## MISSION STATEMENT

### ST. JOHN'S UNIVERSITY IS CATHOLIC, VINCENTIAN, METROPOLITAN, AND GLOBAL

As a **UNIVERSITY**, we commit ourselves to academic excellence and the pursuit of wisdom which flows from free inquiry, religious values, and human experience. We strive to preserve and enhance an atmosphere in which scholarly research, imaginative methodology, global awareness, and an enthusiastic quest for truth serve as the basis of a vital teaching-learning process and the development of lifelong learning. Our core curriculum in the liberal arts and sciences aims to enrich lives as well as professions and serves to unify the undergraduate experience. Graduate and professional schools express our commitment to research, rigorous standards, and innovative application of knowledge. We aim not only to be excellent professionals with an ability to analyze and articulate clearly what is but also to develop the ethical and aesthetic values to imagine and help realize what might be.

St. John's is a **CATHOLIC** university, founded in 1870 in response to an invitation of the first Bishop of Brooklyn, John Loughlin, to provide the youth of the city with an intellectual and moral education. We embrace the Judeo-Christian ideals of respect for the rights and dignity of every person and each individual's responsibility for the world in which we live. We commit ourselves to create a climate patterned on the life and teaching of Jesus Christ as embodied in the traditions and practices of the Roman Catholic Church. Our community, which comprises members of many faiths, strives for an openness which is "wholly directed to all that is true, all that deserves respect, all that is honest, pure, admirable, decent, virtuous, or worthy of praise" (Philippians 4:8). Thus, the university is a place where the Church reflects upon itself and the world as it engages in dialogue with other religious traditions.

St. John's is a **VINCENTIAN** university, inspired by St. Vincent de Paul's compassion and zeal for service. We strive to provide excellent education for all people, especially those lacking economic, physical, or social advantages. Community service programs combine with reflective learning to enlarge the classroom experience. Wherever possible, we devote our intellectual and physical resources to search out the causes of poverty and social injustice and to encourage solutions which are adaptable, effective, and concrete. In the Vincentian tradition, we seek to foster a world view and to further efforts toward global harmony and development by creating an atmosphere in which all may imbibe and embody the spirit of compassionate concern for others so characteristic of Vincent.

St. John's is a **METROPOLITAN AND GLOBAL** university. As a metropolitan university, we benefit from New York City's cultural diversity, its intellectual and artistic resources, and its unique professional educational opportunities. With this richness comes responsibility. We encourage the metropolitan community to use our resources to serve its needs. As a global university, we are one of our nation's most diverse institutions of higher education, enriched by a mixture of cultures, which complements an internationalized curriculum. Through collaboration with other institutions around the world, study abroad opportunities, and online courses and degrees, our outreach spans the globe. In educating students we pledge to foster those qualities needed for our alumni to become effective leaders and responsible citizens in a vibrant city and dynamic world.

A faculty member who is ineligible to become an Associate Professor, due solely to the failure to satisfy a time requirement, (e.g., a required period of college teaching) may nevertheless be awarded tenure, provided that (1) the application is not for early tenure and (2) the faculty member satisfies all of the other applicable criteria to become an Associate Professor. In such cases, where tenure is awarded, the faculty member shall become an Associate Professor on the September 1 after having satisfied the time requirement.

ARTICLE 10  
PROCEDURES FOR THE REMOVAL, DISCIPLINE OR SUSPENSION  
OF FACULTY MEMBERS AND OF DEPARTMENTAL CHAIRPERSONS

The procedures for the removal, discipline or suspension of faculty members and of departmental chairpersons in The Peter J. Tobin College of Business, the School of Education, the Lesley H. and William L. Collins College of Professional Studies, the College of Pharmacy and Health Sciences and St. John's College are set forth in this Article. The procedures governing faculty of the School of Law are addressed in Article 11.

10.01 Chairperson Meeting

a. The process and outcomes outlined in this Section 10.01 are not intended to be disciplinary in nature. They are separate and distinct from the procedures for disciplinary charges set forth in Sections 10.02 through 10.11 below. The process outlined in this Section 10.01 is intended to be collaborative and may lead to a professional development action plan where needed. If the matter is resolved to the satisfaction of the Chairperson/Dean and the faculty member, any documents relating to it will be sent to and maintained by the Office of General Counsel; no records relating to the matter will be kept in the faculty member's personnel file maintained by the College and/or Department.

b. If the Chairperson/Dean becomes aware of a matter that involves an academic issue concerning a faculty member's teaching, research and scholarship, or service responsibilities (as set forth in Article 9.01 of the Collective Bargaining Agreement), the Chairperson/Dean will meet with the faculty member. The focus of the meeting will be on the issue(s) that concern(s) the faculty member's teaching, research and scholarship, or services responsibilities, and how the issue(s) will be addressed. The purpose of the meeting will not be to address topics such as the faculty member's compensation or retirement plans. Such meetings must be supported by documented information that must be provided to the faculty member. This information will generally include the identity of the complainant(s). Under limited circumstances, the Chairperson/Dean may be advised by the Office of General Counsel that the identity of the complainant(s) should be kept confidential, in which case the Chairperson/Dean will provide a written summary of the complaint(s). This meeting will ordinarily be conducted by the Chairperson. However, there may be circumstances where, after conferral among the Chairperson and Dean, the Dean wishes to meet with the faculty member. In all circumstances the faculty member will be provided with written notice from the Chairperson/Dean setting forth the reason(s) for the meeting. The faculty member is required to meet with the Chairperson/Dean and may be accompanied by a union representative from the AAUP-FA. The Chairperson/Dean and faculty member will discuss the underlying issue(s) and, if the Chairperson/Dean determines that it is necessary, establish a written action plan that includes: (i) a description of the issue; (ii) the steps necessary to correct it or achieve satisfactory improvement; and (iii) a schedule time frame for follow-up. A written action plan will not be presented to the faculty member at the initial meeting to discuss the underlying issue(s). Subsequent to the meeting, a written summary of any key decisions will be provided to the faculty member. If the Chairperson/Dean believes that a written action plan is required, it will be presented to the faculty member after the initial meeting, either by email or at a subsequent meeting.

c. If the faculty member objects to the written action plan, within five (5) school days of receipt of the written action plan the faculty member will advise the Chairperson/Dean of such objection in writing. The Chairperson/Dean shall then send the proposed written action plan by email to the faculty member's Personnel and Budget Committee (excluding the faculty member who is the subject of the written action plan if the faculty member is a member of the Personnel and Budget Committee). The faculty member has the right to appear before the Personnel and Budget Committee with a union representative, or if the Department/Division does not have a Personnel and Budget Committee, the College Personnel Committee. Within seven (7) school days of receipt of the written action plan from the Chairperson/Dean, the Personnel and Budget Committee (or College Personnel Committee) will review the action plan and vote on the appropriateness of the plan. The Personnel and Budget Committee may vote to support the proposed action plan as presented, recommend changes to the proposed action plan, or oppose the proposed action plan in its entirety. The Personnel and Budget Committee (or College Personnel Committee) shall submit the outcome of its vote by email to the Chairperson/Dean. The Chairperson/Dean will consider the vote of the Personnel and Budget Committee (or College Personnel Committee) and communicate a final written action plan to the faculty member.

d. Within five (5) school days of receipt of the final action plan, the faculty member may request that all documents and information be submitted to the Provost for review. The Provost shall review the documents of the case and make a final decision on the final action plan within (7) seven school days. The Provost will issue a written statement explaining how his/her decision will help the faculty member's professional development. The decision of the Provost and any resulting final action plan are final and not grievable.

#### 10.02 Grounds for Removal, Discipline or Suspension of Faculty Members

Members of the faculty may be removed for one or more of the following reasons:

- a. Incompetent or inefficient service.
- b. Demonstrated neglect or unwillingness to perform the duties of an appointment in accordance with the established policies and procedures of the University.
- c. Conduct inconsistent with accepted professional and moral standards. This shall not be so interpreted as to constitute interference with academic freedom.
- d. Physical or mental incapacity.

#### 10.03 Suspension Pending Investigation

The President may suspend a member of the faculty pending the investigation of the charges. Such a suspension shall normally be with pay.

#### 10.04 Investigation and Service of Charges

The President, the Provost and VPAA, an Academic Dean, or one or more of the Board of Trustees, may bring charges against a member of the faculty who has tenure or whose term appointment has not expired. Initially, the charges shall be presented confidentially to the

President, who may discuss the matter with the faculty member in an effort to resolve the matter. If the matter is not resolved, the President shall refer the matter to the Committee on Investigation and Advice of Charges Against a Faculty Member.

#### 10.05 Investigation of Title IX and Article 129-B Charges

a. If the charges arise from allegations that, in the opinion of the Office of General Counsel, implicate Title IX of the Education Amendments Act of 1972 (“Title IX”) and/or New York Education Law Article 129-B (“Art. 129-B”), the charges shall be presented confidentially to the President. The President shall refer the matter to the Office of General Counsel to proceed in accordance with the provisions set forth in Article 10.05(b)-(f). The standard of proof applicable to findings of a violation shall be by a “preponderance of the evidence,” unless otherwise provided by federal and state laws and regulations, including any modifications to such laws and regulations.

b. The Office of General Counsel shall retain, at the University’s sole expense, a qualified individual with substantial expertise in conducting investigations not presently employed by the University, to conduct an investigation. The individual shall be selected from a roster agreed to in advance by the University and the AAUP-FA.

c. The investigation will be prompt, thorough, and impartial. The Complainant and the Respondent shall have the right to an advisor of their choice, who may be an attorney. The advisor has the right to attend any interviews conducted by the Investigator, but the advisor cannot actively participate or speak on behalf of the Complainant or the Respondent. Throughout the process, the Title IX Coordinator shall exercise his or her responsibilities in accordance with applicable laws, rules, regulations, and policies.

d. At the conclusion of the investigation, the Investigator shall prepare a written report to the Committee on Investigation and Advice of Charges Against a Faculty Member. The written report shall contain factual findings. The Investigation Committee may interview the Investigator about the contents of the report and his or her factual findings.

e. Based upon the findings of the Investigator, the Investigation Committee shall prepare a written report.

Not later than ten (10) days after the Investigator provides his or her report, the Investigation Committee shall transmit its report to the Office of General Counsel.

f. The Office of General Counsel shall simultaneously transmit the written report of the Investigator and the report of the Committee on Investigation and Advice of Charges Against a Faculty Member to the President and the Committee on Hearing and Deciding Charges Against a Faculty Member.

g. The Hearing and Deciding Committee shall consider the written report of the Investigator, and the report of the Committee on Investigation and Advice of Charges Against a Faculty Member. Based upon these reports, the Committee shall make explicit findings with respect to the charges, and make recommendations about any discipline to be imposed.

There may be instances where the conduct of the faculty member warrants a penalty less severe than removal. In such cases, the Hearing and Deciding Committee may recommend another penalty which it considers appropriate to the seriousness of the conduct, including one or more of the following: (i) counseling; (ii) remedial training; (iii) written censure; (iv) suspension with or without pay for a period of time; and (v) termination.

h. Not later than ten (10) days after receiving the report of the Investigator and the Investigation Committee report, the Hearing and Deciding Committee shall make its decision and transmit it to the Office of General Counsel. The decision of the Hearing and Deciding Committee shall be kept confidential until the Board of Trustees has considered the matter.

i. The Personnel Committee of the Board of Trustees (the "Personnel Committee") shall review the case based on the Report of the Investigator and the written decision of the Hearing and Deciding Committee. The Personnel Committee shall make a final decision confirming or dismissing the charges and affirming or modifying any penalty imposed.

j. Within seven (7) days of receiving the Decision of the Personnel Committee, the Complainant and/or Respondent may appeal the Decision to the Board of Trustees by delivering a written appeal to the Office of General Counsel. The Board of Trustees shall review and decide all appeals; provided, however, that members of the Personnel Committee shall be recused from the deliberations and vote relating to the appeal.

#### 10.06 Committee on Investigation and Advice of Charges Against a Faculty Member

a. The Committee on Investigation and Advice of Charges Against a Faculty Member shall be composed of five (5) members, all of whom shall be full-time, tenured faculty members with the rank of Full Professor, who shall be elected by all Eligible Faculty members.

b. The terms of all Committee members shall be two (2) years with approximately one-half of the Committee members' terms expiring annually. The election shall be held at the same time as the University Senate and personnel committee elections.

c. A quorum of the Committee shall consist of three (3) members.

d. If a member of the Committee is involved, directly or indirectly, in the making of charges against the faculty member, or is privy to information that will reduce or impair his or her objectivity, or is the party against whom the charges are made, he or she shall not serve on the Committee during its consideration of that particular case.

e. The Committee shall consult with the President and the faculty member and seek to reach a mutually satisfactory resolution. If no resolution is reached, the President, with the assistance of the Committee, shall formulate in writing the charge made against the faculty member and the evidence supporting the charge.

f. The President shall arrange for a copy of the charges to be promptly served upon the faculty member. When the charges are served, the faculty member shall be informed of the right to a hearing by the Committee on Hearing and Deciding Charges Against a Faculty

Member. The notice shall inform the faculty member in detail or by reference to these Statutes, of the procedural rights that will be accorded to the faculty member. The faculty member shall file a written answer within 20 days of the date the charges were served and shall indicate whether a hearing is requested. If a hearing is requested, the Committee shall schedule a hearing within thirty (30) days of receipt of the written request for a hearing and shall notify the faculty member of the date, time and place for the hearing.

#### 10.07 Committee on Hearing and Deciding Charges Against a Faculty Member

a. The Committee on Hearing and Deciding Charges Against a Faculty Member shall be composed of five (5) members, all of whom shall be full-time, tenured faculty members with the rank of Full Professor, who shall be elected by all Eligible Faculty members.

b. The terms of all Committee members shall be two (2) years with approximately one-half of the Committee members' terms expiring annually. The election shall be held at the same time as the University Senate and personnel committee elections.

c. A quorum of the Committee shall consist of three (3) members.

d. If a member of the Committee is involved directly or indirectly, in the making of charges against the faculty member, or is privy to information that will reduce or impair his or her objectivity, or is the party against whom the charges are made, such member shall not serve on the Committee during its hearing on that particular case.

#### 10.08 Hearing Procedures

a. The Committee on Hearing and Deciding Charges Against a Faculty Member shall consider the formal charges, written supporting evidence and the faculty member's written answer to the charges. If the faculty member has not requested a hearing, the Committee shall consider the case on the basis of available information and shall confirm or dismiss the charges.

b. The Committee shall determine the order of proof, shall normally conduct the questioning of witnesses, and, if necessary, shall secure the presentation of evidence relevant to the case. Formal rules of court procedure do not need to be followed. There shall be a full stenographic record of the hearing kept and made available to the parties.

c. The President may attend the hearing and may designate an appropriate representative to assist in developing the case. The faculty member shall have the option of assistance by counsel. The parties or their representatives shall have the right, within reasonable limits, to question all witnesses who testify.

d. If the hearing involves charges of incompetence, the testimony shall include that of teachers and other scholars either from the University or from other institutions. The faculty member shall have the aid of the Committee, when needed, in securing the attendance of witnesses.

e. Each of the parties shall have the opportunity to confront all witnesses. If a witness cannot appear despite a party's best efforts, or in unusual circumstances, the Committee may accept

a witness' statement. The identity of the witness and the content of the witness' statements shall be provided to the opposing party who shall be afforded a reasonable opportunity to investigate and provide contradictory evidence. Subject to these safeguards, statements may, when necessary, be taken outside the hearing and reported to it. All of the evidence shall be duly recorded.

f. At the conclusion of the hearing, the President and faculty member or their representatives shall be afforded the opportunity to make an oral statement to the Committee. The Committee may request written briefs of the parties.

#### 10.09 Decision of Committee

a. The Administration has the burden to prove the charge being brought against a faculty member by clear and convincing evidence (except as provided in Article 10.05). The charge cannot be affirmed until and unless the Administration meets its burden of proof, and, thus, the faculty member is not responsible until a finding of violation is made pursuant to the provisions of this article. The Committee shall reach its decision in conference based upon the evidence at the hearing. It shall make explicit findings with respect to each of the grounds of removal or other discipline imposed.

b. There may be instances where the conduct of the faculty member warrants a penalty less severe than removal. If a faculty member is found to have violated any of the grounds specified herein the punishment imposed shall be proportionate to the offense. In such cases, the Hearing and Deciding Committee may impose another penalty which it considers appropriate to the seriousness of the conduct including one or more of the following:

- i. counseling;
- ii. remedial training;
- iii. written censure;
- iv. ineligibility for overtime teaching for a period up to one year;
- v. ineligibility for summer session and mini-session teaching for a period up to one year; and
- vi. loss of salary increment for a period of up to one year.

c. The decision of the Committee shall be kept confidential until the Board of Trustees has considered the matter.

d. The President and the faculty member shall be notified of the decision in writing and shall be given a copy of the record of the hearing. The President shall transmit to the Board of Trustees the full report of the Hearing Committee.

#### 10.10 Action by the Board of Trustees

If the Board of Trustees chooses to review the case, its review shall be based on the record of the proceeding, accompanied by opportunity for argument by the parties or their representatives.

If the Board of Trustees reviews the case, it may sustain the decision of the Hearing Committee, or return the matter to the Hearing Committee with the objections specified. In such case the Committee shall reconsider, taking account of the stated objections and receiving new evidence if necessary. The Hearing Committee shall frame its decision and communicate it in the same manner as before. After study of the Committee's reconsideration the Board of Trustees shall make a final decision confirming or dismissing the charges and affirming or modifying any penalty imposed.

#### 10.11 Publicity

Public statements about the case by the faculty member, the committees involved or the administrative officers involved shall be avoided until the proceedings have been completed. Official announcement of a final decision shall be limited to a statement of the charges and of the action taken by the Hearing Committee and the Board of Trustees.

#### 10.12 Grounds and Procedures for Removal of Department Chairpersons

a. Charges may be brought against a Department Chairperson on the following grounds:

- i. Incompetent or inefficient service as a Department Chairperson.
- ii. Demonstrated neglect or unwillingness to perform the duties of Department Chairperson in accordance with the established policies and procedures of the University.
- iii. Conduct inconsistent with accepted professional standards normally associated with the position of Department Chairperson.

b. A Chairperson may be recalled during the academic year after one semester in office if written charges are signed by:

- i. the Dean; or
- ii. at least thirty percent (30%) of the Eligible Faculty members of the department. Where charges are brought by a department with six or fewer faculty members, at least two (2) signatures shall be necessary to bring the charges; the next highest integer shall be used in reference to fractions.

c. The procedure to bring written charges against a Chairperson may not be invoked more than once in any semester.

d. If the charges are made by members of the department, the charges shall be presented to the Dean. If the charges are made by the Dean, the charges shall be presented to the Provost and VPAA.

e. The Dean or the Provost and VPAA shall, within ten (10) school days, discuss the matter with the Chairperson in personal conference. Within ten (10) school days thereafter the Dean or the Provost and VPAA shall discuss the matter with the party who brought the charges.

f. If the Dean or the Provost and VPAA considers that there is insufficient evidence to support the charges, the charges and any supporting information shall be presented to the Committee on Investigation and Advice of Charges Against a Faculty Member for its determination of the sufficiency of the charges. If, after investigation, the Committee considers the charges to be insufficient, the proceeding is terminated.

g. If the Dean, the Provost and VPAA, or Committee considers the charges to be sufficient, then the Dean or Provost shall have a conference with the Department Chairperson in an effort to resolve the matter. If the matter is not resolved, the Dean or the Provost and VPAA shall convene a special meeting of the department, within ten (10) days, for the purpose of resolving the matter. Notice of this special meeting shall be accompanied by the written charges and shall be addressed to the home of the Eligible Faculty members, within the department, not later than three (3) days before the meeting. At the meeting, the vote shall be by secret ballot. The Chairperson shall not be entitled to vote on the matter. The matter shall be resolved by a majority vote of the department.

h. If the department recalls the Chairperson, it shall nominate a successor in accordance with the provisions of these Statutes and the President shall designate an acting Chairperson from the nominees submitted by the department. The President shall submit to the Board of Trustees the department's recommendation for recall together with his recommendation, in accordance with these Statutes, for a successor Chairperson to complete the unexpired term of office.

i. The Board of Trustees or the Executive and Strategy Committee shall consider these recommendations at the meeting next occurring.

#### 10.13 Faculty Status

Nothing contained in this article shall be deemed to affect the faculty status of any Department Chairperson whose appointment has been terminated nor shall such termination be subject to the grievance-arbitration procedures.
