Tobin College of Business
Academic Highlights

Major: Accountancy

- The Department of Accountancy holds AACSB accounting accreditation which is the premiere accreditation for accounting programs. This accreditation ensures our programs are kept to the highest standards of excellence in business and accounting education.
- We offer cutting-edge technology-focused accounting degree programs which enable to students to pursue a wide range of career tracks in accounting, taxation, internal audit, risk, and financial advisory.
- The Department of Accountancy offers numerous specialized courses addressing current trends in business including courses on data-analytics, internal audit, sustainability, fraud examination, enterprise risk management, and forensics.
- The Department of Accountancy has an amazing alumni network which enables students to network with accounting professionals and help students obtain an excellent career opportunity upon graduation.
- We offer Master degrees in both Accounting and Taxation by distance learning, in addition to our face-to-face programs. These fully online programs are taught by same full-time faculty members as our on campus programs and are held to the same standards of excellence as all our programs under the AACSB requirements.
- Our small class sizes enable students to get to know their professors and for our professors to get to know their students. These relationships are key to the educational process and we are proud of our dedicated faculty and our student-centered focus.
- Our faculty members are Certified Public Accountants and/or hold other professional designations as well as having advanced degrees such as master and doctorate degrees. Our faculty also includes former Big-4 partners and other industry leaders, which adds tremendous value to the educational experience and additional networking opportunities for our students.
- The Department sponsors numerous student organizations which hold on campus networking and recruiting events with CPA firms and other employers. These organizations also provide opportunities for students to have leadership positions.
- The Department awards over $150,000 in annual scholarships to assist students who pursue a fifth year of education in one of the Department’s fast-track programs. The fast-track programs are CPA licensure qualifying programs and allow students to automatically meet the educational requirements for a CPA license in the State of New York.
