

St. John's Cares About Your Basic Needs

As a Catholic and Vincentian university deeply concerned about the health and wellness of its students, St. John's University cares about your basic needs. We recognize the importance of continuing to understand the predominance of food and housing insecurity concerns among our students, and identifying relevant and useful ways to address these concerns.

Requests for our "St. John's Cares: Basic Needs Funding" may be submitted by current St. John's graduate and undergraduate students, including our international students, regardless of citizenship status. Please note that these funds, if awarded, are not considered a loan, do not need to be repaid, and do not impact your financial aid.
