# College Advantage Program *Spring 2026*

## What is the College Advantage program at St. John's University?

The College Advantage program at St. John's provides qualifying high school sophomores, juniors, and seniors with the opportunity to enroll concurrently in high school and credit-bearing St. John's courses at a cost of \$325 per course—a deep discount from regular undergraduate tuition rates.

Classes are taught at a student's high school by St. John's-approved teachers in areas of study that include English, fine arts, humanities, language, mathematics, science, and social sciences. The curriculum is approved concurrently with St. John's faculty and the high school teacher.

Courses are offered for fall and spring terms. Participation in College Advantage does not guarantee acceptance to St. John's University.
