WELCOME HOME

On behalf of the Office of Residence Life, I am excited that you have decided to live on campus this year and take your University experiences to the next level! As a member of the St. John’s family, you will be afforded a number of opportunities to grow and develop as a person, and your decision to live on campus will only expand those possibilities.

We welcome you to a residential community that promotes and enhances the academic mission of the University. With the safety and comforts of living on campus, you can expect an environment that is conducive to learning and supportive of the cocurricular experience. Our team of administrators, student staff, and live-in faculty will work with you and other residents to uphold a community that enriches learning and fosters respect and consideration for others. Engaged students are successful students. I encourage you to use your time in the residence halls to actively participate in activities, take advantage of out-of-classroom learning experiences, and develop new friendships. Doing so will help you learn more about yourself and others who reside in the University community.

Living in the residence halls allows you many new freedoms and personal choices; responsibilities accompany these freedoms. We expect that you will be considerate and respectful of all residents, that you do your part to promote a safe and secure living environment, and that you commit yourself to your academic programs.

This guide introduces you to Residence Life. I look forward to working with you to achieve a rewarding and enjoyable residential experience.

Eric M. Finkelstein
Director of Residence Life
Living in University Housing

Studies show that college students who choose to live on campus are more likely to succeed academically, become engaged in the college experience, and be retained as a student through graduation. Choosing to live in University housing provides students with a unique opportunity to be involved in the dynamic and diverse St. John’s experience.
The Office of Residence Life at St. John’s University aims to strengthen the learning community for all students by providing opportunities for intellectual, spiritual, and personal development that complement those offered in the classroom. Residence Life significantly expands opportunities for such development since resident students are immersed in campus life.

By choosing to live on campus, students can expect to be a part of the St. John’s tradition 24/7. Residence Life fosters experiences that support students’ personal growth, broadens their perspectives and social awareness, and reinforces our Catholic, Vincentian, Metropolitan, and Global mission. Simply put, living on campus contributes to a student’s success.

The St. John’s University living experience is enhanced and maximized by themed community options. The goal of these communities is to bridge the academic and residential experience and link students, faculty, and administrators with common interests and academic focuses. While living in themed communities, students experience an intellectual and scholarly climate. They discuss intellectual topics and help one another with their course work. Resident students report higher levels of satisfaction and freshmen residents are more likely to return sophomore year.

Opt-In Communities: Students may indicate their preference to live in this community on their application via the housing portal. Participation is based on availability.

- **Leadership Living Learning Community** (Donovan Hall)–The Leadership Living Learning Community (3LC) is a unique experience that challenges and equips students to live a more meaningful life and influence others to make a positive impact on their world. 3LC cultivates students’ leadership abilities by preparing them for and engaging them in hands-on experiences and by providing continuous feedback and reflection on their leadership development.

- **24-Hour Quiet Floor** (Century Hall)–The 24-Hour Quiet Floor is a unique, co-ed community that aims to provide a more subdued residence hall atmosphere for students who thrive in a quieter setting. With resident assistant support, a dedicated lounge with enhanced technology and floor-specific community expectations, the 24-Hour Quiet Floor is an ideal place to focus on a positive learning and living environment.

- **International House** (O’Connor Hall)–Be part of St. John’s newest themed community, where you explore and engage the world’s cultures through participation in targeted activities, speaking the languages you’ll study through your course work, and, if you’re interested, preparing for an eventual study abroad experience. By living side-by-side with like-minded students in a SJU residence hall, the International House’s environment will promote academic achievement by developing an awareness of global issues while preparing you for success at St. John’s, future careers, and possibly an international fellowship.
HIGH-TECH FACILITIES
At St. John’s University, you will live in a modern and vibrant residential village. These residence halls are far more than just a place to sleep, eat, and study. Each room is equipped with multiple data ports, which provide access to phone, cable, and the Internet. Wireless access is available in common spaces.
*Note: Internet is not included in Goethals Avenue.

CABLE TV
Resident students have a cable television outlet in their rooms, common areas of suites, and floor lounges. On-campus student channels are in high-definition, and all channel lineups include movie, sports, and SJU stations. Cable TV is included (except Goethals Avenue). Students need a cable-ready TV and/or DVD receiver with a connector cable about six feet in length.

HOUSEKEEPING/MAINTENANCE
Housekeeping is responsible for maintaining the common areas of the building, including hallways, lounges, and stairwells. Residents are responsible for cleaning their own suites/rooms, common areas, and bathrooms. The University provides maintenance and repair services to all the residence halls, including emergency maintenance after hours and on weekends.
Residents must purchase a resident parking permit from the Office of Public Safety to park a car on campus. Only residents in their junior or senior years and law students are permitted to purchase residential parking permits. Permits are very limited and are sold on a first-come, first-served basis. Students should know that limited parking is available; parking is not guaranteed. Overnight guests who are parking vehicles must obtain a temporary parking pass at Public Safety.

SAFETY AND SECURITY
Residence halls, Henley and Seton have a 24-hour security desk that ensures the safety and identification of those entering and leaving the building at all times. Students living in Founders Village, Goethals, and DePaul have a private entrance. It is mandatory that students swipe and show their StormCard each time they enter a building. Every room is equipped with state-of-the-art life protection systems including fire sprinklers. SJU also has its own on-campus Public Safety security force, which is in direct contact with the Fire Department of New York (FDNY) and the New York Police Department (NYPD). Additionally, emergency call boxes are always nearby. For more information, contact Public Safety at 718-990-6281.

LAUNDRY
Each residence hall is furnished with laundry rooms. Resident students enjoy unlimited laundry (washing and drying) in their building at no additional cost. Goethals residents have coin-operated laundry.

ROOM FURNISHINGS
Each student is provided with a standard twin-size bed, desk, desk chair, and dresser (or under-bed storage). Residents can control their own heat and air conditioning. Common area furnishings vary, but include soft seating and dining table and chairs.

The following additional amenities and convenient services are what make living in University housing the preferred choice of St. John’s students:

• Faculty-in-Residence program (Henley Complex)
• Learning Community connections
• Engaging RA programming
• Bonus common spaces
  – Prayer rooms
  – Game rooms
  – Study lounges
  – Common kitchens
• Live-in resident ministers
• Health Services (DaSilva Hall)
• Residential academic support
• WEPA printing stations
Located in Donovan Hall in the heart of the Residence Village on the Queens campus, the Residential Success Center (RSC) is a satellite space designated to support students’ academic development and success. It is a campus partnership between the Office of Residence Life, the University Freshman Center, the University Learning Commons, University Career Services, and the Office of Student Wellness.

The RSC provides:
- Academic tutoring support services
- Late night/overnight open study space
- Career/peer advisement
- Academic coaching/academic support programs

Students have convenient access to this supportive learning environment and a quiet study space daily in the Residence Village. At key times during the semester—such as midterms or final exams—the space provides a 24-hour study hub through strategic collaboration, convenient hours, and residential accessibility.

Students who utilize the Residential Success Center achieve a higher GPA at SJU.
Student and faculty interaction outside of the formal classroom setting is considered an essential characteristic of a vibrant intellectual community.

The Faculty-in-Residence program at St. John’s University provides faculty members and their families with the unique opportunity to live in a residential community with students. Faculty-in-Residence integrate learning in and out of the classroom by serving as role models and teachers who strengthen the academic, intellectual, and social culture of our residential community.

Faculty-in-Residence helps foster an academic environment by planning two events per semester for resident students in each assigned hall. These events are intellectual, creative, and social learning opportunities.

How to Apply for University Housing

Congratulations on your acceptance to St. John’s University for the 2016–2017 academic year. Housing is limited, so it is important that you complete the following steps to apply:

STEP 1: DEPOSIT
Pay the housing deposit ($400 for new undergraduate/graduate and $500 for new law students) by Sunday, May 1, 2016. Housing deposits receipt date determines priority in housing portal appointment times to select rooms.

STEP 2: APPLY AND SIGN HOUSING AGREEMENT
After they submit their deposit (step 1), students will receive instructions to log in to the St. John’s Housing Portal, our online housing system, to complete their housing application, housing agreement, and student profile and to search for possible roommate matches. This part of the process must be completed by Sunday, May 1, 2016, in order to be eligible for self-service online room and meal selection.

STEP 3: SELECT YOUR ROOM, ROOMMATES, and MEAL PLAN
After completing step 2, students receive an e-mail with a Housing Portal Appointment time. On or after their scheduled time, students may log in to the housing portal to review available spaces, select a room and/or roommate(s) (optional), and choose a meal plan (if applicable). Please be certain to complete this step by Wednesday, June 8, 2016. After this date, students with incomplete applications will be assigned a room space and meal plan by our office.

Housing portal web browser requirements: Mozilla Firefox, Google, Chrome, and Safari provide the best results when logging into the housing portal. Certain older versions of Internet Explorer may cause difficulty.
