**ST. JOHN'S  
UNIVERSITY**

# ST. JOHN'S UNIVERSITY

When you invest in a St. John's education, you invest in your future—not just for the next four years, but for an entire lifetime. Here, you find a vibrant and nurturing community where student success is the top priority. Through a wide range of resources, services, and unique opportunities, you are supported during every step of your St. John's journey. When you graduate, you become a member of our vast alumni network of more than 195,000 proud Johnnies—all united through their love of alma mater.

**At St. John's, you help make the world a better place. We create opportunities for students to gain inspiration from their individual faith traditions by volunteering, fighting injustice, and serving those in need.**

## Community

From the moment you set foot on campus as a first-year student, you become a member of a close-knit, supportive community. In fact, your entire first year at St. John's University is designed with your success in mind. By participating in a wide range of introductory programs, you can be sure that your time at St. John's is off to a bright start.

## First-Year Experience

Your dedicated **University Freshman Center** advisor is focused on ensuring you achieve success at St. John's University both inside and outside of the classroom.

**New Student Orientation** is a time where our University family comes together to welcome you to our community.

**Family Orientation Program** is designed to help families learn more about the programs and services that support their St. John's student. It is also a valuable opportunity to meet the academic College deans and representatives from University offices.

The **New Student Convocation** is a time-honored tradition that introduces all incoming students to the University's learning community. It highlights our strong academic culture and Catholic and Vincentian identity—which have made St. John's a life-changing place for more than 150 years.

**E.P.I.C. (Establish Relationships. Promote Possibilities. Impact Direction. Confirm Next Steps.)** is a year-long peer-to-peer mentoring program sponsored by the Division of Student Affairs. The goal is to create a community where our first-year students learn from the guidance and wisdom of upper-class students.

**The R.I.S.E. Network** is a scholar's empowerment network that provides Black and Latinx freshman students with skill-based development, support, and opportunities to enhance their overall academic career at St. John's.

# Academic Innovation

## Investing in the Future

The new state-of-the-art St. Vincent Health Sciences Center will support and house existing and forthcoming health sciences programs in one facility. Work commenced in the first quarter of 2022 and the building is slated to be open by Fall 2024.

You have all of the tools you need to learn with new and emerging technologies. When you graduate, you are career-ready and poised to meet the challenges of an ever-changing world.

“The University’s new St. Vincent Health Sciences Center will enable St. John’s to train the next generation of caregivers at a time of tremendous change and opportunity in health care.”

—Rev. Brian J. Shanley, O.P.,  
President

### Homeland Security/Emergency Management Simulation Lab

This lab creates, simulates, and escalates a variety of large-scale incidents, either natural or man-made, including floods, landslides and mudslides, terrorist attacks, structural collapse, weapon of mass destruction and nuclear strikes, wildfires, civil disorder, hazardous material and biological releases, and severe weather conditions, such as hurricanes or tornadoes—all in a realistic, physics-based environment.

### Cyber Security Lab

Our Cybersecurity Lab provides you with the opportunity to learn, apply, and practice cyber security by working with software and employing techniques for intrusion detection, vulnerability mitigation, network perimeter defense, incident response, network forensics investigation, and malware analysis.

### Center for Integrated Advertising Communications

The Drs. E. Lawrence and Adele V. Deckinger Center for Integrated Advertising Communications, a specialized learning space modeled after a typical advertising agency, gives you a preview of careers in the field and invaluable experiential learning opportunities. It features a touch-down computer center with state-of-the-art Mac stations, Cintiq drawing monitors, format printers, writeable walls, and multiple video display screens.

### Media Arts and Design Lab

The Media Arts and Design Lab, known as the MAD Lab, is a destination for students choosing to study advertising, animation, digital media, graphic design, illustration, mass communication, photography, public relations, and television and film. The lab includes professional-level Mac Pro workstations with Cintiq tablets—which are used in 3D modeling, illustration, and retouching photographs. In the adjacent Technology Commons, students studying 3D modeling have their design prototypes 3D printed.

### Anatome Tables

Students in the College of Pharmacy and Health Sciences gain a deeper understanding of human anatomy through Anatomage virtual dissection tables—the most technologically advanced virtual dissection table for anatomy education.

Through the use of virtual reality (VR), you examine and tour the human body. In addition, the Department of Art and Design leverages VR technology to teach digital sculpting.

# Leadership

**GLOBE (Global Loan Opportunities for Budding Entrepreneurs)** is a student-managed academic program that provides loans to entrepreneurs in the developing world. Through GLOBE, you can learn about the world of microfinance while helping the poorest of the poor help themselves and their families out of poverty.

**Emerging Leadership Program**  
The Emerging Leadership Program gives first-year students and sophomores the opportunity to learn about campus life and begin developing their leadership skills. You participate in six weekly events and have the opportunity to join the St. John's Leadership Development Program. Students who participate in this program gain practical and experiential leadership experience.

# Networking

St. John's University's Career Services offers dozens of student-focused programs for both pre- and post-graduation success, and the office's proactive attitude and response to student demands are exceptional. With resources that concentrate on career advising, employment services, and leadership and professional development, you leverage tools acquired for "real-world" situations, such as interviewing and networking engagements with more than 195,000 living alumni.

## Alumni Insider's View

Alumni Insider's View provides you with a behind-the-scenes look at what our alumni do in their careers in Albany, NY; on Wall Street; and in Washington, DC.

- **Wall Street:** Visit some of the major financial institutions in the Wall Street area, such as Standard & Poor's, Bank of America, and the New York Stock Exchange, and see what it's like to be a player in the financial capital of the world.
- **Washington, DC:** Meet St. John's alumni who are among the nation's most important legislators, lobbyists, and business executives, and see what it's like to live and work in our nation's capital.
- **Albany, NY:** Travel to Albany to engage in the inner workings of state government and experience the reality of New York's political climate.

## Aspire Mentor Program

The Aspire Mentor Program is an alumni mentoring program for juniors who are beginning their professional journey. The University's networking and mentoring programs help students and alumni build mutually rewarding relationships, share knowledge and experience, and expand networks.

alumni network

# Exploration

## Global Opportunities

Approximately 40 percent of St. John's undergraduates study abroad, and St. John's has repeatedly ranked among the top universities for study abroad participation over the past 10 years. International academic service-learning and our global internships ensure that St. John's students are leaders in international education.

## Make New York Yours

New York City is a bus or subway ride away from campus. The iconic Statue of Liberty stands in New York Harbor. World-class museums, dining, Broadway shows, and Central Park await. Venture off campus and explore the benefits of living in New York. Learn more: <https://www.iloveny.com/places-to-go/new-york-city/>
