Accreditation Program

2021-2022
Office of Student Life
Division of Student Affairs
Staten Island Campus
Introduction

The Office of Student Life works to ensure the continued functionality and development of the organizations within our community. Further, Student Life seeks to highlight our fraternities and sororities’ various achievements, while providing tailored support to organizations that require it. The Accreditation Program has been created to facilitate these processes.

Purpose and Key Things to Consider

The goal of the Accreditation Program is to enhance chapter management and student development, while evaluating the quality of recognized organizations at the University. The Office of Student Life has developed a program that will, upon successful completion by each individual organization, properly accredit chapters for their achievements. This program will evaluate and assess chapters on the completion of basic requirements and their annual conduct, while also examining each organization’s achievement in five critical areas: Scholarship, Service and Philanthropy, Organizational Development, Member Development, and Community Engagement.

This program seeks to accomplish the following objectives to:

1) establish the minimum standards and criteria that must be met in order to maintain good standing with both Student Life and St. John’s University
2) enhance and/or highlight chapter achievements in Scholarship, Service and Philanthropy, Organizational Development, Member Development, and Community Engagement
3) identify and address problem areas of fraternities and sororities, and to provide appropriate support to struggling chapters
4) facilitate both personal development among our students and organizational development within our organizations

Keeping the goal and spirit of Accreditation in mind, please note:

1) Programs, workshops, etc. cannot be used more than once in fulfilling categories i.e. no double dipping.
2) Partial credit will not be given. Therefore, points for each category will be given based on fully meeting the description of the category.
3) New members will be part of the categories where mentioned.
4) If any travel is to take place, approval must be given by the Student Life Office.

Designations and Point Distribution

In order to identify the various levels of achievement among our organizations, the program will assign one of four designations to a specific organization based on the percentage of overall points the chapter accrues. The specific designations are as follows:

Distinguished: 90% or higher of points awarded (720-800) — excellent organization; highest level of achievement; will receive a $1500 budget allotment

Notable: 80%-89% of points awarded (640-719) — good organization; second highest level of achievement; will receive a $1000.00 budget allotment

Accredited: 70%-79% of points awarded (560-639) — average organization; has met the minimum Office of Student Life standards and expectations; will receive a standard $500.00 budget allotment
**Poor Standing**: 69% and below (559 and below) – struggling organization; does not meet minimum Student Life standards and expectations; will lose privileges of fraternity and sorority life, including but not limited to the prohibition of a new member class; will be required to create/present a Plan of Action (POA) to Student Life; will not receive a budget allotment

**Non-Accredited**: did not submit a final accreditation program packet for review – objectionable organization; organizations with “Non-Accredited” designations will no longer be recognized.

**Note**: Chapters with two consecutive “Poor Standing” designations will be reclassified as “Non-Accredited” and will no longer be recognized.

There are seven sections within this program that will be evaluated. Specific breakdowns of the points available within category are listed in each relevant section of the program.

*Sections A and B* – Office of Student Life Basic Requirements and Organizational Conduct/Discipline – are “deductable categories.” This means no points are awarded for completion of the criteria within these sections, but points will be deducted if criteria are not fulfilled. Ex: AlphaAlphaAlpha AP 2021-2022.pdf

**Late submissions will result in the loss of 10 points per day. Be sure that the document is structured clearly and coherently, with all sections addressed fully and all supporting documentation provided.**

Parts of the program that have specific due dates MUST be turned in by that date. Any other component that does NOT include a specific due date must be included in your program packet that will be submitted at the end of the year.

**Note:** Each section’s criteria will detail what type of documentation is required from the organization, as well as what criteria the office itself will track. Also, each category is unique and fulfillment in one category will not translate to another.

**Part 2:** (Subject to change) After the submission of the packet, each organization will be required to hold a brief presentation (15 minutes). This will require two presenters for each organization. The purpose of the presentation is to:

Presentations will be assigned based on meeting dates established by the Office of Student Life. Tentative dates are May 3rd and 4th. To schedule a meeting, email the address indicated above for the program submissions. There is no specific format required for this presentation and presentations will be open to the public.

**Activity Expectations**
