How to book your flight online:

In order to get the advertised rate, you must arrive in your first assigned country on January 13 and you must depart from your third assigned country on the program end date (May 8 for Discover the World and May 15 for Rome and Paris Semester Programs). The subsidized price is also contingent upon departure from the New York City area. Departures from other cities are still subsidized but the overall cost of the ticket may be higher.

How to Book Your Flight:

1. Have a copy of your passport handy as you will need to enter information EXACTLY as it appears on your passport. If you are booking your flight directly with an agent during their visit to campus on October 2 you must have a copy of your passport available!

2. Fill out the form on the following site: http://b2b.statravel.com/evgstjohns.

3. Submit the required information and wait for an STA travel agent to process your request and email you an itinerary along with payment instructions. It can take up to 48 hours to receive your itinerary. Do not contact STA with payment until you have received an itinerary and further instructions.

4. Once you receive an itinerary, you will have two days to submit full payment. You must pay for the flight within 2 days or your reservation will no longer be valid and you’ll have to start the booking process over again.
