

University Libraries

The St. John's University Libraries engage in the teaching and learning process by providing information resources, instructional services, research assistance and other information services for University programs, students and faculty. The libraries are comprised of two campus libraries, Queens and Staten Island, and an additional collection on the Rome Campus. The University Libraries provide onsite access to all resources and to study space, as well as a growing collection of resources and services available remotely to all authenticated members of the University community and in support of our global campuses and online learning programs. St. John's University School of Law separately maintains the Rittenberg Law Library on the Queens Campus. The Davis Library on the Manhattan Campus is independently managed by St. John's School of Risk Management, Insurance and Actuarial Science, and is open to all St. John's University students and faculty. Established in 1901, the Davis Library houses one of the largest collections of contemporary and historical insurance materials in the world.

The Main Library on the Queens campus is a selective depository for United States government documents, and houses Special Collections and the University Archives. The Main Library also oversees the Chin Ying Asian Library located in Sun Yat-sen Hall.

The Loretto Memorial Library, with over 100,000 volumes including periodicals and microform collections, is a focal point of the Staten Island Campus.

On campus and virtually, subject specialist librarians deliver discipline-specific research support and instruction appropriate to advanced levels of research and scholarship. Cooperative arrangements with other libraries provide regional, national and international access to materials.

Academic Service-Learning

As an added means of fulfilling its Mission, the Office of Academic Service-Learning (AS-L), was founded in 1995. It is now a part of the Vincentian Institute for Social Action (VISA). VISA was launched by the University to more visibly embed St. John's Catholic and Vincentian mission into the educational experience of its students. VISA provides an organizational focus for a variety of new and ongoing programs through which faculty and students can work together to explore the causes of and develop solutions for poverty and social injustice throughout the world.

Using Academic Service-Learning, faculty engage students in serving in the community to fulfill the learning goals and objectives of their courses. The service is used as a means for students to better understand course concepts. Reflection activities tie together what is learned in the classroom to the service performed in the community. While reflecting on their service experience, students are also able to gain insight into how their service in the community fulfills the St. John's mission as a Catholic and Vincentian university.

Academic Service-Learning can be incorporated in both graduate and undergraduate courses across all disciplines and at all campuses, as well as in courses taught globally and online. For further information on Academic Service-Learning contact Lynn Stravino, Director, at 718-990-7902 or stravin@stjohns.edu.

Student Consumer Information

The following is a summary of the Student Consumer Information that is available to students. Please refer to stjohns.edu/about/student-consumer-information for additional and the most up to date student consumer information.

For information on degrees conferred, enrollment, and other student data, please refer to the University Factbook at stjohns.edu/factbook

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. They include the right to: (1) inspect and review educational records; (2) request an amendment to these records; (3) consent to disclosures of personally identifiable information in these records; (4) restrict disclosure of information designated as directory information that may be released without consent of the student; and (5) file a complaint with the U.S. Department of Education for alleged failure by St. John's University to comply with FERPA requirements.

FERPA provides that "Directory Information" may be released to any person without the written consent of the student, unless the student has requested that such information not be disclosed. For further information go to stjohns.edu/FERPA

Services for Students with Disabilities

The Office of Disabilities Services coordinates equal opportunities for students with disabilities. These services are designed to ensure, for all students, full participation in programs and activities offered throughout the St. John's University. The aim of these services is to improve the quality of the academic, social, and personal lives of students who have a disability and to provide barrier-free educational opportunities, assisting students in becoming self-advocating and independent.

Students diagnosed with physical and/or mental impairments qualify as persons with disabilities when their conditions substantially limit them in one or more major life activities. St. John's University provides reasonable accommodations to students with disabilities with consultation from their academic programs when necessary. Reasonable accommodations are adjustments to policies, practices, or procedures that facilitate equal access and opportunity for students with disabilities to the University's programs, activities and services. Services for students with a documented disability are available through the Office of Disabilities Services (www.stjohns.edu/disabilityservices)

The goal of documentation is twofold: to verify and support the student's status as disabled and to address the way in which the disability impairs the student's access to education. The documentation should provide a meaningful understanding of the student's limits and, importantly, detail reasonable accommodations which will effectively equalize the student's ability to perform in the university setting.

All documentation is kept confidential and should be submitted directly to ODS. Students requesting accommodations should schedule an appointment with an ODS administrator and identify their needs as early in their tenure at St. John's as possible.

Guidelines Determining Eligibility for Services

St. John's University students requesting accommodations for a disability must present verification of eligibility through documentation of the disability and current functional limitations. The documentation, written on letterhead, should be provided from an appropriate clinician and include the following elements:

- Diagnosis/diagnoses*
- Accommodation(s) needed
- Rationale for the accommodation(s) given the diagnosis/diagnoses
- Appropriate health care provider's signature and license number.

*Please note:

- If diagnosis is Learning Disability, Attention Deficit Hyperactivity Disorder (ADHD), or an Autistic Spectrum Disorder (ASD, including Asperger's Disorder), please submit psychoeducational evaluation and, if available, Individual Educational Plan (IEP).
- If diagnosis is related to a psychological/psychiatric, DSM or ICD format should be provided.
- If diagnosis is for a temporary condition, provider must indicate a time frame for accommodations.
- If multiple diagnoses are to be considered for accommodations, documentation must meet the requirements for each diagnosis.
- An ODS administrator will evaluate the documentation and requested accommodations. When necessary, specific academic units will be consulted regarding the accommodations. Additional documentation may be required to support the student's request.

Accommodations

Services for students with a documented disability are available through the Office of Disability Services. All documentation is kept confidential and should be submitted directly to the ODS. Students requesting accommodations should identify their needs as early as possible. All information regarding the student's accommodations is provided to the student. Types of accommodations provided are, but not limited to:

- Extended test time (time plus one-half, unless otherwise documented)
- Separate testing room under a proctor's supervision
- Sign language interpretation
- Readers for exams
- Scribes for exams
- Assistance with course or program accessibility
- Note taking assistance
- Assistive technology
- Priority registration
- Assistance with access challenges

Accessible Parking Permits

Accessible parking spaces are limited and, pursuant to law, only individuals with appropriately issued accessible parking permits can park in these locations. Any member of the University community with a disability requesting permission to park in accessible parking areas must apply to the appropriate municipal authority to secure a New York State accessible parking permit. A parking zone identified with a sign bearing the international disability symbol is restricted at all times for use by vehicles bearing BOTH a valid SJU parking permit and New York State issued accessible parking permit.

Temporary Accessible Parking Permits

St. John's University supports the provision of disability parking spaces at a reasonable proximity to campus buildings for people with a temporary disability. Accessible parking privileges will be granted only after submission of documentation of need to the Office of Disability Services. Medical documents or physician's letter, which include diagnostic statement and healthcare provider's license number, must indicate that the applicant has established physical limitations. Upon the approval of documentation, a temporary accessible parking permit may be obtained from the Office of Public Safety, provided that the community member has a valid parking permit and a valid photo ID.
