

Cisco AnyConnect VPN Installation for Windows 10

1. Open a Browser. Go to <https://remote.stjohns.edu>
2. Enter your network username and password

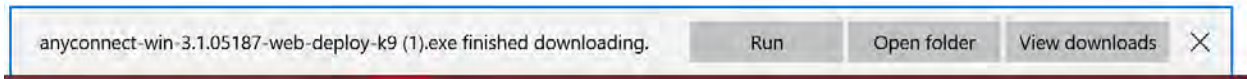

3. Click on Windows desktop

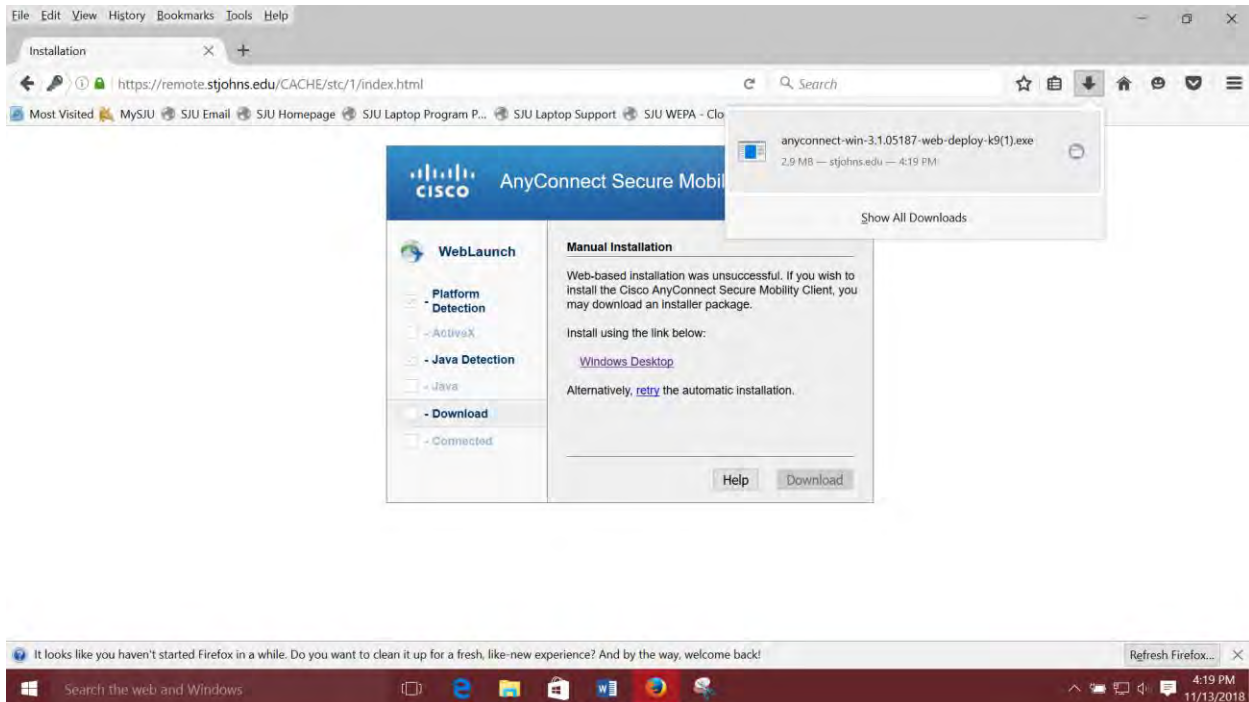

4. It will download the Any Connect installation file, In Chrome, Click on file name on bottom left

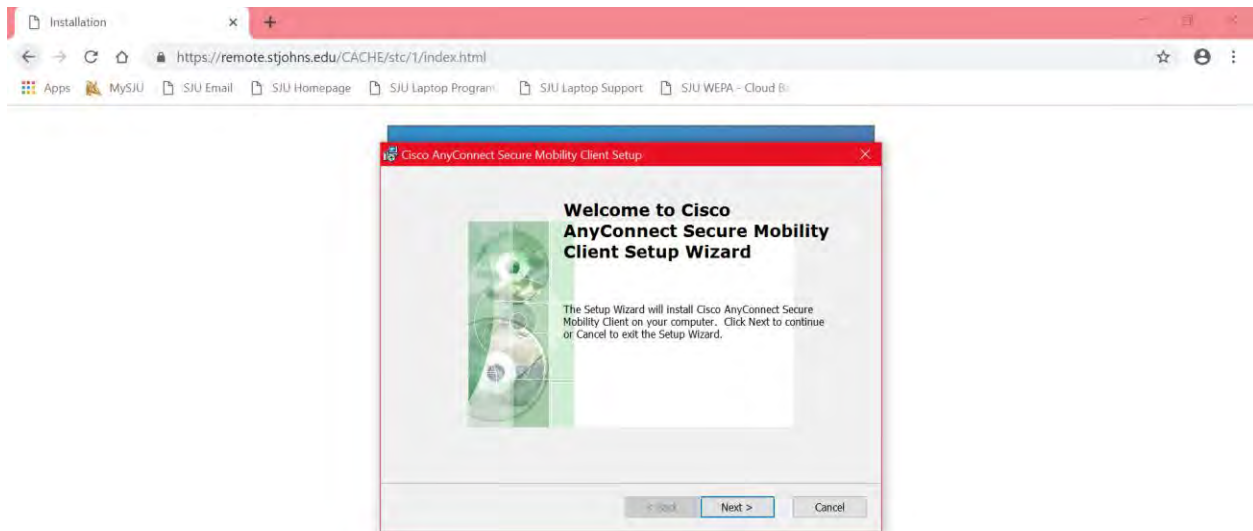

5. In Edge, Click Run

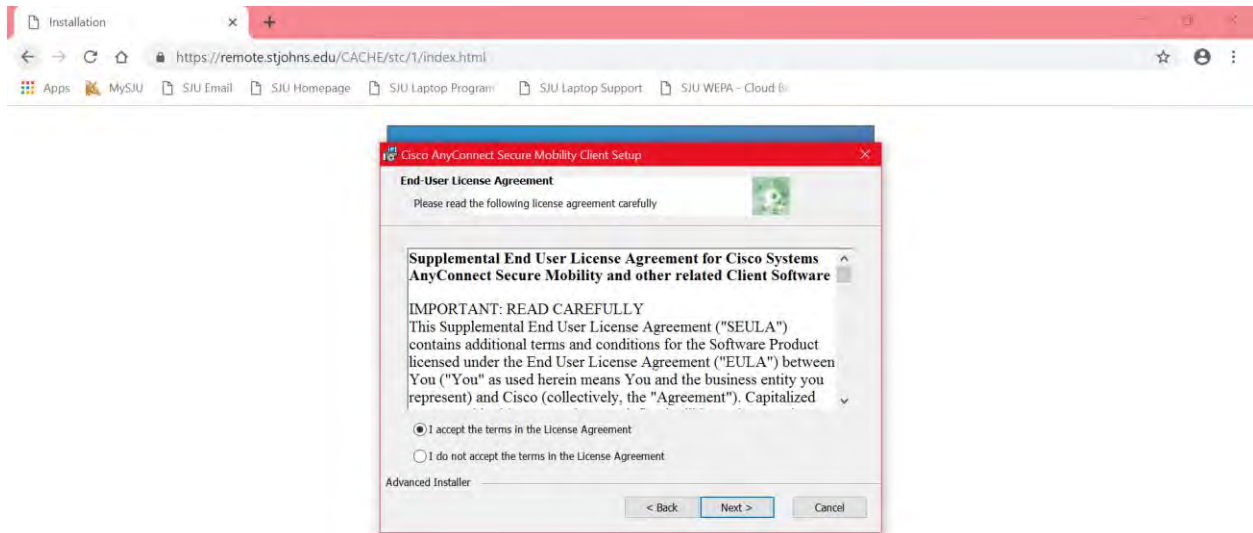

6. In Fire Fox, Choose Save File, then click on the Downloads arrow button, and click on filename.

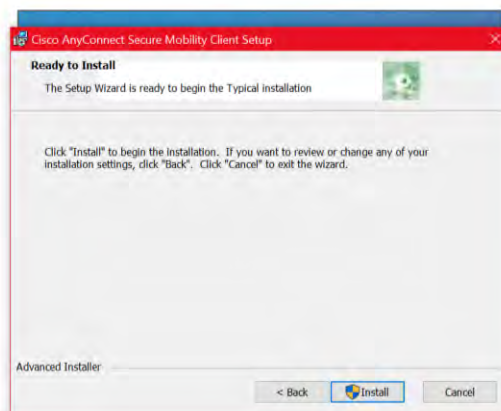

7. Once you clicked on the file name, the installation will begin, then Click Next

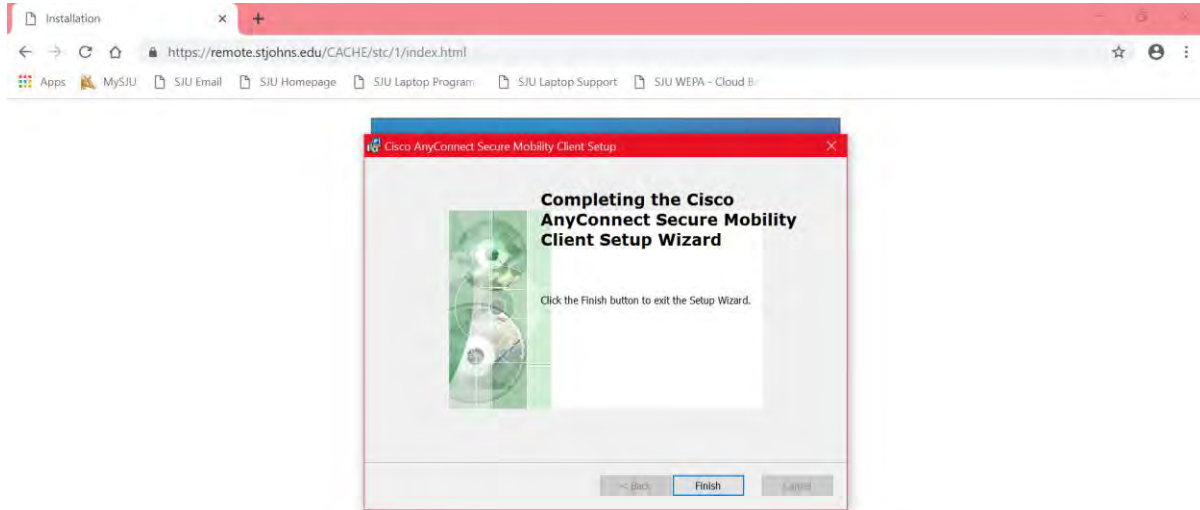

8. Click on I Accept and then Click Next

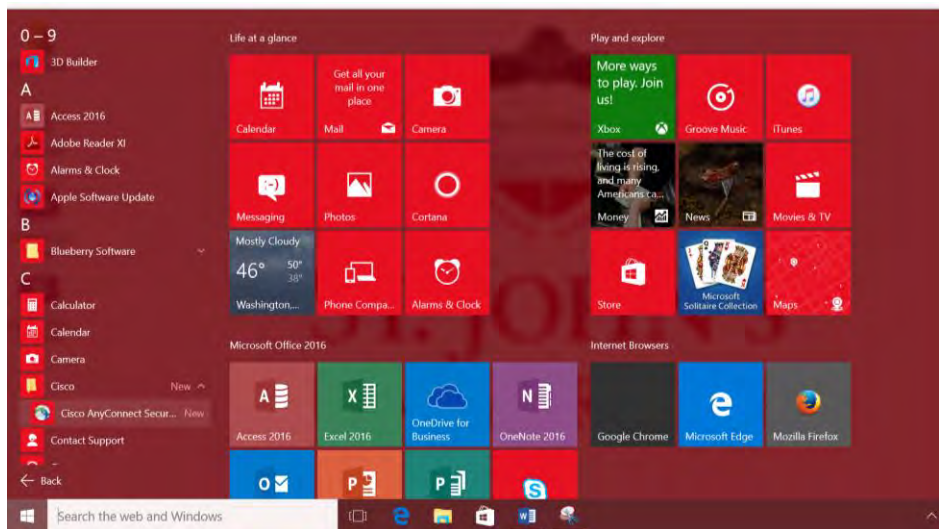

9. Click Install

10. Click Yes if you see a message to allow change to this computer to complete installation. Click Finish

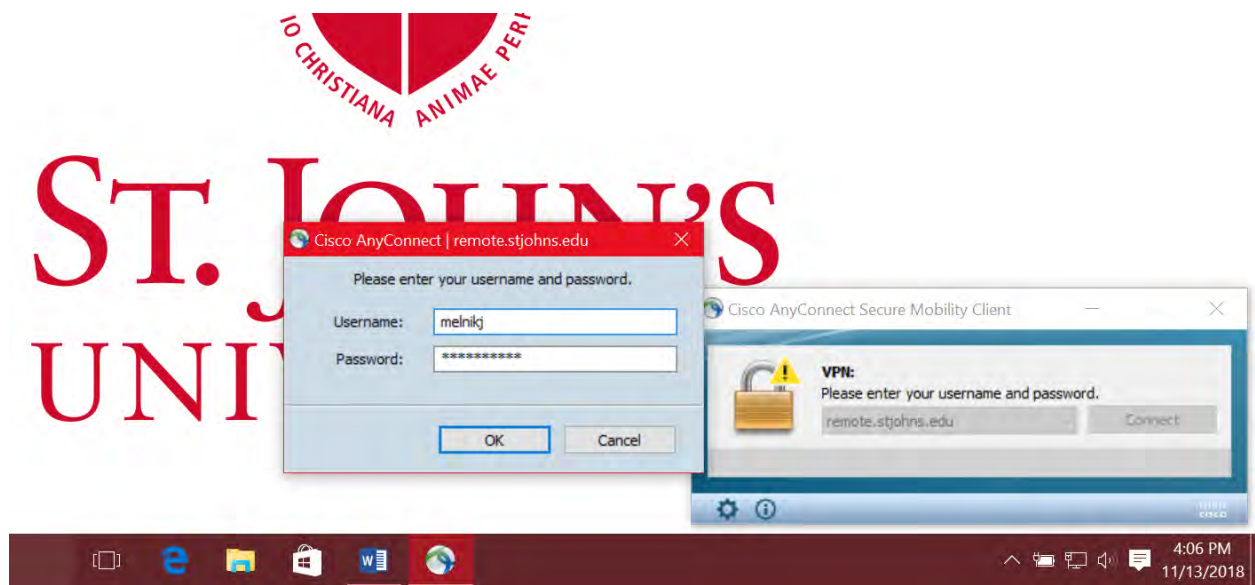

11. Click the Windows Button on the bottom left, Click All Apps, Click on Cisco, then Click Cisco AnyConnect

12. Cisco AnyConnect will open in the bottom right. Enter remote.stjohns.edu and then click Connect

13. Enter your network username and password and click OK

14. You should then see the message you are connected to remote.stjohns.edu
