Each year, University Career Services conducts a graduate destinations survey of the graduating class to learn more about the career choices made by St. John’s graduates. Specifically, we seek to identify the numbers of alumni who are employed, seeking employment, or going to graduate school within six months of graduation.

94.3% of graduates were hired and/or enrolled in graduate school six months after degree completion.

“...The confidence I have gained would not have been possible without the tools provided by University Career Services. From assisting me with the proper outline of my resume, getting ready for my interviews and even now, continuously offering more growth in excelling in my current career."

- Thalia Toro, Criminal Justice Major, Business Administration Minor

Our graduates make $51,916 salary overall mean average.

Having access to the University Career Services (UCS) changed my life and my career. I only wish I didn’t wait until senior year to fully utilize all of the help that it had to offer. I was able to cut down my enormous resume to what really mattered. UCS showed me how to use proper terminology and key phrases to best position myself — eventually landing me jobs at TWO Fortune 500 companies in less than a year. I cannot thank UCS enough for helping me get to where I am today. What I’ve learned will only help propel me further in my career and I will use this knowledge for the rest of my life.
