Each year, University Career Services conducts a first destination survey of the graduating class to learn more about the career choices made by St. John's graduates. Specially, we seek to identify the numbers of alumni who are employed, seeking employment, or going to graduate school within six months of graduation.

89.2% of graduates were hired and/or enrolled in Graduate School six months after degree completion.

Top Employers

The data here is representative of the three graduating classes (September 2019, January 2020, and May 2020) from the three main campuses (Queens, Staten Island and Manhattan). The data provided here pertains only to those 66% of undergraduates who responded to the survey.
University Career Services (UCS) is one of the offices that had a huge impact on my undergraduate experience. The [career readiness] series offered by UCS during my first year helped me to lay a groundwork for my resume and learn how to properly write a cover letter among many other invaluable skills. Utilizing this office, and Handshake, I was able to obtain TWO amazing internships in different law firms. One of the firms was actually founded by St. John’s University Alumni! The connections that UCS gave me to our extremely vast alumni network are irreplaceable and something I will utilize for the rest of my career. - Taylor Capoziello, '20 CCPS

Where our students are interning

- Columbia University
- Cornell University
- Fordham University
- George Washington University
- Howard University
- Johns Hopkins University
- New York Law School
- New York University
- Northeastern University
- Norwegian School of Economics
- Ohio State University
- Pepperdine University
- Purdue University
- St. John’s University
- Tufts University
- University of Florida
- University of Georgia
- University of Pennsylvania
