

On **Friday, August 22** the entry form will go live for the **Residence Village Parking permits (Including Henley)** and will close on **August 25**. You will need to log into your signon.stjohns.edu and follow the instructions below.

Click on **(T2 Flex Parking Portal)**-

Once in the portal-click “Log-In” at top right hand-

Add yourself to the Parking Permit Waitlist -

Proceed through the prompts. You may need to input your vehicle information. After that, continue following the prompts to include your waitlist selections and click Done when you are finished.

****All students must join a waitlist if they wish to obtain a “Residence Village or Henley” parking permit.**

Residents of Henley are asked to choose the Henley waitlist as their priority, as it is specifically intended for individuals residing in Henley housing. In addition, Henley Residents can also choose to be added to the Residence village waitlist in case Henley is sold out.

Please be aware that if a Henley resident is not chosen from the Henley waitlist but is selected from the RV waitlist, they will have the opportunity to obtain a regular RV permit. This means the students will need to park their vehicle on the main campus rather than at Henley.
