacy practice experience (APPE), the student will continue to develop and demonstrate the necessary skills to provide pharmacist-delivered patient-centered care in a general inpatient care setting. Students are expected to provide this care in collaboration with the patient, their preceptor and healthcare providers. Students will utilize resources of the health care system to maximize therapeutic outcomes and medication use in a diverse inpatient population. Emphasis will be placed on pharmacist-patient-health care provider relationships, promoting the safe use of medications, developing appropriate patient care plans, communication skills and ensuring continuity of care. Credit: 3 semester hours.

5415 Specialty Inpatient Care
Prerequisites: ALL required courses through fifth year and successful completion of the competency examination. During this advanced pharmacy practice experience (APPE), the student will continue to develop and demonstrate the necessary skills to provide pharmacist-delivered patient-centered care focusing on a specific inpatient population. Students are expected to provide this care in collaboration with the patient, their preceptor and healthcare providers. Students will utilize resources of the health care system to maximize therapeutic outcomes and medication use in this population. Emphasis will be placed on pharmacist-patient-health care provider relationships, promoting the safe use of medications, developing appropriate patient care plans, communication skills and ensuring continuity of care.

6102 Prevention and Management of Drug Induced Diseases
Prerequisites: ALL courses through fourth year. A general understanding of adverse drug events including monitoring, evaluating, preventing, and managing these events will provide a basis for organ system specific drug-induced disease issues. Drug activity effecting untoward biochemical enzymatic changes related to cellular, organ, and system functions will be explored. Topics to be emphasized will include blood dyscrasias, neurologic, dysfunction, as well as undesirable drug effects on the gastrointestinal, hepatic, renal, dermal, and other systems. Credit: 3 semester hours.

6104 Geriatric Pharmacotherapy
Prerequisites: ALL courses through fourth year. Corequisites: CPP 6101, CPP 6102, CPP 6103, PHR 6101. This course is designed to introduce the student to the physiologic, pharmacologic, and sociologic aspects of aging. The course will focus on: 1) physiological and practical aspects of medication use in the elderly; 2) the pharmacist’s role in geriatric care; and 3) the management of disease states and syndromes that predominately occur in the elderly. The use of a case study format will allow the student to gain experience in designing and monitoring drug regimens for the geriatric patient. Elective. Credit: 3 semester hours.

6105 Contemporary Community Pharmacy Practice
Prerequisites: ALL courses through fourth year. This course will expose the student to contemporary issues in community pharmacy practice. The role of the community pharmacist in the provision of pharmaceutical care will be explored in depth. Particular emphasis will be placed upon the emerging function of the pharmacist as an ambulatory care provider and integral part of the health care team. Elective. Credit: 3 semester hours.

6106 Advanced Concepts in the Management of Allergy and Immunologic Diseases
Prerequisites: ALL courses through the fall of fourth year. This course is intended to facilitate the development of the skills and competencies necessary for the provision of pharmaceutical care to patients suffering from allergic and immunologic disorders. Contemporary issues in the pharmacologic and non-pharmacologic prevention and management of these disorders will be investigated in detail. Emphasis will be placed on patient assessment and the development of appropriate pharmaceutical care plans for both the ambulatory and inpatient settings. Elective. Credit: 3 semester hours.

6107 Pharmacotherapy of Autoimmune Disorders
Prerequisites: ALL courses through fourth year. This course is intended to facilitate the development of the skills and competencies necessary for the provision of pharmaceutical care to patients suffering from autoimmune disorders. The pathophysiology for each disease state will be reviewed along with the pharmacology and therapeutics for the drugs available for their treatment. Emphasis will be placed on patient assessment and the development of pharmaceutical care plans for patients suffering from autoimmune disorders. Elective. Credit: 3 semester hours.

6108 Pediatric Pharmacotherapy
Prerequisites: PHR 4105, PHR 4107. This course is designed to introduce the student to the field of pediatric pharmacotherapy, emphasizing the developmental process required from the neonatal period into adulthood that influences drug therapy. The units of instruction are developed to prepare future pharmacists in understanding the dosing and use of drugs specific to the pediatric population. Elective. Credit: 3 semester hours.

6109 Comprehensive Management of HIV/AIDS
Prerequisite: PHR 4105. This course is intended to facilitate the development of the skills and competencies necessary for the provision of pharmaceutical care to patients infected with HIV. The course is intended to review the pharmacologic management of HIV infection and associated AIDS indicator conditions. Emphasis will be placed on patient assessment and the development of pharmaceutical care plans for patients suffering from HIV. Elective. Credit: 3 semester hours.

6110 Advanced Topics in Infectious Disease
Prerequisite: PHR 4105. This course is designed to build and expand upon the principles of infectious diseases. A compendium of literature, studies, and guidelines in infectious diseases will be examined to obtain and in-depth knowledge of: pharmacodynamics of antimicrobial agents, the treatment of select disease states not covered by Drugs and Infectious Diseases (PHR 4105) and administrative methods to ensure optimal antimicrobial use. Credit: 3 semester hours.

6111 Pharmacotherapy of Psychiatric Disorders
Prerequisites: All professional courses through the fourth year. Students taking this course will learn advanced principles in the therapeutic management of psychiatric disorders. This course is designed to expand on the principles learned in the Drugs and Diseases course. The student will learn about special topics in the treatment of schizophrenia, major depressive disorder, bipolar disorder and anxiety disorders. Treatment guidelines as well
as other factors influencing pharmacotherapy will be discussed. The didactic component of the course will be supplemented with active learning activities including case studies and student presentations. Lecture, 3 hours. Credit: 3 semester hours.

6112 Advanced Therapeutic Management of Oncology Patients
Prerequisites: All courses through the fourth year. This is an advanced-level course focusing on the therapeutic management of cancer patients. A competency list of oncology-related topics will be covered with a goal to develop advanced clinical skills and competencies necessary for pharmacists to provide care to cancer patients. This course is designed to improve independent and active learning abilities enabling students to advance their knowledge, understanding and skills in managing the complex clinical issues facing cancer patients. Credit: 3 semester hours.

6113 Advanced Education in Patients with Diabetes
Prerequisites: CPP 3201. This course is designed to provide students the opportunity to learn in-depth knowledge of diabetes through didactic and hands-on learning. A competency list of diabetes-related topics will be covered with a goal to develop advanced clinical skills and competencies necessary for pharmacists to provide advanced care and education to patients with diabetes. A service-learning component will be incorporated into the course. Credit: 3 semester hours.

6116 Vincentian Health Care: Caring for the Underserved
This course will demonstrate to students how health care professionals can apply the University’s Vincentian mission in providing health care for the underserved/poor. The course will expose the student to the sociology of poverty and its impact upon illness and healthcare delivery. The special health care needs of the underserved/poor experiencing health disparities will be emphasized. The course will address the health care needs of poor patients, including homeless individuals, newly arrived poor immigrant groups and the working poor. The challenges that patients encounter attempting to access health care and medicine, and the challenges that health care professionals must overcome to provide care to poor patients, will be addressed. Credit: 3 semester hours.

Radiologic Sciences Courses (RAD)

The following courses are RAD courses:

1101 Introduction to Radiologic Sciences
An introduction to the field of radiology technology explains the guidelines of the program, developments of the field, organizational structure of the radiology Department and an introduction to the standards for radiographers promoting professional conduct. This course also includes basic radiation protection, the value of patient rights and the role of the radiographer. Introductory law, the elements of malpractice and cause for actions, employment issues, contracts, litigation and the radiographers responsibility to deliver healthcare that is free from bias will also be discussed. Lecture, Credit: 2 semester hours.

1110 Radiographic Human Structure and Function I
This course will acquaint the student on the structure and function of the human body. Cells, tissues, organs, and organ systems will be described and discussed as components of their respective systems. Emphasis to physiology and clinical application will give the student a better understanding of anatomical concepts. Lecture, Credit: 3 semester hours.

1111 Radiographic Human Structure and Function II
This course is a continuation of Radiographic Human Structure and Function I. Students will complete their study of the human body and the organs within their respective organ system. Organs and systems will be described and discussed. Organs will be discussed as components of their respective systems. Organs and systems described will include the respiratory system, digestive system, urinary system, reproductive and fetal development system. Emphasis is placed on physiology and clinical applications to give the student a better understanding of the anatomical concept. Lecture, Credit: 3 semester hours.

1114 Radiation Physics and Imaging Equipment I
Prerequisites: All pre-professional courses. Corequisites: RAD 1103, 1104, 1106, 1110, 1125 These courses provide the student with the knowledge of fundamental principles of mathematics essential for mastering radiographic physics, basic physics, mechanics, structure of matter, basic electricity, magnetism, electromagnetism, electrical physics, radiation physics, and basic x-ray circuitry. Production of ionizing radiation, interaction between x-rays and matter, aspects of the emission spectrum and radiation units of measurements are discussed. Radiographic equipment including the x-ray tube, fluoroscopy, and the imaging system as a whole will be discussed. Lecture, Credit: 3 semester hours.

1115 Radiation Physics and Imaging Equipment II
Prerequisites: All pre-professional courses and third year fall semester courses. Corequisites: RAD 1107, 1111, 1131, 1126. These courses provide the student with the knowledge of basic electricity, magnetism, electromagnetism, electrical physics, radiation physics, and basic x-ray circuitry. Production of ionizing radiation, interaction between x-rays and matter, aspects of the emission spectrum and radiation units of measurements are discussed. Radiographic equipment including the x-ray tube, fluoroscopy, and the imaging system as a whole will be discussed. Lecture, Credit: 3 semester hours.

1203 Patient Care and Medical Terminology in Radiologic Sciences
Prerequisites: All pre-professional courses. This course provides students with the basic concepts of optimal patient care, including consideration for the physical and psychological needs of the patient and family. A focus will be on ethical and legal issues surrounding patient care. Routine and emergency patient care procedures are described as well as infection control and medical terminology. This course also includes an introduction to a word-building system and an orientation to understanding radiographic orders and diagnostic report information, including abbreviations and symbols. The role of the radiographer in patient education and radiation protection is emphasized. Radiographic contrast agents and basic concepts of pharmacology will be discussed, as well as the basic techniques of venipuncture for the introduction of contrast agents and/or intravenous medications. Lecture, Credit: 4 semester hours.

1206 Radiographic Anatomy & Procedures with Lab I
Prerequisites: RAD 1110 and 1111. This course is designed to introduce the student to aging procedures with a focus on the radiographic anatomy and procedures of the thorax, abdomen and the upper extremity with consideration for pediatric, geriatric and trauma patients. Particular focus will be on how to distinguish between optimal and sub-optimal images and identify abnormalities related to any underlying pathology. Acceptable practices and principles are discussed and reinforced. Information will be reinforced through the use of active learning strategies such as, but not limited to, case studies, simulations and problem-based learning. Lecture, Credit: 4 semester hours.

1207 Radiographic Anatomy and Procedures with Lab II
Prerequisites: RAD 1206. This course will focus on the radiographic anatomy and procedures of the lower extremity, pelvic girdle, vertebral column and bony thorax with consideration for pediatric, geriatric and trauma patients. A focus will be on the ability to distinguish between
optimal and sub-optimal images and identify abnormalities related to any underlying pathology. Acceptable practices and principles are discussed and reinforced. Information will be reinforced through the use of active learning strategies such as, but not limited to, case studies, simulations and problem-based learning. Lecture, Credit: 4 semester hours.

1208 Medical Imaging: Principles of Radiographic Exposure and Digital Imaging
Prerequisites: RAD 1114.
This course is designed to familiarize students with the various imaging systems in radiography, including an emphasis on digital imaging. A comprehensive analysis of technical, procedural, and geometric factors as they relate to and influence the production of a radiographic image is provided. The impact of the aforementioned factors on radiographic quality and patient dose is emphasized. Lecture, Credit: 4 semester hours.

2105 Advanced Radiation Protection and Radiation Biology
Prerequisites: All pre-professional courses and third year fall semester courses. Corequisites: RAD 2108, 2117, 2124, 2127. An advanced level course designed to address the need for radiation protection, biological effects of ionizing radiation. Patient protection, personal radiation monitoring, and radiation measuring instrumentation, as well as applicable state and federal laws are discussed. The interaction of radiation on biologic systems, and their correlation with concepts studied in Physics, Biology, and Physiology. Acute and chronic effects of radiation are discussed. Lecture, Credit: 3 semester hours.

2109 Radiographic Anatomy and Procedures IV
Prerequisites: All pre-professional, third year professional courses, fourth year fall semester professional courses. Corequisites: RAD 2123, 2132, 2133, 2128. This course provides students with an understanding of the advanced imaging techniques required for producing image of specialized areas of the body. Anatomy, indications, specialty procedures, contrast media, equipment and positioning are discussed. Introduction to advanced imaging areas such as CT, MRI and PET scanning are discussed along with the advanced education requirements necessary for certification in these and other areas. Many of these examinations are done within the confines of the imaging department, but may not necessarily be routine diagnostic procedures. Specialized equipment and/or specially trained personnel may be involved in offering these services. Specialty exams discussed include Arthrography, Myelography, Venography, Central Nervous System including Angiography, and Hysterosalpingography with a brief introduction to cross-sectional anatomy Lecture, Credit: 4 semester hours.

2123 Pathophysiology with Film Review
Prerequisites: All pre-professional, third-year professional courses, fourth-year fall semester professional courses. Corequisites: RAD 2109, 2132, 2133, 2128. Content is designed to introduce theories of disease causation and the pathophysiological disorders that compromise healthy systems. Etiology, pathophysiological responses, clinical manifestations, radiographic appearance and management of alterations in body systems will be presented. All necessary QA/QC equipment as well as state and federal guidelines will be discussed. Lecture, Credit: 3 semester hours.

2124 Introduction to Quality Assurance
Prerequisites: All pre-professional, third-year professional courses, fourth-year fall semester professional courses. Corequisites: RAD 2105, 2108, 2117, 2127. Content will include discussion of the integration of federal and state standards, role, responsibility, monitoring maintenance, program evaluation, and establishing and maintaining a quality diagnostic radiograph. The student will be able to identify the importance of quality control in today’s Radiology Department, and analyze how to enhance the imaging quality considering all the variables, and to discuss how effectively, the image quality can be tested and how to correct the problems. Lecture, Credit: 1 semester hours.

2132 Registry Review
Prerequisites: All pre-professional, third-year professional courses, fourth-year fall semester professional courses. Corequisites: RAD 2109, 2123, 2133, 2128. The course is designed to prepare students for the American Registry of Radiologic Technology Certification exam and the New York State Licensing exam. This course will provide students with an overall review of all classes taken in the previous two years of coursework in preparation for the certification exam. Lecture, Credit: 3 semester hours.

2207 Radiographic Sectional Anatomy
Prerequisites: RAD 1110, 1111, 1206, 1207. This course will focus on gross anatomical structures and their location in axial (transverse), sagittal, coronal, and orthogonal (oblique) planes. Illustrations and anatomy images will be compared with Magnetic Resonance (MR) and Computerized Tomography (CT) images in the same imaging areas and levels. Emphasis will be placed on characteristic appearances of each anatomical structure as it appears in CT and MR images. Lecture, Credit: 3 semester hours.

2208 Radiographic Anatomy and Procedures with Lab II
Prerequisites: RAD 1206, 1207. This course will focus on the radiographic anatomy and procedures for the various procedures related to the biliary system, gastrointestinal tract, urinary system and cranium with consideration for fluoroscopic studies, pediatric, geriatric and trauma patients. A focus will be on the ability to distinguish between optimal and sub-optimal images and identify abnormalities related to an underlying pathology. Acceptable practices and principles are discussed and reinforced. Information will be reinforced through the use of active learning strategies such as, but no limited to case studies, simulations and problem-based learning. Lecture, Credit: 4 semester hours.

2211 Introduction to Computed Tomography
Prerequisites: RAD 1115, 1208, 2207. This course will provide an introduction to the basic understanding of the operation of computed tomography (CT) equipment. An overview of scanner components, data acquisition, digital imaging, image reconstruction, image analysis, image display and manipulation, and quality assurance will be provided. Current imaging applications will be explored and radiation protection will be emphasized. Lecture, Credit: 2 semester hours.

2213 Fundamentals of Mammography
Prerequisites: RAD 1110, 1111, 1203, 1208 Corequisites: RAD 2128. This mammography course introduces students to the concepts necessary to perform a mammogram. The focus will be on theories and practices inherent in standard and mammographic positioning, compression, breast anatomy and physiology, imaging techniques for breast pathology, clinical image evaluation, digital image processing, quality assurance/quality control QA/QC of mammographic equipment and the Mammography Quality Standards Act and Program (MQSA) Federal guidelines. Lecture, Credit: 2 semester hours.

1127, 1128, 1129, 1150, 2127, 2128, 2130

Clinical Education
Prerequisites: All pre-professional courses and previous semester courses. Corequisites: All professional courses in the semester. A well designed and developed competency based education at supervised clinical education sites. This provides the students with an active role in developing the skills required to deliver high quality imaging services. Objective competency evaluations are used for consistent methods of measuring student outcomes for each ARRT mandated part. Students will begin their clinical experience observing the technologist, and as they progress, and students have been tested didactically, they will work with direct supervision until competency has been achieved. After competency has been achieved the student may work under indirect supervision. 1575 hours total.
Elective Courses

Professional elective courses are made available by several departments of the College of Pharmacy and Health Sciences.

Non-professional electives may be selected from the courses offered by other departments of the University, with the approval of the appropriate Dean.

Those contemplating medical, dental, law or graduate study after graduation are advised to consult the appropriate school bulletin, since specific courses may be required for admission. Elective credits may be utilized to satisfy these requirements.

Courses selected as electives must be approved in advance by the Dean of the College of Pharmacy and Health Sciences.

Pharmacy Administration and Public Health

Course Offerings (PAH)

Wenchen Wu, R. Ph., M.B.A., Ph.D., Chair

Objectives

The department seeks to provide students with the opportunity to acquire the knowledge, develop the attitudes and master the skills required for contemporary pharmacy practice. Lectures, utilization of the multi-media programs in the Resource Center and individual and group conferences with faculty give the student a knowledge of the principles and processes in the manufacture, stabilization, preservation, storage and dispensing of both official and non-official dosage forms.

Classroom and conference discussions give the student an opportunity to develop creative talents in compounding and formulating dosage forms.

Pharmacy and Administrative Sciences

(PAS)

The following courses are PAS courses:

2201 Introduction to Pharmacoeconomics
Prerequisites: MTH 1250; MTH 1260; PAS 2301. This course is designed to provide the student with introductory concepts of pharmacoeconomics as it relates to patient care. Overview of economic principles, which may enhance the understanding of the theory underlying pharmacoeconomic analysis, will be integrated in this course. A special emphasis is also placed on applying the economic evaluation and quality of life concept to improve the allocation of limited health care resources. Lecture. Credit: 3 semester hours.

2301 Social Aspects of Pharmacy Practice
Prerequisites: CPP 1101. This course is designed to introduce the student to the social aspects of pharmacy practice. Important areas to be discussed include the pharmacy as a profession, professionalization of the student, and the image of the pharmacist held by patients. The role of the pharmacist in various practice settings as related to patient care and interaction with other health care professionals will be explored. An overview of how the pharmacist plays a key element in drug therapy, drug product selection, and therapeutic interchange will also be discussed. Special emphasis will be placed on understanding the social aspects of drug use in today’s society and the importance of providing pharmaceutical care to the patient. Credit: 1 semester hour.

PAS 2500 Introduction to Medical Economics
This course serves as an introduction to the role of economics in medicine. It builds on microeconomic and macroeconomic principles of supply and demand and covers topics such as the market for medical care, the market for health insurance, the role of government in health care and health care reforms. The economic principles and concepts in relation to healthcare will be incorporated in the course. Credit: 3 semester hours.

3301 Pharmacy and The U.S. Health Care Environment
Prerequisite: PAS 2201. This course is designed to introduce the students to the U.S. health care delivery system and explore the social, political, and economic factors, which influence the flow of pharmaceutical products and services within the system. Special emphasis will be placed on the role and function of pharmacy in the new paradigm of ever-changing health care. An overview of the current structure and financing will be provided. Focus will be given to the public and private sectors of health care, the major players, the pharmaceutical industry, third party plans, and managed care. In addition, the role of the pharmacist in health promotion and disease prevention will be emphasized. Credit: 3 semester hours.

3352 Communication Techniques in Pharmacy
This course is designed to provide the student with opportunity of employing promotional techniques as a method of communication between the community pharmacy practitioner and the public. The aspects of pharmaceutical promotion, and copy writing will be discussed as well as the methods employed by the pharmaceutical manufacturer to familiarize medical and pharmaceutical practitioners with the knowledge of pharmaceutical products that are marketed. Lecture, 2 hours. Credit: 2 semester hours.

3353 Contemporary Legal Issues Affecting the Pharmaceutical Industry
Prerequisite: PAS 2301. The purpose of this course is to introduce students to contemporary legal issues that affect pharmacy practice and their role as employees, potential employers and consumers in the health care industry. Students will learn about changes in employment law and business law and be introduced to risk management issues, privacy issues and alternative dispute resolution techniques. Elective. Credit: 2 semester hours.

3354 Contemporary Issues in Hospital Pharmacy
Corequisite: PAS 2301. Hospital pharmacy history, theory, techniques, and administrative procedures. It acquaints the student with the pharmacy as a hospital department and the pharmacist’s role within the institution and the health care system. Elective. Credit: 2 semester hours.

3355 Environment of Pharmaceutical Marketing
Prerequisites: PAS 2201; PAS 2301. This course is designed to provide the student with a thorough overview of marketing in the pharmaceutical industry. Elective. Credit: 2 semester hours.

3356 Quality Issues in Managed Care Pharmacy
Prerequisite: PAS 2301; PAS 2301. This course is designed to provide the student with an overview of the issues related to the medication use process within the managed care setting. Elective. Credit: 2 semester hours.

3357 Computer and Pharmacy Data Management
Prerequisites: CPP 1101; PHR 1101. This course is designed to introduce students to up-to-date computer terminology, hardware and application programs for pharmacy information systems. The major focuses are on the understanding of technical aspects of pharmacy computer system and the development of pharmacy database management skills. Didactic components are offered in the instructional computer classroom. Hands-on experience with database software packages such as Microsoft ACCESS® is provided through student use of open computer labs. Elective. Credit: 2 semester hours.

3401 Personnel Management Issues in Health Care Institutions

The objective of this course is to develop skills in the Allied Health student to handle interpersonal issues confronted among and between professionals and the patients they serve in health care institutions. Because of the interdependent nature of leadership and management across a spectrum of management process in health care institutions, this course incorporates application with theory and emphasizes critical thinking, problem solving, and decision making. Case studies and learning exercises will promote critical thinking and interactive discussion. Students will enhance their problem-solving skills by connecting real-life experiences to the content of the course. Content in key areas relevant to health care institutions, such as supervision,
This course is designed so the radiologic scientist will understand the various methods of care delivery to remain knowledgeable in the changing face of technology. The political context of health care organization and delivery, with specific focus on the mechanisms for policy formulation and implementation will be discussed. Lecture, 3 hours. Credit: 3 semester hours.

PAS 3501 Statistics for Biomedical Sciences
Prerequisites: Math 1250 and Math 1260. This course will allow the student to develop mastery of theories behind the most frequently used statistical methods in the field of biomedical sciences. Grounded on these theories, the student will develop skills that are necessary in selecting the appropriate statistical test for a given scenario. Students will develop computational abilities using in-vitro and in-vivo data by applying formulae. Credit: 3 semester hours.

PAS 3502 Behavioral Determinants of Health Care
Prerequisites: PAS3402. This course is designed to introduce the student to social concepts and processes that influence behaviors in healthcare. The course will provide an introductory background to the kinds of social and behavioral theories that guide our understanding of health-related behavior and explore some of the ways in which these theories and approaches may be used in health care practice and research. The course will also provide insights into psychosocial issues in health care and familiarize students with key sociobehavioral factors related to behavior change, community, organizational climate, and family. Credit: 3 semester hours.

PAS 3503 Introduction to Epidemiology
This course will provide students with a fundamental understanding of the general principles of epidemiologic methods and their application to identify emerging health problems and to improve population health. It will introduce key epidemiologic concepts such as measures of disease frequency, association, bias, confounding, as well as the main epidemiologic study designs. Credit: 3 semester hours.

PAS 3504 Research in Administrative Science I
An elective course designed to familiarize the student with basics associated with the design, implementation, and data analysis essential to conducting research in Industrial Pharmacy, Cosmetic Science, and the administrative areas of pharmacy practice. The student is required to conduct an actual research project under the guidance of the faculty member in an area of mutual interest to both student and faculty member. Credit: 3 semester hours.

PAS 3952 Research in Administrative Sciences II
An elective designed to familiarize the student with basics associated with the design, implementation, and data analysis essential to conducting research in industrial pharmacy, cosmetic sciences, and the administrative areas of pharmacy practice. The student is required to conduct an actual research project under the guidance of the faculty member in an area of mutual interest to both student and faculty member. Credit: 3 semester hours.

PAS 4021 Health Care Law for Practitioners
This course is designed to introduce students to the legal issues that have an impact on the delivery of care in the American health care system and influence the ability of health care professionals to competently practice their professions. It will also survey current federal and New York State regulatory schemes governing the provision of health care. Lecture, 3 hours. Credit: 3 semester hours.

PAS 4202 Health Care Finance
This course provides the student with a broad overview of the health care organizations financial challenges. Students will learn the financial challenges of health care organizations including: enhancing revenues, managing costs, accessing capital at reasonable rates, and ensuring the integrity of financial reporting. Lecture, 3 hours. Credit: 3 semester hours.

PAS 4305 Pharmacy Law
Prerequisites: PHI 1000C; PHI 2240; PHI 3000C. The purpose of this course is to provide the students with an understanding of the legal basis of pharmaceutical care. As professional persons empowered by state licensure to protect patients from risks, students will learn about the responsibilities of the pharmacists under the law and the limits of their responsibilities. Pharmacist’s role in preventing liability by reducing drug-related morbidity will be covered. Principles of criminal and civil liability and business and business and contract law where applicable to pharmacy practice are included. Specific attention is given to rules of professional conduct as defined by the New York State Board of Pharmacy. Credit: 2 semester hours.

PAS 4501 Health Care Management
Prerequisites: PAS 3502. This course introduces students to healthcare management in a wide variety of health care settings such as hospitals, nursing homes, clinics, and home health care agencies. Students will examine principles of effective management including cost management, strategic planning and marketing, information technology, organizational design, leadership, teamwork, and human resources. Credit: 3 semester hours.

PAS 4502 Health Care Care Marketing
Prerequisites: PAS 3402. To meet the demands of the dynamic health care market, this course is designed to deepen student’s knowledge and skills of health care marketing by addressing how traditional promotional and business techniques are used in this industry. The course involves analysis, evaluation, and implementation of marketing strategies within the health care environment. Credit: 3 semester hours.

PAS 4503 Fundamentals of Regulatory Affairs
This course will provide students with a fundamental understanding of the general principles of pharmaceutical legislation and regulatory affairs in the pharmaceutical and biotechnology industry. It will introduce the FDA’s laws and regulations as they relate to drug discovery and the drug approval process, foundations of GXP, ethical considerations of scientific inquiry and the regulatory scheme involved. Credit: 3 semester hours.

PAS 5202 Pharmacy Management and Advanced Pharmacoeconomics
Prerequisites: PAS 2201; PAS 3301; PAS 4305. This course provides the student with a broad information base essential to successful pharmacy management and efficient resource allocation in various professional practice settings. Students learn to apply management principles; planning, organizing, directing, and controlling in operating pharmacy resources. The course prepares pharmacy students to address change, increase competitiveness, and optimize patient’s services. Credit: 4 semester hours.

PAS 6201 Self-Care Pharmaceuticals
Prerequisite: PHR 4105. This course is designed to focus on the therapeutic aspects of self-care pharmaceuticals. The course will center on the pharmacist’s role in making professional decisions concerning these medications and in providing advice to patients in selecting drugs for self-medication. Elective. Credit: 3 semester hours.

PAS 6202 Experimental Designs in Clinical Trials
Prerequisites: PHR 5106; PHR 5108. Clinical trial has a prominent role in the research and approval of new drugs. To conduct clinical trials, future pharmacists need an understanding of the various experimental designs used in research studies. This course will introduce the student to the terminology used to classify the design of a research study and to explore in detail observational research as represented by the case report, case control study, and cohort study. It will describe the study design characteristics that distinguish experimental research, as in clinical trial, from other types of drug research. Methods for enhancing validity through the use of appropriate controls, randomization, and blinding will be discussed. Elective. Credit: 3 semester hours.
6203 Communication Skills for the Pharmacist
Prerequisites: ALL required fifth-year courses. This course exposes the student to interpersonal communication as it applies to pharmacy practice from a patient-focused approach. It highlights the importance of the pharmacist's responsibility in communicating with patients and other healthcare providers. Specific attention is devoted to strategies that improve the pharmacist's decision-making and communication skills. The intertwining of the didactic and actual pharmacist interactions will prepare the student for the real world environment. The knowledge and skills gleaned from this course will assist the student with the planning and execution of communication activities routinely encountered by the practicing pharmacist. Elective. Credit: 3 semester hours.

6205 Personal Management in Pharmacy Practice
Prerequisites: ALL fifth-year courses; PAS 5202. As pharmacy students move from school to practice, they may find they are supervising technicians and their peers. This course will help them prepare for their supervisory role by addressing the pharmacy supervisor's foremost concern: planning, controlling, directing, and staffing—the four key components of supervision. With case studies and examples, ways to motivate employees, how to bring about change, workplace rules and expectations, reward, discipline, complaints and grievances, this course will enable students to be better enhancers of the environment for optimal patient care. Elective. Credit: 3 semester hours.

6206 Fundamentals of Regulatory Affairs
Prerequisites: ALL required fifth-year courses. This course will provide students with a fundamental understanding of the general principles of regulatory affairs in the pharmaceutical and biotechnology industry. It will introduce the basic concepts of drug discovery and the drug approval process, foundations of GxP, ethical considerations of scientific inquiry and the regulatory scheme involved. Elective. Credit: 3 semester hours.

6208 Health Care Data Analysis and Interpretation
Prerequisites: ALL required fifth-year courses; CPP 4402. This course is designed for those students who seek to enhance their skills in clinical and health care services research and to extend their knowledge in drug literature assessment. The purpose of this course is to provide an adequate working knowledge of SAS and to offer a fundamental base of technical skills for statistical data evaluations. SAS is the most accepted statistical tool in health care research field and has been accepted as an FDA standard for accepting and archiving data sets. The student will learn the strategy and skills in how to prepare, organize, analyze data and interpret the results. Hands-on experience with real data from a wide variety of applications will be offered to enable students to master the skills needed for effective data management, data analysis, and report presentation. Other statistical packages such as SPSS and BMDP will also be discussed. Elective. Credit: 3 semester hours.

6213 Operations of Managed Care Pharmacy
Prerequisites: All fifth-year courses. This course is designed to provide the student with an overview of key operating issues related to the management of prescription utilization within the managed care setting. The course emphasizes the design and provision of pharmacy benefits management services and assesses its impact on inputs, outputs, processes and participants to optimize patient care and outcomes. The major goal of the course is to familiarize students with current pharmacy benefit strategies used to provide safe, efficacious and cost-effective pharmaceutical care in extensive managed care demographic populations. Lecture, 3 hours. Credit: 3 semester hours.

Pharmaceutical Sciences Course Offerings (PHS)
Vijaya Korlipara, Ph.D., Chair

Objectives
The Department of Pharmaceutical Sciences is committed to providing a solid background in the biomedical sciences to allow students in pharmacy and allied health programs to acquire critical learning skills and to develop successful careers rendering health service to the public in industrial, academic and clinical settings. The department provides students with the fundamental knowledge base that enables them to interpret and remain current with the scientific literature in clinical and basic research. Students are prepared to explain the action of drugs in current use and to understand the manner in which these drugs are employed in clinical and basic science settings. Students are expected to acquire the necessary critical skills and background in chemistry, physiology, toxicology and pharmacology that are essential to understanding the nature, composition, standardization and evaluation of natural and synthetic substances used in the diagnosis, prevention and treatment of disease.

The following are PHS courses:

2101 Public Health
Prerequisite: BIO 2000. All aspects of public health including organizations, administration, environmental social health problems will be discussed. The study of epidemiology and disease control will be emphasized. Credit: 3 semester hours.

2201 Biopharmaceutical Chemistry/Biotechnology
Prerequisites: CHE 1110, 1111, 1112; CHE 1120, 1121, 1122; CHE 1130, 1131, 1132; BIO 2000. Corequisites: PHS 2301. Demonstration and experimentation of basic principles of pharmaceutical biochemistry and biotechnology. Laboratory: 3 hours. Credit: 1 semester hour.

3101 Introduction to Pathology (for allied health and toxicology students)
Prerequisite: PHS 3103. A detailed discussion of the relationships between the normal and pathologic anatomy of the human body and disease mechanisms occurring in the major organ groups. Lecture, 3 hours. Credit: 3 semester hours.

3103 Human Anatomy and Physiology I (for allied health and toxicology students)
Corequisite: PHS 3104. Detailed study of the mechanisms whereby the human body maintains homeostasis in the major functional systems of the body to provide a foundation for the study of pharmacology. Lecture, 3 hours. Credit: 3 semester hours.

3104 Human Anatomy and Physiology Laboratory I (for allied health and toxicology students)
Corequisite: PHS 3103. Demonstration and study of major functional systems of the body. Laboratory, 3 hours. Laboratory fee $120. Credit: 1 semester hour.

3105 Human Anatomy and Physiology II (for allied health and toxicology students)
Prerequisite: PHS 3103, 3104. A study of the structure and function of the major body systems: nervous, endocrine, urinary, body fluids and electrolytes, reproductive system. Lecture, 3 hours. Credit: 3 semester hours.
3151 Calculations in Pharmacy Practice  
Corequisites: PHS 3601, 3602. This course deals with pharmaceutical calculations involved in preparation, dispensing, and delivery of pharmaceutical products. Lecture, 2 hours. Credit: 2 semester hours.  

3152 Introduction to Product Development  
Corequisites: PHS 3601, 3602. This course deals with considerations involved in product development and formulation of a dosage form. Lecture, 2 hours. Credit: 2 semester hours.  

3302 Biomedical Laboratory II  
(for pharmacy students)  
Prerequisite: PHS 2301; PHS 3504. Corequisites: PHS 3504; PHS 3506; PHS 3507. Demonstration and experimentation of basic principles of human anatomy and physiology, microbiology, immunology, and biotechnology. Laboratory: 3 hours. Credit: 1 semester hour.  

3303 Biomedical Laboratory III  
(for pharmacy students)  
Prerequisites: PHS 2301; PHS 3302. Corequisites: PHS 3301; PHS 3508; PHS 3509. Demonstration and experimentation of basic principles of medicinal chemistry, pharmacology, toxicology, and biotechnology. Laboratory: 3 hours. Credit: 1 semester hour.  

3504 Human Anatomy and Physiology I  
(for pharmacy students)  
Prerequisites: BIO 2000; PHS 2201. A study of the structure and function of the major body systems: molecular aspects of cell biology, cell physiology, cell structure and organization, tissues, integumentary, musculoskeletal, cardiovascular, lymphatic, respiratory, and digestive systems. Credit: 3 semester hours.  

3505 Clinical Immunology  
Prerequisites: BIO 2000; PHS 2201; PHS 2101. A study of the lymphatic system, immune response, and immunity in humans. Principles of antibody–antigen relationship will be discussed. Special emphasis will be placed on molecular biology of the immune response, genes controlling antibody synthesis, its development, function, and immunopathology will be discussed. Methods of detection of immunogenic molecules and immunotherapy will also be discussed. Credit: 2 semester hours.  

3506 Introduction to Infectious Diseases  
Prerequisites: BIO 2000; PHS 2201; PHS 2101. A study of the general microbial concepts, principles of infectious disease, and host parasite relationships. Special emphasis will be placed on pathogenic microorganisms of man, inflammatory responses to infectious agents and clinical aspects of infections. Credit: 2 credit hours.  

3507 Human Anatomy and Physiology II  
(for pharmacy students)  
Prerequisites: PHS 2201; PHS 2301; PHS 3504. Corequisite: PHS 3302. A study of the structure and function of the major body systems: nervous, endocrine, urinary, body fluids and electrolytes, reproductive system. Credit: 3 semester hours.  

3508 Introduction to Medicinal Chemistry  
Corequisites: PHS 2201; PHS 2301; PHS 3302. This course will introduce the student to the specific principles, which are fundamental to medicinal chemistry and foundation to the integration of this basic pharmaceutical science into therapeutics. Specifically, the course will introduce the student to the various drug categories with particular emphasis on chemical nomenclature, physicochemical properties and chemical aspects of the dynamics of drug action. Credit: 2 semester hours.  

3509 Introduction to Pharmacology  
Prerequisites: PHS 2201; PHS 3504; PHS 3507; PHS 2301; PHS 3302. Corequisites: PHS 3303. This course will introduce the student to the scientific principles, which are fundamental to pharmacology and foundational to the integration of this basic pharmaceutical science into therapeutics. Specifically the course will introduce the student to the various drug categories and their mechanism of action including receptor interactions and the dynamics of drug action. Credit: 2 semester hours.  

3510 General Pathology and Clinical Laboratory Data  
Prerequisites: PHS 2101; PHS 3504; PHS 3505; PHS 3506; PHS 3507; PHS 3502. Corequisites: PHS 3303. A detailed study of the basic principles involving the mechanisms of disease are discussed. Special emphasis will be placed on degeneration, inflammation and repair, disturbances in hemodynamics, developmental defects and neoplasia. Clinical correlates will be covered with respect to laboratory data. Credit: 3 semester hours.  

3601 Pharmaceutics I  
Prerequisites: MTH 1250; MTH 1260; CHE 1110, 1111, 1112, CHE 1120, 1121, 1122, CHE 1130, 1131, 1132; BIO 2000. Corequisite: PHS 3602. Pharmaceutics is the applied science and technology of pharmacy and is based upon the physical, chemical, and biological principles used in the preparation, preservation, and utilization of drug products and/or pharmaceutical dosage forms. The first semester concentrates on the specific physical, chemical, and biological principles that govern homogeneous liquid dosage forms. The second semester concentrates on the specific physical, chemical, and biological principles that govern heterogeneous fluid, semi-solid, and solid systems. The course integrates fundamentals and theory with the pharmaceutical dosage forms to which they best apply. Students are also introduced to the concepts of degradation of pharmaceutical products, pathways of degradation, factors affecting drug stability, approaches to maximize stability of a product. Credit: 4 semester hours.  

3603 Pharmacy Practice Laboratory II  
Prerequisites: PHS 3601; PHS 3602. Corequisite: PHS 3604. Pharmaceutics is the applied science and technology of pharmacy and is based upon the physical, chemical, and biological principles used in the preparation, preservation, and utilization of drug products and/or pharmaceutical dosage forms. The second semester concentrates on the specific physical, chemical, and biological principles that govern heterogeneous fluid, semi-solid, and solid systems. The course integrates fundamentals and theory with the pharmaceutical dosage forms to which they best apply. Students are also introduced to the concepts of degradation of pharmaceutical products, pathways of degradation, factors affecting drug stability, approaches to maximize stability of a product. Credit: 4 semester hours.  

3951; 3952 Research in Pharmaceutical Sciences I; II  
An elective course designed to familiarize the student with opportunities for research (conducting an actual research project under the guidance of a faculty member in the student’s chosen area). Laboratory fee, $120. Credit: 3 semester hours.  

4204 Introduction to Clinical Chemistry  
The study of clinical laboratory tests based on chemical principles or procedures and their use in the diagnosis, prognosis, and treatment of diseases. Information is provided on routine test specimens, the analytical principles underlying common laboratory tests and home test kits, and the correlation of laboratory results with patient’s health status. Attention is also given to the effects of physiological, dietary and drug-related factors on laboratory values. Credit: 3 semester hours.
4601 Extemporaneous Compounding  
Prerequisites: PHS 3603; PHS 3604; Corequisite: PHR 4201. Extemporaneous compounding is the preparation of a medication for an individual patient following receipt of a legal order (prescription) from a prescriber. The course is structured to provide the students training and expertise to ascertain the quality, safety, and technique required to compound and dispense the prescription in community and institutional pharmacy practice. Credit: 3 semester hours.

4602 Biopharmaceutics and Basic Pharmacokinetics  
Prerequisites: PHS 3603; PHS 3604. Biopharmaceutics is the study of the factors influencing bioavailability of a drug in man and animals and the use of this information to optimize therapeutic activity of drug products in clinical application. This course includes the study of (a) factors which may influence availability and disposition as well as pharmacological and toxicological response of drugs, and (b) pharmacokinetic mathematical models to assess drug absorption, distribution, metabolism and elimination process, including continuous and intermittent drug infusion. Credit: 3 semester hours.

6204 Advanced Pharmacy Calculations  
Prerequisites: Completion of all fourth year courses. This course deals with pharmaceutical calculations involved in contemporary pharmacy practice. Special emphasis is placed on improving the skills of pharmacy students and stimulating their thinking in the application of mathematical concepts in contemporary pharmacy practice, e.g., extemporaneous compounding, preparing intravenous admixtures, electrolyte balance, radiopharmaceuticals, calculation of dosage regimen during multiple dosing and calculation of dosage regimen. Lecture, 3 hours. Credit: 3 semester hours.

6207 Contemporary Parenteral Practice  
Prerequisites: PHR 5201, and all courses taught through fourth year. This course is designed to enhance understanding of the techniques encountered in the practice involving parenteral dosage forms. The state of the art in special equipment, components, and devices necessary to prepare these delivery systems will be studied in detail. This course will provide additional exposure to mathematics as well as the influence of physical and chemical properties of drugs and how they relate to excipient, delivery devices and preparation mechanism. This course will cover topics such as intravenous admixtures (IV Ads), total parenteral nutrition (TPN), irrigation, ophthalmic and other parenteral products, their content, dosing, stability and compatibility. Lecture, 3 hours. Credit: 3 semester hours.

6209 Drug Delivery and Targeting  
Prerequisites: all required fourth year courses. This course is designed to review controlled release technology primarily as it relates to medicinal applications. Students will learn about the design, fabrication, methods of controlling release, and theoretical considerations of various classes of drug delivery systems (matrixes, membrane controlled reservoir systems, and bioerodible systems) as well as the application of these systems for various routes of delivery (parenteral, oral, transdermal, nasal, pulmonary, etc.). Lecture, 3 hours. Credit: 3 semester hours.

6210 Special Drug Delivery Systems  
Prerequisites: Completion of all fourth year courses. This course will cover modified release drug delivery systems administered by transdermal, intraosal, ocular and parenteral routes. The major emphasis will be placed on the mechanisms of drug absorption through various routes, pharmacokinetic considerations, physicochemical characteristics of drugs, and principles involved in the design, development and manufacture of these delivery systems. Specific formulation excipients employed in these delivery systems and physicochemical characteristics desirable from these aids will be discussed. In addition, evaluation of these drug delivery systems, especially in vitro and in vivo evaluation, and their correlation will also be covered. Lecture, 3 hours. Credit: 3 semester hours.

6211 Contemporary Product Development  
Prerequisites: PHS 4303, and all required courses through the forth year. This course deals with the processes involved in development and formulation of pharmaceutical products from their inception to the marketing of dosage forms. Special emphasis is placed on the technology involved in their preparation, bioavailability considerations, and in vitro:in vivo correlation. Lecture, 3 hours. Credit: 3 semester hours.

6212 Delivery of Biotechnology-Derived Drugs  
Prerequisites: Completion of all required fourth year courses. This course will cover delivery systems for biotechnology-derived drugs and techniques used to evaluate these delivery systems. The major emphasis will be placed on important aspects utilized in the design and development of delivery systems for biotechnology-derived drug substances, such as peptides and proteins. Novel approaches to deliver gene therapy will also be discussed. In addition, studies such as in vitro drug release studies, cell culture studies used to determine drug absorption, and in vivo pharmacokinetic studies for the evaluation of biotechnology derived products will be covered. Lecture, 3 hours. Credit: 3 semester hours.

Toxicology (TOX)

The following courses are TOX courses:

1401 Toxicogenomics  
This course reviews the principles of cell biology in terms of the underlying molecular mechanisms that drive cellular function. The central dogma and functional concepts of molecular pharmaceutical science is reviewed and tied into the larger context of gene and genome function. Upon completion of the course, students will possess a working framework of molecular pharmaceutical sciences, genomic scale analysis and toxicogenomics. Students will be prepared to integrate new molecular technologies and paradigms as they emerge. The course stresses the use of a range of resources available to health professionals. Lecture, 3 hours. Credit: 3 semester hours.

1402L Toxicogenomics Lab  
Corequisite: PHS 1401. Students are exposed to new emerging molecular technologies and paradigms in a series of hands-on bench work and computational exercises. This series support the students already developing framework of molecular biology and genomic scale analysis from the accompanying didactic course. In this lab, students are given a set of modular online labs to introduce, reinforce, and expand upon the concepts covered in the Toxicogenomics course. Online modules use existing academic and federal research institute resources wrapped into a modular format to introduce the students to information outlets for health professionals. The lab exercises teach and reinforce the concepts of evaluating whole systems, i.e., expression data sets, multiple allele analysis, etc. Laboratory, 3 hours. Credit: 1 semester hour. Lab fee $120.

2403 Current Issues in Toxicology  
Toxicology is the science concerned with understanding the nature of toxic chemicals and how they interact with living organisms. Public issues and controversies where toxic chemicals are involved are studied with respect to the social, political and scientific values that impinge on their resolution. Lecture, 3 hours. Credit: 3 semester hours.

3405; 3406 Principles of Toxicology I; II (formerly 2401, 2402)  
An introduction to toxicology with emphasis on material involved as well as systems affected. A discussion of the classifications of poisons and the preventive aspects. Lecture, 4 hours. Credit: 4 semester hours.

4403 Toxicology Colloquium  
(formerly PHS 3403)  
The student is prepared for the process of identifying a research question of toxicological interest, research design and the handling of research data. Lecture, 4 hours. Credit: 4 semester hours.
4400 Pharmacologic Toxicology
Prerequisites: PHS 3509, 3405, 2201.
Agents affecting the autonomic, central nervous, cardiovascular, renal and endocrine systems, as well as antinfective/antineoplastic agents are examined therapeutically and toxicologically. Lecture, 4 hours. Credit: 4 semester hours.

4405 Pharmacologic Toxicology Laboratory
Prerequisite: PHS 3509. This laboratory will provide the student with opportunity to experience the effects of drugs and other toxic substances on living systems, in coordination with the course on Pharmacologic Toxicology. Laboratory, 3 hours. Credit: 1 semester hour. Laboratory fee $120.

4412 Regulatory Toxicology and Risk Analysis
Prerequisites: TOX 4404. Advance concepts of safety evaluation and monitoring for human and environmental responses to chemicals. Methods of evaluation of toxic hazards will be considered for pharmaceuticals, industrial chemicals, food contaminants, and environmental chemicals. Students acquire an appreciation for the role of uncertainty and quality of data in hazard assessment through experiential involvement in a formal risk analysis of a hypothetical toxic incident. Lecture, 4 hours. Credit: 4 semester hours.

4413 Analytical and Quantitative Toxicology
Prerequisites: CHE 2240. Corequisites: TOX 4414 and TOX 4405. This course introduces students to principles of analysis for drugs and environmental contaminants as well as methods used in toxicological research. Topics will include sample preparation, analyte extraction, and detection. Techniques and instrumentation covered will include spectrophotometry, chromatography (TLC, GC, HPLC), mass spectrometry, immunoassay methods (EMIT, ELISA), and molecular biology. Lectures will emphasize theoretical and practical aspects of analysis and instrumentation. Credit: 3 semester hours.

4414 Analytical and Quantitative Toxicology Laboratory
Prerequisites: CHE 1210-1220 or equivalent, CHE 2230-2240 or equivalent. Corequisites: TOX 4413. Hands-on laboratory experiments with quantitative and qualitative analytical techniques and instruments in the areas of drug metabolism and forensic, environmental, pharmaceutical, and molecular toxicology. Laboratory, 6 semester hours. Credit: 2 semester hours. Lab fee: $120.

5301 Toxicology and Drugs of Abuse
Prerequisite(s): All required courses in the first three years. Students are instructed in the principles of toxicology with an emphasis placed on clinical toxicology and the management of the drug overdose victim and the adverse effects caused by drugs of abuse. Lecture, 2 hours. Credit: 2 semester hours.

Biomedical Sciences (BMS)

The following courses are BMS courses:

2101 Public Health
This course will introduce students to the field of public health. This will include a description of government and non-governmental agencies and organizations that are part of the public health system. Also the political process leading to laws and regulations impacting the public health will be discussed. The application of public health to control of infectious diseases as well as chronic diseases will be explored. Socioeconomic factors impacting health and the health care system as a public health issue will be considered. The global dimensions of public health issues will be included in class discussions. Credit: 3 semester hours.

2200 Biomedical Biochemistry
Prerequisites: Biology 2000 and 3000 (or equivalent); General Chemistry I and II (or equivalent); Organic Chemistry I and II (or equivalent). This course provides information on the chemical features and physicochemical properties of the major classes of biomolecules present in the human body that are needed to understand the contributions of these biomolecules to cellular structure, body functions, intermediary metabolism, bioenergetics, nutrition, membrane composition and functions, solute transport and signaling mechanisms. Credit: 3 semester hours.

2201 Biomedical Biochemistry Laboratory
Prerequisites: BMS 2200. A laboratory course intended to reinforce the theoretical knowledge acquired in the classroom on the major classes of biomolecules through the application of fundamental principles and the performance of biochemical techniques and methodologies. Credit: 1 semester hour.

2300 Fundamentals of Pharmaceutics
Prerequisites: Completion of 2nd year in Biomed Sci Program. The subject of Physical Pharmaceutics deals with physical, chemical and biological principles of development, preparation, preservation and utilization of pharmaceutical dosage forms. Physical Pharmaceutics is a two-semester course. Physical Pharmaceutics – I deals with basic principles involved in the formulation of liquid dosage forms. Credit: 3 semester hours.

2301 Fundamentals of Pharmaceutics laboratory
Corequisite: BMS 2300. This laboratory course will deal experiments and equipment demonstration of topics covered in Fundamentals of Pharmaceutics. Credit: 1 semester hour.

2500 Fundamentals of Pharmacology
Prerequisites: PHS 3103, 3105, Biology I and II (or equivalent), General Chemistry I and II (or equivalent); Organic Chemistry (or equivalent), Biopharmaceutical chemistry. This course will introduce the student to the major concepts of pharmacology for the Biomedical Sciences. Introduction to the major categories of drugs will be considered from the point of view of biochemical and molecular mechanisms of action, fundamental understanding of Drug-Receptor Theory, Dose-Response analysis, adverse effects, drug-drug interactions and clinical application of drugs. Specific areas covered following general introduction to pharmacology will include autonomic nervous system pharmacology, central nervous system pharmacology, gastrointestinal pharmacology, and the pharmacology of smooth muscle. Credit: 3 semester hours.

2501 Fundamentals of Pharmacology Laboratory
Corequisite: BMS 2500, Hands-on laboratory exercises using in vivo and in vitro simulation approaches designed to introduce students to common experimental methods in pharmacology. Credit: 1 semester hour.

2600 Fundamentals of Medicinal Chemistry
Prerequisites or corequisites: Organic Chemistry I and II, Biomedical Biochemistry. This course focuses on fundamental principles of medicinal chemistry, including an understanding of drug structure-activity relationships, chemical characteristics of drugs and drug targets, prediction of physicochemical properties of drugs (acid-base properties, solubility, drug-receptor/enzyme interactions, basic knowledge of major pathways of drug metabolism and excretion, concept of prodrugs and soft drugs, chemical principles of pharmacokinetic, and pharmacodynamic, overview of drug discovery process and nomenclature of organic medicinal agents. Credit: 3 semester hours.

2601 Fundamentals of Medicinal Chemistry Laboratory
Corequisite: BMS 2600. The overall goal of this laboratory is to provide hands-on experience with various laboratory techniques that are routinely practiced in medicinal chemistry research laboratories. In order to achieve this goal many skills such as determination of partition coefficient, determination of optical rotation, extraction and measurement of CYP450 protein, in vitro drug metabolism, monitoring reaction progress by chromatography, work-up procedures to separate organic compounds, chromatography of reactants alongside final products, recrystallization/purification, determination of melting point, qualitative colorimetric tests to judge purity, molecular modeling to build 3D structures and prediction of physicochemical properties have to be developed. These skills will be taught through this well-designed laboratory course. Credit: 1 semester hour.

152
The overall goal of this laboratory course is to assess how the presence of genetic markers and the expression of these gene products can alter response to pharmaceutical drugs. In order to achieve this goal, students will possess a working framework of molecular pharmacogenetics, genomic scale analysis, pharmacogenomics, genotyping and the use of genome-wide markers including single nucleotide polymorphisms. Students will be prepared to integrate new molecular technologies and paradigms as they emerge. The course stresses the use of all available resources to health care professionals including online datasets and current research literature. Credit: 3 semester hours.

2800 Fundamentals of Pharmacogenomics

Corequisite: BMS2801. Students are versed in the scientific foundation of pharmacogenomics. Concepts from the principles of molecular biology in terms of the underlying genetic mechanisms that drive cellular function, the central dogma and functional concepts of molecular and chemical science are reviewed and tied into the larger context of the genetic basis for disease and drug action, alteration of drug metabolism. Upon completion of the course, students will possess a working framework of molecular pharmacogenetic sciences, genomic scale analysis, pharmacogenomics, genotyping and the use of genome-wide markers including single nucleotide polymorphisms. Students will be prepared to integrate new molecular technologies and paradigms as they emerge. The course stresses the use of all available resources to health care professionals including online datasets and current research literature. Credit: 3 semester hours.

2801 Fundamentals of Pharmacogenomics Laboratory

Corequisite: BMS2800. The overall goal of this laboratory course is to assess how the presence of genetic markers and the expression of these gene products can alter response to pharmaceutical drugs. In order to achieve this goal, students will possess a working framework of molecular pharmacogenetic sciences, genomic scale analysis, pharmacogenomics, genotyping and the use of genome-wide markers including single nucleotide polymorphisms. Students will be prepared to integrate new molecular technologies and paradigms as they emerge. The course stresses the use of all available resources to health care professionals including online datasets and current research literature. Credit: 1 semester hour.

Department of Clinical Health Professions

Ebtessam Ahmed, Clinical Professor; Pharm.D., St. John’s University.
Corinne I. Alois, Assistant Professor Industry Professional, B.S., St. John’s University; M.S., Pace University.
Emily M. Ambizas, Associate Clinical Professor, B.S. Phm., Pharm.D., St. John’s University.
Vibhuti Arya, Associate Clinical Professor, Pharm.D., St. John’s University.
Carmela Avena-Woods, Associate Clinical Professor, B.S. Phm., Pharm.D., St. John’s University.
Judith L. Beizer, Clinical Professor, B.S. Phm., St. Louis College of Pharmacy; Pharm.D., University of Tennessee.
Sandra Beyselow, Associate Professor Industry Professional, B.S., Long Island University; M.S. Ed., Capella University.
Joseph M. Brocavich, Associate Clinical Professor, B.S. Phm., Philadelphia College of Pharmacy and Science; Pharm.D., Duquesne University.
Manouchkate Cassagnol, Associate Clinical Professor, Pharm.D., Florida Agricultural and Mechanical University.
Christine Chim, Assistant Professor Industry Professional, Pharm.D., St. John’s University.
Jennifer Chiu, Associate Professor Industry Professional, B.S., Binghamton; M.B.A., St. Joseph’s College; Ed.D., Dowling College.
Robina Colclough-Davy, Assistant Professor Industry Professional, B.S., York College; M.S., Long Island University.
John Conry, Clinical Professor, B.S. Phm., Pharm.D., St. John’s University.
Angela Eaton, Assistant Professor Industry Professional, B.S., M. Ed. Wayland Baptist University.
Gladys M. El-Chaar, Clinical Professor, B.A., East Stroudsburg University; B.S. Phm., St. John’s University; Pharm.D., Medical University of South Carolina.
Joseph V. Etzel, Associate Clinical Professor, B.S. Phm., Pharm.D., St. John’s University.
Danielle C. Ezzo, Associate Clinical Professor, B.S. Phm., Pharm.D., St. John’s University.
Laura M. Gianni, Associate Clinical Professor, B.S. Phm., Pharm.D., St. John’s University.
Regina Ginzburg, Associate Clinical Professor, B.S. Phm., Pharm.D., St. John’s University.
Pamela Gregory-Fernandez, Associate Professor Industry Professional, B.S., St. John’s University; M.S., A.T. Still University.
Olga Hilas, Associate Professor Industry Professional, B.S. Phm., Pharm.D., St. John’s University.

Lisa Hochstein, Associate Professor Industry Professional, B.S., Richmond College; M.S., St. John’s University.
Mary Ann Howland, Clinical Professor, B.S., Wake Forest University; B.S. Phm., Rutgers University; Pharm.D., Philadelphia College of Pharmacy and Science.
Gregory J. Hughes, Associate Clinical Professor, Pharm.D., St. John’s University.
Samantha Jellinek-Cohen, Associate Clinical Professor, Pharm.D., Long Island University.
Tina Kannaz, Associate Clinical Professor, B.A., Hofstra University, B.S. Phm., Pharm.D., St. John’s University.
Farah Khorassani, Assistant Clinical Professor, B.A., University at Buffalo, State University of NY; Pharm.D, Massachusetts College of Pharmacy and Health Sciences.
Daniele Kruger, Associate Professor Industry Professional, B.S., St. Francis College; M.S.Ed., Capella University.
Sum Lam, Associate Clinical Professor, B.S. Phm., Pharm.D., University of Connecticut.
Chung-Shien Lee, Associate Professor Industry Professional, Pharm. D, St. John’s University.
Louise Lee, Associate Professor Industry Professional, B.S., Stony Brook, M.H.A, St. Joseph’s College.
Yuman Lee, Associate Clinical Professor, Pharm.D., St. John’s University.
Celia Lu, Assistant Professor Industry Professional, Pharm.D., St. John’s University.
William M. Maidhof, Associate Professor Industry Professional, B.S. Phm., Pharm.D., St. John’s University.
Nicole M. Maisch, Associate Clinical Professor, B.S. Phm., Pharm.D., Albany College of Pharmacy.
Maria Mantione, Associate Clinical Professor, B.S. Phm., Pharm.D., St. John’s University.
Nissa Mazzola, Associate Clinical Professor, Pharm.D., St. John’s University.
Zaidalynet Morales, Assistant Professor Industry Professional, B.S. Lehman College M.S., St. Joseph’s College.
Samantha Moore, Assistant Professor Industry Professional, Pharm.D, Massachusetts College of Pharmacy and Health Sciences.
Kimberly Ng, Assistant Professor Industry Professional, Pharm.D, St. John’s University.
Khusbu Patel, Assistant Professor Industry Professional, Pharm.D. St. John’s University.
Mary Jo Perry, Associate Professor Industry Professional, A.S., Northeastern University; B.S., Adelphi University; M.S., Long Island University, C.W. Post College.
Michele Pisano, Assistant Professor Industry Professional, Pharm.D. St. John’s University.
Daniel Podd, Associate Professor Industry Professional, B.S., St. John’s University; M.S., University of Nebraska Medical Center.
Alyssa Quinlan, Assistant Professor Industry Professional, B.S. Marist College, M.S. Pace University.

Josh Rickard, Assistant Professor Industry Professional, Pharm.D., South Carolina College of Pharmacy.

Maha Saad, Associate Clinical Professor, B.S., Rosary School Mansourieh, Lebanon; B.S., Phm., Pharmac.D., Lebanese American University.

Hira Shafeeq, Assistant Professor Industry Professional, Pharm.D., St. John’s University.

Sharon See, Clinical Professor, B.S. Phm., Pharm.D., Rutgers University.

Stacey Singer-Leshinsky, Associate Professor Industry Professional, B.S., Brooklyn College, M.S.Ed., Capella University.

Sarah Smith, Associate Professor Industry Professional, Pharm.D., University of Kentucky.

Caitlin Stehling, Assistant Professor Industry Professional, Pharm.D., St. John’s University.

Damary Torres, Associate Clinical Professor, B.S., Phm., Pharm.D., St. John’s University.

Wenchen Wu, Associate Professor, B.S. Phm., Taipei Medical College; M.B.A., Ph.D., University of Minnesota.

Department of Pharmaceutical Sciences

Frank A. Barile, Professor, B.S. Phm., M.S., Ph.D., St. John’s University.

Michael Barletta, Professor, B.S. Phm., M.S., St. John’s University; Ph.D., New York Medical College.

Andrew J. Bartlucci, Dean Emeritus and Executive Vice President Emeritus, B.S., Phm., St. John’s University; M.S., Rutgers University; Ph.D., University of Maryland.

Blase C. Billack, Associate Professor, B.S., University of Richmond; Ph.D., Rutgers University.

Jerome Cantor, Professor, B.A., Columbia University, M.D., University of Pennsylvania.

Joanne M. Carroll, Associate Professor, B.S., Molloy College; M.A., CUNY, Hunter College; Ph.D., CUNY.

Joseph M. Cerreta, Associate Professor, B.S., M.S., Ph.D., Fordham University.

Zhe-Sheng Chen, Associate Professor, M.S., Sun Yat-Sen University of Medical Sciences, P.R.China; M.D., Guangdong Medical and Pharmaceutical College, Guangdong Province, China; Ph.D., Institute for Cancer Research, Kagoshima University, Japan.

Xingguo Cheng, Assistant Professor, Ph.D. University of Kansas Medical Center.

Vikas Dukhonde, Assistant Professor, B.S., Mumbai University, India; Ph.D., Idaho State University.

Sue M. Ford, Associate Professor, B.S., Cornell University; M.S., Ph.D., Michigan State University.

Marc Gillespie, Professor, B.A., University of Vermont, Ph.D., University of Utah.

Vivek Gupta, Assistant Professor, B.S., Jamia Hamdard University, New Delhi, India; Ph.D., Texas Tech University Health Sciences.

Diane Hardej, Associate Professor, B.A., Queens College; M.S., Ph.D., St. John’s University.

Vijaya L. Korlipara, Professor, B.S. Phm., Banaras Hindu University; Ph.D., University of Minnesota.

Chul-Hoon Kwon, Professor, B.S. Phm., Howard University; Ph.D., University of Minnesota.

Cesar A. Lau-Cam, Professor, B.S. Phm., University of San Marcos, Peru; M.S., Ph.D., University of Rhode Island.

Senshang Lin, Professor, B.S. Phm., Taipei Medical College; Ph.D., Temple University.

Woon-Kai Low, Associate Professor, B.S., University of Waterloo; Ph.D., University of Toronto.

Lin Mantell, Professor, M.D., Beijing University; Ph.D., Stony Brook University.

Ashley Thomas Martino, Assistant Professor, B.A., California State University Northridge; Ph.D., University of Florida.

Aaron Muth, Assistant Professor, B.S., SUNY Binghamton; M.A., University of Virginia; Ph.D., University of Central Florida.

Raymond S. Ochs, Professor, B.S., Purdue University; Ph.D., Indiana University.

Ketan Kumar Patel, Assistant Professor, B.S.Pharm., Pharmacy College, Anand, India; M.Pharm., Bombay College of Pharmacy Mumbai University, Mumbai, India; Ph.D., Institute of Chemical Technology, Mumbai, India.

Jeanette Perron, Assistant Professor, B.S., Ph.D., University of Miami.

Sandra E. Reznik, Professor, A.B. Harvard University, M.D., Ph.D., Mount Sinai School of Medicine.

Bhagwan D. Rohera, Professor, B.S. Phm., M.S., Saugar University; Ph.D., University of Basel, Switzerland.

Francis A.X. Schanne, Associate Professor, B.A., La Salle College; Ph.D., Temple University.

Abu Serajuddin, Professor, B.S. Phm., Dhaka University, Bangladesh; M.S., Columbia University; Ph.D., St. John’s University.

Jun Shao, Associate Professor, B.S. Phm., Zhejiang University, M.S., China Pharmaceutical University, Ph.D., West Virginia University.

Emilio Squillante, Associate Professor, B.S. Phm., M.S., Ph.D., University of Rhode Island.

Tanaji Talele, Professor, B.S., University of Pune, India; M.S., Ph.D., Mumbai University, India.

Louis Trombetta, Professor, B.S., M.S., Ph.D., Fordham University.

John N.D. Wurpel, Associate Professor, B.S., Belmont Abbey College; M.S., Fairleigh Dickinson University; Ph.D., Pennsylvania State University.

Byron C. Yoburn, Professor, B.A., Boston University; M.A., Hollins College; Ph.D., Northeastern University.

Sabesan Yoganathan, Assistant Professor, B.Sc. McMaster University, Canada; Ph.D. University of Alberta, Canada.

S. William Zito, Professor, B.S. Phm., St. John’s University; Ph.D., University of Connecticut.

*Providence Palastro, Assistant Dean, Director of Advisement, (Staten Island), B.S., M.P.S.*
*Theresa Peros, Assistant Dean, B.S., M.B.A.*
*Maria Rappa, Assistant Dean, B.S., M.B.A.*

**Programs of Study**

The College of Professional Studies, the largest college of the University, fulfills the mission and goals of St. John’s by offering specialized professional programs on both campuses, as well as distance learning programs. Students may choose either a four-year [baccalaureate] degree, a two-year [associate] degree, or a concentrated certificate course of study. The College also offers an associate degree in liberal arts, a baccalaureate degree in liberal studies and combined undergraduate/graduate programs.

**Objectives**

The mission of the College of Professional Studies is to offer students an education that prepares individuals to make significant contributions to society, to the local community and to their chosen professions. The mission is accomplished by providing an education which is value-oriented and consistent with the historical relationship of St. John’s University to the Catholic community. An enriched intellectual and academic environment is provided where the value and dignity of the human person is understood and respected.

The specific objectives of the College of Professional Studies include:

- To provide a variety of degree programs, including associate and baccalaureate degrees and certificate programs. With these options, students can enter programs appropriate to their personal and professional goals and abilities and have available to them wide choices that allow both flexibility and advancement in their education.
- To promote excellence in education through a faculty especially committed to a high quality of teaching, to the development of innovative programs, and to research and professional activities which enhance their contribution in the classroom.
- To provide effective support services to enhance the achievement levels of students in degree programs so that they can be successful in their career goals and in their further education.
- To emphasize academic advisement aimed at helping students to select programs of study in line with their personal and professional goals and abilities.
- To provide students with numerous internship opportunities and with the possibility of significant contacts with professionals in the various fields.
- To make it possible for students to enter University life and to have access to all the University’s facilities as well as an education provided by a high-caliber faculty.
- To provide all these programs and services within the context of an environment that is especially supportive of a wide diversity of students.

**Student Support**

College of Professional Studies students receive an extensive array of support services. The faculty emphasize the pursuit of teaching excellence and are available to meet with students in order to further class discussions, provide individual instruction and create a caring student-faculty relationship.

Faculty and Deans advise all students in the planning of their academic programs, paying special attention to student needs and career development. Tutoring is also available.

Numerous internships with prestigious firms and institutions in the metropolitan area provide the professional field experience which supplements classroom instruction and can lead to future employment. Co-curricular and extra-curricular clubs provide not only a social environment, but one that is closely linked to the academic, making learning a lively, involving activity. For example, The Mock Trial Team has won national acclaim in recent competitions.

Professional societies, career nights and extensive alumni networking all bridge the gap between college life and future careers. As an integral part of the College of Professional Studies, the instructional Television and Radio Center, computer editing and video labs and WJSU, the University radio station, all provide a professional environment for students to hone their skills and enhance their college degree.

**Degrees, Majors and Minors Available**

- Q—Courses offered at Queens campus
- SI—Courses offered at Staten Island campus
- DL—Programs available through Distance Learning (online courses)

**Bachelor of Science Majors Available:**

- Administrative Studies (Q, SI, DL)
- Advertising Communication (Q, SI)
  - Creative Track
  - Account Management Track
- Communication Arts (Q, SI)
- Computer Science (Q)
  - Business Option
  - Cyber Security Systems Option
  - Healthcare Informatics Option
  - Networking and Telecommunications Option
- Criminal Justice (Q, SI, DL)
  - Forensic Psychology Option (Q)
- Cyber Security Systems (Q)
  - Business Option
  - Digital Forensics Option
- Enterprise Regulations: Profit and Nonprofit (Q)

[stjohns.edu/bulletins 155]
Certificate Programs

Certificate programs are offered to meet the needs of mature students who are interested in advancing their knowledge and enhancing their abilities in new areas to meet their professional goals and interests. Such programs are for three groups of individuals, namely: holders of bachelor’s degrees who are interested in developing competencies in an additional or complementary field of learning; individuals with no prior collegiate experience who wish to explore a particular field of study and who are unable to pursue a degree program at the present time; individuals who are presently enrolled in a degree program in an unrelated field who wish to broaden their educational experiences but who do not desire to pursue an additional major field of study. Students must complete certificate program courses with a minimum cumulative index of 2.0. The following programs are available: No financial assistance is available for certificate programs.

**Business Administration**—requires the successful completion of 21 credits including ACC 1007, 1008; BLW 1001; ECO 1001, 1002; MGT 1000 and three credits from ACC 1005; CUS 1115, 1116, 1126, 1156, 1166. (Q)

**Computer Science**—requires the successful completion of 18 credits including CUS 1115, 1116, 1126, 1156, and six credits from CUS 1162, 1163, 1165, 1166. (Q)

**Criminal Justice**—requires the successful completion of 18 credits including CRJ 2000, 3108, 4106, 5005; six credits from the following courses: CRJ 2001, 3106, 3107, 5202. (Q)

**Cyber Security Systems**—requires the successful completion of 18 credits including CUS 1115, 1116, NET 1001; CUS 1005, 1011, 1012. (Q)

**Health Services Administration**—requires the successful completion of the following 18 credits including HSA 1100, 1101, 1002, 1005, 1101, 1102. Substitutions may be made where appropriate to student’s objectives. (Q)

**Homeland Security**—requires the successful completion of 18 credits including HSC 1001, 1003, 1004, 1007 and 6 additional credits chosen from HSC 1002, 1006, 1009, 1010, 1012, 1013, 1014, 1015, 1017, CRJ 3101, 3107, 3108, 3112, 3116, CSS 1001, CUS 1106. (Q, SI)

**Legal Studies**—requires the successful completion of 18 credits including LES 1100, 1101, 1102, 1004, 1015, and any 3 credits from the Legal Specialty Elective courses listed in the LES major area requirement section. Students must have successfully completed 60 undergraduate credits to be accepted to the LES Certificate Program. Approved by the American Bar Association. Paralegals may not provide legal services directly to the public, except as permitted by law (Q, SI)

**Microcomputer Systems**—requires the successful completion of 18 credits including CUS 1103, 1104, 1115, 1116, NET 1001, and three credits from chosen from CUS 1124, 1147, 1165, 1172. (Q)

**International Criminal Justice**—requires the successful completion of 18 credits including CRJ 2000, 3108, 4106, 5005; six credits from the following courses: CRJ 2001, 3106, 3107, 5202. (Q, SI)
Admissions
Prospective students seeking admission to a certificate program must meet the regular entrance requirements for the College of Professional Studies. Admission of new students is dependent upon all past educational experiences and other significant activities. For admission to the certificate program in legal studies, applicants must have completed a minimum of 60 college credits in liberal arts/sciences.

Students who are currently matriculated for a degree must be in good academic standing to qualify for admission into a certificate program.

Matriculated students may not pursue a certificate program in their major field of study. For further information, please contact the College of Professional Studies Office.

Transfer Credit for Certificates
A maximum of six credits attained prior to enrollment in a certificate program may be used in fulfillment of the requirements for the certificate. All courses completed in a certificate program may be used toward the partial fulfillment of requirements for a bachelor’s or associate’s degree, where applicable.

Awarding of Certificates
Following the same schedule of degree conferrals, certificates are awarded in September, January and May to candidates who have successfully completed all course requirements with a minimum grade point index of 2.0.

Combined Degree Programs
B.S./M.A. Communication Arts/Sociology
B.S./M.A. Communication Arts/Government and Politics
B.S./M.A. Communication Arts/International Communications
B.S./M.A. Criminal Justice/Sociology
B.S./M.A. Criminal Justice/Government and Politics
B.S./M.A. Journalism/Sociology
B.S./M.A. Journalism/Government and Politics
B.S./M.A. Legal Studies/Sociology
B.S./M.A. Legal Studies/Government and Politics
B.S./M.B.A. Computer Science/Business Administration
B.S./M.S. Computer Science/Data Mining and Predictive Analytics
B.S./M.S. Computer Science/Library and Information Science
B.S./M.B.A. Cyber Security Systems/Business Administration
B.S./M.B.A. Information Technology/Business Administration
B.S./M.B.A. Networking and Telecommunications/Business Administration
B.S./M.P.S. Criminal Justice/Criminal Justice Leadership
B.S./M.S. Computer Science/Accounting
B.S./M.S. Computer Science/Library and Information Sciences
B.S./M.S. Cyber Security Systems/Accounting
B.S./M.S. Information Technology/Accounting
B.S./M.S. Information Technology and Library Information Systems
B.S./M.S. Networking and Telecommunications/Accounting

These programs permit qualified students to earn both a bachelor’s and a master’s degree in an integrated program within a shortened time frame. Instead of the usual five-and-a-half to six years required to obtain the two degrees, it is possible to earn them in just five years.

Each program is designed to enable students to complete the University and departmental requirements of 126 credits for the bachelor’s degree in four years. By completing 126 credits in the first four years, including at least 12 graduate credits, the student is assured of completing the bachelor’s degree if for any reason he/she decides not to continue for the fifth year. The student can opt to earn the master’s degree according to a normal schedule, either after the fourth year or at a later period.

Applicants to any of these programs must have completed the sophomore year, with at least a 3.0 cumulative index and a 3.5 index in at least 12 major credits. Incoming freshmen may apply for provisional admission to one of the bachelor’s/master’s programs. Transfer students may apply at the time of enrollment.

For additional information, contact the College of Professional Studies Dean’s Office.

B.S./J.D.
This program permits qualified students to earn both a bachelor’s and a law (juris doctor) degree in an integrated program within a shortened time frame of six years of full-time study.

The program is designed to enable a student pursuing specific bachelor’s degree offered by the College, to apply the 27 credits earned in the first year of law school as the final 27 credits of his or her bachelor’s program. These 27 credits may only be applied to a bachelor’s program in the manner specified by the University, and it is required for a student to apply to participate after successful completion of 60 academic credits.

The specific undergraduate majors in the program are communication arts, computer science, criminal justice, homeland and corporate security, journalism, legal studies and sport management.

Applicants to this program must have at least a 3.5 cumulative quality point index at the time of completing their 60 academic credits. If accepted into the program by the College of Professional Studies, the student must then take the Law School Admission Test (LSAT) and achieve an acceptable score, after which the student must make application to St. John’s University School of Law and be accepted. This combined degree program is run in conjunction with St. John’s University School of Law only and with no other law school. Students must meet with the designated pre-law advisor to apply.

Evening and Weekend College Programs
Queens Campus
St. John’s University, recognizing the special needs and commitments of working adults, offers a wide selection of degree programs during evening and weekend hours and online for students who have only certain hours available each week to pursue their education. Classes are arranged for working students’ convenience.

The Bachelor of Arts and the Bachelor of Science degrees and the Associate in Arts and the Associate in Science degrees are offered in the evening and weekend schedules in most major areas. Please see the description under each major for the sessions in which the major is offered.

A bachelor’s degree requires completion of 126–135 credits. These credits provide a broad liberal arts education and a specialized major concentration. An associate’s degree requires completion of 60 credits. These credits are the equivalent of approximately half the requirements for a bachelor’s degree, and introductory knowledge of a major area is included. Associate degree recipients have
all their credits transferred into the bachelor’s sequence if they continue study in the same field or in one that is closely related.

It is also possible to take classes leading to a certificate in the evening and on weekends. Please see the section on certificate programs to note the variety offered.

Special Assessment Program

The University understands that learning need not be confined to the classroom. A College of Professional Studies student may be awarded up to 24 academic credits for knowledge that is equivalent to that required in the degree course. Such knowledge may have come through work, in-service training programs, independent study, reading and research, travel, or other lifetime endeavors.

To qualify for special assessment academic credit, a candidate must be a mature person with a level of theoretical and practical knowledge appropriate to the program of study for the degree sought. The student should have completed a minimum of 12 semester hours of credit with a minimum GPA of 2.5 in course work offered by the University and must have a matriculated student in a degree program of College of Professional Studies. Students are required to complete one or a combination of the following methods of assessment: written examination (standardized tests), internal examination, portfolio and oral examinations. The granting of credit is based on faculty evaluation. Students wishing additional information should obtain the special assessment packet of at the College office.

Advanced Placement/CLEP

The College of Professional Studies awards credit to those students who earn a requisite score on AP/CLEP and other credit-by-test exams, providing the exams are appropriate to the degree program.

Credits awarded through Special Assessment, AP and CLEP do not affect the GPA.

Transfer Credit

External

The general university policy for students requesting transfer from other colleges and universities is stipulated in the Admissions section of this bulletin. Students accepted by the College of Professional Studies will receive a certificate in the evening and on weekends. Please see the section on certificate programs to note the variety offered.

Basis for Awarding Credit from American Institutions

The College of Professional Studies does not differentiate between course modes when evaluating transfer credit.

To be considered for possible credit, coursework should:
- Be offered through an accredited institution listed on U.S. Department of Education Database of Accredited Postsecondary Institutions and Programs (http://ope.ed.gov/accreditation/)
- Contain subject matter that is compatible to subject matter offered through St. John’s University
- Be completed successfully with a grade of C or better (or equivalent) without an associate’s degree from the outside institution or a grade of D or better with an A.A., A.S. or A.O.S. conferred by the outside institution
- Be applicable to the requested degree of study at St. John’s University

Basis for Awarding Credit from Foreign Institutions

For credit from foreign institutions, students are requested to provide a World Education Service (WES) evaluation or a National Association of Credential Evaluation Services (NACES) evaluation before transfer credits will be awarded.

Maximum Amount of Transfer Credit Applied

Below are the maximum credit totals for transfer credits applied to the programs offered through the College of Professional Studies:
- For Associate’s Degrees: CPS will apply up to 30 transfer credits to A.A. and A.S. degrees.
- For Bachelor’s Degrees: CPS will apply up to 96 transfer credits to B.A. and B.S. degrees. Of these 96 credits, a maximum of 72 credits can be from a two-year institution (community college, junior college, etc.)

Course Waivers for Transfer Students:

The College of Professional Studies will honor the following course waivers for transfer students. Please note: these are not credit waivers. Students must fulfill all credit requirements by completing general electives in place of the waived courses.
- For students who have not completed an associate’s degree at an outside institution, DNY 1000C (Discover New York) will be waived. Transfer students must complete 3 additional credits in general electives to fulfill the required amount of credits for this course.
- For students who have completed an A.A., A.S. or A.O.S. degree at an outside institution, the following four courses will be waived:
  - DNY 1000C (Discover New York)
  - PHI 3000C (Metaphysics)
  - PHI 1020 series elective (Ethics elective)
  - THE 1040 series elective (Moral elective)

Transfer students with associate’s degrees must complete 12 additional credits in general electives to fulfill the required amount of credits for these courses.

Internal

The general University policy for students requesting transfer from other colleges within the University is stipulated in the Admissions section of this bulletin. It is recommended that new internal transfer students meet with their advising dean before registering for their first semester as a CPS student.

Internship Program

Credit-bearing internships are available to selected students enrolled in most of the Bachelor of Science degree programs of the College of Professional Studies. The internship is a supervised off-campus experience arranged by the Division Chairperson or Program Director to provide practical experience for selected students, in particular majors, who have completed the essential courses in the major area, including any prerequisite courses and who have achieved a qualifying cumulative GPA.

Student interns generally do not get paid except for a small stipend. Since so many students consider the internship experience to be a valuable part of their undergraduate preparation, competition is keen. Additional requirements specific to individual majors can be found in the internship sections of the program descriptions.

Students are strongly urged to apply, in writing, for internship consideration to the appropriate program director or chair during the registration period for the semester in which they would like to intern. Students may not carry internship coursework as part of an excess credit load. Further information is available at the office of the respective chair or program director. Student internships may begin in the fall, spring, or in some programs, summer. Registration for internships is completed at these times.

Internship Registration

After approval by the program director, students must register for an internship in the Office of the Dean. Failure to do so will invalidate academic credit for the internship.
Double or Triple Majors

Students interested in completing a second or third major program of study must apply to the academic dean for permission to complete the second or third major. Specific requirements for each major are available in the respective Dean’s Office.

Co-Curricular Organizations

Co-curricular organizations and clubs are specifically designed to enhance the students’ experience and learning in a variety of fields. Clubs associated with College of Professional Studies programs include the following:

Category 5

Category 5 is a student-led, fully functioning, advertising agency. Membership provides students with real-world, hands-on experience while servicing Academic Service clients such as New York City Blood Drive, Habitat for Humanity, American Cancer Society, American Red Cross, the St. John’s College of Professional Studies and the St. John’s Women’s Basketball team. All St. John’s students are invited to join Advertising and PR majors as members of Category 5.

St. John’s University Television Club (WRED)

The St. John’s University Television Club prepares members for the competitive television/media industry. Interested students have the opportunity to learn and use state-of-the-art television equipment and to write, direct, produce, edit and/or act in video productions. Eligible members may register for each major who have attained the first, second or third highest cumulative indices in the graduating class.

Criminal Justice Association

The Criminal Justice Association is an academic and social organization whose membership is open to all St. John’s University students. The main objective is to bring students into contact with the structures and procedures of the criminal justice system. The association acts as an information center concerning career opportunities and job availability.

Hospitality Management Organization

The Hospitality Management Organization is an official representative body of all students in the hospitality management program. The association aims to initiate academic and social activities to enhance the linkage between academics and the current hospitality and tourism industry. The association coordinates various events such as the annual HMT Career Fair and HMT Networking Night. It also acts as an information center concerning career opportunities, internships, scholarships and other related activities. Membership requires attendance to such events and scheduled meetings, as well as active participation in service to the academic and social communities.

Legal Society

The Legal Society is a student organization that works to enhance the relationship of the Legal Studies Program and the legal profession by various student-organized activities such as guest speakers, field trips and publications. The association assists students in preparing for a career in the legal profession in the greater New York area.

St. John’s University Mock Trial Team

The St. John’s University Mock Trial Team is coached by Legal Studies faculty members and regularly participates in the National Intercollegiate Mock Trial Tournament and the Atlantic Regional Mock Trial Tournament. Since the mid 1990s, the team has made the National tournament over 20 times, and has finished as high as second place in that tournament.

Sport Management Association

The Sport Management Association is the official student organization for all undergraduate students majoring in sport management. The club coordinates events, activities, and site visits to prepare students for their careers in the sport industry. Sponsored events include an annual career night and several guest speakers throughout the academic year. The club also disseminates a wide range of relevant information such as internship opportunities and latest industry news.

Honors

The College of Professional Studies Honor Society

The College’s Honor Society recognizes its baccalaureate students who, by their continued academic excellence and involvement in the life of their school, church or community have demonstrated that they are honor students. Students who apply for membership must have completed a minimum of 60 credits, and 30 of these credits must have been taken in the College of Professional Studies. The applicant must have achieved the qualifying GPA in all college work.

Alpha Phi Sigma–Alpha Epsilon Rho Chapter—Criminal Justice Honor Society

The College of Professional Studies chapter recognizes outstanding students majoring or minoring in criminal justice who have a 3.2 overall index for all previous coursework (including transfer credits) and a 3.2 index in criminal justice courses after completing at least 42 credits.

Lambda Epsilon Chi—National Legal Studies Honor Society

The College of Professional Studies chapter was established to recognize academic excellence in legal studies. Legal studies students enrolled in the A.S., B.S. or certificate programs and students who minor in legal studies are eligible to apply for the society if they achieve an overall grade point index of at least 3.25 and a major GPA of at least 3.50 after completion of two-thirds of all course requirements for their degree.

Tau Epsilon Alpha—Human Services Honor Society

The purpose of Tau Epsilon Alpha National Organization for Human Services Honor Society is to honor academic excellence; to foster lifelong learning, leadership and development; and to promote excellence in service to humanity. These students exemplify the requisite qualities and are being inducted into this honor society because they have maintained an average of 3.2 or above, provided service to the community through volunteer work and internships.

Academic Awards and Distinctions

For awards and distinctions that require using grade point average to determine awards, all college work applies.

Gold, Silver and Bronze Certificates of Achievement recognize students in each major who have attained the first, second and third highest cumulative indices in the graduating class.

WSJU

WSJU is the student-run campus radio station. It is a co-curricular organization, offering both academic credit and practical broadcast experience to those students interested in the field of radio.

Open to all St. John’s University students, WSJU is an official member of the National Association of College Broadcasters (NACB) and the Intercollegiate Broadcasting System (IBS).
The Bessie and Isidor Shapiro Memorial Award, sponsored by Professor Irving Shapiro, recognizes a member of the College of Professional Studies graduating class majoring in criminal justice or legal studies who has demonstrated character, scholarship, and a strong work ethic.

The Communication Arts Award, recognizing academic excellence and ethical communication, is presented to a student who not only exhibits a commitment to academic excellence but also pursues ethical means of communication grounded on the examination of truth, love, and respect in relation to others.

The Craig Collins Award, named in honor of the former Director of Criminal Justice, recognizes a criminal justice major who has attained an exemplary grade point index and has demonstrated excellence in the field of criminal justice.

The Delmar Publishing Company Award, recognizes graduating legal studies majors who have demonstrated academic excellence.

The Francis Flynn Award for Excellence in Mathematics, named in honor of a former faculty member, recognizes a graduating student in an undergraduate degree program offered by the Division of Computer Science, Mathematics and Science who has completed the greatest number of high level mathematics courses in the graduating class with the highest index.

The Franklin Camerano Award for Excellence in Healthcare, sponsored by Franklin Camerano, Associate Professor of Health Services Administration, recognizes an evening/weekend student in the health service program who has demonstrated academic excellence.

The Looseleaf Law Publications Award, is granted to students who have shown outstanding dedication and enthusiasm in attaining their criminal justice or legal studies degree.

The Marianne Noonan Award, named after a former student in the sport management program, recognizes academic performance and outstanding contributions to the program.

The Michelle Doherty Award, is given to a female student who is graduating with the highest major grade point average in the sport management program.

The National Law Enforcement Scholarship Award, recognizes graduating legal studies majors who have demonstrated academic excellence.

The Outstanding Journalism Graduate Award, recognizes a graduating journalism major who has contributed to the journalism profession both inside and outside the classroom and has achieved an exemplary grade point index.

P. Kevin Castel Award, is presented to the student most likely to succeed in the study of law.

The Panayiotis Papdopoulos Award, sponsored by Dr. Louis Gesualdi, recognizes a graduating senior who has demonstrated extraordinary humanitarian qualities.

The Vincentian Spirit Award, recognizes outstanding contributions of CPS students to their co-curricular life on campus.

The William Trunkes Memorial Scholarship Fund, was donated by Judge Thomas T. Trunkes, a graduate of St. John’s University and its School of Law, in honor of his uncle William A. Trunkes. The scholarship is awarded to a New York City police officer or his or her child who is pursuing a degree in criminal justice with a minimum GPA of 3.0 and who preferably lives in Brooklyn.

Academic Information

Academic Advisement Program

The Academic Advisement Program of the College provides each student with personal treatment and attention as he/she proceeds through a degree program. It is concerned with the choice of a program of study, course selection, academic standing and other related scholastic matters. To achieve the objectives of the program, the student periodically consults with an advisor to develop an understanding of his or her program and the possibilities for further study and employment. Each student must understand that the responsibility for arranging an appropriate program and for meeting all degree requirement rests with the student. Academic advisement is offered to assist students in meeting this responsibility.

Credit Load

The College of Professional Studies limits the program of any student enrolled on the basis of such considerations as achievement in high school or in previous college courses and the amount of time available for study, especially if the student is employed.

Matriculated students in an associate’s degree program or the conditional CST program who are not employed on a full-time basis may carry a maximum of 15 credits per semester.

Matriculated students in a baccalaureate degree program who are not employed on a full-time basis may carry a maximum of 18 credits per semester.

Non-matriculated students who are not employed on a full-time basis may carry a maximum of 12 credits.

Students who are enrolled in an internship may not carry an excess credit load. An excess credit load includes anything over 20 credits.

College of Professional Studies Core Foreign Language or Cultural Studies Requirement

The University Distributive Core Requirements includes as one of its core knowledge requirements the ability to describe cultural and linguistic perspectives in the contemporary world. Each of the undergraduate units of the university defines this requirement in a different way. In the College of Professional Studies this requirement is defined as six (6) credits in a foreign language or in cultural studies.

If the student decides to fulfill the requirement with studies in a foreign language the following options are allowed:

1. Two courses in one foreign language in which the student already has some background. If a student uses this option he or she will take the modern foreign language placement test offered in the language lab located in St. Augustine Hall and then follow the placement recommendations based on that test result.

2. Two courses in one foreign language in which he or she has no previous background. The university offers courses in a wide variety of languages including Arabic, Chinese, French, German, Greek (Modern and Ancient), Hindu, Italian, Japanese, Korean, Latin, Russian, and Spanish.

3. Through credit earned by assessment tests offered by the College Level Examination Program (CLEP) of the College Board or by the Foreign Language Proficiency Testing Service of the NYU School of Continuing and Professional Studies.

If the student decides to fulfill this requirement with the cultural studies option he or she must complete ART 1000C Creativity and the Arts and a LAC (Language and Culture) course.

If a College of Professional Studies student transfers to another undergraduate school or college within St. John’s, foreign language credit earned by examination might not be accepted in fulfillment of the foreign language or cultural studies requirement of that school or college.

NOTE: Students in the BS degrees through the Division of Mass Communications; Journalism, Television and Film will complete six credits in one foreign language to fulfill this requirement.

Tutoring and Academic Support Services

The College of Professional Studies has a commitment to help students achieve their educational goals. Faculty office hours are available in the Dean’s Office so that students may consult with their professors, should they need extra help.
Probation
As part of our commitment to personal advisement, the College of Professional Studies office monitors students whose index falls below a 2.0 (C) average. These students will report periodically to their dean so that the office may assess their academic progress. They may be required to present notebooks, marked quizzes and exams, and reports to their dean, and may not carry a full credit load. Credit loads for probation students may be limited by the Dean’s office. This strategy is designed to allow the student time to adjust to college schedules and college-level course requirements.

Fresh Start Rule
An undergraduate student accepted for readmission to the College of Professional Studies after an absence of five or more years from the University may ordinarily petition to the Dean to recalculate the cumulative index of his/her previous residency. If the petition is approved, all courses taken remain on the permanent record with their original grades. Only grades of C or above are counted for credit. No other grades are counted for credit. If the petition is approved, the student resumes his/her academic program with no cumulative or major index, and thereafter is subject to the conditions of warning, probation and dismissal which govern all students. The student will fulfill all degree requirements in effect at the time of readmission.

Under the provisions of this rule, before graduation a student will complete a minimum of 30 credit hours which shall include advanced major field courses typically taken in the senior year. All courses ever taken on the college level are used in the calculation of the index required for graduation with honors.

This rule applies to the College of Professional Studies only. A student who is readmitted to the College under this rule and subsequently transfers to another undergraduate unit of St. John’s University becomes subject to the regulations of that college. Other undergraduate units may not permit index recalculation.

Pass-Fail Option
The Pass-Fail Option has been instituted to encourage students to enroll in more challenging courses outside their major area of concentration without affecting their grade point average.

This option is available to students enrolled in bachelor of science degree programs with sophomore status who have completed a minimum of 25 credits, and whose current grade point average is at least 2.0. The option is limited to one course per semester with the total during the three years, including summer sessions, not to exceed six courses.

The Pass-Fail Option may not be used in connection with the students’ major/minor requirements (including ancillary courses required for the students’ degree). This option does not affect the student’s grade point index, although a “Pass” is credited toward the degree.

Application for the Pass-Fail Option must be made on-line through UIS. In any given semester, a student may elect the Pass-Fail Option up to and including the last date designated for withdrawal from class without academic penalty. The Pass-Fail Option is also reversible during the same time period.

Make-up Examinations
The College of Professional Studies adheres to the general University policies regarding examinations as stated in the Academic Information and Regulations section of this bulletin. Tests, term papers and assignments are given at the discretion of the instructor. Credit is not given for a course unless all assignments have been satisfactorily completed. All work must be submitted no later than the last meeting of the course.

The College of Professional Studies does not give “Incomplete” grades to undergraduate students. At their discretion, faculty may issue a special grade of UW (Unofficial Withdrawal) to a student who has stopped attending and has not completed a substantial amount of the assigned work. Faculty may also issue a final grade of “F” to any student who, in their judgment, has not satisfactorily completed the stated course requirements in an acceptable manner.

A special grade of ABF (Absent from Final) may be given to any student who has completed all course requirements but who misses the final examination because of circumstances that are typically beyond the control of the student. The “ABF” will be calculated as an “F” in the student’s GPA unless a make-up exam is approved and passed. Any student receiving the ABF must submit an explanation, together with substantiating evidence, to his/her Dean’s office immediately. The Academic Dean of the college in which the student is enrolled then determines if the student is permitted to take a make-up exam. If permission is granted a make-up will be scheduled and a fee of $80 must be paid to the Bursar prior to the scheduled make-up date. The make-up fee may be waived at the discretion of the Dean. Make-ups are to be completed in the most immediate time frame that is reasonable for the circumstances of the case.

Graduation
For graduation, students enrolled in a baccalaureate program must complete a minimum of 126–129 semester hours. Students enrolled in an associate degree program complete a minimum of 60 semester hours for all programs, with a minimum cumulative index of 2.0 and a minimum major index of 2.0. All students must complete the last two full time semesters of their degree at St. John’s University.

Students who complete their graduation requirements are invited to participate in the May Commencement ceremony. An undergraduate student who is one to two courses short (maximum 9 credits) and not subject to academic discipline can submit a written request to participate in the May ceremony. Request letters must be submitted to the Dean’s office by the determined deadline in the spring semester and are reviewed by the College Commencement Committee to determine student eligibility. Granting such requests is the sole discretion of the Dean’s office.

Student Responsibility
It is the responsibility of students to make certain that their academic requirements have been satisfied at the time they make application for the associate or bachelor’s degree. Any questions regarding degree requirements or course scheduling should be brought to a college administrator.

Prerequisite
A prerequisite is a course that is required before the student enrolls in a certain class.

Electives
The electives within specified fields of study (e.g., social science elective) are subject to restrictions. Consult the degree requirement headings on the previous pages or a college administrator concerning any course, to ensure that it satisfies that elective requirement.

The requirement for FREE electives will be fulfilled by any course(s) for which the student has the proper prerequisites.

Repeat Courses
College of Professional Studies students who retake courses they already have completed with a grade of D or higher, will not receive credit for the second course. Exception to this rule is granted to students enrolled in the Fresh Start Program.

Dean’s Exception
When appropriate, the CPS faculty and Dean’s office may evaluate requirements and/or policy to meet the needs of individual students.
Degree Requirements

Candidates must complete the specified minimum number of semester hours of credit for a prescribed program of study. The curricula include required core courses, courses in the major area sequence, courses in a related area and free electives. A cumulative quality point index of 2.0 for all courses taken, and a cumulative quality point index of 2.0 for all courses in the major and minor areas are required.

Normally a full-time day session student may complete his or her degree program in eight semesters of study with credit loads of 15 semester hours (five courses) in six of the eight semesters and credit loads of 18 semester hours (six courses) in two of the eight semesters. For information on accelerated and summer study and credit by examination, please consult the specific sections of this bulletin, and the CPS Dean’s office.

Core Requirements

Note: All courses are three credits unless otherwise noted.

Core requirements for ALL CPS bachelor degree programs (42 credits) except B.S. Dramatic Arts, Film and Television:

- DNY 1000C*
- ENG 1100C
- FYW 1000C
- HIS 1000C
- PHI 1000C
- PHI ethics course**
- PHI 3000C**
- SCI 1000C
- SPE 1000C
- THE 1000C
- Moral Theology elective*
- Theology elective

ART 1000C and LAC 1000C
OR
Six credits from any modern foreign language

*Note: Students majoring in a program in the Mass Communications, Journalism and Television and Film Division will take 6 credits in a modern foreign language to fulfill this requirement

Core requirements for B.S. Dramatic Arts, Film and Television (39 credits):

- DNY 1000C*
- ENG 1100C
- FYW 1000C
- MTH 1003
- PHI 1000C
- PHI ethics course**
- PHI 3000C**
- SCI 1000C
- THE 1000C
- Moral Theology elective*
- Theology elective

6 credits from any modern foreign language

Note for all CPS programs:

*External transfer students and non-conditionally admitted LST students are not required to complete DNY 1000C. Students should see the CPS Dean’s office to determine an alternate course to meet this credit requirement.

**External transfer students who have earned an associate’s degree outside of SIU are not required to take PHI 3000C, the philosophy ethics course, and the moral theology course. Students should see the CPS Dean’s office to determine alternative courses to meet these credit requirements.

B.A. Liberal Studies

(Queens, Staten Island, Distance Learning) 126 credits

(Day and Evening/Weekend)

The Bachelor of Arts in liberal studies is designed to provide a quality, multidisciplinary education. Its flexible approach is geared especially to the nontraditional student, typically pursuing a degree at night, while working full-time during the day. Instead of choosing the traditional single academic major area of study, the liberal studies major studies a variety of areas centered on the humanities, the social sciences, science and mathematics and a minor area, including one of the many career areas offered, such as administrative studies, business, computer science, criminal justice, health services, journalism or legal studies.

Major Area Requirements:

48–51 credits that include:

- Humanities: choose 18 credits from non-University core English, philosophy, and theology courses.

- Social Science: choose 18 credits from non-University core anthropology, economics, history, political science, psychology, sociology courses (in addition to three credits required under the “additional liberal arts requirements”).

- Computer Science, Mathematics, and Science: choose 12 credits from non-University core biology, chemistry, computer science, mathematics and physics courses.

- LST 1000: 3 credits (This course is required only for conditionally admitted students. All other students should see the CPS Dean’s office to determine a course to meet this requirement).

Additional Liberal Arts Requirements: 6 credits that include 3 credits in a math elective and three credits in a social science elective.

General Electives: 27–39 credits selected under the guidance of an advisor.

B.S. Administrative Studies

(Queens, Staten Island, Distance Learning) 126 Credit Hours

(Day and Evening)

The curriculum in administrative studies leading to the baccalaureate degree is designed to prepare students for administrative and managerial jobs in today's technologically oriented workplace. With a solid grounding in writing, critical thinking, office software systems and a basic understanding of the business world, ADS graduates will be trained for entry-level positions in both the private and public sectors of the economy.

Major Area Requirements:

36 credits that include:

- Human Relations Area: 18 credits that include PSY 1019, SOC 1003, SOC 1004, SOC 1031, and 6 credits from ADS 2000, BLW 1015, ECO 1002, HIS 1006, HIS 1037, LES 1020, PSY 1017, PSY 1025.

- Technology Area: 15 credits chosen from COM 1001, COM 2290, CUS 1102, CUS 1110, MTH 1021, NET 1001; CSS 1001, CSS 1005; DMD 1001, DMD 2100; DFR 1001; and HCI 1001.

- Major Area Elective: three credits chosen from remaining electives in the human relations, technology area or through ADS 3000 (internship).

Business Area Requirements: 12 credits chosen from any business elective.

Additional Liberal Arts Requirements: 18 credits that include: ECO 1001, ENG 1006, a three-credit English Literature elective, a three-credit math elective and six credits in social science electives.

General Electives: 18–30 credits selected under the guidance of an advisor.

B.S. Advertising Communication

(Queens) 126 Credit Hours

(Day)

The curriculum in advertising communication leading to the baccalaureate degree in the educational, managerial, and creative phase of advertising along with the understanding of the advertising agency.

Areas of Concentration

Courses may be selected to provide a concentration in: account management, media planning and buying, and creative production.

Internship Program

For information on internships in advertising communication, see “Internship Program” under B.S. Communications.
Requirements for Creative Production Track

Major Area Requirements: 36 credits that include:

• Required Courses: 15 credits from: COM 1001, COM 1002, COM 2290, COM 2500, COM 2600.
• Advertising Sequence: 24 credits from: ADV 2100, ADV 2301, ADV 2400, ADV 3301, ADV 3400, ADV 3500, ADV 4402, ADV 4600.

Creative Production Track Requirements: 12 credits from: ADV 3200, ADV 3206, TVF 1200, TVF 2204.

Business Area Requirements: MGT 1001, MKT 1001 and three credits chosen from any business elective.

Additional Liberal Arts Requirements: 9 credits that include: a 3-credit English Literature elective, MTH 1021, and a 3-credit social science elective.

General Electives: 15–27 credits selected under the guidance of an advisor.

Requirements for the Account Management Track:

Major Area Requirements: 39 credits that include:

• Required Courses: 15 credits from: COM 1001, COM 1002, COM 2600, ENG 1006, SPE 1010.
• Advertising Sequence: 24 credits from ADV 2100, 2400, 2301, 3400, 3401, 3500, 4402, PRL 2100.

Account Management Track Requirements: 12 credits that include MGT 1001, MKT 1001 and 9 electives chosen from any business course.

Additional Liberal Arts Requirements: MTH 1021 and a three credit social science elective.

General Electives: 15–27 credits selected under the guidance of an advisor.

B.S. Communication Arts
(Queens, Staten Island)
(126 Credit Hours)

The curriculum in communications leading to the baccalaureate degree provides a professional dimension in the educational, managerial and creative phases of radio, television, film, and print, and online media to develop an understanding of the global communications media in combination with the basic disciplines of the liberal arts and business administration. It may also serve as preparation for further academic and professional study.

Areas of Concentration
Courses may be selected to provide a concentration in: advertising communications, public relations, journalism, international communication, and media graphics.

Departmental Minors
Any baccalaureate student may select the following minors in communications: communication arts, advertising communications, public relations, journalism, photojournalism, tv/film, and media graphics.

Internship Program
Students are eligible to apply for up to 12 hours of internship credit in advertising communications, communication arts, journalism, and public relations and up to six hours in television and film. In order to be eligible, students must have completed 72 credits including 12 credits in their major and have a minimum cumulative grade point average of 2.75.

Mass Communication Advisory Council
The council is composed of leading executives from the radio, television, motion picture, advertising and public relations industries.

The council provides continuing support to the University in curriculum, equipment, facilities, expansion of programs, adjunct faculty, recruitment campaigns and the development of the total educational program. Communications is so fluid that a university must remain sensitive to fast-breaking programmatic and technical innovations. The College of Professional Studies is committed to the reality that education in this rapidly changing and expanding area must maintain continuous contact with practicing experts, such as the members of the Advisory Council.

Major Area Requirements: 39 credits that include:

• Required courses: six credits that include COM 1001 and three credits from COM 3101 or 3102.
• Series courses: 12 credits that include:
  • A three-credit production elective chosen from COM 2201, 2204, 2209, 2280, 2290, TVF 1230, 2202, 2207.
  • Six credits in writing electives chosen from COM 2301, 2303, PRL 2301, ADV 2301, TVF 2301, 2302, 2303.
  • A three-credit industry practices elective chosen from COM 2401, 2402, 2403, 2404, TVF 1400, 2402, 2403, JOU 1400, 1401, ADV 2100, PRL 2100.
  • A three-credit aesthetics elective chosen from COM 2500, 2570, ADV 2500, any JOU 1500 series course, any TVF 1500 series course.
• Elective courses: 18 credits chosen from any ADV, COM, PHO, PRL, TVF. (A maximum of nine credits can be chosen from English literature, DRM, JOU, RCT or SPE).

Business Requirements: Choose 21 credits from ACC 1007, 1008, BLW 1001, BLW 1005, ECO 1001, ECO 1002, MGT 1001, MGT 1003, MKT 1001, MKT 1002, ENG 1006, COM 2402, COM 2403, COM 2402, ADV 2100, ADV 3400.

(Students may minor in business by successfully completing ACC 1007, 1008, BLW 1001, MKT 1001, MGT 1001, 1003 Note: ECO 1001 and 1002 are pre-reqs for MGT 1003.)

Additional Liberal Arts Requirements: 6 credits that include a three-credit social science elective and three credits in math chosen from MTH 1009 or 1021.

General Electives: 18–30 credits selected under the guidance of an advisor.

B.S. Computer Science
(Queens) (126 Credit Hours)

The curriculum in computer science leading to the baccalaureate degree provides a professional education leading to careers such as computer programmer for business and scientific applications, systems analyst, and information technology manager. It also serves as preparation for further academic and professional study in computer science and operations research.

Major Area Requirements: 42 credits that include:

• Required Courses: 30 credits from: CUS 1115, CUS 1116, CUS 1126, CUS 1151, CUS 1156, CUS 1162, CUS 1163, CUS 1165, CUS 1166, CUS 1168.
• Computer Science Sequence: six credits:
  • Choose three credits from CUS 1161, 1171, NET 1001.
  • Choose 3 credits from CUS 1174, 1182, 1185, 1186, 1187, 1188.
• Computer Science Electives: Choose six credits from computer science electives (excluding CUS 1101–1110).

Additional Liberal Arts Requirements: 30 credits that include: ECO 1001, ECO 1002, MTH 1009, MTH 1010, MTH 1013, MTH 1014, MTH 1022 and six credits chosen from MTH 1011 through 1018 and three credits in any science elective.

General Electives: 12-24 credits selected under the guidance of an advisor.
B.S. Computer Science
(Option and Concentration Programs)
(Queens) (126 Credit Hours)
(Day and Evening)

The curriculum in computer science leading to the baccalaureate degree may be enhanced with an option providing a second, complementary area of academic strength leading to a career in one of the areas outlined below.

B.S. Computer Science
(Business Option)

Careers associated with this option include computer programmer for business applications, database administrator, business systems analyst, and information technology manager.

Major Area Requirements:
39 credits that include:
- **Required Courses:** 24 credits from:
  - CUS 1115, CUS 1116, CUS 1126, CUS 1156, CUS 1163, CUS 1165, CUS 1166, CUS 1167.
- **Computer Science Series:** nine credits:
  - choose three credits from CUS 1161, 1162, 1165, NET 1001.
  - choose 6 credits from CUS 1147, 1148, 1161, 1167, 1176, HCI 1001, NET 1051.
- **Computer Science Electives:** six credits from computer science elective (excluding CUS 1101–1110).

Specialized Area Requirements:
18 credits that include ACC 1007, ACC 1008, BLW 1001, MGT 1001, MGT 1003, MKT 1001.

Additional Liberal Arts Requirements:
21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 and three credits in any science elective.

General Electives: 6–18 credits selected under the guidance of an advisor.

B.S. Computer Science
(Cyber Security Systems Option)

Careers associated with this option include computer system security analyst, cryptanalyst, application security consultant, and information assurance engineer.

Major Area Requirements:
36 credits that include:
- **Required Courses:** 24 credits from:
  - CUS 1115, CUS 1116, CUS 1126, CUS 1156, CUS 1163, CUS 1165, CUS 1166, CUS 1185.
- **Computer Science Series:** six credits:
  - choose three credits from CUS 1161, 1162
  - choose three credits from CUS 1176, DFR 1002, DFR 1005, NET 1051
- **Computer Science Electives:** six credits from computer science elective (excluding CUS 1101–1110).

Specialized Area Requirements:
21 credits that include DFR 1001, NET 1011, CSS 1005, CSS 1011, CSS 1032 and six credits chosen from CSS 1006 or higher.

Additional Liberal Arts Requirements:
21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 and three credits in any science elective.

General Electives: 6–18 credits selected under the guidance of an advisor.

B.S. Computer Science
(Healthcare Informatics Option)

Careers associated with this option include healthcare informaticians, healthcare software engineers, healthcare technology support specialists, and health information systems administrators.

Major Area Requirements:
36 credits that include:
- **Required Courses:** 24 credits from:
  - CSS 1005, CSS 1011, CSS 1116, CSS 1165, CSS 1166, CSS 1167.
- **Computer Science Series:** six credits:
  - choose three credits from CUS 1161, 1162, 1165, NET 1001.
  - choose 3 credits from CUS 1147, 1176, HCI 1001.
- **Computer Science Electives:** six credits from computer science elective (excluding CUS 1101–1110).

Specialized Area Requirements:
18 credits that include HSA 1100, HSA 1101, HCI 1001, HCI 1002, HCI 1015, HCI 1021.

Additional Liberal Arts Requirements:
21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 and three credits in any science elective.

General Electives: 6–18 credits selected under the guidance of an advisor.

B.S. Computer Science
(Networking and Telecommunications Option)

Careers associated with this option include telecommunications analyst, network administrator, and telecommunications programmer.

Major Area Requirements:
33 credits that include:
- **Required Courses:** 21 credits from:
  - CUS 1115, CUS 1116, CUS 1126, CUS 1156, CUS 1163, CUS 1165, CUS 1166.
- **Computer Science Series:** six credits:
  - choose three credits from CUS 1161, 1162, 1165
  - choose three credits from CUS 1176, DFR 1002, DFR 1005, NET 1051
- **Computer Science Electives:** six credits from computer science elective (excluding CUS 1101–1110).

Specialized Area Requirements:
21 credits that include CSS 1005, CSS 1011, NET 1011, NET 1015, and nine credits chosen from NET 1021 or higher.

Additional Liberal Arts Requirements:
21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 and three credits in any science elective.

General Electives: 9–21 credits selected under the guidance of an advisor.

Internship Program

Internships are available for qualified computer science, cyber security systems, healthcare informatics, information technology, and networking and telecommunications majors enrolled in the Bachelor of Science degree program of study in the College of Professional Studies. The internship is a non-paid, supervised, off-campus experience to provide practical experience in a field allied to the student’s major.

The following guidelines assist the student applying for internship consideration.

Students must:
- a) Be in junior or senior year.
- b) Have completed all required major area courses and the majority of major area electives.
- c) Have a cumulative index of 2.75 or higher in all course work for the three-credit internship and 3.00 or higher in all course work for the six-credit internship. In addition, the student must have a major area index of 2.50 or higher.
- d) Have permission of the director to enroll in an internship.

Students may not carry internship course work as part of an excess credit load. Student interns receive academic credit upon successful completion of the non-paid internship experience.
B.S. Cyber Security Systems

(Queens) (126 Credit Hours)

The curriculum in computer security systems leading to the baccalaureate degree provides a professional education leading to careers such as cryptanalyst, computer crime investigator, network security administrator, computer forensic specialist, and cyber law enforcement specialist. It also serves as preparation for further academic and professional study in computer security, computer science, and networking and telecommunications.

Major Area Requirements
36 credits that include
- **Required Courses:** 33 credits from CUS 1115, 1116, 1165, DFR 1001, CSS 1005, 1011, 1018, 1021, 1032, NET 1011, 1015.
- **CSS Elective courses:** Choose 3 credits from CSS 1006 or higher or NET 1031.

Additional Liberal Arts Requirements:
27 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1010, MTH 1013, MTH 1014 and six credits chosen from MTH 1011 through 1018 and three credits in any science elective.

General Electives: 21–33 credits selected under the guidance of an advisor.

B.S. Cyber Security Systems (Option Programs)

(Queens) (126 Credit Hours)

The curriculum in computer security systems leading to the baccalaureate degree may be enhanced with an option providing a second, complementary area of academic strength leading to a career in one of the areas outlined below.

B.S. Cyber Security Systems (Business Option)

Careers associated with this option include: information security manager, information assurance consultant, and business security systems analyst.

Major Area Requirements:
39 credits that include
- **Required Courses:** 33 credits from CUS 1115, 1116, 1165, DFR 1001, CSS 1005, 1011, 1015, 1021 1032, NET 1011, 1015.
- **CSS Elective courses:** Choose 6 credits from CSS 1006 or higher; NET 1031; CSS 1165.
- **Specialized Area Requirements:** 15 credits that include DFR 1011 and 12 additional courses from CSS 1000.

Additional Liberal Arts Requirements:
- 21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 and three credits in any science elective.
- General Electives: 9–21 credits selected under the guidance of an advisor.

B.S. Criminal Justice

(Queens, Staten Island, Distance Learning) (126 Credit Hours)

The Bachelor of Science curriculum in criminal justice offers the student a unique rewarding opportunity to prepare for a challenging career in the field of justice administration. It may also serve as preparation for further academic and professional study.

Internship Program
See details under B.S. Computer Science.

B.S. Criminal Justice

(Queens) (126 Credit Hours)

The Bachelor of Science curriculum in criminal justice provides a professional education leading to careers such as cryptanalyst, computer crime investigator, network security administrator, computer forensic specialist, and cyber law enforcement specialist. It also serves as preparation for further academic and professional study in computer security, computer science, and networking and telecommunications.

Major Area Requirements
36 credits including:
- **CRJ Elective Courses:** Choose 21 credits from any CRJ elective.

Computer Science and Business Area Requirements: 12 credits that include CUS 1102 and nine electives chosen from any business courses.

Additional Liberal Arts Requirements:
- 21 credits that include PSC 1001, PSY 1001, PSY 1007, PSY 1017, 1018, 1022.
- 12 credits that include PSC 1001, PSY 1001, PSY 1007, PSY 1017, 1018, 1022.
- 21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 and three credits in any science elective.
- General Electives: 6–18 credits selected under the guidance of an advisor.

B.S. Cyber Security Systems

(Digital Forensics Option)

Careers associated with this option include computer forensics specialist, forensic technology consultant, technology risk management professional, and internet forensics specialist.

Major Area Requirements:
39 credits that include
- **Required Courses:** 33 credits from CUS 1115, 1116, 1185, DFR 1001, CSS 1005, 1011, 1015, 1021 1032, NET 1011, 1015.
- **CSS Elective courses:** Choose 6 credits from CSS 1006 or higher; NET 1031; CSS 1165.
- **Specialized Area Requirements:** 15 credits that include DFR 1011 and 12 credits chosen from CSS 1002.

Additional Liberal Arts Requirements:
- 21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 and three credits in any science elective.
- General Electives: 9–21 credits selected under the guidance of an advisor.

Internship Program
See details under B.S. Computer Science.

e) Student interns receive no salary; receive course credit
f) Permission of the Director for Internship consideration

For those students enrolled in a criminal justice minor, an internship for three credits may be selected with the above provisions.

Police/Correction Academy Credits

Students who have successfully completed training courses at the New York City Police, Correction, or at the Nassau County or New York State Police academies may be entitled to receive credit toward the B.S. degree in Criminal Justice.

Co-Op Education Program

The objective of this program is to provide experience in professional positions with select criminal justice agencies in the metropolitan area. Program open to criminal justice majors to contribute to the enrichment of educational programs by providing educationally related experience for the students.

Criminal Justice Advisory Council

The Criminal Justice Advisory Council is comprised of distinguished leaders in the police service, law, corrections, and public safety administration who provide counsel to the criminal justice program in the areas of curriculum development and research needs. The advisory council plays an important role in ensuring that the program’s curriculum is meeting the needs of the criminal justice system in the 21st century.

Criminal Justice Association

The Criminal Justice Association is an academic and social organization whose membership is open to all St. John’s University students. The main objective is to bring students into contact with the structures and procedures of the criminal justice system. The association acts as an information center concerning career opportunities and job availability. It sponsors guest lectures, seminars, on-site visits and opportunities to meet and speak with practitioners in the field.

Major Area Requirements

Major Area Requirements:
36 credits including:
- **CRJ Elective Courses:** Choose 21 credits from any CRJ elective.

Computer Science and Business Area Requirements: 12 credits that include CUS 1102 and nine electives chosen from any business courses.

Additional Liberal Arts Requirements:
- 21 credits that include PSC 1001, PSY 1001, PSY 1007, PSY 1017, 1018, 1022.
PSY 1019, SOC, 1026, SOC 1028, a three-credit English literature elective and six credits in social science electives.

**General Electives:** 15–27 credits selected under the guidance of an advisor.

**B.S. Criminal Justice (Forensic Psychology Option)**

(Queens, Staten Island) (126 Credit Hours) 
*(Day and Evening)*
The Bachelor of Science in criminal justice with a specialization in forensic psychology offers students training in the application of psychological principles within the legal system.

**Major Area Requirements:**
36 credits including:
- **CRJ Elective Courses:** Choose twelve credits from CRJ 3005, 3008, 3102, 3105, 3108, 4102 and nine credits in any CRJ elective.

**Computer Science and Business Area Requirements:**
12 credits that include CUS 1102 and 9 electives chosen from any business courses.

**Additional Liberal Arts Requirements:**
24 credits that include PSC 1001, PSY 1001, SOC 1001, six credits in social science electives chosen from PSY 1007, PSY 1010, PSY 1017, PSY 1019, a three-credit English literature elective and six credits in math electives.

**General Electives:** 12–24 credits selected under the guidance of an advisor.

**B.S. in Dramatic Arts, Film and Television**

(Queens) (135 Credit Hours) 
*(Day)*
The Bachelor of Science Degree in Dramatic Arts, Film and Television offers instruction in acting, the American Academy of Dramatic Arts (one of the country's oldest and most respected American Academy of Dramatic Arts (Queens)) with its breadth of arts, film and television. Students will have an exceptional education in the dramatic and cultural diversity to offer students with institutions' intellectual, artistic resources of the country's oldest and most respected American Academy of Dramatic Arts (one degree between St. John's University and the American Academy of Dramatic Arts). The program is committed to students acquiring creative excellence and the discipline necessary to pursue a career in the performing arts. Students are required to audition to be admitted into the program.

**Major Area Requirements**
St. John's University: 33 credits: DRM 1200, DRM 1505, DRM 2200, DRM 3200, DRM 3300, COM 1001, TVF 1200, TVF 2203 or 2204, (TVF 2303 or 2301), (TVF 3220 or 2200) American Academy of Dramatic Arts: 66.5 credits completed through their professional curriculum.

**Core Requirements**: 39 credits that include DNY 1000C, ENG 1000C, ENG 1100C, MTH 1003, PHI 1000C, PHI 1024, PHI 3000C, SCI 1000C, THE 1000C, three credits in a moral theology elective, three credits in a theology elective and six credits from any second language.

*Some adjustments to core requirements may be made for transfer students. Transfer students should see an advising dean for details.*

**B.S. Health and Human Services**

(Queens) (129 Credit Hours) 
*(Day)*
Students can prepare for the profession and related fields through the Bachelor of Science degree program in Health and Human Services at St. John's University. Offered by our College of Professional Studies, the program provides a solid foundation in the theory, application and management of the health administration, social and behavioral sciences and their role in promoting cultural awareness and sensitivity by developing social and health policies, utilizing local resources and serving individuals, families, and communities.

The 129-credit degree program stresses the health, social, and behavioral science concepts, interpersonal communication skills, and ethical values needed for the profession. Both concentrations combine classroom theory with valuable internship experience so that students are prepared to become leaders in their fields.
Requirements for the Healthcare Concentration:

Major Area Requirements:
45 credits that include:
- **Required Courses:** 21 credits from: HHS 3000, HSA 1002, HSA 1100, HSC 1110, HSC 1102, HSC 1020.
- **Health Concentration:** 24 credits that include HSA 1003, 1004, 1011, 1012, 1020, 1040 and six credits HSA 1023, 1024, 1025, 1035, 1042.
- **Professional Area Requirements:** 12 credits that include ACC 1007, CUS 1102, MGT 1001 and a three-credit business elective.
- **Additional Liberal Arts Requirements:** 18 credits that include ENGL 1006, MTH 1003, 1021 a three-credit sociology elective and a three-credit social science elective chosen from ECO 1001, PSC 1001, PSY 1001, SOC 1001 or any HIS elective (except HIS 1000C).
- **General Electives:** 12–24 credits selected under the guidance of an advisor.

Requirements for the Human Services Concentration:

Major Area Requirements:
45 credits that include:
- **Required Courses:** 21 credits from: HHS 3000, HSA 1002, HSA 1100, HSC 1100, HSC 1102, HSC 1020.
- **Human Services Concentration:** 24 credits that include HSC 1030, 1071, 1072, 1073, 1074 and nine credits from HSC 1081, 1082, 1083, 1084, 1085.
- **Professional Area Requirements:** 12 credits that include MGT 1001 and 9 credits chosen from HSC 1049, HSC 1060, HSC 1065, HSC 1035, 1040, 1042.
- **Additional Liberal Arts Requirements:** 18 credits that include ENG 1006, MTH 1003, 1021, PSY 1001, a three-credit sociology elective and a three-credit social science elective chosen from PSY 1017, SOC 1001 or SOC 1026.
- **General Electives:** 12–24 credits selected under the guidance of an advisor.

B.S. Healthcare Informatics
(Queens)

((126 Credit Hours)

(Day)

Recognizing the growing need to enhance the efficiency, quality, and accessibility of our healthcare system, the baccalaureate degree program in healthcare informatics is designed to teach students how to apply specialized information technology tools within the healthcare delivery process, and will prepare our graduates for a number of occupations that require in-depth knowledge of both computer science and the healthcare system, including healthcare informaticians, healthcare software engineers, healthcare technology support specialists, healthcare database administrators, and health information systems managers.

Major Area Requirements:
36 credits that include:
- 18 semester hours of courses in computer science and networking and telecommunications: CUS 1115, 1116, 1126, 1167, 1179; NET 1001.
- 18 semester hours of courses in healthcare informatics: HCI 1001, 1002, 1015, 1021, 1022; three additional credits in healthcare informatics or CSS 1008.

Specialized Area Requirements
18 semester hours of courses in health services administration: HSA 1002, 1003, 1012, 1042; 1100, 1101.

Additional Liberal Arts Requirements:
24 credits that include *BIO 1050, BIO 1060, ECO 1001, ECO 1002, MTH 1004, MTH 1008, MTH 1013, MTH 1014, (*BIO 1050 will meet the SCI 1000C requirement in the common core).

General Electives:
9–21 credits selected under the guidance of an advisor.

Internship Program:
See details under B.S. Computer Science.

B.S. Healthcare Informatics
(Business Option)

Major Area Requirements:
36 credits that include:
- **Required Courses:** 36 credits from CUS 1115, CUS 1116, CUS 1126, CUS 1167, CUS 1179, HCI 1001, HCI 1002, HCI 1015, HCI 1021, HCI 1022, HSA 1100, HSA 1101.
- **HCI Elective Courses:** Choose three credits from any HCI course or CSS 1008.

Specialized Area Requirements:
18 credits that include: ACC 1007, ACC 1008, BLW 1001, MGT 1001, MGT 1003, MKT 1001.

Additional Liberal Arts Requirements:
24 credits that include: BIO 1050*, BIO 1060, ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 (*BIO 1050 will meet the SCI 1000C requirement in the common core).

General Electives:
6–21 credits selected under the guidance of an advisor.

Internship Program: See details under B.S. Computer Science.

B.S. Homeland Security
(Emergency Management Track)

Major Area Requirements:
36 credits that include:
- **Required Courses:** 21 credits from HLS 1001, 1003, 1004, 1008, 1010, 1016.
- **Major Area Elective Courses:** Choose 18 credits from HLS 1002, 1005, 1006, 1007, 1009, 1011, 1012, 1013, 1014, 1015, 1017, 1018, 1019, 1020, 1021, 1022, 1023, 1024, 1025, 1026, 1027, 1090, 1100.

Computer Science Business Area Requirements:
12 credits that include CUS 1102 and 9 credits from any business courses.

Additional Liberal Arts Requirements:
24 credits that include MTH 1003, MTH 1021, PSY 1001, PSY 1007, SOC 1001, SOC 1002, ENG 1006 and a three credit English literature elective.

General Electives:
12–24 credits selected under the guidance of an advisor.

B.S. Homeland Security
(Intelligence Track)

Major Area Requirements:
36 credits that include:
- **Required Courses:** 21 credits from HLS 1001, 1003, 1004, 1008, 1010, 1016.
- **Intelligence Required Courses:** 9 credits from HLS 1020, 1021, 1024.
- **Major Area Elective Courses:** Choose 6 credits from any HLS course.

Computer Science and Business Area:
12 credits that include CUS 1102 and nine credits from any business courses.

Additional Liberal Arts Requirements:
24 credits that include MTH 1003, MTH 1021, PSY 1001, PSY 1007, SOC 1001, SOC 1002, ENG 1006 and a three credit English literature elective.

General Electives:
12–24 credits selected under the guidance of an advisor.

B.S. Homeland Security
(Queens)

((126 Credit Hours)

(Day and Evening)

The curriculum in homeland security leading to the baccalaureate degree is designed to provide a professional dimension to the managerial and technological phases of homeland and corporate security. It may also serve as preparation for further academic and professional study.

Major Area Requirements:
36 credits that include:
- **Required Courses:** 18 credits from HLS 1001, 1003, 1004, 1008, 1010, 1016.
- **Major Area Elective Courses:** Choose 18 credits from HLS 1002, 1005, 1006, 1007, 1009, 1011, 1012, 1013, 1014, 1015, 1017, 1018, 1019, 1020, 1021, 1022, 1023, 1024, 1025, 1026, 1027, 1090, 1100.

Computer Science Business Area Requirements:
12 credits that include CUS 1102 and 9 credits from any business courses.

Additional Liberal Arts Requirements:
24 credits that include MTH 1003, MTH 1021, PSY 1001, PSY 1007, SOC 1001, SOC 1002, ENG 1006 and a three credit English literature elective.

General Electives:
12–24 credits selected under the guidance of an advisor.

B.S. Homeland Security
(Community Track)

Major Area Requirements:
36 credits that include:
- **Required Courses:** 21 credits from HLS 1001, 1003, 1004, 1008, 1010, 1016.
- **Intelligence Required Courses:** 9 credits from HLS 1020, 1021, 1024.
- **Major Area Elective Courses:** Choose 6 credits from any HLS course.
24 credits that include MTH 1003, MTH 1021, PSY 1001, PSY 1007, SOC 1001, SOC 1002, ENG 1006 and a three credit English literature elective.

General Electives: 12–24 credits selected under the guidance of an advisor.

B.S. Homeland Security

(National Security Track)

Major Area Requirements: 36 credits that include:
- Required Courses: 21 credits from HLS 1001, 1003, 1004, 1008, 1010, 1016, 1100.
- National Security Required Courses: nine credits from HLS 1025, 1026, 1027.
- Major Area Elective Courses: Choose six credits from any HLS course.

Computer Science and Business Area:
12 credits that include CUS 1102 and nine credits from any business courses.

Additional Liberal Arts Requirements:
24 credits that include MTH 1003, MTH 1021, PSY 1001, PSY 1007, SOC 1001, SOC 1002, ENG 1006 and a three credit English literature elective.

General Electives: 12–24 credits selected under the guidance of an advisor.

B.S. Hospitality Management

(Queens, Staten Island) (126 Credit Hours)

(Day)

The purpose of the hospitality management program is to prepare students for leadership careers in hospitality and tourism management, both nationally and globally, emphasizing the integration of theory and practical applications to satisfy the diverse needs of the industry. The curriculum focuses on the fundamental competencies that are vital for managers in the lodging, food service, tourism, and event management industries. Like all St. John’s students, Hospitality Management majors benefit from the broad knowledge and communications skills gained through our core curriculum, a must for the well-educated professionals sought by today’s employers in all fields.

With the program’s extensive professional connections in the industry, students gain real-world experience through valuable internships throughout the New York metropolitan area and abroad. With this knowledge and experience, graduates build rewarding careers as administrators and creative professionals in hotels, restaurants, resorts and country clubs, conference centers, airlines, cruise lines, travel agencies, tourist bureaus, corporate travel departments, event planning firms, and many other types of organizations.

Beyond the University Core, the program consists of a wide variety of general business courses, several required hospitality management courses, and hospitality management electives selected with an eye towards the student’s preferred area within the industry, be it in lodging, food service, tourism, or event management.

General Electives: 12–24 credits selected under the guidance of an advisor.

B.S. Information Technology

(Queens) (126 Credit Hours)

(Day)

Recognizing that computer systems and software technology are now integral to organizations of any size, the baccalaureate degree program in information technology is designed to provide the student with broad knowledge and skills in existing information technologies, in new and emerging technologies, and in the administrative practices used in the effective management of these technologies. Careers include technical services manager, user support specialist, entrepreneurial software designer, and technical marketing representative.

Major Area Requirements: 39 credits that include:
- Required Courses: 30 credits: CUS 1110, 1115, 1116, 1147, 1165, 1167, 1172, CSS 1005, HCI 1001, NET 1001.
- Computer Science Elective Courses: Choose 9 credits from:
  CUS 1176, 1179, CSS 1001, HCI 1002, NET 1011.

Specialized Area Requirements:
18 credits that include: ACC 1007, ACC 1008, BLW 1001, MGT 1001, MGT 1003, MKT 1001.

Additional Liberal Arts Requirements:
21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014, and three credits in any science elective.

General Electives: 6–18 credits selected under the guidance of an advisor.

Internship Program

See details under B.S. Computer Science.

B.S. Journalism

(Queens, Staten Island) (126 Credit Hours)

(Day)

At St. John’s, the journalism program is distinctive in its focus on professional, hands-on training, preparing students for the converged world of journalism. Faculty members have a vast breadth and quality of professional experience.

The course work is challenging and rich in its variety and emphasizes professional classes.

The program’s objectives are to provide students with basic preparation in reporting, writing and producing for all journalistic media and to prepare students for graduate work,
both in journalism and other fields. You learn everything from multimedia writing and audio and video production to investigative reporting; from newspaper and magazine journalism to radio, television and web-based news reporting; from photojournalism and graphic design to interviews, critical reviews and feature writing. Other courses introduce you to the legal and ethical constraints on the media, international reporting and the roles of government and the press. Guest speakers and informal student-faculty gatherings enhance classroom and applied learning.

Many law students, for example, have found journalism training a useful preparation for the law.

The journalism program includes enough courses in each medium to permit students to graduate with a strong general foundation and an area of content specialization. The major also includes substantial amounts of course work in the liberal arts, along with business classes and a large number of free electives.

**Internship Program**

In emphasizing hands-on experience, the St. John’s journalism major offers an extensive internship program. Student interns receive academic credit for their work at approved professional newspapers, wire services, internet news sites, radio and television stations, public relations firms and advertising agencies.

Students have interned at local and major media in and around New York City including the New York Daily News, Newsday, Queens Tribune, Queens Ledger, Amsterdam News, Broadcasting and Cable magazine, Seventeen and Vogue magazines, WOR radio, WFAN, Westwood One Radio Sports, WABC-TV, WNBC-TV, MTV, ESPN, NY1, NBC News and CBS News. Adding professional experience to classroom instruction, the internship program is an extremely important and integral part of the journalism major.

**Areas of Concentration**

Students may elect a concentration in either print media (newspapers, magazines, wire services, digital news services and other new media) or in broadcast media (television and radio stations, public relations firms and advertising agencies).

**Major Area Requirements**

42 credits that include:

- **Required courses:** 21 credits from COM 1002, JOU 1000, 1402, 2300, 2307, 2312, 3300.
- **Specialized Electives:** six credits chosen from JOU 1200, 1400, 1500, 1501, 1502, 1504, 3302, 3303, 3304, 3305, 3309, 3310, 3311, 4301, 4302.
- **Specialized Track:** Complete six credits by choosing one of the following tracks:
  - PRINT TRACK: JOU 3301 and JOU 4701
  - BROADCAST TRACK: JOU 3312 and JOU 4702.
- **Elective Courses:** Choose nine credits from any JOU course under the guidance of an advisor. Internships (JOU 5000 series courses) require director’s approval.
- **Business Requirements:** Choose six credits from ECO 1001 or ECO 1002.
- **Additional Liberal Arts Requirements:** 18 credits that include HIS 1017, a three-credit English literature elective, a three-credit social science elective and three credits chosen from MTH 1009 or 1021.
- **General Electives:** 21–33 credits selected under the guidance of an advisor. Students are strongly urged to take at least 15 credits be taken in areas other than journalism and communication (e.g. health, science, business, criminal justice, etc.).

**B.S. Legal Studies**

**ABA Approved**

(Queens, Staten Island) (126 Credit Hours)

**Day and Evening**

The Legal Studies Program prepares students to work in law-related fields by teaching the skills that young professionals will need to adapt to the ever-changing demands of the legal profession and the work force generally, including, critical thinking, research, writing, oral communication, and information literacy.

Students in the Legal Studies Program have obtained internships in, and graduates of the Legal Studies Program have obtained employment in, federal and state courts, governmental agencies, prosecutors' offices, legal clinics, non-profit organizations, and private law firms. Graduates also have been accepted to major accredited law schools throughout the country.

Candidates are required to complete 126 semester hours of credit of a prescribed program of study with a minimum cumulative quality point index of 2.0. The curriculum includes required and elective courses in the liberal arts and sciences, business administration electives and a number of professionally related courses.

The Legal Studies Program is an American Bar Association-approved Paralegal Studies Program, and the Program is a member of the American Association for Paralegal Education. Paralegals may not provide legal services directly to the public, except as permitted by law.

**Internship Program**

Students pursuing either the Bachelor of Science or the Associate in Science degree in legal studies may choose to partake in one or both of the internship opportunities (LES 1005 and 1006). For baccalaureate students, the internship may be taken in either the junior or senior year. Students in the associate degree program may take an internship as an elective only after successful completion of 45 academic credits.

**Legal Society**

The Legal Society is a student organization that works to enhance the relationship of the Legal Studies Program and the legal profession by various student-organized activities. The society assists students in preparing for a career in the legal profession in the greater New York area.

**Major Area Requirements**

36 credits that include:

- **Required courses:** 15 credits in LES 1100, 1101, 1102, 1104, 1105.
- **Legal Studies electives:** 21 credits including:
  - 3 credits from the Legal Specialty Elective Area: LES 1003, 1007, 1009, 1010, 1011, 1012, 1013, 1014, 1016, 1017, 1018, 1020, 1024, 1040, 1042, 1106.
  - 18 credits chosen from any LES elective and/or CRJ 3112, CRJ 3113, CRJ 3114, CRJ 3116, CRJ 3122, (CUS 1102 or CUS 1107), CUS 1103, CUS 1110.

**Business Requirements:**

6 credits chosen from ACC 1007, 1008, MGT 1001.

**Additional Liberal Arts Requirements:**

- 21 credits that include PSY 1001, SOC 1001, SOC 1002, a 3-credit English literature elective, a 3-credit social science elective and 6 credits in math electives.
- **General Electives:** 21–33 credits selected under the guidance of an advisor.

**B.S. Networking and Telecommunications**

(Queens) (126 Credit Hours)

**Day**

The curriculum in networking and telecommunications leading to the baccalaureate degree provides a professional education leading to careers such as telecommunications analyst, systems analyst, network manager and first-line supervisor. It may also serve as preparation for further academic and professional study in networking, computer science, and decision sciences.

**Major Area Requirements**

36 credits that include:

- **Required Courses:** 21 credits from:
  - CUS 1115, CUS 1116, CSS 1005, CSS 1011, DFR 1001, NET 1011, NET 1015.
  - Networking Electives: Choose 15 credits from NET 1021 or higher or CSS 1015.

- **Networking Electives:** Choose 15 credits from NET 1021 or higher or CSS 1015.

**Additional Liberal Arts Requirements:**

- 27 credits that include ECO 1001, ECO 1002, MTH 1009, MTH 1010, MTH 1013, MTH 1014 and six credits chosen from MTH 1011 through 1018 and three credits in any science elective.

- **General Electives:** 21–33 credits selected under the guidance of an advisor.
B.S. Networking and Telecommunications (Business Option Program)  
(Queens) (126 Credit Hours)  
The curriculum in networking and telecommunications leading to the baccalaureate degree may be enhanced with an option in business. Careers associated with this option include telecommunications systems analyst, network deployment engineer, and telecommunications manager.  
Major Area Requirements:  
39 credits that include:  
- Required Courses: 21 credits from: CUS 1115, CUS 1116, CSS 1005, CSS 1011; DFR 1001; NET 1011, NET 1015.  
- Computer Science Elective: Choose three credits from 1165, 1176.  
- Networking Electives: choose 15 credits from NET 1021 or higher or CSS 1015.  
Specialized Area Requirements: 18 credits that include ACC 1007, ACC 1008, BLW 1001, MGT 1001, MGT 1003, MKT 1001.  
Additional Liberal Arts Requirements: 21 credits that include ECO 1001, ECO 1002, MTH 1008, MTH 1009, MTH 1013, MTH 1014 and three credits in any science elective.  
General Electives: 6–18 credits selected under the guidance of an advisor.  
Internship Program  
See details under B.S. Computer Science.  

B.S. Photojournalism  
(Queens) (129 Credit Hours)  
The bachelor of science degree in photojournalism is aimed toward preparing students for graduate and professional opportunities in photojournalism and photography in general. Career-oriented and interdisciplinary, the degree fuses together critical areas in photojournalism, visual aesthetics, commercial photography, documentary filmmaking and multimedia communications to ensure that students acquire the knowledge and skills to succeed in today’s visually driven, information-rich world. The program includes courses across mediums that allows for students to pursue careers as photojournalists, as well as commercial photographers working in advertising, public relations, and for magazines and online publications. The program provides extensive training in photographic aesthetics and digital production, as well as conceptual and critical thinking about the ethics of photography and its role in the global market of expanding communication technologies such as the Web, photo podcasting, digital video and online digital portfolios. As such, the curriculum offers a foundation in core academics, creativity, critical thinking, writing by combining skilled-based courses in digital photographic production, as well as news writing, documentary filmmaking, graphic design, magazine publishing, advertising and public relations. These skills are combined with teachings in law, ethics, and business practices to provide a complete approach to learning.  
Major Area Requirements  
39 credits that include:  
- Required courses: 39 credits from: COM 1001, 2600, JOU 1000, 2300, 3300, 3302, PHO 1500, 2100, 2200, 2201, 3200, 4200, 4600.  
Production and Digital Media Requirements:  
- Required courses: 27 credits from: DMD 1001, 2100, (2200 or 3300), 3100, 3200, TVF 1200, (2203 or 2204), 2302, 4706.  
Additional Liberal Arts Requirements: 9 credits that include ART 1030, MTH 1003 and a three-credit social science elective.  
General Electives: 12–24 credits selected under the guidance of an advisor.  
Photojournalism Digital Media Track:  
- Required courses: 42 credits from: COM 1001, JOU 1000, 1400, 2300, 3300, 3302, PHO 1500, 2100, 2200, 2201, 3200, 4200, 4600, TVF 4706.  

B.S. Photojournalism  
(Digital Track)  
(Queens) (129 credits)  
- Required courses: 24 credits from: DMD 1001, 2100, 2200, 3100, 4100, 4200, 4500, 4900.  
- Industry Elective: three credits chosen from MKT 1001, ADV 2100, PRL 2100.  
Additional Liberal Arts Requirements: nine credits that include ART 1030, MTH 1003 and a three-credit social science elective.  
General Electives: 12–24 credits selected under the guidance of an advisor.  

B.S. Public Relations  
(Queens)  
(126 Credit Hours)  
The career-oriented bachelor of science degree in public relations is interdisciplinary in nature and integrates critical areas of study in communications and business in the realm of public relations and corporate communications. The program prepares students for careers in public relations, corporate communications, marketing communications, and new media. Students gain the knowledge and skills necessary to succeed in today’s information-rich, technologically-driven workplace.  

Internship Program  
The public relations program offers placement for select students to intern throughout New York in public relations firms, advertising and marketing companies, and the corporate communications departments of non-profit organizations and Fortune 500 companies. The approval of the director of Public Relations is required for students to take internship courses.  
Major Area Requirements  
39 credits that include:  
- Required courses: 30 credits from COM 1001, COM 1002, PRL 2100, PRL 2301, PRL 3400, PRL 4600, PRL 4601, COM 2401, COM 2404, COM 2600, ADV 2100.  
- Production courses: 3 credits from COM 2290 or PRL 3420 or DMD 2100.  
- Major elective: 3 credits chosen from COM 2403, COM 4600, COM 4601, JOU 1000, MTH 1021, PRL 3401, PRL 5001, PRL 5002, PRL 5003.  
Professional Elective courses: nine credits chosen from COM 3101 or 3102, CRJ 2000, HMT 1000, HSA 1100, HSC 1020, LES 1100, SPM 1003, 1018.  
Business Requirements: nine credits from BLW 1001, MGT 1001, MKT 1001.  
Additional Liberal Arts Requirements: six credits that include MTH 1003 and a three credit social science elective.  
General Electives: 21–33 credits selected under the guidance of an advisor.  

B.S. Sport Management  
(Queens, Staten Island)  
(126 Credit Hours)  
(126 Credit Hours)  
The purpose of the sport management program is to prepare graduates to manage a variety of diversified responsibilities in the business of sport at the professional, collegiate, secondary school, or the community level, both globally and nationally. Integrating academic theory with the internship program provides students with the skills and practical experience needed for successful administration of a sport program.  
The program of study is based on the curricular standards set forth by the North American Society for Sport Management. Seven “Common Professional Components” should be adequately covered within the content of undergraduate sport management programs; our curriculum is designed to meet or exceed the minimum requirement in each topic area. After completing the program, students will be able to:  
- Critically evaluate the social, psychological and international foundations of sport.  
- Demonstrate competency in the management and leadership dimensions of sport.
• Analyze the role of ethics in sport management.
• Prepare effective sport marketing and communication materials.
• Apply the principles of finance, accounting, and economics to the sport industry.
• Assess the impact of the law on the sport industry.
• Complete an integrative sport management experience such as an internship.

The program also offers study abroad sport management courses as part of its curriculum. These courses provide students with a global perspective on issues related to the profession and an understanding of the role athletics play in international relations. The experience provides a unique opportunity for students in the program to gain an edge as future managers in the sports and recreation industry.

Globalization has changed the face of the sports industry, so St. John’s has begun offering more study abroad courses as part of its sport management curriculum. Based on St. John’s campus in Rome, Italy, these international sport management courses provide students with an understanding of the global development of sports, introducing them to a range of problems and issues confronting sports managers and the strategic thinking needed in an international era. A student exchange program with the University of Leicester (UK) provides students to complete an internship with professional rugby and basketball clubs in Leicester.

Internship Program

An internship program is available for qualified sport management students. These internships provide students with an opportunity to apply what has been learned in class to practical situations in the field. The experience gained through internships has assisted graduates in obtaining positions in public and media relations, advertising and sales promotion, marketing, ticket sales, finance, purchasing, and the general administration of sports.

Our location in New York City and the partnerships that we have built over the past 30 years gives our students the opportunity to work with some of the best-known organizations in the sports industry. Our students have interned with virtually every major and minor league franchise, athletic facility, and college athletic department in the Greater Metropolitan area and beyond. Interns have also been placed with The National Football League, The National Basketball Association, Major League Baseball, FOX Sports, CBS Sports, and WFAN Radio to name just a few.

Sport Management Advisory Board

To ensure the continued effectiveness of the sport management program board, St. John’s benefits from an advisory board comprised of recognized leaders in various areas of the industry. The board members provide valuable guidance to ensure that the sport management curriculum conforms to the current needs of the industry.

Steve Cohen, General Manager, Brooklyn Cyclones
Kathleen Meehan (’75 ED), Associate Vice President for Athletics, St. John’s University
Robert Dranoff, Ed.D. (’78 SVC), Commissioner, East Coast Conference
Ken Fiore (’90 SVC), Vice President of Player Personnel, National Football League
Joyce Jelks, Vice President of People and Culture, New Jersey Devils and Prudential Center
Lenny Kaplan (‘88 SVC), Director of Athletics, New Jersey Institute of Technology
George Moreira (’91 SVC), Manager of Pro Tournaments, United States Tennis Association
Eddie Motl (’04 CPS), Director, Fox Sports Commination
Robin Pitts, Principal, High School of Sport Management
Jonathan Servil (’05 CPS, ’11 MPS), Associate, New York Knicks Field Marketing & Fan Development
Mike Verna (’02 CPS), Manager, Activation and Development Partnerships, Madison Square Garden.

B.S. Sport Management (Business Option)

Major Area Requirements
36 credits that include:
• Required courses: 27 credits from SPM 1001, 1003, 1004, 1006, 1010, 1014, 1018, 1022, 1032.
• SPM electives: 6 credits chosen from SPM 1008, 1009, 1033, 1034, 1035, 1036, 1050, 1051, or 1052.
• Internship Requirement: three credits chosen from SPM 1301–1306.

Business Requirements: 21 credits from ACC 1007, BLW 1001, CUS 1102, ECO 1001, ECO 1002, MGT 1001, MGT 1003, MGT 1004, MKT 1001, MKT 1002, MKT 1003.

Additional Liberal Arts Core:
12 credits that include: ENG 1006, SOC 1001 or PSY 1001, SOC 1025, and three credits from any math elective.

General Electives: 9–21 credits selected under the guidance of an advisor.

B.S. Sport Management (Coaching Option)

Major Area Requirements
39 credits that include:
• Required courses: 36 credits from SPM 1001, 1003, 1004, 1006, 1010, 1014, 1018, 1022, 1032.
• Practicum requirement: SPM 1053.

Business Area Requirements: 21 credits from ACC 1007, BLW 1001, CUS 1102, ECO 1001, ECO 1002, MGT 1001, MKT 1001.

Additional Liberal Arts Core: 12 credits that include: ENG 1006, SOC 1001 or PSY 1001, SOC 1025, and three credits from any math elective.

General Electives: 12–24 credits selected under the guidance of an advisor.

B.S. Television and Film Studies (TVF)

(Queens, Staten Island) (126 Credit Hours) (Day and Evening)

The baccalaureate in Television and Film Studies provides intensive study in television, video and in the theory, history, planning, scripting, and producing of film, television, and digital media. This background prepares the student for the Senior Project and for possible internships. Students can participate in WRED-TV, the co-curricular television club which produces Eye of the Storm (a bi-weekly cable program) and the Film Club, the co-curricular organization that produces short student film projects. Upper level and studio courses are offered only on the Queens campus. Internship credits are limited to six credits: 5001 and 5002.

stjohns.edu/bulletins
Dramatic Arts, located in Manhattan, offers in the world, the American Academy of Dramatic Arts Partnership with the College of Professional Studies. Students who successfully graduate from AADA, are awarded 60 credits toward a B.S. in Television and Film at St. John’s. AADA’s program has seen such stars as Grace Kelly, Edward G. Robinson, Katherine Hepburn, Kevin Spacey, Adrien Brody, and Danny DeVito as graduates of its program. Students learn all of the elements of acting, from voice, movement, make-up, costuming, while engaging in staged performances. Students from AADA who are interested in pursuing a B.S. degree in Television and Film at St. John’s should contact the Dean's Office at the College of Professional Studies.

Associate Degree Programs

Associate degree programs are offered that lead to the degree of Associate in Arts (A.A.) with a concentration in liberal arts and the degree of Associate in Science (A.S.) with concentrations available in a variety of business and career-oriented areas. Normally, a full-time day session student may complete his or her degree program in four semesters of study, with credit loads of 15 semester hours (five courses) in each semester. (In the pre-accounting option, total credits for each of the final two semesters equal 16.) For information on accelerated and summer study and credit by examination, please consult the specific sections of this bulletin. Credits from the associate’s degree may be applied to a bachelor’s degree.

Associate Degree Core Requirements

Core requirements for all CPS associate degree programs (24 credits):

- DNY 1000C
- ENG 1100C
- FYW 1000C
- HIS 1000C
- SCI 1000C
- PHI 1000C
- PHI 3000C
- THE 1000C

External transfer students are not required to complete DNY 1000C. Students should see the CPS Dean's office to determine an alternate course to meet this credit requirement.

Associate in Arts Degree

A.A. Liberal Arts

(60 Credit Hours)

Candidates for the degree of Associate in Arts with a concentration in liberal arts are required to complete a minimum of 60 semester hours of credit in a prescribed program of study with a minimum cumulative quality point index of 2.0. See Dean’s Office for requirements.

Additional Liberal Arts Requirements:

- 24 credits that include: SPE 1000C, a three credit theology elective, a three-credit math elective a credit social science elective, three credits chosen from ART 1000C, LAC 1000C, or any foreign language elective and nine credits from any liberal arts or science elective.

General Electives: 12–15 credits selected under the guidance of an advisor.

Associate in Science Degree

A.S. Business (Non-Accounting)

(61 Credit Hours)

Candidates are required to complete 61 semester hours of credit of a prescribed program of study with a minimum cumulative quality point index of 2.0 for all courses and for all courses in the major area. The curriculum includes required and elective courses in the liberal arts and sciences, managerial accounting and business administration.

Major Area Requirements

27 credits that include:

- Required Courses: 21 credits from ACC 1007, ACC 1008, BLW 1001, MGT 1001, ECO 1001, ECO 1002, ENG 1006, LES 1100, MGT 1001, 1006, 1014, MKT 1001.

Additional Liberal Arts Requirements:

- 6 credits chosen from ECO 1001, 1011, 1015, MGT 1026, MKT 1001.

General Electives: 3–6 credits selected under the guidance of an advisor.

A.S. Criminal Justice

(61 Credit Hours)

Candidates are required to complete 61 semester hours of credit of a prescribed program of study with a minimum cumulative quality point index of 2.0 for all courses and for all courses in the major area. Graduates of the New York City Police Department may be awarded credit for field training.

Major Area Requirements

18 credits that include:

- Elective Course: 3 credits chosen from any CRJ elective.

Additional Liberal Arts Requirements:

- 9 credits from PSY 1001, SOC 1001, MTH 1003.

General Electives: 9–12 credits selected under the guidance of an advisor.
A.S. Cyber Security Systems
(Queens) (60 Credit Hours)
(Day)
Candidates are required to complete 60 semester hours of credit of a prescribed program of study with a minimum cumulative quality point index of 2.0 for all courses and for all courses in the major area. The curriculum includes required courses in the liberal arts and sciences, computer science, networking and telecommunications, computer security systems, and elective courses.
Major Area Requirements:
18 credits in:
CUS 1115, 1116, CSS 1005, 1011, DFR 1001; NET 1011.
Business Area Requirements:
6 credits from:
ACC 1007, ACC 1008.
Additional Liberal Arts Requirements:
9 credits in math chosen from MTH 1007, 1008*, 1021*.
*Qualified students may take MTH 1009 and MTH 1013 instead of 1008 and 1021.
General Electives: 3–6 credits selected under the guidance of an advisor.
A.S. Electronic Data Processing
(Computer Science)
(Queens) (60 Credit Hours)
(Day)
Candidates are required to complete 60 semester hours of credit of a prescribed program of study with a minimum cumulative quality point index of 2.0 for all courses and for all courses in the major area. The curriculum includes required courses in the liberal arts and sciences, computer science and elective courses.
Major Area Requirements:
18 credits in:
CUS 1115, 1116, CSS 1005, 1011, DFR 1001; NET 1011.
Business Area Requirements:
6 credits from:
ACC 1007, ACC 1008.
Additional Liberal Arts Requirements:
9 credits in math chosen from MTH 1007, 1008*, 1021*.
*Qualified students may take MTH 1009 and MTH 1013 instead of 1008 and 1021.
General Electives: 3–6 credits selected under the guidance of an advisor.
A.S. Networking and Telecommunications
(Queens) (60 Credit Hours)
(Day and Evening Sessions)
Candidates are required to complete 60 semester hours of credit of a prescribed program of study with a minimum cumulative quality point index of 2.0 for all courses and for all courses in the major area. The curriculum includes required courses in the liberal arts and sciences, computer science, networking and telecommunications and elective courses.
Major Area Requirements:
18 credits that include:
• Required Courses: 15 credits in CUS 1103, 1104, 1115, 1116, NET 1001.
• Elective Course: 3 credits chosen from CUS 1126, 1147, 1165, 1172.
Business Area Requirements:
6 credits from ACC 1007, ACC 1008.
Additional Liberal Arts Requirements:
9 credits in math chosen from MTH 1007, 1008*, 1021*.
*Qualified students may take MTH 1009 and MTH 1013 instead of 1008 and 1021.
General Electives: 3–6 credits selected under the guidance of an advisor.
A.S. Information Technology
(Queens) (60 Credit Hours)
(Day and Evening Sessions)

  3 credits from the Legal Specialty Elective Area: LES 1003, 1007, 1009, 1010, 1011, 1012, 1013, 1014, 1016, 1017, 1018, 1020, 1024, 1040, 1042 and 1106; and
  3 credits from any LES elective or CRJ 3112, 3113, 3114, 3116, 3122, (CUS 1102 or 1107), CUS 1103, CUS 1110.
Business Area Requirements:
three credits from ACC 1007 or MGT 1001.
Additional Liberal Arts Requirements:
nine credits from PSY 1001, a three-credit math elective and a three-credit social science elective.
General Electives: 3–6 credits selected under the guidance of an advisor.
Minor Areas of Study
The following guidelines for minors have been approved by the College of Professional Studies Faculty Council:
a. Minors are available only to students enrolled in baccalaureate programs.
b. Students may choose from any of the undergraduate units of the University any available minor program that is clearly differentiated from their major area of concentration.
c. New freshmen may declare a minor after the completion of two semesters of college. Transfer students may declare a minor after the completion of one semester at St. John’s University.
d. Students must have the written permission of the Dean.
e. Only one three-credit course may be used for both a major and minor provided that the minor sequence has at least 18 credits. For minors with fewer than 18 credits, no overlap is possible.
f. The Pass-Fail option is not available in the fulfillment of minor requirements.
g. The successful completion of a minor (with a minimum index of 2.0) is noted on the student's transcript.
h. Transfer credit for minor courses can be applied but may not make up more than 50 percent of the total credit.

American Military History
21 credits including HIS 1000C, HIS 1018, HIS 1026, HIS 1041, 1042, 1043 and 3 credits chosen from HIS 1003, 1004, 1017.

Advertising
18 credits including MKT 1001, ADV 2100, ADV 3400, ADV 3500, ADV 4402 and 3 credits from ADV 2301, ADV 3200, or ADV 3401.

Business Law
15 credit hours including ACC 1007, 1008; BLW 1001 or 1005; MGT 1001, 1003; MKT 1001.

Business
15 credits including BLW 1001, 1005 and 9 credits in electives from BLW 1015, 1020, 1030, 1040, 1050 or 6 credits from above and 3 credits from: CRJ 3112, COM 2404, JOU 1402, HLS 1002, HMT 1007, HSA 1011, HSA 1038, NET 1051, SPM 1010.

No overlap between major and minor.

Communication Arts
18 credit hours including COM 1001 and 15 credits chosen from offerings in communication arts, advertising, journalism, public relations and television and film, chosen under the guidance of an advisor.

Computer Science
18 credit hours including CUS 1115, 1116, 1126, 1156 and six additional credits from CUS 1162, 1163, 1165, 1166, six credits of MTH is required.

Correctional Counseling

Court Administration
18 credits including CRJ 2003 and 15 credits chosen from CRJ 2000, 3112, 3114, 3116, 3120, 5002, 5200; CUS 1101; LES 1004; MGT 1001.

Criminalistics
18 credits including CRJ 2000, 3103, 5066, 5203, and six credits chosen from CRJ 3101, 3106, 4102.

Criminal Justice

Cyber Security Systems
18 credit hours including CUS 1115, 1116: NET 1011; CSS 1005, 1011, DFR 1001.

Digital Forensics
18 credit hours including CSS 1005, DFR 1001, DFR 1011 and nine additional credits in digital forensics or CSS 1021.

Digital Media Design
15 credit hours including DMD 1001, 2100 3100, PHO 2100 and 3 credits from ADV 3200, COM 3282, COM 3283 NO OVERLAP BETWEEN MAJOR OR MINOR

Dramatic Arts
18 credits including DRM 1200, 2200, 2236, 2237, 3200, 3300 (Audition required).

Entrepreneurship
18 credits including MGT 1026, (ECO 1001 or ECO 1002), (MGT 1065 or ECO 1011), (MGT 1075 or ECO 1016) and 6 credits chosen from BLW 1015, BLW 1030, COM 2403, CUS 1172, CRJ 3117, CSS 1005, HIC 1001, HSA 1005, HLS 1005, HMT 1010, LES 1008, PUBR 3400, SPM 1010 or other appropriate major area course approved by an advisor.

Event Management
18 credits including HMT 1005 or 1005; HMT 1030 or MGT 1001; HMT 1061 and 9 credits chosen from: HMT 1000, 1003, 1005, 1025, 1030, 1050, 1065, 1070, 1071, 1073. (Any HMT course can be taken once student has completed MGT 1001).

Fashion Studies
15 credits chosen from: FAS 1006 (MKT 1006) FAS 1015, (MKT 1015), FAS 1055 (BLW 1055), FAS 1056, FAS 1065 (ECO 1065), FAS 1070, (MGT 1070), FAS 1075 (MGT 1075), FAS 1078, FAS 1080 (MGT 1080), [MGT 1000 or MGT 100] No overlap between major or minor

Film Studies
18 credits including TVF 1200 and 1400 plus 12 credits from the following (at least nine credits must be taken from CPS courses): TVF 1504, 1505, 1506, 1507, 1508, 1509, 1510, 1511, 1512, TVF 2301, 2302, 2303, 3220, 3303, 3404, 3405, 4205 COM 2500, ENG 1058, ART 1810, 1820, 1830, 1840, MUS 1240.

Fire and Arson Investigation
18 credits including CRJ 2000, 3101, 3103, 3109, 3110, 3111.

Food Service Management
18 credits including 1003; 1020; 1030 or MGT 1001; and nine credits from HMT 1000, 1004, 1022, 1025, 1030, 1035, 1040. (Any HMT course can be taken once student has completed MGT 1001).

Forensics
18 credits including 6 credits chosen from CRJ 2000, 2001, 2002 and 12 credits chosen from CRJ 2007, 3102, 3103, 3109, 3110, 3116, 3117, 3118, 4102, 5006, 5203, CSS 1001.

Forensic Psychology
18 credits including 6 credits chose from: CRJ 2000, 2001, 2002 and 12 credits chosen from 3004, 3005, 3006, 3007, 3101, 3102, 3103, 3105, 3106, 3108, 3116, 3117, 4102, 5000, 5102, CSS 1001.

Fraud Examination and Economic Crime
21 credits including 18 credits from ACC 1007, ACC 1008, ACC 1030, CRJ 2007, CRJ 3107, CRJ 3210 and 3 credits chosen from ACC 1035 or ACC 1040.

Healthcare Informatics
For Computer Science, Computer Security Systems, and Networking and Telecommunications majors: 18 credit hours including HSA 1100, 1101, HIC 1001, 1002, 1015, 1021.

For Health and Human Services (Healthcare concentration only) majors: 18 credit hours including CUS 1115, 1116, HIC 1001, 1002, 1015, 1021.

For all other majors: 24 credit hours including CUS 1115, 1116, HSA 1100, 1101, HCI 1001, 1002, 1015, 1021.

Health Services
18 credits including HSA 1002, 1005, 1100 plus 9 credits chosen from: HSA 1003, 1011, 1012, 1020, 1101.
Homeland and Corporate Security
18 credits including HSC 1001, 1003, 1004, 1007 plus six additional credits chosen from HSC 1002, 1006, 1009, 1010, 1012, 1013, 1014, 1015, 1017, CRJ 3101, 3107, 3108, 3112, 3116, CSS 1001, CSS 1106.

Hospitability Management
15 credits including HMT 1000, 1003, 1005, 1061 and 3 credits from chosen any HMT elective (except HMT 1009, 1094, 1095). NOTE: THERE IS NO OVERLAP BETWEEN MAJOR AND MINOR.

Human Services
18 credits including HSC 1020, 1060, 1071, 1074, 1072 (or 1100) and 1073 (or 1102).

Information Technology
18 credit hours including CUS 1103, 1104, 1115, 1116; NET 1001 and three credits chosen from CUS 1126, 1147, 1165, 1172.

International Communications
24 credits to be satisfied through completion of one of the following options:
Non-Study Abroad Option: COM 1001, COM 3101, COM 3102, 6 credits in foreign language and 3 credits from each list:
LIST I: GOV: 2650, 2660, 2690, 3630, 3710/ASC 2710, GOV 3720/ASC 2710, 3820
LIST II: ASC 1230 or ASC 1250
LIST III: GEO 1001, ENG 1069, TVF 1508

Study Abroad Option: COM 1001, COM 3101, GOV 1610, 3 credits chosen from COM 3102*, 7001, 7002, 6 credits in a foreign language, 6 credits taken with the Study Abroad Program. An Internship abroad is available to those with excellent foreign language skills and a minimum cumulative GPA of 2.75.

Students opting to do a semester in Rome are advised to complete COM 1001, COM 3102 and 6 credits in language before departure and COM 3101A and GOV 1610A as part of their Rome semester.

International Studies
18 credit hours to be satisfied through completion of any combination of the following:
• Courses offered by St. John's which are based outside the U.S. such as Study Abroad courses*
• Courses that have an international and/or comparative focus as their primary area of study. (HS 1000C and ENG 1100C CANNOT be used for the minor)
• A maximum of two courses at St. John's in a foreign language
* Note: Students completing this minor through Global Study should contact the CPS Dean's Office for details.

Journalism
18 credit hours including JOU 1000 (or COM 1001), JOU 2300, (or COM 2301), JOU 1402 or JOU 1500 and 9 credits of JOU courses.

Legal Studies
18 credits including LES 1100, 1101, 1102, 1004, 1015 and 3 credits selected from any of the legal specialty elective courses listed in the LES major area requirement section. ABA Approved. Paralegals may not provide legal services to the public except as permitted by law.

Lodging Management
18 credits from HMT 1000; 1001; 1030 or MGT 1001: and 9 credits from HMT 1002, 1045, 1055, 1065, 1072, 1074. (Any HMT course can be taken once student has completed MGT 1001.)

Mathematics
(Designed for students in the CUS major.)
A minor in Mathematics is a 30-credit minor that requires 12 credits to be chosen from Mathematics courses numbered MTH 1009 or above, (except MTH 1021) in addition to the core Mathematics requirement. MTH 1011 is required.

Media Graphics
COM 2290 (or FNA Electronic Media) plus 15 credits chosen from the following (at least 12 credits must be taken from College of Professional Studies courses):
COM 3292, 3294, 3295, ART 1105, 1110, 1130, 1290, 2125.

Multicultural and Ethnic Studies
Students may choose a program of courses to either support a broadly based minor in the comparative study of multiculturalism and ethnicity or in one particular area of multicultural and ethnic studies. Areas of possible specialization include Asian-American Studies, African-American Studies, Eastern and Western European Studies, East Asian Studies, Latin American, Caribbean Area Studies, Near Eastern Studies and other specializations. The minor utilizes interdepartmental support to provide a great degree of flexibility and choice to interested students. Any list of courses available depends on the particular area of study which may be selected by a student. Accordingly, interested students should arrange to meet with the Director or the Assistant Director of Multicultural and Ethnic Studies, College of Professional Studies.

Completion of the minor requires 18 credit hours to be satisfied through a combination of the following:
1. A minimum of six credits in the area of literature of multicultural and ethnic groups.
2. A minimum of six credits in the area of history of multicultural and ethnic groups.
3. A minimum of six credits in the areas of government and politics and sociology of multicultural and ethnic groups.

Networking
18 credit hours including CUS 1115, 1116, CSS 1005, NET 1011, 1015 and 3 credits from NET 1021 or higher.

Photojournalism
18 credit hours including PHO 2100, 2200, 2201, 3200, 4200, 4600.

Public Relations
18 credit hours including ADV 2100, PRL 2100, 2301, 3400, 4600, and 3 credits from COM 2209, COM 2290 or COM 2301.

Sport Management
18 credit hours including SPM 1005 plus 15 credits chosen from SPM 1003, 1004, 1006, 1010, 1014, 1018, 1022, 1032.

Television Studies
18 credits including TVF 1200 and 2200 plus 12 credits selected from: TVF 1501, 1502, 2202, 2203, 2204, 2301, 2302, 2303, 2402 TVF 3200, 3203, 3204, 3303, 4200, 4205 COM 2401, 2500.

Tourism Management
18 credits including HMT 1005; (1030 or MGT 1001); (1070 or 1071); and 9 credits from HMT 1000, 1061, 1073, 1074, 2001A
(Any HMT course can be taken once student has completed MGT 1001).

Women's Studies
18 credits including SOC 1005 and 1006, 18 credits from BIO 1015, CRJ 3003, ENG 1068, HIS 1035, PSY 1022, PSY 1023, THE 1052, and MGT 1025.

Some of the minors may require completion of additional credits, beyond the minimum necessary for the degree. For additional information, please check the respective degree listing for total and elective total credit numbers and the credit totals above. Students must complete minor area courses with a minimum cumulative index of 2.0.

Course Offerings
All course credits are listed in semester hours. Courses are listed and described in alphabetical order by subject. Students enrolled in College of Professional Studies may also select elective courses from among the course offerings of the other colleges of the University. Those enrolled at the Staten Island campus, please note the Staten Island course equivalent following many of the course descriptions. For additional information, please consult with the advisors in the College of Professional Studies office.

Accounting (ACC)
(Queens, Staten Island)

1007 Fundamental of Accounting (non-accounting majors)
This course covers financial and managerial principles and concepts that form the basis of the external and internal reporting by business entities. The course explains how financial information is communicated to management, stockholders, creditors, and others interested in the status of the business enterprise. This course also focuses on managerial planning and control with respect to budgeting, product pricing and production profit-volume analysis, direct costing, short-term decision making, and capital budgeting. Credit: 3 semester hours.

1008 Corporate Accounting Assessment and Fraud Detection
Prerequisite: ACC 1007. Accounting for Partnerships and Corporate Forms of Business Organizations are emphasized. This survey course examines best practices in forensic accounting, financial forensics, and the prevention, deterrence, detection, investigation and remediation of fraud in various industries. While providing students with an integrated coverage of the latest development in the environment and methodology of accounting assessment. Credit: 3 semester hours.

1010 Financial Reporting and Analysis
Prerequisites: ACC 1007 and ACC 1008. An analysis of financial accounting from both the user’s and the preparer’s perspectives. Students will utilize actual financial statements and will engage in their analysis and interpretation. They will learn to understand and analyze real financial reports. Credit: 3 semester hours.

1035 Accounting Assessment
Prerequisites: ACC 1007 and ACC 1008. A comprehensive and integrated coverage of the latest developments in the environment and methodology of accounting assessment. Credit: 3 semester hours.

1040 Accountant’s Professional Responsibility
Prerequisites: ACC 1007 and ACC 1008. An overview of the myriad situations confronting the accounting professional with a special focus on professional responsibility and appropriate decision making. Recent reforms in the accountability and governance of business entities and professional accounting are covered. Topics include the ethical and justice theories, corporate social responsibility, distributive justice, whistling blowing, tax avoidance and tax evasion. Credit: 3 semester hours.

2000 Financial Accounting Reporting
This introductory financial accounting course focuses on the requirements of preparing and understanding reported financial information and the link between accounting information and decision-making. Topics include the basic accounting process and its underlying framework and concepts, performance reporting, through preparation and analysis of the income statement and the statement of financial position, the measuring and reporting of assets, and cash flows. This course is designed for CPS students who plan on transferring to the Tobin School of Business and plan on majoring in accounting. Credit: 3 semester hours.

Administration

Students have a chance to live and study abroad and learn some of the daily problems faced by Hungarians. The course shows and analyzes the difficulties Hungarian society faces as it moves towards democracy. Difficulties and obstacles faced by society, the government and commercial enterprises are also discussed. Open to all St. John’s University students. No prerequisites. Free elective. Credit: 3 semester hours.

Administrative Studies (ADS)
(Queens, Staten Island, Distance Learning)

2000 Leadership Development
An interactive exploration of personal leadership development involving active learning on the part of each student as an essential component of this course. The course will examine a broad range of areas associated with effective leadership, including leadership language, theory and style. Credit: 3 semester hours.

3000 Internship in Administrative Studies
Prerequisites: Permission of the Director/Chair, completion of at least one Business course, one Technology course, and two Social Science courses. Must be a Junior or Senior, and have a minimum GPA of 2.5. Credit: 3 semester hours.
Advertising Communication (ADV) (Queens)

2100 Introduction to Advertising Communication
Prerequisite: MKT 1001. Advertising on the national and local levels is covered in depth. Topics include defining advertising objectives, media’s influence on consumer choice, selection, evaluation and development of criteria for advertising. Credit: 3 semester hours. (cf. MKT 1002)

2301 Basics of Copywriting and Concepting
Prerequisite: ADV 2100. This course is a workshop in how to create the copy for print and television commercials, and to help students produce a portfolio of their work to be shown when looking for a job in advertising. Credit: 3 semester hours.

2400 Creative Strategy and Consumer Research in Advertising
Prerequisite: ADV 2100, and MTH 1021. A synthesis of consumer behaviors, perceptions, and segmentation will be utilized to develop highly targeted audiences and relevant creative strategies that will result in ads that resonate with potential consumers. Through the use of in-class lectures, readings, real world examples, industry expert guest speakers and a team based, “creative work plan” project, advertising students will become familiar with the process of account planning and the tools and practices necessary to manage the process of delivering efficient, effective, creative strategies in advertising. Credit: 3 semester hours.

3200 Advertising Print Production
Prerequisite: ADV 2100. This course engages students to explore and collectively solve an applied advertising problem. Students learn fundamental creative concepts and digital design production techniques for print, web, and broadcast with the goals of conceptualizing, designing and producing actual ads. Credit: 3 semester hours.

3301 Copywriting II: Content Development
Prerequisite: ADV 2301. This course is a continuing workshop on how to create the copy for direct and digital media. It is designed to help the students work on their portfolio which they need to get creative jobs an advertising agency. Credit: 3 semester hours.

3400 Integrated Advertising Communication
Prerequisite: MKT 1001 and ADV 2100. The nature, structure and operation of marketing systems as applied to the communications industry are covered. Recent trends and policies in the communications field are also covered. Credit 3 semester hours.

3401 Advertising Media Planning
Prerequisite: ADV 3400, and MTH 1021. To provide students with the basic skills in media planning and buying. Students learn how to select which media are best suited to an advertiser’s message and how to prepare a media plan. Credit: 3 semester hours.

3500 History of Advertising and Evolution of Advertising Principles
Prerequisite: ADV 2100. A survey course on how advertising has progressed from its early times up to the effectiveness of Super Bowl commercials. Credit: 3 semester hours.

4402 Modern Account Management
Prerequisite: ADV 3400 and Senior Status, Advertising Majors Only. In an evolving world of advertising, traditional methods of the advertising account executive are simply not enough to lead increasingly sophisticated Integrated Advertising Communications teams. Advertising students will become familiar with the tools and practices necessary to manage the process of delivering efficient, effective, brand-focused IAC advertising programs. Credit: 3 semester hours.

4600 Advertising Portfolio
Students are provided with an opportunity to develop a digitally designed, print-based portfolio book, a multimedia-based web portfolio, and/or a broadcast reel. Final grading is assessed on completion of an effective portfolio(s) that meets advertising industry standards. Students are free to use a variety of digital tools to create their advertising portfolios. Open to juniors and seniors only. (Cf: PRL 4601) Credit: 3 semester hours.

4601 Seminar in Advertising Communication
Prerequisite: MKT 1001. An overview covering the three basic aspects of advertising: how to create ads that sell; how to market products to the public; and: the proper use of media to promote products. Students write creative strategies and copy, learn visual techniques and prepare draft layouts. Credit: 3 semester hours.

5001 Advertising Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional advertising organization. Open to juniors and seniors only. Credit: 3 semester hours.

5002 Advertising Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional advertising organization. Open to juniors and seniors only. Credit: 3 semester hours.

5003 Advertising Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional advertising organization. Open to juniors and seniors only. Credit: 3 semester hours.

5004 Advertising Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional advertising organization. Open to juniors and seniors only. Credit: 3 semester hours.

Biology (BIO) (Queens)

1002 Principles of Biology
Introduction to biological principles with an emphasis on understanding the cell, genetics and physiology. The course is designed for students whose career objectives are not in the physical or natural sciences. Credit: 3 semester hours. BIO 1050 (SI)

1004 Topics in Health
A survey of present-day health problems including nutrition, exercise, heart disease, cancer, and the aging process. The emphasis is on recent research and its implications for students in their daily lives. The basic biological principles underlying these topics are stressed. Credit: 3 semester hours. BIO 1050 (SI)

1005 Biological Aspects of Anti-Social Behavior
Prerequisite: BIO 1002 or 1004. A biology course designed for the criminal justice student. The course deals with the physiological aspects of deviant behavior and of drug addiction and alcoholism. Credit: 3 semester hours.

1007 Health for Women and Men
The course deals with reproductive anatomy and physiology, with an emphasis on gender differences; health, nutrition and fitness issues are stressed. Credit: 3 semester hours. Free elective only.

1008 Anatomy and Physiology
An introduction to the anatomy and physiology of the human body. The major systems of the body will be studied, emphasizing structures, functions, and mechanisms. Topics will be supplemented with clinical information and terminology relevant to the healthcare profession. Credit: 3 semester hours.

1011 The Physiology of Exercise
This course includes a discussion of the physiology of contraction of striated, smooth and cardiac muscles, factors in exercise and the effects of training on muscles. Credit: 3 semester hours.

1012 Issues in Biology
This course is designed to give the student an understanding of the process of science in terms of basic biological concepts. No prerequisites. Primarily for communication arts and journalism majors. Credit: 3 semester hours.
1014 Ecological and Environmental Studies
This course studies different levels of ecological organization including population, community, ecosystem and biosphere. Emphasis is placed upon current environmental concerns. No prerequisites. Credit: 3 semester hours.

1015 Women in Biology
This course examines the contributions women have made historically, as well as those they are currently making, to the field of biology. No prerequisites. Credit: 3 semester hours.

1030 Biology for Elementary Teachers
This course reviews important topics in biology relevant for elementary education majors. A main objective is to provide a foundation of subject matter that enables students to become scientifically literate. Open only to The School of Education students. Credit: 3 semester hours.

1031 Environmental Biology for Education Majors
The purpose of this course is to review important topics in environmental biology which would be relevant for education majors. The course is designed to meet the National and New York State Science Education Standards. The course focuses on science content rather than methods of teaching. However, activities are provided that may be adapted to the classroom. Important topics in the news will be the focus, including: loss of habitat and biodiversity, pollution, climate change, the energy crisis and sustainable lifestyles. Credit: 3 semester hours.

Business Law (BLV)
(Queens, Staten Island)

1001 Law and Business
A study of the United States legal system emphasizing its origins, development, and operation and a survey of the substantive law of contracts, torts, and crimes as well as procedural law (with emphasis on civil procedure), with applications in the business environment. Credit: 3 semester hours.

1005 Topics of Business Law
This course replaces the former BLV 1002. A brief study of the United States legal system and, in-depth study of selected substantive business law subjects such as legal entities employed in commerce (corporations, partnerships, etc.), agency, property (real and personal), bailments, and sales. Credit: 3 semester hours.

1015 Legal Environment of the Workplace
Prerequisite: BLV 1001 or BLV 1005. An examination of the legal environment of Human Resources, including federal and state laws that establish the rights and responsibilities of employers and employees. It aims at improving students’ abilities to prevent, analyze, and resolve employment-related problems in the workplace through a study of various topics, including at-will employment, discrimination, harassment, privacy, fair labor standards, and collective bargaining. Credit: 3 semester hours.

1020 International Business Law
Prerequisite: BLV 1001 or BLV 1005. A survey of U.S. and foreign laws governing international business transactions. Antitrust and other trade regulation laws, foreign exchange and investment restrictions, tax and corporate laws relevant to the location of an enterprise, licensing requirements and international treaties affecting commercial transactions are considered. Credit: 3 semester hours.

1025 Real Estate Finance
Prerequisite: BLV 1001. Real Estate Finance is a business law and finance course examining federal, state and local laws which pertain to the real estate industry. It includes the topics of estates in land, forms of ownership, easements and covenants, transfer of ownership, land contracts, deeds, mortgages, leases, liens, and property taxes. The primary goal of the course is to familiarize students with the history and practice of real property law and finance and the fundamental legal and financial requirements and issues that are encountered in the management of real estate. Credit: 3 semester hours.

1026 Moot Court
Prerequisite: Any law course. The preparation of a case for trial, including basic research of the legal issues, gathering and analyzing the evidence and examination of witnesses. Presentation of the case in an actual trial setting in the fictitious state of MOOT, with members of the faculty acting as judges. Emphasis on basic research skills, analytical thinking and preparation of arguments, and oral presentation of the case. Students interchange roles as parties, advocates, jurors and witnesses. This course is not open to A.S. business students. (Cf.: LES 1040)
Credit: 3 semester hours. Free elective only. Intersession and pre-session only.

1040 Inside the Courts of New York
This course is designed to provide students with a view inside civil and criminal trial and appellate courts in the State of New York. Following lectures on litigation and the court system, students will observe trials and other proceedings in federal and state courts in the metropolitan area, including some or all of United States District Court, New York State Supreme Court, Surrogate’s Court, Family Court, County Court, New York City Civil and Criminal Courts, and Nassau County District Court. Credit: 3 semester hours. Free elective only. Intersection and pre-section only.

1030 Business Litigation – Small Claims
Study of resolution of small business disputes in the judicial system and by alternative dispute resolution processes. Special emphasis will be given to mediation, arbitration, and small-claims court process. Disputes typically encountered by small businesses will be analyzed from attempts to settle through collection. Mock proceedings will be conducted examining typical procedural and substantive issues arising in small-claims disputes. Basic legal concepts with which everyone should be familiar will be reviewed. Credit: 3 semester hours.

1050 Legal Aspects of the Entertainment Industry
Prerequisites: BLV 1001 and 1005. Entertainment Industry Law is a theory law course examining the legal environment of the major branches of the entertainment industry. Students will examine the application of laws and regulations deriving from contract, tort, labor, intellectual property, agency, privacy, and other areas to various branches of the entertainment business, such as film, television, radio, live theater, music, and publishing. Credit: 3 semester hours.

1055 Legal Aspects of the Fashion Industry
Legal Aspects of the Fashion Industry is a theory law course involving a newly distinct area of law which applies to a multi-billion dollar international business. This legal discipline includes merchandise licensing and counterfeiting, commercial agreements, employment law and import and customs law as applied to the fashion industry. (Cf. FAS 1055). Credit: 3 semester hours.

Chemistry (CHE)
(Queens)

1001 Topics in Chemistry
This course is designed to provide the student who is not a science major with an introduction to the fundamentals of chemistry. Credit: 3 semester hours.

Communication Arts (COM)
(Queens, Staten Island)

1001 Introduction to Mass Communications
An examination of the role of the mass media significant aspects of contemporary life as they relate to culture, politics, and education. Credit: 3 semester hours.

1002 Multimedia Communication
This course is designed to introduce students to critical thinking, writing, and media skills necessary to communicate effectively. A multimedia survey course which integrates critical thinking and writing skills with the sounds and images of media platforms such as radio, television, and the Web. Student will apply theory and skills in effectively target audiences. Credit: 3 semester hours.

2201 Introduction to Broadcasting and Announcing
Prerequisite: SPE 1000C. An introduction to the radio environment and radio broadcaster’s role. Students acquire skills in audio recording,
In this independent study, students learn to prepare and broadcast sports programs, and write copy as well. Laboratory fee: $30. Credit: 3 semester hours.

2290 Fundamentals of Media Graphics
An introduction to the use of computers in the creation and manipulation of graphic imagery. Covers graphics software, input devices and the use of computer-generated visuals in the media. Laboratory fee: $30.

2401 New Media
Prerequisite: COM 1001. An examination of the electronic and digital technologies of mass media. Topics include the technological background of cable, satellites, social media, fiber optics, digital television. Credit: 3 semester hours.

2402 The Business of Radio
Prerequisite: COM 1001. The commercial and public aspects of radio broadcasting, including ratings, research, selling, advertising/underwriting promotion, public relations, and technical operations. Credit: 3 semester hours.

2403 Management in Communications
Prerequisite: MGT 1001. The major functions of management as applied to the communications industry. Topics include planning, organizing, and controlling the communications business enterprise. Credit: 3 semester hours.

2404 Law of Public Communication
Prerequisite: BLW 1001. A survey of contract law and the role of government regulation relating to the communications industry. Credit: 3 semester hours.

2405 Ethical Values for Communications
Prerequisite: COM 1001. The ethical concepts and problems involved in print media, radio, television, film, theater and advertising. Credit: 3 semester hours.

2500 Visual Aesthetics
Prerequisite: COM 1001. An examination of visual design basics and forms in general and in particular, of theories of visual art and of critical approaches and applications to the visual arts. Credit: 3 semester hours.

2570 Video Games and Gaming
An overview of the history and genres of video games, and of the video game industry, critical analysis and evaluation of the content of games and the social and emotional aspects of gaming. Attention will be given to the social and ethical implications of human-computer interactions. Credit: 3 semester hours.

2600 Seminar in Communications Research
Prerequisite: COM 1001. Introduction into the nature of marketing and communications research covering the use of data, and the tabulation and analysis of results. Credit: 3 semester hours.

3101 International Communications: Europe
Prerequisite: Juniors and seniors only. An examination of the historical, structural and political aspects of the communications industries throughout Europe, the Near East, Africa, Latin and South America. Credit: 3 semester hours.

3102 International Communications: Asia
Prerequisite: Juniors and seniors only. A survey course covering aspects of Asian and Asian-American cultures and their communications industries. Credit: 3 semester hours.

3110 Mass Communication: Scandinavia
Prerequisite: COM 1001. Key debates in world communication, as governed by global media infrastructure and policy will be subjected to analysis within economic, political and cultural frameworks of thinking. Topics include globalization, cultural and media imperialism, alternative media, power and propaganda, social media, media cultures, diasporic media and hybridity. Embedded travel is required. Credit: 3 semester hours.

3103 International Communication and Global Development
Prerequisite: Juniors and seniors only. Students will learn how communication plays a central role in global development in a pluralistic society. This course encompasses a broad range of theoretical and historical studies of communication and media, their role in shaping and effecting public policy, and understanding development communication, development of global communication structures; a particular focus will be paid to development media and the inter-relationship between communication and development, and advocacy communication. Credit: 3 semester hours.

3202 Radio Production Workshop
Prerequisite: SPE 1000C and COM 2201. Training in the production of radio programs, commercials and spot announcements. Students learn about writing, producing, editing, sound effects, musical bridges and background music. Laboratory fee: $30. Credit: 3 semester hours.

3292 Publication Graphics
Prerequisite: COM 2290. A course in desktop publishing for journalism majors and public relations students. The course explores the integration of writing, design and the visual elements of brochures, newsletters and magazines. (Cf.: CUS 1104, and COM 3292). Fee: $30. Credit: 3 semester hours.

3294 Web Design and Development
Prerequisite: COM 2290. This course will focus on design strategies developers must consider when creating websites. Topics will include the use of text, color and graphics as they apply to the creation of quality and effective websites. Credit: 3 semester hours.

3296 Multimedia Screen Design
Prerequisite: COM 2290. An introduction to the design and layout of projects and presentations using computers, including the study of color theory and typography. Included is the study of presentations on the computer, titles for video and film, multimedia and interactive screen design, the Internet and preliminary designing of a Web page. Fee: $30. Credit: 3 semester hours.

3402 The Broadcast Representative’s Role in Radio and Television Sales
Prerequisite: MKT 1001. Discusses the broadcast representative’s role in place radio and television ads. Topics include research, marketing, computer applications, programming, and contractual relationships. Credit: 3 semester hours.

4600 Individual Research: Topic in Communication
Prerequisite: Permission of the Chair. Individualized independent study. Under the guidance of a faculty member, students pursue an in-depth study of the communications field or participate in a communications production project. Credit: 1, 2, and 3 semester hours.

4601 Current Issues in Communications
Prerequisite: Juniors or seniors who have completed a minimum of 18 credit hours of CAS, have a cumulative GPA of 3.0 or higher and the permission of the Director or the Chair of the Division of Communications, Journalism and Media Studies. An examination of prevailing issues of importance in communications. Specific topics vary and are based on current industry concerns. Credit: 3 semester hours.

4620 Senior Capstone Course in Communication Arts
Prerequisites: COM 1001, COM 2600 and Senior Status. In this independent study, students produce a thesis or project as the culminating experience of their undergraduate careers. Students apply knowledge from communication arts to examine a scholarly issue in media studies. Designed with a faculty advisor, the capstone showcases verbal and written communication proficiency, exhibits critical skills acquired throughout the program, and frames future career and advanced academic opportunities. Credit: 3 semester hours.
4701, 4702, 4703 WSJU Radio Practicum
Prerequisite: Permission of the Faculty Moderator. Active members of the campus radio station, WSJU, develop their own radio project under the guidance of the station moderator. Credit: 1, 2 and 3 semester hours.

4704 Communication Arts Practicum
This communication arts course involves the practical application of theories, concepts, and critical thinking, writing, and oral presentation skills learned in the classroom. The focus is on obtaining practical learning experiences in communication-oriented departments on campus that help to prepare students for future industry work experiences. Credit: 1 semester hour.

4706 Communication Arts Practicum
This communication arts course involves the practical application of theories, concepts, and critical thinking, writing, and oral presentation skills learned in the classroom. The focus is on obtaining practical learning experiences in communication-oriented departments on campus that help to prepare students for future industry work experiences. Credit: 3 semester hours.

5001 Communications Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional communications organization. Open to juniors and seniors only. Credit: 3 semester hours.

5002 Communications Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional communications organization. Open to juniors and seniors only. Credit: 3 semester hours.

5003 Communications Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional communications organization. Open to juniors and seniors only. Credit: 3 semester hours.

5004 Communications Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional communications organization. Open to juniors and seniors only. Credit: 3 semester hours.

7000 Communications in New York
Through field trips, this course explores media in NYC, including the newspapers, magazines, radio and TV stations; advertising and public relations agencies; and film studios. Credit: 3 semester hours. Free elective credit only. Laboratory fee: $60. Intersession.

8001 Mass Media in Russia
This study abroad course examines history, politics, structure, business and content of mass communication and media industries in Russia. During the course, students will contrast and compare mass media in the former Soviet Union and in the present Russian Federation with that of the United States. Credit: 3 semester hours.

8002 Mass Communication in Italy
This course examines the role of mass media as related to culture, politics and education in Italy. It will also explore contemporary developments of mass communications, their technologies and their impact on Italian society. Credit: 3 semester hours.

8006 Media, Culture and Communication: France
France has a rich cultural history and dedicated institutions that provide opportunities to study culture, media and communication. Paris is home for UNESCO, numerous museums and media institutions; it provides resources to study how culture is integral to media development, and how public policies are being shaped. This study abroad course examines the developments of media, and communication through historical and cultural lenses. It will also focus on learning how culture is communication and communication is culture, and the role of media on the intersection of both. Credit 3 semester hours.

8008 Mass Communication in Spain
This course will examine the role of mass media as related to culture, politics and education in Spain. It will also explore contemporary developments of mass communications, media technologies and their impact on Spanish-speaking countries. Credit: 3 semester hours. (Planned for summer, 2016)

8009 Communications in California
This “study away” course allows an opportunity to meet professionals in communication industries and to visit sites of activity in the worlds of film, broadcast, print media, public relations, advertising, animation, videogames, internet, and other new media. Credit: 3 semester hours. Intersession.

Computer Science (CUS)

1101 Introduction to Computer Programming
Basic principles and operations of a computer system. The Visual Basic programming language; data representation; input/output; structured program design. (Not open to computer science or electronic data processing Majors). Credit: 3 semester hours. CSC 1000 (SI)

1102 Software Applications
Investigation of the computer as a tool; computer concepts and the use of productivity software; using a word processor; creating and using electronic spreadsheets; databases and database management systems. (Not open to students who have completed CUS 1107 or 1165.) Credit: 3 semester hours.

1103 Spreadsheet and Database
Prerequisite: CUS 1102. Comprehensive analysis of electronic spreadsheet and database software, including concepts and applications. Credit: 3 semester hours.

1104 Presentation Graphics
Concepts and applications of presentation graphics packages; graphics capabilities of spreadsheets and databases; hypertext presentations; Computer Assisted Instruction; associated hardware concepts including image scanners, digital film recorders, laserdiscs, CD-ROMs, TV Center graphics equipment. Credit: 3 semester hours.

1107 Computer Applications in the Law Office
Prerequisite: LES 1100. Introduction to word processing and software applications used in the contemporary law office. Specific applications include drafting and editing documents, document and file management, use of data bases for litigation support, time accounting and billing, docket control, calendar management, forms generation and general ledger. Credit: 3 semester hours.

1109 Computer Science and Wall Street
Survey of computer science techniques that have a demonstrated value in the financial community for use in decision-making. Topics are drawn from artificial intelligence, operations research, econometrics and financial statement analysis. Credit: 3 semester hours.

1110 Introduction to Data Analytics
An introduction to data acquisition and analysis focusing on the impact of big data on business decision making, digital marketing, risk and fraud management, healthcare, financial services, social media, and social networks. Basic tools of big data analysis, predictive analytics, and business intelligence will also be covered. Credit: 3 semester hours.

1115 Computer Programming Fundamentals I
Introduction to computer programming concepts and applications using a current, object-oriented programming language. Credit: 3 semester hours.

1116 Computer Programming Fundamentals II
Prerequisite: CUS 1115. An intensive treatment of programming techniques, algorithmic problem solving, and software design. Topics include fundamental data types, objects and classes, control structures, arrays, and object-oriented design. Credit: 3 semester hours.

1123 Assembler Language
Prerequisite: CUS 1116. This course examines the architecture and instruction sets of microprocessors. Topics include: instruction types; indexing; addressing; arithmetic operations; branching and control instructions. Credit: 3 semester hours.
1126 Introduction to Data Structures
Prerequisite: CUS 1116. Introduction to data structures concepts, including lists, stacks, queues, and trees using Java. Students will learn how to implement algorithms to perform specific tasks such as sorting and searching, and will also explore the use of graphical user interfaces. Credit: 3 semester hours.

1131 Business Data Management
Prerequisite: CUS 1126. Sequential file creation, processing and updating; data editing and report generation, sort and search routines; string processing, subprograms and table processing. Real-time business applications. Credit: 3 semester hours.

1145 Unix Operating System
Prerequisite: CUS 1126. Fundamentals of the UNIX operating system; managing files, redirecting, filtering and piping; Korn shell features; controlling processes, connections to network services. Credit: 3 semester hours.

1147 Introduction to Information Technology
Basic principles of Information Technology including the principles of computer operation, digital data representation, programming principles and fundamentals, the applications software development process, systems analysis, database systems, networking principles, cyber security, Web design and development fundamentals and the human-computer interaction process. Credit: 3 semester hours.

1148 Introduction to XML
Prerequisite: CUS 1126. A review of XML source documents, Document Type Definitions, XSD Schemas, XSLT (the XML transformation technology), XPath, XML Web services (includes UDDI, WSDL Contracts, and DISC Advanced C#.NET Programming and Web Service). Credit: 3 semester hours.

1151 Advanced Data Structures and Algorithms
Prerequisite: CUS 1126. Dynamic data structures: stacks, queues, tables, trees, graphs, priority queues, heaps and objects; searching techniques and sorting methods. Credit: 3 semester hours.

1153 Survey of Languages
Prerequisite: CUS 1126. Concepts and applications of the LISP programming language; language definition and structure; storage allocation; control. Credit: 3 semester hours.

1154 Event-Driven Programming
Prerequisite: CUS 1126. Fundamentals of event-driven programming and application development: user interface design; programming with objects; accessing data; working with graphs; programming with components. Credit: 3 semester hours.

1156 Software Design Methods
Prerequisite: CUS 1126. Intermediate software design in an object-oriented environment. Students will learn effective software design and development methods, including test-driven development, object-oriented design, the role of concurrency, and the use of frameworks and design patterns. Credit: 3 semester hours.

1159 Advanced C#.NET Programming and Web Services
Prerequisite: CUS 1126. A review of the Microsoft.NET Framework 3.0; fundamentals of the C# programming language; an in-depth review of classes, data types, keywords, inheritance and polymorphism; operator overloading, structs and interfaces, object-oriented programming strings and regular expressions, exception handling, event-driven programming, and properties. Credit: 3 semester hours.

1161 Logical Design
Prerequisite: CUS 1126. Basic logic design; combinational and sequential circuits; Boolean Algebra; minimization techniques for completely and incompletely specified problems; introduction to computer architecture. Credit: 3 semester hours.

1162 Computer Architecture
Prerequisite: CUS 1126. Hardware design of a computer system, register transfer, micro operations, timing and control, CPU organization, ALU design, I/O organization and interrupts, bus organization, memory organization, parallel, vector and pipeline processors, fault-tolerant systems, tessellated computers and case studies of non-conventional computer architectures. Credit: 3 semester hours.

1163 Operating Systems
Prerequisite: CUS 1126. Aspects of operating systems; memory management and resource allocation; virtual memory, paging and segmentation; multiprogramming; scheduling; interrupt handling; thrashing, deadlock detection and prevention; cache memory. Credit: 3 semester hours.

1164 Compilers and Program Translation
Prerequisite: CUS 1126. Compiler construction; symbol tables; lexical scanning, syntax analysis; memory allocation; object code generation; optimization techniques; interpreters. Credit: 3 semester hours.

1165 Database Management Systems
Prerequisite: CUS 1116. Relational, hierarchical, and network database systems; file organization and access techniques; query and update languages; database security and integrity. Credit: 3 semester hours.

1166 Software Engineering
Prerequisite: CUS 1156. Issues and techniques in the design and implementation of complex computer systems with emphasis on the software component. Topics include software project planning, software design principles, quality assurance and testing techniques. Credit: 3 semester hours.

1167 Systems Analysis
Prerequisite: CUS 1126. Design and evaluation of systems. Topics include: information as a resource, types of information systems, systems development life cycle, economic aspects of systems selection, and feedback control. Credit: 3 semester hours.

1168 Theory of Programming Languages
Prerequisite: CUS 1126. The role of programming language in the software life cycle. Topics include data abstraction, binding time, activation stack, parameter passing mechanisms, strength of typing, and type equivalence. Credit: 3 semester hours.

1169 Web Enabled Databases and ASP. NET
Prerequisite: CUS 1165 or HCI 1021. An introduction to web-enabled databases and web services programming utilizing the services of ASP.NET 2005, the .NET Framework 2.0, C#.NET, and Active Data Objects (ADO.NET). Students will learn about ASP.NET events, server-side controls, both basic and advanced controls. Tracing, debugging, and error handling in ASP.NET is examined. Students also learn to apply the fundamental concepts of Web Data Access, while interacting with databases and XML files. Additionally, Application Logic and Configuration focuses on deployment using XML Config files. Credit: 3 semester hours.

1171 Distributed Systems
Prerequisite: CUS 1126. An introduction to the concepts and design principles used in distributive computer systems. Topics will include data currency, distributive file systems, security, interprocess communications, directory services, job transfer and management, and fault-to-tolerance. Credit: 3 semester hours.

1172 Web Development
Prerequisite: CUS 1116 and CUS 1165. An introduction to designing and programming web pages. Topics will include elements of HTML, graphics, tables, frames, forms, CGI Scripts and JavaScript applications. Additional related topics will be explored as they become popular Internet authoring tools. Credit: 3 semester hours.

1173 Dynamic Web Page Development
Prerequisite: CUS 1172. A second course in designing and programming web pages. Topics will include JavaScript objects, the theory and history of DHTML, controlling the placement and appearance of objects on a web page, dynamic content and styles, image object properties and event handlers, and cross-browser web page design. Additional related topics will be explored as they become popular Internet authoring tools. Credit: 3 semester hours.
1174 Artificial Intelligence
Prerequisite: CUS 1126. Study of the automation of intellectual processes. Topics include: heuristic methods of problem solution, game-playing programs, expert systems, automatic theorem-proving. Credit: 3 semester hours.

1176 Electronic Commerce
Prerequisite: CUS 1116. An examination of current and projected developments in electronic commerce. Topics include the information technologies upon which electronic commerce is based; telecommunications infrastructure; electronic consumers and advertising; the effect of e-commerce on logistics and supply chain management; electronic financial markets and digital payment mechanisms; security issues such as authentication and payment in e-commerce; introduction to symmetric and public-key encryption; digital signatures and certificates; Secure Sockets Layer (SSL), Transport Layer Service (TLS), and secure electronic payment protocols. Credit: 3 semester hours.

1178 Service-Oriented Architecture, Technology, and Design
Prerequisites: CUS 1148, CUS 1159, 1165, 1169. An intensive introduction and review of the evolution of Service-Oriented Architecture and Web Services. Utilization of the services of XML, SOAP, WSDL, the .NET Framework, and J2EE. Interoperability between diverse platforms, systems, and programming languages. Credit: 3 semester hours.

1179 Data Mining
Prerequisite: CUS 1165 or HCI 1021, MTH 1014. Introduction to the analysis of databases for relationships, patterns, and trends. Both visualizing data and developing graphical representations of data will be stressed. Students will learn to select, prepare, visualize, analyze and present data findings that lead to the discovery of novel and actionable information. Credit: 3 semester hours.

1181; 1182 Operations Research I and II
Prerequisite: CUS 1126 for CUS 1181, MTH 1009 and 1013. Probability; stochastic processes; Markov chains; queuing theory; inventory theory; linear programming; duality; assignment and transportation problems; game theory. Credit: 3 semester hours.

1183 Simulation
Prerequisite: CUS 1126. Generation of random numbers and variates; queuing theory and stochastic processes; computer modeling and simulation of systems, with applications in selected areas. Credit: 3 semester hours.

1185 Data Security and Cryptography
Prerequisite: CUS 1116. Methods for maintaining security and integrity of computer data; mathematical treatment of contemporary topics in cryptography; overview and selected topics in data security. Credit: 3 semester hours.

1186 Theory of Computation
Prerequisite: CUS 1126. Fundamentals of theoretical computer science: computable functions; primitive recursive functions and predicates (PRC classes); the halting problem, Godel numbers and pairing functions; recursively enumerable sets; universality; Post-Turing programs; simulations; Turing Machines. Credit: 3 semester hours.

1187 Finite Automata and Formal Languages
Prerequisite: CUS 1126. Deterministic and non-deterministic finite automata; regular languages; Kleene’s Theorem; context-free grammars and languages; derivation trees; regular grammars; bracket languages; pushdown automata; compilers and formal languages. Credit: 3 semester hours.

1188 Analysis of Algorithms
Prerequisite: CUS 1126. Analysis of the performance of algorithms. Topics covered include analyzing the efficiency of algorithms, sorting and searching algorithms, graph algorithms, dynamic programming, probabilistic algorithms, introduction to complexity. Credit: 3 semester hours.

1191 Computer Science Internship
Prerequisite: Permission of the Director. Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in computer science. Credit: 3 semester hours.

1192 Computer Science Internship
Prerequisite: Permission of the Director. Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in computer science. Credit: 6 semester hours.

1194 Special Topics in Computer Science
Prerequisites: CUS 1126 and the permission of the Director. Selected topics from recent advances in computer science and technology. Course content will vary from year to year. Students must be juniors or seniors to register. Credit: 3 semester hours.

1196 Individual Research: Topics in Hardware
Prerequisite: CUS 1126 and the permission of the Director. This course is designed to provide individualized independent study in microcomputers. Under the guidance of a faculty member, the student pursues an in-depth study of a recent development in the microcomputer field. A research paper is required. Credit: 1 semester hour.

1197 Individual Research: Topics in Software
Prerequisite: CUS 1126 and the permission of the Director. This course is designed to provide individualized independent study in computer software and applications. Under the guidance of a faculty member, the student will pursue an in-depth study and implementation of some software application that was not already studied in the work of other courses. A research paper is required. Credit: 1 semester hour.

1198 Computer Science Internship
Prerequisite: Permission of the Director. Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in computer science. Credit: 3 semester hours.

Criminal Justice (CRJ)
(Queens, Staten Island)

2000 An Introduction to the Criminal Justice System
This course surveys the American criminal justice system and addresses the individual elements of the justice process. Topics covered in this overview course include: the police service, the courts, correctional services, the development of laws and public policies, and pressing issues facing the criminal justice system. The course also addresses the United States Constitution with respect to criminal justice administration. Credit: 3 semester hours.

2001 Theories of Crime
This course examines the problem of crime in contemporary society. Theories and explanations of criminal behavior are analyzed in detail, along with the range of activities that are defined as crimes. SOC 1110 (It is recommended that students take this course and CRJ 2000 during the same semester.) Credit: 3 semester hours.

2002 The Police and the Community
Prerequisite: CRJ 2000. This course traces the history of American policing and examines a variety of innovative police models used across the United States. Credit: 3 semester hours.

2003 The American Judicial System
Prerequisite: CRJ 2000. This course traces the history of both the federal and state courts and examines the roles of the prosecutor, judge and defense attorney. Credit: 3 semester hours.

2004 American Correctional Systems
Prerequisite: CRJ 2000. This course examines the history and development of both institutional and community-based correctional models. Credit: 3 semester hours.

2006: Introduction to Cybercrime
This course will provide essential information on the types of crimes classified as cybercrimes. It will outline the emerging area of crime and examine the implications for victims, offenders, and the criminal justice system. A major component of the course will be a focus on the approaches and techniques used to perpetrate such crimes. Credit: 3 semester hours.

2007 Crime Scene Investigation
This course will introduce students to the basic scientific techniques applied in crime scene investigation. Emphasis will be placed on crime scene protection and the development, collection, packaging, and processing of physical evidence found at the crime scene. The writing of evidence reports and preparation for testifying in court will also be major focuses of the course. Credit: 3 semester hours.
2009 Crime Mapping
This course will introduce students to the use of geographical information systems to conduct spatial analysis of crime and other events. Focus will be on creating maps to display analysis results. Students will learn the theoretical framework, analytic procedures, and skills necessary to study, design, and implement crime prevention programs using crime mapping techniques. Credit: 3 semester hours.

3000 Professional Ethics in the Criminal Justice System
Prerequisite: CRJ 2000. This course explores the ethical issues confronting the criminal justice practitioner. Credit: 3 semester hours.

3001 Public Policy and Criminal Justice
This course explores the development and implementation of criminal justice policy in the United States. Credit: 3 semester hours.

3002 Minority Groups and the Criminal Justice System
An intensive study of ethnic, racial and religious minorities and the criminal justice system. Credit: 3 semester hours.

3003 Women and the Criminal Justice System
The emerging status of women in contemporary society has been accompanied by a dramatic rise in the overall participation of women in the criminal justice system. Credit: 3 semester hours.

3004 Victimology
The study of the nature and causes of victimization, including the interaction that takes place between the offender and victim. Credit: 3 semester hours.

3005 Contemporary Social Problems in the Criminal Justice System
Social problems such as violence, substance abuse, race and ethnic relations and suicide are explored with specific attention given to how these issues impact on the criminal justice system. Credit: 3 semester hours.

3006 Research Methods in Criminal Justice
Prerequisite: CRJ 2000. This course will introduce the research methods used in criminal justice and criminology. Emphasis will be on the logic, design, and execution of the research process, including the development of researchable questions and/or hypotheses, collection and analysis of data, and writing of a scientific report. Special attention will be given to the use of computers in the research process. Credit: 3 semester hours.

3008 Hostage Negotiations and Crisis Intervention
Prerequisite: CRJ 2000 or approval of the Director. The course will deal with criminal justice organizations and their role in dealing with critical and crisis situations as well as hostage negotiations. Students will review literature and have opportunities to role play types of behaviors and psychological pressures both on the subject of the act as well as the criminal justice agency personnel.

3100 Police Organization and Management
This course examines the organizational design of the contemporary police service and the delivery models used to serve the public. Credit: 3 semester hours.

3101 Criminal Investigation
An examination of the steps leading up to the decision to take a suspect into custody. Credit: 3 semester hours.

3102 Forensic Psychology
An exploration of the behavioral techniques employed in the criminal justice field. Relevant illustrations from law enforcement and corrections are employed. Credit: 3 semester hours.

3103 Introduction to Forensic Science
Prerequisite: CRJ 2000. A course designed to demonstrate and examine physical evidence relevant to criminal or civil investigations. Credit: 3 semester hours.

3104 Modern Investigation and Protection Technology
Contemporary developments in scientific devices and techniques that relate to the fields of security, safety and investigation. (Cf.: HCS 1007.) Credit: 3 semester hours.

3105 Juveniles and the Criminal Justice System
The etiology of juvenile delinquency including contemporary techniques in rehabilitation. Credit: 3 semester hours.

3106 Drug Use and Abuse
An analysis of the current use and abuse of drugs in contemporary society. The problem of crime and its relationship to drugs is studied. Credit: 3 semester hours.

3107 Organized Crime
An analysis of organized crime in contemporary society—its extent and influence. Credit: 3 semester hours.

3108 International Terrorism
Prerequisite: CRJ 2000 or HCS 1001. A study of the history and causes of the multinational phenomenon of terrorism. Credit: 3 semester hours.

3109 Forensic Fire Investigation
This course presents essential knowledge for conducting a forensic fire investigation. It describes the elementary chemistry of combustion and the factors that control fire behavior, including why fire behavior is not precisely predictable. It discusses the fundamental properties of liquid, gaseous and solid fuels as well as electrical, clothing (fabric), hazardous material and vehicular fires and explosions. Credit: 3 semester hours.

3110 Forensic Fire Scene Reconstruction
This course presents a methodology for determining the origin, cause and liability of a fire. It involves the identification of a variety of variables common to the fire scene that help establish human activities. The information, placed in context with principles of fire engineering and human behavior, is used to reconstruct the fire scene and evaluate all investigator hypotheses. Credit: 3 semester hours.

3112 Reading and Interpretation of Legal Documents
Prerequisite: Eng 1000C and 1100C. An intensive study in the analysis of legal documents. Credit: 3 semester hours.

3113 Penal Law
An examination of the penal law of New York State. Credit: 3 semester hours.

3114 Criminal Procedure Law
An analysis of the criminal procedure law. Credit: 3 semester hours.

3115 The Criminal Justice Adversary System
An in-depth examination of the functions, responsibilities and authority of the criminal justice practitioners in the criminal adversary process. Credit: 3 semester hours.

3116 Law of Evidence
A study of the law of evidence, including the statutory and common-law foundations governing the admissibility of evidence in state and federal courts. Credit: 3 semester hours.

3117 Cybercrime and the Law
Cybercrime and Law will examine the federal and state laws that address cyber crime and computer intrusion. The focus will be on the key legal issues raised by cyber crimes, as well as the skills needed to understand the constantly evolving cyber law concepts. Among the topics to be addressed are protection of computer software, information access and control, privacy and security. The course will explore specific problems in applying the law to cyberspace in a variety of areas, including content control, and the bounds of jurisdiction. Credit: 3 semester hours.

3118 Cybercrime Investigation
This course is designed to provide students with the basic philosophical understanding of the cybercrime investigative process. The new and emerging investigative techniques available to investigate these crimes will be examined. Emphasis will be on the entire investigative process where the consistent flow of information facilitates the application of different scientific methodologies. Topics to be covered include crime scene processing, identification, preservation, collection of physical evidence, and the presentation of digital evidence in court. Credit: 3 semester hours.
3120 Probation and Parole
A study of extra-institutional supervision of convicted offenders. Pre-sentence investigation, case-load classification and success prediction. Credit: 3 semester hours.

3121 Corrections Law
Prerequisite: CRJ 2000. A survey of legal rights of those convicted and sentenced to prison. Credit: 3 semester hours.

3122 Constitutional Law
Prerequisites: CRJ 2000 or HLS 1001 or HLS 1003 or LES 1100. This course offers a survey-level examination of the U.S. Constitution. The history, organization, and authority of the U.S. Government, constitutional civil liberties, and other limitations on governmental powers are discussed. Emphasis is placed upon U.S. Supreme Court decisions. Contemporary constitutional issues, particularly those affecting homeland security, and the criminal justice system are discussed. Credit: 3 semester hours.

3201 American Law Enforcement Practicum
To study and critically examine law enforcement agencies at all levels of government, the role of the law enforcement agent, and the contemporary problems and issues that affect American policing. Credit: 3 semester hours. Free elective only. Intersession and pre-session only.

3202 Justice and the D.A.’s Office
Course explains the functions, powers, duties and career opportunities presently existing in local and national prosecuting agencies, including the county D.A.’s, state attorneys general and the U.S. attorneys. Credit: 3 semester hours. Free elective only. Intersession and pre-session only. (Si)

3204 Crime Mapping Practicum
Through a series of step-by-step exercises, students will be introduced to crime mapping using ARCGIS software. The major focus will be on designing maps and using them for crime prevention and analysis. Credit: 3 semester hours. Intersession and Pre-session only.

3205 Emergency Preparedness, Response and Planning for Hazardous Materials
This course will provide a basic understanding of techniques for in-house or on-site emergency response contingency planning. Students will develop plans that emphasize assessment, equipment requirements, collateral support agreements and actual response. Definitions will be covered which will promote and facilitate discussions concerning planning and response and provide a framework upon which the student can engage in problem formulation. Credit: 3 semester hours.

3206 Terrorism and Emergency Management
The purpose of this course is to investigate the role of emergency management in response to the growing threat of domestic and international terrorism. To achieve this goal the course will define what terrorism is, discuss why politically motivated acts of violence occur, and provide an overview of terrorists groups and their tactics of intimidation and fear. The course will also uncover the effects of terrorism (including those emanating from weapons of mass destruction) and compare how their consequences are both similar to and different than other types of natural and technological disasters. Utilizing recent legislation and policies regarding crisis and consequence management as a framework, the steps that emergency management agencies and others are taking to deal with terrorism are identified. Credit: 3 semester hours.

3207 Emergency Management and Homeland Security Law
This course is designed to provide an overview of homeland security law and policy. Emergency response, emergency management, and terrorism after 9/11 will be discussed. Several topics including the law for first responders, incident management, weapons of mass destruction, volunteers, Governors’ powers, FEMA, Department of Homeland Security, civil rights, and international anti-terrorism efforts will be explored. Credit: 3 semester hours.

3208 Sociology of Disaster
The focus of this course will be on human behavior in a natural and man-made disaster e.g., hurricanes, tornados, earthquakes, floods; and chemical spills, nuclear power plant accidents, riots, etc. Case studies of a number of disasters will be used to illustrate the material discussed. In addition, students will be introduced to the emerging profession of “emergency management and contingency planning” and acquire an understanding of the general precepts of disaster planning. Credit: 3 semester hours.

3209 Computer Applications in Emergency Management
This course provides the student with an introduction to the use of computer technology in emergency management. Spreadsheets, database applications, and electronic communications will be covered. Specific computer programs currently used in use for contingency planning, tracking chemical inventories and response resources, modeling of toxic plumes, and decision making during disasters will be explored. Hazard and risk evaluation will be covered along with attendant hazard identification, vulnerability analysis, risk and consequence analysis. Credit: 3 semester hours.

3210 Fraud in the Public Sector
An examination of the issues of fraud, waste, abuse and corruption in public, nonprofit and other publicly funded organizations from the perspectives of management, law, economics and other social sciences. The individual dynamics that sustain fraud, waste, abuse and corruption within organizations will be explored. The role of organizational culture, control systems and oversight structures in the prevention and detection of public sector fraud will also be reviewed. Credit: 3 semester hours.

3211 Unsolved Murders: Case Study Analysis of Investigative Technique
A review of contemporary unsolved criminal cases where a death has occurred, with particular emphasis being given to the investigative process. Focus will be on conducting qualitative case study analyses, via a detailed review of missing person’s cases, using public records. The investigative processes utilized in each case will be examined. The media attention devoted to each case will also be explored. Credit: 3 semester hours.

4000 Special Topics
This seminar course includes an in-depth examination of current issues and problems in the field of justice administration with topics to be announced by the instructor at the time of registration. (Open only to seniors in CRJ with permission of the Director of the Institute of Criminal Justice.) Credit: 3 semester hours.

4001 Contemporary Legal Issues in Private and Public Protection
An analysis of legal aspects of private and public protection including the major constraints imposed upon security and public safety operations and personnel by the law. (Cf: SEC 1002.) Credit: 3 semester hours.

4102 Forensic Psychology II
A course designed to provide the student with knowledge and expertise relevant to the availability of psychological services to be utilized in criminal and/or civil justice systems. Credit: 3 semester hours.

4104 Criminal Justice Leadership and Services
Prerequisite: CRJ 3100. An in-depth examination of the role and function of leadership practices and theories and services that support the criminal justice system. Credit: 3 semester hours.

4105 Transnational Crime and Criminals
Prerequisite: CRJ 2000. An in-depth study of crimes that cross national borders such as drug smuggling; air and sea hijacking; money laundering; weapons merchants; crime syndicates; environmental crimes; economic crimes. Criminal justice majors only. Credit: 3 semester hours.

4106 Comparative Criminal Justice Systems
Prerequisite: CRJ 2000. A comparison of the criminal justice systems in selected European, African, Middle Eastern, North and South American countries. Credit: 3 semester hours.

4107 Comparative Police Systems
Prerequisite: CRJ 2000. A study of the various typologies and styles of police systems of the world, including their organization, administration, organizational procedures and behavior. Criminal justice majors only. Credit: 3 semester hours.
4108 Criminal Justice Classical Writings
In this seminar for seniors, the classical writings in the field of criminal justice will be analyzed. The original writings from authors such as Cesare Beccaria, Felix Frankfurter, and John Augustus, which pertain to the development of criminal justice legislation, the judiciary, police, corrections, and criminology that have had a major impact on the development of the system, will be read and discussed in relation to contemporary developments in the field. Credit: 3 semester hours.

5000 Criminal Justice Internship
Prerequisite: Permission of the Director of Criminal Justice required. An internship with a selected criminal justice or social agency in the public or private sector. Credit: 3 semester hours.

5001 Investigative Internship
Prerequisite: Permission of Director. Interns are assigned to participate in a specific investigative project currently under study by one of the Inspector General Offices within New York City, or any approved criminal justice or social service agency in the public or private sector. Credit: 3 semester hours.

5002 Internship in Court Administration
Prerequisite: Permission of the Director of the Institute of Criminal Justice. An intensive investigation of a selected project currently under study by the Office of Court Administrator. Credit: 3 semester hours.

5003 Probation and Parole Internship
Prerequisite: Permission of Director. Students involved in this program are assigned to an office of probation in the metropolitan area. Credit: 3 semester hours.

5004 Juvenile Advocacy Internship
Prerequisite: Permission of Director. Student interns are assigned to a juvenile advocacy program, sponsored by an agency in the public or private sector that serves youngsters who are in crisis situations. Credit: 3 semester hours.

5005 International Criminal Justice Internship
Prerequisite: Permission of the Director. An internship course for students pursuing the minor area of study in international criminal justice. The internship student is assigned to an on-site sponsor agency in the private or public sector in the field of international criminal justice. Hours are arranged. Credit: 3 semester hours.

5006 Criminalistics Internship
Prerequisite: CRJ 3103. An internship course for students who are assigned to a sponsor agency in the public or private sector to perform supervised or independent laboratory or field study. (Hours to be arranged and with the permission of the Director of CRJ.) Credit: 3 semester hours.

5200 Seminar in Court Administration
A study of selected topics in court administration, including such areas as case flow management, extra, judicial remedies, judicial selection and discipline, jury management. Credit: 3 semester hours.

5201 Criminal Justice Counseling
This course is a survey of various counseling, interviewing classifying and testing techniques within the criminal justice system. Specific areas will include critical incident debriefing, post traumatic stress disorder, brief psychotherapy and use of community resources. Credit: 3 semester hours.

5202 Criminal Justice Practicum
Prerequisite: CRJ 2000 and the permission of the instructor. This course examines critically the various components of the American criminal justice system at all levels of government, the function and role of the practitioners within these components and the contemporary problems and issues that affect criminal justice. Open to criminal justice baccalaureate students above the freshman level. Credit: 3 semester hours.

5203 Criminalistics
Prerequisite: CRJ 3103. Course focuses on the role of the criminalist in the specializations of serology, trace evidence and document examinations. Credit: 3 semester hours.

6000 Criminal Justice Honors Research
An individualized program of research and readings dealing with contemporary topics in the area of justice administration under the direct supervision of a criminal justice faculty member. Conferences and a research paper are required. Open only to junior or senior criminal justice majors who have at least a 3.2 major index and a 3.0 overall index. Credit: 3 semester hours.

6001 Criminal Justice Honors Internship
Prerequisite: Permission of Director required. An internship with a selected justice administration or social service agency in the public or private sector. Open only to senior Criminal Justice majors who have a 3.5 index in two-thirds of courses completed in the major area (24 credits) and an overall index of 3.3.) Credit: 3 semester hours.

1081 Independent Study
Prerequisite: Permission of the Director of Criminal Justice. Independent study. Under the guidance of a faculty member, student pursues an in-depth study of the criminal justice field or participates in a criminal justice project. Credit: 3 semester hours. Free elective.

Cyber Security Systems (CSS)

1001 Introduction to Information Security
An introduction to the various technical and administrative aspects of information security and assurance. Topics covered include understanding the key issues associated with protecting information assets, determining the levels of protection and response to security incidents, and designing a consistent, reasonable information security system, with appropriate intrusion detection and reporting features. Credit: 3 semester hours.

1005 Fundamentals of Cyber Security
Issues involving hackers, malware, social theories, protocols, firewalls, and intrusion detection will be addressed. The prevention and containment of intrusion incidents, the incident response process, and the forensic examination of a computer will be discussed. Credit: 3 semester hours.

1006 Management of Information Security
Prerequisite: CSS 1005. Information security management logistics, consisting of organizational, process, operational, and technology domains. The main focus will be on the analysis and management of information security systems and their architectures. Credit: 3 semester hours.

1008 Healthcare Information Security
Prerequisite: CSS 1005 or HCI 1001: Introduction to the computer and networking methodologies used within healthcare environments to achieve healthcare privacy and the security of electronic medical records. Credit: 3 semester hours.

1011 Network Security
Prerequisites: CSS 1005 and NET 1011. Network security fundamentals, including network defense, network auditing, psychological approaches to social engineering attacks, Web application attacks, penetration testing, data loss prevention, cloud security, and disaster continuity planning. Credit: 3 semester hours.

1012 Network Perimeter Security
Prerequisites: CSS 1011. An examination of the critical defensive technologies needed to secure network perimeters. The main focus will be on network security threats and goals, advanced TCP/IP concepts, router security, intrusion detection, firewall design and configuration, IPsec and virtual private network (VPN) design. Credit: 3 semester hours.

1015 Wireless Security
Prerequisite: CSS 1011. An understanding of how wireless technology is used to commit crimes will be considered with emphasis on their prevention. The student will have hands-on involvement with common tools used to attack wireless systems in order to recognize and understand how to defend against them. The course will address issues involving hackers, malware, and intrusion detection. Credit: 3 semester hours.
1018 SQL and Cloud Database Security
Prerequisite: CUS 1005 and CUS 1165. Techniques and industry accepted methodologies for achieving database security, with emphasis on essential best practices in cloud and Big Data security. Various security breaches related to web attacks, SQL injection, and Cross Site Scripting (XSS) will be analyzed. Credit: 3 semester hours.

1021 Cyberlaw and Ethics
Prerequisite: CSS 1005. An introduction to legal protection of identities, properties and privacy in the real time environment. All current Federal and International laws will be studied. Credit: 3 semester hours.

1025 Intermediate Linux and UNIX Security
Prerequisites: CSS 1011, CUS 1145: An examination of the principal methods for maintaining the security and integrity of the UNIX and Linux operating systems. Credit: 3 semester hours.

1032 Cyber Threats and Detection
Prerequisite: CSS 1011. An examination of protocols, scanners, rootkits, trojans, worms, and viruses as they are used in the commission of a network intrusion. An overview of the prevention and containment of an intrusion incident as well as the methodology of the incident response process will be presented. Credit: 3 semester hours.

1091 Computer Security Systems Internship
Prerequisite: Permission of the director. Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in computer security systems. Credit: 3 semester hours.

Digital Forensics (DFR)
(Queens)

1001 Introduction to Digital Forensics
A study of the methods used in computer forensics. Topics include file structures, boot processes, computer forensic tools, digital evidence controls, data acquisition, computer forensic analysis and image file recovery. (Cf: CSS 1031.) Credit: 3 semester hours.

1002 Network Forensics
Prerequisite: DFR 1001. Fundamentals of computer networking and the layered protocol architectures, detection and prevention of intrusion and attack, digital evidence collection and evaluation, and the legal issues involved in network forensic analysis. Documented cyber crimes and intrusion records will be used as case studies. The course emphasizes both the conceptual models and the hands-on experience of using tools with the Internet and the Web browsers as the underlying media. Credit: 3 semester hours.

1005 Management of Digital Evidence
Prerequisite: DFR 1001. A study of the methodology used to handle and capture digital evidence in a legal manner. The course examines where digital evidence can be located, how it should be preserved free from contamination, how it may best be analyzed, and how to present it in statements, affidavits, and court proceedings. Credit: 3 semester hours.

1011 Advanced Computer Forensics
Prerequisites: DFR 1001 and CSS 1005. Identification and preservation of digital evidence via advanced techniques applied to various operating systems, including those on mobile devices, Linux, Macintosh, and virtual environments. Topics include: file structure, boot process, computer forensic tools, digital evidence controls, data acquisition, metadata analysis, registry analysis, and image file recovery. Credit: 3 semester hours.

1015 Digital Incident Response and Crisis Management
Prerequisites: DFR 1001 and CSS 1005. Techniques used to prepare for and execute a proper digital incident response involving corporate or governmental organizations. Topics include contingency planning, how to profile an intruder’s digital fingerprints, proper identification of digital evidence, and deploying of appropriate resources during a major network intrusion investigation. Credit: 3 semester hours.

1021 Malware Analysis and Reverse Engineering
Prerequisites: DFR 1001, CSS 1011 and CUS 1116. Concepts and techniques that will prepare students to become effective malware analysts. Topics include basic malware characteristics and propagation, attack vectors, and reverse engineering of malware from multiple sources using programming languages such as JavaScript and VBScript. Credit: 3 semester hours.

1031 Forensic Investigation of Wireless Networks and Mobile Devices
Prerequisite: DFR 1011. Methods of identifying, tracking, and apprehending cyber criminals who utilize wireless networks and mobile devices such as PDA, iPod, iPhone, Android, and Blackberry to commit cybercrimes. Students will learn how to collect and process evidence in a forensically sound manner, and will gain hands-on experience working with case studies. Credit: 3 semester hours.

Digital Media Design (DMD)

DMD 1001 Principles of Digital Media Design
Presents the critical history, tools, and professional practice techniques used in digital media design. Students engage in the use of design research, strategy, and proposal writing to develop solutions to digital communication problems. Critical aspects of project planning, client consulting, and creative problem solving are applied in developing course projects. The historical roots of digital media design and modern media works are explored and critically discussed. Credit: 3 semester hours.

DMD 2100 Digital Publishing and Print Design
The tools and professional practice techniques used in publication design and digital media publishing are explored in this laboratory course. Students engage in the use of design research and creative development techniques to design short editorial publications, digital images, and illustrations for digital and print delivery. Critical aspects of project planning, client consulting, and creative problem solving are applied in developing course projects. Publishing workflows, e-book development, raster and vector images, prepress requirements, and professional output technologies are examined and executed. Credit: 3 semester hours.

DMD 2200 Advanced Digital Publishing and Print Design
This laboratory course presents advanced principles and practices used in print media publishing. Students engage in the use of design research and creative development techniques to design long form editorial publications, advanced digital image development, and advanced editorial illustrations. Project planning, client consulting, advanced publication design, and creative problem solving are applied in developing course projects. Publishing business practices, freelance strategies, digital workflows, prepress requirements, and professional output technologies are examined and executed. Credit: 3 semester hours.

DMD 3100 Interactive Multimedia Design
This laboratory course presents principles and practices used in interactive multimedia design. Students engage in the use of design research, multimedia based tools, and creative development techniques to design interactive digital media projects including UI/UX portals and web apps. Instruction includes producing projects with sound, interactive controls, 2d animation & motion graphics, and short video clips. Credit: 3 semester hours.

DMD 3200 Web and Mobile Design and Development
Presents principles and practices used in website design and mobile application development in a laboratory course. Students
engage in the use of design research, UI/UX, multimedia based tools, web programming, and CSS to create web and mobile based sites and apps. Instruction includes producing websites, micro-sites, and web advertising. Credit: 3 semester hours.

DMD 3300 Advanced web and Mobile Design and Development
This principles and practices used in CSS driven website design and basic Actionscript Programming are explored in this advanced laboratory course. Students engage in the use of design research, UI/UX, multimedia based tools, Flash Development, and CSS to create web and mobile based applications. Instruction includes producing websites and creating dynamic web applications. Credit: 3 semester hours.

DMD 4800 Digital Media Senior Project
Provides major and minor students the opportunity to develop a comprehensive digital media project that incorporates conceptualization, research, prototype design, evaluation, and final delivery of a multi-faceted project. Final work will be displayed in a public exhibit. Credit: 3 semester hours.

DMD 4900 Digital Media Portfolio Seminar
Major and minor students develop a digital media industry specific resume and cover letter and a comprehensive digital media portfolio/ reel in print and web formats. Credit: 3 semester hours.

DMD 5001-3 Digital Media Internship
Major and minor students work in an external setting to complete design and industry research and digital media projects under the guidance of an industry professional. Credit: 3 semester hours.

Dramatic Arts (DRM)

1200 Introduction to Acting Technique
This course will introduce students to the “actor’s process,” with concentration on the actor developing the basic skills of imagination, focus, sensory awareness, expressiveness and working collaboratively with fellow actors. Special emphasis will be given to internal and external demands of a performance, including the actor being aware of his or her emotional and physical habits which could occlude a performance. Students will be expected to prepare and perform monologues and scenes, and the class will culminate with the actor performing a scene with a fellow actor before an invited audience. Credit: 3 semester hours.

1505 Actors on Film: Silent Era to Contemporary Cinema
An examination of the birth of the American motion picture industry from 1894 to the coming of sound. The Silent Film is studied as a “popular art” with emphasis placed on aesthetic development. Credit: 3 semester hours.

2200 Intermediate Acting Technique
Working in a studio setting, students will sort through the creative and theoretical challenges actors face in developing honest and persuasive performances for both the stage and camera. The first half of the course will be devoted to students honing their creative and professional skills by working collaboratively with their fellow actors in groups of two or more. The second half of the course will concentrate on students making the transition from the stage to the camera, first by way of monologues then in scenes. As part of this process, students are expected to direct and block their performances for the camera, understand on-camera terminology, specific angles and framing, and how an on-camera performance differs from one prepared for the stage. Finally, students should be continuously crafting their creative techniques for performing, developing their artistic and theoretical philosophy of acting, and demonstrating a critical eye for how to “read” a performance. Credit: 3 semester hours.

2236 Post Colonial Drama
The theater has had a long history of confronting the historical, geographical, aesthetic, social, and economic structures that colonization has imposed. Lectures will unpack how the Postcolonial drama has examined the phenomenon of colonized self, and how many modern societies identify themselves. Emphasis throughout the semester will be on assessing the didactic and allegorical drama, and the challenges each presents a performance. Credit: 3 semester hours.

2237 Political Theater
Political theatre confronts those governing politics that are central to defining the “Oppressor” and the “Oppressed” as a way to encourage audiences to question their own beliefs about the societies in which they live. Throughout the semester, lectures will examine selected playwrights who have confronted the political and social attitudes of particular epoch, while performances will work through the difficulties of staging such dramas. Credit: 3 semester hours.

3200 Acting For Film
(Prerequisites: DRM 1200, TVF 2202) This course will build upon the acting techniques and on-camera performance skills learned in Introduction to Acting Technique and Television Performance with greater emphasis on the actor’s capacity to deconstruct and interpret a character, script analysis, directing and acting for the camera with a focus on the language of film. Students will also study acting as a social and ethical exercise toward understanding groups and individuals. Laboratories will concentrate on the actor’s ability to develop a relationship to the dramatic text, his or her character, and the willingness to explore the scope of human emotions that ultimately influence a performance. A survey of Stanislavsky’s “The Method” and Sanford Meisner, Lee Strasberg, Jerzy Grotowski (among others) will also be covered. Credit: 3 semester hours.

3300 Playwriting
This course is designed to expand the actor’s creative and critical understanding of performance by teaching him or her to write for the stage. Through the reading of plays, class workshops and collaboration with his or her fellow actors, students will sort through the artistic, theoretical and professional challenges of developing and writing an original one-act play for public exhibition. Credit: 3 semester hours.

4200 Directing the Play
Designed to expand upon the work completed in DRM 3300 Playwriting by staging the original one-act play written for that class for a public performance. This will be a semester-long process that will have students will sort through the artistic, theoretical, and professional challenges of staging a dramatic work for the stage. Credit: 3 semester hours.

Economics (ECO)

(Queens, Staten Island)

1001 Principles of Economics I
Introduction to the fundamentals of the economic system. The “macroeconomic” approach to employment, prices and economic stability. Credit: 3 semester hours.

1002 Principles of Economics II
Microeconomic analysis involving relative price determination in individual product and factor markets. Selected topics: problems of monopoly, trade and efficiency. Credit: 3 semester hours.

1003 Elementary Money and Banking
Prerequisite: ECO 1002. A survey of the principles of money and credit. Credit: 3 semester hours.

1006 Personal Finance
A study of the techniques of personal financial management, including the financial considerations involved in the acquisition, preservation and disposition of real and personal property. Open to baccalaureate students only. Credit: 3 semester hours.

1011 Development of American Business Enterprise
Prerequisite: ECO 1002. A survey of the forces contributing to the development of American business enterprise, culminating in the growth of multinational corporations. Special focus is on the diverse and evolving forms of market structure, behavior and industry life cycles. Open to baccalaureate students and A.S. business majors (except accounting). Credit: 3 semester hours.

1015 Economic History of the Western Community
Evolution of the Western economic system from the middle of the 16th century to the present: the agricultural revolution, impact of technological change, organization of trade and commerce, the diffusion of international
1022 International Economics
Prerequisite: ECO 1001. An introductory study of theories and issues of international trade, commercial policies, tariff and other trade restrictions, foreign investment and multinational corporations, foreign exchanges and balance of payment adjustment, international financial institutions and systems, and regional trade organizations. Open only to baccalaureate students. Credit: 3 semester hours.

1027 Economic and Financial Institutions in Europe
Prerequisites: ECO 1001, 1022. A survey of the economic and financial institutions of the nations of Europe, with particular emphasis on how they interface with the Common Market. Money and capital markets are considered, along with industrial, agricultural, and trade practices and policies. Credit: 3 semester hours.

1050 Financial institutions of the European Union
This course is designed to acquaint the student with the types and functions of financial institutions within the Union. The institutions studied will be the European Central Bank, the European Investment Bank, and the European Investment Fund. The goals of the European Bank for Reconstruction and Development will also be studied. The role of the Court of Auditors will also be examined, as will the aims and the tools of FIN-NET, the Cross-border Out-of-Court Complaints Network for Financial Services Disputes Settlement System. This course is offered exclusively online. Credit 1 semester hour.

1060 Making Sense of Market Data and Economic Indicators
Prerequisite: ECO 1001. Designed to introduce economic indicator analysis, this course will examine where the economy is in the business cycle and place each indicator in a framework offering better understanding of the seemingly contradictory market reactions to released indicators. It will provide skills for interpreting and reporting on government and corporate data and critically analyze news and data from financial and economic news sources. Credit: 3 semester hours.

1061 Financial Services Regulations
Prerequisites: ECO 1001, and BLW 1001 or 1005). Financial Services Regulation examines the banking and financial services industries, including studies of the most highly regulated functions of banks and other financial firms, the reasons for regulating each of the key areas or functions, the agencies regulating the industries, and the regulations relating thereto. The primary goal of the course is to familiarize students with current financial services regulation from enforcement and compliance perspectives. Credit: 3 semester hours.

1065 Current Issues in Fashion
The many issues currently impacting the fashion industry will be studied. The basic issues include comparative advantage, economic indicators, trade barriers, regulations and, especially, those economic issues related to textiles, clothing and footwear. Additionally, the role of the global employer will be examined in terms of labor costs, working hours, social development and labor relations. The tools of the economics of e-commerce will be used to analyze issues affecting consumers and business to business e-commerce. (CF. FAS 1065) Credit: 3 semester hours.

2001 The Economics of the European Union
Examines the economic and political policies and processes of the European Union. This course looks at the history and institutions of the EU. Topics discussed are European monetary policy, the role of the European Central Bank, the new currency, the euro and trade and competition policy. The reasons why some countries opted out of using the euro and why some countries have not met the criteria for the adoption of the euro are also examined. Prerequisites: None. This is a non-technical course. Credit: 3 semester hours.

English (ENG)

1100C Literature in a Global Context
See description under University Core courses. Credit: 3 semester hours.

1001 Effective Strategies for Writing Fiction and Non-Fiction
Prerequisite: FWY 1000C and ENG 1100C. Students have an opportunity to refine their writing skills. This course is NOT a substitute for any required composition and literature courses. Credit: 3 semester hours.

1006 Effective Business Writing
Prerequisite: FWY 1000C and ENG 1100C. An intensive study of business communication and the essentials of business report writing. Open to baccalaureate students as a business or free elective only. Credit: 3 semester hours.

1007; 1008 Survey of American Literature
Prerequisite: FWY 1000C and ENG 1100C. Covers the literature and historical backgrounds of America, beginning with the New World and extending through colonial America, the 18th century and concluding with the literature of the American Renaissance (1836–1865). The second semester (1008) extends from 1865 to the present. Credit: 3 semester hours.

1009; 1010 Survey of English Literature
Prerequisite: FWY 1000C and ENG 1100C. A survey of the literary trends and significant writers in the development of English literature from the Anglo-Saxon period to the neo-classical period and, in the second semester, from the Age of Wordsworth to the 20th century. Credit: 3 semester hours.

The following elective courses are scheduled on a rotating basis to provide students with a variety of choices each semester. Students should consult course schedules at registration periods to determine term and summer offerings.

1011; 1012 Literature of the Western Civilization
Prerequisite: FWY 1000C and ENG 1100C. A study of the masterworks of European literature (in translation). First semester: From the ancient Greeks to the early Renaissance. Second semester: From the late Renaissance to the 20th century. Credit: 3 semester hours. (Students may not receive credit for both ENG 2000 and 1011 or ENG 2001 and 1012.)

1014 Representative Plays of Shakespeare
Prerequisite: FWY 1000C and ENG 1100C. This course entails reading selected plays of Shakespeare; a critical, historical and aesthetic study of the works chosen. Credit: 3 semester hours.

1015 Twentieth Century Drama
Prerequisite: FWY 1000C and ENG 1100C. A study of the major changes in the content of modern dramatic literature that have modified classical and Renaissance drama and given rise to new forms, from Ibsen to Brecht. Credit: 3 semester hours.

1016 The English Novel 1700–1870
Prerequisite: FWY 1000C and ENG 1100C. A study of the development of the English novel from its earliest stages to the late Victorian period. Credit: 3 semester hours.

1017 The Modern Novel
Prerequisite: FWY 1000C and ENG 1100C. A study of the novel as a modern genre, with special emphasis on critical approaches to characterization, theme and structure. Credit: 3 semester hours.

1018 Modern Poetry
Prerequisite: FWY 1000C and ENG 1100C. A study of the major tendencies, themes and techniques in modern American and British poetry, an introduction to different critical approaches in interpreting modern poetry. Credit: 3 semester hours.

1021; 1022 Masterworks of Black Writers I and II
Prerequisite: FWY 1000C and ENG 1100C, 1021: A critical survey of African American Literature from Colonial times to the Civil War. 1022: A survey of African American literature from Reconstruction to the present. Credit: 3 semester hours.

1024 The Short Novel in World Literature
Prerequisite: FWY 1000C and ENG 1100C. This course is designed to acquaint the student with the short novel and to develop an appreciation for this form. Credit: 3 semester hours.
1025 Literature and Mythology  
Prerequisite: FYW 1000C and ENG 1100C.  
A basic premise of this course is that literary plots, characters, themes and images are basically complications of similar elements in myths and folktales. This course examines the appearance in literature of various archetypal characters as well as a number of mythical patterns. Credit: 3 semester hours.

1027 Contemporary Literature  
Prerequisite: FYW 1000C and ENG 1100C.  
An introduction to the novel, short fiction, and poetry of the period from the 1950s to the present. Credit: 3 semester hours.

1029 The Short Story  
Prerequisite: FYW 1000C and ENG 1100C.  
An examination of strategies and techniques of short fiction from its modern beginnings with Poe and Hawthorne to the works of contemporary writers. Credit: 3 semester hours.

1030 Literature Seminar  
Prerequisite: FYW 1000C and ENG 1100C and six credits of literature. Professor and course content to be announced prior to registration. A special literary challenge in areas not covered by current courses. Credit: 3 semester hours.

1031 Themes in Literature  
Prerequisite: FYW 1000C and ENG 1100C.  
Professor and course content to be announced prior to registration. A particular theme is explored (e.g., the theme of love in modern literature). Credit: 3 semester hours.

1045 Sleuths, Spies and Thrillers  
Prerequisite: FYW 1000C and ENG 1100C.  
This course examines the conventions of detective and spy stories, traces their sources in earlier fiction and myth, and demonstrates how serious writers have used these genres in their own fiction. Intersession only: Free elective. Credit: 3 semester hours.

1051 Fantasy in Fiction  
Prerequisite: FYW 1000C and ENG 1100C.  
This course attempts to answer the questions, What is fantasy? What are its values as literature? by examining the varieties of fantastic literature and considering recent theoretical speculations on its special nature. Credit: 3 semester hours.

1052 The Bible as Literature  
Prerequisite: FYW 1000C and ENG 1100C.  
An examination of the Bible as literature and its influence on a number of modern writers. Credit: 3 semester hours.

1053 The Literature of Mystery and Detection  
Prerequisite: FYW 1000C and ENG 1100C.  
This form of literature is examined from three perspectives: a historical survey of representative, classic works in the genre; a consideration of the value and use of “popular” literary types; and an analysis of the fictional detective hero. Credit: 3 semester hours.

1054 Tragedy and Comedy  
Prerequisite: FYW 1000C and ENG 1100C.  
An exploration of tragedy and comedy as forms of drama, examining classical and contemporary definitions of the terms through readings and discussions. Credit: 3 semester hours.

1055 Literature of Satire  
Prerequisite: FYW 1000C and ENG 1100C.  
Students read a wide variety of satirical literature—poems, plays, and novels—from the classical to the contemporary period. Credit: 3 semester hours.

1058 Literature, Film and Visual Media  
Prerequisite: FYW 1000C and ENG 1100C.  
This course examines the mutual influences that literature and visual media have exerted on one another in the 20th century. Fee: $30. Credit: 3 semester hours.

1059 Introduction to Islamic Literature  
Prerequisite: FYW 1000C and ENG 1100C.  
A survey of the origins of Islam, considering the nature of Allah’s call to Muhammad and the subsequent westward spread of the movement. Credit: 3 semester hours.

1060 Utopian Literature  
Prerequisite: FYW 1000C and ENG 1100C.  
A general survey of ideas and idealists through detailed study of selected masterpieces in the field. Credit: 3 semester hours.

1061 Madness in Modern Literature  
Prerequisite: FYW 1000C and ENG 1100C.  
The course considers the 20th century’s fascination with irrationality in the arts. Credit: 3 semester hours.

1062 Medieval Storytelling: Epic Romance and History  
Prerequisite: FYW 1000C and ENG 1100C.  
This course examines a variety of narrative types important in the Middle Ages: epic (chanson de geste), romance, lai, saga, and romance compilation. They range in time from around 1100 to 470 and represent diverse literary cultures. Credit: 3 semester hours.

1064 The American Novel  
Prerequisite: FYW 1000C and ENG 1100C.  
A study of the development of the novel in America from its origins to the present as represented in selected works. Credit: 3 semester hours.

1067 Visualizing American Literature  
Prerequisite: FYW 1000C and ENG 1100C.  
A study and comparison of selected readings from various periods of American literature with counterparts in the visual arts (especially painting, theater and film). Intersession only. Free elective. Credit: 3 semester hours.

1068 Women’s Voices in Literature  
Prerequisite: FYW 1000C and ENG 1100C.  
Students are acquainted with major works of literature by and about women, including fiction and poetry. Works from a variety of cultural backgrounds are represented. Credit: 3 semester hours.

1069 The Literature of Ireland from the Irish Revival (1890s) to the Present  
Prerequisite: FYW 1000C and ENG 1100C.  
Representative drama, fiction and poetry read and analyzed. The course begins with an examination of works from the Irish Literary Revival in the 1890s, and concludes with attention to the literary voices of modern Ireland. Credit: 3 semester hours.

1070 Literature of the American South  
Prerequisite: FYW 1000C and ENG 1100C.  
This course focuses on the great writers of the South, whose masterpieces reflect the geography, history, politics, culture and attitudes of that region so unique in the American experience. Credit: 3 semester hours.

1072 The Fairy Tale in Literature and Film  
Prerequisite: FYW 1000C and ENG 1100C.  
This course will examine the fairy tale tradition in literature, especially through the collection of fairy tales by Giambattista Basile, Charles Perrault, the Brothers Grimm, and Hans Christian Andersen. It will also consider reworkings and new creations of this form by modern practitioners, especially women. Attention will be paid to the way the more popular versions of some of these tales have been translated into commercial films and TV shows. Credit: 3 semester hours.

1074 Writing about Music: Pop, Rap, Rock, and More  
Prerequisites: FYW 1000C and ENG 1100C.  
In this writing intensive course, students will learn to write about popular music in its various forms: pop, rock, rap, jazz, etc. Students will develop their skills at writing features, profiles, reviews, and interviews. Credit: 3 semester hours.

1076: Italian-American Literature  
Prerequisites: FYW 1000C and ENG 1100C.  
This course explores the depictions of Italian-American identity in fiction, non-fiction, and poetry by Italian-American writers beginning with narratives of immigration to current work by assimilated writers. Challenging stereotypes, this course explores the changing family relationships, gender definitions, and social and political concerns expressed in the literature. The contribution this literature makes to American literature will be explored. Credit: 3 semester hours.

1077 Toni Morrison: Selected Novels  
Prerequisites: FYW 1000C and ENG 1100C.  
This course explores the fictional worlds, created through the novels of Nobel Prize-winning author Toni Morrison. Foci will include Morrison’s uniquely African-American story-telling; her exquisite prose; as well as her connections to ancestral roots, the African-American experience, the classics, mythological patterns, and slavery. Students will engage
at least five (5) of Toni Morrison’s eleven (11) novels through reading, studying, discussing, assessing, and writing about the novels selected. Credit: 3 semester hours.

1078 The Literature and Language of Sports
Prerequisites: FYW 1000C and ENG 1100. This course will examine sport as subject, symbol, motif, and metaphor in literary and artistic texts including novels, short stories, plays, poems, essays, painting, and film. The writing-intensive course will analyze the intersection of literary texts and sport to discover what sport reveals about our culture and character. Students will be offered opportunities to develop their skills at writing creative and critical essays. Credit: 3 semester hours.

1079: The Harlem Renaissance
Prerequisites: FYW 1000C and ENG 1100. This course begins in the roots of the Renaissance: the Great Migration, and explores the three stages of the Harlem Renaissance: the Bohemian Renaissance (1917 through1923), the Talented Tenth Renaissance (1924 to mid-1926), and the Artists’ Renaissance (mid-1926 through 1935). The course’s focus will be the entire New Negro Arts Movement of the early 20th century and will include reading, studying, and analyzing Renaissance essays, which present the competing ideas and philosophies of the period; a sampling of poetry, novels, and/or plays of the era; the influence of music, especially blues and jazz, on literary works; and the period’s nexus to civil rights progress. Also explored will be the parallel mass movement led by the charismatic Marcus Garvey, which is a separate but contemporaneous social force. Students will engage literature through reading, studying, discussing, assessing, and writing about the essays, poems, novels, and/or plays selected. Credit: 3 semester hours.

1080 Traditional African American Voices: Writers and Speakers
Prerequisites: FYW 1000C and ENG 1100C. An exploration of the thoughts, ideas, and principles which underpin traditional African-American life and values of faith, freedom, family, education, and self-reliance, reflected therein, and rooted in the ideals and religious beliefs of the Black Church in America and African folk tales. These thoughts, ideas, beliefs, principles, and values are presented theoretically in essays and applied to the real-life experiences, as contained in biographical and autobiographical presentations. Credit: 3 semester hours.

1081 Twentieth Century African-American Drama
Prerequisites: FYW 1000C and ENG 1100C. This course begins with a brief overview of African-Americans and their engagement with theater in the 18th and 19th centuries, continues with a contextual examination of the development of twentieth century African-American theater, theatrical movements and their leaders, and then focuses on engaging the most significant playwrights of the twentieth century as well as reading and assessing a representative selection of twentieth-century African-American plays. Foci will include uniquely African-American drama as story-telling; various dialects; comedic and tragic dramas; as well as connections to ancestral roots, the African-American experience, the classics, mythological patterns, and slavery. Students will engage a minimum of twelve (12) plays through reading, studying, discussing, assessing, and writing about the plays selected. Credit: 3 semester hours.

2000 Literature and Culture: Classics of Continental and British Authors from Ancient Times to the Early 16th Century
Prerequisite: FYW 1000C and ENG 1100C. This course embraces the acknowledged literary masterworks of Western civilization from Homer to Cervantes. Representative works by Continental and British writers are studied. Credit: 3 semester hours.

2001 Literature and Culture: Classics of Continental, British and American Authors from the Early 17th Century to the Present
Prerequisite: FYW 1000C and ENG 1100C. This course continues the study of masterworks by Continental, British, and American authors from Moliere to the present. Major intellectual and cultural developments are studied. Credit: 3 semester hours.

Hons English
The following Honors English courses are available only to students in the Honors Program or to students with at least a 3.3 GPA. HON 2012; 2014 Great Books of the Western World I and II
Prerequisite: FYW 1000C and ENG 1100C. The first semester studies major books of Western civilization (in translation) from the ancient world to the Renaissance. The second semester begins with works from the Enlightenment and concludes with 20th-century masterpieces. Credit: 3 semester hours. (Students may not receive credit for both HON 2012 and ENG 1011 or HON 2014 and ENG 1012).

HON 2016 Seminar: American Literature
Prerequisite: FYW 1000C and ENG 1100C. Four to six major American authors, ranging from the 18th century to the present, are studied intensively. Credit: 3 semester hours. (Students cannot receive credit for HON 2016 and either ENG 1007 or HON 2008.)

HON 2018 Seminar: British Literature
Prerequisite: FYW 1000C and ENG 1100C. Four to six major British authors are studied intensively. Credit: 3 semester hours. (Students cannot receive credit for HON 2018 and either ENG 1009 or 1010).

Fashion Studies (FAS)

1006 Fashion Marketing
This course introduces the student to the products and concepts of fashion marketing, also defined as lifestyle marketing. The course will include the manner in which marketing both creates and interprets the needs and wants of society. The overall concept of fashion marketing will be discussed along with the role the consumer plays and how fashion marketing functions in a global arena. (Intersession, pre and post only) (Cf. MKT 1006) Credit: 3 semester hours.

1015 Introduction to Fashion/Lifestyle Branding
An introduction to the fundamentals of branding and its placement in the fashion/ lifestyle industry. A review of the fashion products ability to sustain its place in the market by an understanding of the value added promise as part of the branding process. The sustainability of products in both our local and global environments is at the heart of the importance of the value of the brand ownership and brand reputation of product name and image. A review of the current brand products and how brands are developed into “lifestyle brand products,” will be part of the focus of this course. A review of the challenges placed on brands especially in the global marketplace will indicate the importance of a well developed and managed brand strategy. (Cf. MKT 1015) Credit: 3 semester hours.

1055 Legal Aspects of the Fashion Industry
Legal Aspects of the Fashion Industry, is a theory law course involving a newly distinct area of law which applies to a multi-billion dollar international business. This legal discipline includes merchandise licensing and counterfeiting, commercial agreements, employment law and import and customs law as applied to the fashion industry. (Cf. BLW 1055) Credit: 3 semester hours.

1056 Fashion and Ethics
Students will deal with strategies needed to develop and practice ethical decision-making skills in the fashion industry. Corporations all over the world today are addressing the issues of environmental protection and ethical business in the fashion industry. Fashion designers and textile producers are trying to produce goods that do not harm the environment and are cruelty-free. Credit: 3 semester hours.

1065 Current Issues in Fashion
The many issues currently impacting the fashion industry will be studied. The basic issues include comparative advantage, economic indicators, trade barriers, regulations and, especially, those economic issues related to textiles, clothing and footwear. Additionally, the role of the global employer will be examined in terms of labor costs, working hours, social development and labor relations.
The tools of the economics of e-commerce will be used to analyze issues affecting consumers and business to business e-commerce. (Cf. ECO 1065) Credit: 3 semester hours.

1070 Management Aspects of the Fashion Industry
Examines the management of the fashion production process, the small and large organizations through which the industry creates, produces and changes fashion, and the human resource management process used to employ and manage fashion industry employees. (Cf. MGT 1070) Credit: 3 semester hours.

1075 Introduction to the Fashion Industry and Careers
An introduction to the basics of the fashion industry and career opportunities within the industry. The course will include the industry’s organization within the U.S. and its organization globally. It will also include global sourcing, product trends, product forecasting, product line development, and related product-to-market delivery. The student will also learn about the primary level of fashion, materials and textiles, and the secondary level of fashion, design and production. (Cf. MGT 1075) Credit: 3 semester hours.

1076 Fashion Entrepreneurship and e-Technology
Introduces students to the various components and concepts of a business plan, financial planning and e-Technology. Students will assess and apply practices and procedures involved with a fashion retail business from a practical, real-world approach. (Cf. MGT 1076) Credit: 3 semester hours.

1078 Intersection of Fashion, Architecture and Fine Arts
The emphasis of this class is fashion from 1900 to the present. The student will specifically explore how fine art and architecture have intersected with fashion and culture from 1900 to present. Students are required to research a select group of fashion designers and make connections between fine art and/or architecture, as well as research various aspects of marketing and the cost of producing fashion collections. Credit: 3 semester hours.

1079 Leadership and Management in the Fashion Industry
Successful leadership and management in the fashion industry requires a firm understanding of designer brands, products, retail, and communication strategies. Fashion leaders focus on vision, mission, goals, objectives, promote change, and encourages creativity in order to ensure continued success. Students will be introduced to successful leadership skills in the fashion industry. (Cf. MGT 1076) Credit: 3 semester hours.

1080 Global Fashion Management
An examination of the fashion industries around the globe, considering major fashion movements and designers in various countries around the world, particularly newly developing countries. Fashion industry development including labor supply, entrepreneurship, supply chain management, and rising designers are topics considered against the backdrop of major historical, social, cultural and environmental influences in the focus countries. (Cf. MGT 1078) Credit: 3 semester hours.

Fine Arts (FNA)

1001 Appreciation and Understanding of Art
An introduction to the visual arts provides an understanding and appreciation of the masterpieces of painting, sculpture and architecture from antiquity to the present. Works of art are studied in terms of their basic organizational concepts, meanings, historical relationships and expressive power. Credit: 3 semester hours.

Healthcare Informatics (HCI)

1001 Introduction to Healthcare Informatics
An introduction to information technology as it is applied to health care and health related organizations. An examination of how information is captured, converted and stored in machine readable form and used in the various facets of the health care system; the impact of Electronic Medical Record (EMR) and mobile computing on the healthcare system. Credit: 3 semester hours.

1002 Healthcare Information Flow and Data Management
Prerequisites: CUS 1115, HCI 1001. A study of the flow and use of health information through healthcare processes and across healthcare systems, through the generation of information, documentation of encounters, and subsequent storage and access. An in depth examination of the role of electronic documents in healthcare information systems in relation to privacy, confidentiality, information security, and the Health Insurance Portability and Accountability Act. Credit: 3 semester hours.

1011 Medical Terminology and Healthcare Classifications
A study of the grouping and classification of health-related terminology, and its encoding in machine-readable representation for storage and access; the design of messages for various tasks and information systems. An exploration of MeSH, SNOMED and UMLS, using health data terminologies. Credit: 3 semester hours.
Health Services Administration (HSA) (Queens)

1002 Introduction to Health Services Administration
Problems and processes of management. Emphasis is placed on the principles and practices of management and the functions of the executive with attention to the unique, complex organizational structures and relationships of diverse health facilities, including governmental, voluntary non-profit, and proprietary institutions. Credit: 3 semester hours.

1003 Ethical Issues in Health Care
This course involves an in-depth analysis of ethical issues in health care, including end-of-life decisions, organ retrieval and donation, informed consent, medical experimentation, reproductive issues, and confidentiality in testing. Management practices involving decision making, resource allocation, conflicts of interests, and codes of professional ethics are also examined. Principles of ethical reasoning from various philosophical schools are explored. Credit: 3 semester hours.

1004 The Health Care Labor Force and the Use of Technology
This course examines the occupational composition, training, credentialing and responsibilities of the health care labor force. The education and specialization of physicians and other independent practitioners and allied health personnel are also studied. The nature and purpose of selected medical tests, instruments, treatments, and procedures are explored and relevant medical terminology is introduced. Credit: 3 semester hours.

1005 Human Resource Administration of Health Agencies
The human problems involved in supervisory leadership, dealing with formal and informal groups, the aspects of cooperation, discipline, friction, motivation, job satisfaction and morale. Special attention to the unique, relationships of diverse health professionals; educational, certification, and licensure backgrounds and requirements will be stressed. Credit: 3 semester hours.

1011 Legal Aspects of Health Organizations
Prerequisite: BLW 1001. Presentation and examination of statutes, cases and readings in law related to health care providers and organizations. Credit: 3 semester hours.

1012 Financial Administration of Health Care Institutions
This course examines the nature and interpretation of health care financial management and health care financial reports, including techniques of financial planning and control, budgeting, inventory control, third-party reimbursement, and capital planning in hospitals and other health care settings. Credit: 3 semester hours.

1013 Advanced Financial Administration of Health Care Institutions
Prerequisite: HSA 1012. Applies the foundation concepts of the introductory course HCA 1012 to financial report writing and report analysis. The most current finance concepts in health care delivery, such as insurance industry systems and integrated delivery systems, are studied and analyzed. Managed Care financial models and their effect on the delivery of and access to health care are examined. Credit: 3 semester hours.

1016 Health Care Planning
An examination of the concepts and tools of health planning. Topics include determination of catchment areas, facility and program planning on an institutional level and needs assessment on a community basis. The role of area-wide planning agencies and the political environment in which planning occurs are analyzed. Credit: 3 semester hours.

1020 Advanced Health Services Administration
Prerequisites: HCA 1002 and HCA 1012. Examination of selected problems in managing health care organizations. Emphasis on health care institutions through review of current research and available case studies. Open to HSA juniors and seniors only. Credit: 3 semester hours.

1021 Health Program Evaluation
Prerequisite: HCA 1100 and 1101. The uses of evaluation as part of health program development and as a management tool to analyze the efficiency, effectiveness, and impact of health programs. Various analytic approaches and design techniques studied. Credit: 3 semester hours.

1023 Internship in Institutional Health Services Administration
Prerequisite: Permission of the Director and HSA 1002. HSA seniors are provided with an opportunity to gain practical experience in a health care institution. Students are required to maintain an administrative log of activities and to periodically meet with the supervisor and course instructor to evaluate experience in addition to submitting a written evaluation at the completion of each semester. (This is a two-semester internship.) Credit: 3 semester hours.

1024 Internship in Institutional Health Services Administration
Prerequisite: Permission of the Director and HCA 1002. Credit: 6 semester hours.

1025 Internship in Health Service Organizations
Prerequisite: Permission of the Director and HSA 1002. Credit: 3 semester hours.

1026 Internship in Health Service Organizations
Prerequisite: Permission of the Director and HSA 1002. Credit: 6 semester hours.

1027; 1028 Senior Extended Internship in Institutional Health Services Administration
Prerequisite: For 1027: Permission of the Director and HSA 1002. 1027 is a prerequisite for 1028. HSA seniors gain practical experience in a health care institution. Students must maintain an administrative log of activities and periodically meet with the supervisor and course instructor to evaluate experience in addition to submitting a written evaluation at the completion of each semester. (This is a two-semester internship.) Credit: 3 semester hours.

1029; 1030 Senior Extended Internship in Health Services Organizations
Prerequisite: For 1029: Permission of the Director and HSA 1002. 1029 is a prerequisite for 1030. HSA seniors gain practical experience in a health care agency or organization. Students must maintain an administrative log of activities and periodically meet with the supervisor and course instructor to evaluate experience in addition to submitting a written evaluation at the completion of each semester. (This is a two-semester internship.) Credit: 3 semester hours.

1031 Occupational Health and Industrial Hygiene
Consideration of the environment inside public and private institutions. Health programs, industrial safety, occupational health hazards and industrial health administration are topics for discussion. Credit: 3 semester hours.

1032 Environmental Health Control
The function of government and private agencies in regulating our environment. The role of public health and other agencies’ inspectors. Analysis of the quality of air, water, food, sanitation, toxic wastes and other factors affecting pollution levels. Credit: 3 semester hours.

1033 Drugs: Legal and Illegal; Use and Abuse
Overall study of contemporary use and abuse of legal and illegal substances including alcohol, tobacco, prescriptions and “over-the-counter” medicines, narcotics, mood-changers, hallucinogens, and synthetics. The effects on individuals and society and the roles played by diverse participants. Credit: 3 semester hours.

1034 Drug Programs and Control
The diversified approaches to drug control are explored, including programs designed to maximize the effectiveness of each approach, both individually and organizationally. Laws and governmental and private agencies involved with each type of program are investigated. Juniors and seniors only. Credit: 3 semester hours.
1035 Ambulatory Care: Organization and Administration
Prerequisite: HSA 1002. An examination of affiliated and non-affiliated, connected and free standing ambulatory care centers; their organizational diversities and styles of administration. Included are pre-paid and fee-for-service arrangements, community outreach programs, venture capital needs, governmental regulations and agencies' interests, public and private responses to the community. Credit: 3 semester hours.

1036 Introduction to Epidemiology and Public Health
Examination of sources and distribution of diseases using available public health data including descriptive statistics and the impact of findings on public health policy. Credit: 3 semester hours.

1037 Introduction to Gerontology
The study of aging as part of the social as well as biologically determined life cycle. Issues examined include work, retirement, income, family life and support systems, and the health and other services provided to the elderly population. Credit: 3 semester hours.

1038 Patient Rights, Responsibilities and Advocacy
The role and function of the patient advocate in various health care facilities and settings. Some of the topics discussed include community ombuds-programs, informed consent, patient's bill of rights and responsibilities, and health care proxy laws. Credit: 3 semester hours.

1039 Introduction to Health Education
An overview of the processes of human learning. The management of general and specific educational programs in the health area for the individual, the organization and the community are explored. Credit: 3 semester hours.

1040 Long-Term Care Administration
An examination of management practices and policy issues of nursing homes and home care organizations, including hospice care. The effects on patients, the family and the community are explored. Credit: 3 semester hours.

1041 The Economics of Health Care
Prerequisite: ECO 1001 or HSA 1100. Application of economic concepts to the study of the health care system. Topics include the inter-relationship of the health care industry to other sectors of the economy, health manpower shortages and surpluses, the markets for physician and hospital services, the performance and structure of the health insurance industry, and the competing political economic strategies of health care organization. Credit: 3 semester hours.

1042 Introduction to Managed Health Care
Prerequisite: HSA 1002, HSA 1012 and HSA 1100. This is a course on economies of health care and the central economic issue of managed health care. The course gives a comprehensive overview of the basic concepts and practices associated with the dynamic world of managed health care. Credit: 3 semester hours.

1100; 1101 The U.S. Health Care Systems
(HSA 1100 formerly HSA 1001)
HSA 1100 is a prerequisite for HSA 1101. Examination and analysis of the organization, delivery and finance of health services including public health and personal health care. Emphasis is given to the changing role of physicians, the impact of regulation and competition on the cost and quality of care and the institutional and political contexts shaping the system. The social determinants of health status are analyzed. This sequence should be taken during the first year of the HSA program. Credit: 3 semester hours.

1102 Comparative Health Care Systems
Prerequisites: HCA 1101 and HCA 1100. Comparative analysis of the Canadian, major West and East European and Japanese health care systems. Third-world delivery systems are studied. Administrative, financial, and benefit structures are examined in the context of changing social, economic and political developments in these societies. (For health services administration majors, it is suggested that this course be taken in their second, third or fourth year.) Credit: 3 semester hours.

History (HIS)
(Queens)

1000C Emergence of a Global Society
See description in University Core Courses. Credit: 3 semester hours.

1003 American History
This course traces the development of our nation's history from its European beginnings and earliest colonial times to the Civil War, with special attention given to institutions and politics. Credit: 3 semester hours. HIS 2700; 2710 (SI).

1004 American History
This course traces the development of our nation's history from the Reconstruction period to World War II, with special attention given to institutions and politics. Credit: 3 semester hours. HIS 2720; 2730/40 (SI).

1005 History of Modern World:
The 19th-Century
A course examining the main trends, factors and problems in the nineteenth century world (1789–1914). Topics covered include: Liberalism, the rise of socialism, the industrial revolution, emerging nationalism and imperialism. Credit: 3 semester hours.

1006 History of the Modern World:
The 20th Century
A course examining the main trends, factors, and problems in the twentieth century world (1914–present). Topics covered include: World War I, the rise of Fascism, Soviet totalitarianism, World War II, the end of the colonial empires, the Cold War, and the Sino-Soviet split. Credit 3 semester hours.

1009 History of the Soviet Union
The main political, social and economic developments in the Soviet Union from the Bolshevik Revolution to the present; the world power role of the U.S.S.R.; the Communist Bloc. Credit: 3 semester hours. HIS 3650 (SI).

1016 Contemporary World Issues
This course assists students in an examination of current issues confronting the modern world. The basis for the course, that current events may only be fully analyzed by placing them in the context of historical development, leads to a selection of topics on the national and international scene which vary from semester to semester and is dependent upon the instructor. Credit: 3 semester hours.

1017 Contemporary United States
Selected political, social, economic and cultural developments and problems from the Second World War to the present. Credit: 3 semester hours. HIS 2750 (SI).

1018 The Vietnam War
A military, diplomatic and cultural history of the American war in Vietnam. Particular attention is devoted to studying the Vietnam War as an outgrowth of the Cold War, assessing its military and diplomatic components and measuring its formative impact upon American life. Credit: 3 semester hours.

1020 History and Structure of the Court System
An examination of the history and structure of the New York State court system with particular emphasis on the criminal and Supreme Court structure of New York City. CRJ 1025. Credit: 3 semester hours.

1022 United States Supreme Court
An intensive study of the history and development of the Supreme Court. Both traditional source material and contemporary scholarship are analyzed. Credit: 3 semester hours.

1024 Black American History: Colonial Times to The Civil War
Designed to survey the historical contribution of African Americans. The period of focus begins with the arrival of the first slaves in the colonies in the 17th century and continues to the outbreak of the Civil War. Credit: 3 semester hours.
1025 Black American History: The Civil War to World War II
Examines the history of black Americans from the Civil War and Reconstruction period to 1914. The course focuses both on the position of African Americans in society and on their contribution to that society. Credit: 3 semester hours.

1026 Geography and Global History
An examination of the physical geography of the world and its relationship to global historical development. Topics included are the location and climate of states, their topography and size, their raw materials and soil, their demographic development, etc. Credit: 3 semester hours.

1027 African Civilization I
The foundation and the development of African civilizations are examined, as well as the contributions of these civilizations to world culture. Credit: 3 semester hours.

1028 African Civilization II
The continued development and the expansion of African civilizations are explored. Emphasis is placed on the contact between Africa and the outside world. Credit: 3 semester hours.

1029 The African American Community from World War I to the Present
Examines in detail the personalities and movements that have influenced African-American communities in 20th-century United States. Political, social, and religious movements are examined. Special emphasis is placed on the civil rights movement. Credit: 3 semester hours.

1030 The History of Immigration in the United States
A discussion of why different ethnic groups came to the U.S. and how immigrants adjusted to or modified the society they found. There is also an examination of the hostilities faced by all groups as well as how U.S. immigration policies have developed and changed over the years. Credit: 3 semester hours.

1031 History of Modern Eastern Europe
This course analyzes events in Eastern Europe from approximately 1918 to the present. It provides cultural, historical and political frameworks for an examination of recent events in this area. The focus of attention is on the individual nations of Eastern Europe, with concluding coverage of the region as a bloc. Credit: 3 semester hours.

1035 Women in Western Society: 1800 to the Present
An examination of the particular roles women have played in Western society from the eve of industrialization to the present time. By focusing on women, the course informs the student about the nature and impact of industrialization in society. Credit: 3 semester hours.

1036 Ancient and Colonial Influences on Modern Africa
Focuses on the culture, traditions and political life of ancient and colonial African civilizations, especially those of West Africa. It provides an analysis of historical, cultural and socio-economic dynamics that gave rise to the contemporary re-Africanization movement. The course is taught in Senegal and Ghana. Credit: 3 semester hours.

1037 United States Labor History
A survey of working class organization from its 18th-century journeyman origin to the present. The course focuses on the development of the labor movement as it has responded to the challenges of economic development and the policies of employers and government. The contrasting organizational structures, policies and ideologies of the Knights of Labor, the IWW, and AFL and CIO unions are studied. Credit: 3 semester hours.

1038 Intellectual and Cultural History of the Western World
A survey of the intellectual and cultural movements that have given the West its identity. An interdisciplinary approach is used to study the great movements of Western civilization as reflected in art, architecture, historical discourse, literature, music, philosophy, poetry and the social sciences and how these influenced political and social history. Credit: 3 semester hours.

1041 War and Peace
This course will be a history of causes and consequences of war and peace. It will survey the evolution of war, its changing patterns and its effect on the human experience in modern times. Issues and questions related to how and why nations go to war and the human cost and consequences of war will be emphasized. Cf: HON 1041. Credit: 3 semester hours.

1042 American Military History: 1917-2003
The course examines and analyzes American military history from 1917 to 2003. The students will apply critical thinking and decision-making skills to military problems. Ethical issues in U.S. military engagement will be discussed. Credit: 3 semester hours.

1043 Genocide from 1900 to Present
An examination of genocide (1900 to the present) focusing on their commonalities including shared socio-psychological, historical, political, cultural, and economic processes. Topics to be covered include the Ottoman/Turkish Genocide, the Holocaust, the Rwandan genocide and the Darfur genocide/Sudanese Civil Wars. Credit: 3 semester hours.

1039 Women in Western Society: 1800 to the Present
An examination of the particular roles women have played in Western society from the eve of industrialization to the present time. By focusing on women, the course informs the student about the nature and impact of industrialization in society. Credit: 3 semester hours.

1040 International Security
This course seeks to explain globalization as the phenomenon of globalization has resulted in a blurring of the lines between threats to security as being a domestic or foreign issue. This course seeks to explain globalization as it relates to security and provide students with understanding of the various challenges and threat that result from the phenomenon. In addition, various methodologies of addressing these threats on an international scale will be covered. Credit: 3 semester hours.

1049 Internship in Homeland Security I
Prerequisite: Permission of the Director. Supervised fieldwork with a proprietary (in-house) Security Department within the retail, hotel, education, health care, insurance,
manufacturing, banking or recreation industries. Credit: 3 semester hours.

1010 Introduction to Intelligence
An analysis of proactive investigative techniques and protective counter measures employed in industry and government to secure trade secrets, classified documents, and confidential information sources. Credit: 3 semester hours.

1011 Intelligence Planning, Collection, and Processing
This course will provide a detailed examination of the planning, collection and processing stages of the intelligence process. Key issues addressed will include: planning and direction of collection efforts specifically to meet intelligence requirements, the variety of collection disciplines such as human, technological, and open sources, the methods and means utilized to process data collected into raw intelligence, and the various legal and ethical issues related to the collection of intelligence. Credit: 3 semester hours.

1012 Internship in Homeland Security II
Prerequisite: Permission of the Director. Supervised fieldwork within a government agency or division of any municipality, state or the federal government specializing in safety regulation, disaster control, emergency services, civil defense, code enforcement, crime prevention, or public safety. Credit: 3 semester hours.

1013 Internship in the Protection Technology Industry
Prerequisite: Permission of the Director. Supervised fieldwork in a business specializing in the manufacture, sale or installation of protection or investigative devices, including intrusion detection, access control, electronic surveillance, screening and sensing products, weapons, security communications, and K-9 training. Credit: 3 semester hours.

1014 Advanced Internship in Commercial Security or Governmental Public Safety
Prerequisite: HCS 1008 or 1009 or 1012 or 1013 and permission of the Director. Supervised advanced fieldwork in proprietary or contract security, governmental public safety or security technology. Credit: 3 semester hours.

1015 Legal Aspects of Modern Security Investigation
An examination of the various responsibilities assigned to private or government investigators by trial attorneys or litigation departments during civil, criminal or administrative proceedings. Credit: 3 semester hours.

1016 Critical Infrastructure and Key Resources Protection
This course provides an overview of the challenges associated with the protection of key national resources. Students will examine vulnerability and risk reduction strategies, contingency planning, and strategic partnership models as they are applied to the critical infrastructure sectors (Water, Power and Energy, Information and Telecommunications, Chemical Industry, Transportation, Banking and Finance, Defense Industry, Postal and Shipping, Agriculture and Food, Public Health, and Emergency Services). Credit: 3 semester hours.

1017 Public Safety Regulatory and Enforcement Agencies
An overview of municipal, state and federal government agencies having the responsibility to regulate activities and enforce laws pertaining to public safety. Credit: 3 semester hours.

1018 Intelligence Analysis, Production, and Dissemination
This course will provide detailed examination of the analysis, production and dissemination stages of the intelligence process that culminates in finished intelligence. Key issues examined include: Kent’s Principles of Analysis, methods of analysis, competitive analysis, writing and organizing analysis into a finished intelligence product, and assessing the value of products through peer-review and feedback. Credit: 3 semester hours.

1019 Homeland Security Intelligence and Counter-Terrorism
This course will provide an overview of the role of intelligence in all levels of both the public and private sectors. The need to protect against intelligence intrusions will also be examined. Key issues addressed will include: the domestic and foreign elements of homeland security intelligence; information sharing and cooperation between federal, state and local government, intelligence fusion center, offensive and defensive counterintelligence methods; and the role of the private sector in both a homeland security intelligence enterprise and an operational security system. Credit: 3 semester hours.

1020 Terrorism and Emergency Management
The purpose of this course is to investigate the role of emergency management in response to the growing threat of domestic and international terrorism. To achieve this goal the course will define what terrorism is, discuss why politically motivated acts of violence occur, and provide an overview of terrorists groups and their tactics of intimidation and fear. The course will also uncover the effects of terrorism (including those emanating from weapons of mass destruction) and compare how their consequences are both similar to and different than other types of natural and technological disasters. Utilizing recent legislation and policies regarding crisis and consequence management as a framework, the steps that emergency management agencies and others are taking to deal with terrorism are identified. (Cf.: CRJ 3206.) Credit: 3 semester hours.

1021 Emergency Management and Homeland Security Law
This course is designed to provide an overview of homeland security law and policy. Emergency response, emergency management, and terrorism after 9/11 will be discussed. Several topics including the law for first responders, incident management, weapons of mass destruction, volunteers, Governors’ powers, FEMA, Department of Homeland Security, civil rights, and international antiterrorism efforts will be explored. (Cf: CRJ 3207.) Credit: 3 semester hours.

1022 Sociology of Disaster
The focus of this course will be on human behavior in a natural and man-made disaster e.g., hurricanes, tornados, earthquakes, floods, and chemical spills, nuclear power plant accidents, riots, etc. Case studies of a number of disasters will be used to illustrate the material discussed. In addition, students will be introduced to the emerging profession of “emergency management and contingency planning” and acquire an understanding of the general precepts of disaster planning. (Cf. CRJ 3208.) Credit: 3 semester hours.

1023 Computer Applications in Emergency Management
This course provides the student with an introduction to the use of computer technology in emergency management. Spreadsheets, database applications, and electronic communications will be covered. Specific computer programs currently in use for contingency planning, tracking chemical inventories and response resources, modeling of toxic plumes, and decision making during disasters will be explored. Hazard and risk evaluation will be covered along with attendant hazard identification, vulnerability analysis, risk, and consequence analysis. (Cf: CRJ 3209.) Credit: 3 semester hours.

1024 Introduction to CBRNE
The prospect of states or other actors such as terrorists unleashing chemical, biological, nuclear, radiological and explosive weapons on a defenseless public is almost too terrifying for most people to consider. Yet, in the past, numerous incidents have occurred. We cannot forget the threats posed by our adversaries. This course seeks to conduct a comparative assessment of the understanding of CBRNE and how they can be used. While much of the specifics of CBRNE weapons doctrine remain within the classified domain and thus beyond the scope of this course, we can outline the primary strategic and tactical factors relating to these weapons. This lesson will introduce strategy and tactics of CBRNE weapons. Credit: 3 semester hours.

1025 Border, Transportation, and Maritime Security
Those charged with securing national borders are challenged with the need to facilitate the flow of legitimate trade and travel while
also protecting the nation and its people from external threats. Accomplishing this goal requires not just screening individuals and goods, but also securing the global aviation, ground, and maritime transportation networks. The issues addressed in this course will include: the various challenges to border transportation, and maritime security: an examination of the various related security strategies of these different challenges; the impact of technology; and the roles and responsibilities of various government and private stakeholders. Credit: 3 semester hours.

1026 Comparative Homeland Security

When it comes to protecting the homeland, the United States differs from other countries in legal traditions, political and bureaucratic institutions and policies, and natural and man-made threats it faces. This course seeks to compare and contrast the experiences and practices of other countries when facing homeland security-related issues such as terrorism, pandemics, transnational organized crime, and emergency response. Major practices of these nations will be examined to determine if there are lessons to be learned which can be incorporated into the strategic policies of the United States. Credit: 3 semester hours.

1027 International Security Cooperation

Historically, the main security threat facing a particular nation has come from other nation states. Globalization has increased the threat matrix facing a nation state. There has been a shift from nation enemies to natural threats such as pandemics and man-made threats such as those posed by terrorist or other non-state actors. Often these threat types affect multiple countries simultaneously, resulting in a blurring of lines and national borders. This course seeks to examine how various governments, and on occasion non-governmental organizations, utilize instruments of global governance when dealing with threats that are global in nature. Credit: 3 semester hours.

1090 Selected Topics in Homeland Security

This course is an examination of a selected topic in homeland security. A different topic will be featured each session, enabling students to explore a pressing contemporary issue challenging both homeland security professionals and society at large. Topics for examination will be based upon the instructor’s area(s) of expertise. Intersession and pre-session only. Credit: 3 semester hours.

1100 Homeland Security Capstone

Homeland Security Capstone provides engagement in a student-centered, content-related learning experience that serves as a summary and synthesis of courses in a student’s undergraduate academic career. Students select an area of interest related to their academic track and engage in an activity leading to a research project or applied project reflective of comprehensive knowledge gained in undergraduate studies and demonstrate their knowledge of the outcomes of the Bachelor of Science degree. Credit: 3 semester hours.

1000 Introduction to the Hospitality Industry

A survey course of the hospitality industry to a historical perspective of the industry, organizational structure of the industry, place of the industry in both the local and national economy and current and future trends for the hospitality industry. Credit: 3 semester hours.

1001 Principles of Hotel Operations

Prerequisite: MGT 1001. A study of the management functions as they pertain to hotel operations. Emphasis is placed on the techniques and tools of management, planning, organizing, staffing and controlling. Credit: 3 semester hours.

1002 Front Office Operations

Prerequisite: MGT 1001. A study of the front office procedures including both human and non-human resources. Emphasis is placed on forms and programs, from reservations through the night audits. Credit: 3 semester hours.

1003 Food and Beverage Service

Prerequisite: MGT 1001. A study of food and beverage service with emphasis on general management functions. Topics include service styles, practices, and principles and procedures in food and beverage service operations. Credit 3 semester hours.

1005 Travel and Tourism

Prerequisite: none. A survey of management activities as they pertain to the travel and tourism industry. Topics include: tourism geography, industry organization, travel and behavior tourism planning. Credit: 3 semester hours.

1007 Hospitality Law and Ethics

Prerequisite: BLW 1001. Legal aspects of the innkeeper and guest relationship with emphasis placed on personal and property liability. Appropriate federal, state and local cases examined. Credit: 3 semester hours.

1009 Capstone Hospitality Management

Prerequisite: Senior status. Summarizes and integrates many of the topics from the major areas of hotel, restaurant, travel and tourism. Students apply cumulative knowledge and experience while completing their projects. Credit: 3 semester hours.

1010 Hospitality Human Resource Management

Prerequisites: HMT 1000, MGT 1001. As the very nature of hospitality service is people, this course provides an overview of human resource management emphasizing its application in the hospitality environment. Topics include planning, recruitment, selection, placement, training, supervision, compensation and benefits, motivation, performance appraisals, productivity of employees, workforce diversity, employment and labor law specific to the hospitality industry. Credit: 3 semester hours.

1020 Restaurant Management

Prerequisite: HMT 1000, HMT 1003. An analysis of the food service systems and operations including menu management, purchasing, pricing, marketing, beverage management, food service sanitation, and management principles applied to a restaurant operating environment. Credit: 3 semester hours.

1022 Wine Appreciation and Management

Prerequisite: HMT 1000, HMT 1003 or permission of instructor. A study of principles and practices for managing wine and wine sales. Topics include: wine appreciation, selection, purchasing, storage, compiling of wine lists, serving wine, and pairing of wine and food. (Special note: Classes may be offered externally under instructor’s supervision. Supply fees for wine tasting may be required. LEGAL DRINKING AGE IS REQUIRED FOR COURSE REGISTRATION.) Credit: 3 semester hours.

1025 Cost Controls

Prerequisite: ACC 1007. Basic principles of cost control of food, beverage (including non-food items) and labor. Emphasis placed on systems used for product identification, receiving, storing, budgeting, forecasting, and internal controls. Credit: 3 semester hours.

1030 Hospitality Marketing

Prerequisites: MKT 1001; HMT 1000. Overview of the discipline of marketing as it applies to the hospitality industry and understanding how a marketing strategy is devised and executed in relation to the hospitality objectives. Credit: 3 semester hours.

1040 International Cuisines

Prerequisite: HMT 1003. A study of culinary characteristics combined with history, lifestyle, and culture to define the food elements and patterns unique to countries and regions around the world. ADDITIONAL FEES WILL BE REQUIRED FOR RESTAURANT VISITS. Credit: 3 semester hours.

1045 Housekeeping Management and Operations

Prerequisite: HMT 1000. Application of various systems, procedures and controls associated with housekeeping departments. Emphasis on management delegation scheduling systems, routines, equipment requirements and laundry operations. Credit: 3 semester hours.

1050 Hospitality Facilities Management

Prerequisite: HMT 1000. A survey of the problems and opportunities inherent in managing hospitality facilities. Credit: 3 semester hours.
1055 Global Leadership in Hospitality Management
Prerequisite: HMT 1000. A study of management principles and effective leadership in global hospitality environments. Topics include the application and development of international policies, regional analysis of social and work environment, global business ethics, leadership principles, and conflict management strategies to accommodate individual and organizational changes. Credit: 3 semester hours.

1061 Introduction to Conventions and Event Management
Prerequisite: HMT 1000. An introduction to the process of leadership and management techniques for the planning, coordinating, and promoting events. Credit: 3 semester hours.

1063 Event Management Practicum: Community-Campus Partnerships
Supervised participation in event management at instructor-approved venues through hands-on involvement in the planning and staging of one or more special events. Special emphasis will be placed on institutional events relevant to academic service-learning activities. Credit: 3 semester hours.

1065 Special Events and Meeting Management
Prerequisites: HMT 1000, MGT 1001. A study of convention and meeting planning principles and procedures with emphasis on program development and coordination, budgeting, marketing, public relations, food and beverage elements, hospitality functions, current practices, and technology advances as related. Credit: 3 semester hours.

1070 Current Issues in Hospitality and Tourism
Prerequisite: HMT 1005. Analysis of current issues in the hospitality and tourism industry with emphasis on historical, current and future trends, and their short- and long-term implications for the management. Credit: 3 semester hours.

1071 International Travel Destinations and Cultures
Prerequisite: HMT 1005. An introductory survey course of world travel destinations including an exploration of the customs, habits, festivals, and historical sights as these are related to the travel and tourism industry. Credit: 3 semester hours.

1072 Resorts Management
Prerequisites: HMT 1000. This course provides students with comprehensive need-to-know information on the management and operation of today's wide range of resorts, from golf courses, ski resorts, spas, and casinos to theme parks and cruises. Credit: 3 semester hours.

1073 Cruise Operations Management
Prerequisite: HMT 1000; HMT 1005. This course provides a comprehensive analysis of the international cruise lines industry including the history, development, market trends, and operational insights into its management and marketing. Operating structures, systems, management practices, and current industry issues are discussed based upon the contemporary cruise experience. A FIELD TRIP WITH ADDITIONAL FEES WILL BE REQUIRED. CONSENT OF THE INSTRUCTOR REQUIRED BEFORE REGISTRATION. Credit: 3 semester hours.

1074 Gaming Operations Management
This course provides an overview of the operation and management of commercial casinos and casino hotels focusing on the internal and external environment of the current gaming industry. Topics include: Historic development of gaming, organizational and business structure of a casino hotel, casino hotel operations, government regulations, casino marketing and design, gaming consumer behavior, economic and social impact of gaming. SPECIAL NOTE: CLASSES MAY BE OFFERED EXTERNALLY UNDER INSTRUCTOR’S SUPERVISION. SITE VISITS WILL REQUIRE ADDITIONAL FEES. Credit: 3 semester hours.

1075 Hospitality Information Technology
Prerequisites: HMT 1000; CUS 1102. A study of technology used within the hospitality environment. Emphasis is placed on cutting technology for managing every aspect of hospitality operations, as well as best practices in web, mobile, and social media. Credit: 3 semester hours.

1093 Independent Study in Hospitality Management
Prerequisite: Junior or senior HMT major with a minimum cumulative GPA of 2.75 and Director’s permission. Individualized independent study. Under the guidance of a hospitality management faculty member, a student will pursue an in-depth study of a significant issue or problem in lodging management, restaurant management, travel or tourism, or participate in a lodging management, restaurant management, travel, or tourism project. Credit: 3 semester hours.

1094 Hospitality Management Internship I
Prerequisite: Junior or senior HMT major with a minimum cumulative GPA of 2.75 and Director’s permission. An off-campus experience with a professional hotel, restaurant, food service, or tourism organization, with supervised practical experience to further prepare HMT majors for their professional careers. Credit: 3 semester hours.

1095 Hospitality Management Internship II
Prerequisite: Junior or senior HMT major with a minimum cumulative GPA of 2.75 and Director’s permission. A second off-campus experience with a professional hotel, restaurant, food service or tourism organization, with supervised practical experience to further prepare HMT majors for their professional careers. Credit: 3 semester hours.

1155 Global Leadership in Management Strategies: Hospitality and Tourism Perspectives
A study of effective leadership emphasizing management principles and strategies for success in the global business environment from the hospitality and tourism perspectives. Topics include global entrepreneurship, leadership and business practices, multicultural organizational values and constituencies, professional ethics, and interdisciplinary approaches to complex global issues. Credit: 3 semester hours. Intersession and pre-session only. Site visits with additional fees will apply.

1160 Managing a Bed and Breakfast Inn I
Planning, purchasing, establishing, licensing, marketing, hosting, and managing a bed and breakfast inn are course foci. Selected topics include: defining a bed and breakfast inn/guest house, assessing innkeeper lifestyle, selecting a property/location, writing a business plan, buying a turnkey business or creating a new business, paying taxes, keeping records, decorating, marketing and advertising, networking, defining policies, hosting guests from a personal welcome to farewell, preparing a memorable breakfast and other food amenities, housekeeping, solving problems, providing concierge services, and creating a memorable visit. Credit: 3 semester hours.

1161 Managing a Bed and Breakfast Inn II
Financial, accounting, employment, human resources, risk management, and legal aspects of Bed and Breakfast management are course foci. Selected topics include: complying with laws/regulations, including ADA requirements; preparing for inspections (health, housing, fire, etc.), being properly insured (homeowner’s, liability, income replacement, workers’ compensation, flood insurance); recruiting, training, retaining staff; hiring independent contractors; minimizing liability risks; documenting accidents/injuries; creating/maintaining accurate accounting/financial records; assessing accounting/reservation software packages; identifying, forecasting, and responding to occupancy challenges and tourism trends; and planning new initiatives. Credit: 3 semester hours.

2000 Hospitality Management Study Abroad Internship I
HMT students will experience an international academic internship, that is an unpaid internship, with a hospitality organization in France, Italy and Seville, Spain during a semester abroad. This practical experience will help prepare HMT majors for their professional careers. Credit: 3 semester hours.

2001 Hospitality Management Study Abroad International Internship II
A second HMT international academic internship, that is an unpaid internship, with a hospitality organization in France, Italy, and Spain during a semester abroad. This practical
experience will help prepare HMT majors for their professional careers. Credit: 3 semester hours.

2001A International Tourism Management: An Italian Approach
Prerequisite: HMT 1000; HMT 1005. This is a 5-week summer study abroad program offered at Universita Di Perugia in Assisi, Italy. The course combines classroom lectures with supervised field trips to various hospitality establishments in the Umbria region, the heart of Italian tourism industry and tradition. Additional program fees will be required. Consent of the instructor required before registration. Credit: 3 semester hours.

2003 Disney Internship Experience I
This is an experience-based course for students who are accepted to the Disney College Internship Program only, and who successfully complete the program. Students apply directly to Disney for the internship program and should obtain the approval of their academic advisors and dean at St. John’s to enroll in St. John’s classes so they can receive credits for the Internship experience. Acceptance decisions to the Disney Program, and assignments to internship duties at Disney are made solely by the Disney Corporation. In the internship program, students will learn about hotel and resort operations, customer service, public relations, and other topics related to entertainment sales and services. More information about the Internship program is at DisneyCollegeProgram.com. Credit: 3 semester hours.

2005A International Travel and Tourism: Italy
A survey of international travel and tourism to study Italian tourism and learn how the tourism industry works in Italy. Topics include: international travel, major tourism destination regions in Italy, cultural aspects of tourism, current trends, and management issues specific to the travel and tourism industry in Italy. SPECIAL NOTE: THIS IS A STUDY ABROAD COURSE OFFERED IN ITALY, ADDITIONAL FEES WILL BE REQUIRED. Credit: 3 semester hours.

2010 Managing & Designing Special Events
Students will be introduced to major concepts and activities that involve planning and purchasing food and beverage items. Students will be introduced to room setups, staffing, budgeting events, negotiating with vendors, and contracts and negotiations. Credit: 3 semester hours.

2022A Italian Culture Through Food and Wine
Profile of Italian history and culture through the analysis of gastronomic documents and literary texts that span from the ancient Greeks to contemporary times. Special emphasis will be given to the study of the regional cuisines and wines, and their development. Credit: 3 semester hours. A study-abroad mini-session course. Additional program fees apply.

2025 Appreciation of Italian Food, Wine and Culture
Profile of Italian history and culture through the analysis of gastronomic documents and literary texts that span from the ancient Greeks to contemporary times. Special emphasis will be given to the study of the regional cuisines and wines, and their development. This course will be taught on the Rome campus. Credit: 3 semester hours.

Human Services (HSC)
(Queens)

1020 Survey of Human Services
Introduction to the field of human services: history, theories, principles and values of human services. Survey of roles for human service workers, clients to be served, and delivery of services to clients. Credit: 3 semester hours.
1082 Child Advocacy Internship
Twelve clock hours of supervised field experience per 12 weeks in an appropriate agency, accompanied by an on-campus weekly seminar. Credit: 6 semester hours.

1083 Chemical Dependency Internship
Twelve clock hours of supervised field experience per 12 weeks in an appropriate agency, accompanied by an on-campus weekly seminar. Credit: 6 semester hours.

1084 Behavioral Health in the Community Internship
Twelve clock hours of supervised field experience per 12 weeks in an appropriate agency, accompanied by an on-campus weekly seminar. Credit: 6 semester hours.

1085 Child Care Internship
Twelve clock hours of supervised field experience per 12 weeks in an appropriate agency, accompanied by an on-campus weekly seminar. Credit: 6 semester hours.

1100 Research Course
This course is an introduction to survey research. It will introduce the different data collection procedures and methods used for studies in research. This course will cover both qualitative and quantitative methods of data collection and interpretation. Emphasis will be on students getting an actual research experience. Credit: 3 semester hours.

1102 Social Justice
This course examines the principles of social justice (such as equality of opportunity and freedom from want) and their application to American society. Particular emphasis will be given to inequalities of race/ethnicity, gender, anger and class as they affect individuals, families and organizations in the United States and how this impacts on the delivery of services by human service professionals. Credit: 3 semester hours.

Journalism (JOU) (Queens)

1000 Introduction to Journalism
An overview of all the media of journalism, from newspapers and wire services to radio, television and online news sites. The course will focus on the wealth of opportunities in journalism from major media to newsletters, trade magazines, iPods and others. The course will emphasize the different styles of writing required in each medium and the role of journalism in a democracy. Credit: 3 semester hours.

1200 Photojournalism
Its principles and practices, including the role of the photojournalist, techniques of photography, picture editing and ethics of photojournalism. (Note: students must own a still camera, preferably 35 mm.) Credit: 3 semester hours.

1400 Introduction to Magazine Publishing
A survey course designed to introduce students to magazines as a form of journalism and a business enterprise. Subjects include the functions and problems of editorial, circulation, advertising, production and other magazine departments. Cross-referenced with COM 2406. Credit: 3 semester hours.

1402 Ethics and Law in Journalism
Prerequisite: COM 1001 or JOU 1000. A study of the ethical and legal problems involved in the print media, radio, TV, and other media. Credit: 3 semester hours.

1500 The History of Journalism
An historical and interpretive study of the development of journalism from its earliest days in Colonial America to the present. Credit: 3 semester hours.

1501 The Press and Government
An inquiry into political and legal relationships between mass communication and government, problems in freedom of information, and government regulations affecting newsgathering and news dissemination. Credit: 3 semester hours.

1502 The Press and the Cinema
This course explores, both historically and aesthetically, how the press has been portrayed on the screen. Feature films are screened and discussed. Credit: 3 semester hours.

1504 Religious Journalism
Prerequisite: JOU 2300 or JOU 2312 and THE 1050. Students learn sociological concepts and methods used to analyze the world religions and the changing place of religion in American and global public life. This course approaches the issue from cultural and institutional perspectives, focusing on such topics as civil religion, church-state relations, the role of congregations in local communities, and religious voluntary and philanthropic concerns. Students learn that reporting on religion requires: respect for the role of faith in people’s lives, immense curiosity about religion and a willingness to learn — and keep learning — about it, an abiding sense of fairness and balance, a commitment to covering all kinds of diversity of faith, both within a particular denomination and outside of it, and the ability to accurately and fairly describe the nuances of different beliefs. Credit: 3 semester hours.

2300 News Reporting and Writing for Print and Online Media
Prerequisite: JOU 1000 or COM 1001. An intensive introduction to the principles and techniques of reporting and writing news for print and online media. Multimedia storytelling, like any good account of people, issues and events, is rooted in the art of solid news reporting and clear writing. Building upon the principles of journalism learned in JOU 1000 (Introduction to Journalism), the course provides students with a practical introduction to the work of a journalist for both traditional print media like newspapers and emerging digital media, and prepares them for advanced reporting and news writing in JOU 3300 (Feature Reporting and Writing). Credit: 3 semester hours.

2307 The Craft of Interviewing
Prerequisite: JOU 2300 or COM 2301. An in-depth overview of the dimensions of the interview process, this course discusses preparation, the formulation of questions, television and print interviewing, and the writing of the interview article. Credit: 3 semester hours.

2312 News Reporting and Writing for Television and Radio
Prerequisites: JOU 1000 or COM 1001. An introduction to the techniques and principles of writing and producing news copy for electronic media. It provides students with a writing foundation that is expanded upon in JOU 3312 (Advanced Reporting and Writing for Television and Radio) and JOU 4702 (Practicum II: TV and Radio). Credit: 3 semester hours.

3300 Feature Reporting and Writing
Prerequisite: JOU 2300. Advanced training and practice in the reporting and writing of in-depth feature articles that concern public and community affairs, crime, human interest stories, and profiles. Special emphasis will focus on the use of research of public and private documents, and other sources of information. Credit: 3 semester hours.

3301 Copy Editing
Prerequisite: JOU 2300. A study of the principles and practices of copy editing as applied principally to newspapers, including a study of how words are used and misused. Credit: 3 semester hours.

3302 Magazine Journalism
Prerequisite: JOU 1400 or JOU 3300. An advanced magazine journalism course designed to prepare students to write nonfiction articles for consumer and business magazines. Intended for the student contemplating full-time magazine editorial work or freelance writing. Credit: 3 semester hours.

3303 Business Journalism
Prerequisite: JOU 1400 or 3300. An advanced course to introduce students to the world of business publications, which far outnumber consumer magazines and offer many more employment opportunities. Credit: 3 semester hours.

3304 Sports Writing
Prerequisite: JOU 2300 or COM 2301. A study of and practice in writing sports stories and feature articles for newspapers, broadcast and online media. Credit: 3 semester hours.
3305 Online News
Prerequisite: JOU 2300 or 2312. An introduction to the ways journalists use computers to discover, access, retrieve and evaluate information from the Internet and government, organizational, commercial, and other databases; how they use computers in survey research and content analysis; and how they organize the information in properly written news and investigative articles. Credit: 3 semester hours.

3309 The Journalist as Critic
Prerequisite: JOU 2300 or JOU 3312. A survey course designed to introduce students to writing critical reviews. Students review film, theater, literature, music (both popular and classical), dance and restaurants. Credit: 3 semester hours.

3310 Investigative and In-Depth Reporting
Prerequisite: JOU 2300. A study of the techniques necessary to carry out extensive investigations of significant issues, both on local and national levels, with particular emphasis on moral and legal problems. Credit: 3 semester hours.

3311 Crime Reporting
Prerequisite: JOU 2300 or JOU 2312. An examination of the ethics and newsgathering techniques of police beat reporting. The relationships between the press, the public and law enforcement agencies are examined in depth. Credit: 3 semester hours.

3312 Advanced News Reporting and Writing for Television and Radio
Prerequisite: JOU 2312. This course is an extension of JOU 2312 (News Reporting and Writing for Television and Radio). Students learn a variety of more complex news gathering, reporting, interviewing and writing techniques used in electronic media. The amount and complexity of work required make this course appropriate only for advanced journalism majors. Credit: 3 semester hours.

4301 International Reporting
Prerequisite: 3.25 GPA in major and JOU 3300 or permission of instructor. Students are prepared for the task of reporting international news, on scene or from afar via modern communications technology. Students learn journalistic techniques and become familiar with key issues and logistics involved in working outside their home countries, in print, visual, aural, online or across platforms. Credit: 3 semester hours.

4302 Opinion Writing
Prerequisite: JOU 2300 or 2312 or 3300 or 3312. An introduction to the techniques, principles, history, legal issues and ethical concerns involved in the editorials, columns and other forms of journalistic opinion writing and presentation in various media. Credit: 3 semester hours.

4600 Independent Study in Journalism
Prerequisite: Permission of the Director. Individualized independent study under the guidance of a faculty member. Students pursue an in-depth study or participate in a journalism project. Approval of project is at the discretion of the Director of the Journalism Program. Credit: 1 semester hour.

4601 Independent Study in Journalism
Prerequisite: Permission of the Director. Individualized independent study under the guidance of a faculty member. Students pursue an in-depth study of a topic or participate in a journalism project. Approval of project is at the discretion of the Director of the Journalism Program. Credit: 2 semester hours.

4701 Print Journalism Practicum
Prerequisite: JOU 1000 and JOU 2300. A laboratory course designed to offer journalism majors the experience of working on a traditional and/or online college newspaper. Students regularly report and write articles for publication. Credit: 3 semester hours.

4702 Broadcast News Reporting Practicum
Prerequisites: JOU 1000 and JOU 2312. A laboratory course designed to offer journalism majors the experience of working on a television or radio newscast. They regularly report, write, and produce stories for air. Credit: 3 semester hours.

5001, 5002, 5003, 5004 Journalism Internship
Prerequisite: Permission of the Director. Credit: 3 semester hours each.

Language and Culture (LAC)
( Queens )

1000C Language and Culture (formerly 1013C)
This course examines communication as it affects and is affected by culture. Topics include barriers to effectiveness, competent intercultural communication in ethnic, intergenerational, gender, and deaf subcultures; and recent international problems and issues from an intercultural perspective. Credit: 3 semester hours.

1050 Language and Culture: Human Rights
This course will examine relevant conflicts arising from cultural differences, including ethnic, religious, gender, sexual orientation, and class. Students will analyze The Universal Declaration of Human Rights and its subsequent conventions as norms; this yardstick will be applied to problems and issues of human rights and social justice. This course will study intercultural communication in the international arena and on the interpersonal level with students examining basic concepts such as culture, communication, intercultural perception, and gender as culturally formed. Barriers to intercultural communication, such as ethnocentrism and racism, will be explored as will cultural imperialism and globalization, and the role of media in intercultural communication. Credit: 3 semester hours. Intersession only.

Legal Studies (LES)
( Queens, Staten Island )

1003 Tort Law
Prerequisite: LES 1100. A preliminary investigation of tort law, including personal injury, products liability and defamation. Credit: 3 semester hours.

1004 Litigation Practice (Civil)
Prerequisite: LES 1100. An analysis of the progress of litigation in terms of papers filed in courts and exchanged between parties and the preparation of such papers. Credit: 3 semester hours.

1005 Practicum for the Paralegal
Prerequisite: LES 1100, LES 1101, 1102 and permission of the Director. An internship: a supervised practical learning experience in a legal environment. Credit: 3 semester hours.

1006 Advanced Practicum for the Paralegal
Prerequisite: LES 1005 and permission of the Director. Credit: 3 semester hours.

1007 Family Law
Prerequisite: LES 1100. An examination of the aspects of family law practice including divorce, separation and child custody. Credit: 3 semester hours.

1009 Legal Research and Writing III
Prerequisites: LES 1100, LES 1101 and LES 1102. Under the close supervision and guidance of a legal studies faculty member, students will conduct in-depth research on a contemporary legal issue and write a detailed research paper on that topic. Over the course of the semester, students will be required to research their chosen legal issue, outline their research and draft and edit their paper. During class sessions, the professor will reinforce effective legal research techniques, the class will discuss the research and writing processes and the professor will meet with students on an individual basis to discuss their research and writing. Credit: 3 semester hours.

1010 Probate and Estate Administration
Prerequisite: LES 1100. Understanding the means and processes involved in the transmission of personally controlled wealth. Credit: 3 semester hours.

1101 Real Estate Law I
This course will teach future paralegals and legal assistants who will be entering a law office practice in the area of real estate law the basic tenets of the law. Students will become proficient in the law of agency, estates and property as it affects and is affected by culture. Topics include barriers to effectiveness, competent intercultural communication in ethnic, intergenerational, gender, and deaf subcultures; and recent international problems and issues from an intercultural perspective. Credit: 3 semester hours. Intersession only.
1012 Real Estate Law II
This course will give future paralegals and legal assistants who will be entering a law office practice in the area of real estate law a more sophisticated understanding of the law. Students will become proficient in the law of residential and commercial interests, transfer of property through sale, estates and court orders, leases, and evictions. Students will also perform every aspect of a real estate sales closing and prepare documents with the use of technology such as the ACRIS system required in the City of New York. * Credit: 3 semester hours. * This course will qualify students for 45 credit hours towards a New York State Real Estate Salesperson’s License.

1013 Bankruptcy and Debtor—Creditors Practice
Prerequisite: LES 1100. An introduction to the area of debtor and credit law and bankruptcy, with particular attention to the different types of bankruptcy proceedings under the Bankruptcy Code. Credit: 3 semester hours.

1014 Insurance Law
Prerequisite: LES 1100. A general introduction to insurance. Special attention to various types of insurance such as life, health, property and liability. Credit: 3 semester hours.

1015 Legal Ethics
Prerequisite: LES 1100. A comprehensive introduction to the rules regarding the ethical and professional responsibilities of paralegals and attorneys under the New York and Model Rules of Professional Conduct. Students will gain an understanding of the current ethical issues facing paralegals as well as the distinction between personal ethics and professional ethics, the unauthorized practice of the law, conflicts of interest, attorney-client privilege, as well as related financial issues including client funds, billing and fee sharing. Credit: 3 semester hours.

1016 Corporation Law and Practice
Prerequisite: LES 1100. A brief review of the New York Business Corporation Law (BCL). Preparing and filing the required forms with the NY Secretary of State. Credit: 3 semester hours.

1017 Patents, Trademarks and Copyrights
Prerequisite: LES 1100. A study of the laws governing the acquisition of property rights in trademarks, copyrights and patents; copyright and patent law. Credit: 3 semester hours.

1018 Immigration Law
Prerequisite: LES 1100. Introduces students to the basic law and legal concepts involved in the immigration and naturalization process. Credit: 3 semester hours. Open to baccalaureate students only.

1020 Employment Law and Practice
Prerequisite: LES 1100. The collective bargaining process with emphasis on its dynamics, processes, powers and politics. Credit: 3 semester hours.

1024 Elder Law
Prerequisite: LES 1100. An examination of the varied topics in the law affecting older persons, including financial and estate planning, health care, personal planning and protection. Credit: 3 semester hours.

1040 Trial and Appellate Advocacy
Prerequisite: LES 1100. An opportunity to simulate the experience of preparing for and conducting both a trial and an appeal in the fictitious State of Moot. Students will act as parties, witnesses, advocates and jurors with the professor serving as the judge. Students will be required to research legal issues, draft motions, and briefs, prepare and examine witnesses, conduct trials and present oral arguments. Credit: 3 semester hours. (Q, SI)

1042 Legal Issues and the University’s Mission
Prerequisite: LES 1100. This course will teach students to use paralegal skills to study and work in a chosen area of the law that relates to an aspect of the University’s mission. The course will include an overview of the American legal system’s impact on Catholic, Vincentian, and metropolitan issues and will identify current points of controversy and opportunity. Credit 3 semester hours.

1100 Introduction to Legal Studies.
Students will (i) learn the basic structure of the U.S. legal system, including the structure of the U.S. and New York State court systems, (ii) begin to develop their ability to conduct a legal analysis—the identification of relevant facts, the identification of relevant laws and the application of those laws to the facts—and (iii) begin to develop their ability to effectively communicate such analysis in writing. Credit: 3 semester hours.

1101 Legal Research and Writing I
Prerequisite: LES 1100. Students will focus on (i) applying legal sources to analyze legal problems and (ii) the analytic legal writing process. Students will also learn the basic legal research skill of finding legal texts using citations. Credit: 3 semester hours.

1102 Legal Research and Writing II
Prerequisites: LES 1100, LES 1101. Students will learn how to independently find relevant legal sources and to verify the continued validity of such sources. Students will also continue to develop their ability to perform a legal analysis and to effectively communicate such analysis in writing. Credit: 3 semester hours.

1104 Independent Study: Topics in Legal Studies
Prerequisite: LES 1100, LES 1101, LES 1102. Under the close supervision and guidance of a legal studies faculty member, students will research, in depth, a legal issue and prepare a research paper on that topic. Students should have considered a research topic prior to seeking permission to register for the course. Credit: 3 semester hours.

1105 Selected Topics in Legal Studies
This course will give students the opportunity to explore, in depth, selected legal topic(s). The topic for each course will be announced at the time of registration. Credit: 3 semester hours.

LES 1106—Reading and Applying Corporate Contracts
Prerequisites: LES 1100, LES 1101. Students will closely review and apply typical corporate contracts for the purpose of answering the kinds of questions that entry-level professionals are often asked to answer in practice. Such contracts may include incorporation documents, bylaws, commercial loan agreements, commercial leases, employment agreements and plans, commercial vendor agreements, purchase and sale agreement, confidentiality agreements and commercial license agreements, among others. Attention also will be paid to those contractual provisions and principles of contract law of particular relevance to entry-level professionals, including notice provisions, exculpatory provisions, choice of law clauses, forum selection clauses, merger and integration clauses and the parole evidence rule. Credit: 3 semester hours.

Liberal Studies
(Queens, Evening)

LST 1000 Course Description:
Students’ success in college is measured by their ability to write effectively, think critically and read on a college level. To achieve these goals this course will introduce students to a wide variety of contemporary issues which will serve as a basis for discussion, analysis and writing. Credit: 3 semester hours.

BLS 1099 Independent Study
Independent work in the humanities [literature, philosophy, or theology] and/or the social sciences [economics, history, political science, psychology, or sociology]. All work is conducted under the mentorship of a faculty member. Written approval required from a specific faculty member before registering. Credit: 3 semester hours.

Management (MGT)
(Queens, Staten Island)

1000 Introduction to Business
An approach to understanding the function of business in society and what society can expect from business. Major topics: economic and social responsibilities; the functional areas; marketing, production, and finance; how businesses are organized and managed; quantitative management tools; the future of business. Credit: 3 semester hours. Open to two-year business and accounting students only.

1001 Principles of Management
Problems and processes of management; emphasis is placed on the principles and practices of management and the functions of the executive. Credit: 3 semester hours.
1003 Financial Management
Prerequisite: ACC 1007, ECO 1001 and 1002. Survey of corporate financial management. Emphasis is on financial statement analysis; time value of money; and, an overview of risk and return, valuation, cost of capital, capital budgeting, and dividend policy. Credit: 3 semester hours.

1005 Industrial and Personnel Psychology
Prerequisite: MGT 1001. Social and psychological aspects of interpersonal relationships, individual differences, efficiency, working conditions, accident prevention, industrial mental health, and counseling. Not open to two-year business students. Credit: 3 semester hours.

1006 Small Business Management
Prerequisite: 3 credits in management. This course discusses the dynamic role played by small business firms in the American economy. It involves the study of the small firm responding creatively to a rapidly changing economic and social environment. Not open to two-year business students. Credit: 3 semester hours.

1014 Introduction to International Business
This course stresses the similarities and differences in international business management functions, processes and structures as related to the changing cultural, social, economic and political environment. The changes in management philosophies and practices as well as their adaptations to fit the political conditions in different countries are also be considered. (Open to baccalaureate students only.) Credit: 3 semester hours.

1021 Cultural Environment of Human Resources
Prerequisite: MGT 1014. An analysis of how different cultural values and language affect labor resources. Areas of study include the impact of socio-cultural factors on management selection training, the advantages and disadvantages of international assignments; profiles of U.S. subsidiaries and local firms. Credit: 3 semester hours.

1024 Doing Business with Europe
Prerequisite: MGT 1014. A survey course discussing the fundamental elements of doing business with European countries. Detailed discussion of how the specific environmental factors affect business transactions. Special attention is paid to the role of government and the legal system in fostering international business, with an analysis of the recent regional trade agreements. Credit: 3 semester hours.

1025 Women in Enterprise
An examination of women managers' experiences using an interdisciplinary analysis. Emphasis on historical and global perspectives; individual and organizational issues such as ethnicity, health and personal and family lifestyles; and exploring current trends in the issue of job discrimination and the restructuring of organizations. Credit: 3 semester hours.

1026 Entrepreneurship/How to Start Your Own Business
Prerequisite: MGT 1000 or 1001, MKT 1001. Introduces the challenges and opportunities/risks in starting a business, including researching and analyzing business opportunities. The course covers the fundamentals, and students design and develop a full-fledged business plan. Credit: 3 semester hours.

1027 International Implications for Organizational Behavior
This course is designed to break down the conceptual, theoretical, and practical boundaries that limit our ability to understand and work with people in countries and cultures around the world. It will also help students to understand the complexities of managing people in international settings, while specifically focusing on the human relationships in a cross cultural setting. Credit: 3 semester hours. (Mini-session only)

1050 Organizational Management in the EU
Various profit and not-for-profit organizations operating in the European Union need management that is diverse and skilled in global activities. Students examine management practices in EU member nations. Management functions of planning, organizing, leading and controlling, and decision-making in a complex context of diverse cultures, languages and currencies are considered. Large, small-and medium-sized enterprises are considered. Staffing, social responsibility, and sustainability are considered. American organizations with divisions in the EU are compared with organizations operating in their home nations. This course is offered exclusively online. Credit 1 semester hour.

1051 European Union – International Business
This course is designed to introduce the student to the concepts of international business as it pertains to the European Union (EU). The overall concepts of international business strategy and international exchange systems will be discussed along with the role played by the environments of culture, politics, law and regional economics within the EU and surrounding areas. This course is offered exclusively online. Credit 1 semester hour.

1065 Business on Wall Street
The overall objective of this course is to provide a basic understanding of the American business system. Wall Street is the World Financial Center of business. In this course students will learn about the daily operations of the New York Stock Exchange, Depository Trust, Standard and Poor’s and the Securities and Exchange Commission. Credit: 3 semester hours. (Mini session only)

1070 Management Aspects of the Fashion Industry
Examines the management of the fashion production process, the small and large organizations through which the industry creates, produces and changes fashion, and the human resource management process used to employ and manage fashion industry employees. (CF: FAS 1075) Credit: 3 semester hours.

1075 Introduction to Fashion and Fashion Industry Careers
An introduction to the basics of the Fashion Industry and career opportunities within the industry. The course will include the industry’s organization within the U.S. and its organization globally. It will also include global sourcing, product trends, product forecasting, product line development, and related product-to-market delivery. The student will also learn about the Primary Level of Fashion, materials and textiles, and the Secondary Level of Fashion, design and production. (CF: FAS 1075) Credit: 3 semester hours.

2001 Eye on Washington—Managing the Federal Government
The powerful federal administrative agencies, most of which operate under the supervision of the executive branch, are the main focus of this course. This course provides students with an understanding of the rule, authority and contribution that agencies make to the managing of the government and the nation. Prerequisites: None. Open to two-year and four-year students. Credit: 3 semester hours.

Marketing (MKT)
(Queens, Staten Island)

1001 Principles of Marketing
The role of marketing and marketing management in the operation of an economic system is studied. The environment within which the marketing system operates and the structure, operations, resources and variables subject to the control of the marketing executive are examined. Marketing principles, trends and policies are emphasized. Credit: 3 semester hours.

1002 Fundamentals of Advertising and Sales Promotion
Prerequisite: MKT 1001. The function of advertising and its relationship to the growth and development of markets for new and old products. (CF: ADV 2100) Credit: 3 semester hours.
1010 The Marketing of Fashion
This course introduces the student to the products and concepts of Fashion Marketing, also defined as Lifestyle Marketing. The course will include the manner in which marketing both creates and interprets the needs and wants of society. The overall concept of fashion marketing will be discussed along with the role the consumer plays and how fashion marketing functions in a global arena. Credit: 3 semester hours. (Mini session only)

1015 Introduction to Fashion/Lifestyle Branding
An introduction to the fundamentals of branding and its placement in the fashion/lifestyle industry. A review of the fashion products’ ability to sustain its place in the market by an understanding of the value added promise as part of the branding process. The sustainability of products in both our local and global environment is at the heart of the importance of the value of the brand ownership and brand reputation of product name and image. A review of current brand products and how brands are developed into “Lifestyle Brand Products,” will be part of the focus of this course. A review of the challenges placed on brands especially in the global marketplace will indicate the importance of a well developed and managed brand strategy. (CCF: FAS 1015) Credit: 3 semester hours.

1020 International Distribution: Marketing Strategies
Prerequisite: MKT 1001. A survey of how products and services are distributed internationally. A comparison of the methods and systems of product development, assessment, acceptance and distribution in relation to the product life cycle. Emphasis on the application of basic marketing principles to the international environment and specific marketing situations. Credit: 3 semester hours.

Mathematics (MTH)
(Queens, Staten Island)
Students are placed in an appropriate initial course in mathematics selected from 1003 or 1007 or 1009. Unless otherwise specified, MTH 1003 may be followed by 1004 or 1005 or 1007 or 1008 or 1021; 1007 may be followed by 1009 or 1005 or 1008 or 1021; 1009 may be followed by 1010 or 1008 or 1021. Consult specific requirements for your major before selecting a second mathematics course. It is advised that required mathematics courses be taken in consecutive semesters.

1001 Introduction to Algebra
Review of signed numbers and numerical fractions; polynomials, factoring, equations; algebraic fractions; exponents; coordinate system; graphs and equations of lines; functions. Credit: 3 semester hours. Class meets four hours per week.

1003 Introduction to College Mathematics I
Real numbers; exponents, polynomials; rational fractions; equations, inequalities and systems; functions. (Not open to students who have completed MTH 1007 or MTH 1009.) Credit: 3 semester hours.

1004 Introduction to College Mathematics II
Prerequisite: MTH 1003. Coordinate geometry; limits; continuity; differentiation; exponential and logarithmic functions. (Not open to students who have completed MTH 1007 or MTH 1009.) Credit: 3 semester hours. (Q, SI)

1005 Mathematical Ideas and Applications
Prerequisite: MTH 1003. An elementary treatment of topics chosen for their interest and/or practical application. Materials are selected from the fields of logic, probability, statistics, algebra, matrix algebra and number theory. Use of calculators is suggested where appropriate. Credit: 3 semester hours.

1007 College Algebra and Trigonometry
The complex numbers; review of basic algebra; functions and graphs; linear, quadratic and other algebraic functions; exponential and logarithmic functions; trigonometric functions and identities; inverse trigonometric functions. (Not open to students who have completed MTH 1009.) Credit: 3 semester hours.

1008 Matrix Methods
Prerequisite: MTH 1003 or equivalent. Matrices; systems of linear equations; linear programming; simplex method; applications to business problems. (Not open to students who have completed CUS 1182.) Credit: 3 semester hours.

1009 Calculus I
Prerequisite: MTH 1007 or equivalent. Limits; continuity; the derivative; applications of the derivative; the definite integral; fundamental theorem of calculus; integration of polynomial functions; areas; exponential and logarithmic functions. Credit: 3 semester hours. MTH 1320 (SI)

1010 Calculus II
Prerequisite: MTH 1009. Trigonometric functions; polar coordinates; applications of the definite integral; indeterminate forms; improper integrals; techniques of integration. Credit: 3 semester hours.

1011 Calculus III
Prerequisite: MTH 1010. Solid analytic geometry; partial differentiation; multiple integrals; infinite series. Credit: 3 semester hours.

1012 Linear Algebra
Prerequisite: MTH 1009. Systems of linear equations; matrices and determinants; vectors and vector spaces; linear transformations; similarity of matrices; Eigenvalues and Eigenvectors. Credit: 3 semester hours.

1013; 1014 Probability and Statistics I; II
Prerequisite: MTH 1013 for MTH 1014. Basic probability laws and their application; combinational analysis; conditional probability and Bayes’ rule; discrete and continuous distributions. Central limit theorem; statistical inference; sampling theory; estimation; hypothesis testing; goodness of fit; regression; correlation; analysis of variance. Credit: 3 semester hours.

1015 Numerical Analysis
Prerequisite: MTH 1009. Numerical solution of algebraic and transcendental equations; solutions of systems of linear equations; ill-conditioning; methods of interpolation; numerical differentiation and integration; initial value problems for ordinary differential equations; error estimates. Credit: 3 semester hours.

1016 Software Applications for Mathematics
Prerequisite: MTH 1009. Mathematical computer software, such as equation processors, function plotters, and graphics packages, are used to explore mathematical concepts from the areas of calculus, geometry, linear algebra, differential equations, logic, numerical analysis, and probability and statistics. Credit: 3 semester hours.

1017 Mathematical Logic
Prerequisite: MTH 1009. The logical development of the number systems; set theory; sets of axioms and their properties; structures (algebraic and geometric) and their properties; intuitionism and formalism and aspects of logic that relate to computers. Credit: 3 semester hours.

1018 Differential Equations
Prerequisite: MTH 1010. Equations of order one; linear differential equations; the Laplace Transform; systems of linear differential equations; solutions by series; applications. Credit: 3 semester hours.

1021 Introduction to Statistics
Prerequisite: MTH 1003 or equivalent. Permutations, combinations, addition and multiplication rules; conditional probability; confidence intervals; hypothesis testing; regression; correlation; applications to business, economics and social science. (Not open to students majoring in Business.) Credit: 3 semester hours. MTH 1020 (SI)
1022 Discrete Mathematics
Introduction to the concepts of discrete (abstract) structures of computer science including an introduction to logic, proofs, sets, relations, functions, counting, and probability, with an emphasis on applications in computer science. Credit: 3 semester hours.

1030 Mathematics for the Elementary Teacher
Provides elementary education majors with competence in essential areas of mathematics and integrates those areas into the study of science. Students study sets, functions, logic, counting methods, probability, statistics, and geometry. Open to The School of Education students. Credit: 3 semester hours.

1031 Mathematics for the Elementary Teacher
Provides elementary education majors with competence in essential areas of mathematics and integrates those areas into the study of science. Students study the metric system, algebra, real number system and patterns, sequences and number theory. Open to The School of Education students. Credit: 3 semester hours.

Networking and Telecommunications (NET) (Queens)

1001 Data Communications
An overview of data communications, networking, communications architecture and standards; data transmission; data encoding; digital data communications techniques; data link control; networking techniques; packet switching; protocols and architecture. Credit: 3 semester hours.

1011 Introduction to Networks
An overview of the most important topics in TCP/IP networking including terminology, concepts and protocols; how networking devices send data over Ethernet LANS; fundamentals of wide area networks (WANS); fundamentals of addressing and routing and the TCP/IP transport and application networking functions. Credit: 3 semester hours.

1015 Routing and Switching Essentials
Prerequisite: NET 1011. An introduction to router concepts and terminology including configuring routers and switches; also includes virtual LANS, subnetting, routing protocols, routing table entries and IP addressing. Credit: 3 semester hours.

1021 Scaling Networks
Prerequisite: NET 1015. Advanced switch configuration, switching protocols and troubleshooting; the OSPF and EIGRP routing protocols; designing home and small business networks including switches, routers, configurations and allocation of IP addresses. Credit: 3 semester hours.

1025 Connecting Networks
Prerequisite: NET 1015. Wide Area Networking (WAN) concepts including the different types of connections such as Point-to-Point, Multipoint and Mesh networks; the Frame Relay and HDLC protocols as well as IPv6 addressing; also covers the management of networking devices, managing the IOS operating system and back-up and recovery of network files. Credit: 3 semester hours.

1031 Wireless Networking
Prerequisite: NET 1011. Wireless technologies and the implementation of these technologies in wireless networks. Emphasis is placed on the areas of design, planning, implementation, operation, and troubleshooting. Credit: 3 semester hours.

1035 Network Operating Systems
Prerequisite: NET 1015. An introduction to basic network operating system concepts, management and administration, and network security. Physical components, network services and troubleshooting are also treated in depth. Students will explore a variety of topics including installation procedures, security issues, back-up procedures and remote access. Network Operating Systems is an intensive introduction to multi-user, multi-tasking network operating systems from both generic and vendor specific perspectives. Credit: 3 semester hours.

1041 Voice Over IP (VoIP)
Prerequisite: NET1015. The telephony infrastructure: how it was built and how it works today, the major concepts concerning voice and data networking, transmission of voice over data, and IP signaling protocols used to internetwork with current telephony systems. Credit: 3 semester hours.

1051 Networking Regulation
Prerequisite: NET 1015 or CUS 1124 or 1126. United States laws as applied to networks, telecommunications, and computers. International regulations will be studied as needed. Credit: 3 semester hours.

1061 Advanced Routing I
Study of Cisco router connectivity in LANs and WANs at medium-to-large network sites, and the methodology for selection and implementation of Cisco IOS services for building scalable, routed networks. Topics include: basic network and routing protocol principles; introduction of both IPv4 and IPv6; review of EIGRP, OSPF, and BGP; exploration of enterprise Internet connectivity; discussion of routing updates and path control; and presentation of today’s router security best practices. Credit: 3 semester hours.

1062 Advanced Switching II
Prerequisite NET 1061. The study of the design and architecture of switched networks through key technologies vital to implementing a robust campus network. Students will learn, step-by-step commands for configuring Cisco switches to control and scale complex switched networks. The course covers the International Standards Organization Model Level 2 (the data link layer at which switches operate), infrastructure security and infrastructure services. The focus of the course is on the network switch including its place and function in the network; how to configure or program the switch and how to design networks utilizing the switch’s functionality, efficiencies and security features. Credit: 3 semester hours.

1091 Networking Internship
Prerequisite: Permission of the Director. Supervised practical experience to further prepare majors for their professional careers. Only open to juniors and seniors majoring in networking and telecommunications. Credit: 3 semester hours.

Philosophy (PHI) (Queens)
Students pursuing an associate degree are required to complete PHI 1000C. Students pursuing a bachelor’s degree are required to complete PHI 1000C, one course from the 1020 series, and PHI 3000C.

1000C Philosophy of the Human Person
See description under University Core Courses. Credit: 3 semester hours.

1020=2220C Ethics
Prerequisite: PHI 1000C. Human happiness and the essential means of achieving it; universal and objective morality vs. relativism and subjectivism; principles used in formulating a rational moral judgment; the functions of law and the conscience; prudence and the moral virtues as the heart of the moral life. Credit: 3 semester hours.

1021 Moral and Political Philosophy
Prerequisite: PHI 1000C. A critical analysis of the interdependence of concepts of moral good and human nature and theories of the ideal or best state in the major political and social philosophies of the Western tradition. Credit: 3 semester hours. Fall.

1022=2220C Business Ethics
Prerequisite: PHI 1000C. The development of the general principles of the moral life in regard to happiness and the means to attain happiness. The objective moral principles which impact on one’s life in its various dimensions—personal, familial, social and political. Special emphasis is placed on the application of ethical principles to accounting, economics, finance, management and marketing. Credit: 3 semester hours.
1023 Issues and Arguments in Bioethics
Prerequisite: PHI 1000C. A philosophical analysis and evaluation of ethical positions and arguments in medical science and practice and in the life sciences. The course begins with a survey of the major ethical theories and uses them to analyze and evaluate such issues as abortion, euthanasia, cloning, and stem cell research. Credit: 3 semester hours.

1024 Media Ethics
Prerequisites: PHI 1000C. This course is designed for students planning careers in a variety of mass media such as advertising, print, electronic and photojournalism, public relations, and television and film. It will prepare them to confront and resolve ethical issues that they may encounter as media practitioners. Credit: 3 semester hours.

1025 Bullying and Moral Responsibility
Prerequisite: PHI 1000C. A philosophical and moral inquiry into the contemporary issue of bullying. The nature of bullying will be explored as a foundation for moral evaluation through the application of traditional ethical theories. Close attention will be paid to 21st century bullying, cyber-bullying. Subsequent to the drawing of ethical conclusions, students will collaborate with public relations practicum students on an academic service learning project, developing an anti-bullying on campus campaign. Credit: 3 semester hours.

1040 Topics in Philosophy and Literature
Prerequisite: PHI 1000C. A critique of various aspects of Western culture and philosophical themes in Western literature such as human nature, the soul, the nature of good and evil, free will and moral responsibility, and the nature of God and man’s relationship with God. Credit: 3 semester hours. Spring.

1050 Logic
An introduction to the principles of formal and informal reasoning that are essential to the development of skills needed to critique arguments, construct sound powerful arguments, and recognize and avoid common fallacies. Credit: 3 semester hours.

3000C Metaphysics
See description under University Core Courses. Credit: 3 semester hours.

Photography (PHO)

1500 Photography and Society
This course examines photography’s cultural, psychological and ethical impact. Since the nineteenth century, photography has changed the structure of society from how we perceive war to our own memories The masters as well as the evolution of photography from historical document to art object to Instagram will be explored as a way of investigating how the photograph has (and continues to) shape attitudes. Credit: 3 semester hours.

2100 Digital Photography Fundamentals
This course will introduce students to the fundamentals of digital photography. As an introductory course, emphasis will be on students mastering the language, mechanisms, techniques and formats (RAW, DNG, TIFF and JPEG) of digital photographic production, while developing their compositional and aesthetics skills in taking pictures. Experimentation will be encouraged so students begin to develop an individual style. A review of career opportunities for the professional photography will also be discussed. (A DSLR is required.) Credit: 3 semester hours.

2200 Digital Darkroom
Prerequisite: PHO 2100. This course will build upon the skills acquired in Digital Photography Fundamentals with greater emphasis placed on developing an individual style and a deepened appreciation of composition, subject matter and lighting techniques. Students will master the process of digital photographic production using digital darkroom software; i.e., how to import and organize digital assets into libraries, edit metadata, and build digital catalogs. The bulk of the course, but will be on students retouching photographs, creating good black and white prints and exploring more experimental and aesthetic versions of their work. Production for web portfolios, slideshows, and time-lapse movies will also be covered. (A DSLR is required.) Credit: 3 semester hours.

2201 Photojournalism
Prerequisites: PHO 2100 and PHO 2200. This course will instruct students on the history, principles and practices of photojournalism, as well as using photography as a means of documenting, communicating and translating the course of human events. Students will examine and debate photojournalistic ethics and the law, as well as learn about historical and contemporary photojournalists. (CF: JOU 1200) (A DSLR is required.) Credit: 3 semester hours.

3200 Commercial Digital Photography
Prerequisites: PHO 2100 and PHO 2200. This course will emphasize students developing an aesthetic style with a deepened appreciation composition, subject matter and lighting techniques as they apply to photographing for magazine features, catalog and web illustration, and public relations. Through this course, students will develop a critical understanding of historic and contemporary photographers, and their influence on modern attitudes and popular culture. The work of photographers Annie Leibovitz and Richard Avedon will be explored in depth. Students will be encouraged through a variety of assignments to explore different forms of portrait and illustration photography, and create a final project that demonstrates strong technique and individual aesthetics. (A DSLR is required.) Credit: 3 semester hours.

4200 Documentary Photography
Prerequisites: PHO 2100, PHO 2200, PHO 2201. This course examines documentary photography as a medium for exploring and examining the individual, social, and political complexities of modern life. Students will be asked to critically study the impact the extended photo essay has had on our perceptions of the American and global identities. The goal is to get students thinking about the power the visual image has in communicating broad as well as narrow ideas of human interactivity. Students will be responsible for creating a photo documentary of their own choosing but will be subject to instructor’s approval. This project will be presented in a printed book, web gallery and photo Podcast. (CF: JOU 1200). (A DSLR is required.) Credit: 3 semester hours.

4600 Digital Photography Portfolio
Prerequisites: PHO 2100, PHO 2200, PHO 2201, PHO 3200, PHO 4200. This course will concentrate on students creating three unique traditional and digital photography portfolios, a résumé, and other branding materials to prepare them for a career in professional photography. Areas covered will be traditional print portfolios as well as digital portfolios such as slideshows, Podcasts, PDF books, and web galleries for presenting and exhibiting their work. Current market opportunities for the professional photographer will be covered in depth. (A DSLR is required.) Credit: 3 semester hours.

Physics (PHY)
(Queens)

1001 The Physical Universe
An appreciation and understanding of the physical world through a historical development of the methods, principles and concepts of the physical sciences. Topics include motion, heat, electricity, magnetism, elements of matter, atom models, nuclear physics and astronomy. Designed for students whose career objectives are not in the physical or natural sciences. (SI) SCI 1520. Credit: 3 semester hours.

1002 Practical Physics and Modern Technology
This course is intended to explain new technologies as practical applications of the physical sciences. It covers laser scanners, Doppler radar, particle beam weapons, surveillance cameras, computers, communication satellites, cable TV, and other modern topics. Credit: 3 semester hours.

1003 Perspectives in Astronomy
The formation of the solar system; description of the sun, the planets and moons of our solar system; the birth and death of stars; the Milky Way and other galaxies; the Big Bang and other cosmological theories of our expanding universe. (Not open to students who have taken PHY 6.) NDC: PHY 58. Credit: 3 semester hours.
1009 Elementary Physics I  
Corequisite: MTH 1009. A mathematical introduction to the fundamental laws and principles of mechanics, heat, wave motion and sound. Credit: 3 semester hours.

1010 Elementary Physics II  
Corequisite: MTH 1009. A mathematical introduction to electricity, magnetism, optics and modern physics. Credit: 3 semester hours.

1031 Physical Science for the Elementary Education Major  
Introduces prospective elementary school teachers to important concepts of physics, chemistry, and earth science. Topics covered include the scientific method and the role of measurement matter and energy with emphasis on elements mixtures, compounds and potential energy kinetic energy. Open only to elementary education majors. Credit: 3 semester hours.

Political Science (PSC)  
(Queens)

1001 American National Government  
The nature of United States federalism; the structure and work of the national government, the executive branch; the Congress, with emphasis on its committee system and executive-legislative relationships; the federal judiciary with reference to appropriate constitutional cases, and the departments and administrative establishments. (SI) GOV 1030. Credit: 3 semester hours.

1002 The American Political System  
The democratic character of the American political system as expressed through national party politics; their interaction with America’s role in foreign affairs; selected principles and institutions of political science. Credit: 3 semester hours.

Psychology (PSY)  
(Queens)

1001 General Psychology  
An introduction to scientific psychology and its methods. (SI) PSY 1020. Credit: 3 semester hours.

1002 Educational Psychology  
A study of intellectual functioning, individual differences, problems of learning, motivation and study habits. (SI) PSY 2050. Credit: 3 semester hours.

1003 Lifespan Development  
Psychology of the developmental stages from childhood through adolescence and adulthood. Credit: 3 semester hours.

1004 Early Development  
This course examines human development from conception through the prenatal period, birth processes, infancy, young and middle childhood. Physical, cognitive, language, social, and personality development are also explored. Credit: 3 semester hours.

1005 Adolescent Psychology  
The physical, intellectual, emotional, and social aspects in the development of the personality of the individual in the transitional period between childhood and maturity. Credit: 3 semester hours.

1006 The Psychology of Adulthood  
This course examines human development from young adulthood through “middlehood” and adulthood. Physical, cognitive, social, and personality growth and changes are explored. Particular emphasis is given to topical and cross-cultural issues. Credit: 3 semester hours.

1007 Abnormal Psychology  
Prerequisite: PSY 1001. An introduction to abnormal psychology dealing with the major causes of abnormal psychological behavior and therapeutic treatment of the abnormal personality. (SI) PSY 2200. Credit: 3 semester hours.

1008 Introduction to Psychotherapy  
Prerequisite: PSY 1001. An introduction to the basic principles involved in psychotherapy. Open to baccalaureate students only. Credit: 3 semester hours.

1009 The Psychology of Aging  
An examination of the latter stages of the developmental process, exploring the intellectual, emotional and social consequences of aging. Special attention is devoted to the programs, facilities and institutions for the elderly. Credit: 3 semester hours.

1010 The Psychology of Aggression and Destructiveness  
Introduces the student to the anatomy of human destructiveness in a world in which violence and aggression in every form seem to be increasing. The course analyzes the epidemiology of malignant aggression and destructiveness and conditions that elicit the destructive character. Mini-session only. Credit: 3 semester hours.

1017 Social Psychology (formerly SOC 1017)  
An analysis of human behavior in terms of the influences of social and cultural forces. (SI) PSY 3320. Credit: 3 semester hours.

1018 The Psychology of Death and Dying  
An examination of the genesis and development of present-day attitudes and behavior toward death. Issues included are an analysis of the different theories of death and an examination of how different societies handle their dying and ritualize death. Credit: 3 semester hours.

1019 The Psychology of Prejudice and Discrimination  
An examination of the theoretical, historical, and functional aspects of prejudice and discrimination. Research in the areas of interpersonal relations, group dynamics, social power and personality assessment is included. Special attention is devoted to racism, anti-semitism, sexism, ageism and homophobia. Credit: 3 semester hours.

1021 Person-Centered Psychology  
This course offers the student an opportunity to create an environment which enables people from all cultures to build skills in the person-centered approach to psychology. Emphasis is placed on cross-cultural communication which can be used in the fields of education, psychotherapy, personal counseling, social work, industrial relations and management. Credit: 3 semester hours.

1022 The Psychology of Women  
A course designed to introduce the topic of women in a framework of psychology. Emphasis is placed on sex-role stereotyping for males and females, as well as on the numerous and varied roles women perform in today’s society. Credit: 3 semester hours.

1023 Women’s Issues in Mental Health  
This course explores issues in the relationship between women and the field of mental health. It examines the treatment of women by mental health practitioners, psychological theories of women’s mental health and women’s role in therapy. Credit: 3 semester hours.

1025 Organizational Psychology  
This course examines the major theories, models, research techniques and findings of the social science of organizational psychology. The focus is on the theoretical and the applied. Credit: 3 semester hours.

Public Relations (PUBR)  
(Queens)

2100 Principles of Public Relations  
Prerequisite: COM 1001. This survey course introduces students to the theory, history, and practice of public relations. Coverage includes examination of the public relations function and its role within all types of organizations. Students examine ethics and study the range of roles and responsibilities of a public relations practitioner. Credit: 3 semester hours.

2301 Public Relations Writing  
Prerequisite: PRL 2100. In this course students learn about the theory and practice of public relations writing by completing a range of communication writing pieces including pitch letters, fact sheets, backgrounder, news releases, and brochures. Students learn critical skills of the field and examine all types of print, broadcast, and internet writing techniques. Credit: 3 semester hours.

3250 Corporate Video Design and Production  
Corporate video design and production engages students to use digital video technology, graphic design, editing, web design, and animation to create corporate video projects. The course focuses on teaching students how to develop an idea and client brief, execute pre-production (script writing and planning), production (location and shooting),
post-production (editing, graphics, voice-overs, music, animation, and output), and Web publishing to various social media platforms and their own video portal Website. Credit: 3 semester hours.

3400 Public Relations Strategies
Prerequisite: PRL 2100. Students learn from case study analysis and apply this knowledge to pragmatic communications problems and planning. Students develop general communication strategies, use public relations actions to support managerial decisions, and evaluate the effectiveness of public relations activities. Credit: 3 semester hours.

3401 Public Relations Practicum
Prerequisite: PRL 3400. This advanced public relations course introduces and involves students in the applied theories, concepts, technology, interpersonal skills, and writing skills used in organizational communication. Focus is on practical application of exploring and executing the role of the corporate (in-house) and non-profit public relations professional while working on a pro bono project with a sponsor organization. Credit: 3 semester hours.

3402 Special Event Publicity
Prerequisites: PRL 2100, PRL 2301, HMT 1061. This advanced public relations course will introduce and involve students in the special event publicity and planning process within corporate communications departments. This course engages the student to use of strategy and writing to publicize corporate events. Students will examine aspects of promoting and executing a successful special event: the planning stages, production schedules, external publicity, and on-site event coverage for corporate in-house events, fund raisers, trade shows, and annual meetings. Credit: 3 semester hours.

3403 Special Topics
Prerequisite: PRL 2100. This course will examine prevailing issues of importance in Public Relations. Specific topics will vary and will be based on current industry issues. Credit: 3 semester hours.

4600 Seminar in Public Relations Campaigns
Prerequisite: PRL 3400. This course focuses on the development of public relations campaigns and examines event planning. Students participate in team-based projects that utilize client and audience research, which culminate in the creation and execution of action-based communication campaigns. Credit: 3 semester hours.

4601 Public Relations Portfolio Seminar
Prerequisites: PRL 2100 and PRL 2301. This course provides students with an opportunity to develop a digitally designed, print-based portfolio book, and a multimedia-based web portfolio. Instruction includes conceptualization through personal reflection, categorization of works, and production of a public relations portfolio for print and the Internet. Portfolio-based interview techniques, résumé, and cover letter development, and professional interviewing and presentation skills are covered. Students use a variety of digital tools to create their portfolios. (Cf: ADV 4600.) Credit: 3 semester hours. Open to juniors and seniors only.

5001, 5002, 5003, 5004 Public Relations Internship
Prerequisite: Permission of Director or Chair. Students gain public relations job experience in leading corporations and agencies in the entertainment, music, sports, human services, marketing, non-profit, government, and public relations sectors. Interns work in off-campus settings performing public relations activities that help introduce them to the profession. Credit: 3 semester hours. Open to juniors and seniors only.

Science (SCI)
(QUEENS, STATEN ISLAND)

1010 Science, Technology and Society
This course provides an overview of the sciences and of the processes involved in scientific inquiry. The interconnections between science and technology are investigated as well as their relations with society. Specific examples of technological advances, their scientific bases and their effects on society are discussed. No prerequisites. Primarily for Communication Arts and Journalism majors. Credit: 3 semester hours.

1011 Science, Technology and the Public in the 19th Century
This course, co-taught by a scientist and a historian, is an investigation of the science and technology of the 19th century and how they were presented to the public. The major scientific discoveries of the century are reviewed, including the atomic theory, evolution, and electromagnetism and their impact on the culture of the time. Credit: 3 semester hours.

Sociology (SOC) (Q)

1001 General Sociology
This is an introductory course about the nature of sociology, including the sociological perspective, principal theories, and the sociological method. Key topics are socialization, culture, deviance, groups and organizations, and inequality, as it relates to class, gender, and race/ethnicity. Credit: 3 semester hours. (SI) SOC 1010.

1002 Sociology of Institutions
Analyzes social institutions in contemporary society. Key institutions such as the economy, politics, family, religion, education and health are studied in detail. Credit: 3 semester hours.

1003 Group Dynamics
Prerequisite: SOC 1001. This course is about the dynamic nature of human group interaction and process. Key group characteristics, such as pressures to conformity, leadership, authority, power and influence, are examined in detail. The course provides students with the opportunity to develop practical skill through the analysis of group meetings, the transactions of its members and individual group adjustment. Credit: 3 semester hours.

1004 Organizational Sociology
Prerequisite: SOC 1001. This course examines the nature of organizations in American society, including their structures and outcomes. Key substantive areas of analysis include organizational processes, such as power, leadership and change, and organizational environments and interorganizational relationships. Credit: 3 semester hours.

1005 Introduction to Women's Studies
This course traces the development of women’s studies as an academic field of inquiry. The specific concepts, issues, and methods of the field are explored in relation to their historical development and current articulations. These include gender construction and gender relations, systems of oppression and domination, the movement toward self-determination and social change. Credit: 3 semester hours.

1007 Sociology and Television
Television, as an important social institution, will be examined in terms of its reflection of and influence on society. The effects and messages of television programming are studied in detail with the intention of cultivating a critical interpretive eye in the viewer. Credit: 3 semester hours. Open to CAS majors as a free elective only.

1011 Urban Sociology
Prerequisite: SOC 1001 or 1002. This course examines the history, organization, and dynamics of life in American metropolitan areas—both cities and suburbs. Topics to be covered include community and neighborhood, urban lifestyles, ethnicity/race, crime, and inequality. Credit: 3 semester hours. (SI) SOC 63.

1020 Sociology of Violence in American Culture
“Is violence part of the American way?” The existence of violence examined in diverse cultural practices ranging from interpersonal relationships, child rearing, sports, television and movies. The functions of violence are examined and alternative cultural practices are evaluated. Credit: 3 semester hour. Free elective only. Intersession and pre-session only.

1021 Sociology of Community
The course examines the varied aspects of community life in general. Particular emphasis is placed on the economic, social, political and
religious aspects of community development. The classes are devoted to identification of critical problems involving community, and include films and field trips. 3 credit hours. Intersession, pre-session and post-session.

1025 The Sociology of Sport
An examination of the development and dynamics of sport in American society and an analysis of the social-psychological and social structural aspects of sport. Credit: 3 semester hours.

1026 Sociology of Deviance
This course examines deviant behavior, both historically and as it exists in contemporary society. The changing nature of deviance and deviants is an essential aspect of the course. Emphasis is placed on theoretical interpretations of deviance, as well as on concrete topics, such as deviance of elites, mental illness, deviance associated with male domination (domestic violence, rape and prostitution, for example) and sexual variance. Credit: 3 semester hours.

1027 Multi-Cultural Images in the Visual Media
This course explores the diverse range of multicultural images that have appeared in the visual media. These images are analyzed within a sociological perspective that assumes the media contributes to the reflection of society and the production of individual consciousness. Credit: 3 semester hours.

1028 The Sociology of White Collar Crime
The course examines the magnitude and costs of white collar crime. Particular emphasis is placed on employee theft, embezzlement and computer crime, fraud and deception, bribery and corruption, unfair business practices, violation of civil liberties, violations of worker safety laws, environmental crimes and unsafe business products. Different theories and solutions are presented. Credit: 3 semester hours.

1029 The Italian-American Experience
The Italian-American family and community from 1880 to the present are examined. Economic, social, political and religious experiences of this group are analyzed. Credit: 3 semester hours.

1031 The Sociology of Work
This course surveys the sociology of work from classical and contemporary perspectives. Students examine contrasting sociological theories so as to gain an understanding of the complexity of the subject, including macro theories that offer perspectives on how work is organized and micro theories that identify and explain the patterns of behavior of individuals in organizations. Credit: 3 semester hours.

1032 The Sociology of Thriller Films
This course will offer a sociological examination and analysis of thriller films, including the thriller film as genre, the content of thriller films and reasons for the pervasive and widespread attraction of thriller films in Western society. Various theoretical perspectives will be utilized in the analysis, including symbolic interactionism, Freudian theory, Marxist theory and Mertonian functionalism. Credit: 3 semester hours.

Speech (SPE) (Queens)

1000C Public Speaking for the College Student
See description under University Core Courses. Credit: 3 semester hours.

1005 Group Communication
Prerequisite: SPE 1000C. A study of how groups interact with one another. Participation and leadership roles; learning to negotiate, define issues, and conduct panel discussions; feedback in group discussion; and status, power, self-defense is reviewed. Credit: 3 semester hours.

1010 Speaking for Success
Prerequisite: SPE 1000C. A course designed for the student who wishes to speak more effectively both professionally and socially. A practical approach to improving speaking skills. Credit: 3 semester hours.

1012 Oral Presentation of American Multi-Cultural Literature
Prerequisite: SPE 1000C. Students deliver readings chosen from a wide variety of multi-cultural literary backgrounds, including, among others, African-American, Hispanic-American, Asian-American, Irish-American, Italian-American and Jewish-American. Credit: 3 semester hours.

1014 Persuasion and Debate
Prerequisite: SPE 1000C. Application of persuasive communication for contemporary issues and problems. Ways of preparing and delivering persuasive messages. Debate theory and practice, including reasoning, analysis, critical thinking, use of evidence and strategies. Credit: 3 semester hours.

Sport Management (SPM) (Queens, Staten Island)

1001 Principles of Sport Management
This introduction to the professional area of sport management discusses basic philosophy and principles of sport at all levels. The term sport refers to all recreational competitive sports, exercise and fitness activities and dance. Management encompasses the activities associated with administration, supervision and leadership. Credit: 3 semester hours.
1021 Internship in Sport Management
For description, please see SPM 1301.  Credit: 9 semester hours.

1022 Sport Marketing
Prerequisite: MKT 1001. Techniques of marketing for individual and team sports on a professional and college level are studied. Credit: 3 semester hours.

1032 The Economics of Sport
Prerequisite: ECO 1001. A study of contemporary sports using an economic approach. Issues including the wages of professional athletes, the impact of competitive balance on team profits, the alleged exploitation of student-athletes, and the pricing of television rights are subjected to economic analysis. Public policy issues such as antitrust legislation and the public financing of arenas and stadiums are also examined. Credit: 3 semester hours.

1033 Sport Ethics and Social Justice
An analysis of the meaning of social justice and how it is applicable to the sport industry. The course considers the question of when, where, under what conditions, and how sports might become a vehicle for promoting social change nationally and internationally. The role and responsibilities of athletes, leagues, governing bodies, corporations, governments, and non-for-profit organizations are examined. Credit: 3 semester hours.

1034 Sport Sales Management
An examination of effective sales management practices in the sport industry. A required part of the course is a practicum in which students will participate in sales and/or fundraising efforts with a professional, intercollegiate, or charitable sport organization. Credit: 3 semester hours.

1035 Sports Analytics
Examines the theory, development, management, practices and applications of analytics in sports. Students will learn about how sports analytics are practiced at various levels (ranging from coaches and athletes to paid sports analysts), used and managed within sport organizations, and applied by various stakeholders (fans, players, coaches, management/ownership, and league officials). Credit: 3 semester hours.

1036 Social Media in Sport
An examination of how social media affects sport. Students will learn to critically analyze and develop social media strategies using a variety of online applications. Related theory and best practices will establish how social media influences media professionals and their various stakeholders while enhancing students' own digital literacies. Credit: 3 semester hours.

1050 Principles, Philosophy, and Organization of Athletics in Education
An introduction to the integral role of athletics in general education. Topics include state, local and national regulations and policies related to athletics; legal considerations; function and organization of leagues and athletic associations in New York State; personal standards for the responsibilities of the coach as an educational leader; public relations; general safety procedures; and general principles of school budgets, records, purchasing and use of facilities. Credit: 3 semester hours.

1051 Health Sciences Applied to Coaching
This course is an overview of health sciences applied to sport/anatomy, exercise physiology, and sport psychology. The physical conditioning of athletes, pharmacology in sports, use of licit and illicit drugs; prevention and care of athletic injuries, therapeutic modalities, and sport nutrition are also examined. Credit: 3 semester hours.

1052 Theories and Techniques of Effective Coaching
Examines the theoretical perspectives and assorted concepts related to coaching in a variety of settings, including primary and secondary school, colleges and recreation programs. Specific topics considered will be performance skills, technical information, and effective organization and management practices. The training and conditioning of the athletes in specific sports, equipment fitting and specific safety precautions along with officiating methods will be introduced. Special attention will be given to the development of New York State interscholastic athletics. Credit: 3 semester hours.

1053 Practicum in Athletic Coaching
Prerequisite: Permission of Chair or Program Director. Field experience as a sport coach with a sport organization under the supervision of a faculty member to develop knowledge and skills in the application of the principles and practices of sport coaching in a non-classroom setting. Credit: 3 semester hours.

1200 Introduction to Production
Required for all production series classes. An introduction to the problems and procedures of one-camera cinematic communication, with an emphasis on the basic craft elements and techniques of shot determination, composition, camera movement, exposure, sound recording, editing, story telling and documentation. Credit: 3 semester hours.

1400 Motion Picture Industry Practices I
Students learn theory and practice of audio techniques for radio, television and film production. Sound recording, audio board operation, microphone use and software based programs are covered. Laboratory fee: $30. Credit: 3 semester hours.

1501 Contemporary American Television I: The Early Years
An examination of American television from 1948 to the late 1960s, covering the development of prime time, day time, children’s programming and news. Credit: 3 semester hours.

1502 Contemporary American Television II: A Time of Innocence, A Time of Change
The changes in content and programming in American television since 1970. Topics include the development of television genres, the influence of new technologies, and television’s effect on its audience. Credit: 3 semester hours.

SPM 2000 courses are International Sport Management Study Abroad Courses

2000A International Sport Management: The Emergence of Modern Sport
The course examines the following processes: The medieval roots of modern sports forms, the emergence of modern sports and its link with the process will be considered. Credit: 3 semester hours. Study abroad course – additional fees will apply.

2002A Strategic Thinking in the Management of Sport
This course explores the basic concepts of strategic business management as they relate to sport organizations. Students will be exposed to various methods of strategic planning and measuring organizational effectiveness. Attention will be focused on the differences between the North American and European models of sport. Credit 3 semester hours.

Television and Film (TVF)
(Queens)

Credit: 3 semester hours.

1401 Internship in Sport Management
Field experience with a sport or charitable sport organization. Credit: 3 semester hours.

1402 Practicum in Athletic Coaching
Prerequisite: Permission of Chair or Program Director. Field experience as a sport coach with a sport organization under the supervision of a faculty member to develop knowledge and skills in the application of the principles and practices of sport coaching in a non-classroom setting. Credit: 3 semester hours.

1403 Theories and Techniques of Effective Coaching
Examines the theoretical perspectives and assorted concepts related to coaching in a variety of settings, including primary and secondary school, colleges and recreation programs. Specific topics considered will be performance skills, technical information, and effective organization and management practices. The training and conditioning of the athletes in specific sports, equipment fitting and specific safety precautions along with officiating methods will be introduced. Special attention will be given to the development of New York State interscholastic athletics. Credit: 3 semester hours.

1404 Motion Picture Industry Practices II
Current procedures in the film industry, the functions of the various contributors to a film, film grammar, theory and analysis. The course is designed for students who wish to know how Hollywood movies are made. Credit: 3 semester hours.

1503 Contemporary American Television II: The Early Years
An examination of American television from 1948 to the late 1960s, covering the development of prime time, day time, children’s programming and news. Credit: 3 semester hours.

1504 Contemporary American Television III: A Time of Innocence, A Time of Change
The changes in content and programming in American television since 1970. Topics include the development of television genres, the influence of new technologies, and television’s effect on its audience. Credit: 3 semester hours.

1505 Contemporary American Television IV: A Time of Innocence, A Time of Change
The changes in content and programming in American television since 1970. Topics include the development of television genres, the influence of new technologies, and television’s effect on its audience. Credit: 3 semester hours.
1503 Special Television Studies
This course will cover a single aspect of television history and/or aesthetics. Class content will vary from term to term. Genres may include: sit-coms, news, game shows, soap operas, talk shows, reality programming, or drama. Credit: 3 semester hours.

1504 Film Rhetoric
Prerequisite: TVF 1400. An examination of how photography, composition, editing, story and theme play a role in a feature length film, video, TV commercial or comedy. Credit: 3 semester hours.

1506 Hollywood Films of the Studio Era
The development of the Hollywood studio system from 1927 to the mid-1960s with emphasis on the genres, directors and stars. Credit: 3 semester hours.

1507 International Cinema
An introduction to the history, aesthetics and auteurs of the foreign cinema from France, Germany, Italy, Sweden, Japan, Russia, and Eastern Europe are screened. Credit: 3 semester hours.

1508 Contemporary Cinema
An examination of trends in theatrical motion pictures from 1970 to the present. Students learn to critically analyze film's cultural content, style and influence on contemporary practices. Credit: 3 semester hours.

1509 The Hollywood Musical
The development of the Hollywood musical film from the arrival of sound to the present. Emphasis is placed on genres, auteurs and the comparisons between musical films and Broadway productions. Credit: 3 semester hours.

1510 Special Cinema Studies
Topics change each semester: for example, 1526.01–Woody Allen; 1526.02–Alfred Hitchcock; 1526.03–Westerns; 1526.04–Italian Cinema; 1526.05–Science Fiction; 1526.06–Screen Comedy. Credit: 3 semester hours.

1511 East Asian Cinema
A survey of trends in film production in East Asia on the cinema of Japan, Hong Kong, the Republic of China and the People's Republic of China since the end of WWII to the present. Credit: 3 semester hours.

1512 American Film of the Independent Era: 1960-1990
An examination of the American motion picture industry from the late 1960s, the era of non-studio financing of feature films, to the reconstitution of the studio structure in the late 1980s-early 1990s. Film is studied as a “popular art” with emphasis placed on its formal aesthetic development and its thematic connections with American society at the time. Credit: 3 semester hours.

2201 Editing Adobe Premiere
Prerequisite: TVF 1200. A hands-on workshop, introducing a non-linear editing system, Adobe Premiere, that is used in various professional settings. Students will learn the equipment, procedures and techniques of editing while using this non linear editing application. Each class will be a combination of theory and practice. Students will learn to master this craft by a combination of in-class demonstrations and by completing their own projects. Laboratory fee: $30. Credit: 3 semester hours.

2202 On Camera Presentation
Prerequisite: SPE 1000C. A performance course covering the skills needed for on-camera work including multi-camera acting, hosting and news reading. Laboratory fee: $30. Credit: 3 semester hours.

2203 Editing: Final Cut
Prerequisite: TVF 1200. A hands-on workshop in non-linear editing technique using Final Cut Studio. Students learn to master both the technical and aesthetic aspects of the craft by doing their own editing projects. Laboratory fee $30. Credit: 3 semester hours.

2204 Editing: Avid
Prerequisite: TVF 1200. A hands-on workshop in non-linear editing techniques using AVID Media Composer. Students learn to master both the technical and aesthetic aspects of the craft by doing their own editing projects. Laboratory fee $30. Credit: 3 semester hours.

2205 Digital Cinematography
Prerequisite: TVF 1200, TVF (2201 or 2203 or 2004) and TVF 2205. A hands-on camera craft workshop that provides a practical approach and technical knowledge as well as visual aesthetics of shooting with digital video cameras. Students will explore and master complex digital equipment, software and workflows while also deepening their understanding of classical cinematography. Laboratory fee: $30. Credit: 3 semester hours.

2206 Sound: Production and Post
Prerequisite: TVF 1230. This is a hands-on workshop combined with lectures and demonstrations intended to introduce students to the science and art of audio recording during film and television productions, post-production sound design and mixing. Students will learn the basic skills necessary to record, edit, mix, and output synchronized sound for film and television using Pro Tools software application. Laboratory fee: $30. Credit: 3 semester hours.

2207 Introduction to Motion Picture Graphics and Animation
Prerequisite: TVF 1200. An introduction to designing two-dimensional, motion graphics for television and film. Included will be the examination of thematic elements in a visual narrative, identifying good composition as it relates to motion design and maintaining conceptual continuity. Skills learned will be in the use of the most current software. Credit: 3 semester hours.

2210 Animation 2-D
Prerequisite: TVF 1200 and TVF 2207. Students learn fundamentals of 2-D animation, content development in animation and new design concepts utilizing current animation software. Credit: 3 semester hours.

2211 Animation 3-D
Prerequisite: TVF 2210. Covers basic areas of three dimensional modeling, digital animation, nubs, polygons, lighting, texturing and rendering. Students will create three dimensional animations focusing on entertainment and corporate projects scenarios. Credit: 3 semester hours.

2220 Introduction to Character Design and Animation
Prerequisites: TVF 1200 and TVF 2207. A project based class that teaches how to conceive, develop and model an animated character with a personality, and a range of body and facial expressions. Lectures and labs will focus on modeling base characters with an emphasis on students designing and creating 2D and 3D animated characters for film, television and multimedia. Credit: 3 semester hours.

2221 Introduction to Environment Design in Animation
Prerequisites: TVF 1200 and TVF 2207. Lectures and labs will focus on the creation of environments in animation with emphasis on the principles of environment design in relation to the scenario of a narrative-based animation. There will be a firm focus on concept, research and execution of the final design within a chosen genre of storytelling. Credit: 3 semester hours.

2301 Screenwriting: Television
Prerequisite: ENG 1000C and ENG 1100C. Students write all materials necessary to produce a TV series, including the story concepts, character attributes, head and tail bumpers, and a series of scripts ready for production. Credit: 3 semester hours.

2302 Screenwriting: Documentary
Prerequisite: ENG 1000C and ENG 1100C. An examination of the forms and techniques of documentary, educational and other nonfiction film and video productions. Students develop scripts from treatment to completed screenplay. Credit: 3 semester hours.

2303 Screenwriting: Narrative
Prerequisite: ENG 1000C and ENG 1100C. Covers the forms, methods, and techniques of dramatic writing for motion pictures and television. Students develop their own scripts from the idea stage to complete screenplay. Credit: 3 semester hours.
2402 The Business of Television
Prerequisite: MKT 1001. Television is discussed from the client, agency and network station standpoints, with emphasis placed on the buying, planning, selling, and negotiating processes. Credit: 3 semester hours.

2403 Broadcast Operations
Prerequisite: COM 1001. An examination of the electronic and digital technologies of mass media. Topics include technological background of broadcast, cable, satellite, computers, fiber optics, and digital television. Credit: 3 semester hours.

2510 Production Design and Art Direction
Using film and television studios in New York City, the role of production design and art direction in film and television will be examined. Laboratory fee: $30. Credit: 3 semester hours.

3200 Television Production II
Prerequisite: TVF 2201 and (2203 or 2204). A workshop providing additional hands-on experience in camcorder operation, technical directing, and audio. Technical aspects of production are stressed. Laboratory fee: $30. Credit: 3 semester hours.

3203 Documentary Production
Prerequisite: TVF 2205 and TVF (2201 or 2203 or 2204). A production class covering the conception, pre-production, production and post-production of the documentary form. Laboratory fee: $30. Credit: 3 semester hours.

3204 Television Field Production
Prerequisite: TVF 2205 and TVF (2202 or 2204). A hands-on class introducing the procedures, techniques and equipment used in television field production. Students light, shoot, and record in a variety of field situations. Laboratory fee: $30. Credit: 3 semester hours.

3205 Narrative Production
Prerequisite: TVF 2205 and TVF (2201 or 2203 or 2204). A studio course introducing the problems and procedures of writing, producing, directing, and editing one-camera fiction video. Laboratory fee: $30. Credit: 3 semester hours.

3206 Advertising Commercial Production
Prerequisite: TVF 2205 and TVF (2201 or 2203 or 2204). A studio course introducing the problems and procedures of writing, producing, directing, and editing one-camera advertising videos (television and internet commercial). Credit: 3 semester hours.

3207 Compositing and Processing
This course is designed to create advanced compositing projects using motion graphics, visual effects and chroma-key live action shots that meet the demands of television and film industry productions. Refining mattes, keying and tracking techniques, roto-brush, paint and cloning tools and mastering digital image processing for color finishing filmmakers of final projects are covered. Cf: COM 4281. Credit: 3 semester hours.

3220 Film Production
Prerequisite: TVF 2205 and TVF (2201 or 2203 or 2204). A hands-on workshop providing students with a practical approach to 16 mm film making. Students write, shoot and edit their own films. Laboratory fee: $60. Credit: 3 semester hours.

3295 Advanced Graphics
Prerequisite: TVF 2207. Students will explore various methods of manipulating imagery and moving images, from traditional cell animation, to clay-mation techniques to the newest morphing techniques. Credit: 3 semester hours.

3303 Advanced Screenwriting
Prerequisite: TVF 2303 or TVF 2301. Students learn to identify, experience, and master problems of extended visual narrative, in an advanced workshop that covers methods and techniques of extended visual narrative. Credit: 3 semester hours.

3404 Producing Film and Television
Prerequisite: TVF 1400 and MKT 1001. How to produce, sell and distribute film and video productions from pitching an idea; funding; legal considerations, to merchandising and advertising. Limited to juniors and seniors. Credit: 3 semester hours.

3405 Film and Television Production Management
Prerequisite: TVF 1200 or 2200 or 1400. An introduction to the procedures and techniques used in the planning of a film or video production. Useful for students preparing for careers as unit production managers, assistant directors or line producers. Credit: 3 semester hours.

4200 Television Production III
Prerequisite: TVF 3200. An in-depth examination of the advanced skills required in the use of professional video equipment. Laboratory fee: $30. Credit: 3 semester hours.

4205 Directing Film and Television
Prerequisite: TVF 2200 (or 3203 or 3204 or 3205 or 3206) and TVF (2202 or 2204). Introduces the processes of directing single camera film and video. The creative aspects of directing, working with actors, camera placement and visualization are covered. Laboratory fee: $30. Credit: 3 semester hours.

4206 Television Program Development
Prerequisite: TVF 3200 and TVF (2201 or 2203 or 2204) and any other approved television course. An advanced workshop in video production. The class develops and produces their own television production project. Laboratory fee: $30. Credit: 3 semester hours.

4220 Digital Camera Production
Prerequisite: TVF 3220. A hands-on workshop in 16 mm and digital film making. Emphasis is placed on sound recording, cinematography and lighting. Students write, shoot and edit their own sound films. Laboratory fee: $60. Credit: 3 semester hours.

4601 Senior Project
Advanced work in video, film, or graphics under the guidance of a faculty member. Script development, a short film or video, advanced research are suggested topics. Laboratory fee: $30. Credit: 3 semester hours. Open to TV/film studies majors only.

4602 Senior Project II
Advanced work in video, film, or graphics under the guidance of a faculty member. Script development, a short film or video, advanced research are suggested topics. Laboratory fee: $30. Credit: 3 semester hours. Open to TV/film studies seniors only.

4701, 4702, 4703 Television Club Practicum
Prerequisite: Permission of the Faculty Moderator. Active members of the University’s Television Club develop their own video project under the guidance of the club moderator. Credit: 1, 2, and 3 semester hours.

4704, 4705, 4706 Communications Film Club Practicum
Prerequisite: Permission of the Faculty Moderator. Active members of the Communications Film Club develop their own film project under the guidance of the club moderator. Credit: 1, 2, and 3 semester hours.

4707 Television Practicum
Prerequisite: TVF (2200 or 3200) and (2201 or 2203 or 2204). A laboratory course, supplemented by lecture, offering students practical hands-on experience and technical knowledge in the production of iptv through live streaming or recording of on-campus multicamera sports events and interviews. Credit: 3 semester hours.

5001 Television Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional television or video organization with supervised practical experience to further prepare majors for their professional careers. Open to juniors and seniors only. Credit: 3 semester hours.

5002 Film Internship
Prerequisite: Permission of the Director. An off-campus experience with a professional film or video organization, with supervised practical experience to further prepare majors for their professional careers. Open to juniors and seniors only. Credit: 3 semester hours.
Theology (THE) (Queens)

Students pursuing an associate degree are required to complete THE 1000C. All students registered in a bachelor's degree program are required to complete THE 1000C and two other courses, one from the 1040 series and any other course. THE 1000C is a Prerequisite for all other theology courses.

1000C Perspectives on Christianity: A Catholic Approach

See description under University Core Courses. Credit: 3 semester hours.

1001=2100 Introduction to the Bible

Introduction to the history, literary forms and theology of the Old and New Testaments. The Old Testament concentration includes Deuteronomic history, the prophets and wisdom literature. The New Testament concentration includes the Gospels and Pauline literature. Credit: 3 semester hours.

1020=3100 The Gospels of Matthew, Mark and Luke

This course explores the message of and about Jesus of Nazareth found in the oldest written Christian narratives concerning him, called “gospels.” Special attention is given to forces that shaped the memory of Jesus’ story by early Christian communities. Credit: 3 semester hours.

THE 1021 The Historical Jesus: Quest, Methods and Conclusions

Prerequisite: THE 1000C. An introduction to the recent search, methodology and conclusions in the quest for the historical Jesus. The course will outline the three phases in the modern quest, referencing and evaluating the methodologies implied by each phase, and evaluating the proposed conclusions. The relationship between the historical Jesus and the Christ of faith will be foundational in the analysis of the quest. Credit: 3 semester hours.

1030=2200 The Mystery of God

The Christian theology of the triune God, with its implications for issues such as faith and reason, theological language, Christian praxis, and dialogue with other religious traditions. Credit: 3 semester hours.

1040=3300 Christian Responsibility

An overview of Christian ethics, including introductory moral foundations and selected ethical issues in individual and social morality on the basis of Christian revelation. Credit: 3 semester hours.

1042=3300 Moral Theology of Health Care

An exploration of moral decision making as it relates to the health care professions, with attention to specific issues, including the right to health care, social justice and health; conscience, abortion, euthanasia, prolongation of life, genetics, contraception, sterilization, drug use, chemical addition, human experimentation, professional competence, and the principles of governing cooperation. Credit: 3 semester hours.

1045=3230 Christian Marriage

An exploration of the theological, psychological and sociological dimensions of marriage and family life. This course places particular emphasis on marriage as a sacrament, on the sacredness of family, and on the challenges related to contemporary family life. It compares elements of Christian marriage theory and practice with that of other religious traditions. Credit: 3 semester hours.

1050=2810 Religions of the World

A critical introduction to the study of world religions, exploring the beliefs, rituals, and ethical ideals of representative religious manifestations of the past and present. Characteristic traits and patterns in tribal, imperial, naturalistic, mystical, and national religions. Credit: 3 semester hours. Spring.

1054 Christian Philosophical Theology

Prerequisite: THE 1000C. A historical overview of the Catholic philosophical/theological tradition with special attention given to the contemporary relevance of the “faith and reason” approach to understanding God, the world, and human existence. Credit: 3 semester hours.

1055 Religion and Popular Culture

Prerequisite: THE 1000C. An examination of how religion influences and is influenced by popular culture. Students will study such topics as theories in the study of religion, the diversity and stability of American and global faiths, and religion and its impact on various aspects of popular culture, including sport, film, politics, and routine. Credit: 3 semester hours.

THE 1056 Introduction to Hinduism

An introduction to the Hindu religious traditions of South Asia. It will survey the philosophical, theological and ethical teachings of Vaishnavism, Shaivism and Shaktism and the role of ritual, contemplation and renunciation. Special attention will be given to the sacred text of the Bhagavad Gita. The impact of colonialism on India, the emergence of transnational Hinduism, and the Hindu relationship with modernity and the Western world will also be discussed. Credit: 3 semester hours.
Katia Passerini, Dean, Professor of Computer Science, B.A., LUISS University, Italy; M.A., University of Rome II- Tor Vergata, Italy; M.B.A., George Washington University; Ph.D., George Washington University.

Howard Abadinsky, Professor of Criminal Justice, B.A., CUNY, Queens College; M.S.W., Fordham University; Ph.D., New York University.

Cady Luis Abarca, Adjunct Associate Professor, M.F.A., Columbia University.

Marisol Albuin, J.D. Adjunct Associate Professor, B.S., Fordham University; J.D. Fordham University, School of Law.

Vincent J. Accardi, Adjunct Instructor of Sport Management, B.S., St. John’s University, M.A. Stony Brook University.

Joseph Achtziger, Adjunct Associate Professor of Mathematics, B.B.A., St. John’s University; M.S., Polytechnic Institute of Brooklyn.

Rev. Charles Ackerson, Adjunct Associate Professor of Philosophy, B.A., CUNY, Hunter; M.Div., Philadelphia Divinity School; M.A., SUNY, Stony Brook; M.S., Ph.D., SUNY, Albany.

Marianne Albert, Adjunct Assistant Professor of Mathematics, B.S., M.S., St. John’s University.

Lilly Alexander, Adjunct Associate Professor, Ph.D., University of Alberta, Canada.

Oswald Alfonso, Adjunct Professor of Mass Communications, B.A., Fordham University; M.A., CUNY, Brooklyn College.

Michael B. Aloise, Adjunct Associate Professor of Legal Studies, B.A., CUNY, Queens College; J.D., St. John’s University.

Peter Amato, Adjunct Assistant Professor of Theology, B.A. Brooklyn College; M.A., Pennsylvania State University; M.A., Seminary of the Immaculate Conception.

Natalie Amiama, Adjunct Assistant Professor of English, B.A., UC Davis; M.A., SUNY, Stony Brook.

Panayiotis Andreou, Adjunct Associate Professor of Accounting, B.S., St. John’s University; M.B.A., St. John’s University.

Scott Angarola, Adjunct Instructor of Sport Management, B.S., M.S., University of Central Florida; Ph.D., New York University.

Erik Greenberg Anjou, Adjunct Assistant Professor, B.A., Middlebury College, M.A., Northwestern University.

Robert Anziano, Assistant Professor of Heath and Human Services, B.A. Westchester University, M.S., C.W. Post Center, Long Island University.

William Archipoli, Adjunct Professor of Management, B.S., Fordham University; M.B.A., Pace University.

Alla Baeva, Chair, Associate Professor of Television and Film, Chair, Division of Mass Communication, B.S., Belarussian State University, M.A., Minsk State Linguistic University; M.F.A., Florida State University.

Craig Baron, Chair, Division of Humanities Associate Professor of Theology, B.A., York College; M.A., Mount St. Mary’s Seminary; Ph.D., Duquesne University.

Robert A. Barone, Associate Dean/Director Strategic Planning and Budget; Adjunct Associate Professor of Computer Science, B.S., New York Institute of Technology, M.S., Long Island University; M.B.A., Fordham University.

Tara Barry, Adjunct Professor Criminal Justice and Legal Studies, B.A., State University of New York College at Geneseo; J.D., Michigan State University College of Law; Master of Laws, Criminal Law, State University of New York at Buffalo Law School.

Richard Baslaw, Adjunct Associate Professor of Mathematics, B.A., M.S., Long Island University, C.W. Post.

John Behan, Adjunct Associate Professor of Legal Studies, M.S., Fordham University; LL.M., New York University; J.D., Georgetown University; B.A., Villanova University.

Mary Pat Beirne, Adjunct Assistant Professor of Sport Management, B.A., M.A., St. John’s University.

France-Luce Benson, Adjunct Assistant Professor of English, B.F.A., Florida International University; M.F.A., Carnegie Mellon University.

Roland Beredetti, Adjunct Assistant Professor of Criminal Justice, A.S., Baruch College; B.S., John Jay College; J.D., Brooklyn Law School.

Ginetta Bernard, Adjunct Assistant Professor of Speech, B.A., Universite Laval, Quebec; M.S., Mercy College; M.A., Conservatoire de musique de Quebec; Ph.D., Conservatorio Santa Cecelia, Rome, Italy.

Bernard Bertone, Adjunct Associate Professor of English, B.A., Iona College; M.A., St. John’s University.

Nicole Y. Beveridge-West, Adjunct Assistant Professor, Hospitality Management, M.S., Long Island University; B.A., Ruston Tillotson University.

Andrew A. Bhola, Associate Dean, Adjunct Instructor of Management, B.S., M.B.A., St. John’s University.

Bernard Blomquist, Adjunct Associate Professor of Hospitality Management, B.S., Wagner College.

Ellen Boegel, Associate Professor and Director of the Legal Studies Program, Staten Island, B.A., Le Moyne College; J.D., George Washington University Law School.

Seth Everett Bogdanoff, Adjunct Assistant Professor, B.S., Syracuse University.

Joyce Boland-DeVito, Professor of Business Law, B.S., St. John’s University; J.D., Fordham University; M.B.A., Hofstra University.

William Bonifati, Adjunct Associate Professor of Business Law, B.S., CUNY, Queens College; J.D., University of Bridgeport.

Anthony Borgese, Adjunct Associate Professor of Sport Management, B.A., Brooklyn College, M.B.A., Baruch College, D.S.M., United States Sports Academy.

William J. Boyle, Associate Professor of Philosophy, A.B., University of Notre Dame; M.A., Ph.D., University of Toronto, Canada.

Frank Brady, Adjunct Professor of Communication Arts and Journalism, B.S., SUNY; M.F.A., Columbia University; M.A., Ph.D., New York University.

Francesca Brancato, Adjunct Assistant Professor of Business Law, B.A. Fordham University, J.D., Touro Law Center.

Dennis Breslin, Adjunct Instructor of Criminal Justice, B.A., Marist College; M.S., Richmond College.

Harold T. Broderick, Assistant Professor of Criminal Justice, B.A., CUNY Richmond College; M.P.A., John Jay College of Criminal Justice; J.D., Law School at Queens College.

Michael A. Brown, Adjunct Assistant Professor of Speech, B.A., Texas Tech University. M. Ed., Texas Tech University. Ph.D., Texas Tech University.

Mark Buro, Adjunct Associate Professor of Accounting, B.S., M.B.A., St. John’s University.

Rick Butler, Adjunct Associate Professor, B.F.A., Boston University, M.F.A., Yale School of Drama.

Christopher Byrne, Adjunct Professor of Criminal Justice, B.S., M.S., St. John’s University.

Dolore Bushati, Adjunct Assistant Professor of Economics, B.S., University of Tirana; M.S., Ph.D., The University of Kansas.

Rev. Michael J. Callaghan, C.M., Associate Professor of English, B.A., M.Div., St. Charles Seminary; M.A.T., Niagara University; Ph.D., New York University.

Anthony Canale, Adjunct Associate Professor of Economics, B.S., C.W. Post College, L.I.U.; M.B.A., St. John’s University.

Peter P. Cardalena, Jr., Associate Professor of Criminal Justice, B.S., St. John’s University; J.D., Touro College.

John Carney, Adjunct Assistant Professor of Criminal Justice, A.S., SUNY Farmingdale; B.S., M.S., Long Island University.

Keith Carrington, Associate Professor of Criminal Justice, B.A./M.P.A., CUNY, John Jay College of Criminal Justice, Ph.D., Rutgers, The State University of New Jersey.

Giles W. Casaleggio, Associate Professor of Criminal Justice and Homeland Security, B.S., Fairleigh Dickinson University; J.D., St. John’s University.
Francesco Catarisano, Adjunct Assistant Professor of Business Law, B.A., St. John Fisher College; J.D., Syracuse University; B.S., New York University; M.B.A., Dartmouth College.

Janet Cerulli, Adjunct Assistant Professor of Mathematics, B.S., M.S. CUNY/Queens College.

Thomas Cerulli, Adjunct Associate Professor of Mathematics, B.A., M.S., CUNY, Queens College.

Hector Chakraborty, Adjunct Assistant Professor of Mathematics, B.A., Brooklyn College, M.A., Brooklyn College.

Kuros Charney, Adjunct Assistant Professor. B.A., University of California/San Diego; M.F.A., University of Southern California.

Chi Weng Cheong, Adjunct Instructor of Mathematics, B.S., M.S., The University of Hong Kong, Ph.D., Purdue University.

Christoforos Christoforou, Assistant Professor of Computer Science, B.S., University of Nicosia; M.S. City College of CUNY; M. Phil., Ph.D., CUNY Graduate Center.

Lois Cherepon, Adjunct Assistant Professor of Computer Science, B.A. Rutgers University, M.A. The State University of New York at Binghamton, M.L.S. Rutgers University.

Gail Chiarovano, Senior Assistant Dean, Adjunct Assistant Professor of English, B.S., St. Francis College; M.A., Queens College.

Linda T. Chin, Associate Professor, B.A., CUNY, M.A., Pace University, M.A., Teachers College, J.D., Brooklyn Law School.

Mark Chotkowski, Adjunct Instructor of Legal Studies, B.B.A., Bernard Baruch College.

Natale Cipollina, Adjunct Assistant Professor of Political Science, B.A., Hunter College, Ph.D., Brandeis University.

James N. Clark, Adjunct Associate Professor Economics, B.S. Fordham University, M.S., Columbia University.

Regis Clifford, Adjunct Associate Professor of Marketing, B.A., CUNY, Queens College; M.B.A., Fordham University.

Sr. Eileen Connor, Adjunct Assistant Professor of Philosophy, B.A., Molloy College; M.A., Fordham; M.A., Boston College; M.S., SUNY, Stony Brook; Ed.D., St. John’s University.

Marie Connor, Adjunct Assistant Professor of English, B.A., CUNY, Hunter College; M.A., Long Island University C.W. Post; Ph.D., New York University.

Fred D. Copley, Adjunct Assistant Professor of Philosophy, B.A. University of Georgia; M.A., New School for Social Research.

Keith Cozine, Assistant Professor of Homeland Security, B.A., Ramapo College, M.A., Ph.D., Rutgers University.

Judith Cramer, Adjunct Professor of Mass Communication, B.S., Keene State College; M.A., University of Hartford; Ph.D., Union Institute and University,
Neil Feinstein, Assistant Professor. B.A., SUNY/College at Oneonta; M.S., New York University.

Robert Felicetti, Adjunct Assistant Professor of Computer Science, B.S., M.S., Manhattan College.

Theresa Fenster, Adjunct Assistant Professor of English, B.A., M.A., Hunter College.

Daniel Fernandez, Adjunct Instructor of Philosophy; B.A., Binghamton University, SUNY; M.A., New School University.

Sr. Annelle Fitzpatrick, C.S.J., Adjunct Associate Professor of Sociology, B.A., Mills College of Education; M.A., St. John’s University; Ph.D., St. John’s University.

Sean Fitzsimons, Adjunct Associate Professor Accounting, B.S., New York University, J.S., St. John’s University School of Law.

Maura C. Flannery, Professor of Biology, B.S., Marymount Manhattan College; M.S., Boston College; Ph.D., New York University.

Carol A. Fletcher, Associate Professor of Sports Management, B.S., Edinboro University; M.S., California Polytechnic State University, San Luis Obispo; Ph.D., University of Connecticut.

Simina Fluture, Adjunct Instructor of Computer Science, M.A., CUNY/Queens College; Ph.D., CUNY/The Graduate Center.

Almerinda Forte, Chair, Division of Administration and Economics and Associate Professor of Management, B.S., M.B.A., St. John’s University; Ph.D., New York University.

Jack P. Franzetti, Professor of English, B.A., M.A., Ph.D., St. John’s University.

Paul Franzetti, Adjunct Assistant Professor of English, B.A., M.A., St. John’s University.

Gene Michaels Free, Adjunct Assistant Professor of Mass Communications, B.A., University of Scranton.

Julie Freudenheim, Adjunct Associate Professor of Criminal Justice, B.A., St. Lawrence University; M.A., State University of NY at Albany; J.D., University at Buffalo.

Alon Friedman, Adjunct Assistant Professor of Mathematics, B.S., M.S., University of Florida; Ph.D., Long Island University.

Barbara Friedman, Adjunct Assistant Professor of Sociology, B.A., SUNY, Buffalo; M.A., SUNY, Stony Brook; M.P.A., New York University.

Howard Friedman, Adjunct Instructor of Management and Marketing, B.A., CUNY, Queens College; M.B.A., St. John’s University.

Todd Friedman, Adjunct Instructor of Economics and Management, B.A., CUNY, Queens College; M.B.A., St. John’s University.

Anthony A. Gabb, Associate Professor of Economics, B.A., CUNY; M.A., Ph.D., New School for Social Research.

Vanessa Gabb, Adjunct Associate Professor of English. M.A., St John’s University, B.A., Tufts University; M.F.A., CUNY, Brooklyn College.

Eftihia Galanis, Adjunct Instructor of English, B.A., Fordham University; J.D., Hofstra University School of Law.

Christopher Galleta, Adjunct Associate Professor, B.A., St. John’s University, M.A. Columbia University.

Kristine Garlisi, Adjunct Instructor in Hospitality Management, B.A., M.A., St. John’s University.

Richard N. Garrett, Adjunct Assistant Professor of Sport Management, B.S., M.S., St. John’s University, C.A.S., Hofstra University.

Joseph Gentile, Adjunct Associate Professor of Criminal Justice, B.A., J.D., Fordham University.

Glenn Gerstner, Associate Dean for Academics and Assessment and Associate Professor of Sport Management, B.S., St. John’s University; M.B.A., Hofstra University, Ed.D., North Central University.

Louis J. Gesualdi, Professor of Sociology, B.A., M.A., University of Connecticut; M.A., St. John’s University; Ph.D., Fordham University.

James Gillespie, Adjunct Instructor, B.A., M.A., St. John’s University.

James L. Giordano, Adjunct Assistant Professor of Hospitality Management, B.S., St. John’s University; M.S., State University of New York; Ed.D., St. John’s University.

Thomas D. Giordano, Associate Professor of Business Law, B.S., J.D., St. John’s University.

Elihu Gorelik, Adjunct Assistant Professor of Health Service Administration, B.S., Fordham University; M.S., Brooklyn College.

Susan Glanz, Professor of Economics, M.A., Ph.D., University of Economics, Budapest, Hungary.

Charles Gonsalves, Adjunct Assistant Professor of Accounting, B.A., SUNY, College at Oneonta; M.B.A., Long Island University; P.D., CUNY, City College; Ed.M., Columbia University.

Mario Gonzalez, Adjunct Associate Professor, B.A., SUNY-Cortland, M.S., Dowling College.

Louis G. Graziano, Adjunct Assistant Professor of Political Science, B.A., St. John’s University, M.A., Queens College, J.D., St. John’s University School of Law.

Douglas Green, Adjunct Associate Professor of Marketing, B.A., Fordham University; M.B.A., Rutgers University.

Marie Greigore, Adjunct Instructor of Health Services Administration, B.S., CUNY, Brooklyn College; M.P.A., Long Island University.

Karina Vasquez Greenberg, Adjunct Instructor of Mass Communication, B.S., Brooklyn College, M.S., St. John’s University.

Deborah Greh, Director of Communication Arts (S.I., Professor of Mass Communication), B.A., College of St. Elizabeth; M.A., Montclair State College; Ed.D., Columbia University, Teachers College.

Jacqueline Grogan, Adjunct Assistant Professor of Speech, B.S., M.B.A., P.D., Ed.D., St. John’s University.

Daphne Grossmann, Adjunct Instructor of Management, B.S., Berkeley College; M.B.A., Montclair State University.

Jeffrey P. Grossmann, Associate Professor of Homeland Security, B.S., St. John’s University, J.D. Touro Law Center.

Joseph Gulinello, Assistant Professor and Director of the Homeland Security Program, A.A., M.S., M.S., John Jay College of Criminal Justice.

James Hall, Jr., Adjunct Instructor of Marketing, B.S., M.B.A., St. John’s University.

Fred Haller, Adjunct Assistant Professor of Legal Studies, B.S., St. John’s University; J.D., New York Law School.

Edward Harewood, Adjunct Associate Professor of Mathematics, B.S., M.B.A., New York Institute of Technology.

Alanna Harman, Assistant Professor of Sport Management, B.A., M.A., Brock University; Ph.D., University of Western Ontario.

Donald Hazleton, Adjunct Associate Professor of Management and Business Law, B.S., J.D., M.B.A., St. John’s University.

Jean Hazleton, Adjunct Assistant Professor Business Law, B.S., J.D., St. John’s University.

David P. Hedlund, Assistant Professor of Sport Management, B.A., St. Olaf College, M.P.A., Fairleigh Dickinson University, Ph.D., Florida State University.

Michael J. Heenan, Adjunct Associate Professor of Philosophy, B.A. St. Francis College, M.A., Ph.D., St. John’s University.

Morrie Helitzer, Adjunct Assistant Professor of English, B.S., Cornell University; A.M., University of Chicago.

Bernard G. Helliendorfer, Professor of Legal Studies, B.S., A.M., St. John’s University.

Maureen Henry, Adjunct Instructor of Mathematics, B.S., Adelphi University; M.S., St. John’s University; P.D., CUNY, Brooklyn College.

Diane Hergenrother, Adjunct Full Professor of Management, B.S., Bentley College; M.B.A., Simmons College; P.D., Ed.D., St. John’s University.

Michael J. Herman, Adjunct Associate Professor of English, A.B., College of Holy Cross; M.A.T., Brown University; M.S., SUNY, Stony Brook.
Ruth Hernandez, Adjunct Assistant Professor. M.F.A., Florida State University.

Karll Hoffman, Adjunct Associate Professor of Criminal Justice, B.S. CUNY, City College of NY; M.S., St. John’s University.

Kenneth Holder, Associate Professor of Criminal Justice, J.D. University of Toledo, College of Law.

Francis T. Holland, Associate Professor of Theology, B.A., University College, Dublin Ireland; B.D., Bacc. Phil., Milltown Institute of Theology and Philosophy; Ph.D., University College, Dublin, Ireland.

Oscar Holt, III, Associate Professor of Criminal Justice and Legal Studies, B.A., M.S., J.D., St. John’s University.

James Hopkins, Adjunct Associate Professor of Mathematics, B.A., St. John’s University; M.A., Rutgers University.

Camille Horihan, Adjunct Instructor of Mathematics, B.S., St. Peter’s College; M.S., Stevens Institute of Technology.

Minna Aslama Horowitz, Assistant Professor of Mass Communications, B.A. Schiller International University, M.S. Helsinki School of Economics, Ph.D., University of Helsinki.

Raymond P. Howell, Adjunct Assistant Professor of Sport Management, B.A., M.S., St. John’s University.

Paulette Hughes, Adjunct Associate Professor of English, B.S., Fordham University, M.A., CUNY Brooklyn College.

Thomas D. Hughes, Adjunct Associate Professor of Philosophy, B.S., St. John’s University, M.A., Fordham University; M.A. Columbia University; J.D., New York Law School; LL.O, New York University School of Law.

Yuri Hrynyszyn, Adjunct Associate Professor, B.A., University of Rochester; M.F.A., Pratt Institute.

Angela Iannacci, Adjunct Assistant Professor of Hospitality, B.A., George Washington University; J.D., Pace University School of Law; FCIArb 2012, Chartered Institute of Arbitrators, CIA.

Vincent F. Immiti, Adjunct Assistant Professor of Health Services Administration, B.A., New York University; B.S., Long Island University; M.B.A., CUNY.

Amelia Ingram, Adjunct Assistant Professor of English, B.A., University of North Texas; M.M., University of Florida, Ph.D., Wesleyan University.

Denise Inzirillo, Adjunct Instructor of Sport Management, B.S., M.P.S., St. John’s University.

Jack Irving, Adjunct Assistant Professor of Mass Communications, B.S., Wagner College.

Emese Ivan, Chair, Division of Sport Management and Associate Professor of Sport Management, Director of the Graduate Program. B.A., M.A., University of Business and Governance (Budapest); M.S., Purdue University, Ph.D., University of Western Ontario.

Rita Ivanissevich, Adjunct Professor, B.A., Fluminense Federal University, Brazil; M.A., New York Institute of Technology.

Fred Jacobs, Adjunct Assistant Professor of Speech, B.A., New York University, M.S., Hofstra University.

Herve Jolicoeur, Adjunct Associate Professor of Economics, B.S., University of New York; M.B.A., St. John’s University.

Leisha M. Jones, Adjunct Instructor of Sociology, B.S., St. John’s University; M.A., St. John’s University.

Jean E. Joseph, Adjunct Associate Professor of Theology, B.A. University of Montreal, M.A. Theology, University of Sherbrooke, Ph.D., Laval University.

Fr. Joseph Kahumburu, Adjunct Assistant Professor of Theology, S.T.L., Pontificio Istituto Liturgico, St. Anselmo, D. Min., Graduate Theological Foundation, Indiana, M.A., Fordham University, Ph.D., Fordham University.

Kevin Kane, Adjunct Assistant Professor in Economics, B.S., Manhattan College; M.B.A., St. John’s University.

Rahul Karnik, Adjunct Assistant Professor of Computer Science, B.S., St. John’s University, M.B.A., St. John’s University, Advanced Professional Certificate, St. John’s University.

Arlene M. Karole, Adjunct Instructor, Hospitality Management, B.S., St. John’s University; M.S., Central Michigan University.

Lyndsey Karr, Adjunct Assistant Professor of Speech and LST., B.A. George Washington University, M.F.A., Hollins University.

Matthew Kehoe, Adjunct Assistant Professor of Criminal Justice, B.S., Mercy College; M.S., St. John’s University.

Joseph Kenny, Associate Professor of Business Law, B.A., LeMoyne College; J.D., St. John’s University.

Damion D. Kenwood, Adjunct Instructor of Sport Management, B.S., St. John’s University, M.S., Touro College, Ed.D., Nova Southeastern University.

Fazel Keshhtkar, Assistant Professor of Computer Science. B.S., Shahid Bahonar University; M.S., Ph.D., University of Ottawa.

Shujaat Khan, Adjunct Associate Professor of Economics, M.Sc., Karachi University; M.B.A., St. John’s University; M.A., CUNY; Ph.D., Fordham University.

Thomas M. Kitts, Professor of English, B.A., St. John’s University; M.A., Ph.D., New York University.

Timothy Koller, Adjunct Assistant Professor of Criminal Justice, B.S., St. John’s University; J.D., Pace University.

John J. Koster, Adjunct Associate Professor, B.S., St. Francis College, M.A., Adelphi University, M.S.Ed., C.A.S., Ph.D., Hofstra University.

Ondrej Krehel, Adjunct Assistant Professor of Computer Science, B.S., Technical University Zvolen; M.S., Comenius University Bratislava.

Susan Kuhn, Adjunct Associate Professor of Mass Communications, B.S., University of North Carolina at Chapel Hill; M.A. Columbia University.

Edward M. Kull, Adjunct Assistant Professor of Sport Management, B.S., Stony Brook University, M.B.A., St. John’s University.

Elisa Lagos, Adjunct Assistant Professor of Journalism, B.S., Boston University; M.A., New York University.

Matthew Lampert, Adjunct Associate Professor of Philosophy, B.F.A., Savannah College of Art and Design; M.A., Boston College.

Glenda Lander-Lugo, Adjunct Assistant Professor of Computer Science, B.S., CUNY; M.B.A., New York University.

Peter Laneri, Adjunct Associate Professor of Computer Science and Mathematics, B.S., Fordham University; M.S., Hofstra University.

Gerald Latzman, Adjunct Associate Professor of Mathematics, B.A., CUNY, Hunter College; M.S., SUNY at Buffalo.

Brook Lauro, Associate Professor of Biology, B.S., M.S., Rutgers University; Ph.D., CUNY, Queens College.

Edwin J. Lawrence, Adjunct Assistant Professor of Management and Economics, B.S., M.B.A., St. John’s University.

Nicholas Legakis, Adjunct Assistant Professor of Mass Communications, B.S., St. John’s University.

Patricia Leonard, Adjunct Associate Professor of Theology, B.A., St. John’s University; M.A., Seminary of the Immaculate Conception.

Phillip Lerner, Adjunct Assistant Professor of Computer Science, B.A. Ithaca College, M.S. Boston University.

Ariella Levine, Adjunct Assistant Professor, B.A., University of Buffalo, M.A., Syracuse University.

Andrea Licari, Professor of Management, B.S., M.B.A., St. John’s University, D.P.S., Pace University.

Barry Lieberman, Adjunct Assistant Professor of Computer Science, B.S.E.E., CUNY City College; M.S., Polytechnic Institute.

Paul F. Lindner, Adjunct Assistant Professor of Theology, B.A., CUNY, Queens College, M.A., St. John’s University.

Milton Lipitz, Adjunct Assistant Professor of Management, B.B.A., CUNY, Bernard Baruch; M.A., New York University.
Ying Liu, Assistant Professor of Computer Science, B.S., Nanjing University; M.S., M.B.A., Ph.D., Georgia Institute of Technology.

Antonio Lodato, Assistant Dean; Adjunct Assistant Professor of Criminal Justice, B.B.A., CUNY, Baruch College; M.P.S., St. John’s University.

Francis LoFaso, Adjunct Associate Professor of Psychology, B.A., St. Francis College; M.S., Adelphi University; Ph.D., Fordham University.

Kathleen Lucadamo, Adjunct Assistant Professor of Journalism, B.S., St. John’s University; M.A., DePaul University.

James Luongo, Adjunct Associate Professor of Criminal Justice, B.S., St. John’s University; M.S., New York University.

Michael Lydon, Adjunct Associate Professor of English, B.A. Yale University.

Vivian Valvano Lynch, Professor Emeritus of English, B.A., M.A., St. John’s University; Ph.D., SUNY, Stony Brook.

Bonnie K. MacKellar, Associate Professor and Director of Computer Science, B.S., Boston University; M.S., Ph.D., University of Connecticut.

Walter J. Magnuson, Adjunct Associate Professor of Criminal Justice, B.A., M.B.A., Adelphi University.

Anthony Mahoney, Adjunct Assistant Professor of English, A.B., St. Peter’s College; J.D., Seton Hall University.

Allyson Maida, Adjunct Associate Professor of Criminal Justice, B.S. College of New Rochelle; M.S.W., Fordham University, Graduate School of Social Services.

William G. Malone, Adjunct Associate Professor of Biology, B.S., M.S., St. John’s University.

Neil A. Malvone, Adjunct Assistant Professor of Sport Management, B.S., J.D., Rutgers University, M.B.A., Farleigh Dickinson University.

Edward J. Manetta, Adjunct Assistant Professor of Sports Management, B.S., St. John’s University; M.A., Fordham University.

Robert M. Mangione, Assistant Dean and Adjunct Associate Professor, B.A., M.A., Ed.D., St. John’s University.

Michael Manley, Adjunct Assistant Professor of Mathematics, B.S., M.B.A., St. John’s University; M.S., CUNY, Queens College.

Kathleen K. Marks, Associate Professor of English, B.A., Thomas More College; M.A., Ph.D., University of Dallas.

Joseph G. Marotta, Professor of English, B.A., Manhattan College; M.A., CUNY, Hunter College; Ph.D., CUNY.

John Masotti, Adjunct Associate Professor of Mathematics, B.S., Manhattan College; M.S., Long Island University; Ph.D., St. John’s University.

Asher Matathias, Adjunct Instructor of Political Science, B.A., Long Island University; M.A., New School.

Michael H. Matthews, Adjunct Assistant Professor of History, B.A., M.A., CUNY, Brooklyn College; M.B.A., Fordham University.

Susan Maurer, Adjunct Associate Professor of Theology, B.S., CUNY, Empire State College, M.A., Ph.D., St. John’s University.

Thomas Mauro, Adjunct Assistant Professor of Criminal Justice, B.A., CUNY, College of Staten Island; M.A., SUNY, Albany.

Nicholas Mayer, Adjunct Instructor of Sport Management, B.S., Ithaca College, M.B.A., St. John’s University.

Rosalba Mazzola, Adjunct Associate Professor Accounting, B.S., C.P.A., St. John’s University.

Carol McCarthy, Adjunct Associate Professor of English, B.A., Pace University; M.A., CUNY, Queens College.

Robert McCauley, F.M.S., Adjunct Associate Professor of Mathematics, B.A., Marist College; M.S., Rutgers University.

Dennis McDermott, Adjunct Associate Professor of Theology, B.A., Passionist Monastic Seminary; M.A., St. John’s University.

Robert McDermott, Adjunct Assistant Professor of Business Law, B.S., J.D., St. John’s University.

Gerard McNerney, B.A., Cathedral College; M.S., Long Island University.

Louise A. McKenzie, Adjunct Assistant Professor of Hospitality Management, Ed.D., St. John’s University; M.S., New York Institute of Technology; B.S.; University of the West Indies, Jamaica, W.I.

Brian D. McLaughlin, Adjunct Instructor of Sport Management, B.S., Iona College, J.D., Suffolk University Law School.

Fr. William A. McLaughlin, Adjunct Assistant Professor of Theology, B.A., M.A., St. John’s University, M.Div., M.A., Seminary of the Immaculate Conception.

Robert Meiselas, Adjunct Associate Professor in Accounting, B.S., St. John’s University; M.S., Long Island University.

Michael Melendez, Adjunct Assistant Professor Theology, B.A., Cathedral College; M.A., St. John’s University; M.Div., Seminary of the Immaculate Conception.

April M. Merenda, Instructor of Hospitality Management, B.S., M.P.S., St. John’s University.

Anthony Missere, Associate Professor of Sports Management, B.S., Pratt Institute; M.S., New York University.

Linda A. Mollo-Holmes, Adjunct Assistant Professor of Mathematics, B.A., St. John’s University; M.S., College of Staten Island.

Michael Monahan, Adjunct Assistant Professor of Criminal Justice, B.A., SUNY, Binghamton; J.D., CUNY, Brooklyn Law School.

Daniel V. Mongiovi, Adjunct Assistant Professor of Marketing, B.B.A., St. John’s University; M.B.A., New York University.

Basilio Monteiro, Associate Dean for Graduate Programs and Research, and Associate Professor of Communication Arts, B.A., SUNY, Empire State College, M.A., Fordham University; Ph.D., The Union Institute.

Barbara L. Morris, Professor of English and Speech, B.A., St. John’s University; M.A., Ed.D., Columbia University.

James Mosley, Adjunct Assistant Professor of Communications, M.P.E., Berklee College.

Barry Moskowitz, Adjunct Associate Professor, M., Manhattan College, M.A., St. John’s University.

Fouad Mountrane, Adjunct Assistant Professor of Administration and Economics, Science, Lycée Mohamed V, Morocco; Econometrics, University of Aix-Marseille, France; Economics, New School of Social Research.

Robin Muller, Adjunct Instructor of Philosophy, B.A., Trinity College; M.A., University College London.

Louis Myers, Adjunct Associate Professor of Economics and Management, B.S., Morgan State University, M.B.A., St. John’s University.

Catherine E. Napolitano, Adjunct Instructor of Legal Studies, B.S., M.B.A., St. John’s University.

Sajed Naseem, Adjunct Assistant Professor of Computer Science, B.S., SUNY at Stony Brook, M.A., St. John’s University; M.S., NYU.

Yevgenia Nayberg, Adjunct Associate Professor, B.F.A., The National School of Art, Kiev; M.F.A., California State University, Long Beach, CA.

Goldie Newman, Adjunct Assistant Professor of Psychology, B.A., CUNY, Queens College; M.S.W., Yeshiva University.

Vicki Nieter, Adjunct Associate Professor of English, B.A., CUNY, Queens College; M.A., Columbia University; M.S., College of New Rochelle.

Mary Noe, Professor of Legal Studies, B.A., CUNY, Brooklyn College; J.D., St. John’s University.

Jennifer Nuccí, Adjunct Instructor in Hospitality Management, B.S., M.B.A., St. John’s University.

Terence J. O’Connor, Adjunct Assistant Professor of Health Service Administration, B.S. Tufts University, M.S. Fordham University, M.B.A., Adelphi University.
Mary Ann O’Donnell, Chair, Division of English and Speech, Adjunct Assistant Professor of History, B.A., Molloy College; M.A., Long Island University; B.A., St. John’s University.

Claire O’Donoghue, Chair, Division of English and Speech, Associate Professor of English, B.A., M.A., St. John’s University.

James O’Keefe, Associate Professor of Criminal Justice, B.S., St. John’s University; M.A., Ph.D., Sam Houston State University.

Patrick O’Neill, Adjunct Associate Professor of Mathematics, B.A., Marist College; M.A., St. John’s University.

Randolph D. Ortiz, Assistant Dean, Adjunct Assistant Professor; Assistant Professor of Sociology, B.A., CUNY, Queens College; M.A.L.S., Skidmore College.

Gail L. Osnato, Adjunct Assistant Professor of Hospitality Management, M.S., St. John’s University, B.A., St. John’s University.

Jeremiah O’Sullivan, Adjunct Associate Professor of Administration and Economics, B.A., Columbia University; M.B.A., Rutgers University.

John Otero, Associate Professor of Computer Science, Director of Cyber Security Systems, B.F.S., SUNY, M.A., Seton Hall University.

Simon M. Pack, Assistant Professor of Sport Management and Director of the Undergraduate Sport Management Program, B.A., B.S., University of Florida; M.S., University of North Carolina at Chapel Hill; Ph.D., The Ohio State University.

Peter A. Pantina, Adjunct Assistant Professor of English, B.A., St. John’s University; M.A., Ed.D., Hofstra University.

Tuija Parikka, Assistant Professor of Communication Arts, M.S., University of Helsinki, Doctor of Social Sciences, University of Helsinki.

Richard Pascarelli, Adjunct Assistant Professor of Administration and Economics, B.A., M.B.A., San Francisco State University.

Anthony Pelliccio, Adjunct Associate Professor of Criminal Justice, A.S., SUNY Farmingdale; B.A., SUNY Westbury; M.A., John Jay College.

Robert Pennachio, C.P.A., Adjunct Assistant Professor of Administration and Economics, B.S., St. John’s University.

Theodore Philipakos, Adjunct Instructor of Sport Management. B.S., Fordham University, M.S., New York University.

Valerie Phillips, Adjunct Instructor of Health Services Administration, B.A., CUNY, Hunter College, J.D., CUNY, Brooklyn Law School.

Fr. Krystian Piasta, Adjunct Associate Professor of Theology, M.A., New York University; M.A., Catholic University of Lublin.

Angelo Pisani, Director, Division of the Criminal Justice and Homeland Security Program (SI); Associate Professor of Criminal Justice, B.A., M.A., CUNY, John Jay College of Criminal Justice; Ph.D., CUNY.

Maria Pisani, Adjunct Instructor of Criminal Justice, B.S., M.A., St. John’s University.

Nicholas Pisano, Adjunct Assistant Professor of Economics, B.S., M.B.A., St. John’s University; Professional Certificate, American Management Association.

George Pisanti, Adjunct Assistant Professor of Mass Communications, B.S., St. John’s University.

Lawrence Pitilli, Associate Professor of Speech, B.B.A., St. John’s University; M.S., Adelphi University.

Charles Pizzo, Adjunct Assistant Professor of Speech, B.S., M.B.A., P.D., Ed.D., St. John’s University.

Nicholas Plakoris, Adjunct Associate Professor of Mass Communications, B.S., M.B.A., St. John’s University.

Michael M. Pollio, Adjunct Assistant Professor of Legal Studies, B.S., St. John’s University, J.D., New York University.

Robin Michelle Prue, Adjunct Assistant Professor of Management, B.S., St. John’s University; M.P.A., Long Island University.

Kimi Puntillo, Adjunct Associate Professor of Mass Communication, B.S., Tufts University, M.S., Columbia University, M.B.A., Columbia University.

Kimberly R. Ramsawak, Adjunct Instructor of Hospitality Management, B.S., Widener University, M.S., Temple University.

Velam Reddick, Adjunct Assistant Professor of English, B.A., CUNY Brooklyn College, M.A., Hofstra University, Ed.D., University of Massachusetts at Amherst.

Christopher Rising, Adjunct Associate Professor of Criminal Justice, J.D., St. John’s University.

Michael Rizzo, Assistant Professor and Director of the Journalism Program, B.A. Fordham University; M.B.A., St. John’s University.

Candice Roberts, Assistant Professor of Communication Arts and Director of Mass Communication Programs, Ph.D., Drexel University, M.A., East Tennessee State University, B.A., The University of North Carolina.

Wayne Robins, Adjunct Associate Professor of Journalism, B.S., University of Colorado; M.A., New York University.

Jaime Eloy Rodriguez, Associate Professor of History, B.A., Walla Walla College; M.A., University of Wisconsin Madison; Ph.D., Columbia University.

Michael John Romano, Adjunct Associate Professor of History, B.A., M.A., Ph.D., L.L.M., St. John’s University.

Robert J. Romano, Adjunct Assistant Professor of Sport Management, B.S., Southern Connecticut State University; M.S., Columbia University; J.D., Loyola University.

Barrie Rosen, Adjunct Professor of English, B.A., Post College; M.A., St. John’s University.

Ted M. Rosen, Adjunct Associate Professor of Legal Studies, B.A., Queens College; J.D., New York University.

John Rowland, Adjunct Professor of Criminal Justice, B.A., SUNY, Binghamton; M.S., St. John’s University.

Catherine J. Ruggieri, Professor of Management and Dean Emeritus, B.S., M.B.A., St. John’s University, J.D., CUNY, Brooklyn Law School.

Marybeth Ruscica, Adjunct Associate Professor of English, B.A., M.A., St. John’s University, P.D., Hofstra University.

Hilary Russo, Adjunct Associate Professor of Mass Communication, B.A., Southern Methodist University; M.A., Louisiana Tech University.

Robert N. Russo, Adjunct Assistant Professor of Mass Communications, B.A., Fordham University.

Terence G. Ryan, Adjunct Assistant Professor of Sport Management, B.S., St. John’s University, M.S., St. John’s University; P.D., Dowling College.

Alexander Safos, Adjunct Instructor of Mathematics, B.A., M.A., CUNY/Queens College.

Carl Saks, Adjunct Assistant Professor of Paralegal Studies, B.A., CUNY, Brooklyn College; LL.B., CUNY, Brooklyn Law School; Law L.L.M., New York University.

Rosalinda Sanchez-Castiglioni, Adjunct Associate Professor of Psychology, B.S., Christ The King College (Philippine Islands); M.A., Centro Escolar University (Philippine Islands); Ph.D., University of the Philippines.

Alfred G. Santisierie, Adjunct Assistant Professor of Sport Management, B.S., Misericoardia University, M.S., St. Thomas University.

Anthony Santoro, Adjunct Associate Professor of Speech, B.A., M.A., Queens College.

Maria Sarvanski, Adjunct Instructor of Hospitality Management, B.S., University of Food Industries, M.S., Cranfield University; M.S.C., Baruch College.

Michael Savallo, Adjunct Instructor of Criminal Justice, B.S., St. John’s University; M.S., Long Island University.
Antoinette Collarini Schlossberg, Chair, Division of Criminal Justice, Legal Studies and Homeland Security, Associate Professor of Criminal Justice, B.A., Fordham University; M.S., CUNY, Hunter College; M. Phil., Ph.D., Columbia University.

Harvey Schlossberg, Associate Professor of Criminal Justice and Director of Criminal Justice, B.S., CUNY, Brooklyn College; M.S., Long Island University; Ph.D., Yeshiva University, Ferkauf Graduate School of Humanities.

Christina L. Schweikert, Associate Professor of Computer Science and Director of the Data Mining and Predictive Analytics Graduate Program, B.S., Fordham University, M.S., New York Institute of Technology; Ph.D., CUNY Graduate Center.

Paul M. Scalfani, Adjunct Instructor of Sport Management, B.S., M.B.A., St. John’s University.

Dominic Scianna, Adjunct Assistant Professor of Sport Management, B.S., Columbia College (IL).

Richard Scorse, Associate Professor of Computer Science, B.A., Fordham University; M.A., CUNY, Brooklyn College.

Romero Scott, Associate Professor of Psychology, B.S., University of Arkansas; M.S.W., Fordham University.

David Seligman, Adjunct Associate Professor of Philosophy, B.S., CUNY, City College; Ph.D., Columbia University.

Alexander J. Sepulveda, Adjunct Assistant Professor of Sport Management, B.S., St. John’s University.

Enid Schlossberg, Adjunct Instructor of Criminal Justice, B.A., SUNY, Albany; J.D., St. John’s University School of Law.

Ruchika Sharma, Adjunct Assistant Professor Accounting, B.S., M.S., St. John’s University.

James Sheehan, Adjunct Associate Professor of Theology, B.A., St. John’s University; M.A., Boston College; D.A., St. John’s University.

Christine Sherlock, Adjunct Assistant Professor of English, B.A., St. John’s University; M.A., St. John’s University.

Barry Sherman, Associate Professor of Mass Communications, B.A., Kalamazoo College; M.A., University of Chicago; M.F.A., New York University.

Katherine Simone, Adjunct Associate Professor of Journalism, B.A., Catholic University of America; J.D., St. John’s University.

Gerald Singh, Adjunct Assistant Professor of Management, B.S., SUNY; M.B.A., Dowling College.

Satyanand Singh, Adjunct Professor of Mathematics, B.S., CCNY, M. Phil., CUNY, Ph.D., CUNY.

Sana Siwolop, Adjunct Assistant Professor of Journalism, B.A., University of California at Santa Cruz; M.S., Massachusetts Institute of Technology.

Ronald Sklar, Associate Professor of Computer Science and Mathematics, B.A., CUNY, Queens College; M.S., University of Connecticut; Ed.D., Columbia University; M.S., Polytechnic Institute of New York.

Angela Smith, Adjunct Assistant Professor of English, B.A., M.A., Brooklyn College.

Anne P. Smith-Thompson, Adjunct Assistant Professor of Computer Science, B.A., Fordham University; M.S., Queens College; M.S., New York University.

Scott A. Soares, Adjunct Assistant Professor of Sociology, B.A., Fordham University, M.A., John Jay College of Criminal Justice.

Edward Soloff, Adjunct Associate Professor of English, B.A., CUNY, Brooklyn College; M.A., Ph.D., SUNY, Stony Brook.

Deanne Southwell, Adjunct Assistant Professor of Speech, B.S., M.A., St. John’s University.

Lequez Spearman, Assistant Professor of Sport Management, B.A., University of Wisconsin, M.A., University of Iowa; PhD, University of Tennessee.

Clare Trapasso, Adjunct Assistant Professor of English, B.A., SUNY, Purchase College; M.A., New York University.

Mary Zifara, Adjunct Professor of English, B.A., Aristotelian University, M.A., St. John’s University.

Edith Updike, Adjunct Assistant Professor of English, B.A., St. John’s College; M.S., Columbia University.

Robert Vella, Adjunct Assistant Professor Business Law, B.B.A., Hofstra University; J.D., Hofstra University School of Law.

Mark Ventimiglia, Adjunct Assistant Professor Marketing/Management, B.S., M.B.A., St. John’s University.

Joseph Valenzano, Associate Professor of Criminal Justice, B.A., M.Div., Mary Immaculate Seminary, M.S.Ed., St. John’s University.

Alexander Verbitsky, Adjunct Associate Professor of Economics, B.A., SUNY, Stony Brook; M.B.A., New York University.

Geraldine Vopelak, Adjunct Assistant Professor of Sport Management, B.A., Queens College; J.D., New York Law School.

Richard Thomas, Associate Professor of Mass Communications, B.A., Ramapo College of New Jersey; M.F.A., University of London; M.F.A., William Patterson University.

Robert R. Tomes, Professor of History, B.A., M.A., Ph.D., New York University; P.D., CUNY.

Renée Tone, Adjunct Assistant Professor of English, B.A., SUNY at Buffalo; M.A., SUNY, Stony Brook.

Joseph Voná, Adjunct Assistant Professor of Sport Management, B.A., State University of New York at Albany; J.D., St. John’s University School of Law.
Alan B. Wachtel, Instructor of Philosophy, B.A., Clark University, M.A., St. John’s College, M.A., Marquette University.

Trevor Waddell, Assistant Associate Professor of Marketing Management, B.A., M.B.A., Pace University.

Thomas Ward, Associate Professor of Criminal Justice and Director of the Criminal Justice Leadership Graduate Programs, B.S., M.A., John Jay College of Criminal Justice; D.P.A. Nova Southeastern University.

Cameron Weber, Adjunct Instructor in Economics, M.B.A., Fellowship in Public Policy, Georgetown University, M.B.A., University of New Mexico; M.A., New School for Social Research.

May A. Webber, Associate Professor of Philosophy, B.A., M.A., St. John’s University; Ph.D., New York University.

Susan Weber, Associate Professor of Mass Communication, B.A., SUNY, Brockport; M.F.A, New York University.

Jeffrey R. Weiser, Adjunct Associate Professor of Mass Communications, B.A., Ohio State University; M.A., New Science University.

Gregory A. Wilson, Associate Professor of English, B.A., M.A., University of Connecticut; Ph.D., Brandeis University.

Earl Woods, Professor Emeritus of Philosophy, B.A., St. John’s University; M.A. Columbia University; Ph.D., Fordham University.

Jun Wu, Adjunct Associate Professor, B.S., Tsinghua University; M.S., CUNY/City College; Ph.D., CUNY/ The Graduate Center.

Nikhil Yadav, Assistant Professor of Computer Science, B.A., National University of Lesotcko, M.S. University of Florida; Ph.D., University of Notre Dame.

Glenn Yost, Adjunct Instructor of Criminal Justice, B.S., St. John’s University, J.D., New York Law School.

Penelope Zagalis, Adjunct Assistant Professor in Business Law, B.A., Columbia University; J.D., Cornell Law School.

Michael Zanca, Adjunct Assistant Professor of Sport Management, B.S., University of California at Los Angeles; M.S., New York University.

Paul Zimmerman, Adjunct Associate Professor. B.A., Bennington College, M.F.A., Yale School of Drama.

Valerie Zurawski, Adjunct Associate Professor of Psychology, B.A., Long Island University; M.A., CUNY, City College; Ph.D., CUNY, Graduate Center.
University Libraries

The St. John’s University Libraries engage in the teaching and learning process by providing information resources, instructional services, research assistance and other information services for University programs, students and faculty. The libraries are comprised of two campus libraries, Queens and Staten Island, and an additional collection on the Rome Campus. St. John’s University School of Law separately maintains the Rittenberg Law Library on the Queens Campus. The Davis Library on the Manhattan Campus houses one of the finest collections of contemporary and historical insurance materials in the country. The University Libraries provide onsite access to all resources and to study space, as well as a growing collection of resources and services available remotely to all authenticated members of the University community and in support of our global campuses and online learning programs.

The Main Library on the Queens campus is a selective depository for United States government documents, and houses Special Collections and the University Archives. The Main Library also oversees the Chin Ying Asian Library located in Sun Yat-sen Hall.

The Loretto Memorial Library, with over 100,000 volumes including periodicals and microform collections, is a focal point of the Staten Island Campus.

On campus and virtually, subject specialist librarians deliver discipline-specific research support and instruction appropriate to advanced levels of research and scholarship. Cooperative arrangements with other libraries provide regional, national and international access to materials.

Administration and Professional Staff

Valeda F. Dent, Ph.D., MILS, MSW
Professor and Dean, University Libraries, B.A.
Hunter College, M.S.W., M.I.L.S. University of Michigan, Ph.D. Long Island University.

Blythe E. Roveland-Brenton, Associate Dean of Libraries and University Archivist
B.A., Binghamton University; M.L.S., St. John’s University; M.A., Ph.D., University of Massachusetts-Amherst.

Dermot Cooper, University Records Manager
B.A., City College of the City University of New York; M.L.S., St. John’s University.

Alyse Hennig, Assistant Archivist, B.A. SUNY Geneseo, M.L.S, M.A. St. John’s University.

Shilpa Karnik, Assistant Director, eServices
B.S., Parle College (Bombay, India); B.S., M.L.S., St. John’s University.

Vicky Vagenas, Budget Coordinator
University Libraries, B.A., York College

Maureen B. Weicher, Electronic Resources Librarian
B.A., Barnard College; M.S., Baruch College of the City University of New York; M.L.I.S., Pratt Institute.

Faculty

Muhammed Billah, Associate Professor, B.S., Diploma in LIS, M.A. in Library Science, University of Dhaka; M.L.S., St. John’s University; M.A., Queens College of the City University of New York.

Cynthia D. Chambers, Associate Professor and Head of Information Management, B.A., Capital University, Ohio; M.L.S., Kent State University; M.T.S., Trinity Lutheran Seminary.

Lois Cherepon, Associate Professor (Staten Island), B.A., Rutgers College; M.A., State University of New York at Binghamton; M.L.S., Rutgers University.

Anna M. Donnelly, Associate Professor, B.A., St. John’s University; M.S., Columbia University; M.A., New York University.

Caroline Fuchs, Associate Professor, B.A., M.A. (English), M.A. (History), Queens College of the City University of New York; M.L.S., St. John’s University.

Lucy Heckman, Associate Professor and Head of Reference, B.A., M.L.S., St. John’s University; M.B.A., Adelphi University.

Ann M. Jusino, Associate Professor, B.A. Villanova University; M.L.S., Rutgers University; M.A. College of Staten Island.

William Keogan, Associate Professor, B.A., M.A., Queens College of the City University of New York; M.L.S., St. John’s University.

P. Charles Livermore, Associate Professor, B.A., College of Wooster, Ohio; M.L.S., Columbia University; M.B.A., Rutgers University.

Andrea C. McElrath, Associate Professor (Staten Island), B.S., Western Connecticut State University; M.L.S., Southern Connecticut State University; M.A.L.S., City University of New York, Staten Island.

Mark Meng, Associate Professor, Director, Staten Island Library, B.A., Chongqing Architectural Engineering Institute, People’s Republic of China; M.L.S., Ph.D., Rutgers University.

Kathryn Shaughnessy, Associate Professor, B.A., Loyola College; M.A; Fordham; M.L.S., St. John’s University.

Victoria Tamborino, Associate Professor, B.S., M.L.S., St. John’s University.

Anthony Todman, Associate Professor, B.S., Boston University; M.L.S., Pratt Institute; M.S., Iona College.

Ben Turner, Associate Professor, B.A., Concordia University; M.L.S., University of British Columbia; M.A., Hunter College of the City University of New York.

Tian Xiao Zhang, Associate Professor, B.A., Hunan Normal University; M.A., Fordham University; M.L.S., St. John’s University.

Law Library

Administration

Martin Cerjan, Associate Dean for Library Services, B.A., University of Michigan, Ann Arbor; J.D., M.L.S., University of North Carolina at Chapel Hill.

Joseph Hinger, Associate Director for Technical Services, B.A., M.L.S., University of Pittsburgh.

Professional Staff

Astrid Emel, Circulation Librarian, B.A., M.L.S., St. John’s University.

Rosemary LaSala, Reference/Government Collections Librarian, B.A., M.L.S., St. John’s University.

Allan Ryan, Assistant Director of Technical Services, B.A., Providence College; M.L.S., Queens College; M.A.L.S., St. John’s University.
Academic Service-Learning

As an added means of fulfilling its Mission The Office of Academic Service-Learning (AS-L) was founded in 1995. It is now a part of the Vincentian Institute for Social Action (VISA). VISA was launched by the University to more visibly embed St. John's Catholic and Vincentian mission into the educational experience of its students. VISA provides an organizational focus for a variety of new and ongoing programs through which faculty and students can work together to explore the causes of and develop solutions for poverty and social injustice throughout the world. Using Academic Service-Learning, faculty engage students in serving in the community to fulfill the learning goals and objectives of their courses. The service is used as a means for students to better understand course concepts. Reflection activities tie together what is learned in the classroom to the service performed in the community. While reflecting on their service experience, students are also able to gain insight into how their service in the community fulfills the St. John's mission as a Catholic and Vincentian university.

Academic Service-Learning can be incorporated in both graduate and undergraduate courses across all disciplines and at all campuses, as well as in courses taught globally and online. For further information on Academic Service-Learning contact Lynn Stravino, Director, at 718-990-7902 or strawlnl@stjohns.edu.

Student Consumer Information

The following is a summary of the Student Consumer Information that is available to students. Please refer to stjohns.edu/about/student-consumer-information for additional and the most up to date student consumer information.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They include the right to: (1) inspect and review educational records; (2) request an amendment to these records; (3) consent to disclosures of personally identifiable information in these records; (4) restrict disclosure of information designated as directory information that may be released without consent of the student; and (5) file a complaint with the U.S. Department of Education for alleged failure by St. John’s University to comply with FERPA requirements.

FERPA provides that “Directory Information” may be released to any person without the written consent of the student, unless the student has requested that such information not be disclosed. For further information go to http://www.stjohns.edu/academics/office-registrar/student-records-access-confidentiality-ferpa.

Guidelines Determining Eligibility for Students with Disabilities

- St. John’s University students requesting accommodations for a disability must present documentation of the disability to the Student Life Administrator on the appropriate campus for verification of eligibility.
- The evaluation must have been completed by a qualified, certified and/or licensed professional (physician, health care provider, psychologist/psychiatrist) who has experience with an adolescent and adult population. The professional’s credentials must appear on the documentation and the documentation must be dated within three years of the request for accommodation.
- The Evaluator must include in the test report evidence that instruments selected are reliable and valid for use with an adolescent or adult. Documentation of impairment alone may not be sufficient to require that the student be provided a reasonable accommodation. It must be demonstrated that the impairment rises to the level of a disability according to the Americans with Disabilities Act. For example, the impairment must substantially limit or restrict a major life activity as compared to the average person in the general population.
- The Student Life Administrator will review the documentation and the request for accommodation will be determined. When necessary, specific academic units will be consulted regarding the accommodation requested. If the presented documentation is sufficient the student will meet with the Student Life Administrator regarding appropriate accommodations at St. John’s University.
- A student having dissatisfaction with the decision for accommodation granted, has the right to appeal the decision in accordance with the University’s “Policy Against Discrimination and Sexual Harassment and Related Grievance Procedures.”
- The Student Life Administrator may be contacted regarding specific documentation required or for explanation of this policy.

All documentation will be kept confidential in accordance with legal requirements and should be submitted directly to:

Queens Campus

Campus Security Report/Missing Student Procedures/Fire Prevention

Statistics are available for the present year and previous years concerning crimes that occurred on campus, in or on non-campus buildings or property, public property, or residence halls. The Advisory Committee on Campus Safety will provide upon request all campus crime statistics as reported to the United States Department of Education.

Procedures for reporting a missing student are also available in the Annual Security and Fire Safety Report at http://www.stjohns.edu/public-safety/annual-security-fire-safety-report. Printed copies of the report are available upon request from Public Safety at 718-990-6281.

Information on fire safety policies is located at stjohns.edu/about/administrative-offices/operations/environmental-health-safety/fire-safety.

Teacher Education Preparation Programs

Our teacher preparation program is approved by the New York State Education Department and is accredited by the Teacher Education Accreditation Council (TEAC).

A student spends an average of 28 hours a week student teaching depending on the program. The most current pass rates are available at [https://title2.ed.gov/View.asp](https://title2.ed.gov/View.asp)

Copyright Infringement Policy and Sanctions

Sharing copyrighted works without the owner’s permission is illegal and in violation of University policy. Copyrighted works may include songs, films, television shows, video games, software, and other original creative works. Information on University policy can be found at [stjohns.edu/about/general/consumer_information.stj](http://stjohns.edu/about/general/consumer_information.stj)

Complaint Resolution for Online Learning

St. John’s University is committed to providing online learning students with an exceptional education experience that is transparent, efficient, stimulating and fair. If, as a prospective or current student, you feel that your experience with an online learning course or program for the University has not lived up to those standards, you may register a complaint. Information on the process can be found at [stjohns.edu/academics/graduate/distancelearning/about/120507_complaint_resolution_students.stj](http://stjohns.edu/academics/graduate/distancelearning/about/120507_complaint_resolution_students.stj)

The University maintains membership in some 200 professional organizations.

Founded by the Vincentian Community. Chartered by the Board of Regents of the University of the State of New York.

Queens Campus Facilities

Queens Campus, housing the principal administrative offices of the University, is located on a 105-acre tract in the Hillcrest section of the borough.

Belson Hall and Finley Hall house The School of Law, including the Office of the Dean, Registrar, Admissions, Career Services, Clinics, the Law Library, the Writing Center, LLM Center, the Belson Moot Court Room, classrooms, faculty offices, student lounges, a cafeteria, and other areas to support the School of Law.

Bent Hall houses The Peter J. Tobin College of Business, College of Professional Studies, Office of Study Abroad Program, Professional Development and Training Center, the Division of Student Affairs. It also contains faculty offices, an auditorium, and Asian Studies and Student Financial Services (One Stop Shop), and Discover New York.

Carnesecca Arena, the athletic center, houses the main gymnasium seating approximately 5,000, an auxiliary gymnasium, various athletic activities rooms, coaches’ offices, the Little Theatre and classrooms for hygiene and physical education. The Belson Soccer Stadium and varsity baseball field are also located on the Queens campus. Student Development for Athletes.

Chiang Ching-Kuo Hall houses the Offices for Career Services.

Council Hall houses Undergraduate Welcome Center.

D’Angelo Center houses Office of Student Life, mailboxes and offices for student organizations and locker rental services, Board Room, Multipurpose Room, lounges, meeting rooms, seminar rooms, classrooms, Division of Student Affairs Office, Dining Room and Coffee House.

DaSilva Hall houses the Office of Heath Services (entrance on the Mall).

De Paul Complex is the off-campus student housing.

Donovan Hall houses the Office of Residence Life and a satellite mail room (entrance behind Donovan Hall at garden level).

Founders Village is the on-campus housing environment that contains one residence (upper floors of St. Vincent de Paul Hall) and five townhouses that were recently constructed.

Henley Road off-campus housing.

Lourdes Hall houses the Vincentian Institute for Social Action, Ozanam Scholars, and Transfer Student.

Montgoris Dining Facilities
Primary dining hall for Residence Village

Newman Hall houses the central University executive and administrative offices. It also houses the University Computer Center, Enrollment Management, International and Graduate Admission, Office of Institutional Research, Registrar, Office of Financial Services (Financial Aid/Bursar) Information Technology and Business Affairs.

O’Connor Hall houses the Learning Communities (entrance at rear of building).

Residence Village is the on-campus housing environment that contains the six residence buildings, O’Connor Hall, Carey Hall, DaSilva Hall, Century Hall, Donovan Hall, Hollis Hall, and the women’s softball field.

Seton Complex is the off-campus student housing that contains the Speech & Hearing Center, Center for Psychological Services and the Reading and Writing Education Center.

St. Albert the Great Hall houses the College of Pharmacy and Health Sciences and the science departments, Environmental Health and Safety. In addition to classrooms, science laboratories and faculty offices, the building also contains an auditorium and an animal care facility.

St. Augustine Hall is the center of the University library system. The building includes among its special facilities seminar rooms, carrels, exhibition areas, the Health Education Resource Center, the Faculty/Department of Clinical Pharmacy Practice, Honors Program, the University Freshman Center, the Institute for Writing Studies, tutoring center, and quiet study rooms. McNair Scholars Program.

St. John the Baptist Hall houses International Student Services, Liberty Partnership, STEP, the Graduate Division of ESL Program, Gear Up, Committee on Latin American and Caribbean Studies, St. John’s College of Liberal Arts and Sciences, the Division of Special and Opportunity Programs, and the Chaplain. It contains fine arts studios, photography darkrooms, classrooms and faculty offices.

St. Louise de Marillac Hall houses Campus Ministry, a closed-circuit Television Center, classrooms, faculty offices, Office of University Events, the Counseling Center, Psychology Department, Campus Ministry, an auditorium, and the main food court. The Marillac Food Court seats over 500 people. The University bookstore located on the lower level.

St. Thomas More Church is a freestanding church that houses the Campus Ministry office.

St. Vincent de Paul Hall is a student residence hall. It also houses the Undergraduate Admission and the Vincentian Center for Church and Society, the Ozanam Lounge, and a Café.

Sullivan Hall houses the offices of The School of Education, the Academic Technology Center, Laptop Repair Center, classrooms, lecture rooms, and special purpose teaching facilities.

Sun Yat Sen Hall houses the Center of Asian Studies, Chung-Cheng Art Gallery, Faculty Lounge and Office of Global Studies.

The Dr. Andrew J. Bartilucci Center is a recently acquired 40,000 square foot building. The facility is utilized for instruction in some academic programs and various certificate programs offered by the College of Pharmacy and Allied Health Professions.

The Rev. John B. Murray House is the recently constructed residence that provides living accommodations for the Vincentian Fathers and is located near St. Thomas More Church. The spacious, three-story building boasts a common living room with a working fireplace, a reading area/library, chapel and dining room.
The Second Lt. Thomas J. McDonald Reserve Training Center is named for a distinguished alumnus of St. John’s College who was killed in World War II. It was erected by the federal government on a portion of the campus leased from the University. The reserves will be relocating and the building will be utilized by the University. Facilities and Campus Services, Public Safety, Storm Card Office, Printing and Distribution, University mail services, and the ROTC facilities are housed here.

University Center houses Alumni Relations, Marketing and Communications, Institutional Advancement and Human Resources.

Taffner Field House
The facility houses:

Department of Athletics:
- (2) varsity basketball courts, with amenities for volleyball poles
- (2) teams’ locker rooms, bathrooms, shower rooms, and lounges for the men’s and women’s players
- Office level with (2) private bathrooms, locker rooms and pantries to accommodate the men’s and women’s basketball coaches
- A weight training room and medical training room, designed specifically for basketball
- A team classroom
- A basketball equipment storage room.
- (2) recreational basketball courts, with amenities for volleyball poles
- (2) recreational locker rooms, bathrooms, shower rooms
- Recreational gathering area featuring a community lounge and cafe
- A recreation equipment storage room.

Staten Island Campus Facilities
Staten Island Campus the Notre Dame Division of SJU, is located on Grymes Hill in the borough of Richmond.

Campus Center On the second level of this building is the gym, on the lower level the cafeteria, Student Life offices, student government, and health offices.
DaSilva Center Housed in this building, on the third floor, are faculty offices for St. John’s College and the School of Education. On the second floor are classrooms and the School of Education Deans office. On the first floor are the computer lab and School of Education Teaching & Learning Classrooms.

Flynn Hall, the Administration building, houses the offices of the Vice Provost and Campus Operations. Also in this building is the Center for Counseling and Consultation, and the School of Education’s School Counseling Lab, the Dean’s Office of St. John’s College of Liberal Arts and Sciences and the Boardroom.

Kelleher Center houses Admissions and the Office of Student Enrollment Services along with the Fitness Center, Student lounge, Bookstore, and various meeting spaces, including our premier event space, Kiernan Suite.

Lavelle Hall contains classrooms, the St. Vincent de Paul Chapel, an office for Campus Ministry, the Career Center, and the Speech Pathology Lab.

Mahoney Hall provides classrooms, the Writing Center, Honors Classrooms, and Lounge. The Ratsheller/Student Lounge, located on the lower level, is a multi-function student space and is equipped with vending machines.

Notre Dame House Facilities office and shop. Campus Ministry is also housed in this building.

Resident Housing The students are housed in apartments adjacent to St. John’s University.

Rosati Hall The College of Professional Studies, their offices and faculty are housed here.

Spellman Hall houses the following offices: The Peter J. Tobin College of Business, Graduate and Undergraduate Divisions, faculty offices, Accounting Labs, Public Safety, and Black Box Theatre.

The Loretto Memorial Library is committed to the teaching and learning processes by providing information resources and instructional services. It contains over 134,000 volumes of books, periodicals, microfilm, and microfiche which support the undergraduate and graduate programs of the University. An instructional program provides training in the use of library materials through class lectures, orientation programs and individual instruction. Computer terminals located throughout the library provide access to numerous databases, including the catalogs of three St. John’s libraries and other consortium libraries, journal citation databases and full-text document services. Cooperative arrangements with other libraries provide regional, national and international access to materials. The library also contains the Language Laboratory and lounge where art exhibits and other community events are held.

Manhattan Campus Facilities
The Manhattan Campus is located in Lower Manhattan at the Astor Place Plaza opposite Cooper Union’s historic building. It occupies both part of the concourse and first floor and the entire 2nd floor. There are 14 classrooms, Public Safety, Library, MPR, Computer Labs, Administrative offices, The Peter J. Tobin College of Business Graduate Office, The School of Education, the St. John’s College of Liberal Arts and Sciences, and the School of Risk Management.

Southern State Parkway to Cross Island Parkway (North) onto Grand Central Parkway (West); proceed as above.

Long Island Expressway, exit at Utopia Parkway (exit 25), left on Utopia to Union Turnpike.

From the Bronx: Triboro Bridge to Grand Central Parkway (East), exit at Utopia Parkway. Left at light to campus.

Throgs Neck Bridge to Clearview Expressway (South) to Union Turnpike (West) exit. Right on Union Turnpike to Gate 4 (175th Street).

From Westchester, Rockland and Connecticut: Proceed as from the Bronx.

From Brooklyn: Jackie Robinson (Interboro) Parkway onto Grand Central Parkway, exit at Utopia Parkway (exit 25). Left at light to campus.

Belt Parkway to the Van Wyck Expressway, exit at Main Street, continue to Union Turnpike, right to campus.

From Manhattan: Queens Midtown Tunnel onto Long Island Expressway, exit at Utopia Parkway (exit 25), right on Utopia to Union Turnpike.

From New Jersey: George Washington Bridge onto Cross Bronx Expressway to Throgs Neck Bridge to Clearview Expressway (South). Proceed as under Bronx above.

Verrazano-Narrows Bridge to Belt Parkway to Van Wyck Expressway. Proceed as under Brooklyn.
By Public Transportation

**IND:** “E” or “F” train to Union Turnpike - Kew Gardens station. Q46 bus to Utopia Parkway and Union Turnpike.

“F” train to 169th St. station. Q30 bus or Q31 bus to St. John's University.

**IRT:** Flushing subway to Main St., Flushing; Q17 bus to Utopia Parkway and Long Island Expressway. Transfer to Q30 or Q31 bus for St. John's University.

**LIRR:** Jamaica Station. Q30 or Q31 bus to 169th St. and Hillside Ave. Flushing station. Q17 bus to Utopia Parkway and Long Island Expressway. Transfer to Q30 or Q31 bus for St. John's University.

**Bus:** Express bus from Manhattan to Queens campus via Union Turnpike. Additional bus lines serve the immediate vicinity from Nassau, Queens, Brooklyn, Manhattan and the Bronx.

**By Public Transportation**

**From Manhattan:** Staten Island Ferry from South Ferry, Manhattan to St. George, S.I., and follow directions from St. George to the campus.

**From St. George, S.I.:** Buses marked S61, 62, 66, or 67. Get off at Clove Road and Victory Boulevard and transfer to Gwynn's Hill Shuttle bus direct to Arlo Road, adjacent to the campus.

**From Brooklyn:** Take the S53 bus (at 86th St. and Fourth Avenue) across Verrazano-Narrows Bridge to Clove Road and Howard Avenue. Transfer to Gwynn's Hill shuttle bus direct to Arlo Road, adjacent to the campus.

**By Public Transportation**

**From Queens: Take E Train** Heading towards World Trade Center, Transfer to Downtown 6 Train at until Lexington Avenue-S1 St, Get off at Astor Place.

**Take F Train** Heading towards Manhattan, Transfer to Downtown N or R Train at 34th St Herald Square, Get off at 8 St NYU.

**Take 7 Train** Heading towards Manhattan, Transfer to Downtown 6 Train at Grand Central 42 St, Get off at Astor Place.

**From Brooklyn:** Take C Train Heading towards 14th St, Transfer to Downtown 6 Train at 14 St-Union Square, Get off at Astor Place.

**Take N,R Train** Heading towards Manhattan, Get off at 8 St NYU.

**Take B,D,F,M Train** Heading towards Manhattan, Transfer to Uptown 6 Train at B’way-Lafayette St, Get off at Astor Place.

**Take 4,5 Train** Uptown, Transfer to 6 Train at Brooklyn Bridge City Hall, Get off at Astor Place.

**FromBronx: Take 6 Train** to Brooklyn Bridge City Hall, Get off at Astor Place.

**Take 4,5 Train** Downtown, Transfer to 6 Train at Grand Central 42 St, Get off at Astor Place.

**Take 1,2 Train** Downtown, Transfer to N or R Train at Times Square 42 St, Get off at 8 St NYU.

**Take B,D Train** Downtown, Transfer to N or R Train at 34th St Herald Square, Get off at 8 St NYU.

**From Staten Island:** Get off Staten Island Ferry, Take 4,5 Train Uptown at Bowling Green, Transfer to 6 Train at Brooklyn Bridge City Hall, Get off at Astor Place.

Get off Staten Island Ferry, **Take R Train** Uptown at Whitehall St South Ferry, Get off at 8 St NYU.

**From Penn Station and Port Authority Bus Terminal:**

**Take E Train** Heading towards World Trade Center, Transfer to L Train at 14 St, Take L Train Heading towards Brooklyn until 14 St-Union Square, Transfer to 6 Train Downtown, Get off at Astor Place.

**Directions to Staten Island Campus**

**By Automobile**

**From Manhattan:** West Side Highway or F.D.R. Drive to Brooklyn-Battery Tunnel. Follow signs “Staten Island” and/or “Verrazano-Narrows Bridge” to Staten Island. Take Staten Island Expressway (Interstate 278) West to the Richmond Road/ Clove Road exit. Proceed on service road past two traffic signals and turn right at the third (Clove Road). Turn right at the next traffic light (Howard Avenue) and proceed approximately one mile on Howard (eight minutes from bridge).

Take the Staten Island Ferry from South Ferry, Manhattan to St. George, S.I., and proceed as from St. George.

**From St. George:** Proceed straight into Bay Street. Turn right at Victory Boulevard. At Eddy Street (opposite Silver Lake), turn left. At the end of Eddy Street turn right on Howard Avenue to Greta Place which leads to the campus.

**From Brooklyn:** Belt Parkway or Brooklyn-Queens Expressway to Verrazano-Narrows Bridge; proceed as from Manhattan.

**From New Jersey:** Via Bayonne or Goethals Bridge, stay on Staten Island Expressway (Interstate 278 East) to the Richmond Road/ Clove Road exit. Follow service road to first traffic light. Turn left onto Clove Road. Turn right at Howard Avenue (second light) and proceed approximately one mile on Howard. Campus is on the left. Via Outerbridge Crossing—follow West Shore Expressway (Rte 440N) to Staten Island Expressway (278 East) and proceed as above.

**Directions to Manhattan Campus**

**By Automobile**

**From Western Upstate New York:** New York State Thruway to Route 81 south, to Route 17 East, to New York State Thruway at Harriman, New York. Proceed to Palisades Parkway, to George Washington Bridge, to Henry Hudson Parkway, which becomes the West Side Highway South. Proceed past Canal St. Take the 1st left onto W Broadway. Turn right onto W Houston St. Turn left onto Lafayette St. Turn right onto Astor Place.

**From Eastern Upstate New York:** Take the Major Deegan Expressway (Route 87) to the Triboro Bridge, cross the bridge to Manhattan and onto the FDR Drive South. Exit at 23rd Street. Turn right onto E 25th St. Turn left onto 2nd Ave. Turn right onto E 9th St. Turn left onto 3rd Ave.

**From New Jersey:** Proceed through the Holland Tunnel to Canal Street. Take the 1st left onto W Broadway. Turn right onto W Houston St. Turn left onto Lafayette St. Turn right onto Astor Place.

**From Long Island:** Take the Long Island Expressway. Head west on I-495 W towards Exit 51. Take the exit on the left toward E 35th St. Take the 1st right onto 2nd Ave. Turn right onto E 9th St. Turn left onto 3rd Ave.

Pay parking is available at Alliance Parking Services, at the corner of E 9th St and 3rd Ave.
Directions to Long Island Graduate Center

By Automobile

From the Long Island Expressway (LIE)
Eastbound: Take LIE (I-495) East to Exit 53 (toward Bay Shore/Kings Park). Keep left at the fork in the ramp. Keep right to take the Wicks Road ramp. Turn left onto County Hwy-7/Wicks Road. County Hwy becomes Moreland Road. Turn right onto Commerce Drive. 120 Commerce Drive is on the left.

From the Southern State Parkway
Eastbound: Take Southern State Parkway (SSP) East to Sagtikos Parkway N via Exit 41A toward Kings Park. Take the I-495 exit, Exit S 1E, toward Riverhead. Keep right to take the Wicks Road ramp. Turn left onto County Hwy-7/Wicks Road. County Hwy becomes Moreland Road. Turn right onto Commerce Drive. 120 Commerce Drive is on the left.

From the Grand Central Parkway/Northern State Parkway
Eastbound: Take Grand Central Parkway East toward Eastern Long Island. Grand Central Parkway turns into Northern State Parkway. Take Exit 46 from Northern State Parkway toward New Highway. Merge onto Parkway Drive South. Turn right onto Moreland Road. Turn left onto Commerce Drive and building will be on the left.

From the Long Island Expressway (LIE)
Westbound: Take LIE (I-495) West to Exit 55 toward County Hwy-67/Motor Pkwy/Central Islip. Merge onto Express Drive North. Turn right onto County Hwy-67/Motor Pkwy. Turn right onto Adams Avenue. Turn left onto Commerce Drive and building is on the right.

From the Southern State Parkway
Westbound: Take Southern State Parkway (SSP) West to Sagtikos Parkway N via Exit 41A toward Kings Park. Take the I-495 exit, Exit S 1E, toward Riverhead. Keep right to take the Wicks Road ramp. Turn left onto County Hwy-7/Wicks Road. County Hwy becomes Moreland Road. Turn right onto Commerce Drive. 120 Commerce Drive is on the left.
