is proud to present the

19th Annual Oncology Symposium

Saturday, April 13, 2019

8:30 a.m. – 1 p.m.

Bartilucci Center

175-05 Horace Harding Expressway, Fresh Meadows, NY 11365

Queens campus

PROGRAM AGENDA:

8 a.m.

Registration and Check-in
Buffet Breakfast

8:30 a.m.

Welcoming remarks

8:45 a.m.

Opioid Tools and Applications: Developing the Pharmacist's Toolbox (#0043-0000-19-021-L01-P) (0.1 CEU)

Damary Torres, Pharm.D., BCOP, Associate Clinical Professor, St. John's University

At the conclusion, participants are able to:

- Use conversion tools to convert between opioids
- Apply pharmacotherapy knowledge to improve patient outcomes in patients using opioids
- Develop problem solving skills to modify opioids when patients' pain is not well controlled

9:45 a.m.

Hepatocellular Carcinoma: What Is New? (#0043-0000-19-022-L01-P) (0.1 CEU)

Nelly Adel, Pharm.D, BCOP, BCPS, Chair. of Pharmacy Practice, Assoc. Professor, Touro College of Pharmacy

At the conclusion, participants are able to:

- Illustrate the incidence of Hepatocellular Carcinoma (HCC) in the U.S. versus the World
- Explain the various roles of old targeted therapy and the newer generations
- Identify the opportunity of treatment with immunotherapy/check point inhibitors
- Enhance the knowledge of pharmacists on the side-effects profile of the agents used in this disease

10:45 a.m.

BREAK

11 a.m.

Pharmacologic Management of CAR-T Cell Therapy Toxicities (#0043-0000-19-023-L01-P) (0.1 CEU)

Christan Thomas, Pharm.D., BCOP; Clinical Pharmacy Manager, Bone Marrow Transplant/Multiple Myeloma, New York-Presbyterian Hospital, Columbia University Medical Center

At the conclusion, participants are able to:

- Describe unique toxicities of CAR-T cell therapy
- Review grading systems for cytokine release syndrome and neurotoxicity as they relate to pharmacologic interventions
- Explain pharmacologic options for toxicity management
- Explore practical aspects of pharmacy workflow as they relate to toxicity management

(CONT.)

12 p.m.

The New Frontier in Acute Myeloid Leukemia: A Case Based Approach (#0043-0000-19-024-L01-P) (0.1 CEU)
Matthew Perciavalle, Pharm.D., BCPS, BCOP; Specialist, Leukemia, Lymphoma and Blood & Marrow Transplant, Stony Brook Medical Center

At the conclusion, participants are able to:

- Describe the pathogenesis of Acute Myeloid Leukemia, including the impact of select mutational findings
- Describe newly approved medications being used in the treatment of acute myeloid leukemia
- Develop a patient specific care plan for the management of Acute Myeloid leukemia

1 p.m.

CLOSING REMARKS

WHO SHOULD ATTEND . . .

Pharmacists in all areas: administration, education, hospital, community, industry, managed care and consulting. All other health care professionals are welcome.

Fee for the program - \$95

St. John's University College of Pharmacy and Health Sciences is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Completion of this program provides up to four (4) contact hours of continuing education credit. In order to obtain credit, participants must complete required continuing education forms and submit them on site. The universal activity numbers assigned to this program are indicated above. Credit will be posted to CPE Monitor within four weeks. Requests for refunds will only be honored if received in writing or by fax (to 718-990-5756) by April 5, 2019.

For directions and a campus map, log on to: www.stjohns.edu/about/general/directions
To check for cancellations in the event of inclement weather, please log on to: www.stjohns.edu or call (718) 990-2000

For information or to register, please call (718) 990-2164
