

## University Libraries

The St. John's University Libraries engage in the teaching and learning process by providing information resources, instructional services, research assistance and other information services for University programs, students and faculty. The libraries are comprised of two campus libraries, Queens and Staten Island, and an additional collection on the Rome Campus. The University Libraries provide onsite access to all resources and to study space, as well as a growing collection of resources and services available remotely to all authenticated members of the University community and in support of our global campuses and online learning programs. St. John's University School of Law separately maintains the Rittenberg Law Library on the Queens Campus. The Davis Library on the Manhattan Campus is independently managed by St. John's School of Risk Management, Insurance and Actuarial Science, and is open to all St. John's University students and faculty. Established in 1901, the Davis Library houses one of the largest collections of contemporary and historical insurance materials in the world.

**The Main Library**, centrally located in St. Augustine Hall on the Queens Campus, houses the University Libraries' main print collection, including over 325,000 print volumes, the microform and digital periodical collections, the Special Collections Department and the University Archives. The Main Library also serves as a selective depository for United States government documents. Additionally the Main Library oversees the Chin Ying Asian Library located in Sun Yat-sen Hall.

**The Loretto Memorial Library**, with over 100,000 volumes including periodicals and microform collections, is a focal point of the Staten Island Campus.

**On campus and virtually**, subject specialist librarians deliver discipline-specific research support and instruction appropriate to advanced levels of research and scholarship. Cooperative arrangements with other libraries provide regional, national and international access to materials.

## Academic Service-Learning

As an added means of fulfilling its Mission, The Office of Academic Service-Learning (AS-L), was founded in 1995. It is now a part of the Vincentian Institute for Social Action (VISA). VISA was launched by the University to more visibly embed St. John's Catholic and Vincentian mission into the educational experience of its students. VISA provides an organizational focus for a variety of new and ongoing programs through which faculty and students can work together to explore the causes of and develop solutions for poverty and social injustice throughout the world. Using Academic Service-Learning, faculty engage students in serving in the community to fulfill the learning goals and objectives of their courses. The service is used as a means for students to better understand course concepts. Reflection activities tie together what is learned in the classroom to the service performed in the community. While reflecting on their service experience, students are also able to gain insight into how their service in the community fulfills the St. John's mission as a Catholic and Vincentian university.

Academic Service-Learning can be incorporated in both graduate and undergraduate courses across all disciplines and at all campuses, as well as in courses taught globally and online. For further information on Academic Service-Learning contact Lynn Stravino, Director, at 718-990-7902 or [stravinl@stjohns.edu](mailto:stravinl@stjohns.edu).

## Student Consumer Information

The following is a summary of the Student Consumer Information that is available to students. Please refer to [stjohns.edu/about/student-consumer-information](http://stjohns.edu/about/student-consumer-information) for additional and the most up to date student consumer information.

For information on degrees conferred, enrollment, and other student data, please refer to the University Factbook at [stjohns.edu/factbook](http://stjohns.edu/factbook)

## Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They include the right to: (1) inspect and review educational records; (2) request an amendment to these records; (3) consent to disclosures of personally identifiable information in these records; (4) restrict disclosure of information designated as directory information that may be released without consent of the student; and (5) file a complaint with the U.S. Department of Education for alleged failure by St. John's University to comply with FERPA requirements.

FERPA provides that "Directory Information" may be released to any person without the written consent of the student, unless the student has requested that such information not be disclosed. For further information go to [stjohns.edu/FERPA](http://stjohns.edu/FERPA)

## Services for Students with Disabilities

The Office of Disability Services (ODS) provides students with disabilities appropriate educational services designed to meet the individual needs of such students to the same extent as the needs of students without disabilities are met. To qualify for services, a student must be determined to: (1) have a physical or mental impairment that substantially limits one or more major life activities; (2) have a record of such an impairment; or (3) be regarded as having such an impairment.

Students who qualify for services should schedule an appointment with an ODS administrator and identify their needs as early in their tenure at St. John's as possible.

### Guidelines Determining Eligibility for Services

St. John's University students requesting academic adjustments and auxiliary aids and services must present verification of eligibility through documentation. The documentation should be authored by an appropriate clinician on letterhead and include the following elements:

- Diagnosis/diagnoses\*
- Service(s) needed
- Rationale for the service(s) given the diagnosis/diagnoses
- Appropriate health care provider's signature and license number.

\*Please note:

- If diagnosis is Learning Disability, Attention Deficit Hyperactivity Disorder (ADHD), or an Autistic Spectrum Disorder (ASD, including Asperger's Disorder), please submit psychoeducational evaluation and, if available, Individual Educational Plan (IEP).
- If diagnosis is related to a psychological/psychiatric, DSM or ICD format should be provided.
- If diagnosis is for a temporary condition, provider should indicate a time frame for services.
- If multiple diagnoses are to be considered for services, documentation should meet the requirements for each diagnosis.

- An ODS administrator will evaluate the documentation and the requested service(s). ODS may consult academic units regarding the service(s). ODS may request additional documentation, and reserves the right to obtain its own professional determination of whether specific services are necessary.

### Services

All information regarding services is provided to the student. Types of services provided include but are not limited to:

- Extended test time
- Separate testing room under a proctor's supervision
- Sign language interpretation
- Reads for exams
- Scribes for exams
- Assistance with course or program accessibility
- Note taking assistance
- Assistive technology
- Priority registration

### Accessible Parking Permits

Accessible parking spaces are limited and, pursuant to law, only individuals with appropriately issued accessible parking permits can park in these locations. Any member of the University community with a disability requesting permission to park in accessible parking areas must apply to the appropriate municipal authority to secure a New York State accessible parking permit. A parking zone identified with a sign bearing the international disability symbol is restricted at all times for use by vehicles bearing BOTH a valid SJU parking permit and New York State issued accessible parking permit.

### Temporary Accessible Parking Permits

St. John's University supports the provision of disability parking spaces at a reasonable proximity to campus buildings for people with a temporary disability. Accessible parking privileges will be granted only after submission of documentation of need to the Office of Disability Services. Medical documents or physician's letter, which include diagnostic statement and healthcare provider's license number, must indicate that the applicant has established physical limitations. Upon the approval of documentation, a temporary accessible parking permit may be obtained from the Office of Public Safety, provided that the community member has a valid parking permit and a valid photo ID.

## Annual Security and Fire Safety Report

In accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) St. John's University Annual Security and Fire Safety Report (ASR) is available. The report includes three years' worth of campus crime statistics for incidents that occurred on campus; in certain off-campus buildings; in property owned or controlled by St. John's University; and on public property within, or immediately adjacent to and accessible from, campus. The report also contains information regarding campus security and personal safety, including topics such as crime prevention and fire safety. You can view the University's campus crime statistics in the Annual Security and Fire Safety Report at <https://www.stjohns.edu/life-st-johns/public-safety/annual-security-fire-safety-report>. This information is also available from the United States Department of Education at <https://ope.ed.gov/campusafety/#/institution/search>.

Procedures for reporting a missing student are also available in the Annual Security and Fire Safety Report.

Printed copies are available upon request from Public Safety at 718-990-6281.

For completion and graduation rates for students who receive athletically-related student aid and the annual Equity in Athletics Disclosure Act Report that contains participation rates, financial support and other information on men's and women's inter-collegiate athletic programs, please call Doug Trani at extension 6803.

## Teacher Education Preparation Programs

Our teacher preparation program is approved by the New York State Education Department and was previously accredited by the Teacher Education Accreditation Council (TEAC). We maintain that accreditation while moving toward new accreditation – the Association for Advancing Quality in Education Preparation (AAQEP).

A student spends an average of 28 hours a week student teaching depending on the program. The most current pass rates are available at <https://title2.ed.gov/View.asp>

## Copyright Infringement Policy and Sanctions

Sharing copyrighted works without the owner's permission is illegal and in violation of University policy. Copyrighted works may include songs, films, television shows, video games, software, and other original creative works. Information on University policy can be found at <http://campusguides.stjohns.edu/friendly.php?s=copyright>

## Complaint Resolution for Online Learning

St. John's University is committed to providing online learning students with an exceptional education experience that is transparent, efficient, stimulating and fair. If, as a prospective or current student, you feel that your experience with a online learning course or program for the University has not lived up to those standards, you may register a complaint. For information on the process, please contact Cynthia Phillips at extension 1329.
