no charity  
without justice."*  
—St. Vincent de Paul

People in Asia share our aspiration for justice and freedom in challenging situations of poverty and violence. In a series of talks, Rev. Daniel Franklin Pilario, C.M., Ph.D., S.T.D., a Vincentian theologian from the Philippines, reflects on the suffering and pain experienced by the marginalized—as well as on the efforts being made to achieve justice for these communities in Asia and around the world.
