ST. JOHN'S
UNIVERSITY

Mission

TOP PRIORITIES

1. Ensure student success
2. Recruit, recognize, and retain the best faculty, staff, and administrators
3. Enhance our teaching and learning environment
4. Expand global and community partnerships

In 1865, the Right Rev. John Loughlin, Bishop of Brooklyn, asked the Vincentian community to establish an institution of higher education to serve a growing immigrant population. The result was St. John's College, on Lewis Avenue in Brooklyn. That college grew into today's University located in Queens, with campuses and locations in New York and around the world. As a Catholic and Vincentian University, St. John's extends St. Vincent de Paul's vision and continues his efforts on behalf of those in need. The University directs its resources of faith and knowledge to combat the root causes of injustice and create paths to a more equitable world.

Alumna Inspires Special Education Students to Become Leaders in the Fight against Hunger

Latasha Jones '13Ed.D.

As Latasha Jones '13Ed.D. sees it, obstacles are opportunities that help build character. A teacher of middle-school students with special needs, Jones recently steered her class at PS186X Walter J. Damrosch School in the Bronx, NY, to capture first place out of 850 schools in the 2013–14 Lead2Feed Student Leadership Challenge. The competition involves a service-learning project in which students address hunger issues.

SUCCESS
STORY

stjohns.edu/fighthunger

Through the initiative—sponsored by the USA TODAY Charitable Foundation, Lift a Life Foundation, and Yum! Brands Foundation—Jones's students ran a canned food drive, bake sale, and raffle to raise funds for two South Bronx soup kitchens, where they helped prepare and serve food. The money they raised was enough to provide meals for 525 people. By playing the World Food Program's (WFP) Free Rice online game, the class also accumulated a large quantity of rice for donation to hungry children worldwide.

ST. JOHN'S
UNIVERSITY

Faculty Support

“ St. John’s University has a diverse and vibrant academic community where our distinguished faculty are dedicated to student success, academic excellence, and the pursuit of wisdom. Collectively, the entire St. John’s community is empowered and inspired to strive, grow, never be complacent, and succeed. We hope that we will have the opportunity to welcome you to St. John’s University. ”

—Simon Geir Møller, Ph.D., *Interim Provost*

The Academic Center for Equity and Inclusion

The center serves as a hub for leading research, scholarship, and creative expression to address issues of equity and inclusion, and to support faculty development in ensuring the success of a diverse student population. Additionally, we offer institutional membership to the National Center for Faculty Development and Diversity.

The Center for Teaching and Learning (CTL)

CTL supports excellence in teaching and encourages research, publications, and other scholarly and creative work produced by the University’s faculty.

The Office of Online Learning and Services

This office provides a wealth of support for St. John’s faculty. Through workshops, consultations, and online resources, you are offered a variety of ways to improve your online and hybrid courses, teaching skills, and pedagogical approach.

The Office of Grants and Sponsored Research (OGSR)

The OGSR provides faculty service and support related to research activities across the University and works closely with the Office of Business Affairs regarding postaward items such as the financial management of sponsored projects. Sponsored programs include research, instruction and training, public service, evaluative testing, and other scholarly and creative activities conducted under the direction of University faculty and staff and funded by organizations external to the University in accordance with award regulations. The OGSR works with faculty across the University to develop collaborative interdisciplinary research groups with common interests.

THE UNIVERSITY'S SIX COLLEGES

100+ areas of study, including high-growth industries such as physician assistant and top-rated business¹ and risk management² programs

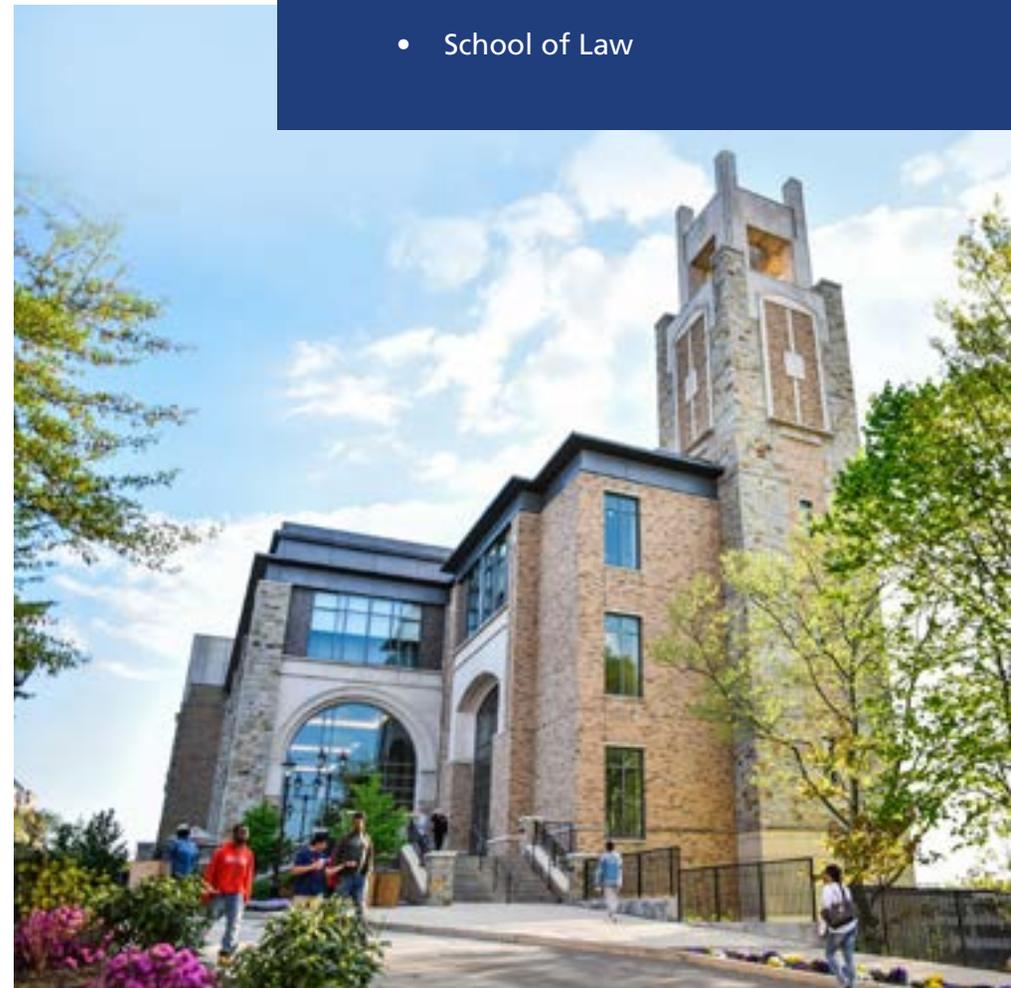

- St. John's College of Liberal Arts and Sciences
- The School of Education
- The Peter J. Tobin College of Business
- College of Pharmacy and Health Sciences
- College of Professional Studies
- School of Law

St. John's has three New York City campuses; a graduate center in Hauppauge, NY; international locations in Rome, Italy, Limerick, Ireland, and Paris, France; and study abroad locations around the world. The *Princeton Review* and other top rankings consistently recognize the University's outstanding academics, diverse student body, dynamic internship and volunteer opportunities, focus on student life, and diverse study abroad offerings. St. John's University offers more than 100 undergraduate and graduate programs in its six colleges and schools, with a growing number of programs offered online. The University is accredited by the Middle States Commission on Higher Education and 12 other major academic and professional associations.

With art, international cuisine, gorgeous parks, and world-class sporting events, the Queens campus features attractions to satisfy nearly every taste. In venues close to the University, sports lovers can watch the New York Mets play baseball at Citi Field and see the US Open host the world's best tennis players. Queens is one of the most ethnically diverse counties in the world and is the most religiously diverse county in the United States. Visitors may enjoy the stunning flora at the Queens Botanical Garden or take the short drive or subway ride to visit Manhattan.

ST. JOHN'S UNIVERSITY

An Inclusive Campus

A dedication to diversity, equity, and inclusion is at the heart of our mission. As a Catholic and Vincentian university, St. John's is committed to institutionalizing practices of inclusive excellence to ensure that we welcome and celebrate the intrinsic worth of all members of our community. We will become an even stronger university as we enhance equity at every level of our institution. As noted in our Vision Statement, our graduates will excel in the competencies and values required for leadership and service in a rapidly evolving world.

Join our mission to ensure student success.
