*The data included in this brochure is representative of three graduating classes (September 2013, January 2014, and May 2014) from the three main campuses (Queens, Staten Island, and Manhattan). The data provided here pertains only to those 70 percent of undergraduates who responded to the survey.
Each year, University Career Services conducts a “Graduate Destinations” survey for the graduating class to learn more about the career choices made by St. John’s graduates. We seek to identify the number of alumni who are employed, seeking employment, or going to graduate school within six months of graduation.

**UNDERGRADUATE CAREER OUTCOMES CLASS OF 2014**
