About Allergan Aesthetics

We create the products and technologies that drive the advancement of aesthetic medicine.

At Allergan Aesthetics, an AbbVie company, we develop, manufacture, and market a portfolio of leading aesthetics brands and products. Our aesthetics portfolio includes facial injectables, body contouring, plastics, skin care, and more.

With our own research and development team focused on driving innovation in aesthetics, we're committed to providing the most comprehensive science-based product offerings available.

We Exist to Empower Confidence

The Power of Confidence

We believe in the remarkable impact confidence can have on the lives, businesses, and careers of those we serve through our history of a company built on patient-care, education and support of our customers, and our commitment to putting the patients we serve first.

That's why we dedicate ourselves, every day, united by a single purpose: empowering confidence. For our customers, their patients, and one another.

About Our School

St. John's University College of Pharmacy and Health Sciences provides undergraduate, graduate, and post-doctoral programs focused on global impact, which cultivates the tools necessary to find solutions to complicated healthcare issues. Located in Queens, NY, St. John's commitment to excellence and renowned faculty inspire students to practice patient-centered care and shape the future of healthcare. The St. John's University College of Pharmacy and Health Sciences Pharmaceutical Industry Fellowship Programs were developed to provide Doctor of Pharmacy degree graduates with a profound and unique learning experience leading to attainment of a competitive position in the pharmaceutical industry, upon culmination of the two-year program. In addition to the exceptional training and hands-on experience offered at each industry site from program directors and preceptors, fellows are provided with unique academic and scholarship opportunities through St. John's University under the mentorship of faculty within the Department of Pharmacy Practice. Primary fellowship goals and objectives are:

- Gain specialized training within the pharmaceutical industry.
- Develop communication skills
- Develop leadership skills
- Develop teaching skills
- Enhance professional growth and development
- Develop research skills

Bill Maidhof, PharmD
Program Coordinator

"For over 20 years St. John's University, College of Pharmacy and Health Sciences, has partnered with leading pharmaceutical companies, including Allergan Aesthetics, an AbbVie Company, to provide Doctor of Pharmacy graduates with structured, postgraduate education fellowships that develop leadership, practice, research, and teaching skills to succeed in the industry today and in the future."

The University is proud of its affiliation with Allergan Aesthetics, an AbbVie Company and the opportunities this program will offer to our current and future fellows.

"I am excited to serve as Program Coordinator for this wonderful post-doctoral fellowship opportunity offered through St. John's University and Allergan Aesthetics, an AbbVie Company. Fellows completing this two-year program will be highly marketable and stand to secure cutting-edge positions within the pharmaceutical industry largely due to dedicated preceptors, professional project opportunities, teaching and research experience, and exposure to multiple cross-functional areas within Allergan Aesthetics"

Joseph M. Brocavich, PharmD
Program Director

Location:
Queens, NY

Dean:
Anne Lin, PharmD, FNAP

Graduate Programs Offered:

- M.S./Ph.D. in Pharmaceutical Sciences;
- M.S. in Biological and Pharmaceutical Biotechnology, Pharmacy
- Administration, and Toxicology;
- Master of Public Health (MPH);
- MBA Programs;
- MS in Cyber Security and Information Security

About Our Fellowship Program

St. John's University College of Pharmacy and Health Sciences is excited to collaborate with Allergan Aesthetics, an AbbVie company, on this fellowship opportunity. This one-year fellowship will be based in Irvine, California. Additionally, professional development days will be organized by St. John's University. The program is recruiting for one fellow and recruitment is set to begin on or after October 1, 2026.

St. John's University Component

The fellow will be a full-time St. John's University employee. A competitive stipend will be provided, as well as options for comprehensive health, dental, and vision insurance. Each fellow is responsible for completing a semester-long teaching requirement with the university and a fellowship research project that may include original research, or the development, enhancement, or evaluation of some aspect of operations or patient care services.

Additionally, each fellow is able to participate in several professional and educational development opportunities at the university including:

- Participate in a Teaching Excellence Certificate Program
- Precept Advanced Pharmacy Practice Experience (APPE) candidates (if applicable)
- Perform collaborative research with St. John's University faculty (if applicable)
- Enroll with tuition remittance for Graduate Degree programs (Master's or PhD degrees)(if applicable)

Certificate of Completion

Upon successful completion of the program, Fellows will receive a certificate from St. John's University College of Pharmacy and Health Sciences and AbbVie. For more information, please visit our [website](https://www.stjohns.edu/academics/schools/college-pharmacy-and-health-sciences/pharmaceutical-industry-fellowship-programs): <https://www.stjohns.edu/academics/schools/college-pharmacy-and-health-sciences/pharmaceutical-industry-fellowship-programs>

Alliance of Industry Fellowship Associates

The choice of a Post-Doctoral Industry Fellowship is an important decision. AIFA exists to promote a consensus first offer date for all Fellowship positions. We believe this is a positive reflection of the cultures our Programs offer, and that culture is a critical consideration in choice of Fellowship. AIFA-aligned first offer date: December 11th, 2026. We hope that other academic and non-academic Fellowship Programs will NOT pressure candidates to accept offers prior to this AIFA-aligned offer date. Candidates should feel free to request an extension for any earlier offer to allow them to consider their options.

Clinical Development Fellowship

Colleen Oshodi

2026-2028
First Year Fellow

Rola Elzein, Pharm.D

2025-2027
Second Year Fellow

This one-year, in-person fellowship provides an immersive introduction to clinical research in global device development. As an active member of multiple clinical teams, the fellow will develop an understanding of the principles and challenges in developing novel therapeutics, while operating within GCP (Good Clinical Practice), ICH (International Council for Harmonisation), and other agency guidelines. Under mentored guidance, the fellow will gain broad exposure to many interdisciplinary functional areas while individualized objectives will tailor their involvement to projects of particular interest.

Roles and Responsibilities

- Working independently as a clinical scientist contributing to clinical trial teams and integrated evidence team decisions
- Developing an understanding of the development process from study start up, through execution, and study closeout
- Participating in the development of clinical strategy for clinical trials
- Developing study protocols, informed consent forms (ICFs), investigator brochures (IBs), clinical study reports (CSRs) and other clinical trial materials
- Contribute to the timely performance of clinical trials by collaborating in a cross-functional team setting

Application Process

Eligibility Requirements

To be considered for the St. John's University/Allergan Aesthetics Pharmaceutical Industry Fellowship Program, you must meet the following requirements:

- Graduate of an Accreditation Council for Pharmacy Education (ACPE)- accredited Doctor of Pharmacy Program prior to the start of the fellowship term
- Have a strong interest in pursuing a career in the pharmaceutical industry
- Eligible to work in the United States

Admission

To apply, please electronically submit all the below items and correspondence to: Dr. William Maidhof, Program Coordinator at stjfellowships@stjohns.edu

- Curriculum Vitae (CV)
- Letter of Intent
- Unofficial pharmacy school transcript
- Three letters of recommendations sent via email from each of the three references directly

Deadlines

Application portal opens on or after October 1, 2026. Virtual interviews will begin the week of October 27, 2026. The CV and Letter of Interest must be submitted on, or before, October 23, 2026 to be considered for an interview.

Curriculum Vitae (CV) by October 23, 2026

Letter of Interest by October 23, 2026

College Transcript by October 27, 2026

Three Letters of Recommendation by October 27, 2026
