As a university, we commit ourselves to academic excellence and the pursuit of wisdom which flows from free inquiry, religious values and human experience. We strive to preserve and enhance an atmosphere in which scholarly research, imaginative methodology, global awareness and an enthusiastic quest for truth serve as the basis of a vital teaching-learning process and the development of lifelong learning. Our core curriculum in the liberal arts and sciences aims to enrich lives as well as professions and serves to unify the undergraduate experience. Graduate and professional schools express our commitment to research, rigorous standards, and innovative application of knowledge. We aim not only to be excellent professionals with an ability to analyze and articulate clearly what is, but also to develop the ethical and aesthetic values to imagine and help realize what might be.

St. John’s is a Catholic university, founded in 1870 in response to an invitation of the first Bishop of Brooklyn, John Loughlin, to provide the youth of the city with an intellectual and moral education. We embrace the Judeo-Christian ideals of respect for the rights and dignity of every person and each individual’s responsibility for the world in which we live. We commit ourselves to create a climate patterned on the life and teaching of Jesus Christ as embodied in the traditions and practices of the Roman Catholic Church. Our community, which comprises members of many faiths, strives for an openness which is “wholly directed to all that is true, all that deserves respect, all that is honest, pure, admirable, decent, virtuous, or worthy of praise” (Philippians 4:8). Thus, the university is a place where the church reflects upon itself and the world as it engages in dialogue with other religious traditions.

St. John’s is a Vincentian university, inspired by St. Vincent de Paul’s compassion and zeal for service. We strive to provide excellent education for all people, especially those lacking economic, physical, or social advantages. Community service programs combine with reflective learning to enlarge the classroom experience. Wherever possible, we devote our intellectual and physical resources to search out the causes of poverty and social injustice and to encourage solutions which are adaptable, effective, and concrete. In the Vincentian tradition, we seek to foster a worldview and to further efforts toward global harmony and development, by creating an atmosphere in which all may imbibe and embody the spirit of compassionate concern for others so characteristic of Vincent.

St. John’s is a metropolitan university. We benefit from New York City’s cultural diversity, its intellectual and artistic resources, and the unique professional educational opportunities offered by New York, Rome and other cities throughout the world where our students study and serve. With this richness comes responsibility. We seek and welcome opportunities to partner and plan with our metropolitan communities. We encourage them to use our intellectual resources and professional expertise in developing solutions that address strategic issues of mutual concern. On the local, state, national and international levels, our alumni serve as effective leaders and responsible citizens. We pledge to foster those qualities required for anticipating and responding to the educational, ethical, cultural, social, professional, and religious needs of a dynamic world.

The Office of Residence Life at St. John’s University aims to strengthen the learning community for all students by providing opportunities for intellectual, spiritual and personal development that complement those offered in the classroom. Residence Life significantly expands the opportunity for such development since the resident students are immersed in the campus environment.

The goal of the Office of Residence life is to foster personal responsibility, social awareness and student leadership through programs and activities consistent with the values of the University’s mission.

Statement of Our Community Values

The development of the whole individual is our priority within the foundation of our residence life program. The goal of the residence life program, in addition to providing a place to sleep, is to supplement learning and provide a variety of educational, social and recreational activities.

Becoming a member of the St. John’s residential community involves students in the special opportunity to live, learn and grow together. This necessitates the creation of set expectations and community standards in order to develop a respectful, thoughtful and educational environment. Our community is a place where a developed sense of integrity and the ability to make good decisions are highly esteemed. It is a place where we celebrate diversity and expressly repudiate discrimination. Also, we are interdependent for the fulfillment of certain needs, and therefore, living in the St. John’s residential community asks each of us to adopt an active understanding of the Residence Life Policies.

The policies are designed to create an optimal environment for every member of the community and those who visit. The policies establish clear and consistent behavioral expectations. Infractions of these policies will be documented and adjudicated in order to preserve and protect the integrity of our community.

The community values set forth are reflective of the Vincentian Mission. St. John’s University strives to promote justice, instill personal and moral values and create a healthy learning environment. The Office of Residence Life at St. John’s University is committed to the safety and well-being of all community members. We strive to create an environment that is free of acts of violence, harassment and infringement of rights of privacy and property. The Office of Residence Life is one of many service offices in the University that assist students. As a staff, we will support students by identifying resources which, based on personal needs, will further support them.

The residence program is comprised of students that come from a wide variety of geographical locations and cultural backgrounds. Experiences with students will enhance one’s learning while exposing them to different perspectives, stressing tolerance and acceptance, respect for others and regard for the standards of good citizenship.

All resident students must follow all rules, regulations, policies and procedures outlined in the Resident Life Handbook, the University Student Handbook and any additional rules of conduct required in creating a harmonious community environment. The Resident Life Handbook and the University Student Handbook are extensions of your Residence Life Agreement. Violations of any of the policies in any form could lead to disciplinary action up to expulsion from the University.

The Director, Assistant Director, Residence Directors and the Office Support Staff are responsible for coordinating and administering the entire residence life program which includes, but is not limited to, assigning rooms, helping students with interpersonal conflicts and staff training.

Residence Life Personnel

Resident Assistants
Resident Assistants (RAs) are undergraduate students selected by the Office of Residence Life because of their interest in people, proven maturity and sense of responsibility. The RAs provide personal and individual assistance to each student. Resident Assistants act as resources to assist residents with problems or questions.

Residence Directors/Assistant Residence Directors (RDS/ARDS)
Residence Directors (RDs) report to an Assistant Director of Residence Life and supervise the RAs. The RDs are responsible for the implementation of policies and procedures, facilitate residence life programming, advise the Residence Life Council, serve as judicial hearing officers and perform on-call duty responsibilities.

Assistant Director of Student Life and Residence Life (AD)
The Assistant Director is responsible for overseeing the programming, judicial and daily operations of the Residence Life program. The Assistant Director supervises the Residence Directors in these areas, and serves as a liaison for residence life to students, parents, alumni, community and University officials. The AD also serves as the primary judicial hearing officer responsible for adjudicating violations of the Residence Life Handbook.
Standards of conduct form the basis for behavioral expectations in the St. John’s University community. The creation and enforcement of standards of conduct for students is an educational endeavor that intends to foster student development. The enforcement of such standards must protect the rights, health and safety of members of that community in order that they may pursue their educational goals without undue interference. Sanctioning is used to promote the guidelines put forth by the University. The use of sanctioning is not punitive or retaliatory. The goal of sanctioning is for students to gain perspective and insight into their indiscretions, making the moment educational.

Freedom is meaningless unless responsibility is also present. The responsibility to secure and respect general conditions conducive to learning is shared by all members of the St. John’s University community. Students must assume a significant role in developing and enforcing University regulations in order that they might be better prepared for the responsibilities of citizenship. It is the intent of St. John’s University to establish the necessary guidelines to support and advance the educational and religious aims of the University without undeservedly restricting or diminishing the University experience for students. Thus, integrity, wisdom and empathy are among the most important characteristics adhered to throughout the administration of student conduct standards. The goal to be realized through the disciplinary process transcends the confines of the University and radiates into the community. The goal is to influence students to espouse the core values of truth, love, respect, opportunity, excellence and service throughout their daily lives as productive members of a larger community.

**Sexual Harassment:** Unwelcome sexual advances, requests for sexual favors and other gender-based verbal or physical conduct that is severe, persistent, or pervasive enough to unreasonably interfere with an individual’s educational experience or living conditions. Every effort will be made to conduct the search in the presence of the room occupant and a representative from the Office of Residence Life.

Billing Procedures Regarding Damages

A violation of the Damage Policy will result in those responsible being financially accountable for the materials, time, repairs and/or replacement of item(s). If those responsible cannot be determined, all assigned to that living space (apartment or building) will be charged i.e., if no one can be determined responsible for the damage in a room or apartment, then all residents of that apartment will be charged.

Total damages will be deducted from the $250 damage deposit that each resident pays prior to moving into the apartments. The remaining balance will be credited to his/her account, unless a check is requested from the Office of the Bursar. Any damage exceeding $250 will be billed to the resident. Payment must be made to St. John’s University by the specified deadline. For specific deadlines please contact the Office of Student Enrollment Services.

Excessive damage may result in immediate termination of the housing agreement, and indefinite suspension from the residence life program and further disciplinary charges.

Check-in/Check-out

You are required to check in and out several times during the semester for winter break, spring break and summer. The Resident Directors will notify all residents of check-in and check-out dates and times by phone, by email, in person or during mandatory meetings.

Check-in

All resident students must check in during the designated times. Only the resident student can fill out the appropriate paperwork (parents/guardians must sign the contract if student is under the age of 18) and receive a key. If a student cannot
make it during the scheduled move-in time, he/she must notify the Residence Life staff to avoid disciplinary action and/or termination of their contract. If express check-out is offered, students can return their key to the Office of Residence Life with the appropriate paperwork. Students waive their right to dispute any said charges if they opt for express check-out.

Residence Life Inspection Form
Residence life inspection forms are completed prior to student move-in. In the event a student has any concerns or issues with their apartment, he/she should notify a Residence Director in writing, via a maintenance request form, within 72 hours of moving in. This notification must be dated and signed, and handed to the Residence Director during office hours. The Residence Director will follow up with concerns within 48 hours. If deemed appropriate he/she will then note the concerns on residence life inspection form. Note: the following will result in damage charges:

- Holes in the walls
- Adhesive or tape on the walls
- Self-stick pages or hooks on the walls, doors, etc.

Keys
In order to acquire apartment keys a student is required to sign a keycard signifying reception of keys. When keys are returned, the student will again sign the keycard signifying the return of the keys.

Check-out
Check-out ordinarily occurs at the end of each academic semester. A student must apply to the Office of Residence Life for approved cancellation of his/her housing agreement for any check-outs prior to the end of the year. If check-out occurs any time during the academic year without obtaining an approved cancellation, the student will continue to be responsible for all charges for his/her assigned space for the entire agreement period. The student must also follow all other check-out procedures in this handbook. Failure to complete the check-out procedures will result in an improper check-out fine.

If the student chooses to cancel the Agreement after moving in, then they will be reimbursed the prorated amount set by the University’s reimbursement schedule. Notification of cancellation for the spring semester after the determined date will result in a $250 charge. If express check-out is offered, students can return their key to the Office of Residence Life with the appropriate paperwork. Students waive their right to dispute any said charges if they opt for express check-out.

If a student vacates their space at any time other than at the end of the academic semester, the student must contact the Office of Residence Life and follow the established check-out procedures.

All students are responsible for the condition of the apartment upon check-out. Students are relieved of all responsibility once the official check-out by a Residence Life staff member occurs. If a student is the last to check out and their roommates have checked out, the last student will be held accountable for the condition of the apartment, unless a staff member has made prior inspections.

When leaving University Housing at any time, students are required to do the following:

- Contact the Residence Director at least 24 hours prior to moving out
- Remove all belongings (May and summer move-out and winter break room change)
- Winter break move-out students are allowed to leave items behind
  Students are recommended to take home all items they deem valuable since the University will not be held responsible for items left over winter break
- Clean out apartment including kitchen and bathroom
- Remove marks from walls, ceilings, floors, furniture, counter tops, etc.
- Empty and clean all cabinets
- Clean all appliances — refrigerator, stove and microwave
- Remove all trash from the apartment
- Ensure all furniture is in order and the room has been returned to its original condition
- Return issued keys and sign key card with the staff member checking you out. If you do not do both, you will be charged for any necessary lock changes
- Additional check-out procedures may be instituted at the end of each term
- If you take responsibility for damages, the staff member who checks you out will note them on the residence life inspection form — otherwise, all charges will be distributed among all the occupants
- You will continue to be billed for housing until personal property is removed and keys returned
- Items left behind will be discarded and students will be charged

Medical Withdrawals/Coverage

When a student is granted a medical withdrawal, the Office of Residence Life requires notification from the counseling and testing center or health and wellness office. The student will receive a prorated refund for the exact date of withdrawal based on the Office of the Bursar reimbursement schedule. Once a student medically withdraws from the residence program, the student must present written supporting documentation to the Director of Residence Life. The student cannot return to the program until he/she receives written approval from the Director of Residence Life. A student that leaves the residence life program is not guaranteed their space.

If a student is a threat to self or others, he/she must receive written documentation from the University Psychiatrist and/or medical professional stating that he/she should be allowed to return to the non-therapeutic environment of the residence program.

Medical Coverage

All resident students must be covered by family health insurance or purchase the University health insurance. Failure to do so will result in expulsion from the program until coverage is established. If you have family coverage, you can register online. If you wish to obtain the University’s health plan, you can contact the health and wellness office. You will be charged for the University health plan if you do not fill out the appropriate forms by the deadline, even if you have coverage.

Personal Property

The University does not assume liability directly or indirectly for loss or damage to personal property by fire or smoke, theft, water damage or any other cause except to the extent provided by the law. Residents are encouraged to secure renter’s insurance to protect their belongings.

Additionally, the University is not responsible for personal property left behind by students at the end of the year or subsequent to the date of their withdrawal, transfer, departure, suspension or dismissal from any room/apartment. Items found in the rooms after the official dates will be discarded. The University does not provide storage facilities for any personal belongings.

Residence Life Agreement

All resident students must complete and sign the Residence Life Agreement before being placed into a room. The Residence Life Agreement remains in effect for the current academic year unless:

1. The agreement is terminated by the Director of Residence Life
2. The student graduates
3. The student withdraws from housing for more than one semester

The Residence Life Agreement providing housing shall be consistent with the academic calendar. Returning students will sign these forms during the spring...
room selection process for the following fall. New incoming students will sign these forms prior to move-in day. Students moving in at other times throughout the year will sign these forms prior to moving in.

Residence Life Cancellation

The University reserves the right to refuse assignment or reassignment to University housing or to cancel the Agreement during the academic year due to the student’s failure to meet University requirements, policies or regulations, or in the event of criminal conviction by civil authorities. In such cases, there will be no refund of prepaid rent. In the event accommodations assigned to the student are destroyed or otherwise made unavailable and the University does not furnish other accommodations, the Agreement shall terminate, all rights and liabilities of the parties hereto shall cease and payments previously made shall be refunded on a prorated basis as of the date accommodations became unavailable.

Residence Life Refunds

Termination of the Residence Life Agreement will result in refunds that are prorated weekly for the first five weeks, except for judicial cases. After five weeks in the semester, there are no refunds. Judicial cancellation of housing will receive NO REFUND. A refund schedule will be available in the Office of Residence Life. Housing Selection Packets will be available in the Office of Residence Life during the first week in February. The $500 housing deposit is due by the specified date set by the university.

Room Assignments

Room assignments are made without regard to age, race or creed. Every consideration will be given to assignment requests, but the University cannot guarantee to honor every request. The Office of Residence Life reserves the right to change room or facility assignments, to assign roommates, or consolidate vacancies with University policies and procedures. Students will receive appropriate notice if such action is necessary and students’ accounts will be adjusted accordingly. If one of the occupants moves from a room, the students who remain agree to accept an assigned roommate or move to another room upon request. The University reserves the right to offer a prorated charge to the remaining occupants if there is an opening in an apartment. Residence life at Staten Island does not offer accommodations for spouses or children of resident students.

Room Changes

Students wishing to move to another apartment must complete an Apartment Change Form, which may be obtained from the Office of Residence Life. Opportunities for apartment changes are very limited and are not guaranteed. No room changes are permitted during the first two weeks of a semester. During this time, room change requests may be submitted to the Residence Director. These requests will be reviewed and all approved moves will occur during the fourth week of the semester. After room change week has been completed all room change requests will be taken on a case-by-case basis. However, no room changes are permitted during the last three weeks of each semester.

Students must complete their room change within 24 hours after receiving approval and paperwork from the Office of Residence Life. A room change is considered complete when all check-out procedures have been completed for the room, that is being vacated, and check-in procedures are completed for the new room assignment. Those procedures are clearly stated elsewhere in the handbook. Failure to complete the move within the designated time will result in cancellation of the room change and a fine for improper check-out. If you move to a differently priced room, such as a double room to a single, you will be charged the rate according to your new room description.

Room Selection

The annual room selection process is held in the spring semester and is the process whereby residents select their apartment and roommates for the following academic year. If you plan to leave housing for any specified period of time, please notify the Office of Residence Life in advance regarding eligibility and procedures for obtaining housing upon your return. If you plan to leave housing for any specified period of time due to an academic endeavor such as Study Abroad, please notify the Office of Residence Life in advance regarding eligibility and procedures for obtaining housing upon your return. There will be no guarantee for obtaining a space upon return, but the University will do its best to retain your space.

Room Selection Process

Only enrolled full-time undergraduate (12 credits) graduate students (nine credits) may be eligible if space is available. Students of the University are eligible to live in University-sponsored housing.

Housing Selection Packets will be available in the Office of Residence Life during the first week in February. The $500 housing deposit is due the first week in March.

Returning resident students seeking housing must fill out a Residence Life Agreement form and return the reservation deposit and form to the Office of Residence Life by the designated date. The advance payment is to reserve the student’s space and will be credited to the upcoming semester’s housing charges. The student agrees to pay housing fees and the damage deposit according to the University payment schedule. Failure to do so will result in the loss of the student’s space in the program.

The damage deposit will be refunded at the end of the contract period minus any outstanding damage, charges or fines. Cancellation of your space after handing in a contract and deposit will result in the loss of the deposit. The deposit will be refunded if the student does not receive a space due to lack of availability.

All returning resident students are eligible for the room selection process in the spring semester for the upcoming academic year only if they have paid the reservation deposit and are in good academic and judicial standing.

General Room Selection

All eligible returning students may opt to remain in their current room if it available (except those students in freshmen designated apartments). Those returning to their apartment can change rooms in that particular apartment, if space is available. Members of that apartment may also select an eligible student to take
an open space in that apartment. Students who wish to participate in the room selection process will indicate that they wish to participate and their former room will become available to all those in the selection process.

Those returning residents who are not in good standing and wish to return must fulfill their sanctions prior to being awarded a room. After the established date, space will be assigned to new incoming students. If an ineligible resident student finishes their sanctions after the established date and wishes to return to the residence life program, they MUST place their name on the wait list. (Be advised that the University will relocate people to consolidate apartments).

Residence Life Refunds
Termination of the Residence Life Agreement will result in refunds that are prorated weekly for the first five weeks, except for judicial cases. Housing Selection Packets will be available in the Office of Residence Life during the first week in February. The $500 housing deposit is due by the specified date set by the university.

Room Vacancies
If a student is living in an apartment in which a vacancy occurs during the course of either semester, the Office of Residence Life reserves the right to reassign him or her to another apartment to fill the vacancy or to consolidate students. The University reserves the right to offer a prorated charge to the remaining occupants if there is an opening in an apartment.

Singles/Studios Rooms Waiting List
There are a limited number of singles/studios available in the residence program. In order to be eligible for singles/studios, the student must be a current resident in the residence program. Two singles/studios waiting lists are maintained in the Office of Residence Life, one for men and one for women. Students who would like singles/studios should go to the Office of Residence Life and place their names on the appropriate waiting list. The lists are compiled throughout the academic year and only apply to the current academic year.

During the academic year, as singles/studios become available, students are contacted according to their priority on the waiting list and offered singles/studios.

Once notified, the student will have 24 hours to contact the Office of Residence Life with their decision. If they choose to accept, they must follow the Room Change Procedures stated in this handbook. If the student does not accept the singles/studios, his or her name will be removed from the waiting list. Singles/Studios are assigned on a first-come, first-serve basis. Room changes involving singles will be handled directly in the Office of Residence Life. Placing your name on a waiting list does not guarantee a space will become available.

Transferring to Another St. John’s University Campus
If a student wishes to transfer to another St. John’s campus, they must fill out the appropriate paperwork. If you had a space in the Staten Island residence program, you are not guaranteed a space on another campus. It is the responsibility of the student to follow up with their transfer request. If a resident student forfeits their space in the Staten Island residence life program and wishes to return, he/she MUST be placed on the waiting list.

Visitation and Guests
The mission of the Office of Residence Life is to encourage students’ academic success, while interacting with others in their community. The privilege to have guests depends upon the students fulfilling their responsibilities to the University and the residence life community.

Due to St. John’s University’s location as well as its Catholic identity, it is the utmost priority of the students and University to establish the following visitation policy:

- As a Catholic University, cohabitation, exploitive relationships and/or overnight guests of the opposite sex are neither condoned nor permitted in residence facilities
- All unregistered guests must leave by the time established for that day

These policies are subject to adjustment during breaks, as well as during study periods such as finals week.

Resident’s Rights and Responsibilities
1. A resident may have an overnight guest of the same gender who has been agreed upon by all roommates with the approval of the Office of Residence Life, except during finals and holiday breaks. Requests for overnight guests must be received by the Office of Residence Life at least 48 hours in advance via an overnight Guest Registration Form.
2. A resident may have a guest visit and/or stay overnight any night of the week except during finals and holiday breaks.
3. A resident may have two guests at any one time with consent of all roommates.
4. A resident must accompany their non-St. John’s University guest(s) at all times.
5. Visitation hours are 10 a.m. – midnight from Sunday – Thursday and 10 a.m. – 2 a.m. on Friday and Saturday.
6. Resident’s guest(s) may not infringe on the rights of other residents to study, sleep, or to socialize in their apartment.
7. Guests who violate this standard will be asked to leave the residence apartment and/or campus immediately by a Resident Assistant, Residence Director, Public Safety Officer, or any other University official authorized by the Director of Residence Life.
8. Overnight guests are not allowed to stay for more than three consecutive nights.

Additional Information Regarding Visitation
- All visitors/non-St. John’s University students must always have a valid and approved picture ID.

• The resident directors, or director, are the only staff... authorized to grant exceptions to the visitation policy.
• Residents who violate visitation policies may have their privileges revoked.

Residence Hall Services

Cleaning
No janitorial services are provided for individual apartments or hallways. Students are responsible for the cleanliness of their apartment and common areas. Some supplies are available in the Office of Residence Life.

Garbage rooms are located behind 23 and 41 Arlo Road and in the courtyards between 460 and 476 Howard Avenue; and between 488 and 504 Howard Avenue. (Failure to properly recycle will result in fines from the New York City Sanitation Department.) If you are unsure of the nearest garbage bins, contact the Office of Residence Life. Garbage and litter in the hallways and public areas may result in disciplinary action. Residence Directors will issue a 24-hour warning notice to remove all garbage and litter, if an area is deemed unsatisfactory (including disposing of refuse outside of your door or windows).

Dining Facilities
St. John’s University Campus Dining Services offers students the convenience of two locations:
• The Campus Dining Services are located in the Campus Center Cafeteria
• The Cafeteria offers grilled items, soups, salads, deli sandwiches, pizza, snacks, muffins, bagels, cereals and beverages as well as catering services

Laundry and Vending Machines
There are two laundry facilities available for you to do your laundry at the Grymes Hill Apartment Complex: behind 504 Howard Avenue, and next to 41 Arlo Road.

Mail Services
Resident students are responsible for maintaining their mail service. If you wish to receive mail from the University, you must contact the registrar’s office; otherwise your mail will be sent to your home address. If you are changing apartments, you must contact the appropriate correspondences (i.e., phone, cable, credit card, magazines, friends, etc.) and get a change of address form from the U.S. Postal Service.

Maintenance
All maintenance requests must be submitted, in person, on a Maintenance Request Form available in the Office of Residence Life. Maintenance requests can only be processed during the residence life office hours. If the work is not completed within 48 hours, please contact residence life. The University, along with Grymes Hill maintenance, reserves the right to enter any apartment at any time for repairs. Maintenance requests will be handled in order of urgency. For weekend or evening emergencies, please contact the Office of Public Safety at 718-390-4487 and a Resident Director will be contacted.
Parking
A limited number of reserved parking spaces in the parking lots around the complex are available through the Office of Residence Life. Parking spaces will be assigned by seniority and a first-come first-serve basis. Failure to comply with the terms of the parking agreement can result in the loss of your space without reimbursement.

Students who are awarded reserved spaces will have the space from September 1 through May 31. Students cannot sublet their space to another student. Students must display their parking decal on the back driver’s side window. Students must park in their assigned space. If your space is being used illegally, please contact public safety who will contact a Resident Director. Any car parked illegally will be towed at the owner’s expense. The resident reserved parking permit DOES NOT allow students to park on any St. John’s campus. Residents are not permitted to leave their cars in the University parking lots after hours without special approval from public safety. Contact public safety for information pertaining to campus parking permits.

Residents are permitted to park free on Howard Avenue and Arlo Road. As with any city street, the availability of parking varies and certain restrictions are enforced. There is no guarantee of a parking space.

Cable TV/Internet
All resident apartments are provided with digital cable, including premium movie and sports channels. All you need is a cable-ready TV and DVD/VCR and a connector cable about six feet in length. All apartments are also equipped with high speed wireless internet service and all St. John’s laptops are already set to receive the wireless signal in the apartments. Resident students are not permitted to contact the cable/internet provider directly to alter the service already provided by the University. Any student experiencing problems with their cable and/or internet service must contact the Office of Residence Life to report the problem.

Telephone
All resident apartments are provided with local/regional telephone service. Resident students are not permitted to contact the telephone provider directly to alter the service already provided by the University. Students experiencing service problems must report it to the Office of Residence Life.

Safety and Security Devices
Students must make sure that the doors and screens are always properly locked to ensure safety. Tampering with or misuse of security screens, locks or fire safety equipment will result in disciplinary action.

- Locks — Each apartment is equipped with a deadbolt and door lock. Installation of personal locks is prohibited.

- Security Screens/Window guards — St. John’s University has installed security screens or window guards in all ground level residence facilities for your safety and security.

- Fire Safety — Each apartment is equipped with an alarm, carbon monoxide detector and fire extinguisher. If you have any problems with ineffective devices, immediately contact the Office of Residence Life.

- Common Door — Students should be mindful that we live in a community, and although it is a very safe one, we must make every effort to insure our own safety. All students are expected to keep their doors to their apartments closed and locked at all times. It is especially important that all common doors are always locked.
Health and Safety Regulations

Inspections of apartments will be conducted throughout the academic year and may occur at any time to ensure that the living space is healthy and comfortable.

a. Any personal property stored in a student apartment must not interfere with the health and safety of the residents and must not damage University property.

b. Residents may not keep excessive trash in their apartment.

c. All items drawing on electrical current must meet the Federal, State and University safety regulations.

d. Surge protectors should be used with items that require a large amount of electricity. (i.e., televisions, refrigerators and computers, etc.)

e. Extension cords may not be taped, tacked or stapled to any surface.

f. The following appliances are permissible in the residence halls, with the stipulation that they have an automatic shut-off feature:

• Coffee pots
• Pop-up toasters
• Closed element popcorn poppers
• Hot pot and rice cookers
• Foreman grills

Residence life staff members will look for the following during an inspection:

• Prohibited Items
• Cleanliness/Healthy Living Environment
• SafetyViolations
• PolicyViolations

If an apartment fails a health and safety inspection, and the violation does not pose an immediate threat, the apartment will be warned and re-inspected within 48 hours. Failure to pass second inspection may result in judicial action and a fine.

Emergency Evacuation Instructions

If the fire alarm sounds, the occupants of the building must evacuate the apartment IMMEDIATELY, unless they cannot because of hazardous surroundings.

1. If your door is hot to the touch, do not open it. Roll up a wet towel and place it at the base of the door to prevent smoke penetration. Ground level tenants should exit through the appropriate window(s). Second or third level tenants should go to the window, open it, and stay there until help arrives. DO NOT JUMP.

2. If your door is cool to touch, open it slowly. If the hallway is clear, close and lock your door behind you and proceed to the nearest exit.

3. If you encounter smoke, take short breaths through your nose and stay close to the floor.

4. Once outside the building, proceed to a designated waiting area away from the building and wait for instructions from an authorized University official.
 Judicial Process*

When a resident student violates the Code of Conduct or the Residence Life Policies and procedures, the following sequence of events will occur. Students are obligated to follow through with the judicial proceedings and will be held accountable for non-compliance. Most low-level Residence Life violations are handled administratively, meaning that the case is heard by a hearing officer as opposed to a full hearing body.

1. Incident Report Submission
   An Incident Report (IR) is received in the Office of Residence Life. Any student, administrator, residence life staff member or University official may submit an IR to the Residence Director.

2. Incident Report Review
   The Residence Director where the reported violation occurred will review the incident report with the Assistant Director. If the incident requires judicial recourse, the student will be notified of their violation and a date to have a hearing with the appropriate Hearing Officer. Failure to respond to the notification will be regarded as a no contest plea and the Hearing Officer will set the sanction(s). The type of reported violation may determine which Hearing Officer you will appear before.

   The Hearing Officers you may meet with are:

   1. Residence Directors
      Most cases will be heard at this level. Violations range from noise to suspicion of drug use.

   2. Assistant Director of Residence Life
      The Assistant Director will determine whether a case will be elevated to this level. To be considered for elevation, a case will usually be of a more serious nature.

   3. Assistant Dean and Director of Residence Life
      The Director of Residence Life will hear any case that may result in a student being removed or suspended from the residence life program.

   4. Associate Dean of Student Affairs
      The Associate Dean of Student Affairs will hear any case that may result in a student being removed or suspended from the University. The Associate Dean will hear appeals to decisions made by the Director of Residence Life. The Associate Dean of Student Affairs serves as the campus Judicial Officer.

3. Contacting the Student to Schedule a Hearing
   After receiving the Incident Report (IR), the hearing body responsible for the case will schedule a hearing date. A letter will be sent to the student informing him/her of the date and time.

4. The Hearing
   When the student meets with a Hearing Officer, the resident will have the opportunity to:
   a. Speak on his/her behalf.
   b. Provide relevant documentation and witnesses to the situation.
   c. Bring an advisor who may attend but not participate in the hearing. The resident must provide a list of any witnesses and the name of any advisor attending the hearing at least 24 hours prior to the meeting. The list should be provided to the Hearing Officer.
   d. Witnesses must be directly related to the incident. Character witnesses are not directly related to the incident and are therefore not able to be considered during the hearing.
   e. Due to the administrative nature of the proceedings, students have an affirmative obligation to respond to all queries posed by the Hearing Officer, as relates to the alleged violation of the Residence Life or University Policies.

5. Decision Notification
   After the hearing, the Hearing Officer(s) will determine if the student is in violation or not in violation of the Residence Life and/or University Policies and Procedures.
   If found in violation, a Hearing Officer will take previous judicial matters into account when determining an appropriate sanction. The officer(s) has the authority to recommend to the Director of Residence Life that the student be placed on deferred suspension or removed from housing.
   The student will be notified of the hearing decision in writing. If found in violation, the letter will explain the sanction. The Hearing Officer may also require that the resident schedule an appointment to discuss the outcome of the hearing and the sanction.

6. Sanctions
   Students who engage in behavior that violates the terms, conditions and regulations of their Residence Life Agreement and/or Residence Life Policies will be required to work with the staff of residence life to resolve the issue. The University has identified a number of administrative and educational sanctions to address inappropriate behavior. If a resident is found in violation for the incident documented in the Incident Report, he/she may be assigned either or both type of sanctions.
   All reported violations of University policy will result in the creation of a file that becomes part of the resident’s record. Students are to comply with all sanctions issued by the University. Failure to comply with sanctions will constitute a new violation and will result in further disciplinary action.
Sanctions should be commensurate with the violation(s) found to have occurred. In determining an appropriate sanction, the Hearing Officer should take into account any mitigating circumstances and any aggravating factors (i.e., provocation, any past misconduct, any failure to comply with previous sanctions, the actual and potential harm caused by the violation, the degree of intent and motivation of the student in committing the violation). Impairment resulting from voluntary use of alcohol or drugs (other than medically necessary), will be considered an aggravating factor. Previous judicial actions will be considered when determining an appropriate sanction.

Sanctions for violations of the University Housing Policy may include but are not limited to one or more of the following:

- **Verbal Warning** – A verbal acknowledgement that a policy has been disregarded.
- **Letter of Warning** – A written statement that a violation occurred and any future violations of University or Residence Life Policies will result in more serious sanctions.
- **Behavioral Contracts** – As a condition of continued residency, students may be required to sign and abide by a contract outlining specific behavioral expectations for that student.
- **Conference, Consultation or Referral** – The student may be required to meet or consult with an appropriate official or medical professional, or to attend a program or seminar for educational purposes (including diagnostic referrals, drug assessments, alcohol class attendance, etc.).
- **Restriction of Privileges** – The student may be restricted or prohibited from participating in particular residence life activities, signing in guests, or from using particular residence life facilities for a specified period of time.
- **Restitution for Loss, Damage or Service Costs** – The student must pay for damages or misappropriation of University property. This may be required through financial payment, community service, or both. You will find a list of sanction fines elsewhere in this handbook.
- **Administrative Room Change** – The resident found in violation is assigned to a new room and/or residence hall and the privilege of moving at the student’s discretion is revoked. The student may be forbidden to enter the building/room from which he or she was removed. Notification of the new room assignment will be made in writing and the student will be given no more than 48 hours to complete the move.
- **Housing Probation** – A specified period of observation and review will be initiated. Housing probation is implemented for either a serious policy violation or repeated inappropriate behavior. Housing probation is for a specified period of time (semester, year, etc.) with the understanding that further disregard for Residence Life Policies may result in the termination of a student’s residence life contract.

- **Housing Termination** – The student must vacate his/her room and is permanently ineligible to live on-campus. Upon eviction, residents lose all on-campus housing rights previously granted. Notification will be made in writing and the respondent will normally be granted at least 24 hours to complete the move. Should the respondent’s continued presence in the residence life facilities pose a serious and substantial threat to the hall community, the student may be required to vacate immediately.

- **Housing Termination and/or University Expulsion Recommendation** – The Hearing Officer may impose all other sanctions except housing termination and/or University expulsion. The Hearing Officer can make such recommendations to the appropriate judicial officer.

- **Interim Suspension** – In certain circumstances, the University may impose an interim suspension prior to a hearing. Interim suspension may be imposed only 1) to ensure the safety and well-being of members of the University community or preservation of University property; 2) to ensure the student’s own physical or emotional safety and well-being; or 3) if the student poses a definite threat of disruption of or interference with the normal operations of the University. During the interim suspension, students may be denied access to the residence life facilities and/or to campus (including classes) and/or all other University activities or privileges for which the student might otherwise be eligible, as the Judicial Officer may determine appropriate. This temporary suspension will be confirmed by a written statement and shall remain in effect until the conclusion of a full hearing without undue delay, in accordance with the policies of St. John’s University.

- **Suspension** – Suspension of the student from the residence life program for a specified period of time that excludes the student from residing in the residence facilities. While under suspension, the resident will not be permitted to use any facility of the residence life program unless special permission is obtained from the Director of Residence Life.

- **Educational Interventions** – Educational interventions require a student to become actively engaged in a process that will challenge the student to learn how his/her behavior impacts the community, and how he/she can make positive contributions to the community. This list includes, but is not limited to:
  1. **Community Service** – Assignments or tasks specified in terms of work hours or a specified project, service or presentation to be completed within a specified time frame
  2. **Educational Projects** – May include writing an essay, attending and/or presenting a workshop, creating a bulletin board, etc.

7. **Failure to Appear for a Judicial Hearing**

In the event that a student fails to attend a judicial hearing or fails to reschedule a judicial hearing prior to the appointed time, the Hearing Officer will make a decision in their absence.
8. Appeals

Students have the right to appeal any Hearing Officer decision on the following grounds:

- The resident has been deprived of his/her rights as defined in this Handbook
- New evidence can be brought forward which is pertinent to the case

The student will have two business days (spring break is not considered a holiday) from the date of the original decision appointment to file an appeal. The appropriate Hearing Officer will review the records from the student’s hearing and written submission and oral arguments. The original decision may be sustained, modified, or reversed.

Appeals must be submitted in letter format to:

**Assistant Dean and Assistant Director of Residence Life**

The Assistant Director of Residence Life will hear appeals of decisions made by the Residence Directors.

**Assistant Dean and Director of Student Life**

The Director of Student Life will hear appeals of decisions made by the Assistant Director of Residence Life.

**Associate Dean of Student Affairs**

The Associate Dean of Student Life will hear appeals of decisions made by the Assistant Dean and Director of Residence Life.

**Associate Vice President and Dean of Students**

The Associate Vice President and Dean of Students will only hear appeals of decisions made by the Associate Dean of Student Affairs.

Rights of Accused Students

All hearings shall be fair and reasonable in keeping with the concept of fundamental fairness. If a student is accused of policy violations, he/she has the following rights:

- The right to be informed of his/her rights, policies and judicial procedures
- The right to timely notice of the scheduled hearing, including written notice of charges
- The right to confidential proceedings. Information pertaining to the hearing or the judicial file may only be shared with those in the University community with a legitimate educational interest
- The right to a copy of the complaint (i.e., incident report)
- The right to be presumed not in violation for committing an infraction of a policy unless found in violation by a preponderance of the evidence presented
- The right to an advisor for the purpose of consultation, but not to speak on your behalf or to participate directly in the hearing

Postponing of Charges

Judicial proceedings and actions are not subject to challenge or postponement on the grounds that criminal or civil charges involving the same incident have been dismissed, reduced or are pending in civil or criminal court.

Parent Notification for Alcohol and/or Drug Violations

Excessive, abusive, illegal and/or repetitive use of alcohol and/or drugs is inconsistent with the maintenance of an educational environment. Such behavior threatens the well-being of persons and property and tends to diminish students’ prospects for personal and intellectual development and academic success. When students are found to have committed serious or repeated violations of University policies related to the possession, use, suspicion, or distribution of alcohol or drugs, the Dean of Student Life, the Director of Residence Life or his/her designates have the authority to determine when and by what means to notify parents or guardians. Whenever possible, students will be informed that parental notification is planned in advance of their parents receiving notice. The following guidelines are used in determining whether to notify parents:

- The violation involves harm or threat of harm to persons or property
- The violation involves an arrest in which the student was taken into custody
- The student requires hospitalization as a result of consumption of alcohol or drugs
- The violation results in or could result in the student being suspended from the University and/or dismissed from the residence halls
- The student has shown a pattern of violations — even if they are minor. Two or more violations associated with drug or alcohol use would be reasonable cause for notification

- The violation involves the use/suspicion of drugs in and/or around the campus
- The Director of Residence Life/Dean of Student Life/Vice President deems it necessary
