#11 of all undergraduate insurance programs
(U.S. News & World Report)

#30 of all undergraduate business programs
at private US universities
(Poets&Quants)

#50 of all undergraduate business programs
at US universities
(Poets&Quants)
As Dean of The Peter J. Tobin College of Business at St. John’s University, I am pleased to present the 2020 Business Undergraduate Career Placement Report. Thanks to a dedicated and talented team of faculty, administrators, and staff, we have collaborated to create new programs, recruit experienced faculty, and place students in quality, full-time positions. Our Lesley and William Collins Business Analytics Lab and our Paul and Carol Evanson Career Services Center both advance career opportunities for our students, as reflected by a near-perfect placement rate, an average salary of close to $63,000, and an enviable record of placing our graduates at top-level firms in the industries of their choice in the New York metropolitan area.

For those who choose to pursue graduate study, we continue to meet the rising challenges in higher education by focusing on the cost-effectiveness of our programs, such as our Part-Time M.B.A., Fast-Track M.B.A., and Fast-Track M.S. programs. These degrees save students time and money by shortening the path to completion and help keep us competitive with our peers. In addition, we offer innovative new programs such as our B.S. in Analytics, M.B.A. in Analytics, M.B.A. in Real Estate, and M.S. in Entrepreneurship and Innovation.

I invite you to explore what a Tobin education can do for you. To learn more about career opportunities, contact Donna Haynes, Senior Director of Employer Relations, at haynesd@stjohns.edu or 718-990-2188.

NOTE FROM THE DEAN

Norean R. Sharpe, Ph.D.
Dean
Joseph H. and Maria C. Schwartz Distinguished Chair
Professor of Decision Sciences
