On behalf of the Office of Residence Life, I am excited that you have decided to live in University housing this year and take your St. John's experiences to the next level! As a member of the St. John's family, you are afforded a number of opportunities to grow and develop as a person, and your decision to live on campus only expands those possibilities.

We welcome you to a residential community that promotes and enhances the academic mission of the University. With the safety and comforts of living on campus, you can expect an environment that is conducive to learning and supportive of the cocurricular experience. Our team of administrators, student staff, and live-in faculty work with you and other residents to uphold a community that enriches learning and fosters respect and consideration for others. Engaged students are successful live-in students.

I encourage you to use your time in the residence halls to actively participate in activities, take advantage of out-of-classroom learning experiences, and develop new friendships. Doing so helps you learn more about yourself and others who reside in the University community.

Living in University housing allows you many new freedoms and personal choices; responsibilities accompany these freedoms. We expect that you will be considerate and respectful of all residents, that you do your part to promote a safe and secure living environment, and that you commit yourself to your academic programs.

This guide introduces you to Residence Life. I look forward to working with you to achieve a rewarding and enjoyable residential experience.

Eric M. Finkelstein
Associate Dean of Students, Director of Residence Life

The Office of Residence Life at St. John's University aims to strengthen the learning community for all students by providing opportunities for intellectual, spiritual, and personal development that complement those offered in the classroom. Residence Life significantly expands opportunities for such development since resident students are immersed in campus life.

We Are St. John's 24/7

By choosing to live on campus, students can expect to be a part of the St. John's tradition 24/7. Residence Life fosters experiences that support students' personal growth, broaden their perspectives and social awareness, and reinforce our Catholic, Vincentian, metropolitan, and global mission. Simply put, living in University housing contributes to a student's success.
LIVING IN UNIVERSITY HOUSING

STUDENTS WHO LIVE ON CAMPUS ARE MORE LIKELY TO SUCCEED.

College students who choose to live on campus are more likely to succeed academically, become engaged in the college experience, and be retained as a student through graduation. Choosing to live in University housing provides students with a unique opportunity to be involved in the dynamic and diverse St. John’s experience.

Our residence halls, as well as Henley and Seton, have a 24-hour security desk that ensures the safety and identification of those entering and leaving the building at all times. Students living in Founders Village, Goethals, and DePaul have a private entrance. It is mandatory that students swipe and show their StormCard each time they enter a building. Every room is equipped with life protection systems including fire sprinklers. RESIDENCE LIFE PERSONNEL

STUDENT STAFF

RESIDENT ASSISTANTS (RAs) AND SENIOR RESIDENT ASSISTANTS (SRAs) are students assigned to directly oversee residents of a particular floor/wing in a residence hall or series of apartments. They are knowledgeable about St. John’s policies and can help problem solve with their peers and refer to University offices as needed for additional support. RAs and SRAs provide duty coverage overnight and in the evenings.

GRADUATE ASSISTANTS (GAs) assist in the management of the residence life program, reporting to a residence life administrator. GAs are available to assist students in the residence halls and apartments as well as in the Office of Residence Life.

PROFESSIONAL STAFF

RESIDENCE DIRECTORS (RDs) are full-time professionals who live in the residence halls and are responsible for one or more buildings. RDs implement policies and procedures, facilitate residence hall programming, advise hall councils, administer conduct hearings, and provide on-call coverage year-round, including evenings, weekends, and holidays on a rotating basis. RD offices are located in the buildings for which they are responsible.

CENTRAL OFFICE ADMINISTRATION is responsible for overseeing the daily operation of the University housing system on the Queens and Staten Island campuses. This includes serving as a liaison to facilities management, developing programming and engagement opportunities, selecting and training staff, managing off-campus housing and managed properties, and supervising student, graduate, and professional staff in the residence hall communities. The Office of Residence Life, with offices on the Queens and Staten Island campuses, is managed by one support staff member, five graduate assistants, three associate directors, and the director of residence life.

FACULTY-IN-RESIDENCE PROGRAM

Student and faculty interaction outside of the formal classroom setting is considered an essential characteristic of a vibrant intellectual community.

The Faculty-in-Residence program at St. John’s University provides faculty members with the unique opportunity to live in a residential community with students. Faculty-in-Residence integrate learning in and out of the classroom by serving as role models and teachers who strengthen the academic, intellectual, and social culture of our residential community.

Faculty-in-Residence helps foster an academic environment by planning two events per semester for resident students in each assigned hall. These events are intellectual, creative, and social learning opportunities.

Specialties
The St. John’s University living experience is enhanced and maximized by themed community options. The goal of these communities is to bridge the academic and residential experience and link students, faculty, and administrators with common interests and academic focuses. While living in themed communities, students experience an intellectual and scholarly climate. They discuss various topics and help one another with their course work. Resident students report higher levels of satisfaction, and first-year residents are more likely to return sophomore year.

**OPT-IN COMMUNITIES:** Students may indicate their preference to live in this community on their application via the housing portal. Participation is based on availability.

**24-Hour Quiet Floor**
(Century and Hollis Halls)
The 24-Hour Quiet Floor is a unique, co-ed community that aims to provide a more subdued residence hall atmosphere for students who thrive in a quieter setting. With resident assistant support, a dedicated lounge with enhanced technology, and floor-specific community expectations, the 24-Hour Quiet Floor is an ideal place to focus on a positive learning and living environment.

**SCHOLARLY COMMUNITIES:** Students are able to participate in one of our scholarly communities by acceptance into one of the programs listed below. These programs have a “live together” requirement, and students are able to select a room via the housing portal.

- **Honors Community** (Donovan Hall)
- **Pharmacy and Health Science Community** (Donovan Hall–First-year, Carey Hall–Third-year and Fourth-year)
- **Ozanam Scholars Community** (St. Vincent Hall)
- **Catholic Scholars Community** (St. Vincent Hall)

**THEMED COMMUNITY OPTIONS HEALTH INSURANCE AND FORMS**

**MANDATORY HEALTH FORMS—ALL STUDENTS**

The New York State Public Health Law 2165 requires students attending colleges and universities in New York State who were born on or after January 1, 1957, to be immunized against measles, mumps, and rubella (MMR) with two doses of vaccine.

In compliance with New York State Public Health Law 2167, all New York State colleges and universities must provide information about meningococcal disease and vaccination availability to all enrolled students. A response form to receipt of meningococcal disease and vaccine information is required—declining vaccine by the student or student’s parent or guardian (if student is under age 18), or documentation of vaccine given after age 16 is required. All new students must submit documentation of both the MMR immunizations and the meningococcal disease vaccine form to the Office of Health Services no later than May 15 for the summer and fall semesters and December 15 for the spring semester. A current physical examination and medical records forms are strongly advised to be completed and submitted. You may submit personal copies of your records or have a health-care provider complete the health forms found at www.stjohns.edu/healthforms.
HOW TO APPLY FOR UNIVERSITY HOUSING

Congratulations on your acceptance to St. John’s University. Housing is limited, so it is important that you complete the following steps to apply.

STEP 1: DEPOSIT

New undergraduate (first-year and transfer) and graduate students must pay a $400 housing deposit by May 1. The date of receipt of your housing deposit determines the priority order for housing self-selection.

Note: New entering law students (1L) must pay a $500 housing deposit by April 1, for first priority for housing self-selection.

STEP 2: APPLY AND SIGN HOUSING AGREEMENT

After they submit their deposit (step 1), students receive instructions to log in to the St. John’s Housing Portal, our online housing system, to complete their housing application, housing agreement, and student profile and to search for possible roommate matches. For new undergraduate and graduate students, this part of the process must be completed by the published deadline on the housing selection webpage, www.stjohns.edu/housing, in order to be eligible for self-service online room and meal selection.

STEP 3: SELECT YOUR ROOM, ROOMMATES, AND MEAL PLAN

After completing step 2, students receive an email with a Housing Portal Appointment time. On or after their scheduled time, students may log in to the housing portal to review available spaces, select a room and/or roommate(s) (optional), and choose a meal plan (if applicable). Please be certain to complete this step by the published deadline on the housing selection webpage, www.stjohns.edu/housing. After this date, students with incomplete applications are assigned a room space and meal plan by our office.
