WHAT IS HALLOWEEN?

Halloween has a long history. It originates from 2,000 years ago. There were people called Celts celebrating it who lived in Ireland, UK, and parts of Northern France. On November 1st, it was their New Year’s Day. They believed that the night before the New Year (October 31st) was a time that the alive and the dead people came together. It was a Christian festival named All Saints Day or All Hallows. This was a special holiday to honor the saints and other people who died for their religion. The night before All Hallows was called Hallows Eve. As time went by, the name was changed into Halloween. There are different beliefs. For example, some people think that the spirits of the dead would visit the earth on Halloween. They are worried that evil spirits would cause problems or hurt them. So people wore costumes that looked like ghosts or evil or witch in that night. They thought if they dressed like that, the spirits would think they were also dead and not harm them.

During Halloween Day, there are many kinds of food we can eat, such as candy, caramel apple, pumpkin cake, pumpkin bread, pumpkin cookies and so on. And if you have a chance to go abroad on Halloween Day, you can eat some food which are different from food in America. For example, you can eat barmbrack in Ireland and eat bonfire toffee in Great Britain. What’s more, people cook different kinds of candies than before. Now you can eat “skull or eyeball”. Don’t worry. They are made of sugar.

At the same time, there are many interesting activities, including trick or treat and pumpkin carving. As we all know, children dress some costumes to act some ghosts roles and then knock the neighbors’ doors just for candy or apples. If neighbors say no, they will make some little trick. Furthermore, people make pumpkin into a Jack-o-lanterns. Do you know before 1840, there was no pumpkin carving. People used white radish to carve! Nowadays people can carve the pumpkins according to their own designs. So you can find various kinds of Jack-o-lanterns on the street on Halloween Day. What an interesting thing!

Eid Al-Adha
By Maryam Almugla

Eid Al-Adha is one of the most important festivals on the Muslim calendar. It is over in four days. It is celebrated on the 10th day of the last month of the Islamic calendar which is called Dhu al-Hijjah. This year, Dhu Al-Hijjah was on August 31st to September 1st. Muslims from many countries around the world, such as Saudi Arabia, Turkey, and Pakistan celebrate on this day.

The reason why people celebrate Eid Al-Adha is a story that tells us how God commanded the prophet Ibrahim to sacrifice his son named Ismail as a test of his faith. However, when Ibrahim attempted to kill his son, God told him to sacrifice a sheep instead. Therefore, every Muslim’s family started slaughtering sheep one Eid Al-Adha to remember Ibrahim’s sacrifice.

There are traditional and special rituals that people do during Eid Al-Adha. For example, on the first morning of Eid Al-Adha people attend the Eid prayer at their local mosques. Afterward, they celebrate with their families and friends. One of the greetings they use is “Eid Mubarak” which means “Blessed Day.” One of the activities people do is they give out gifts just like Christmas in here.

It has a long history, and people celebrated this festival 3600 years ago. There are many interesting stories about this festival, such as the legend of Chang E and Wu Gang chopping trees. During this vacation, people always get together and have a big dinner with their families. They like eating mooncakes, which are made of red bean surrounded by crust, and appreciating the full moon because a round shape symbolizes reunion. What’s more, children can make colorful lanterns with their parents. They can also go to lantern shows held by some organizations or government.

In China, the festival is one of the most important cultural heritage. Due to Chinese cultural influence, there are many countries celebrating this festival today, such as Korea, Vietnam, and Malaysia. However, their conventions are different. They add some their own cultural elements in this festival. For example, it is called Korean Thanksgiving Day in Korea. People visit their ancestors’ hometown and prepare a lot of delicious food for remembering died people. In Japan, people prefer eating rice ball instead of mooncakes to celebrate the beauty of the moon and they also like eating chestnut on that day. Nowadays, more and more people all around world has celebrated this festival. If you have a chance to go to these countries, it is interesting for you to experience this festival.
