Each year, University Career Services conducts a graduate destination survey of the graduating class to learn more about the career choices made by St. John's graduates. Specifically, we seek to identify the numbers of alumni who are employed, seeking employment, or going to graduate school within six months of graduation.

94.3% of graduates were hired and/or enrolled in Graduate School six months after degree completion.

- NewYork-Presbyterian

$53,571 overall mean average salary

75.5% of St. John's University graduates were employed in their desired field.
St. John's is Catholic, Vincentian, Metropolitan and Global

Having access to University Career Services (UCS) changed my life and my career. I only wish I didn’t wait until senior year to fully utilize all of the help that it had to offer. I was able to cut down my enormous resume to what really mattered. UCS showed me how to use proper terminology and key phrases to best position myself - eventually leading me to TWO Fortune 500 companies in less than a year. I cannot thank UCS enough for helping me get to where I am today. What I’ve learned will only help propel me further in my career and I will use this knowledge for the rest of my life.
- Rachel Ataly, Marketing Major / Fashion Marketing Minor
