B.A. Program in **Speech-Language Pathology and Audiology**
Department of Communication Sciences and Disorders
St. John's University

**Quick Facts**

Interested in becoming a Speech-Language Pathologist or Audiologist? You can prepare for further education in these exciting fields through the Bachelor of Arts degree program in Speech-Language Pathology and Audiology, which can be completed on both the St. John's Queens and Staten Island campuses. Through this 120-credit degree program, you will gain an understanding of the process of human development and communication and how these processes can become impaired.

**Curriculum**

To earn their Bachelor of Arts Degree in Speech-Language Pathology and Audiology, students complete 120 core, major, and elective requirements.

*Major Sequence — 39 Credits*

*Required Courses- 30 Credits*
- CSD 1710 Phonetics
- CSD 1720 Anatomy and Physiology of the Speech System
- CSD 1730 Language Acquisition
- CSD 1740 Hearing Science
- CSD 2710 Research and Clinical Writing
- CSD 2750 Introduction to Audiology
- CSD 2760 Language Disorders Across the Lifespan
- CSD 2770 Speech Disorders Across the Lifespan
- CSD 2810 Observation Skills in Speech-Language Pathology and Audiology
- CSD 4990 Seminar

- CSD 1750 Speech Science
- CSD 1820 Neurological Bases of Normal Human Communication and Balance
- CSD 2780 Aural Rehabilitation for the Hearing-Impaired Child
- LAC 1000 Language and Culture

Additional elective courses sometimes available
Student Activities/Field Experiences
Undergraduate Speech-Language Pathology and Audiology students complete two Academic Service-Learning Internships as part of their course work in the major. Our students gain hands-on experience volunteering with clinical populations across the lifespan at field sites while reflecting on these experiences in the classroom.

We have a chapter of the National Student Speech Language Hearing Association (NSSLHA). This is a great way to engage with your peers in scholarship, learning and service. NSSLHA members may also be eligible for induction into Sigma Alpha Eta, the Speech-Language Pathology and Audiology Honor Society.

Departmental Contacts
If you have questions specific to the Speech-Language Pathology and Audiology major, you may contact our department directly (departmental contacts are below). More general admissions, financial or university-related questions are best addressed via the admissions office (admissions contacts are also below).
