Report Tips

See something? Say something with LiveSafe's Report Tips. From safety hazards to mental health concerns, help keep your organization safe by connecting with the right people within your organization.

1

On the LiveSafe home screen, tap "Report Tips" and select the tip type you want to submit to your organization.

2

Enter in the information you want to share. Add photos, video clips, or audio files by tapping on the corresponding icon.

3

To send the tip without your name or contact information, tap the "Send anonymously" slider.

4

Tap "Send". Your tip is automatically sent to the right people within your organization. You can start a chat to share more info or return home.
